Chapter 2327: Chapter 2327-be careful

549690339

As they had made an agreement before that they would go through thick and thin together, Wei Qing suddenly attacked after the Lord of Shang and Yunxiao fought for a few rounds.

He gathered the demonic Qi at the tip of his finger and drew a circle with one hand. He formed a seal and pointed it at the Shang Emperor.

The Shang Emperor hurriedly slashed back with his sword, breaking the seal. But, a black light flashed in front of his eyes, and in a daze, Yunxiao chopped down with the axe in both hands.

“Bang!”

The axe landed on the Shang Emperor’s body and stopped. In the next moment, the Shang Emperor’s figure became blurry and he gradually disappeared.

The axe had only struck an afterimage, but the Shang King had already retreated a few feet, standing face to face with the two.

The three of them were speechless and stood still.

The Shang Emperor’s face was filled with rage. He did not expect that not only Yunxiao would be difficult to take down, but even the man beside him seemed to be quite strong.

“Alright, I’ll let you live a little longer!”

Enraged, the Shang Emperor disappeared in a flash.

you’re leaving just like that? ” Yunxiao frowned. you’re leaving? ”

Wei Qing sneered, “if we continue fighting, we won’t know who will be the one killing who.” These people were able to cultivate to the demon commander level not only because of their talent, but also because they had lived for a long time. And only the smart can live longer.”

Yunxiao fell into deep thought and said, “ I didn’t think that Yuan would actually send someone to kill me. Could it be that she doesn’t have confidence in the Tian Han city’s agreement?

At the thought of this, Yunxiao's eyes gleamed, and he suddenly felt relieved. The less confident the other party was, the more confident he was.

let's go. As long as the two of us work together, there's no one in the Saint Devil Hall who can deal with us.

Wei Qing looked at him and said confidently.

Yunxiao nodded, and the two of them continued to run toward the core Hall.

On the way, they encountered many other demons, all of whom consciously kept a distance from each other to avoid conflict.

what? " Yunxiao asked curiously, " why are these people going in the same direction as us? Could it be that they also know where the core Hall is?"

The referee laughed, "what a stupid question!" The Buddha corridor has existed for countless years. Even I can remember the location of the main hall. How could the people of Yuan County not know about it?"

As they ran forward, there were passages and corridors everywhere, and they even passed by a few huge squares. If no one showed them the way, they would never find the main hall.

Along the way, they also came across several more magnificent palaces, which were also located on both sides of the corridors. Yunxiao and Wei Qing could not help but feel curious, so they went in to explore. They did find some Qilin fiend bones, but their levels were not high enough.

With the principle of robbing everything, Yunxiao collected all of them and threw them to Xiao Hong in the divine realm tablet for absorption.

An hour later, the corridor and the main hall were gone, and a forest appeared in front of them.

The trees in the forest were all black, and the wandering demonic Qi was like ink, spreading out, giving off a strange and evil aura.

The referee was overjoyed, "this is the forest!" The main hall was inside, but everyone had to be careful. The forest was the easiest place to be ambushed, and those who could reach this place were all quite powerful. However, it is precisely because of this that the quality of the Qilin demon bones inside is very good."

The two of them felt a slight chill in their hearts. The so-called " good quality " was precisely because the strength of those who could enter was quite high. After they died inside, they had been weathered for hundreds of thousands of years.

“Hehe, if you’re not happy, you can go home now. However, I’m going to enter.”

A flower bloomed on Wei Qing’s shoulder. It looked exactly like Yi, and he was smiling hideously. As if he could sense what the two were thinking, he couldn’t help but sneer.

“Let’s go,” he said.

Yunxiao’s eyes flickered. I’m afraid there’s more than just the demon bone of transforming Qilin in here. I seem to sense many other good things.

Surprise appeared on Yi’s face as he nodded, “That’s right, this forest can be considered a huge treasure vault. Quite a few people who entered the devil sea specially came for it, because the main hall right at the center was seriously too dangerous. Even if he had the stupa, he might not be able to survive. All we need to do is to be careful of our fellow travelers.”

The two of them no longer hesitated. They stepped into the forest and continued to run forward.

The referee explained a lot of things along the way. At the same time, he also reminded the two, “there are countless treasures in the demonic sea. Even in this forest, it’s possible to find a demon Supreme’s Hua Lin demon bone.

As soon as he finished speaking, a powerful demonic aura fluctuation suddenly came from not far away, causing the surrounding trees to rustle, and the ground to tremble.

someone’s making a move, ” Shang chuckled. they must have found something good. Do you want to go over and take a look? ”

good! Yunxiao pondered for a moment and said, ” maybe it’s a devil Supreme-grade Qilin bone.

In a few flashes, he and Wei Qing had flown more than ten miles away and saw a vacuum in front of them. The battle just now had razed the surrounding tens of thousands of feet to the ground.

Both of them couldn’t help but be surprised, because the space and elemental structure of the devil realm were much stronger than that of the heavenly martial arts realm. The vacuum of such a large area was probably caused by an extremely terrible energy explosion.

When Yunxiao looked over, his heart suddenly jolted. He saw familiar faces-the three brothers from the Holy demon world, and more than ten demon monarchs.

In contrast to them were more than a dozen people. Although there were no demon lords, there were three or four peak demon lords, who were also from great clans in the ice region.

However, these people were obviously at a disadvantage, because there were seven or eight corpses lying around them, who had been killed or injured in the battle just now.

One of the demonic Lords immediately launched a series of attacks on the seven or eight corpses, shattering them into pieces and dispersing them into demonic Qi so that they wouldn't turn into demonic bones for later generations to absorb.

Zhi laughed coldly, "you guys are destroying resources." However, the strength of those few people was limited, and they could not conjure up anything good. "As for you guys, if you die, you'll probably be good resources. I'll leave a mark on your graves so that I can harvest you the next time I come."

These ten people were all shocked. One of them said angrily, "First come, first served. The people of our Shui County saw the demon bone first. Why should we give it to you? Isn't your shengmo family a little too overbearing? don't tell me you think you can contend against the entire ice region!"

"Of course I can't fight against ice domain, but I can fight against you guys." That's enough!"

"Kill them all!" He waved his hand and shouted.

With these words, the ten-some demons behind him, as well as Qing and bi, charged at the demon lords.

"You're too much! Even if I die, I won't give you the Qilin demon bone!"

All the demons in the water County were furious. They all rushed over.

Zhi laughed coldly. us three brothers have left the ice region for so many years. As expected, no one remembers how terrifying we are. Now is a good time to let you all remember.

He swept his cold gaze across the crowd and finally locked onto the person who had spoken earlier. His figure flickered and he turned into a demonic light as he rushed forward. In a breath, he appeared beside one of the demon lords.

The next moment, he opened his fingers and stabbed them into the Demon King's Head, killing him.

The battle between the two sides was extremely intense. The people of water County seemed to know that they were going to die, so they all fought with their lives. However, due to the huge difference in strength, the more they killed, the fewer they died.

Soon, a massacre was completed under the eyes of Yunxiao and the others.

Moreover, the two of them sensed that there were many people hiding in the forest. They were observing the massacre, but no one dared to show themselves.

Yunxiao and Wei Qing exchanged a glance, both surprised. The thing that he was so determined to protect, could it be the demon Supreme's Hua Lin demon bone?

As expected, after the slaughter ended, he grabbed a Demon Lord's corpse, clenched his fist, and exploded it with a bang.

After the demonic Qi dispersed, a dried branch-like object fell from the sky. Yi caught it and looked at it. He frowned slightly and put it away.

"Lord kui, is that the demon bone of a demon Supreme?" Wei Qing asked in a low voice.

"I only took a glance, but I'm sure it's him." It's just that it's too little and should be incomplete. Although it's worth a lot, it's not worth much compared to a complete one."

"No wonder that devil didn't look too happy," Wei Qing said.

After such a large-scale and bitter battle, although it ended with a complete victory, the final gains were much worse than expected. The Holy See was naturally not in a good mood.

He coldly looked around and shouted, "All those who are peeking, get lost!"

His voice turned into a sound wave that spread out in all directions, destroying a large area of the forest.

let's go," the referee said. there's no need to argue with them over such a small piece of a demon Supreme's bone.

The two of them sneaked away and sensed that many people in the surroundings were also retreating.

Even if it was a complete demon Supreme state Qilin demon bone, they wouldn't dare to fight against the Saint Devil family head-on, let alone a small piece.

The two of them immediately began to search the forest. Sure enough, they found many demon bones of transforming Qilin. They also encountered a few demon monarchs along the way, and everyone left in fear of each other.

After all, there were plenty of resources in the forest. There was no need to get into a conflict over some low-level demon bones of the transforming Qilin.

Because they had been searching all the way, they walked very slowly. After a few days, they finally reached the center of the forest. The trees there were as tall as ghosts, and a large hall could be vaguely seen behind them.

The judge's expression suddenly became excited as he stared ahead. His eyes flickered with a demonic light and he was even a little excited.

Lord Chi, " Yunxiao suddenly asked, " your goal should be the sacred ice jade, right? "

A trace of vigilance flashed through the referee's eyes as he nodded and said, " "Naturally. Ordinary demon Supreme level Qilin demon bones are no longer useful to me, unless it's a demon Supreme in the great circle of perfection or the demon Eye Jade."

"Demon Jade?"

This was the first time Wei Qing had heard of this term, and he frowned.

After the referee explained, Wei Qing finally understood and said in surprise, " "Will there be mo Lin Jade in this Hall?"

Chapter 2328: Chapter 2328-call for help

549690339

Yi shook his head and said,"I don't know. I don't think so." However, there was sacred ice jade, but over the countless years, only a few people had managed to obtain it. It also depends on luck."

The two of them continued to move forward. Suddenly, Yi's expression changed. He directly transformed from Wei Qing's shoulder into a man's appearance and landed in front of a big tree in the distance.

Yunxiao and Wei Qing were taken aback, but they quickly ran after him. They saw a huge Qilin demon bone in front of the big tree, and they could vaguely see that it was meditating.

The powerful aura exuded by the Qilin demon bone was completely different from what he had seen before.

Demon Lord? ” Yunxiao was shocked. Demon Lord? ”

Yi nodded and sighed, ”it’s such a pity, I’m not old enough.” It would be great if we had another hundred thousand years.”

Wei Qing’s eyes were filled with excitement, and he couldn’t help but want to hug her, but he held himself back and said, ” “Can’t I absorb this Qilin demon bone?”

“Of course it can, but the effect will be slightly worse.” If Yunxiao absorbed it, the possibility of him breaking through to The Fiend supremacy realm would be great. But if it’s you, you might not be able to do it. ”

Wei Qing’s face flickered. He knew what the judge meant. He was saying that his strength was a little weaker than Yunxiao’s.

Although he was a little unhappy, what he said was true.

Wei Qing took a step forward and put the Qilin fiend bone into the yin and yang air bottle, then said to Yunxiao, ” “If you can find a better one, I’ll give this to you. If you don’t, then I’m sorry.”

Yunxiao had no opinion, which was rare. He smiled and said, ” “That’s good,”

Wei Qing was quite surprised. He did not expect Yunxiao to be so forthright.

In fact, Yunxiao was only a wall away from the Supreme Demon Realm at the moment. Even without the bone, it would not be long before he broke through to the Supreme Demon Realm.

Just as they were about to leave, their figures suddenly stopped. They felt a powerful aura pressing down on them, and they could not help but be startled.

The kun also returned to Wei Qing’s body in an instant, and the demon Flower on his shoulder was also retracted.

Then, dozens of figures descended from all directions and surrounded them in a fan-shaped formation.

“Argh! It’s you guys!”

what? ” a shocked voice was heard. It was filled with fear, disbelief, shock, and other complicated emotions.

young master Yi? ” Yunxiao looked over and smiled in surprise. so, it’s young master Yi.

The people surrounding them were the cultivators from Yuan County. Not only were there people from the flying division, but there were also cultivators from Guo he and hou, as well as those from the two divisions.

The three tribes seemed to have reached some kind of agreement and were advancing and retreating together.

Li Yi stood in front of him in a daze. His body was as stiff as a tree stump, and his expression was a mix of emotions.

“Young master Yi, do you know these two?” Fei Jing asked.

Li Yi was in a daze and did not speak, as if he had fallen into a daze.

“It’s him!”

When Yao saw Yunxiao, she suddenly cried out in surprise, her face filled with anger and hatred. father! It’s this person! He’s the one who stole the purple sky Ape Qilin demon bone!”

Her eyes turned red. If Yunxiao and Luo had not caused trouble and robbed her in the store, she would not have ended up in such a sorry state.

“Oh? That’s really a new hatred and old hatred stacked on top of each other.”

Fei’s expression turned cold, and the surrounding tribes immediately understood. Several demon lords directly circled behind them and surrounded the two.

“Eh? Old hatred is understandable, but what do you mean by new hatred?”

Yunxiao was surprised.

Fei looked at the circular formation plate in his hand and said coldly, ” “There was a powerful Qilin fiend bone here just now. You guys took it, right?”

“What?”

Both Yunxiao and Wei Qing were taken aback, and their eyes fell on the round Array disc in his hand. “This thing can detect the Qilin demon bone?” Wei Qing asked in disbelief.

Fei flipped his hand and kept the round plate. He said coldly, ” “I’m the one asking you. But looking at you guys, it’s almost equivalent to admitting it. First, hand over the demon Supreme realm Qilin demon bone and Zi Tiangang’s Qilin demon bone. Then, kneel at the side and wait for your punishment.”

“We can’t let him go!”

Yao’s beautiful face was contorted and filled with hatred. She said coldly, “I’m going to grind his bones and scatter his ashes!!”

Fei nodded his head. In his eyes, these two people weren’t worth fearing. He said, “If that’s the case, then there’s no need to kneel. Kill these two!” He waved his hand and ordered.

The demons moved and were about to attack when Li Yi suddenly roared, “All of you, stop!”

Immediately, no one dared to move and all stopped.

“Young master Yi, do you know these two people?” Fei was shocked and asked again.

Yao’s face was also filled with shock and a trace of fear.

Li Yi did not answer, but his face turned pale as he coldly said, “All of you, back off. Don’t let anyone come over. I have something to say to these two.”

“This is an ...”

Fei was stunned for a moment, but he did not dare to object. He nodded and said, young master Yi, be careful.

With a wave of his hand, he ordered the people of Yuan County to retreat and stand guard hundreds of feet away, leaving only Li Yi and the two Saint messengers.

“The two of you can leave as well,” Li Yi turned his face slightly.

The two Saint emissaries were shocked, and one of them said, “Young master!”

“Stand down!” Li Yi shouted.

The other person said in a deep voice, “the two of us were ordered to protect the young master, and the request was to not leave his side at all. This is really awkward ..”

Li Yi cut him off and said coldly, “you’ve been ordered to follow my orders and listen to my orders. If you don’t retreat, I’ll order you to die.”

The two’s expressions suddenly changed. They exchanged a look and compromised, “Then be careful, young master.”

After he finished speaking, he leaped away and disappeared from Li Yi’s side.

what? ” Yunxiao laughed in surprise. aren't you afraid that we'll beat you up when you talk to us so boldly? ”

Li Yi's face turned pale, and hatred flashed in his eyes. He groaned, ” “Please set up a barrier to prevent us from being eavesdropped on.”

Both Yunxiao and Wei Qing found it strange, but seeing his cautious look, they did as he said.

Yunxiao raised his hand, and a purple Thunderbolt spread out in his palm, forming a Thunder World.

Then, he pointed with his right hand, and 36 swords flew out, stabbing into the ground around him.

Wei Qing also took out a few array flags and scattered them in all directions.

After everything was done, Wei Qing said, ”it's done.”

Li Yi nodded, but a look of fear suddenly appeared on his face. “Milords, please save me!”

“What?”

Both of them were taken aback. Yunxiao asked curiously, ” “Aren't you doing very well and being extremely carefree?”

Li Yi was on the verge of tears as he sobbed, ” “I'm really dead this time. “Ever since I entered the devil World,” he began to explain in detail.

It turned out that after he fell from the crack in Red Moon City, he had been guided by a force, leading him to a place.

The strange thing was that they seemed to be protected along the way and did not encounter any danger. After several months of trekking, they finally arrived at their destination, which was a magnificent palace.

“Saint Devil Hall?”

Yunxiao interrupted him.

Li Yi was stunned for a moment before he nodded and said, ”that's the Saint Devil's Palace.” I didn't know about this before. But after I entered the devil sea and saw the magnificence of this Palace, I finally understood that this Palace should be the Saint Devil Hall.”

“Then?” Wei Qing asked.

Li Yi’s face began to show fear, and he said with a crying face, “Then, I saw a person, or rather, it was just a shadow. I didn’t even see his face clearly. He looked at me and said a few words, Yingluo.”

“You’re too weak, Yingluo.”

“But this can’t be helped, Zhenzhen.”

you are one of my six great avatars. I will do everything in my power to increase your strength and break through to the demon Lord realm as soon as possible.

“After reaching the demon Lord realm, I can return to my main body. When the time comes, I will be you and you will be me. ”

Both Yunxiao and Wei Qing listened quietly. They did not show it on their faces, but they were extremely shocked in their hearts.

“What happened after that?” Wei Qing asked in a deep voice.

Li Yi’s eyes dimmed as he said, “after that, that person began to give orders to search for all sorts of ways to increase my strength. He even sent two Saint emissaries to protect me. This time, I came to the Buddha corridor to improve my strength.”

isn’t that good? ” Yunxiao laughed. isn’t that good? ” A good thing that ordinary people can’t even dream of has fallen into your hands.”

Li Yi’s body trembled as he sobbed, “It’s good to increase my strength, but it’s not as good as returning to my original body.” His body trembled violently, and he said in a trembling voice, “Isn’t that the same as eating me up?”

Wei Qing nodded. I don’t think so. According to him, you’re one of his clones. You’ve only returned to your original body.

perhaps they’re like the demon master, ” Yunxiao said. they have split into several clones, each with their own opinions and disobedience. If he swallows you, your memory and body will belong to him. You won’t die, but you’ll become a part of him.”

Li Yi could not hold back the fear in his heart and cried, “I don’t want to be a part of him. My Lords, please save me! Now, only the two of you can save me. ”

Both Yunxiao and Wei Qing fell silent.

Whether they saved Li Yi or not was a small matter. His life and death did not matter to the two of them. Most importantly, if the sacred demon Tao Wu was allowed to recover its true body, it would be a great threat to the heavenly martial arts realm.

the place you went to, ” Yunxiao said with a frown. is it called the ‘ancient realm’? ”

“That’s right, that’s the Archaeus region!”

“Lord cloudsky, you know about the Archaeus region?” Li Yi was instantly overjoyed.

‘Where are the other five clones of that man? Do you know?’

Li Yi shook his head. I don’t know. I don’t know much. He didn’t say anything. He only knows that I’m just a clone, and I need to quickly increase my strength before being swallowed by him.”

The thought of his own fate made Li Yi feel terrible, and he cried again.

what should we do? ” Yunxiao looked at Wei Qing and asked.

“You’re asking me?” Wei Qing shrugged and smiled. Who am I supposed to ask? That person was most likely an expert at the Holy demon level. He might even be more powerful than an ordinary Holy demon. Don’t tell me you’re going to die?”

he hasn’t devoured Li Yi yet, ” Yunxiao said thoughtfully. he might not be that strong. When he does, it’ll be even more difficult to destroy him. This person should be the demon Lord of the Archaeus region. The eight demon venerate regions in the center are all under his control. He seems to be the one behind the demonic war.”

Chapter 2329: Chapter 2328-chasing

549690339

“Even if that’s the case, this isn’t something you and I can solve. The best way is to find a way to overcome the realm power, and then have all the strong cultivators of the realm of heavenly martial arts come over, and go to the ancient realm together to kill that man. ”

“How can it be so easy to overcome the power of the world?”

No. Yunxiao shook his head and said, ” the only feasible way now is to refine those world devouring demons, or make an armor like Lu congzi’s. However, none of this can be done in the short term.”

Wei Qing sighed, “that’s why this matter can’t be rushed. There’s another way to solve this problem.” A cold glint flashed in his eyes as he stared at Li Yi and said

coldly, "you're right." it's to kill Li Yi. That way, that person won't be able to gather six clones!

Li Yi was shocked and quickly backed away. He said angrily, " "You can't kill me! As long as I die, that person will definitely fly through the air to kill you all!"

Wei Qing snorted coldly and said, "that's true. If Li Yi were to die, that person would definitely sense it." I'm afraid it'll be difficult for us to escape in the devil realm."

Yunxiao nodded, then gave Li Yi a sidelong glance and said with a hideous smile, " I'll think about it later. Let's capture him first and suppress him in the divine realm tablet. The divine realm tablet is suppressed by the realm power of the heavenly martial realm, so that person can't sense it. "

"It's a good idea indeed," Wei Qing's eyes curved and he said happily.

Li Yi was furious. if you capture me, " he roared, " these people from Yuan County and the Saint will fight you to the death!

Just as he was about to struggle, he found that two extremely powerful forces had directly suppressed him, making him unable to move at all. He was frightened and wanted to shout for help, but the surroundings were all sealed, and no one could hear him no matter how he shouted.

follow me, " Yunxiao said with a sneer. you might be able to survive. If you stay in the ancient realm, you will die without a doubt.

The sky was filled with thunder and lightning as his palm fell, locking Li Yi's body and dragging him into the divine realm tablet.

"Even if we don't kill him, we can still cripple his cultivation. Even if that devil head gets his hands on him, he'll be useless," Wei Qing said.

let's talk about it when we return to the heavenly martial realm, " Yunxiao said. If he were to make a move on Li Yi now, he was afraid that he would sense it. How are we going to explain this to the people in Yuan County?"

"Hmph, do I need an explanation? If they don't accept it, then just let them."

Wei Qing laughed coldly, his face full of disdain.

don't underestimate these experts from Yuan County, " Yunxiao said. if the patriarchs of the three tribes make a move, you and I might not be able to get away. There are also two divine emissaries and the other demons.

“Don’t forget, we still have Sir Hu. Besides, I still have a lot of killing weapons in my bottle.”

Yunxiao frowned. although those things of yours are powerful, they are not necessarily not forces in The War of the Two Worlds. Try to avoid their conflict as much as possible. Once you and I remove the barrier, we’ll rush to the central hall as fast as we can.”

“Alright,” he said.

Wei Qing responded and began to put away the small flags that had been sent out in all directions.

Yunxiao also withdrew all his swords, and the lightning barrier that filled the sky also collapsed into purple light spots and disappeared in a flash.

The two of them instantly turned into demonic light and rushed toward the central hall.

The people from Yuan County who were guarding outside were a little uneasy. They looked at the center from time to time.

The two Saint emissaries stood in the air, staring at them from afar without blinking. They were afraid that something would happen and they would not be able to explain themselves.

It was only when the lightning barrier was broken and two streaks of black light shot up into the sky that everyone was shocked. One of them shouted, “Stay!”

The thing they were most worried about still happened. The two divine emissaries’ hearts tightened, and they immediately chased after it.

The powerhouses from Yuan County at the periphery also reacted. They’ve captured young master Yi, go after him!”

The group of people immediately sprinted madly towards the few rays of light.

But helplessly, the few people in front were too fast, and in the blink of an eye, they could not even see their tails. However, those who could enter the Buddha corridor were all strong. They followed the powerful magical wave and continued to move forward.

“Stop! You dare to kidnap young master Yi, you’re really courting death! Do you know young master Yi’s identity?”

The two Saint emissaries shouted from behind. They were both shocked. The two people in front of them were definitely not ordinary people. With their strength, they had not been able to catch up after a long time.

I know, " Yunxiao sneered. that's why I caught him. I advise you to stand still. If they catch up, we'll kill young master Yi directly. Let's see how you're going to explain to the devil Lord then."

The two Saint messengers were stunned and shivered. If that really happened, then the two of them would not need to live anymore.

"You dare! Stop!"

However, on second thought, if young master Yi was kidnapped, they would still have no hope of survival. And since the other party was holding a hostage, they would most likely be cautious and not dare to really kill.

After thinking it through, he knew that there was no way out, so he chased even more fiercely.

A Demon Flower bloomed on Wei Qing's shoulder again and turned into a kun's head. He stared at the central main hall in front of him and said in a deep voice, "It's best if we can settle the trouble behind us before we enter the main palace. It's because it's easy to gather demons around the main palace, and they'll act as guards. If you're targeted by those things, you'll be in trouble."

"What should we do?" Wei Qing frowned. He looked at Yunxiao, as if asking for his opinion.

since it's a Guardian demonic creature, " Yunxiao said, " it should attack indiscriminately. If we stop now, we'll be in real trouble. The two Holy envoys seem to be more powerful than I expected. If they were to join forces with the people of Yuan County, it'll be difficult for us to fight them. Perhaps we can use the power of the Guardians to deal with them now."

The referee raised his brows and said,"it's a good idea, but the reality is bleak." If you're not careful, you might end up playing with fire."

let's try, " Yunxiao smiled and said. there's no way out anyway.

The two of them immediately increased their speed and rushed toward the hall.

A magnificent palace immediately appeared in front of them. It was completely gray-white, and the walls were very intact. Only the cracks could be seen vaguely. It seemed ancient and mysterious, as if it had been carved for countless years.

In front of the hall, a huge stone statue stood in the air. Its left hand was on the sword at its waist, and its right hand was in an incantation gesture. Its eyes were half-closed and half-open, and they were a chaotic color.

“That’s Yingluo.”

what? ” Yunxiao was shocked. your demeanor is so vivid!

“No one knows who he is, but everyone is guessing that he should be the master of the Saint Devil Hall.”

most likely, ” Yunxiao said. I think so.

The ray of light landed directly in front of the statue. It only took a glance at it before it flew into the hall again.

“Don’t you dare leave!”

The two Saint emissaries were in hot pursuit as they passed through the statue.

The referee suddenly looked around and shouted, ” “Be careful!”

A sharp demonic light shot out from the hall and shot straight at the two of them.

The two of them naturally wouldn’t be injured by this kind of attack, and they dodged in the air. The attack spun in the air as if it had a mind of its own and continued to shoot at the two Saint messengers.

One of them’s face sank. He was already extremely depressed and angry. At this moment, all his emotions poured out into his palm and he suddenly struck out!

“Bang!”

The black light was hit by the saint’s palm and immediately exploded, turning into a cloud of demonic Qi and disappearing.

In an instant, hundreds of demonic lights shot out from the hall again, as if they were spat out by a big mouth, and sprinkled on the four people like rain.

“What’s going on?”

Yunxiao waved his hand, and a warm light immediately lit up and spun around him. In the end, it turned into a shield and gently covered his body. The demonic light dissipated when it hit it, unable to break it.

It was the astral light mirror he had obtained from the demon tribe.

Wei Qing snorted coldly and raised his hand. The yin and yang Qi bottle rose slowly, and everything within a hundred feet became blurry. All the attacks were sucked into the bottle.

On the other hand, the two Saint emissaries were not weak, but they could only use their fists and palms in anger to shatter the demonic light that was like rain. Their bodies were in a mess.

“Lord Holy ambassadors, I’m here to help you!”

“We’re here too!”

The voices of Fei and the others came from behind, and all of them rushed over with killing intent.

not good! Who touched the Great Hall’s defensive formation? ”

Just as the people from Yuan County arrived one after another, the other cultivators from the ice region also arrived. When they saw the demonic light that filled the sky coming like rain, their expressions turned ugly.

After that wave of demonic light shot out, the hall began to glow faintly. From time to time, demons of all shapes and sizes overflowed from inside.

There were many kinds of demons, many of which no one had ever seen before, but from their auras, they were all very powerful.

Yunxiao and Wei Qing put away the mirror and bottle, then turned around and stood somewhere in front of the Great Hall, watching the changes in the hall while keeping an eye on the people of Yuan County.

As more and more people were gathering, even the tribes of Yuan County did not want to attract too much attention, so they quietly surrounded Yunxiao and Wei Qing and did not attack them immediately.

The two Saint messengers ‘expressions were very ugly. One of them said coldly, ”  
“Where’s young master Yi?”

what do you think if I say I’m dead? ” Yunxiao chuckled. what do you think? ”

“Damn it!”

The Saint couldn’t hold back his anger anymore. He stood up and struck out with his palm.

The waves of Qi were like the ocean, and half of the sky rumbled as if it was collapsing.

Yunxiao did not move, but twisted his waist and arm, clenched his five fingers, and all the demonic energy within hundreds of feet rushed toward him as he threw out a palm!

“Bang!”

As the two palms collided, a terrifying spiritual pressure spread out, causing the entire Hall to tremble.

Yunxiao could not help but take a few steps back before he could stabilize himself.

The Saint was sent flying, and when he landed, he was supported by his companions, who managed to dissipate the impact.

The moment the two of them exchanged blows, the people around them were shocked, especially those from the flying division. Their expressions changed drastically.

They had a rough idea of how strong the Saint was. The man in front of him was even more powerful than the Saint.

Yao’s face also turned pale. The hatred in her heart suddenly faded and was replaced by fear.

“Kid, it’s you!”

Suddenly, a cold and stern voice rang out. In the sky, a mountain peak turned and appeared in front of the hall.

Zhi sat proudly on the peak, looking extraordinary, but her eyes were filled with coldness as she stared at Yunxiao with killing intent.

“It’s the shengmo family!”

A wave of exclamations rang out from below as everyone carefully retreated a little, maintaining a certain distance from the mountain peak.

The flying division and the two Saint emissaries were also shocked, not understanding how the shengmo family knew this man.

But, Fei and the others had seen a lot of things, after all. At this time, they retreated to the side obediently and watched the shengmo family and Yunxiao quietly.

Yunxiao cursed in his heart, but he still forced a smile and said, ” “What do you mean me? I’ve never met Daren before. Daren, did you recognize the wrong person?”

“Hmph! Little brat, I can recognize you even if you turn into ashes. You are from the realm of heavenly martial arts. I didn’t expect you to sneak into my devil realm!”

The judge’s face turned cold, coldly staring at Shi Yan. He grinned evilly, “But since I’ve discovered you, don’t even think about going back!”

“What? A person from the realm of heavenly martial arts?”

Everyone looked at each other in shock, feeling that this was somewhat inconceivable.

The two Saint emissaries and the people from Yuan County were even more stunned.

Wei Qing secretly sent a voice transmission, “what’s going on? You have a grudge with this demon commander too?”

yes, ” Yunxiao said. we met once in the crack in the tiandang mountains, and there was a little friction.

Wei Qing said angrily, “why do you cause trouble everywhere you go? why do you have enemies everywhere you go?!” Almost half of the people who have entered the Buddha corridor’s demonic sea want to kill you!”

you think I want to? ” Yunxiao said gloomily. How could I be so unlucky?”

Wei Qing’s face turned green with anger. According to the heart oath they had made before, the two of them had to go through difficulties together. Right now, he was filled with regret.

Yunxiao’s expression did not change as he looked coldly at the referee. The mocking look in his eyes disappeared for a moment as he chuckled and said, ” “Is there? I did see some demon race people in the crack in the tiandang mountains. It’s said that they’re cowards who have been hiding in the crack for 100000 years. When they finally found an opportunity and wanted to attack, they were beaten back. Could it be you, my Lord?”

Zhi’s face turned green with anger. For a moment, she was stunned. She didn’t know whether she should admit it or not. She immediately froze.

Qing snorted coldly, “of course not us!” We’ve been cultivating in seclusion in the ice region for more than one hundred thousand years and have never left. Why are we in the tiandang mountains?”

that’s strange, ” Yunxiao said in surprise. how did they know I was from the heavenly martial realm? ”

Qing was stunned for a moment, and then his face turned red. Cold sweat burst out on his forehead, and he didn't know how to explain.

The referee reacted and said coldly, "Hmph!" We have eyes in the entire ice region, and any stranger who enters will be identified. You think you're being secretive, but we've been watching you for a long time."

"Yes, that's right!"

Qing shouted, "that's why I said I can't let you guys live now!" Kill these two!"

He jumped up from the peak and rushed over with a group of experts. His killing intent spread out and locked Yunxiao and Wei Qing.

However, they stopped halfway through their flight, and a sense of danger spread in everyone's hearts.

Not only them, but Yunxiao, Wei Qing, and all the other fiends' faces changed drastically.

Because the demons that ran out of the hall seemed to be summoned by some kind of power, and their bodies were full of black gas. As the cold aura spread out, the eyes of the demons were as bright as gems, reflecting a sharp cold light.

"That's Yingluo."

Everyone was shocked. the eyes of these demons look like Holy ice jade!

how can there be so many sacred ice jades? this is just an illusion. It seems like there really is sacred ice jade in this Hall!

Along with a large number of frightened and excited voices, more people saw the opportunity, and their eyes were filled with Wolf's light.

Yunxiao was even more surprised. The aura exuded by those Devils was indeed very similar to the cultivation technique of the beiming family.

"Roar!"

Suddenly, a demonic beast let out a loud roar, as if a Wolf King was summoning a pack of wolves. Following this order, the demonic beasts that filled the sky rushed towards the group, baring their fangs and brandishing their claws. Their aura was overbearing.

Wei Qing couldn't help but curse. I'm so unlucky to be with you. Now we're surrounded by enemies.

haha! Yunxiao laughed and said, " you can be reborn after being put in a dead place!

With a flash, he turned into a bolt of lightning and escaped. Then, a devil bird attacked him, but he missed.

Wei Qing only grumbled for a while, knowing that cursing wouldn't solve the problem. He could only restrain his mind and began to circle around these demons.

The shengmo family and the people of Yuan County couldn't care about him anymore. They were surrounded by the demons.

The entire front of the hall immediately fell into chaos. These transformed Devils gave everyone a huge shock, and powerful demonic energy exploded in all directions.

Many of the Devils were cunning and didn't want to be cannon fodder in the front, so they immediately swarmed to the back.

"No one is allowed to escape! Everyone, let's work together to kill the escapees!"

On the mountain peak, the referee's eyes were cold as he looked at the demon lords who were retreating. His face was covered with a layer of frost.

However, the scene had already fallen into chaos, and many people had already fled several thousand feet away, so how could they be willing to return?

Suddenly, a sword Qi tore through the air from behind, and the demon lords at the very front immediately screamed to death.

The fleeing demons immediately stopped, their faces pale as they looked ahead.

"Hehe, brother Zhi, leave this matter of dealing with the deserters to me."

A figure landed behind them. It was the Shang Emperor, holding a huge sword in his hand. He looked at the demons that were running away.

The demons felt a chill down their spines. They couldn't help but feel fear in their hearts. They could only turn back.

"If you have the time, why don't you hurry up and kill the monsters?" Zhi's face darkened.

"There has to be someone to supervise," the Shang King laughed.

His eyes swept over the battlefield in front of the Great Hall, and his gaze lingered on Yunxiao for a moment longer before he snorted.

Both Yunxiao and Wei Qing were slightly surprised. The great enemy had not retreated, but another great enemy had come. If it weren't for the demons making the scene chaotic, the two of them would be in danger.

"Everyone, let's put down our grudges and clear out these demonic creatures first!" Zhi shouted. If someone wants to take advantage of you, don't blame me for being impolite!"

He flew a little higher to lure away the monsters that were chasing him. At the same time, he stood in a more suitable position and watched everyone.

"I've never seen so many demons before," the Shang King said, "could it be that something has changed?" Brother Zhi, your shengmo family should be the most familiar with the Buddha corridor. Could it be that there will be a sacred ice jade this time? Otherwise, how could it attract so many demons?"

Everyone was pleasantly surprised upon hearing this.

The judge's expression changed as he scanned the crowd in warning. He snorted coldly and said, "How should I know? Even if there really is a Holy ice jade, it's not something that you small fries can touch. However, it's true that demons are abnormal, and I'm afraid that there's a large number of high quality Qilin demon bones. Although you can forget about getting your hands on the sacred ice jade, you can still obtain quite a lot of Qilin demon bones."

The crowd was not happy to hear this, but when they thought about the possibility of a sacred ice jade appearing, they were all unusually excited.

The treasure had its own Spirit Master. Although the stronger one was, the higher the chance of obtaining it, nothing was absolute. Similarly, a large number of demon Supreme experts had fallen in the stupa corridor. Otherwise, why would there be so many Hua Lin demon bones?

That was why they did not take Yi's words seriously. Even if he was the demon commander, he could not possibly go against so many people.

After killing a few demons in a row, Yunxiao was surprised to find that all the dead demons had turned into demonic aura and were sucked into the hall again.

The rest of the people were also facing the same situation. The people killed by the demonic creatures died on the spot, and after the demonic creatures died, they degraded into demonic Qi and were absorbed back into the hall.

"What's going on?"

Everyone was shocked and confused.

Chi said in a deep voice, "it's indeed a little strange. Originally, guardians would turn into corpses after they die." I'm afraid that something has changed in this Hall. Is the sacred ice jade really going to be born?"

Yunxiao's heart stirred as he remembered that the sacred ice jade was with him, and not only that, but the three rare treasures had been combined into one. He wondered if it was because of his arrival that the Buddha corridor had changed.

After a series of battles, all the demonic creatures were killed, but not a single corpse was left. They were all transformed into demonic Qi and absorbed by the hall.

Everyone stared at the dark hall vigilantly. They didn't know what was inside and didn't dare to be the first to step forward.

Even the judge had stopped. The mountain landed in front of the gate of the hall and watched quietly.

"Brother Zhi, your clan once obtained a sacred ice jade from there. In terms of understanding of the Buddha corridor, brother Zhi should be the first."

The Lord of Shang flew over and stood on one side of the mountain. He glanced at Yunxiao and then looked into the hall.

Although he had a mission to kill Yunxiao, he would not miss it if the sacred ice jade was really in front of him. Moreover, the value of the Holy ice jade was so great that it was not any lower than the reward Yuan had given him.

"That's something that happened tens of thousands of years ago," Zhi said in a deep voice. "How could I still know?" If there really was a sacred ice jade, it would be in this Hall. Wouldn't the Shang Emperor go in and take a look himself? Could it be that your leg is injured?"

"Hehe, of course I'm not injured. However, I like to do things like bringing up the rear. For things like taking the lead, it's better to be Qianqian."

The Shang Lord's gaze shifted as he raised his hand and pointed at a Demon Lord, "You should go."

"What?"

The demon Lord was startled and retreated several steps.

The demon Lord seemed to be the tribe leader of a large force. He had two strong subordinates with him, and the three of them stared at the Shang Lord vigilantly and angrily.

"I hope the three of you can take the lead and find out what's going on," the Shang King chuckled.

"On what basis?"

The demon Lord flew into a rage and glared at him.

"If I say I'll use my fists, would you be convinced?" the Shang King sneered.

Chapter 2331: Chapter 2331-spirit turning into demon

549690339

"Even if you're the demon Lord, you might not be able to win in a short time against the three of us," the demon Lord snorted.

The Shang King looked up at the peak and chuckled, "Brother Zhi, what do you think?"

The judge nodded as well. He raised his eyes slightly and looked at the three of them, "The three of you can go."

The three's faces changed greatly, and the demon Lord in the lead said angrily, "Lady Zhi, do you know that the Shang Emperor killed all the disciples of your family who were left behind on the demonic sea?"

"What?"

Zhi Heqing, Bi He, and the others trembled in shock as they glared at the Shang Emperor.

"Is that true?" the referee asked coldly.

The demon Lord had a smug look on his face as he teased, "Everyone present saw it, Shang King can't deny it even if he wants to."

The Shang King's face turned cold as he felt the hostility and coldness from the Shengmo family. He touched his nose and said, "There's indeed such a thing, but those people are just small fries. Brother Zhi, do you want to fall out with me at such a critical moment for the sake of those goons? You must know that there are experts everywhere, but I'm afraid that the only one who can keep brother Zhi in check is me."

The coldness on Zhi's face grew even more intense as she glared at the Shang King for a while before it gradually dissipated. She slowly said, "Let's discuss this matter after we leave the devil sea. For now, let's resolve our current predicament."

He pointed at the three and said, "You three go Scout the way."

“What? Or do you want us to Scout the way? This is too much!”

The eyes of the three people were burning with anger, their eyes fierce and their faces twisted. They looked as if they wanted nothing more than to die.

The referee did not mind and snorted coldly, “there’s still a chance of survival, or even an opportunity, if you Scout the path.” If you don’t explore the way, you will only die and become someone else’s opportunity in hundreds of thousands of years. You should think about it. ”

The three of them had no choice but to force themselves into the main hall. As they passed by, they glared at the Shang Emperor, as if to say that they had made an enemy.

The Shang Emperor chuckled, not taking it to heart.

The three of them gritted their teeth and rushed into the hall with monstrous demonic Qi surging from their bodies.

With a flash of black light, the three of them immediately disappeared from the hall. Not even a trace of their auras could be sensed.

Everyone’s expression changed slightly, and they waited quietly for the time for half an incense stick to burn.

The Shang King was getting impatient. it seems like he won’t be coming out anytime soon. I wonder if he’s too lucky or if he died inside? ”

“It seems that no matter what the situation is, we have to go in and take a look ourselves. Let’s go,” Zhi said.

Knowing that there would be no result if they waited any longer, the referee came down from the mountain peak and kept the mountain peak. He then led everyone into the hall.

The Shang Emperor’s eyelids twitched as he scanned his surroundings. Suddenly, he chuckled and said, ” “Everyone, please.”

Many of the other demon lords did want to retreat, but they were only a few. Most of them entered with slight hesitation. After all, the more people there were, the more courageous they were.

Yunxiao and Wei Qing also walked in.

The Shang Emperor kept his cold gaze on Yunxiao. It was only after he entered that he jumped in without waiting for anyone else.

The hall was unimaginably large. It was a circular space with a diameter of tens of thousands of feet, but it was empty.

The demons who had entered first quickly checked the entire space, but they couldn't find anything. They couldn't help but be stunned and disappointed.

Everyone's face was filled with a strange expression, not believing that the situation in the hall would be as simple as what they saw.

As soon as Yunxiao entered, he quickly scanned the space with his divine sense, and a suspicious look appeared on his face.

"How can there be nothing?"

"There must be a reason for those demons to take human form," Wei Qing said coldly.

"Be careful," the referee said, "it's getting weirder." In this Hall, even the stupa can't protect you. You have to rely on your own strength."

Suddenly, the hall began to shake without any warning. A violent demonic Qi wind blew in the center, covering an area of half a mu.

Everyone was shocked and hurriedly retreated to the surroundings.

Yunxiao's pupils constricted as he asked in surprise, " "Yi, it's this thing, hehe."

The demonic Qi tornado gradually weakened and transformed into a huge body. It was actually an octopus, waving hundreds of tentacles.

The tentacle was the same as the one that was repelled by the Shang Emperor on the demon sea.

"Eh, it's this thing of yours."

"It's been a long time, why are you here?" the Shang Emperor laughed.

The octopus's mouth moved a few times and made a strange sound. Its eyes rolled around and then fell on Yunxiao.

Yunxiao's heart trembled. The octopus's eyes were as cold as water, and they penetrated directly into his heart. Although he might not be able to tell that the sacred ice jade was on him, he had most likely sensed something.

The rest of The Fiend Lords were also quite puzzled. When they noticed that the octopus was only staring at Yunxiao, they were all curious.

Wei Qing's expression changed slightly and he said angrily, "you bastard, you have enemies all over the world!" Don't tell me that even this octopus has a grudge against you?"

"What nonsense are you talking about?" Yunxiao scolded with a smile. I've only seen this thing today."

"Then why is it only staring at you, and it looks like it's going to eat you," Wei Qing said coldly.

you're asking me? " Yunxiao said gloomily. who should I ask? "

As soon as he finished speaking, the octopus began to move. Hundreds of tentacles suddenly struck in all directions, and it was actually fighting with everyone at the same time!

"Bang!"

Yunxiao moved in a flash, and the ground under his feet was smashed by a tentacle, leaving a fist-sized pit.

"Bang! Bang! Bang! Bang!"

The countless tentacles struck down in all directions, and the ground began to become full of potholes. Although the momentum was shocking, the largest pit was only the size of a watermelon.

It could be seen that the toughness of this Hall was extraordinary.

"Is this octopus crazy? You actually want to fight all of us!"

Immediately, someone snorted disdainfully and began to counterattack, slashing at one of the tentacles with a single-handed saber.

"Swish!"

Many people's attacks landed on the tentacle at the same time, immediately cutting it off.

However, the moment the tentacle broke, a large amount of black ink spurted out. The ink directly turned into a net and fell down from the sky!

"Childish!"

Everyone hurriedly changed their moves and attacked the black net. However, the moment all the demonic Qi touched the net, it actually flashed past and couldn't hurt it in the slightest.

On the contrary, the giant octopus pouted its mouth and sucked in all the attacks into its stomach. Then, with a "poof" sound, it spat them out and hundreds of giant nets flew out.

f \* ck, what's going on?!

This time, everyone was panicking. That huge net was actually unable to attack. It directly passed through the attacks and hit them in the face, trapping many Devils.

As they struggled, the giant nets slowly connected as if they were calling each other. The entire Hall was covered with magic nets, and everyone, including Yunxiao, was caught firmly.

Yunxiao looked carefully. The black net was condensed from fiend energy, but it was extremely sticky, and he could not get rid of it once it stuck to his body.

However, this net seemed to only have the function of capturing and not sealing his devil essence.

If he needed to, he could still attack at any time, but it was difficult to move his body.

Wei Qing also tried it and found that the power of the devil essence was not blocked, so he calmed down. His eyes flickered as he communicated with Yi, discussing whether he could use the Yin Yang Qi bottle to take all the Nets.

The referee didn't know the result, so it was a 50 – 50 chance.

The Shang Emperor, Phoenix, and the others also posted on the net. Although they were panicking, they were not afraid, because an octopus could not possibly wipe them out.

"Idiot, what are you doing?"

"Is there a mastermind behind this?" the Shang King asked.

The octopus couldn't speak and could only use its mouth to make "Goo Goo" sounds. No one knew what it was saying.

Suddenly, a huge black Rock appeared on his forehead, emitting a gentle light.

The giant rock was like a human meditating, very lifelike, and it kept spinning in front of the octopus's head.

“Qilin demon bone!”

Everyone cried out in surprise and watched with wide eyes.

However, this demon bone was too strange. Not only was its aura extremely strong, but it was even flashing with spiritual light as if it was alive.

“This is a Kasaya.”

Richard’s body suddenly trembled and he shouted, ” demon Jade! This is the demon Jade!”

“What? The remains of a Holy demon?”

Everyone’s expression changed drastically as they looked at the human-shaped magic stone that was posted on the internet in a daze, not knowing what to do.

On the other hand, Yunxiao frowned. The human-shaped magic stone in front of him seemed to be completely different from the demon Pearl Jade, and the judge must have seen the demon Pearl Jade before, so how could he have mistaken it? Could it be that the demon Pearl Jade had different forms?

Just as he was feeling suspicious, he suddenly saw a flash of demonic light, pulling him back from his thoughts.

Zhi couldn’t help but make a move. She flew up and grabbed at the human-shaped demonic stone.

At this moment, his body was still hanging on the net and he had not broken free from the net’s binding power. He could only pull the giant net forward.

Suddenly, spiritual light flashed on the human-shaped magic stone, and it stretched out a hand. Then, it made a hand seal and slapped toward the spine!

“What?”

This sudden change immediately shocked everyone.

Yi was also shocked. Caught off guard, he quickly changed his claw into a palm and collided with the palm of the human-shaped demonic stone!

“Bang!”

A ball of demonic light was blasted away, and Chi was sent flying. At the same time, the big octopus shot out another ball of demonic light from its mouth, which turned into an even thinner black net and completely covered Chi.

After the human-shaped demonic stone was taken out, it made hand seals with one hand. At the same time, it changed into a spiritual form and turned into a man in front of everyone.

The man had an ordinary appearance. He had two horns on his head, and his eyes were particularly cold. He slowly swept his gaze over the crowd, and the corners of his mouth held an evil smile that made people extremely uncomfortable.

Wei Qing's body suddenly trembled, and the sound of bones resounded wildly in his body, "spirit transformation! It's actually the transformation Qilin fiend bone that directly transformed into a spirit and turned into a fiend!"

Wei Qing was shocked, "this works too?" Then this Devil's strength must be incredible."

"We're in big trouble!" The referee said in a deep voice. This person was at least a demon venerable when he was alive, and from what I just heard, he could even be a Holy demon!"

Wei Qing's face fell. In shock, he hurriedly exchanged the news with Yunxiao.

549690339

Yunxiao was even more depressed and bitter. When the man took his human form, he glanced at him, intentionally or unintentionally.

Everyone thought it was an unconscious action, but he could clearly sense that it wasn't unintentional. The devil must have discovered the sacred ice jade or demonic rain stone in his body.

He couldn't help but be on guard, telling Wei Qing to be careful.

"Who are you?"

Yu struggled to stick his head out from the dense magic net and roared.

The demon's lips curled up slightly as he laughed, "Didn't you just say it? I'm the demon Jade."

"Demon Jade! You are indeed mo Linyu!"

Zhi cried out in shock, her face filled with shock.

The rest of the Asmodians were also shocked. They looked at the man with wide eyes, their faces blank.

The man chuckled and licked his lips. He laughed eerily, "I've just come out, and there's already so many tonics for me to nourish. I think I'll be able to recover to the Holy demon level soon."

In a flash, he stepped on the octopus's head and crossed his arms. He looked at the crowd coldly, his eyes shifting one by one. who should I eat first? "

Everyone who was stared at by him felt their bodies turn cold and their limbs go numb.

Yi suppressed the chill in his heart and suddenly shouted, "This person is a half-step Saint demon! Let's attack together, or else we'll all die Here!"

He started to struggle violently, and regardless of the large amount of fine net stuck to his body, he took the lead and rushed forward.

The rest of the demons also struggled with all their might.

"Hehe, what a joke. If we join hands, we won't have to die?"

Mo Linyu smacked the octopus's head, causing it to cry out in pain. It pouted its lips and spat out a large amount of ink that scattered in all directions.

The octopus's body shrank rapidly, as if it had been emptied out by the ink.

Everyone's attacks pierced through the ink, and the octopus opened its mouth and sucked it into its stomach. Only then did its body expand a little.

The jet-black ink splattered onto everyone's bodies, once again sticking them to the ground.

"Haha, this octopus is an extremely terrifying mutated demon. Even I'm afraid of it."

Mo Linyu laughed out loud. All of a sudden, his body flashed and he appeared beside Yi. He then struck out with his palm!

The palm strike landed directly in front of the referee and was blocked by the referee's fist. However, how could he block the other party's full-powered attack in such a hurry?

"Bang!"

Chi's entire fist exploded into a ball of demonic Qi, and his body flew back, pulling the silk net that covered the sky. He didn't retreat far.

"Damn it!"

Zhi roared loudly as the demonic Qi in her body soared up into the sky. She formed a palm again and a long spear condensed in her palm. She fiercely stabbed over.

At the same time, the surrounding demons also gritted their teeth and attacked. This was because they understood that if Yi died, their chances of survival would be even lower.

Mo Linyu's face turned cold. He did not take the spear, but instead, he retreated and flew back to the head of the giant octopus.

The long spear flew through the air, but was sucked into the octopus's stomach.

The octopus's face immediately turned black, as if it had been injured, but it was not a big deal. It was slowly digesting, and the black color on its face was constantly fading.

"Since you're not willing to be eaten by me, I'll make you die willingly later."

Mo mi Yu's lips curled into a cold air as she formed a hand seal with one hand.

The octopus seemed to have been stimulated, and its body swelled up with a "Gulu" sound. Then, the hundreds of tentacles suddenly straightened and shot out in all directions.

Everyone was shocked and hurriedly used their energy to resist. However, the tentacle was too fast and they were bound by the net, so many people were directly wrapped by the tentacle and their bodies were strangled.

The octopus's tentacles were hard and sticky, and as you struggled, they grew bigger and tighter, making it difficult to break free.

Furthermore, the tentacles were constantly transmitting magic power from the octopus to increase its strength. The octopus's face turned purple from holding back.

"Bang!"

Suddenly, one of the demon lords couldn't hold on any longer and exploded. The cloud of demonic Qi had just spread out when it was swept up by the octopus 'tentacle and absorbed into its body.

Seeing this scene, everyone's expression changed drastically, and they looked at each other in shock.

"Don't panic!" The Shang Emperor shouted. This octopus is trying its best to restrain us. Once it's exhausted, it'll come out."

A cloud of sword Qi surrounded him and pushed the tentacle away. It didn't bind him at all, but he was afraid of the power of the demon Eye Jade and didn't dare to attack.

Mo Linyu gave him a cold look, as if he did not take him seriously. Instead, he turned his eyes to Yunxiao and chuckled, his eyes flashing with a cold light.

Yunxiao felt his scalp go numb as he said with an embarrassed smile, "Why are you looking at me? There aren't any flowers on my face."

Mo Linyu sneered, "what do you think?" Do you still need to pretend in front of me? The demonic rain Jade in your body was originally my body. If it wasn't for the fact that I sensed its arrival, I wouldn't have planned on awakening."

"What? He has the demon Pearl Jade on him?"

Everyone was surprised, and their eyes focused on Yunxiao.

Even Wei Qing's expression changed drastically as he said in shock and anger, "You have the demon Jade?" The demonic Phoenix in his body trembled as it angrily transmitted a message, " why didn't you tell me? "

I just learned about it, " Yunxiao said with a wry smile. how can I tell you? Moreover, that demon Pearl Jade is a little strange."

Hearing him admit it, the other demon lords 'expressions changed even more.

Especially Yi and the Shang Emperor, they were both furious and glared at him coldly, as if they wanted to kill him with their gazes.

Mo Linyu chuckled and said, "it's indeed a little strange." That's because that piece of demon Pearl Jade was transformed from my arm, and I'm still holding onto the sacred ice jade. Later on, it was kidnapped by a demon commander and refined together, forming the shape of the Jade you have. However, the strange thing is that I seem to feel a strong force that wants to suppress his aura so that I can't discover it. Hehe, how childish. That was originally my body, so how could it escape my detection?"

Zhi, Qing, and the others 'expressions changed drastically, and the referee suddenly cried out in alarm, " the two jades as one?!

Yi's face darkened and he roared, "Profound Abyss Stone! The dark nether stone is in your hands!"

Yunxiao immediately felt the coldness and killing intent from the Saint Devil family. He scratched his head and chuckled. "So that's how the dark nether stone came about. I understand now."

Everyone stared at him with furrowed brows. Other than the shengmo family, who had killing intent on their faces, everyone else was puzzled.

let me guess, ” Yunxiao said in a deep voice. let me make a guess. Back then, there was a Saint demon who was about to reach the end of his life. In order to delay his own fate, he found the sacred ice jade and built this Saint demon Hall, hoping to use the power of the sacred ice jade to escape the five decrepit phenomena. However, the great Dao was boundless, and it was not something that human power could resist. Even though the five decrepit phenomena were delayed, it still descended. That Holy demon then died in his own Saint demon Hall, still holding the sacred ice jade in his hand.”

“After that, more and more people entered the Saint Devil Hall. In addition to the unique characteristics of the Saint Devil Hall itself, it absorbed a large amount of demonic Qi, forming countless Devils, causing the environment here to become more and more complicated. After an unknown number of years, a demon venerable chanced upon a Holy demon who had passed away. He wanted to snatch the Holy ice jade, but he realized that he couldn’t take it no matter what. Hence, he cut off the arm as well. That demon commander should be lady Zhi’s senior.”

“After that ancestor obtained the arm and the sacred ice jade, he was in a hurry to refine them. In the end, he fused them together by chance. Moreover, the arm was only a corpse at that time and was definitely not a Demon Eye Jade. Otherwise, lady Zhi’s ancestor would have taken the entire body away, not just the arm. Of course, there might be other situations that we don’t know about.”

that arm should have been taken away, ” Yunxiao continued. it was only turned into the demon Eye Jade during the refining process of that ancestor. Thus, the dark nether stone appeared. One could imagine the power of the two Supreme treasures combined. That senior must have used this opportunity to break through to the Saint Demon Realm and created the Saint demon family of the ice region.”

The crowd was enlightened. Although it was just Yunxiao’s guess, it seemed to be true as he explained it.

Although the referee’s face was dark and frightening, he was also listening quietly and did not refute. It seemed that this was most likely the case.

Even the demon Pearl Jade had a calm expression as she listened.

Yunxiao smiled and said, ” it is reasonable to say that when the ancestor refined the body of the Holy demon into Demon Eye Jade, he must have thought of coming back to the Saint Devil Hall to look for the remaining body. But, I don’t know why he didn’t find it. Or, he did, but he failed. That’s how you were able to transform.” He looked at the demon Eye Jade on the octopus’s head, as if he wanted to get confirmation.

Mo Linyu shook his head slightly and replied, "I don't know about that." Although I'm the incarnation of that Holy demon, I'm no longer the same Holy demon as before. The previous Saint fiend is already dead, and I'm only the demon Eye Jade's human form. Although I came out from him, I'm not him."

Yunxiao nodded slightly. He understood that. Just like pan Yi, although he was transformed from Xiao fengcan's body, he was no longer Xiao fengcan.

He continued, " however, 100000 years ago, the demon Lord Emperor appeared out of nowhere. Perhaps he heard the rumors about the demon Pearl Jade and the sacred ice jade, so he directly descended upon the Saint Devil family of the ice region and took them away.

He glanced at the referee and saw that his face was livid and covered with a layer of coldness, but he did not say a word. It was clear that this was the case.

after the demon Lord died in the heavenly martial realm, " Yunxiao continued, " this dark nether stone naturally ended up in the heavenly martial realm, and was accidentally obtained by an ancestor of the beiming family. The beiming family's ancestors confirmed that this stone didn't belong to the heavenly martial arts realm, so they added the word 'beyond the heavens' and changed it to an Outworld dark stone. A hundred thousand years later, the stone passed through many hands before finally landing in my hands."

The moment he finished speaking, the hall fell silent.

"Brilliant! That's a brilliant analysis!" Demon Pearl suddenly clapped her hands and praised, "I think that's most likely the case." And most importantly, that dark nether stone is indeed in your hands, right?"

Everyone's eyes were fixed on Yunxiao, and their eyes were burning.

Chapter 2333: Chapter 2332-devil Lord realm

Yunxiao nodded slightly and said, " not only is it in my hands, but it has also changed by chance.

"There are some changes?"

Mo Linyu furrowed his brows before relaxing them. He sneered, " "No matter how it has changed, the profound Abyss Stone is still the profound Abyss Stone. Quickly bring it to me!"

He reached out his big hand to Yunxiao and said excitedly, "I can already feel the call of that arm! As long as I refine the profound abyssal stone, I will definitely be able to return to the Saint Demon Realm!"

it's none of my business whether you can return to the Saint Demon Realm or not, " Yunxiao said with a smile. that stone is mine now.

"Haha, you're looking for death!"

Mo Linyu sneered as he flew down and struck at Yunxiao.

The other demon lords' faces changed drastically as they stared at him with wide eyes. They were not concerned about Yunxiao's life, but the whereabouts of the dark stone.

Yi and Shang Jun were even more nervous as they stared at him. They were filled with regret. If they had known that the dark nether stone was with this person, they would have killed him even if it meant death.

The other man's face was also gloomy and gloomy. It was the skeleton in Wei Qing's body. Never in his dreams did he expect that the thing he had been trying so hard to get was actually with Yunxiao.

Yunxiao smiled faintly as he looked at the demon Pearl flying toward him. Then, his body suddenly transformed into a flash of lightning and broke free from the tentacles and the demonic net.

"What?"

Mo Linyu missed. In his surprise, he saw Yunxiao's figure re-condense in the air, and with just a few steps, he had reached the top of the octopus's head and turned to look at it.

you're really good. You have a five-element spirit body. No wonder you can't be bound!

hehe! mo Linyu laughed coldly, " even if you have a five-elemental spiritual body, you will still die Here today!

His figure flickered and appeared on the octopus's head as well, sending a palm strike.

Yunxiao's body flickered, but he did not escape. A cold gleam flashed in his eyes as he said, "If you want it, then I'll give it to you!"

He teleported and turned around, slapping his palm toward the demon Pearl Jade instead. A ball of seemingly warm luster appeared in the center of his palm, but its aura was filled with coldness.

Crystals flickered within the light, exuding a powerful and terrifying power.

“Profound Abyss Stone!”

Mo Gang Yu exclaimed in shock, and so did the judge.

Immediately, more than a dozen rays of light broke through the magic net and tentacles ‘restraints and rushed towards the octopus’s head.

Mo Linyu’s expression changed as he felt the powerful aura coming from all directions. With a cold snort, he clenched his five fingers into a claw and grabbed at the dark mystic stone.

Compared to the power of the four directions, the dark mystic stone posed a greater threat to him. Moreover, these people’s target was this stone.

“BOOM!”

As soon as his fingers touched the light of the stone, his body stopped. A terrifying power spread out from the stone, turning into circles of light waves that attacked in all directions.

The two figures became dark and unpredictable under the light. The people who rushed up from all directions, including the shengmo family, the Shang King, Wei Qing, and the various tribe leaders of Yuan County, all felt pain all over their bodies when the light shone on them. A sense of danger rose in their hearts, and they decisively retreated.

The demons flew around the hall and stared at the octopus’s head with horror.

The fearsome power from the dark nether stone lit up the entire space with a faint crystal color. The people who had just charged forward were all covered in a layer of frost. Their movements were frozen, and they had to desperately use demonic Arts to dissolve it.

At this moment, the entire octopus seemed to have been frozen, turning into an ice sculpture. The terrifying force flowed down the octopus’s tentacles, freezing all the demons that were caught by the tentacles.

“My daughter!”

Fei suddenly let out a cry and flew to the end of one of the tentacles. However, Yao had already been turned into an ice sculpture. Her pale face was still very lifelike.

Fly was in deep sorrow as he slapped the tentacle.

The tentacle broke with a bang, but a large amount of cold air spread out and froze his palm. He could only retreat in shock.

As for Yao's crystal body, it fell from the sky and landed on the ground with a "bang". All four of her limbs were shattered, leaving only her body intact. However, "ka ka" sounds could be heard as many cracks appeared on her body.

Fei suddenly felt a little dizzy, and a great grief hit his heart. He stared at the octopus's head with eyes wide open.

However, the light on it was too strong and blinding. After staring at it for a moment, he felt a sharp pain in his eyes and didn't dare to look any further.

The rest of the people were the same, they could only half-cover their eyes and close them after a few breaths.

Inside the terrifying blue light, Yunxiao and Mo Linyu's palms were facing each other. The dark stone was floating between their palms, and waves of power were emanating from it.

Their bodies had also completely turned into blue crystals, and it was unknown if they were still alive.

"Is He Dead?"

The Shang Emperor couldn't help but exclaim in surprise and joy.

He was happy that the two of them were most likely dead. He was shocked that with such terrifying power and so many experts looking around, he didn't know if he could snatch the stone.

Just as everyone was guessing whether the two of them were dead or not, the demon Pearl Jade's body suddenly moved. The blue ice crystals on its body immediately dissolved, revealing a ferocious and excited face.

"Hahaha! You're too naïve if you think you can kill me with the power of the dark nether stone!"

Mo Linyu was overjoyed and laughed out loud, "You don't know that half of this dark nether stone is my arm. How can you kill me? Hahaha!"

hahahaha! mo Linyu laughed maniacally. you didn't expect yourself to be the one to die, did you? haha!

The demon lords in the surroundings were all shocked, and their faces couldn't help but turn pale. If Mo Linyu were to obtain the dark abyssal stone, they would not be able to survive, let alone snatch the stone.

Wei Qing's face was also filled with shock as he said, "Is Li Yunxiao dead? Was he really dead? Every time I wish for this brat to die, he doesn't die. This time, I don't wish for him to die, but he's going to die?"

Suddenly, Mo Linyu's body stiffened, and his laughter came to a halt. His eyes were filled with shock as he stared ahead with widened eyes.

Yunxiao's body gradually returned to normal, and he said with a sneer, "For so many years, so many people who wanted me dead have all died first. This time will be no exception!"

"How is that possible? How are you able to withstand the power of the dark nether stone?"

Mo Linyu suddenly cried out in alarm, "Impossible!"

Nothing is impossible in this world," Yunxiao said coldly. There are only arrogance, ignorance, and inexplicable conceit!

He clenched his five fingers, and five streams of energy struck the dark abyss Stone. The terrifying power surged out in waves, striking the two of them.

Everyone in the hall felt it and retreated in fear. They were almost stuck to the wall, but even the wall was gradually turning into ice crystals.

Mo Linyu's expression changed several times, but he still sneered, "So what if you don't die? This dark nether stone is mine. I'll absorb all of its power and charge into the Holy Demon Realm before killing all of you!"

His left hand formed a seal and suddenly pointed at the dark abyssal stone. Immediately, the blue power turned into a torrent and surged into his body.

"What?"

Yunxiao was taken aback. He had tried all kinds of methods to extract the power of the dark stone, but all of them had failed without exception. He did not expect Mo Linyu to extract the power so easily.

His expression suddenly changed, and he also formed a seal with his left hand, directly absorbing the torrent. He sneered, "If you can absorb it, so can I!"

He couldn't directly absorb the power from the dark nether stone, so he seized the power from the demon Pearl Jade.

"You, animal!"

Mo Linyu was furious. His eyes widened as he watched Yunxiao Rob a part of the power he had extracted.

However, the two of them were under the powerful light waves of the dark nether stone and had no intention of attacking each other. They only wanted to quickly absorb this magnificent power into their bodies and increase their strength.

Thus, under everyone's dumbfounded gazes, the two of them stood on the octopus's head, motionless. However, half of the great power that gushed out of the dark nether stone was forcibly drawn away by Yunxiao on its way to the demon Pearl Jade!

Mo Linyu's face twitched a few times, and his eyes turned cold. He was originally a half-step Saint demon, and just one more step and he would be able to break through to the Saint Demon Realm. At that time, he could completely refine and absorb the person in front of him, and the effect would be the same.

When he thought of this, his state of mind calmed down and he focused on absorbing.

Yunxiao had the same idea. He would try his best to improve his strength and break through to the demon Lord realm. If the other party really became a Saint demon, he would have everyone to stop him together, and it was not his own business.

He couldn't be bothered with all this and tried his best to stop the flood from being absorbed into his body.

He was already a wall away from the demon Lord realm, and with the help of the dark mystic stone's power, he broke through that barrier and finally stepped into the creation realm!

He immediately sensed the changes in all living things. It was as if the laws of the entire world had undergone subtle changes. His aura was even more sensitive as it integrated into the surrounding environment, as if it was closer to the heavenly Dao.

His change was immediately noticed by everyone, and they were all shocked!

One of the demon lords was finally unwilling to give up. With a loud roar, he flew up, wanting to seize the dark mystic stone or get a share of the loot.

However, as soon as he rushed into the light wave and was less than three meters away from the dark nether stone, his body came to a stop. With a "bang", he exploded into pieces and dissipated in the air.

This caused everyone's expression to change greatly. They all looked on in a daze, unwilling to accept this.

The referee felt as if a knife was being twisted in his heart. That was their Saint Devil family's dark nether stone!

Suddenly, on top of the octopus's head, mo Yuyu's body trembled, and her face revealed an extremely frightened expression as she cried out, "What's going on? There's also a strange power in the stone. What is that?"

He stared at the profound abyssal stone in horror. It was covered in frost, and it was like a star that surrounded the stone. It also gave off a cold aura.

To mo Linyu's horror, he realized that the force that was destroying his body was coming from these tiny crystal frosts. His expression changed drastically.

Yunxiao chuckled and said sarcastically, "You just found out? He was really slow. Didn't this young master just say that the profound Abyss Stone has already undergone some minute changes?"

Chapter 2334: Chapter 2334-sword quelling the demons

549690339

"Subtle changes? What is that Crystal Frost?"

Mo Linyu was terrified. He realized that he had absorbed too much energy. The crystal Frost seemed to contain a terrifying destructive power that was directly attacking his body structure, destroying everything!

Under the cold light of the dark nether stone, his expression became extremely ugly and filled with fear.

"That's the hehe hehe Crystal Frost!" Wei Qing was also shocked.

Yi also nodded and said in a deep voice, "this demon Pearl Jade is done for. The disaster Crystal Frost is condensed by the realm power of the heavenly martial realm. He actually absorbed it into his body. Tsk, tsk, li Yunxiao, you're so bold!"

Wei Qing's expression also changed as he immediately understood.

What caused the greatest damage to mo Lin Jade was not the disaster Crystal Frost itself, but the realm power of the heavenly martial realm contained in it!

Yunxiao, on the other hand, was completely immune to the realm power of the two worlds, so he did not feel any discomfort when he absorbed the three forces into his

body. After breaking through the fate realm, the powerful power of the dark nether stone continued to enter his body and settle down.

The situation between the two had changed dramatically. Yunxiao had a sneer on his face, and his eyes were calm, but filled with killing intent and coldness.

On the other hand, the demon Pearl was getting more and more frightened. It found that after it was attracted by it, the torrent was gushing out uncontrollably. Although Yunxiao had absorbed more than half of the power, it was still washing its body violently. The realm power of the heavenly martial realm clashed directly with its body, causing a large area of damage.

“No, no! Quickly stop!”

The demon Pearl Jade howled crazily as its left hand desperately tried to move the dark mystic stone away.

Yunxiao’s face flickered slightly, and a cold gleam flashed in his eyes. Then, he pointed his left hand lightly and turned it into a purple Thunderbolt as he shouted, ” “Purple brilliance dance!”

His entire body suddenly shot up, and the balance on the dark nether stone was instantly broken. A terrifying force blasted out in all directions.

The hall trembled violently, and the giant octopus crystal under their feet shattered into countless crystal dust.

The demon Pearl Jade was also hit by the impact, and it was knocked back with a muffled groan.

But what was even more terrifying was that just as he regained his senses, he saw a purple dragon flying across the sky. The dragon’s claws formed a seal and struck at him!

“No!”

Mo Linyu let out a terrified shriek as he hurriedly struck out with both his palms!

“Boom boom boom!”

The purple lightning Dragon exploded and turned into thousands of lightning snakes that pierced through.

Mo Linyu was instantly riddled with holes. His eyes widened in horror as he looked incredulously at Yunxiao’s true body, which had materialized in front of him amidst the flashing lightning.

“If you’re not afraid, you can!”

“Bang!”

After saying these three words with great difficulty, the demon Pearl’s body suddenly exploded, directly destroying the already shaky Hall and sending countless gravel flying.

Yunxiao stopped in the air and turned his eyes to look at the dark nether stone on the ground.

Wherever the stone landed, everything within a radius of a thousand feet was frozen, but the cold air on the stone had already become negligible.

He couldn’t help but sigh as he thought about that terrifying power. Half of it had been drawn away by mo Linyu, which also caused the latter’s internal organs to be completely crushed by the world force before he was killed by his own palm.

There was also a portion of power that he had obtained, and he had wasted too much of it. Although it was still a treasure, its value had plummeted. It was not even worth him taking it.

Yi and the rest panicked. Suddenly, they heard the Shang Emperor shouting, ” “Attack! Otherwise, we’ll all die!”

All the demons were shocked and suddenly came to a realization.

They didn’t know that the dark nether stone had been destroyed and were still thinking of killing people to take the stone. The Shang Emperor had already expected that the stone was most likely crippled, but he still had Yuan’s mission to complete, which meant that he had to kill Yunxiao.

All the fiends immediately circulated their fiend energy and attacked Yunxiao.

Those who survived were all peak-stage demon lords. Those who were slightly weaker had already died.

In an instant, all the fiends, except Wei Qing, attacked together, and a terrifying force that could topple mountains and overturn seas pressed down on Yunxiao.

Yunxiao’s face flickered. He had just killed the demon Pearl Jade, and there was still a large amount of dark nether stone power in his body that had not been digested yet, and it was still flowing in his meridians.

“Hmph!”

Yunxiao's face turned cold as he spread his fingers. Suddenly, a circle of sword Qi rose up and spun in his palm like a whirlwind.

A broad and bright sword slowly condensed.

Yunxiao was surprised and overjoyed. He stared at the sword with wide eyes as the power in his body was continuously drawn out. Together with the undigested power of the dark nether stone, the true body of the sword was condensed.

In that instant, all the demons felt a chill invade their bodies. This chill came out of nowhere, but it was so real and cold.

Everyone sucked in a breath of cold air as a sense of danger rose in their hearts. Some of them regretted choosing to attack instead of running away at the first moment.

A cold voice slowly came out and clearly entered everyone's ears.

"Ask the vast earth, who controls the ups and downs!"

Before he could finish his words, a bone-chilling coldness poured down along with the sword intent!

The Shang King's expression changed drastically as the sword in his hand began to tremble. The sword spirit was also scared out of its wits, and no spiritual light could be seen.

"Not good!"

The Shang King saw that the situation was bad and immediately turned to escape.

However, the sword momentum was overwhelming, as if it had cut through the four poles. With a "boom", the entire Buddha corridor rumbled as if it was about to collapse.

The demon lords who attacked were all swallowed up by the sword aura. Even the Shang Lord, who had just escaped a thousand feet away, was caught up by the sword light and exploded on the spot.

In an instant, the area within a radius of thousands of feet was filled with a sea of sword Qi, rolling and flashing!

Wei Qing stood in the Sea of Swords in fear, his face pale.

Yunxiao seemed to have deliberately controlled the power of his sword. Only his body, which was about a hundred feet tall, was empty, and only a faint sword will could be seen blowing past, which made Wei Qing shudder.

“What kind of power is this?!”

Wei Qing’s face was dull, and he shouted powerlessly in his heart, but the Echo was extremely weak.

“Al.”

Demon Phoenix could not help but sigh, ” “In the end, the greatest opportunity was still obtained by him. I’m afraid that one-third of the demon Pearl Jade, the sacred ice jade, and the hard shell crystal Frost of the heavenly martial realm have been absorbed into his body. As long as this power calms down, and with that sword, he will have the power to fight even if he encounters a Holy demon.”

“Battle Saint mo bi an”

Wei Qing felt bitter in his heart. He had thought that the gap between him and Yunxiao was shrinking, but now it was as wide as the sky and the abyss.

“Even if you can break through to the demon Lord realm this time, you’re no match for him.” Even though his control of the sword seemed to be very weak. However, as time passed and his power gradually increased, he would be no different from a Holy demon when he could fully control the sword. There’s still some power in that dark nether stone. After you absorb it, you’ll have a high chance of breaking through to the demon Lord realm with the Hua Lin demon bone.”

Wei Qing nodded and recovered from his disappointment.

At this moment, the ground was in ruins. There was no sign of the hall at all. A terrifying chasm extended from the ground.

All the demons that had attacked had been completely annihilated by the attack just now.

Yunxiao also looked exhausted. Although he had stepped into the realm of fiend supremacy, he still could not control the sword, and his body had been drained.

He slowly descended from the void and landed on the ground. He looked at Wei Qing and said, ” “It’s all over.”

Wei Qing’s face was still pale, and he didn’t know what to say.

Yunxiao glanced at the dark nether stone on the ground and said, ” “The energy in this stone is no longer of much use to me, but it’s still very effective for you. You can absorb it.”

Wei Qing unconsciously responded and grabbed the stone in the air. He immediately felt a crazy power surging out from it, causing his body to tremble and his face to be filled with surprise.

At this moment, the entire place was desolate. Everyone who had entered the hall had disappeared, leaving only the two of them.

As for those who had yet to enter the hall, they felt the shock and fear here and did not dare to come over. They just wandered around in the forest and obtained some benefits.

“The demonic Qi here is unusually dense,” Yi said. “In addition to the fact that so many cannon foddors died here just now, if we can cultivate here for a period of time, it’ll be several times more effective than the outside world. I suggest that you two stay here for a while.”

He slowly came out of Wei Qing’s body and transformed into a man’s form, floating in the air.

that’s a good idea, ” Yunxiao nodded. I’m indeed very weak now. Plus, I just broke through, so I need some time to adjust.”

“Alright, then I’ll try to break through to the demon Lord realm again,” Wei Qing said.

He felt the power of the dark nether stone in his hand and was overjoyed. With the demon Supreme realm Hua Lin demon bone and the environment, he was quite confident.

The two of them immediately sat down cross-legged.

Yi looked at the two of them with a complicated expression. He also entered the void and flew into the forest in the distance to find some devil Bones to eat.

Originally, he had wanted to use this opportunity to enter the main hall and obtain the sacred ice jade. However, he had not expected such an ending. It was impossible to get the sacred ice jade now, so he could only settle for second best and hope to find some decent Qilin demonic bones to nourish his body.

A few months later, at the core of the Buddha corridor, the demonic sea that had been sealed off suddenly trembled violently.

A terrifying power burst forth from within, instantly splitting the entire demonic sea into two.

Two rays of light flew out from it and landed on a nearby mountain.

It was Yunxiao, Wei Qing, and Phoenix, who had returned to the bottle. Although the skeleton could transform, its body was still unstable, so it was more secure to nourish it in the bottle.

Before leaving, Wei Qing had also absorbed most of The Fiend energy inside, and only then did he come out with Yunxiao.

At this moment, his face was cold and there was a proud heroic spirit between his brows. The aura around his body was completely different from before.

He was the number one genius of the Holy region with great talent. Finally, with the investment of a large number of resources, he, like Yunxiao, had broken through to the creation realm.

549690339

Although both of them were in the fate realm, Wei Qing had always felt that Yunxiao had an aura that he could not match.

The referee sensed his thoughts and transmitted a message with a smile, "Are you very afraid? This brat has absorbed a third of the dark nether stone and the Míe Crystal Frost's power. He's no longer an ordinary Demon Lord. You must be careful not to fight him head-on."

Wei Qing's expression changed slightly, and he grunted without saying a word.

"You've almost reached the end of the path of the divine Dao," Yi sighed.

"The end?"

Both Wei Qing and Yunxiao frowned and said in unison, "Isn't there still the highest realm, the world King realm Saint demon?"

"Hehe, Saint Demon Realm bi an."

He laughed awkwardly and said, "That's not something that can be achieved through hard work." If the three-in-one dark nether stone was still there and you had the strength of a peak demon Supreme, you might be able to absorb all the power inside. But let alone a three-in-one treasure, even one of the stones can't be obtained easily."

Yunxiao blinked and said, "If that's the case, then that dark abyssal stone is a bit of a waste."

"That's right, it's simply a waste of God's gift!" The referee said. He thought that it was also a heartache, and he snorted, "If it were for me, I would have restored my original body and returned to the Saint Demon Realm."

if I were to give it to you, " Yunxiao chuckled, " I'd rather waste it. Moreover, there are treasures condensed by the realm power of the heavenly martial realm on it. Can you absorb them? He would probably end up like mo Linyu. Actually, there's nothing to feel sorry about. Everything was arranged for the best."

Wei Qing and Yan were both stunned. They thought about the last sentence carefully, and it was true.

The great Dao was vast, how could it be peeked at by human power? And everything would be the best arrangement.

let's go, " Yunxiao said. the trip to the ice domain is over. I'm going to the Tian Han city to meet Mo Yuan. Wei Qing, you can come with me, or you can return to the heavenly martial arts realm on your own. After all, the agreement between us has already ended."

Wei Qing's expression changed slightly. After a moment of silence, he said, " I'll go with you to the Tian Han city. I also want to see how strong the might of the Holy devil is."

Yunxiao gave him a faint look and smiled. Without saying anything, he said, " Then let's go."

Wei Qing seemed to feel that he had been seen through, and was quite embarrassed and angry.

Back in the Saint Devil Hall, it was all thanks to Yunxiao that he had the chance to break through to The Fiend supremacy realm, and he now owed him a huge favor.

This trip to the Tian Han city might also be due to the Grand feelings of the Holy demon, but it was mostly because he hoped to have a chance to return the favor.

But, he did not want Yunxiao to see through his thoughts, which made him feel quite embarrassed.

Immediately, two rays of light flew into the air and headed towards Yuan County.

Yuan County was the nearest Devil City to the stupa corridor, and there was only one small teleportation formation in it.

Not long after, the two of them returned to Yuan County and were shocked by the scene in front of them.

A large portion of the once-firm and majestic city walls had collapsed, and the city was filled with wolves and ruins. Some places had even been razed to the ground. The streets were empty, and large amounts of demons flew in all directions. It was a scene of doomsday.

At a glance, most of the houses in the city were empty, and there were no demons inside.

Yunxiao and Wei Qing exchanged a look, and both of their faces turned solemn. After the Devils died, they would decompose directly, so there would be no bodies left behind. The rustling sounds coming from everywhere could only prove that all the Devils in these places were dead.

what? ” Yunxiao asked in a deep voice. how did this happen? ” Let’s see if we can find someone to ask.”

The two of them flew all the way into the city, and suddenly, the shadow of a devil appeared in front of them. Yunxiao’s body trembled slightly, and he stopped abruptly, thinking that he had seen wrong.

The demon also noticed the two of them and suddenly turned around. His vigilant expression turned into a stunned one, and then he said with great joy, ” “Lord li!”

“You know him?” Wei Qing frowned.

Yunxiao touched the bridge of his nose and said with a surprised smile, ” “Master Hu, why is it you?”

The referee arrived in a flash and said, “I’ve finally found you.” I’m here on the orders of master Hu to inform you of something.”

what? ” Yunxiao asked in surprise. what is it? ” He thought to himself, ‘did Yi find out that I stepped into the demon Lord realm?’ That was impossible.

“I don’t know what news Master Chu has received, but he’s already heading to the Tian Han city of the demon tribe,” the referee said in a deep voice. He told me to come here to find you, saying that he hopes you can come with him.”

Yunxiao was taken aback. He held his chin and said in a deep voice, ” “What are you going to do in Tian Han city?”

“I don’t know, but it seems to be an urgent matter.” However, Yingluo ”

She said worriedly, ” I’ve heard that Yuan has already entered the Saint Demon Realm. If that’s the case, this trip will be very dangerous. Lord li is not a member of my kun tribe. You don’t have to go.

She looked at Yunxiao with a gentle and concerned look in her eyes, hoping that he would not take any risks.

This was actually the main reason why she came to Yuan County.

What the judge meant was that she was familiar with Yunxiao, and she hoped that she could persuade him to make a trip to Tianhan city.

However, he didn't expect that a woman's mind was so fickle that the referee encouraged him not to go.

since you have an appointment, " Yunxiao said with a smile, " I think I'd better go.

"Don't go!"

master Hu, you don't look right. I'm afraid this trip will be extremely dangerous. There's no need for you to go, " the referee suddenly exclaimed with an anxious look.

thank you for your reminder, " Yunxiao said with a nod. but, even without the agreement with the church, I'm still going to Tian Han city.

"What's wrong?"

The referee was stunned.

it's a long story, " Yunxiao said with a smile. let's talk about it while we walk. Oh right, what's going on with Yuan County? it's been reduced to a scorched land in an instant."

"I don't know," Yi shook his head,"it's been like this since I came here. It seems that a large number of demons have gathered in the northern part of the city. The southern part of the city has practically become a wasteland."

"North of the city?"

Yunxiao's face flickered. the only small teleportation array seems to be in the north of the city. Let's go there quickly.

The three of them immediately turned into streaks of light and flew away.

After a few hours, they saw many demons fighting.

There weren't many of them, only about 50 or so, but the battle was extremely brutal. Demonic shrieks constantly rang out, like some kind of ominous sound.

Yunxiao glanced at them indifferently, then casually pressed his palm down. Suddenly, the wind and clouds gathered and suppressed the strength of more than fifty demons, making them unable to move.

The demons were shocked and couldn't help but look up. Everyone's eyes were filled with fear.

This was because they could not see through the cultivation of any of the three people in the sky. Furthermore, the young man who had attacked had easily suppressed the entire battlefield with a single palm. This made everyone's heart tremble, and they did not dare to have any thoughts of resisting.

why are you fighting? ” Yunxiao asked. why are you fighting? ”

The demons were stunned and looked at each other. This question seemed very strange.

Sir, ” a slightly stronger demon said, ” we're from the minor Division. They're from the fire Division.

Yunxiao frowned and said in a cold voice, ” “This young master is asking why you are fighting, not where you belong! Also, how did Yuan County become like this?”

“So you've just arrived in Yuan County,” the man said in surprise. This is a long story, Yingluo.”

The man spent an hour explaining the entire process.

It turned out that after the incident at the Buddha corridor a few months ago, almost all the powerful cultivators in Yuan County were killed or injured. This resulted in a new division of power and a huge turmoil spread throughout Yuan County.

Not only Yuan County, but most of the cities in the entire ice region were affected by this incident. Many powerful cultivators died and all of them fell into chaos. As the starting point, Yuan County was the place that suffered the most.

Other than the internal conflicts between the forces in Yuan County, there were also external forces that interfered. After several months of fighting, the original three tribes that flew, passed, and established were all annihilated, buried in the long river of history.

Now, some of the newly rising forces were also in a precarious situation and had completely fallen into an era of great chaos.

The ‘Wei’ and ‘fire’ divisions that this group of people belonged to were the two most recently rising forces.

Yunxiao felt a headache coming on, and he also felt that the relationship was very complicated. Fortunately, he had reminded him many times to get to the point, or that man would have explained the rise, change, and destruction of every power clearly.

“Alright, alright, I understand.”

where is the teleportation array controlled by the flying division? ” Yunxiao asked impatiently.

“It should still be in the hands of the tank Division. They’ve taken over almost half of the flying division’s resources,” the man replied.

The tan division was a power that came from the outside. Together with the other sound division, they divided up the assets and resources of the former flying division.

After Yunxiao asked for the location of the tan division, he did not bother to pay them any more attention and turned into a beam of light.

After Yunxiao and the other two left, these fifty or so people continued to fight.

Half-day later, a few rays of light flew out from the headquarters of the tank and went directly to another tribe-sound.

A moment later, a few more lights flew out from the sound division. A total of nine figures flew toward a certain place in the north of the city.

Finally, in an extremely tightly guarded place, the nine people flew down.

They were Yunxiao and the other two, as well as the patriarchs and experts of the tan and sound tribes.

“My Lord, after I took over the teleportation formation, I sent a third of the experts to guard it,” tan said with a smile.”That’s how I managed to avoid it being destroyed in the battle.”

you’ve done well, ” Yunxiao nodded. you’ve done well.

“Hehe.”

Tan Fei laughed, his face full of flattery as he probed, ” “I wonder when Daren will return?”

“Oh? You want me to come back?”

Yunxiao gave a strange laugh as he looked at the man’s insincere expression.

“Of course, of course!”

“Most of the resources of the flying division were lost in the war, and most of them were snatched by the sound division,” tan hurriedly said.”There’s not much left to show my respects to you, Sir. I’m truly regretful and guilty. The next time you come back, I think I

will have already unified Yuan County. By then, I will have even better things to offer you.”

Chapter 2336: Chapter 2336-Tian Han city

“Tan, you bastard!”

you! Yin suddenly became furious and cursed, ” you’ve obviously occupied a large amount of resources in the flying Department. Are you hiding them and not willing to offer them to the Lord? that’s why you’re pushing them to us. I can swear to the heavens that half of the flying division’s resources have been taken by the tan division!”

Tan and the other two powerhouses “expressions changed drastically, and they immediately cursed back.

After that, the six of them began to curse in front of Yunxiao and the other two, as if they were performing a grand show. They cursed at each other in all kinds of ways, making the three of them frown.

enough! Yunxiao pulled a long face and shouted, ” that’s enough!

He swept his gaze across the six people and snorted coldly, ” “Both of your films performed well this time, and I like the good stuff you offered. As for when I’ll come back, we’ll see.”

“Yes, yes!”

Tan heyin hurriedly lowered her head, her face filled with respect.

Their hearts were bleeding at the same time. The so-called ” good performance ” meant that all the resources they had inherited from the flying Department had been taken away. Even their own resources had been taken away.

The two tribes were probably the poorest in the entire Yuan County.

However, the two of them didn’t dare to show any dissatisfaction. Instead, they had to serve him with respect. It was because the strength that these people had displayed was too frightening. They had the power to destroy their tribe with just a raise of their hands.

After all, no matter how good things were, they were all worldly possessions. The most important thing was to keep his old life. As long as there was life, there was hope. A man should know when to yield and when not.

Yunxiao was also overjoyed. He and Wei Qing had both advanced to demon Supreme, so all the remaining resources had been given to Xiao Hong. This included the demon bone of transforming Qilin that he had obtained from the Buddha corridor and the huge amount of resources left behind by the flying division. It was enough to produce a demon Supreme.

If it was anyone else, it would be extremely difficult for them to advance to the demon commander stage. However, Xiao Hong had already achieved rainbow stone spirit transformation, so it would be much easier for her to advance to the demon commander stage. As long as she accumulated enough experience, she would eventually become a demon commander.

So, what Yunxiao had to do now was to keep collecting all kinds of heavenly materials and earthly treasures from the devil realm and pour them into Xiao Hong's body.

After watching Yunxiao and the other two enter the teleportation array, tan heyin stood aside respectfully and watched the light of teleportation light light shine with a grin until the three disappeared before her eyes.

In just a moment, before the afterimages of Yunxiao and the other two faded away, tan suddenly attacked the sound.

Yin was already prepared for this. With a cold snort, she met the attack with a palm and mocked, "I've been waiting for you! There's no time like the present, we'll fight to the death today!"

Both parties thought that the other party still had resources left. Thinking that they were already poor, they might as well fight to the death and snatch the other party's resources.

Little did he know that both of them were now poor.

The small teleportation formation in Yuan County could only take them to the nearby Xiang Cang city. From there, they would be teleported from duguang city to Shui an city, which was a larger city in the ice region.

After several repeated teleportations, they finally arrived at another large region. After a few more teleportations using medium-sized teleportation formations, they finally entered the kun tribe and stopped in a Demon City called duguang city.

"This duguang city is the closest city to the Tian Han city, and it's the only one that has a small teleportation formation. We only need six to six hours to get there. If I were to fly by myself, I'm afraid it would take another half a year."

The judge looked at some information in his hand and began to explain it to Yunxiao in detail.

In the past few months, she had also discovered that Yunxiao had stepped into the realm of a fiend supremacy, and the shock she felt was indescribable. What shocked her even more was that she found that Wei Qing, who was with her, was also a fiend supremacy, and she could vaguely sense that Wei Qing seemed to be led by Yunxiao.

He could not help but respect and love Yunxiao even more.

“Tianhan city?”

Yunxiao’s eyes flickered as he recalled the scene in the kun tribe half a year ago.  
“Yuan, PU, and Hua qianshu, I’m here.”

“It’s been half a year, will they really come?” If they’ve arrived at the kun tribe earlier, I’m sure they’ll be hiding.”

I hope so, ” Yunxiao said. I hope they didn’t act on their own.

What made him feel more at ease was that if anything happened to either mo PU or Hua qianshu, he and Xiao Hong would definitely be able to sense it.

He hadn’t felt anything in this area for more than half a year, so the two of them must still be fine.

The three of them asked about the direction of the teleportation array and went straight.

Duguang city was close to the main city of the kun tribe, Tian Han city, so it was also one of the most prosperous cities. There was a long line in the teleportation area, waiting to be teleported.

The referee frowned. Lord li, please wait a moment. I’ll go and talk to the person in charge and see if we can insert it in front.

After all, in the devil World, the strong were respected. Moreover, there were two lords at the level of devil Lords here. The referee felt that it was very inappropriate to make them line up.

Yunxiao glanced at the queue and estimated that it would take a few days, so he gladly agreed. “Go, just don’t expose our identities.”

Yi immediately moved forward.

A moment later, he saw the referee and two demon lords walking over.

The two demon lords gave Yunxiao and Wei Qing a look, and their faces changed slightly. One of them confirmed, ” “Are the three of you the ones who are going to the Tian Han city?”

that's right, " Yi nodded. thank you for your trouble. Let's teleport first.

The two demon lords looked at each other, and one of them said,"Come with us."

The three of them followed the two of them and were brought directly into a gorgeous room. One of them said, "The three of you, please wait here."

The two of them turned around and were about to leave.

Yunxiao suddenly stopped them and said, "Wait, aren't you taking us to the teleportation formation? Why are you here to drink tea?"

One of the demon lords 'expression changed slightly. He smiled and said,"Since we're cutting the queue, we must go and make some preparations. I hope that the three lords will be patient."

Yunxiao nodded and said, " it's not a problem to be patient. But, why do I feel very uncomfortable in this room? I don't know what you're thinking. There are also more than ten hidden restrictions. Once they are triggered, it will become a death cell, right?"

"What?"

The referee was instantly shocked and furious, and he glared over.

The two demon lords 'expressions changed drastically, and they immediately turned into rays of light to escape.

But, with a faint smile, Yunxiao clenched his fingers and immediately suppressed the two men in the air, making them unable to move or fall.

The two of them were aghast, and their faces turned pale.

you two are acting very strange, " Yunxiao said gently. come on, let's have a heart-to-heart talk.

The two men flipped over in the air, and when their eyes fell on Yunxiao, their hearts trembled and their faces turned dull.

Yunxiao's eyes flickered with strange runes, which immediately captured their minds.

why? " Yunxiao asked. why do you want to deal with us? "

One of the demon lords spoke, using an emotionless voice to say,"Because you're going to the Tian Han city."

The three of them were taken aback. Then, Yunxiao asked again, "Then why do you want to deal with the people who are going to Tian Han city?"

The demon Lord replied, "because all the passages to the Tian Han city were sealed off a month ago. Furthermore, the higher-ups have given orders that no one is allowed to enter the Tian Han city. Otherwise, they will be killed."

"Why?"

Yunxiao's face flickered as if he had realized something was wrong.

"I don't know either. This is an order from above," the demon Lord shook his head.

Yunxiao fell into deep thought, and his face turned extremely unsightly as he said, "This is troublesome. I'm afraid something has happened in the Tian Han city."

"Since you and Xiao Hong have the devil Lord's devil essence and didn't sense anything abnormal, you should be fine," Wei Qing said.

I can't explain it clearly, " Yunxiao said in a deep voice. but I feel a little upset. Let's go to Tianhan city as soon as possible.

He stood up and ordered the two demon lords,"Lead the way, send us to Tian Han city!"

The two demon lords immediately turned around and began to lead the way.

A group of five people walked straight to the teleportation formation.

A large number of demons were busy in the teleportation area. One of them saw the five of them coming and couldn't help but shout,"What do you do?"

"These three lords want to go to the Tian Han city, and they asked us to bring them there," one of the demon lords said.

The man's expression suddenly changed as he discovered the abnormality of the two demon lords. Before he could shout, Wei Qing closed in and directly grabbed his throat, coldly saying,"If you don't want to die, then be more honest."

Very quickly, the entire teleportation zone fell into a state of panic. Everyone lowered their heads and hurriedly adjusted the array to go to Tian Han city.

As Yunxiao and the other two disappeared into the array, the fiends cried out in surprise.

this is bad! Someone is heading to the Tian Han city!

“Quick, inform the higher-ups!”

The entire region immediately fell into chaos, and the person in charge immediately gave the order to stop the teleportation, causing a wave of criticism and dissatisfaction from the outside.

Several hours later, Yunxiao and the other two finally found the spatial exit, but it seemed to be sealed by an extremely strong force, and ordinary people could not break it at all!

there’s indeed an unforeseen event. The power that sealed this passage is not simple!

Yunxiao’s face flickered. At that moment, the three of them were forcibly stabilizing themselves in the spatial tunnel, then suddenly thrust out a palm and hit the seal!

“Bang!”

Under the force of the palm, countless cracks spread out. Yunxiao pressed down hard again, and with a loud boom, a crack appeared.

The three of them rushed out in a flash.

After a few breaths of time, the wound healed itself.

“This is a Kasaya.”

The expressions of the three changed slightly. They had appeared directly in a huge city, which was currently in chaos.

On the wide street, all kinds of demons were walking with their heads lowered, and many of them were still in formation with their warrior weapons. Everyone’s face was full of vigilance and murderous intent.

“Is this the Tian Han city? Why is it so chaotic? what happened?”

Yunxiao was a little worried. He immediately released his divine sense and searched the city without restraint.

However, the city was too huge, and it was difficult to find anything in a short time.

The referee was also confused, shaking his head, ” “This should be the Tian Han city. Let’s find someone to ask. I’ll contact Master Zhai.”

Chapter 2337: Chapter 2337-meeting

549690339

Just as the three of them rushed out of the passageway and descended upon the Tian Han city.

In the main hall of the Tian Han city, an array master revealed a look of horror as he cried out, "Someone has barged in!"

The array master hurriedly cast several incantation seals into the array, and then immediately detected the intruders' coordinates. He took out two black talismans and shot them into a small array beside him.

In another part of the main hall, in a dark secret room, a black talisman suddenly appeared in the void and slowly descended.

A pure white jade hand grabbed it, and the black talisman immediately burst into flames. A message was then transmitted into his mind.

The owner of the Jade-like hand raised an eyebrow, but then returned to normal, no longer showing any fluctuations.

"What's wrong? Has the Army entered the city?"

In front of him, a dark shadow was moving and sneering.

The figure was very burly, but at this moment, he was tied up by a thick iron chain that penetrated many acupuncture points on his body. There were hundreds of them, which was a shocking sight.

No, but someone broke into Tian Han city. I wonder if it's Li Yunxiao.

The owner of the Jade-like hand said indifferently. Under the flickering demonic light emitted by the lights on the wall, a cold and beautiful face was revealed. It was Mo Yuan.

"Well, I think he's probably coming. This brat said that we would meet in Tian Han city, but he made me wait for him for more than half a year. Where is he going to keep his word?"

The tied-up black shadow had an angry expression on his face as he stared at Mo Yuan. It was actually Demon Lord PU!

"I didn't expect him to drag it out for so long, I don't know if it's a good thing or a bad thing," the referee said.

"Bah!"

“If he hadn’t come late, I would have been isolated and helpless,” mo PU rebuked angrily. How could it be taken down by you and the Holy See? If this brat had come half a month earlier, you would be the one locked in this devil trapping wall!”

Yuan raised her head and glanced at him, saying, “If that’s the case, there wouldn’t be an Army surrounding the city now.”

PU chuckled, “you’re reaping what you’ve sown. I didn’t expect there to be a Holy fiend in the Archaeus region.” He naturally won’t sit by and watch you grow.”

Yuan lowered her head and remained silent.

After a while, he closed his eyes and began to meditate.

All kinds of demon stones were piled up beside her, and the astonishing demon Qi almost transformed into a Dragon and poured directly into her body.

hehe, ” PU laughed. you’ve been injured by me, and you don’t even have the courage to devour me. How can you fight li Yunxiao? how can you fight the Saint demon of the ancient land? ” I advise you to let me go, and then I’ll devour you, then li Yunxiao, and finally meet the newly born Holy fiend for you.”

Yuan was still silent, as if she had already meditated. There was no expression on her face as she quietly absorbed the devil essence.

Somewhere in Tianhan city, not far from Yunxiao and the other two, a black talisman suddenly appeared and slowly fell into the hand of a fiend Lord.

“Follow me!” The demon Lord’s expression changed slightly.

The demons that were in formation flew into the sky and followed the demon Lord.

I’m using a secret skill to contact them ” when suddenly, a large number of demons flew over.

what? ” Yunxiao’s eyelids twitched. are they coming for us? ” he asked. He also looked around a few times, but there seemed to be no one else in the vicinity except for the three of them.

The group of demons flew down and surrounded the three of them, their killing intent overflowing.

“How dare you break into Tian Han city! Report your identity!”

The demon Lord in the lead glared at the three of them coldly, his killing intent rising, but he was instantly stunned. It was because he could not see through Yunxiao and Wei

Qing's cultivation base at all except for their bones. At a glance, it was like an endless abyss, so deep that no bottom could be seen.

"W-why have the three of you come?"

The demonic monarch's face immediately changed, and he felt extremely depressed. Yunxiao and Wei Qing were just standing there, but they gave him an inexplicable pressure.

just in time, " Yunxiao said with a smile. I'm here for an appointment. Your lady Yuan has an appointment with me.

"You have an appointment?"

The demon Lord was stunned for a moment before hurriedly smiling, "So you're lady Yuan's friend, please follow me."

He was very polite, so he led Yunxiao and the other two to the main hall.

The referee was quite worried, but when he remembered that Yunxiao and Wei Qing were both fiend Lords, he was relieved.

The Tian Han city was as big as the shooting star City. The group flew for more than an hour before they arrived above a huge Palace.

The demon Lord pointed down and laughed, " lady Yuan is inside. Due to our identities, it is inconvenient for us to enter. Please inform us of your identities before you enter.

"Thank you," Yunxiao cupped his fists and said.

"You're welcome, it's what I should do."

The demon Lord chuckled as he watched the three of them fly down. Then, the smile froze on his face, slowly disappearing. After that, his expression became serious.

Another Demon Lord by his side said worriedly, "My Lord, why did you believe them so easily? What if they are enemies?"

The demon Lord suddenly turned around and glared at the man. He coldly said, " "Do you want to die?"

The other Demon Lord trembled in understanding.

The demon Lord sneered, "do you think I'm not as smart as you? don't you doubt the identity of these three people?" It's just that none of these three are weaker than me. If they were really my enemies, we would have already disappeared. It's rare for them to

say that they're lady Yuan's friends, this is giving us a way out! If you don't take the path that they're giving you, then you're really hopeless!"

The surrounding demons felt a chill when they heard this. It was as if they had just come back from the gates of hell.

The demon Lord snorted, "if there's anything, you know how to answer." These three people insist that they are lady Yuan's friends and have come to meet with her. That's why we brought them here, understand?"

"We understand, we understand!"

His subordinates all nodded their heads like chickens pecking at rice.

Yunxiao and the other two swaggered toward the Great Hall.

There was a somber atmosphere in front of the hall, and two teams of demons were patrolling in turn.

Yi felt a little uneasy and said, "Then the demon Lord who brought us here was too careless. He believed our identity so easily."

they're not careless, " Yunxiao said with a smile. they're very smart.

"What?" the referee was stunned. Why do you say that?"

Yunxiao smiled and said nothing. Wei Qing sneered and said, "Only the smart can live longer."

As the three of them were talking, they were immediately discovered by the patrol team.

"Who is it?"

The two groups of demons were immediately alarmed. They immediately surrounded him, each of them holding a spear and confronting each other with a murderous aura.

I have an appointment with your clan leader, " Yunxiao said. I'm here to fulfill it.

"An appointment? Hmph, you can't prove it with words, but do you have evidence?"

The leader's face was gloomy as he stared at the three of them with an extremely fearful expression.

I don't have any evidence, " Yunxiao shook his head. I'll ask Yuan to come out and see it.

“Impudent! You can’t just meet master Hu whenever you want, take him down!”

The leader shouted and immediately waved his hand.

The two patrol teams of Devils immediately roared and rushed forward. Their killing intent and devil essence exploded, alarming a large number of Devils in the surroundings.

now you understand how smart the demon Lord was, don’t you? ” Yunxiao looked at the referee with a smile. do you? ”

The referee was stunned for a moment before he reacted. He smiled bitterly, ” “That man is so cunning.”

Yunxiao raised his hand and made a grabbing gesture. The laughing pride mortal dust fan fell into his hand, which expanded to half the size of a man, and then he waved it around!

“Boom boom boom!”

The Asmodians who had rushed up were all sent flying by the fan, and more than half of them exploded in the air, killing and injuring many.

“Y-you’re

The leader was shocked and hurriedly turned to escape.

Yunxiao waved his fan again, and with a bang, the leader was sent flying into the Great Hall.

The restrictive barrier on the hall was activated on its own, and the powerful light was twisted by the power of wind and Fire. Although it was not broken, a large number of buildings inside were toppled.

the defense of this Hall is indeed good, ” Yunxiao said with a smile. but, I wonder how many strikes can it withstand? ”

He raised his hand and was about to fan again when a light flashed in the hall, and Yuan’s figure appeared. She said coldly, ” “Stop!”

At this moment, the demons all around recovered from their shock and gathered from all directions, but they didn’t dare to get too close. As soon as they saw Yuan, they all stopped to greet her.

“Lady Yuan, you’re finally willing to show yourself?”

Yunxiao held a fan in his hand and began to fan himself, looking very relaxed.

“You’ve reached the demon Lord realm?” Yi’s eyes narrowed and asked coldly. Then, she glanced at Wei Qing and nodded, ” “Very good, the two of you have quite the good fortune. It seems that you’ve already killed the Shang Emperor.”

no, ” Yunxiao laughed. I just sent him back to the origin of heaven and earth.

Yuan was silent for a while. She stared at Yunxiao with a complicated expression and did not speak.

I’m here as promised, ” Yunxiao said. what can I do for you, lady Yuan? please tell me.

“You’re someone I must kill, but it might not be now,” Yuan said as she looked at him coldly.

Yunxiao sneered, ‘Who Do You Think You Are? You decide everything?’

although you two are demon lords, ” Yi said, ” you are not my match. Let’s change our battle agreement.

“Change the contract? What a joke!”

Yunxiao’s eyes turned cold as he said, ” “What right do you have to talk to me about changing the contract? Or perhaps he’s boasting of his Holy demon strength?”

With Yunxiao’s eye sorcery, he could see at a glance that Yuan was injured. Although his face was full of sarcasm, his heart was filled with horror. The number of people who could hurt her in this world could be counted on one hand.

Yi’s eyes turned cold as she said, “you also wish to kill me, don’t you?” However, if we act now, we’ll end up in a situation where both Jade and stone are destroyed, and the third party will benefit.”

“A fisherman?”

“By ‘fisherman’, do you mean the people who besieged the city?” Li Yun asked.

The judge nodded.

someone from the ancient realm? ” Yunxiao asked. someone from the ancient realm? ”

“Hmph!” Yuan’s expression changed slightly, and she snorted coldly, “you seem to know quite a lot about the devil World.”

Yunxiao’s face turned a little unsightly as he said, ” “Was it the devil that injured you?”

“You even know about the devil Lord?” Yuan was even more shocked. “No, it was mo PU who injured me,” he shook his head.

“Lord PU?”

Startled, Yunxiao cried out, “Where is he now?”

“He’s already dead,” Yuan said slowly while staring at him.

Chapter 2338: Chapter 2338-transaction

549690339

“Dead? Haha, do you think I’ll believe you?”

you’re indeed a stupid woman, ” Yunxiao sneered. we all have Emperor’s devil essence, so we can sense each other. If master PU were to die, I would definitely have noticed.”

Anger appeared between Yuan’s brows and she said coldly, ” “Even if he’s not dead yet, he’ll be soon. I can tell you clearly that the devil Lord’s goal is to seize the realm of heavenly martial arts. Now that I’ve become a Holy demon, he’s afraid of me, which is why he led his Army to surround the city. If you insist on making a move now, then you and I will both die under the demon’s hands. At that time, the realm of heavenly martial arts will also be annihilated.”

Yunxiao’s heart skipped a beat, but he still said sarcastically without changing his expression, ” you speak as if you’re full of good feelings for the realm of heavenly martial arts.

“I don’t have a good impression of him, but I don’t have any ill intentions either. After all, that’s Zhuo kun’s hometown.”

A layer of mist appeared in her eyes, as if she was a little sad.

Yunxiao’s mind raced, and after exchanging a few glances with Wei Qing, he suddenly felt a little embarrassed.

Mo Yuan was indeed a great threat that had to be eliminated, but the mysterious devil head was an even greater threat, and a current threat at that.

After weighing the two, they should indeed work together with Yuan to keep the devil in check.

“Lord li, do you still remember the deal I mentioned to you?”

Suddenly, a familiar voice rang out. A demonic light flashed beside Yuan, and Yi suddenly appeared. His eyes flickered as he said, "You really didn't let me down. You actually managed to obtain the sacred ice jade and step into the demon Lord realm."

Even though Shroud was mentally prepared, he was still shocked.

"What's the deal?" Yunxiao asked with a frown. "What's the deal?"

Yi stood with his arms crossed and said, "We'll fight the devil together." "If I win, I can guarantee that I will never invade the realm of heavenly martial arts for the next 100,000 years."

"Really?"

Yunxiao's face flickered as he stared at the judge in surprise.

Yuan nodded and said, "But the scope is not large. I can only restrict the tribes under my jurisdiction. I can't involve other tribes, such as Yuan. You can discuss this matter with her alone."

Yunxiao was quite tempted. If the demon tribe could remain neutral, the pressure on the heavenly martial realm would be greatly reduced.

Moreover, the devil was the ultimate problem. If he could get rid of it with Yuan and Yuan's hands, he would be able to eliminate a huge problem.

Yuan looked at Yunxiao coldly and said, "If you can help me kill The Fiend, I won't participate in the war between the two worlds. However, if there's someone I don't like, I'll still kill them if I want to. As for you, I'll definitely kill you."

"It doesn't matter whether you kill me or not," Yunxiao sneered. "It doesn't matter. And where was Mo Pu? I want you to let him go. Where is my disciple, Hua Qianshu?"

"It's impossible to let Mo Pu go. You're dreaming." Yuan's face turned cold. "As for that trash disciple of yours, I've never put him in my eyes, and I've never even seen him before."

Yunxiao was stunned. He knew that she would never lie about this, and he could not help but wonder about Hua Qianshu's whereabouts.

Seeing his hesitation, the referee said, "What do you think of this deal? It was very beneficial to both sides. Currently, among the seven great regions in the central devil realm, only I and Yi dare to contend against the devil Lord. Although man had some tricks up his sleeve, he didn't dare to confront him directly. If our two tribes fail, then the devil Lord will really unify the central tribes. When the Army enters the realm of heavenly martial arts, I'm afraid even you can't stop it."

“Alright, I’ll do this deal.”

Even without the referee’s explanation, Yunxiao understood the relationship between them. It was indeed a situation where both sides would benefit if they worked together, and both sides would lose if they were separated.

haha! Yi was overjoyed and laughed. I knew the heavenly martial Alliance’s leader was no ordinary person. He would definitely agree with my opinion. He looked at Yuan with a smug expression.

I can postpone my grudge with Lord Yi, ” Yunxiao said. but, I wonder how confident you two are in dealing with the devil.

As soon as he asked this question, it became quiet.

“I’m not confident at all,” the referee said bitterly after a long while.

Yunxiao frowned as he gave Yuan a glance and said, ” “Isn’t she at the Saint Demon Realm?”

Anger appeared on Yuan’s face, and she snorted coldly, “I’m currently injured, and I’m afraid it’ll be difficult for me to recover in a short period of time.”

Yi nodded, “I’ve also suffered quite a bit of injury, but I’ve recovered a little.” Before you came, we had just suppressed mo PU.”

Yunxiao’s face flickered. He could imagine the earth-shaking battle, but he did not know how mo PU was doing. From the looks of it, it had definitely not been devoured by Yuan, but for some reason.

If possible, he had to do everything he could to prevent mo Yuan from devouring PU. Otherwise, if a Saint demon that could control a six paths demonic weapon was born, the threat would be no less than the demon head.

“I can roughly understand your meaning,” Wei Qing suddenly said. In other words, the two of them were injured and would not be of much use in the battle against the demon Lord. Then may I ask what is the value of your deal? Isn’t this the same as getting something for nothing?”

Zheng and Yuan’s expressions changed, and they were furious.

Wei Qing is right, ” Yunxiao nodded. since it’s a deal, we naturally have to cooperate on equal terms. Now that you two are sick, it’s not cooperation, but a request for help. If it’s a request for help, then there must be additional conditions.”

“Haha, that’s the biggest lie in the world!” Yi laughed in anger. What other conditions do you want?”

‘Release mo PU,’ Yunxiao said calmly. I can be in charge of persuading him not to seek revenge on you for the time being. I can even let him deal with the demon head together.”

“That’s impossible!”

“I’ve already told you, there’s no room for discussion!” The referee said angrily. The current situation isn’t about who’s begging who, but if we don’t join forces, we’ll burn both Jade and stone. Don’t even think about threatening me with this. If you don’t like it, you can get lost and even try to attack me!”

Seeing that she was extremely agitated, Yunxiao could tell that she had paid a great price to capture mo PU, and even his demonic body was seriously injured. So, it would be difficult to explain to her in a short time.

“Alright, let’s not talk about this for now. Tell me how to deal with the devil first. If you don’t have a specific plan and just want us to rush up, then goodbye.”

“Of course not!” The referee replied. Let’s go into the hall and talk.”

Yuan immediately gave the order to open up the defensive array of the main hall, and the group of people immediately flew in.

The demons in front of the hall finally let out a sigh of relief and began to clean up the things that had been destroyed by the laughing proud red dust fan.

After entering the main hall, they saw a huge square table placed in the center. On top of it were the sandplates of the entire Tian Han city, and they were all marked with various marks.

It seemed that Yuan and Yuan tribes had made a lot of preparations to fight against the demon head.

Yunxiao looked at the sandbox, which was covered with all kinds of enemy signs around the city. Frowning, he said, ” “They’ve surrounded us?”

“They have indeed been surrounded,” Yi nodded. He pointed at the patterns on it and said,”this is the Ji tribe, this is the palace tribe, and this is the Suan ni.”

A total of four armies had gathered around the Tian Han city, sealing off all escape routes.

how many people do they have? ” Yunxiao asked. how many people are there? ”

“That’s hard to count. With the addition of all kinds of terrifying demonic beasts and birds, they’re at least five times stronger than us,” Shang replied.

“Five times?”

Yunxiao was taken aback. after all, you are a joint force of two major tribes, right? these four tribes were repelled by me in Red Moon City, and they have suffered heavy casualties. You did not participate in the battle of Red Moon City, so you should have been well preserved.

Yi sighed. they came prepared, while we are fighting at the last minute. Furthermore, all the teleportations are controlled by the other party. It is difficult for each tribe to mobilize. In addition, there’s also the power of the Archaeus region itself.”

“Then we can only defend now, but the city will break if we surround it for too long,” Wei Qing said coldly.

“That’s right,” the referee nodded. Before the two of you came, Yuan and I thought that we should delay as much time as possible and wait for us to recover from our injuries before we kill our way out. At that time, even if we can’t protect the entire city, we can at least save our own lives.”

There were no outsiders in the hall, so he spoke his true intentions without any restraint.

“What about now?” Yunxiao asked. Even with the addition of the two of us and reinforcements, it doesn’t seem to be of much use.”

“How could that be? Lord Li is too modest.”

the two of you are demon Supreme powerhouses, ” Yi laughed. I even have twelve shocking puppets with me. With the three of you working together, I’m afraid even a Holy demon can fight it.

Yunxiao’s face flickered as he said coldly, ” “Don’t tell me you want the three of us to fight the devil head?”

“Hehe, of course not. Lord Li is overthinking.”

with three of them participating, ” Yi said with a smile. we have the strength to fight against the four divisions.

“What about the ancient realm?” Yunxiao asked.

Yi’s expression turned serious. to be honest, ” he said in a deep voice, ” even I haven’t seen the devil’s true appearance. I’ve only seen his clone.

a clone?!

Both Yunxiao and Wei Qing's faces flickered as they exchanged a look.

This action was immediately noticed by the referee, who asked suspiciously, "Why, do the two of you seem to be in a dilemma?"

it's nothing," Yunxiao said, waving his hand. please continue, Lord Chi.

Although the referee was dissatisfied, he didn't say much and continued, "The patriarchs of the eight tribes have been to the Archaeus region several times, and each time, The Fiend Lord's clone would receive them. According to my spies in the Archaeus region, the devil Lord has a total of six incarnations, and none of them have fused into one."

so, Lord Chi, do you mean that the devil head's current strength may not be at the Saint Demon Realm?" Yunxiao asked seriously. we don't have to worry about it? "

"It should be," the judge nodded. Even since the city was besieged, he had never seen the devil head appear, not even his clone. Otherwise, if the devil head is fine, he could just show himself and give the order to lead the people of the four divisions to break into Tian Han city in an instant. There would be no need to be in a stalemate here."

what you said is very valuable," Yunxiao nodded. that's what I've deduced.

Richard was stunned.'What the hell are you calculating? you heard it from me, and now you're pretending to be mysterious.' However, he still had a smile on his face. He chuckled and said, "If that's the case, our chances of winning are still extremely high,"

what's your plan then?" Yunxiao asked. what's your plan? "

The judge's face turned serious as he stared at Yunxiao and said, "My idea is that the judge and I will try our best to recuperate, and the entire Tian Han city's attack, defense, and retreat will be taken over by Lord li!"

Chapter 2339: Chapter 2338-old and new grudges

I'll host it?!

Yunxiao was taken aback. He looked at the two men suspiciously, then pointed at his chest and said with a smile, "you want me, an outsider from the heavenly martial realm, to take charge of the attack and defense of the entire Tian Han city? "

Wei Qing and Yan also found it unbelievable.

Yuan's brows furrowed slightly, but she did not speak.

The referee nodded and said, "that's right, leaving it all to Lord Li is actually the best method." As long as we can drag this out until Yuan and I recover from our injuries, we'll be able to counterattack and kill the four divisions, or even invade the Archaeus region."

Yuan slowly said, "you're the heavenly martial Union's chief, and you've fought with the four divisions many times in the battle of Cang Xuan mountain. You've also successfully repelled them." I think he's very experienced, and he's even more reliable than the two of us."

then how long will it take you to recover your strength? " Yunxiao asked after some thought.

Yuan said, "I only need a month or so, but for Yuan, Yuan Yuan ..." His eyes were filled with worry.

"At least half a year, at most a few years," the referee replied.

Yunxiao took a deep breath and chuckled. "Half a year to a few years is a joke, right?"

"I'm not joking. I'm indeed seriously injured." However, if I'm given a month to recuperate, I should be able to deal with a demon commander,"

if we have five times the combat strength of Tianhan city outside, it's impossible for us to last for half a year, " Yunxiao said seriously. we can only take one step at a time. Wei Qing and I can only do our best, but if the city is broken and the situation is over, the two of us won't stay for too long, let alone leave our lives in the Tian Han city."

The referee naturally understood this logic and nodded, " I guess that's the only way."

Yi was also a little pessimistic as he sighed, "even if the Tian Han city is broken, the devil head's pursuit of us will not stop." Since we have a common enemy, I hope we can work together in the future."

alright! Yunxiao nodded and said, " let's get through the current difficulties first.

After all, he was happy to see the demons kill each other and restrain each other, especially when he could use the power of the yuan and Yuan tribes to deal with the demon head, which was an unexpected good thing.

Yuan and Yuan each took out a token and handed it to Yunxiao, saying, " "This is our order. We can mobilize all the resources in the city."

Yunxiao put it away without any hesitation and said, "Then the two of you should have a good rest. I look forward to seeing you guys recover as soon as possible. We'll kill our way out and exterminate that devil head."

"I hope so," Yi laughed bitterly.

After that, the two of them explained some other matters and called for the higher-ups of the two departments to announce the current situation to them.

Even though it caused a large amount of opposition and shock, it gradually calmed down.

The devil World was a place where fists spoke. Whoever had the bigger fist had the bigger right to speak. So, when Yunxiao and Wei Qingzhan revealed their strength as fiend Lords, everyone shut up and immediately said that they would follow the arrangement.

The following days were peaceful.

Yunxiao and Wei Qing were happy to cultivate in the city. The first order Yunxiao gave was to take out all the precious resources in the city and offer them to them for their cultivation.

The higher-ups of the Tian Han city were all stunned, but they didn't dare to disobey the order. Yuan and Yuan had gone into seclusion again, so they could only do as they were told.

In line with the principle of 'whoever sees it gets a share', Yunxiao also gave each senior official a lot of it, which made everyone smile. Soon, he got along with everyone.

On the seventh day, a loud rumble suddenly came from the sky above the city. Yunxiao and Wei Qing came out of their seclusion and immediately appeared in the sky.

All the security forces in the city were gathered and they rushed to the hall.

Yunxiao raised his head and saw a dark shadow looming over him from tens of thousands of feet high in the sky. He could only see a large number of demons flying around in it, concentrated in an area of about ten acres, and attacking intensively.

Wei Qing stared at the attack for a while before frowning, "We're in big trouble,"

what?" Yunxiao was surprised. how do you know?" I see that these attacks are very ordinary. It will take some time to break the array."

He had specially checked the great city-protecting array of the Tian Han city and it was indeed very powerful.

The defender array of the demon world had its own characteristics, which were that it was solid and singular, and it could continuously transmit energy.

It was not like the realm of heavenly martial arts, which liked to make it gaudy, adding all kinds of offensive means in addition to defense. Moreover, there was more than one way to defend and attack. Therefore, the city-guarding formations of the cities in the realm of heavenly martial arts were all extremely complicated.

Wei Qing said, "if they were to attack with full force from the start, it means that their mentality is unstable and they are impatient." But now, they are using these useless demons to attack the city's great array. This proves that they have made a comprehensive battle strategy. I'm afraid that the gentleness in front of us will soon become intense."

Sure enough, it didn't take long for the frequency of the attacks to become stronger and stronger.

In the center of the array in the Tianhan city, a few array Masters were staring at the array nervously, afraid that there would be a slight mistake.

Yunxiao's face turned a little serious as well. He rubbed his hands and looked at them quietly.

At this moment, a large number of experts in the Tian Han city had already gathered over. They were all standing behind the two of them, looking at the situation around them nervously. He also released a large number of the magical beasts and birds that were reared in the Tian Han city.

"A decisive battle?"

With his hands behind his back, Yunxiao watched silently as his opponent bombarded the array. It was just as Wei Qing had said, the power went from weak to strong without a moment of pause, and it had been going on for about 12 hours.

At this moment, the color of the barrier began to turn downward, showing that its power was declining and gradually could not support it.

While Yunxiao was calculating in his heart, he suddenly raised his hand and ordered, "Have the formation removed."

"What? Withdraw the formation?"

The faces of the demons behind him all changed.

Wei Qing looked at Yunxiao and understood what he was thinking. "You mean that this is not a decisive battle, so you want to preserve the formation to avoid suffering the backlash of breaking the formation?"

that's right, " Yunxiao nodded. this defender array is very useful. It would be a pity if it was destroyed. After all, we don't know if this is the final battle. If the formation is destroyed and the battle continues, we'll be in a very passive position."

Wei Qing nodded,"I also agree with the idea of preserving the formation." Everyone should be prepared, no one can guarantee their survival in this battle. But even if he died, he would not let the other party have an easy time! Since the other party has chosen to start a war with us, they must pay the price!"

Wei Qing had always been the leader of the sanctuary, and he was born with the temperament of a superior, which immediately boosted the morale of the soldiers.

we've been cultivating in Tian Han city. Since these B \* stars dared to come and attack us, we'll make sure they never return!

A Demon Lord also shouted loudly. Immediately, his voice shook the sky, and his killing intent soared to the sky.

At this moment, the array core stopped the operation of the city's great array.

The entire sky brightened in an instant, followed by a large number of demonic creatures that were attacking the city. They fell towards Tian Han city like a meteor shower.

Everyone found it difficult to breathe just by looking at the demonic creatures falling from the sky.

Fortunately, they were all low-level existences and did not pose much of a threat.

Yunxiao took out the proud smile of the mortal world and waved his hand at the sky a few times. He controlled the strength of each wave so that he would not lose too much of his power.

"Boom boom boom!"

The terrifying power transformed into gusts of strong wind and huge flames that rushed into the sky, instantly crushing all the demons.

The horizon instantly became clear and bright, and even the demonic Qi was swept away.

"Ah?"

All the demons behind Yunxiao were dumbfounded. They widened their eyes and rubbed them, thinking that it was an illusion.

Wei Qing was also very shocked. Although he had seen Yunxiao use the fan a few times, the effect was the most amazing on the battlefield.

At least a thousand demons had died at his hands.

The entire sky was silent, and the four division Alliance seemed to be completely dumbfounded.

A few beams of light flew over and instantly materialized above Yunxiao and the others. It was the four demon supremacies.

Then, a large number of demon lords arrived. They were like stars that filled the sky.

The faces of the demons in the Tian Han city turned pale. They all widened their eyes in hatred and revealed a ferocious look.

“It’s you, Yingluo!”

Yunxiao! Gong suddenly cried out in the silence. He could not believe what he was seeing at that moment, and his eyes were as wide as pomegranates as he stared at Yunxiao.

The other three demon supremacies also discovered this, and their expressions changed drastically in shock. For a moment, all sorts of questions popped up in their minds.

Yan said coldly, “no wonder I kept feeling that something was wrong during the battle of Cang Xuan mountain. It turns out that the kun tribe and the kun tribe have already colluded with the heavenly martial realm! Then the four divisions “crusade this time is only natural!”

“Tsk!”

why? ” Yunxiao sneered and said, “losers always like to find excuses. Therefore, since you’ve been defeated once in the red moon City, you’re going to be defeated a second time in the Tian Han city today.”

“Hmph, what an arrogant tone.”

you ... hou’s heart was burning with anger. originally, I still had a grudge against Yuan. Now it seems that Yuan really deserves to die.

“Everyone, be careful,” Ji said vigilantly. This person is already at the demon Lord realm, and the people around him are also weak.”

Suddenly, he paused and his face fell. His heart was in turmoil.

Why were there two more demon supremacies all of a sudden?

The other three’s faces changed drastically as well, when they found that Yunxiao and Wei Qing’s cultivation base was the same as theirs.

“How did they overcome the demonic realm’s power?” Gong asked in shock.

“This is not difficult,” Ji said, “as long as you refine the item condensed by the power of the devil World.” The two of them had most likely refined the rainbow stone, but how could they step into the demon Lord realm in such a short time? Even our demon race can’t have such an easy time!”

“No matter what, we can’t let them live!” Hou said sternly. Let’s forget all the Old and New grudges!”

“We’d better be careful. Yuan and Yuan are still hiding in the city.” Gong’s expression was unsightly. In that case, they actually have four mo venerate existences.”

Yan angrily shouted, “how can it be counted like this?” At most, these two brats have only broken through recently. How can they be compared to us? I alone can exterminate the two of them!”

Chapter 2340: Chapter 2341-fighting the demonic flame

549690339

Gong glanced at him and chuckled, “Oh? Then do you want to try? It just so happens that the face that we lost at Cang Xuan mountain, we have to rely on this time to get it back.”

The anger on Yan’s face froze for a moment. He glanced at Yunxiao and Wei Qing, then said resentfully, “There are clearly four of us, and we’ll definitely win. Why do you want me to take this risk alone? Just for a moment of pride?”

we still have to be on guard against Yuan and Yuan, ” Ji said. especially mo Yuan. It’s said that she already has the power of a half-step Saint demon. If you can take on the two of them, we won’t have anything to fear.

Yan’s face twitched as he said, “It’s said that Yuan has been seriously injured in a great battle in Tian Han city. And what I’ve seen seems to confirm that this is true.”

"It's better to be safe than sorry," Gong said. "It's better to be prepared." If you're afraid of any mishaps, why don't you ask one of them to come forward and fight one on one, then sign a life and death contract? This way, as long as we can kill one of their demon Venerables, not only will we have the advantage in strength, but our morale will also be high. At that time, we can lead our Army straight down and exterminate them!"

"Gong's method is feasible," a strange expression flashed across Hou's face.

The three demon superiors looked at Yan. Yan's face was a little hot, and he said reluctantly, "Why should I go?"

"Didn't you just say that neither of them are your match?" Gong pretended to be surprised. "Are you afraid of challenging one now?"

Yan fell into deep thought. Speaking was one thing, but taking action was another. Although he didn't think that he would lose, he was still extremely unwilling to take this risk alone.

"As long as you go down and fight them and kill one of their demon Venerables, the three cities that you and I have disputes over will all belong to you," said Gong. Sigh, for the sake of the big picture, it's not a big deal to sacrifice my personal interests."

"Hmph, what personal benefits? Those three cities should have been mine!"

Yan grunted. They were talking about the territory that they fought for after Blue died.

"Alright, I'll agree to it," Yan said after some thought.

The two people in front of him only had the strength of a Demon Lord at the battle of Cang Xuan mountain, so no matter how abnormal they were, they could not be his opponent.

He immediately walked down with relief and shouted, "Savage! Since you all want to be cannon fodder for Yuan, then this Lord will fulfill your wishes! Now that I'm here, does anyone of you dare to come forward and court death?"

Yan was one of the eight great demon Venerables and had been in a high position for a long time. His aura instantly made all the demons in the Tian Han city feel uneasy and nervous.

"What do you mean?" Yunxiao asked in surprise. "Are you going to fight all of us alone, or are you going to fight all of us alone?"

"So what if I challenge all of you?" Yan rebuked angrily. "However, the two of you have also stepped into the demon Lord realm, so I can give you a fair method. Which one of you is willing to come out and fight me?"

“Tsk! So it’s a one-on-one fight!”

it’s not the time for you to come out and play the hero, ” Yunxiao said with a hideous smile. the two armies are at war now.

“Bang!”

The aura on Yan’s body exploded, and half of the sky cracked open. A large number of demons turned pale in fear. He clenched his fist and said coldly, “if you don’t dare, then kneel down and I’ll deal with you after I kill Yuan!”

Yunxiao’s face was frosty as he said coldly, ” “If you court death, then you really have to die!”

Yan sensed the killing intent from Yunxiao, so he sneered contemptuously and said, ” “Oh? Are you the one to fight?”

since it’s a battle, there should at least be some rules, ” Yunxiao said expressionlessly. I can’t let you run away with your tail between your legs after a long fight.

Yan’s heart was filled with joy. Just as he was thinking about how to talk about the life and death contract, he didn’t expect the other party to mention the rules. He immediately said, “Naturally not! You and I will make a heart’s vow in front of everyone and have a life-and-death battle. No matter what method we use, we will fight to the death!”

Yunxiao chuckled, his eyes flashing as he said, ” “It seems like you’ve already planned this. Alright, I’ll send you to the West!”

“Are you confident?” Wei Qing asked with some worry.

at this moment, ” Yunxiao said, ” even if I don’t have the confidence, I have to fight.

He walked forward very lightly, without any magical fluctuations, just like an ordinary person.

But the more this was the case, the more nervous he felt.

“Everyone, retreat 3000 feet and form a formation to protect the Tian Han city,” Wei Qing ordered.

“Yes!”

The higher-ups of the Tian Han city were immediately mobilized, ordering everyone to fly down. Tens of thousands of people formed an array at the same time, almost

covering the entire Tian Han city. The effect was not any weaker than the great city-protecting array.

Only Wei Qing and Yan were left in the sky, as well as more than ten higher-ups of the Tian Han city. They looked at the lonely figure who was slowly walking forward.

Yan's heart trembled. He suddenly had a bad feeling, but he quickly dispelled it, thinking that he was too nervous.

In the air, in front of tens of thousands of demons, the two of them immediately swore a life and death oath.

Heaven and earth seemed to have sensed it, and it became even gloomier.

"Everyone, retreat 30000 feet," Ji ordered.

All the demons flew back, leaving a large space for them.

"Are you prepared to die?" Yan laughed nastily.

you're about to die, " Yunxiao said. you talk too much nonsense.

"Impudent!"

die! Yan shouted in anger. He shook his hands and two crescent-shaped demonic lights came slashing down, forming a cross in the air!

But, with a faint smile, Yunxiao's figure faded and disappeared in front of him, leaving the two crescents in the air.

The next moment, half of the sky behind Yan turned purple. A purple lightning Dragon broke through the sky and bit at Yan's head.

Yan suddenly turned his head. The flame between his eyebrows flashed, and a huge Lotus immediately appeared. It was the ice fiend Heart Flame, which condensed into a fire shield in front of him!

"BOOM!"

The purple Thunder Dragon rushed into the fire escape, immediately stirring the wind and clouds, and absorbing all the demonic Qi in the surroundings.

Then, Yunxiao's figure suddenly appeared in the sky where the two forces were locked in a stalemate. Holding the axe with both hands, he swung it down at Yan's head!

Yan's expression changed slightly, and a bad feeling rose in his heart. The other party's combat skills and strength seemed to be far above his assessment.

However, it was too late for regrets. After all, he had been a demon commander for many years. He immediately collected his thoughts and formed a hand seal with one hand. Then, he slapped the battle-axe with his palm!

“BOOM!”

The battleaxe struck the top of Yan's palm, creating ripples.

Yan's expression suddenly changed. He only felt his arm sink, as if there were signs of him being unable to withstand it. At this moment, the fire shield and purple lightning in front of him seemed to be extremely irritable!

“BOOM!”

The two forces exploded almost at the same time, instantly devouring the two of them. The powerful light waves spread out in circles, sweeping across the entire sky.

Everyone held their breath as they watched. Although they had guessed that the life-and-death battle would be extremely intense, they did not expect that in just a few breaths of time, such a huge commotion would be caused.

Yan clenched his hands tightly and a layer of air wave rippled out from his body, repelling the impact force outside his body.

His eyes swept around the center of the impact, chasing after Yunxiao's figure.

When the two forces exploded, Yunxiao's figure flickered a few times and then disappeared before his eyes.

“Come out!”

you're courting death! Yan shouted in anger. He made a hand seal and flames emerged from his body, turning into a red armor.

He knew that he had met a strong opponent. His opponent was definitely not as simple as an ordinary demon commander. Otherwise, he would have been injured by the impact just now.

A melodious voice rang out behind him. It was filled with endless sneers and disdain. as you wish.

Yan's pupils contracted, and a sense of danger spread in his heart.

“Impossible!”

His heart trembled as he felt an unusually dangerous aura coming from behind him. Yan didn't even think and formed a seal with his right hand, striking behind him!

“Bang!”

Yunxiao grabbed the floating sword and cut it directly into the palm print!

The terrifying sword force was like a continuous stream of river water, directly shattering the palm print. The sword light pierced through Yan's right arm with an unstoppable force!

The center of the explosion was also cut open by the sword Qi at this moment. Yan roared in horror and found that his entire arm was gone. His eyes were full of shock and disbelief.

As soon as Yunxiao's attack succeeded, he immediately retracted the floating sword. The sword was too terrifying, and it had drawn half of his strength in just a moment.

But in exchange for Yan's heavy injuries, it was worth it.

Furthermore, Yan was in a daze despite being seriously injured, which gave him the best opportunity.

“Clang! Clang!”

The sound of countless fortune wheels spinning rang out as Yunxiao grabbed the AMO wheel in his hand and slashed it down again!

Only then did Yan snap out of his daze and hurriedly raised his left hand to strike!

“Bang!”

His palm struck the AMO wheel treasure, and his entire left arm trembled. The sword Qi was like thousands of spinning gears, rapidly cutting his hand.

“Damn it!”

Yan Zhen roared angrily, his eyes widening like a beast as he suddenly opened his mouth and spat out a green beam at Yunxiao.

Yunxiao's face flickered. His intuition told him that the green needle was extremely terrifying, and he did not dare to take it head-on. He had no choice but to take back the AMO wheel and use it as a shield.

“Bang!”

The green light turned out to be a three-inch-long needle, and it stuck to the sword. Then, the sword shook in Yunxiao’s arm, and the power of the artifact immediately spread out.

The small needle trembled and actually melted down, directly turning into water vapor and disappearing.

“What? Yan’s blazing Azure yang nail!”

Tens of thousands of feet away, Gong and the others were watching nervously. Previously, under the impact of the powerful demonic Qi, they had not been able to see the process clearly.

But, after Yunxiao split the vortex with his sword, his vision gradually became clear. The first thing they saw was the blazing blue Sun nail that Yan had spat out, and their faces changed.

Then, they realized that Yan had lost an arm, and his left hand had become stiff and lifeless, as if it was a piece of cured meat hanging on his shoulder.

“What happened just now? What the hell happened?”

The four armies were all shocked, and clamors rang out everywhere. For a moment, people were in a panic, and the morale of the Army was shaken.

What made them even more frightened was that Yan actually turned around and left, as if he wanted to escape from the battlefield!

549690339

“Isn’t it a life and death contract?”

Yunxiao was taken aback as well, and then he cried out.

Yan did not care about that. Now that one of his arms had been cut off by Yunxiao, and the other was almost crippled, his vitality was greatly damaged even though he immediately grew another one.

Coupled with the fear in his heart, how could he still have the heart to fight?

If he persisted, Yunxiao would not feel good, even if he would die in battle. However, his Dao heart had already collapsed, like a river that had burst its banks, and it was difficult to recover.

Even though Yan was injured, he was still a Demon Lord after all. Furthermore, he had escaped too suddenly. By the time everyone reacted, he was only a black dot in the sky.

The two armies watched in shock. No one had expected this ending. Yunxiao was speechless as well, and he stood in the sky with a wry smile.

tsk tsk, demon venerable Lord Yan, you've really let us witness it.

Yunxiao raised his arms and made a cheering gesture. Immediately, the yuan and Yuan troops all over the city burst into wild laughter.

"Hahaha, Yingluo!"

The sky was filled with mocking voices, and the four troops in the sky suddenly became angry. This was especially so for the people of the flame tribe. Their faces were all dark. Not only did they have to endure the ridicule of their enemies, but they also had to face the mocking gazes of the Alliance Army around them.

Ji and the other two only came back to their senses after a while, as if they were in a dream.

"You're better at bragging than anyone else, but you're trash when you're serious!" Gong said coldly. "If I had known, I wouldn't have encouraged him to go down!"

Hou Dao said, "the key is, how did he lose?" After the first move exploded, we couldn't see what was inside. When he appeared in front of us again, he was already injured. He even used his secret weapon, the blazing Azure yang nail, but he still couldn't succeed. In the end, in order to save his life, he could only abandon the battle and flee."

Gong gritted his teeth and said, "tsk!" "You're a complete piece of trash, you've lost all the face of our four divisions!"

"It's no longer a matter of face," said Ji. "We can discuss how Yan was defeated later, but what should we do now?"

The three demon Venerables were caught in a depressed dilemma. They didn't know whether to fight or not. Meanwhile, the four armies were in an uproar, and great disputes began to arise.

"We can't fight anymore, let's retreat." Ji sighed. "Let's wait for the Holy emissary to come and arrange everything."

The other two calculated for a moment and also felt that they couldn't continue fighting, so they immediately ordered a retreat.

The people from the Yuan and Yuan tribes could not believe that a life-and-death battle had been resolved just like that.

The enemy had come in full force, and before the battle had even begun, a demon venerable had escaped, and the Army had retreated without a fight.

Everyone looked at Yunxiao with a strange look in their eyes, but more of them were filled with fear and awe.

Yi's eyes were also glowing with energy.

Yunxiao, on the other hand, did not show much of an expression. After Gong escaped, he seemed to have realized this ending. Open the defender array. Everyone, return to your duties and wait for the next assembly.

"Yes!"

The higher-ups of the two divisions shouted in unison, their voices filled with confidence and respect.

Yunxiao also returned to the secret chamber and began to rest. Fortunately, Yan had escaped, so he was in good condition. However, he had consumed a lot of his demonic energy, so he was not injured. He only needed to rest for a few days before he could be fully resurrected.

Tens of thousands of miles high in the sky above Tian Han city, the strong wind was biting cold.

A young figure appeared out of nowhere, standing with his hands behind his back. His turbid eyes looked into the Tian Han city, but they were blocked by the formation light and he could not see the true appearance inside.

The young man retracted his gaze and fell into deep thought, as if he was waiting for something.

Behind him, there were four experts standing side by side. All of them had fierce looks on their faces, and one could tell at a glance that they were not kind people.

After a moment, three demonic lights flew over and appeared in front of the man.

The three of them were Ji, Hou Hegong, and they all had shocked expressions on their faces. They stepped forward one by one and greeted, "Greetings, young master."

The eldest young master nodded and said, "Didn't I ask you to organize an attack?" Why was there no movement at all? Where's Yan?"

“This bi an ...”

The three of them looked at each other, and finally, Gong sighed and explained the entire situation with anger.

In half an incense’s time, Gong had explained everything without missing anything.

The young master had been silent the whole time, and his face was expressionless. But when he heard that Yunxiao had used the six paths demonic weapon, a strange look flashed in his eyes.

On the other hand, the four demons behind him were all furious, and a wisp of Yin Qi appeared on their faces.

After a moment of contemplation, the eldest young master said, ” “I understand. We’ll talk about Yan in the future. As for the people of the Yan tribe, Lord Ji will be in charge of them for the time being. Anyone who doesn’t obey will be killed. Right now, your three divisions can forcefully attack the city. I’ll let Fu, Lu, Shou, and Xi assist you.”

The four men behind the eldest young master trembled, and their eyes burst out with a sharp light, carrying a little bit of coldness.

The hearts of the three people trembled, and they couldn’t help but look at the four people. The powerful aura could be faintly detected, roughly the power of peak-stage Demon Lord.

although Fu, Lu, Shou, and Xi are at the peak of the demon Lord realm, ” the eldest young master said indifferently, ” they have a secret technique that I’ve imparted to them. They can raise their power to the demon Lord realm in a short time. They will be very helpful in your battle.

raise to the Supreme Demon Realm in a short period of time?!

what? ” Ji’s expression changed drastically. H-how can this be done? ”

One had to know that the difference between the two major realms was like the distance between the heavens and the abyss. The secret technique to increase one’s strength could only cross a small realm at most, so the gap between such a major realm was simply unimaginable.

The eldest young master’s gaze turned cold as he stared at Ji and said, ” “You suspect me?”

“No, I don’t dare!”

Ji could not help but feel a chill in her heart and immediately lowered her head. At the same time, his heart was in a state of shock. This young master's strength was actually above his own. Otherwise, he would not have lost his mind with just a glance.

"Don't worry, there's nothing to be afraid of." With me supporting you from behind, the entire world will be invincible."

"Yes!"

The three of them felt a chill in their hearts. They immediately bid farewell and flew back to the Army's encampment.

The four demon Venerables behind him moved slightly and saluted the eldest young master before they chased after the three.

The eldest young master stood in the sky with his hands behind his back. He looked down and muttered to himself, "The heavenly martial Alliance's leader? That's an interesting title. Let me see how strong you are."

Very quickly, the alarm in the Tian Han city sounded once again. Under the city's great defensive formation, human figures moved. A large number of demons flew here and there, gathering in the center of the Great Hall.

they've started attacking so quickly. I'm afraid the situation has changed.

In the sky above the main hall, thirty to forty experts had gathered. They stood scattered and looked up at the sky with worried expressions.

After the battle with Yunxiao, everyone was not so pessimistic about the upcoming battle, which was a great boost to their confidence and morale.

When Yunxiao appeared in front of everyone, he gave them an invisible force that made them subconsciously draw closer to Him.

"Wei Qing, what do you think?"

Yunxiao asked.

Wei Qing's gaze was a little erratic as he slowly said, "It's different from last time. It's the opposite. The last time he had slowly worn down the formation, he had been prepared for a long battle, but his plan had been disrupted by an inexplicable life-and-death contract. This time, however, they are all powerful attacks. I'm afraid that an extremely powerful figure has come, which is why they are fighting fearlessly."

that's exactly what I'm thinking, " Yunxiao said with a nod. and now it seems that the control of the battle may not be in the hands of the three demon supremacies.

“Are you talking about demon head Xuanji?” Wei Qing asked in shock.

Yunxiao shook his head. at least it’s the devil’s convenient power. It might not be him. If the devil head is here, I’m even less optimistic about this battle.”

The expressions of the high-level officials of the two departments around him changed suddenly, and they also began to discuss in low voices.

let’s see how things turn out, ” Wei Qing said. just do your best. The outcome has always been unknown.

if we could know the outcome, ” Yunxiao said with a smile, ” we wouldn’t have been in a stalemate until now. Everyone, just wait quietly. They were the main force in breaking the formation this time, so they probably wouldn’t be able to hold on for long. We’ll abandon the formation and fight to the death.”

Everyone’s expression was grave. They knew that the battle of life and death had arrived.

A series of shocking explosions rang out in the sky as the waves of light spread out. An hour later, the entire formation began to shake, as if it were on the verge of collapse.

At the center of the hall, the expressions of several array Masters changed greatly. The leader shouted, ” “Quickly run!”

A few beams of demonic light immediately rushed to the center, and as soon as their feet left the ground, a terrifying explosion came from the center, shattering everything within a radius of several thousand feet.

Fortunately, those array Masters were one step ahead of time, and they only suffered minor injuries of varying degrees.

Their expressions were a little dim, and one of them sighed, ” “Al, we’ve spent so much effort on this formation, but it was still destroyed in the end.”

“Now is not the time to talk about this. As long as we are alive, we will be able to build it back sooner or later,” another person said seriously. He raised his head and looked at the sky. The Black Mass of the four troops ‘Alliance Army was rolling down with a murderous aura.

“Let’s find a place to hide first,” he said.

“Alright,” he said.

The others were also worried and disappeared in a flash of magic light.

As the formation was broken, the four troops rushed down in anger.

The humiliation of Yan's defeat and escape was still in their hearts, and they all looked like they wanted to take revenge.

Especially the people of the Fire Tribe. Their eyes were bloodshot, and they wanted to kill someone. Ji had also arranged for the entire flame tribe to be at the forefront.

Wei Qing looked at Yunxiao and said, "that fan of yours ..."

I understand, " Yunxiao nodded and said. After he finished speaking, the laughing proud mortal dust fan appeared in his hand.

The four tribes 'Allied army charged towards the central Great Hall. If they were not stopped by this momentum, the city would be broken in half a quarter of an hour.

Yunxiao picked up the fan and flicked it a few times to recover, then he finally gave it a strong blow. There seemed to be an ancient sound in the void, and two elements rose violently and rushed into the sky!

"Not good! Block it!"

The fiends had begun to pay attention to the fan the moment it was taken out. After all, they had seen its power before, and they were still frightened.

Chapter 2342: Chapter 2341-killing the demon commander

"Boom boom boom!"

No matter how strong those Devils were, when the power of wind and Fire rushed into the battle formation, a large number of them were destroyed.

Then, a violent force spread out in all directions, disintegrating the entire momentum of the attack. The Allied forces of the four divisions also dispersed.

"Charge!" Wei Qing's eyes turned cold and he shouted.

He took the lead, and the high-level demons of the two tribes followed closely behind. Each of them rushed into the sky with high morale, and soon began to fight with the scattered four tribes of demons.

"Hmph! Damn you from the realm of heavenly martial arts, leave this man to me!"

Gong was in the middle of the Army. When he saw Wei Qing leading the way, his face turned cold. Without waiting for the other two to respond, he rushed down to meet Wei Qing.

Ji hehou's expression changed slightly, revealing a look of displeasure.

Ji snorted coldly and said in a disdainful tone, "this kid is also smart. He only picks the soft persimmons to pinch.

"Let him be," hou said indifferently, "it's not bad if he can kill that green-robed kid. I'm just afraid he'll end up like Yan." With the two of us against the heavenly martial Alliance's leader, we should be able to win."

"Then what about Yuan and Yuan?" Ji frowned.

Hou Yan said, "at this time, Yuan and Yuan have not appeared. This proves that the rumors are true. The two of them must be seriously injured. As for why there were two people from the realm of heavenly martial arts leading the battle, no one knew. Moreover, with the four Lords Fu, Lu, Shou, and Xi holding the fort, even if Yuan and Yuan really appear, there is nothing to worry about."

Fu, Lu, Shou, and Xi saw that they didn't need to do anything, so they were naturally very happy. "Don't worry, the four of us will be there." He'll immediately attack when he sees that he's no match for them."

"Then I'll have to trouble the four Lords." Ji nodded.

Lu was a little impatient as he waved his hand and said, "hurry up!" The four of us are waiting to see the victory so that we can explain to the eldest young master!"

Ji hehou's heart was filled with anger. No matter what, they were experts that ruled over a region and had been respected by others for countless years. These few people in front of them were merely peak-stage demon lords. Relying on the fact that they were eldest young master's followers, they actually gave them orders.

Although he was angry, it wasn't a good time to flare up.

"Let's attack," said Ji.

The two of them immediately turned into beams of light and rushed toward Yunxiao.

The judge, who had been standing guard beside Yunxiao, suddenly cried out in surprise, "Lord li!"

don't panic," Yunxiao said with a solemn face. don't panic.

Xun Yi nodded and calmed down. Then, he grabbed with his five fingers and threw out the twelve divine beings.

Suddenly, 12 demonic gods appeared on the battlefield, and the powerful demonic Qi spread out, sending many nearby demons flying.

The moment the 12 godfiends appeared, they formed hand seals and attacked Ji and Hou.

“BOOM!”

“BOOM!”

Powerful demonic patterns appeared on the palms of every fiendgod, and they transformed into light waves that struck down. In an instant, twelve light sources crisscrossed and pressed down on the two of them.

Good job! Yunxiao was overjoyed. Judge, well done!

Before he could finish his sentence, he had already disappeared.

The referee was secretly happy to hear his praise, but he quickly came back to his senses. He knew that this was a battle of life and death, and he could not afford to be careless. He immediately focused all his attention on the twelve divine beings.

Ji He Hou's face was filled with shock. With their strength, they were actually trapped by twelve puppets.

He had seen Yunxiao use the same type of puppets in the battle of Cang Xuan mountain, but they were eventually torn to pieces in the fierce battle.

Although the twelve attacks were layered, they came from all directions, attacking indiscriminately.

The two of them immediately stood back to back and used their divine arts to scan their surroundings.

After all, he had the strength of a demon venerable. He was able to suppress the power of the twelve divine beings with just one move, causing Cruel's expression to change drastically as he felt even more pressure.

Right at this moment, Ji and Hou's expressions changed. This was because they realized that there was an additional person beside them!

It was Yunxiao, who had teleported over. Holding the Alay Xuanzang in his hand, he slashed at the two men and shouted, "Go to hell!"

The two's expressions changed, and they hurriedly joined forces to slap it!

"Bang!"

An extremely powerful force exploded, and Yunxiao was sent flying away while Ji and Hou were separated.

"I'll trap one of them, and Lord Li will deal with the other!" The judge shouted.

If the two demon Venerables worked together, they would probably be invincible. She hurriedly drove the twelve fiendgods and attacked Ji who was the closest.

"Childish!" Ji's face turned cold.

The twelve divine fiends were awe-inspiring, but they had a rough idea of their strength from the previous exchange, so they rushed into the formation fearlessly, wanting to break the formation with their own strength!

Hou Hui glanced at it and immediately said, "Lord Ji, quickly kill that demoness and come help me!"

As soon as he finished his words, he found Yunxiao rushing to his side and hurriedly accepted the challenge.

In fact, his strength was not inferior to Yunxiao's, but Yan's inexplicable defeat had given him a lingering fear.

"Don't worry, you just need to hold on for a while!" Ji shouted. He struck out twelve palms at the twelve divine fiends, forcing them to retreat. Phoenix's face turned pale.

Yunxiao was taken aback. Knowing that the kun could not hold on for too long, he immediately unleashed three heads and six arms, and with a 'he fansha in his hand, he threw it toward the Hou.

High in the sky, the eldest young master had been staring at Yunxiao, and a strange look appeared on his face.

Hou felt as if the space around him had been sealed by chains. No matter how he tried to retreat, he could not escape from that space.

In his shock, he stopped walking and stood firmly. He drew a circle in front of him with his palms and a ball of demonic light appeared, protecting his entire body.

three thousand worlds! Yunxiao shouted coldly as he performed an incantation gesture with one hand.

The iron chains that filled the sky clattered and locked hou. The strange runes that surged from the iron chains strangled the ball of light and kept compressing it.

Hou's expression changed greatly and his eyes burst out with golden light. He changed his hand seals several times to resist the power of the iron chain.

Cold sweat appeared on his forehead as he sneaked a glance at Ji. Seeing that Ji had completely gained the upper hand and was forcing the referee to retreat continuously, he heaved a sigh of relief when he saw that he would be able to emerge victorious soon.

A cold gleam flashed in Yunxiao's eyes when he found that the power of three thousand worlds of Azhe fansha was not enough to crush hou. He grabbed Alai Xuanzang and AMO Lun Bao at the same time, then waved the two demonic weapons behind him and slashed them down!

"Bang!"

The three mo weapons hit the ball of light and immediately compressed it.

Hou's face was filled with shock. He stretched out his hands and desperately held up the defense, afraid that it would be destroyed. Otherwise, if the power of the three mo weapons landed on his body, it would really be like seeing a ghost!

At this moment, Fu, Lu, Shou, and Xi were all looking at Yunxiao's transcendence golden body in surprise.

"Fourth brother, go help him," Fu's expression changed.

"Yes," he said happily.

As soon as he finished speaking, he was already outside Azhe fansha's perimeter and stepped in.

Clang! Clang!

Xi stomped on a 'he fansha's body, causing a large number of demonic patterns to appear. The space within the Nebula chain also began to change as the external force entered.

He was very careful. Both Yunxiao and hou were stronger than him, so he did not dare to be careless.

On the other hand, Yunxiao and hou's expressions were completely different. One looked worried, while the other was overjoyed.

Now, the two of them were suppressing each other with all their might, completely competing with their cultivation bases.

After absorbing more than a third of the dark nether stone's power, Yunxiao's pure cultivation base was no longer below Hou's. With the addition of three demonic weapons, it was only a matter of time before he won.

But as he joined the formation, the situation changed slightly and Hou felt the pressure on him decrease.

He walked very carefully, and it only took him a few steps to reach Yunxiao's side. With a ferocious look on his face, he threw a palm at Yunxiao.

At this moment, the entire sky was in chaos. Not many people were paying attention to this side, and everyone was overwhelmed.

Yunxiao's face had been solemn before, but when he walked to her side, he became calm.

He grinned as he looked at the incoming palm.

Suddenly, a figure shot out of his heart and appeared in front of him. At the same time, it grabbed the Amok wheel on Yunxiao's arm and slashed it at the man!

“咻! What?”

Everyone's expression changed drastically. Xiao Hong's face was full of ridicule as the AMO Lun Bao instantly stood on Xi's body. Xi screamed in pain and his arm was cut off.

Hou saw that the situation wasn't good and endured the pain to escape. However, Xiao Hong sneered, "you want to leave?" He chased after it with his sword!

“Bang!”

The 12 fortune wheels on the AMO wheel treasure flew out and instantly cut Xi into several pieces, which exploded in the air!

“Fourth brother!”

Fu, Lu, and Shou's eyes were wide open as they looked at this scene with grief and indignation. They couldn't believe the reality before their eyes.

Hou was taken aback. Although Xiao Hong had taken away the AMO wheel, and Yunxiao's suppression should have been reduced, the shock only made him more flustered.

Furthermore, he discovered a terrifying thing. He looked at Xiao Hong in horror and cried out, "demon commander?!"

"You don't need to know," Xiao Hong sneered. The treasured sword rose up and slashed towards the Marquis body!

Hou was scared out of his wits. Two demon Venerables working together to kill him, how could he withstand it?

Suddenly, he risked his injuries and let out a loud roar. He threw out his fists and pushed achi fansha and Alai Xuanzang away before he flew away to escape.

"BOOM!"

Yunxiao's arm flickered, and the two demonic weapons slashed out again. Xiao Hong also caught up with him and slashed at him!

"Bang!"

A demon commander was forcibly cut into several pieces and fell from the sky. His head was still screaming in horror.

This time, even the eldest young master, who had been watching the battle calmly, could no longer remain calm. He shouted in the sky, "Fu, Lu, Shou, attack! Kill those two!"

With his eyesight, he could naturally see that although Yunxiao and Xiao Hong had killed hou, they had also consumed a lot of their energy. Moreover, Xiao Hong had just stepped into The Fiend supremacy realm, and after killing two experts in a row, her fiend energy was probably unstable.

Yunxiao's face flickered as he looked up into the sky and could not help but gasp!

The eldest young master's face and expression were extremely similar to Li Yi's!

"Devil head?"

Yunxiao's heart trembled violently when the word came to his mind.

Even without the eldest young master's order, Fu, Lu, and Shou couldn't bear it anymore. The three of them rushed over to take revenge for Xi.

[ there's only one update today. ]

Chapter 2343: Chapter 2343-Gansha

549690339

At this moment, the eldest young master was also staring at him with a slightly focused gaze.

The two of them looked at each other, and in just a moment, killing intent burst out.

“Hmph!”

The eldest young master snorted coldly and flicked his sleeves. He continued to watch from the sidelines, as if he was disdainful of doing it himself.

Xiao Hong held the AMO wheel in her hand and quickly absorbed the demonic Qi in the surroundings to replenish herself.

go! Yunxiao suddenly said. you go help the referee.

“What? Then what about you?”

Xiao Hong was shocked and refused to leave.

hold Ji, ” Yunxiao said in a deep voice. we can’t hold on much longer. If Ji Kong makes a move, we’ll really be finished. I can handle these three.”

Xiao Hong glanced at a distance not far away. Ji seemed to have also discovered that hou was dead. Her irascible emotions were fully displayed in her moves. They were all crazy and ruthless moves, causing cracks to continuously appear on the bodies of the 12 godfiends.

“Good! Big brother Yunxiao, be careful!”

Xiao Hong wasn’t an ordinary woman who acted on impulse, and her figure immediately flickered as she fled.

Yunxiao reached out his arm and took out the shield, then threw it out.

The shield expanded in the wind and instantly became several acres in size, falling on Fu, Lu, and Shou.

“That’s Yingluo.”

Fu, Lu, and Shou were all shocked, as if the whole world had been covered by the shield.

Not only that, but a terrifying aura was also emitted from the shield. The demonic patterns on the shield began to float, and the demonic Qi that filled the sky gathered on the beast's head.

Yunxiao's heart was filled with excitement. It was the first time he had seen such a scene, and it was the first time he had used the divine ability he had figured out before.

Now that his mind was connected to Ananda Gansha, he was overjoyed to find that the overwhelming power of the shield did not absorb much of his demonic Qi. The beast head was only absorbing the power of the surrounding heaven and earth.

The eldest young master's expression changed drastically as he cried out in shock, "Ancient devil Gansha!"

After devouring a large amount of demonic Qi, the beast's head seemed to have come to life. It began to open its eyes and stare at Fu, Lu, and Shou.

A terrifying aura came from the beast's head, and even Yunxiao was shocked and had a bad feeling.

Even he realized that he seemed to have done something incredible, but he didn't know if it was right or wrong.

At this moment, he suddenly discovered that his control over Ananda Gansha was rapidly weakening. The beast's head was slowly emerging from the shield, and a large amount of demonic Qi was being absorbed by it, condensing into its body!

"The ancient demon God clan really exists!" The eldest young master exclaimed in shock. His expression changed and he shouted, "Everyone, hear my order! Kill that Gansha!"

The armies of the four divisions fighting on the city walls were all stunned. First of all, they didn't know the eldest young master, and second, they didn't know what the so-called "gan Sha" was.

However, the demonic might on the shield was too shocking. The aura and pressure exuded by gan Sha's body were enough to intimidate everyone.

Fu, Lu, and Shou even felt a little suffocated.

Xiao Hong was also excited. Apart from Yunxiao, she was the first one to sense the change in the demon soldier, Ananda Gansha.

it turns out that this demonic beast is from the ancient fiend God clan, " Yunxiao muttered. its name is Gansha. It seems that the person who refined this weapon had refined the Gansha Demon God into it. "

“That’s not right.”

a heavenly Saint artifact is condensed by the power of a realm, ” Yunxiao thought. it has existed since the birth of the devil realm. How can there be an ancient fiend God in it? ”

This question only flashed through his mind, and he did not pursue it any further. This was because the current situation was too unexpected and shocking. It had already exceeded his understanding and control.

Ji was fighting the twelve divine fiends with all her might, but after Xiao Hong’s intervention, she became more and more exhausted. She also suddenly discovered the existence of the ancient fiendgod gan Sha, and couldn’t help but be shocked.

He was also one of the few demon Venerables who had existed for a long time, so he knew a lot about the history and Secrets of the Demon world.

After hearing the eldest young Master’s words, he could not help but tremble, and his eyes were filled with horror. the ancient demon God clan?! That’s impossible!”

However, the momentary loss of focus gave Xiao Hong an opportunity to strike back with her sword.

Xiao Hong and Richard retreated in a hurry to buy some time to catch their breath.

Ji’s mind was in a mess, and she didn’t even want to attack. She just stood there and watched in a daze.

“Ji, hou, Gong, Yan, all four tribes, listen to my orders immediately! Surround and kill that gan Sha! What are you waiting for?” the eldest young master shouted angrily. Those who disobey will die!”

The people of the four divisions looked at each other and stopped fighting, stunned.

Ji hegong reacted and shouted at the same time, ”Everyone, listen to the eldest young Master’s words. Those who disobey will die!”

Only then did the demons take action. They gave up on the yuan and Yuan tribes in front of them, and rushed toward the demonic beasts that were slowly being born under the shield.

At this moment, a Demonic Flower bloomed on Wei Qing’s shoulder, and the judge also appeared, looking at him in horror. Even his mind was a little muddled as he muttered, ” “A dry brake, is this really a dry brake? It’s impossible for the ancient demon God clan to be bi an!”

“What’s the ancient demon God clan?” Wei Qing quickly asked. Is it very powerful?”

The judge's face darkened, as if he didn't want to say more. He hurriedly said, "Quickly kill this demon venerable in front of us to avoid future trouble! As for Gan Sha, we'll just wait and see. At least for now, it's to our advantage!"

Although Gong was also shocked by the Gansha Demon God's appearance, he didn't seem to know what it was. Even if the eldest young master had said so, he couldn't understand it at all. He only knew that an amazing thing had appeared.

Just as he was stunned, Chi, who was on Wei Qing's shoulder, suddenly made a move. A large number of vines sprinkled down like rain, like a barrier, and surrounded him.

Wei Qing also suddenly attacked, taking advantage of the situation.

Gong was shocked. He immediately felt another powerful Qi and knew that the battle had changed. He couldn't help but be on his guard.

"Bang!"

After clashing with Wei Qing's palms, Gong's strength was clearly slightly superior, and he directly sent Wei Qing flying.

But at the same time, Gong's body was filled with devil vines. Those branches continued to move and spread on his body, strangling into his skin.

"Who are you?"

Gong cried out in horror. He was shocked to find that he was carrying a person on his back, and he couldn't break free from the power of the vines!

"The person who will send you to the West!"

The judge's face revealed a ruthless expression as his four limbs turned into vines. With a sudden spin, he turned into a whirlwind and charged towards Wei Qing while shouting, "The bottle!"

Wei Qing immediately understood and took out the yin and yang air bottle. With the mouth of the bottle facing forward, he sucked in the entire Gonghe Palace.

Then, the treasure bottle trembled violently and shook in Wei Qing's palm.

Wei Qing hurriedly cast all kinds of seals on the bottle, and it took a while to suppress the shock.

"How is it?"

Seeing that there was no movement from the bottle, Wei Qing sent a voice transmission and asked carefully.

The referee's voice came out, "it's a little tricky, but overall it's fine." I've been nourishing the yin and yang Qi for countless years. Refining it is not a problem, but it will take some time. During this time, you can play by yourself and don't disturb me. "

Wei Qing heaved a sigh of relief, but his eyes were filled with surprise and uncertainty.

He knew that Yi had been trying to find a way to recover his Holy demon body. Before he recovered, he could not leave his Yin Yang air bottle, so he had to rely on him.

If Yi refined the palace and absorbed the power of a Demon Lord, he would recover most of his strength. He would be a double-edged sword. If the recovery rate allowed him to break free from the attachment, then it would be troublesome.

Wei Qing's eyes were uncertain. After thinking for a while, he still couldn't come up with an answer, so he could only take one step at a time carefully.

At this moment, he turned his eyes to the sky in the distance, where tens of thousands of Devils were besieging the ancient demon God gan Sha under the leadership of Fu, Lu, and Shou.

Every time gan Sha roared, an extremely strong demonic Qi would turn into waves that rushed in all directions, killing a large number of demons.

However, each attack weakened his strength by a bit. His body, which was almost about to take human form, shrank back into the shield a lot, and his spiritual energy was also lost a little.

Yunxiao and the people of the yuan and Yuan tribes became idle as they looked at him in a daze, not knowing what to do for a moment.

Xiao Hong, the judge, and the other senior executives also flew to Yunxiao's side, seemingly waiting for orders.

At this moment, their admiration for Yunxiao was even greater than that of their clan leader, and their eyes were filled with respect.

"What's going on?" Wei Qing also flew over.

Yunxiao shrugged helplessly and said, "I don't know,"

Wei Qing frowned, "it looks like this monster won't be able to hold on for long. If they kill this monster, they'll still have to attack the city." Why don't we take this opportunity to attack them from the front and back and take their lives?"

I think so too, ” Yunxiao said. but if we let this monster hold on for a while longer and rest for a while, our chances of winning will be higher.

After the time it took to boil a cup of tea, Yunxiao saw that everyone had rested enough, and Demon God Gansha was forced back into the shield again. So, he waved his hand and ordered the attack.

The people from the yuan and Yuan tribes immediately rushed over like a river and scattered the armies of the four tribes.

The brutal battle once again unfolded in the air.

Yunxiao and Wei Qing rushed over in an instant and launched a sneak attack on Fu, Lu, and Shou. Originally, the three men were the main force resisting Gansha, and they had consumed a lot of their energy. But now, under the sneak attack of Yunxiao and Yunxiao, one of them died on the spot, and the other was severely injured, leaving only Fu with a face full of anger and grief.

don't be angry, ” Yunxiao said. you four will be reunited today.

Suddenly, a heaven-shaking roar came from the shield. Gan Sha, who had already retreated into the shield, rushed out. After killing a large number of Devils, he turned into a beam of light and tried to escape!

“What?”

Yunxiao was taken aback and a little dumbfounded. 'This thing can escape? Then what about this shield?’

He looked up at the sky. The black Shield, which was several acres in size, was still floating in the sky like a black cloud.

Gan Sha's departure immediately caused everyone to be stunned.

“Stop him!” The eldest young master suddenly shouted. He then turned into a light shadow and chased after gan Sha.

Yunxiao's pupils constricted. He was about to give chase, but he suddenly found that the direction in which gan Sha had fled was the main hall of Tianhan city!

Chapter 2344: Chapter 2344-negotiations fail

549690339

Yunxiao could not help but stop for a moment. When Fu saw his figure move slightly, he thought he was going to escape, so he roared, ” “Die!” He rushed over.

Crackling sounds came from Fu's body, and his aura suddenly rose, stepping into the demon Lord realm.

The four of them had cultivated this secret technique, but the side effects were huge. Of the other three, two died and one was injured before they could even use it.

As soon as Fu stepped into The Fiend supremacy stage, he immediately rushed at Yunxiao, as if he was going to take him down with him.

Yunxiao was taken aback. His life was precious, so how could he die with him? so, he simply rushed out and chased after gan Sha.

“Don't run!”

Fu roared and gave chase.

At that moment, in a secret chamber in the main hall, Yi sensed the battle outside. According to her estimation, no matter how heaven-defying Yunxiao was, he could not resist the four armies, not to mention that he had the Archaeus region behind him.

Therefore, in his impatience, he began to refine mo PU by force, regardless of his injuries.

Mo PU's body was pierced through by the ten thousand locks, and a faint purple light lingered around his body, while mo Yuan kept extracting his power.

PU's face was extremely ferocious, his eyes shooting out a murderous light. He couldn't help but roar, ” if you want to refine me, then you better be prepared to die with me!

Yuan's body was also trembling. The two people's devil essence was slowly fusing together, but she was gradually losing control.

Just as the two of them were struggling for devil essence, they suddenly sensed something at the same time. Their expressions changed drastically, and they hurriedly raised their heads and looked in the same direction!

Outside the hall, everyone saw gan Sha rush into the hall in the blink of an eye. Then, a terrifying demonic light bloomed, and a powerful wave of air rushed in all directions!

Yunxiao's face flickered. The aura that was coming at him was extremely terrifying. He hurriedly changed his form in the air, leaving several afterimages behind as he fled in all directions.

Fu was stunned and dumbfounded.

The afterimage was already hard to distinguish with the naked eye, and now that it was hit by the blast of the collision, its aura was even more chaotic, making it difficult to tell which one was the real li Yunxiao.

The eldest young master also stopped and stared at the hall with a dark expression.

In the circles of demonic light that exploded, a terrifying aura trembled in all directions.

”

Yunxiao! Fu cried out violently. He caught up with one of Yunxiao’s figures and found that it was indeed an afterimage, which infuriated him.

This was because not only was there a time limit for the secret skill to become a demon commander, but there were also great side effects. This made him extremely anxious. He looked around in the demonic light and jumped around in anger.

ah, you f \* ck! Shut up!

Suddenly, the eldest young master let out a furious roar and appeared beside Fu in an instant. He suddenly sent a palm strike over!

“Bang!”

Caught off guard, Fu qun stared blankly at his master’s palm. Then, his head exploded, and he disintegrated into a large number of low-level demons.

Yunxiao, who was not far away, felt a chill in his heart. He was shocked by this man’s ruthlessness, which even killed his own men. Furthermore, it was a peak-stage Demon Lord powerhouse. He did not even blink his eyes when killing.

The eldest young master seemed to have sensed his presence, and even his expression. He snorted coldly and muttered to himself, ” “He’s already used his secret technique, and he won’t be able to maintain it for much longer. Once the secret technique lost its effect, he would immediately fall back to the initial stage of the demon Lord realm, and it would take a year to recover. Once one’s cultivation level dropped, they would be equivalent to trash and would definitely die on this battlefield. A good-for-nothing keeps making noise in front of this young master, making this young master upset. Naturally, I’ll slap him to death.”

Yunxiao came out of his hiding place and said coldly, ” “You’re also making me upset.”

“Oh, really? Then you can try patting this young master.”

The eldest young master placed his hands behind his back and had an arrogant expression on his face, as if he was extremely disdainful.

are you the devil? ” Yunxiao suddenly asked. are you the devil Lord? ”

The eldest young master’s expression changed slightly, but he quickly returned to normal and said, ” “You’re not qualified to know.”

Yunxiao’s heart stirred. This man’s face, demeanor, and other aspects were very similar to Li Yi’s. If he was not the devil’s head, he should be one of his clones. He thought to himself, ‘if I have the chance, I’d better kill this man in overturning Sky City.’

Suddenly, an extremely violent aura came up from below, and then a beam of demonic light shot up into the sky.

The two of them were greatly shocked. They immediately turned around and fled to avoid being hit by that terrifying aura.

At this moment, Ananda Gansha, who was in the sky above the armies fighting in the distance, suddenly shrank back to his normal size and flew down.

A huge shadow emerged from below. It was a ferocious beast that stood up from the ground. It had two deer-like horns on its head and its eyes were as red as Jade.

It was three-hundred meters tall, with a furry body and a lightning-green face. Its entire body was covered in all kinds of terrifying symbols.

When ah Nangan Sha landed, he actually stuck to the beast’s chest like a breastplate!

Everyone was dumbfounded. On the beast’s shoulder, there was a man who was leaning on the beast’s face. His face was a little pale, but there was a sinister smile on his face.

“Mo PU!”

Yunxiao cried out in surprise when he saw mo PU holding an iron chain in his hand. One end of the chain was locked onto the upper half of the fierce beast Gansha’s body, while the other end was held in his hand, forming a Nebula boundary.

Yunxiao sucked in a cold breath and looked to the other side. A graceful figure was standing in the air, her face equally unsightly. She held Aghan’s bone Cleaver in her right hand and stared vigilantly at mo PU.

When the main hall of the Tian Han city was destroyed, the referee also escaped from his closed-door cultivation and flew into the sky. He looked at the chaos in front of him in shock, not knowing what was happening.

“Haha, Yuan, you want to refine me? It’s impossible, maybe in the next life!”

Mo PU stood on Demon God Gansha's shoulder and laughed wildly. The iron chain whirled along with his laughter, and the power kept shooting out.

Mo Yuan's expression turned slightly cold. She held the saber in her right hand and kept her mouth shut.

Although she had not fully recovered from her injuries, she was much better than before.

The battle in the distance was still going on. Although it was interrupted by the appearance of mo PU and the others, the frenzied killing continued.

Only a few high-level demon lords left the battlefield in shock and flew over.

Ji also appeared behind the eldest young master and looked at the sky in shock. The situation seemed to be getting more and more out of their expectations.

The eldest young master looked at mo PU, then at Yuan.

"Yuan, Yuan, are you two really going to betray me?"

The eldest young master's expression was grave. He crossed his arms in front of his chest and spoke slowly with the posture of a superior.

Yuan's face looked even more beautiful under the light of the knife. She said, "It's not that Yuan wants to betray the eldest young master, but the eldest young master can not tolerate Yuan."

if I ask you to hand over the six paths demonic weapon and the refining method, and let today's matter go, you will still be my subordinate, and I will let you control the central region of the demonic realm, are you willing? " the eldest young master asked.

Both Ji and Yuan's expressions changed drastically, and their gazes fell on Yuan.

The referee's eyes narrowed as if he hesitated for a moment, but he immediately smiled and said, "Why do you value me so much, young master?"

"Naturally, it's because you have the ability." A half-step Holy demon is already infinitely close to the peak."

"That's right," the judge nodded. The eldest young master values me because of Yuan's strength. If she didn't have the six paths demonic weapon, Yuan's strength would be greatly reduced, and the eldest young master wouldn't take her seriously. In the mo realm, strength speaks the loudest. Asking me to give up my mo weapon is the same as giving up my life."

Yunxiao, the judge, and the others nodded slightly, fully agreeing with Yuan's choice. Even if he surrendered and got his life today, losing the mo weapon meant that he had almost no room for improvement and would be in danger in the future.

The eldest young master's face was covered with a layer of frost. He said coldly, "Then you've chosen to die."

"I choose to use my life and this saber to fight for a way out!" The referee said. Her clear eyes turned cold, as clear as spring water.

The eldest young master's face darkened and he ignored her. He had already sentenced her to death in his heart.

"What about you, mo PU? Do you choose to submit to this young master or choose to die Here?"

The eldest young master stared coldly at PU, who was on gan Sha's shoulder, and spoke word by word.

"Ah? What?"

Mo PU was stunned for a moment, then he picked his ears and said, "some of my earwax went in just now, so I didn't hear what you said. Say it again.

The eldest young master's expression turned angry, but he suppressed it. He calmed down and said coldly, "Do you choose to die Here, or do you choose to submit to me?"

PU laughed, "I only have shit in my ears, you have shit in your brain right?"

"Impudent!"

The eldest young master suddenly roared. He was so angry that his entire body was about to explode. For so many years, no one had ever dared to speak to him like this.

"You still think you're the demon master? The expired Demon Lord, the previous Demon Lord, the previous Demon Lord!"

The eldest young master shrieked and said sarcastically, "To put it bluntly, you're only a Demon Lord right now. You don't know how to appreciate favors at all. This young master will let you go f \* ck yourself later!"

Mo PU's expression turned cold as he spat out a single word, "die!"

He then stood up from gan Sha's body. With a ferocious glint in his eyes, gan Sha raised his foot and stomped on the eldest young master's body!

Violent fluctuations spread across the entire sky, and all the demonic Qi within a radius of 10000 feet began to mobilize in a strange manner.

In an instant, countless demonic runes appeared under gan Sha's feet, turning into a ball of demonic light, as hot as the sun.

With a loud rumble, the foot stomped down, and it was as if the world had sunk!

The faces of Yunxiao and the others changed drastically, and they hurriedly retreated in all directions.

The eldest young master's expression also changed drastically. Although he was slightly shocked, he did not panic. A trace of coldness flashed through his eyes. I'd like to see how strong gan Sha of the demon God clan is!

He opened his hands, and a black storm immediately rose. His entire person began to become absent-minded. His hands formed a seal in the void, and hundreds of demonic runes scattered around him. Then, they condensed again and slapped toward the sky-like foot!

"What?"

Everyone's heart trembled, and their eyelids twitched violently. is he crazy?! He's actually going to take the power of this kick head on!"

Chapter 2345: Chapter 2345-true body descends

549690339

Yunxiao watched with a solemn expression. The more calm the eldest young master was, the more he felt that something was wrong.

Demon God gan Sha's power was already far above the demon commander's. Even if he wasn't a Saint demon, he was at least a half-step Saint demon. No one present would dare to take it head-on!

Under everyone's shocked gazes, the eldest young master's palm finally blasted into the demonic light!

The sun-like radiance under gan Sha's feet suddenly exploded, and a terrifying force instantly struck in all directions, the four poles of the universe.

In an instant, the world was turned upside down. Even Yunxiao, Wei Qing, and the other Supreme fiends felt extremely uncomfortable, as if the world had been destroyed.

The battlefield in the distance was also affected. A large number of demons exploded like fried beans and then drowned. There was no sound.

Yuan's face was also pale. The center of the entire Tian Han city was almost completely destroyed. Even the ground was lifted up, as if it was a wasteland.

"What terrifying power! Is the eldest young master also a Holy demon?"

Wei Qing was also forced back nearly ten thousand feet. He raised his head in shock and looked forward.

After the rolling demonic flames dissipated, a huge body was revealed in front of everyone, as if it had not suffered any injuries.

Meanwhile, Mo PU was still standing on Gan Sha's shoulder, staring at the place ten thousand feet away with a cold expression.

Eldest young master's long robe fluttered in the wind, but his expression only became colder. He was still intact!

The two of them were evenly matched!

The eldest young master's expression changed slightly. He looked at Mo PU with a cold smile and said, "You must think that we are evenly matched, right?"

Mo PU raised his eyebrows and sneered, "you really think you're a god?" You know everything?"

"Hmph!"

The eldest young master asked for a snub and said coldly, "You'll find out soon enough whether I'm a God or not."

The long robe on his body suddenly fluttered without any wind and drifted behind him.

His slender body was dressed in strange clothing, and there was a triangular formation carved on his chest. The formation flickered with light, and it seemed like there was nothing inside, just like a black hole.

"A passageway?" Mo PU's brows furrowed.

Yunxiao and the others were also quite surprised. There seemed to be a bottomless space tunnel on the eldest young master's chest, with no end in sight.

"What's going on?" Wei Qing was shocked.

No one answered because they were all at a loss. Only mo PU's face became more and more solemn, as if he had thought of something.

The corners of the eldest young master's lips suddenly curled up. He chuckled and quickly formed hand seals in front of him.

Suddenly, a black light appeared on his fingertips. He raised his hands and the light shone down. The black hole on his chest suddenly glowed with a fluorescent light. More and more of it gathered, and in the end, it became like a vast sea of stars.

Everyone's expression changed drastically. They could feel the aura from the eldest young master's body rising crazily!

"Descend!"

The word suddenly flashed in Yunxiao's mind, and he could not help but be horrified. he's not the devil head. He's just a clone!

Although it was only a few words, all of the people around him were intelligent and immediately understood the meaning behind it, causing their expressions to become even more unsightly.

kill him! Yunxiao suddenly cried out, " everyone, let's kill him together! Otherwise, when the devil's true body descends, no one will be able to escape!"

Alay Xuanzang appeared in his hands, and he immediately slashed it.

The rest of the people only hesitated for a moment before making their moves.

The referee raised the demonic blade in his hand, and a cold light shone on his clothes. The sky suddenly split under the blade Qi, and the blade slashed over.

Xiao Hong, Wei Qing, bi, an, and the others also attacked at the same time.

The higher-ups of the yuan clan and Yuan clan who had survived also followed closely behind, and dozens of attacks broke through the air, heading toward that spot of light.

Only mo PU was still standing quietly on gan Sha's shoulder, as if he disdained to join hands with others.

The people of the four divisions of Ji He stood in the distance with gloomy faces, not knowing what to do.

"A bunch of childish people!"

The eldest young master's face suddenly changed, and the corners seemed to become more distinct. He blinked his eyes, and when he opened them again, it was as if there were lightning flashing in them.

Yunxiao's heart trembled, and a bad feeling rose in his heart.

Because he was the first to make a move, he was already beside the eldest young master in an instant. He was the first to feel the unusual aura.

The eldest young master turned around and stared at him sarcastically. He raised his left hand, formed a seal, and struck the Alay Xuanzang.

“Bang!”

A beam of demonic light bloomed on the weapon, and Yunxiao's body seemed to freeze as if time and space had stopped.

A dense purple light emerged from Yunxiao's body, and a mirror suddenly appeared and covered him. After that, the mirror was covered in turtle patterns and shattered with a “bang.”

Time and space began to spin again, and Yunxiao was sent flying.

The hearts of Yuan and the others trembled, but they could not think too much about the arrows that had left the bowstring. Aghan's bone Cleaver and the others all slashed down.

The eldest young master grabbed with both hands, and a layer of demonic light enveloped his surroundings. All the attacks were restrained, unable to land on his body.

An ant trying to shake a tree!

The eldest young master's eyes were filled with ridicule and a cold smile. He changed the seal in his hand and the demonic light spread out, sending everyone flying.

Even the powerful Yuan's expression changed drastically. She held the agama in front of her to protect herself, but she was still pushed back tens of thousands of feet, and her aura dropped drastically.

how is this possible? how can he be so strong?!

A sense of powerlessness welled up in everyone's hearts. Other than the fact that the eldest young master's appearance had not changed much, his strength was completely different from before.

A terrifying word appeared in everyone's mind. Although they didn't dare to believe it, they couldn't not believe it.

Yunxiao's blood and Qi were rolling violently in his body, and several mouthfuls of blood rushed up to his throat. He could not help but spit them out as he gritted his teeth and said, "Holy demon!"

The entire sky turned cold with these two words. Everyone felt their hands and feet turn cold, and even the air became cold.

Mo PU stared at the eldest young master for a while and said coldly, "are you the one who stands at the peak of the demon world in this era, the one who leads the entire world?"

"Hehe, peak?"

The corners of the eldest young master's mouth curved into a smile, his eyes full of pity and disdain for mo PU.

Anger rose on mo PU's face. He was infuriated by the eldest young master's eyes. He said coldly, "Now that your true body has descended, you can die in peace!"

A 'Al fansha released gan Sha's body, and the Nebula boundary immediately covered an area of several thousand feet.

Yunxiao and the others wanted to retreat, but they were delayed for a moment, and they were trapped in the sea of clouds and stars.

His entire body was covered in chains condensed from law runes, and he shuttled through the entire universe.

The expressions of Yuan and the others also changed slightly, but they quickly recovered. Because the center of the sea of stars was the eldest young master and not them. As long as they stood still, they should be fine.

On the other hand, Ji He and the four troops had been watching from tens of thousands of feet away and didn't fall in. At this moment, they retreated even more.

The eldest young master suddenly gave a kick, and the metal chain vibrated in front of him, making a crisp sound and an afterimage.

"Hehe, you still think you're a demon master? None of them had a clear understanding of the current situation. Your era ended a hundred thousand years ago!"

The eldest young master's body suddenly moved and he disappeared from where he was.

Mo PU's expression turned grave. He formed a seal with one hand in front of him, and his eyes turned pitch-black in an instant. Light flickered constantly as he said coldly, "within this Nebula boundary, no movement can escape my eyes!"

Gan Sha suddenly roared and directly punched behind him!

"Bang!"

At one of the nodes, the beast's fist was blocked by a huge force. A terrifying demonic light instantly exploded.

The figure of the eldest young master appeared. His sword-like brows were slightly furrowed as he used his palm to block the huge, furry fist.

The incantation gesture in Mo PU's hand changed and he pointed forward. Immediately, the iron chains that filled the sky flew down and locked onto the eldest young master's body with a "Hua la" sound, directly tying him up like a dumpling.

if this is all they have, then even the Saint demons are getting weaker with each generation.

Mo PU looked at him coldly and raised his right hand.

Suddenly, Yunxiao felt the demonic weapon in his hand move, then disappear between his hands. In the next moment, it appeared directly above Mo PU, spun once, and then fell.

When Mo PU grabbed Ahlai Xuanzang, the bronze battle axe suddenly emitted an ancient sound vibration. The sound wave was visible to the naked eye and it was a dense golden color.

"Die!"

Mo PU flew up and directly slashed at the eldest young master.

Everyone's heart suddenly tightened, and they forgot to breathe for a moment as they watched this scene nervously.

The eldest young master raised his eyes. He was tightly bound by Ah Ni Fansha, but he did not panic at all. His eyes were as calm as water as he said, "Actually, you understand that you're not my match, but you're just unwilling to give up and want to fight. Hehe, there's a price to pay for your stupidity."

The eldest young master's gaze turned sharp instantly. Suddenly, a demonic light burst out from Ah Ni Fansha and a loud noise was heard. The eldest young master had actually managed to push it away!

The black hole in his chest, which was visible to the naked eye, became even brighter. The triangular formation was actually healing!

“What?”

Mo PU’s expression changed drastically, and he could not help but reveal a look of shock.

The eldest young master laughed coldly. I have a total of six clones. Just now, I only had the power of two clones. Now, I’ll let you see the power of the fusion of four clones. You’ll be in despair!

His cold face became handsome again, and his face was pink and white. Everyone could sense that his strength had doubled!

“Die!”

The eldest young master shook his arms and immediately pushed Aini fansha away, then threw a punch at him!

“Bang!”

When the fist hit the Alay Xuanzang, mo PU’s expression changed drastically. A big hole was created in his chest by the aftershock of the fist force, and his body was sent flying backward.

The red light in the demonic god Gansha’s eyes became scorching hot. With a loud roar, he raised his fist and struck down again, turning it into meteorites that filled the sky and shattered the layers of the void.

it’s useless. This is the fundamental difference in strength. No one can make up for it!

The eldest young master thrust his palm forward and easily blocked the fist light that filled the sky, allowing gan Sha to go crazy. The corners of his mouth curled up into a cold smile. I was wondering how the demon God clan could still exist. It’s just a dried corpse that has turned into a spirit. Now, it’s just a dog of the demon master. I’ll send you all to heaven together!

549690339

In the eyes of the eldest young master, the fist shadows that filled the sky were merely illusions. He sneered and with a flash of his body, he appeared high in the sky and suddenly threw a punch towards gan Sha’s head!

Gan Sha raised his head. There was no joy or sorrow on his face, only ferocity. Then, a black round shield appeared in front of his face. It was none other than Ananda Gansha!

“Bang!”

The eldest young master’s fist landed on ah Nangan Sha’s body, causing beams of demonic light to appear. The space was directly twisted and spun by the pressure, but he still could not break the shield.

The eldest young master’s expression changed slightly, and he let out a muffled groan. His body immediately turned into three afterimages, each landing around gan Sha, and they attacked together.

“Bang!”

“Bang!”

“Bang!”

Three consecutive explosions rang out, and a faint shield shadow appeared on gan Sha’s body, blocking the attack.

The black Shield was not broken, but the powerful attack had shocked him. It directly hit Gansha’s body through the shield, leaving three huge holes in it. His body was penetrated!

Finally, the shield’s luster dimmed, and gan Sha’s body also collapsed forward with a loud bang!

This terrifying scene fell into everyone’s eyes, and they were all dumbfounded.

After being blown away by the blow, mo PU actually fell into a semi-unconscious state, floating in the air. His two arms kept twitching, and he only woke up from the heavy injury when gan Sha was blown to the ground.

“What ... What kind of power is this?!”

Yunxiao trembled, and so did the other people.

After killing gan Sha, the eldest young master’s clones once again merged into one, and that astonishing might descended once more, shocking the entire sky!

There was no sorrow, joy, or despair on mo PU’s face. He just looked at him quietly and said, “You’ve already broken through the suppression of this world.”

The eldest young master sneered, “Hmph, isn’t a breakthrough a very normal thing? I’ve already broken through a million years ago!”

“What?”

Mo PU was stunned and became a little dazed.

Yunxiao was stunned for a moment, then he could not help but tremble. A million years ago, it was the time when the ruling plume dominated the realm of heavenly martial arts.

The eldest young master said coldly, "look at the confusion on your face. As a former demon master, I'll let you die with a clear understanding." I am the true spirit six wings of the heavenly martial realm. I was hurt by someone, and I had no choice but to escape through the regional wall. Or rather, he has fallen into a difficult situation in the mo world. Now, he has finally recovered his peak strength and advanced another level!"

six-winged! Yunxiao cried out in horror. you are six-winged!

Wei Qing was also shocked, and his mind was full of question marks.

The eldest young master glanced at him and snorted coldly.

Yunxiao could no longer suppress the fear in his heart. At this moment, six-winged had only merged four clones into one, and it had already surpassed the Saint Demon Realm.

When he thought of Li Yi, who was still in his divine realm tablet, he could not help but break out in cold sweat.

I can't believe that there's someone like you in the heavenly martial realm, " mo PU said. I've only heard of the true dragon and Heavenly Phoenix, but they've only reached the realm King level. You're still in the devil realm, so you probably haven't reached the level of master of the thousand realms yet."

Liu Qi narrowed his eyes and said, "back then, I was severely injured and my cultivation was almost completely scattered." In addition to the suppression of the demon world's power, it was not easy to survive. After all these years, he had returned to his peak. How could it be so easy to step into the realm of the thousand realms? In the past millions of years, the only one who became the master of the thousand realms was you! But now that you've appeared and the six paths demonic armament is gathered here, it seems that my opportunity has arrived."

Mo PU's body trembled, and his eyes revealed a complicated look.

"Demonic weapons are heavenly Saint artifacts of the demonic world," six-winged said. "Only the capable can own them. It's not like you're the only one who has them. However, from my observation, you are a rare genius in the last ten million years. You seem to have refined the mo weapon?"

"It seems like you know quite a lot about the demon weapons," said mo PU with a complicated expression.

I've seen two generations of realm Kings in the realm of heavenly martial arts, " six-winged said. including you, I've seen two generations of demon masters. You're the only one who can refine the heavenly Saint artifact, and all of them have been refined by the heavenly Saint artifact, becoming its shell, or its slaves. You're the only Weapon Master. This also brought me a great surprise. If there is no precedent, I don't know what to do when I get the mo weapon."

"A refined heavenly Saint artifact?"

Yunxiao was taken aback, as if he had caught something.

"Get the mo weapon? Do you think you can do it just because you want to?"

Mo PU made a seal with his hands and placed it in front of him. His aura, which had been in a daze due to his injuries, suddenly condensed and began to rise rapidly.

Liu Chi's expression changed. His eyes revealed a strange look and a fierce light shone.

The hearts of the surrounding people trembled. But how can we win now?"

Yuan's expression turned ugly, and she held the agama in her hand even more tightly. If she had not been severely injured in the battle with mo PU, the two of them together with the demon God Gansha would most likely be able to fight against six-winged.

But now that gan Sha was dead and Mo PU was severely injured, it would be difficult to salvage the situation.

Liu Chi looked at the incantation in mo PU's hand, and his eyes suddenly lit up. He said, "A desperate struggle? That's right, let me see the demeanor of the powerful man who dominated the world in the past."

Mo PU's expression was calm, without any fluctuations. As the seal was formed, he immediately transformed into three heads and six arms.

Yuan and Xiao Hong's expressions changed slightly, and the swords in their hands began to tremble as if they were being summoned by mo PU.

The two of them did not resist and allowed the mo weapon to fly over.

The six arms behind mo PU spread out, and the five profound level weapons broke through the air and slowly landed in his hands. He also raised his right hand, and a roll of green light slowly fell.

Liu Qi's eyes shone with excitement as he said, "The ancient scroll of avicinaraka! It's said that the Supreme magical abilities and secret techniques of the demon race are

recorded in it, and it's a Supreme treasure passed down from the ancient demon God era. Even among the previous demon masters, only a few were able to open it, but you should be able to do it, right?"

Yunxiao and the others all had their hearts stirred as they looked at the iron scroll. They also felt that it was strange. When the six paths demonic weapon was summoned, they had never seen the iron scroll open, so they didn't know what was inside.

"The ancient scroll of avicinaraka records the connection between two eras. It is the Supreme ancient scroll that combined all the magical skills and wisdom of the old demon world when the new demon world was created!" Mo PU said slowly.

"New demon world? Old demon world? What did that mean? Could there be a few more mo realms?"

The people around them were all confused, even Yuan and Yuan were confused.

However, everyone immediately stopped thinking and looked ahead with wide eyes. The ancient scroll unfurled in mo PU's hand.

A series of runes flew into the air like a black ribbon, dancing up and down as the scroll was extended.

Each of the ancient devil inscription characters that appeared from the scroll contained an extremely powerful force. The scroll was like a world of its own, showing the world its power and rules.

Liu Chi's expression changed drastically as well. He actually took a few steps back and stared at the ancient scroll in shock. He cried out, "Could it be, Zhenzhen? Zhenzhen?"

Mo PU's expression was calm as he said, "it seems like you've guessed it." This ancient scroll was the magical power Book of Wisdom formed after the collapse of the old demon world. To put it simply, what I'm holding in my hand is one of the realms in this void!"

Liu Chi's expression changed drastically as he suddenly shouted, "The fifth clone, fuse with it!"

He folded his arms in front of him and formed a ball. It was as if endless power was gathering on his body. A shadow that was almost the same as six-winged slowly appeared and fused with him.

Everyone's expression changed drastically, because six-winged's strength had clearly increased a lot.

Liu Chi's eyes turned cold as he fixed his gaze on Yunxiao. He raised his hand and grabbed at Yunxiao, then shouted, "The sixth clone, come out!"

Yunxiao instantly felt his throat being clutched, and he could not even breathe. The divine realm tablet was slowly pulled out of his body under six-winged's capture.

Then, Li Yi's figure fell out in a sorry state and flew towards six-winged.

Only then did Yunxiao return to normal. He grabbed the divine realm tablet with one hand, his face filled with horror. With his current strength, he could be considered one of the best in the two worlds, but he couldn't even withstand a casual grab from six-winged.

Li Yi waved his hands in fear and shouted, "Don't! Don't absorb me! I don't want to die!"

Yunxiao and Wei Qing both regretted not killing him earlier.

"Bang!"

However, Liu Chi didn't care about him. A trace of mockery and anger flashed through his eyes as he rebuked, "You're my clone to begin with, yet you're actually so afraid of death. You've truly disgraced this Lord. If you were just a subordinate, I would have slapped you to death right now, you piece of trash!"

He clenched his fingers and stabbed them into Li Yi's head. He said coldly, "he's weak. Now's not the time to merge, but the situation is like this. I have to do it."

Li Yi's body shuddered a few times before his entire body gradually merged into six-winged's body until he disappeared.

Liu Chi's body suddenly trembled and a ferocious expression appeared on his face. He chuckled and said, "Complete body, descend!"

The pitch-black triangular formation on his chest had completely disappeared. His arms and body swelled up like bamboo shoots, and there were even white bones protruding out. His appearance and temperament had also begun to change.

His cold and stern face was gone, replaced by a ferocious and terrifying look. White bones grew out of his arms, shoulders, and back like swords.

Yunxiao was shocked, but at the same time, he believed that the man was Liu Chi, because his body was very similar to those great demons.

"Bone sword!"

Liu Chi shouted and a piece of white bone extended from his palm, which turned into a sharp sword. The bones were covered with all kinds of complicated runes.

Mo PU had been looking at him quietly until the transformation was complete. Then he said, "I'm still one step away. Was it because the sixth clone was too weak? If your sixth clone can reach the level of a half-step Holy demon, you might be able to become the Lord of a thousand worlds."

"It's indeed a pity," six-winged said, "but the heavenly Dao has never been up to people, nor has it ever given people despair. When one door was closed, there must be another door open. This useless clone prevented me from breaking through to the thousandworld realm, but the heavenly Dao sent you here, along with the six paths demonic weapon!"

Chapter 2347: Chapter 2347-disappeared without a trace

549690339

The corner of mo PU's mouth raised into a cold smile, and he said, "The heavenly Dao has specially sent me here to send you to heaven!"

"That depends on whether you have the ability to do so," the six-winged Daoist laughed.

Without saying anything, mo PU threw the ancient scroll of AMO in his hand. It immediately transformed into an extremely strange form. Those mo matrices began to spin in an incomprehensible trajectory in the air.

At the same time, the other five mo weapons rose up. A powerful presence spread out in circles, shaking the air.

The five mo weapons were all led by the ancient scroll and turned into a vast Nebula, a vast universe.

Mo PU's eyes were cold and his brows were lowered, as if he was the Supreme ruler of this universe.

Liu Chi's expression became extremely serious. The White bones on his body began to turn blood-red, and the bone sword also glowed with a red light. It was like a rising sun that was going to split the firmament!

"Star Jade explosion!"

"Jian Chen!"

The Crimson bone sword rose up and stabbed toward the vortex that seemed like a vast universe.

The hearts of Yunxiao and the others trembled as they cried out, "Not good, quickly run!"

The terrifying force exploded in front of everyone, and dozens of figures turned into streams of light and fled into the distance.

No one knew the situation at the center of the explosion. It was completely impossible to identify it. It was a power that devoured everything, and everyone ran for their lives.

The Tianhan city that was high in the sky was directly annihilated by that overbearing force.

When the people of the six tribes who were tens of thousands of feet away reacted, it was almost impossible for them to escape. They were all covered by the aftermath, and a large number of screams rang out.

Only a powerful Demon Lord, who ran with all his might, managed to escape from the restraints and survive.

Yunxiao and the others had already fled hundreds of miles away, so they could not sense the terrible storm. They all turned their heads in horror and looked at the darkness in front of them.

There was no light coming through. It was like a Dark Universe in front of them, cutting off the world of the devil realm!

Yuan's face was even paler, because Tian Han city was right under this darkness. It was foreseeable that there would be no one alive, not even a tile.

Ji He and some of the demon lords who had escaped also turned pale. This attack had almost destroyed all the core forces of the central forces of the demon world.

A few demon lords managed to escape, but they were heavily injured. Finally, they couldn't take it and directly fell down, their strength dropping.

After a long time, they didn't see any change in the space in front of them. It was still dark as if it was a universe with no light.

Are you sure? " Yunxiao looked at Yuan and asked in a deep voice, " can you sense mo PU's life and death? "

Yuan looked at him and shook her head.

Yunxiao could not hold it in any longer. He tried to sense his surroundings, but he could not even sense the six paths demonic weapon, let alone the life and death of mo PU.

"I'm afraid that mo PU is already dead, and we've lost contact with the demonic weapons of the six paths," Yuan suddenly said.

Her expression was not good. Without the mo weapon, her power would be greatly reduced.

Yunxiao pondered for a moment, then said to Wei Qing, "No matter what happens to mo PU and Liu Chi, it's useless to stay here any longer. Let's go first."

"Leave? Where to?"

Wei Qing was stunned for a moment. He had not yet recovered from the earth-shattering power. Fortunately, mo Qing had already gone into seclusion to focus on refining the palace. Otherwise, she would have been dumbfounded.

the Barbarian tribe! Yunxiao's eyes turned cold. the Barbarian tribe!

The judge discolored as he immediately knew Shi Yan's thought. He mused, "Why don't I go with you?"

you? " Yunxiao was stunned. you? "

Yi nodded and said, "you and I are on the same side now." Now that mo PU and Liu Chi's life and death are unknown, I don't know what to do. No matter which one of them survives, it'll be a disaster for me. And to the realm of heavenly martial arts, it is also a huge disaster, so you and I have always been on the same side."

Hearing this, Yuan's expression also darkened, and it was very ugly.

She and Chen were on the same side. They had worked together to deal with mo PU, and then they had worked together to fight against six-winged. No matter who was still alive, they would be a great threat to them.

Yuan raised her eyes and stared at the endless darkness. The terrifying energy wreaked havoc within, but she could not detect anything.

"Do you want to come along?" the referee asked.

"How's that possible?!" The referee was furious. Li Yunxiao is someone I must kill!"

"Al!"

Yi sighed and shook his head, not knowing what to say.

Yunxiao's eyes flickered. He also understood Yuan and Yuan's situation, so he could not help but say, "Why don't you take the opportunity to unify the central tribes of the devil realm, then kill the ancient realm and gain the upper hand?"

The judge's expression flickered as he fell into deep thought, as if he was considering Yunxiao's idea.

Yunxiao struck while the iron was hot and encouraged, "If six-winged survives this battle, he'll be heavily injured. This is our only chance to get rid of him. Otherwise, when he fully recovers, he'll ..."

Large beads of cold sweat appeared on Richard's forehead, and he couldn't help but shiver. He couldn't help but shiver at the thought of six-winged's terrifying power, an existence that surpassed a Holy demon.

"If that's the case, don't leave for now. We must find out if they're alive or not," Yi said in a deep voice. Otherwise, I won't be able to eat or sleep in peace no matter what I do!"

"Investigate? How do we investigate?"

it's impossible to find two people in this dark space, " Yunxiao said. it's harder than ascending to heaven. And in this darkness, there was nothing. He couldn't see, and his divine sense was limited. You should check it out."

"How do you know there won't be any results if you haven't checked?" the referee grunted.

Richard nodded and said,"I agree with Yuan. Why don't we look around first?" However, Yingluo "

His eyes turned cold as he glanced in a certain direction. "Before we begin our investigation, I think it's necessary for us to remove some of the wings from the Archaeus region."

Ji's body turned cold as she felt Yi's malicious gaze. She couldn't help but take a few steps back and said in anger, "It's not easy for everyone to survive a disaster, so why do we still have to kill each other?"

I'm too lazy to reason with you, " Yunxiao sneered. did you ever reason with us when you attacked the heavenly martial realm? " Kill!"

At his command, Wei Qing, Xiao Hong, Yuan, and Yuan all attacked.

The target was not just Ji alone, but also the demon monarchs who had survived from the four Allied forces.

Ji did not dare to fight them head-on, so she turned and ran. But in an instant, she was chased by Yunxiao and the others, and all of them were killed.

After doing all this, the dozen or so people examined the situation of the dark space in front of them. It was not so dangerous anymore, so they entered and began to investigate.

A month later, the endless darkness seemed to have become lighter.

At the place where everyone had entered, people slowly came out, but they all had heavy expressions, shaking their heads and sighing, as if they had not discovered anything.

The last one to come out was Yunxiao, but he also found nothing. But, Yunxiao's face was full of contemplation.

"Did you find something?" Wei Qing asked. If you want to say it, let's think of a solution together."

Yunxiao looked into everyone's eyes and said, "I suddenly thought of the six paths demonic weapon. It contains the six paths space. Only when three mo weapons are together will there be a chance of triggering the six paths space. Could mo PU and Liu Chi have entered that space?"

When he said this, everyone was stunned.

Xiao Hong and Yuan, on the other hand, were hesitant. They felt that this was indeed a possibility.

otherwise," Yunxiao said, "although this place is hundreds of miles wide, we would have left some traces behind. If the two of them really entered the six paths space, it would be troublesome. He had no idea how to get rid of them. And by the time they recover their strength and come out, everyone will be finished." His face was filled with worry.

Everyone was dejected. Wei Qing said, "There's no point in thinking too much now. Let's take one step at a time. We'll first unite the central demon region, then destroy the Archaeus region. If we gather all our strength, even if one of them doesn't die, we can still fight."

What he said was right, and it gave everyone a little confidence. However, the last sentence, "I can still fight," made everyone shake their heads.

The power that mo PU and Liu Chi had displayed earlier had already exceeded their scope of understanding. Moreover, the top forces of the eight Central divisions were almost all destroyed except for the Barbarian tribes. Even if all of them were gathered

together, they would be like a Mantis trying to stop a chariot when it encountered the six-winged clan.

let's stick to our previous plan, " Yunxiao said. it's better to do something than nothing. Besides, this is the only way now."

"No matter if it's mo PU or Liu Chi who appears in the future, I'll come back and have a talk with them," he looked at Yi and said.

"Talk?"

"Do you think we can come to an agreement on the matter between the two realms?" Lao Ai laughed.

how do you know if you don't try? " Yunxiao said seriously. how do you know? " After being sealed for a hundred thousand years, mo PU's heart did not seem to be so violent anymore. Six-winged was originally from the heavenly martial arts realm, so he most likely had some feelings. As for why he attacked the realm of heavenly martial arts, I think it's because of the enmity from back then. As long as he has his revenge, he probably won't attack again."

The few people beside him nodded slightly, feeling that what he said made sense.

On the contrary, Yunxiao did not have much confidence in himself. He felt that this matter was by no means so simple, and that there seemed to be some hidden agenda. But at this moment, he had no other good ideas.

"Let's go to the Barbarian tribe first," the referee said. Drag man he and that Lu congzi out and skin them alive!"

He was also filled with frustration and frustration. He had no one to vent his anger on, so he set his sights on the Barbarian tribe.

Yunxiao looked back at the dark space, and a faint trace of worry grew in his heart. Hua qianshu, whom he had promised to meet again, had not appeared, and he had no idea where she was at the moment.

Furthermore, he had lost contact with the six paths demonic armament. He realized that the little bit of perception he had with Xiao Hong and Yuan was gone as well.

The devil essence of the devil Lord Emperor also seemed to have become ordinary with the loss of the devil weapons.

The dozen or so people no longer delayed and quickly flew towards the nearest city.

Several dozen days later, he arrived at the nearest large city with a teleportation formation. He finally ended his flight and began to enter a series of teleportations.

Finally, after two months, they arrived at the main city of the Barbarian tribe-extreme Emperor City!

Chapter 2348: Chapter 2348-proof of allegiance

549690339

Yunxiao, Wei Qing, Xiao Hong, bi, an, and some other experts from the kun tribe had come to the city.

Meanwhile, Yuan and her subordinates stayed in a city of the kun tribe. They didn't want to get involved in the fight with the barbarians.

Yuan had yet to recover from her injuries in the battle at Tian Han city and only wanted to recuperate in peace, so she bade everyone farewell.

In fact, the biggest knot in her heart was that she could not accept being on the same side as Yunxiao. If it was just a temporary Alliance out of desperation, she could still reluctantly accept it, but she could not tolerate such a long-term Alliance.

Yunxiao was still wary of her. If it were not for the greater disaster, six-winged, he would not have spared her life.

Therefore, it was not a bad choice for the two teams to part ways.

In the main hall of the Imperial City.

On top of a dark array, there was an empty shell that was split in half. On top of the egg shell, a demon venerable sat cross-legged, his body covered in thick fur, and golden light flickered on his body.

"Congratulations Lord man, you've finally absorbed all the power of the devil ape egg."

A strange laugh came from the top of the hall. Then, a whirlwind appeared and turned into a young man.

The man's face was pale and bloodless, and his eyes were green, but they were full of vigor, which was very strange.

Man raised his eyes and looked at the man,"You have complete control over this body you seized, right?"

The man was Lu congzi. He snorted angrily and said, "I can't completely transform into a demon body yet, so I can only use this body I brought from the realm of heavenly martial arts. I'll transform my body after I master my devil cultivation."

"That's good, as long as you're fine, I can rest assured." Man nodded.

"Thank you for your concern, my Lord," Lu congzi said with a chuckle. Have you heard of the rumors recently?"

Man's expression changed and he said in a deep voice, "you're talking about the incident in Tian Han city?" There were many rumors that it was chaotic, but all of them were extremely terrifying. What version did you hear?"

it's indeed very messy, " Lu congzi said. I've heard seven or eight versions, and I can basically confirm some things. That is, the eight central tribes have almost been completely wiped out, and our barbarian tribe can be said to be the only outstanding one. The second was the appearance of the ancient region's devil Lord, who had destroyed the entire Tian Han city. Right now, it's unknown whether the people are alive or dead, and even the life and death of the devil head has become a mystery."

"Do you think the devil Lord will die?" man Dao asked.

"It's really hard to say," Lu congzi analyzed. After all, the strength of the kun tribe is not weak, and with mo PU's help, I think it's most likely a situation where both sides will suffer heavy losses. It's just that it's hard to guess who's dead and who's not."

"Hold on!"

"Can you be sure that mo PU has made his move?" man interrupted him. A cold glint flashed across his face.

yes! Lu congzi nodded with a smile and said, " I happened to find a person who had the devil Lord's devil essence power a few days ago, so I extracted it. He had originally wanted to use it to spy on the six paths demonic weapon, but it was a pity that he had completely lost contact with it after the battle in Tian Han city. I'm afraid that mo PU is also in a bad situation."

"There's such a thing?!" Man Jing said.

"It's true," Lu congzi said. I wonder what Daren plans to do next?"

Man looked at Lu congzi. He was also very afraid of Lu congzi. If he didn't rely on Lu congzi's art Dao, he would have killed him long ago.

He also tried to probe Lu congzi's thoughts and said, " "What do you think we should do?"

Lu congzi said with a playful smile, "we are the only outstanding one among the eight central tribes." If the devil Lord wins, he will definitely rely on us even more. "Milord, you will have a tremendous increase in power in the Archaeus region. But if the kun tribe wins, it will be troublesome."

"Oh? Where is the trouble?"

"Yuan and I don't assault each other, so there doesn't seem to be a need to target me," man indifferently said.

"As the saying goes, two tigers can't live on the same mountain. If the Archaeus region is the one who lost, then you and Yuan will be the only ones left in the central region," Lu congzi said with a smile.

"Rumor has it that Yuan has already entered the Saint Demon Realm. If that's true, I'm definitely not her match," man said after a moment of silence.

Lu congzi laughed and said, "my Lord, why do you boost other people's morale and diminish your own?" Yuan had already been heavily injured before the battle with the Archaeus region. This was almost certain. Whether they could survive the battle at Tian Han city was already a problem. Even if they were lucky enough to survive, their strength would most likely drop. But Daren has refined the demonic ape's strength, one side is weak while the other side is strong, it is not difficult to kill Yuan."

"You mean you want me to strike first and send out my troops to wipe out the kun tribe?" man Dao asked.

"There's no hurry," Lu congzi said. "This is a strategy for the victory of the kun tribe. But in fact, in my opinion, the possibility of Yuan winning is not high. If the devil wins, then there's naturally nothing to say. It'll be fine as long as the devil is still the leader."

"If that's the case, then we'll talk about it after the results are out." How's your research on the fourth generation coming along?"

Upon hearing this, Lu congzi's eyes lit up. He laughed and said, "We've already achieved great results. If he could succeed, it would be enough to cultivate a large number of demons at the peak of the demon Lord realm. At that time, it would be easy to sweep across the entire heavenly martial arts realm. I'll even be a bit more confident in dealing with the Archaeus region."

Man's expression changed, and a hint of anger could be seen between his brows. After all, they were still too apprehensive when it came to dealing with the Archaeus region.

I don't understand, " he said. you're from the realm of heavenly martial arts. Why are you helping us? "

“Help you?”

“No, no, no, you’ve misunderstood, my Lord,” Lu congzi laughed. I’m not helping anyone, I’m only helping myself.”

“Help myself?”

“Looking at your current half-human, half-ghost-half-ghost-like appearance, it seems like you didn’t help yourself,” man Leng sneered.

Lu congzi said, ‘as long as you have a long-term vision and enough strength, why should you be so fixated on a temporary gain and loss? Moreover, the realm of heavenly martial arts would be destroyed sooner or later. Even if they weren’t destroyed by the demons, they would still be destroyed by their own hands.’”

“In my own hands?”

“What do you mean?” man’s pupils shrank as he asked in a low voice.

Lu congzi’s appearance became even weirder, and his originally handsome face became a little distorted under his expression. With an evil smile, he said, ” “Your Excellency will understand one day.”

Man was furious, but she knew the temperament of the person in front of her. After a muffled Humph, she said, “If that’s the case, you may leave if there’s nothing else.”

He didn’t want to see Lu congzi again, and he wanted to kill him right now.

Lu congzi chuckled and turned to leave.

Suddenly, their expressions changed at the same time. They raised their heads in shock and looked around.

At some point, more than ten people had appeared in the hall, all of them staring at them coldly.

“! Li Yunxiao!”

Lu congzi sucked in a cold breath and couldn’t help but take a few steps back as he looked at the people in front of him in horror.

Man immediately descended from the sky, vigilantly staring at the crowd, and coldly said, what are you guys doing?!

Yunxiao stared at Lu congzi and said coldly, ” “You’re not dead yet, you actually took over your own body.”

Lu congzi's body was one of the many alchemists who had been brought here from the realm of heavenly martial arts.

Lu congzi chuckled and stared at him coldly. "I wanted to take over yang Di's body, but that piece of trash is too weak. He's not worth my time."

"Alright!"

Yunxiao's face flickered as he said ferociously, "Today, you've got no way out."

"Brother man, since we're acquaintances, why don't we shake hands and form an alliance?" Richard also looked at man and sighed.

"An Alliance?"

"What Alliance?" man Leng snorted. Haven't the eight central tribes always been allies?"

"Why are you still speaking in such an official manner at this time?" Yi laughed. To fight or to form an alliance, it's your choice."

Man's expression changed slightly,"I want to know the result of the battle at Tian Han city." Where's the devil and Yuan?"

Yi spread his hands and said, "the devil head is missing. Yuan is seriously injured. She's recuperating now.

"Missing?" man Dongrong asked. Did you see the devil's strength clearly?"

Richard's face turned a little ugly, but he still said honestly, "above the Holy Demon Realm. He's not far from the legendary master of the thousand worlds realm.

"The Lord of a thousand worlds!"

Man's expression changed drastically, and his body couldn't help but shiver.

Lu congzi was also shocked, but his eyes were filled with surprise. the Lord of the thousand worlds! There really is such a realm!" His expression returned to normal, and he seemed to be lost in thought.

"Even so, you still dare to oppose the devil Lord?" man's face was ashen.

"I've already taken the first step, there's no turning back," Shang said. Therefore, if brother man can't make the right choice today, I'm afraid you'll be in big trouble."

His gaze fell on the cracked eggshell and said, "Furthermore, brother man stole the devil egg from the Archaeus region. Although you've carefully concealed your identity, the devil Lord most likely knows about it. If I'm not wrong, this devil egg was originally used to provide power for his sixth clone, but you took it away, directly causing his second clone to be insufficient in strength after the forced fusion. The devil Lord will eventually find you to settle this karma."

Man's expression changed drastically, and he said angrily, "you want to pin a crime on someone, but you can't find a good excuse to do so!"

"Think carefully whether you're trying to frame me or not." Yi laughed. "It's useless for you to tell me, you can tell the devil Lord yourself."

Man's face turned deathly pale, and his eyes became gloomy and uncertain.

Yunxiao suddenly laughed. "you're wrong, Lord Chi. If he had made the wrong choice today, he wouldn't have been able to meet the devil Lord. If you make the right choice, you won't need to explain anything when you see the devil again."

"That's right, Lord Li, you're absolutely right," the referee laughed.

Man's face turned ugly, "what about an Alliance?" "What if we don't form an alliance?"

Before the judge could say anything, Yunxiao said, "If you want to form an alliance, you should join us in killing our way up to the ancient realm and uprooting all of the six-winged Devil's forces. If you don't want to form an alliance, then die now. I don't want to waste my time talking to you. However, if you want to form an alliance, you can use Lu congzi's head as a token of loyalty!"

Man and Lu congzi's expressions turned serious, but their expressions were different. "Can you defeat the devil Lord if you kill me?" Lu congzi grinned hideously. "Why Don't You Leave Me Here and we can work together? after all, the power in my hands is not weak."

"I'll believe you if I believe you," Yunxiao said coldly. "I don't want to waste time talking to you. Let me send you to your death!"

549690339

At the thought of Lu congzi's evil deeds, Yunxiao had lost the interest in man killing him. With a move of his body, dozens of sword beams pierced through his body and spun around the hall, forming a sword array that spread out in all directions to prevent him from escaping.

Lu congzi was shocked and seemed to be a little flustered. He hurriedly said, "Lord man, are you really not going to care about me? Cooperating with these people is the only way to die!"

"Don't worry, since when have I ever given up on you?" man's face darkened.

"Man, it seems like you're really beyond saving," Yi said in a deep voice.

Lu congzi was overjoyed and leaned over to the man. Thank you, sir! I hope that Daren will make a move, and we will rush out together!"

"Yes."

Man one nodded, raised his hand, and suddenly struck out, but it was Lu congzi's chest!

"Bang!"

The fist force hit Lu congzi's body and directly blasted a big hole. Blood and flesh flew everywhere, but the blood had also been dyed black.

The referee and Yunxiao were both taken aback by the sudden change. Yunxiao immediately retracted his sword aura and looked at him coldly.

Lu congzi's face revealed a dazed and dull expression. He looked at his chest and stared at man in disbelief."Why?"

Man snorted and said,"do you still need to ask?" People have to lower their heads under the eaves. Besides, I've long found you an eyesore."

"I see."

"I've helped you so much, but you still want to kill me in the end!" Lu congzi said with hatred.

"Help me?"

Man looked at him with eyes full of ridicule, as if he was looking at a clown, and said with a smile,"Do you think I'm an idiot? Didn't you just say that everything you did was to help yourself?"

even so, " Lu congzi said angrily, " even if I'm mainly helping myself, you'll still benefit greatly, right? " Treating me like this, aren't you afraid that everyone will be disappointed? Even if you seek refuge with them, will they truly accept a person like you, who has betrayed their enemy in the face of battle?"

“No need to talk nonsense anymore,” man sneered, “you’re dying anyway, so I’ll tell you.” Even if today’s matter didn’t happen, I would still kill you sooner or later. Because your appearance makes me feel disgusted. You’re so ugly, and when I see you, I feel like I’ve eaten a fly.”

Although Lu congzi had taken over the body, his evil expression still appeared from time to time.

Hearing man’s words, he actually calmed down, and nodded, “If that’s the case, then I won’t feel any guilt in possessing your body. You deserve to die.”

Man was stunned for a moment, then he laughed out loud, “Hahaha, possess my body? Is he dying and his brain is in a daze?”

A hole was blasted in Lu congzi’s chest, and blood flowed all over the ground, but he still didn’t fall. He raised his hand and made a hand seal in front of him.

Man’s expression changed. Suddenly, his body began to grow furry, his muscles swelled, his face twisted, and he kept changing.

“What? You ... What have you done to me?”

Man was greatly shocked. She suddenly found that her body seemed to have been possessed by someone, and was unexpectedly out of her control. In her great shock, she wanted to attack again, but her arm seemed to weigh a thousand Jin, and she couldn’t lift it at all.

Lu congzi watched jokingly from the side and laughed. “I didn’t do anything to you. Do you think I’m as heartless as you? You may be unkind, but I can’t be unrighteous.” He put on a sanctimonious look.

“You did something to the demon egg?” man suddenly realized and asked in shock.

Lu congzi chuckled and said, “do you think you’ve refined the devil egg?” In fact, it was the devil egg that refined you, idiot!”

He walked forward and extended a finger that was as thin as a branch, pale and bloodless, and directly plunged it into man’s chest. It was as easy as cutting tofu, and he did not encounter any resistance.

Man’s face was filled with fear as she turned her head with all her might to look at Yunxiao and the others, her eyes full of pleading.

The judge gave Yunxiao a look, as if he wanted to ask for his opinion. But, Yunxiao remained unmoved, so the judge pretended not to see him.

Lu congzi slowly pressed his body against man's. Soon, a ball of devil Qi poured into man's body. Man struggled with all her might, and her body trembled, but the extent of her trembling was very small.

Then, the terrified expression on his face turned dull, and he finally froze.

Lu congzi's possessed body lay powerlessly on the barbarian's body as if it had died completely. His face began to stiffen.

Suddenly, man's body trembled and shook Lu congzi's possessed body away. Then, he pointed his finger and exploded in the air with a bang.

After doing all that, man clapped his hands and revealed a strange grin, which was really Lu congzi's.

Louis and the others all swallowed their saliva, feeling nauseated as if they had eaten a fly.

"I finally understand why man wants to kill you," Shang said.

Lu congzi burst into laughter as he stared at Yunxiao and said teasingly, "Do you think I'm a genius?"

Yunxiao nodded. that's true, but it's also very disgusting. It's so disgusting that anyone would want to kill you.

Lu congzi moved his new body and seemed a little uncomfortable. He snorted coldly and said, "If you want to kill me, you'll have to see if you have the strength! Even man, who was as strong as the demon commander, was ambushed by me. In fact, I've already refined that devil egg and placed a restriction on it. He was so stupid that he thought I was helping him refine it. He deserved to die for being stupid."

you're right, " Yunxiao said. I agree with you on this point. Stupid people deserve to die. But isn't it stupid of you to show off in front of me?"

Lu congzi stared at him with a smile and said, "You think you've got me?"

what? " Yunxiao sneered. do you think you can still live? "

The two of them were full of confidence. One thought that they had the other in the bag, while the other thought that it was impossible.

Lu congzi clapped his hands with great force. The sound of clapping spread out, and the entire Hall shook.

you've called for reinforcements, " Yunxiao said with a slight frown. you'll only add more vengeful souls to the list.

Lu congzi laughed. whatever you say. I don't care if these scumbags die or not. So be it if they're vengeful.

Soon, the entire Hall was surrounded by a large number of experts.

Those people looked into the hall, especially when they saw Lu congzi lying on the ground. They were all shocked and angry.

since we've decided to kill them, let's be quick about it, " Wei Qing said. otherwise, the more garbage there is, the more troublesome it will be to clean up.

Staring at Lu congzi, Yunxiao said, " I'll ask you one last time. Where are yang di and the others? where are they? " You won't tell me even when you're about to die?"

"Oh, I almost forgot about it."

A strange smile appeared on Lu congzi's face as he said, " "I'm not that cruel. It's time for you to meet your apprentice and old friends."

He started clapping again, and a very rhythmic sound, like a song, spread throughout the hall.

Then, the faces of Yunxiao and the others changed slightly, because they all sensed a powerful aura approaching, and it was not just one person.

"BOOM!"

All of a sudden, the roof of the hall was ripped open, and the Devils who had come earlier all retreated in horror, scattering in all directions.

The sun shone down, and several figures appeared in the sky.

Yunxiao's heart trembled, and he could not help but cry out in surprise, " Xuan Hua, Feiyan, yang di, Luo Tian Jiejie!

At the moment, all the familiar faces had cold expressions on their faces. When they saw Yunxiao, they were taken aback for a moment, but then they returned to their indifferent expressions.

Yunxiao's heart sank. These people were either possessed by the devil or possessed by an evil spell. Although they recognized him, they seemed to be controlled by someone.

“Hahaha, we haven’t seen each other for many years,” Lu congzi laughed and said, “don’t you feel emotional?” It’s such an exciting scene.”

Yunxiao’s face turned blue with anger as he gritted his teeth and said, ” “What sorcery did they get?”

“Sorcery?”

“You can ask them yourself,” Lu congzi said with a smile. They are all my disciples or subordinates, and even my adopted daughter. How could I teach them evil Arts?”

li Yunxiao, ” Xuan Hua suddenly said, ” what are you doing? Don’t be rude to the chief!”

Yunxiao stared at Xuan Hua, his face darkening as he said, ” “You guys still call him chief? Do you know what they have been doing all these years?”

Xuan Hua stared at him sarcastically. we’ve been with the chief all these years. Naturally, we know.

then why are you still helping him at this moment? ” Yunxiao asked in a deep voice.

Xuan Hua said, “it’s because I know that I helped him.” I know you must have a lot of misunderstandings, but I’m too lazy to explain it to you. I’ll give you a piece of advice, don’t be rude to the president, or you’ll have to bear the consequences.”

The rest of the people looked at him with the same expression.

Even yang di said, ” “Shizun, turn back and you’ll be saved. At this moment, I can still call you master, but if you dare to be rude to the chief in the slightest, our master-disciple relationship will end here.”

Yunxiao felt dizzy. He knew that these people were possessed, but he had nothing to say. His anger gradually subsided.

that’s right, ” Lu congzi laughed evilly. I caught someone not long ago. He looks familiar.

He raised his hand and made a grabbing motion.

Suddenly, countless rays of golden light gathered and condensed into a Golden ball of light under his palm. There were flames dancing within the ball, and the illusionary image of a fire Bird was flying within it, occasionally disappearing.

Below the Firebird was a man sitting cross-legged, seemingly recuperating from his serious injuries.

“Hua qianshu!”

what? ” Yunxiao was shocked again. no wonder I didn't see him at the meeting in Tianhan city! You've caught him!

it's called fate, ” Lu congzi said with a smile. it's fate that we can catch him. On the day he bade farewell to the shooting star City, he had coincidentally met her on his way back. Thanks to my good memory, I was able to recognize him. If it were anyone else, they would have long forgotten about such a small fry. However, his fortune is not bad. He actually obtained the Nirvana of the Phoenix and the devil essence of the devil Emperor. This is a little surprise for me. ”

Chapter 2350: Fourth-generation product

549690339

Yunxiao suddenly laughed as well. my disciple has made you happy with a little surprise. I've decided to give you a big surprise next. I'll let you go to heaven.

Seeing that Hua qianshu was fine, he was relieved. Even Xuan Hua, yang di, and the others, as long as they were still alive, there would always be a way to remove the sorcery.

“At this moment, I can't help but admire your calmness and optimism,” Lu congzi retorted. Even now, do you still have the confidence to kill me? This body has absorbed the power of the ancient demon ape and has already reached the half-step Saint Demon Realm!”

In an instant, as Lu congzi released his aura, the entire Hall began to shake.

All the demons 'expressions changed drastically.

Even Yunxiao was taken aback. that's impossible! You've just taken over this body. How can you control it so easily? ”

“That's why people with stupid brains die easily,” Lu congzi said with a smile. Didn't I just say it? I didn't possess man's body, but the ancient demon ape's! I had already refined the infant's power when it was still in the devil egg, and man Zi thought that he had obtained the devil ape's power, but he was actually bound by the devil ape. If you hadn't come today, I would've still attacked man in a few days. Your arrival has only brought the process forward.”

The expressions of the surrounding barbarian demon lords changed drastically when they heard this. Each and every one of them revealed an expression of shock.

Richard sneered. you're right. Stupid people die easily. I'm really worried about your IQ. Now your identity has been exposed, right? ” How will these barbarian people work for you?”

The experts of the Barbarian tribe came back to their senses one by one. They glared at Lu congzi with Fury on their faces.

Lu congzi chuckled and said, "to be honest, I don't think I'm interested in these minions." But at least they were lives. Even if they were used as cannon fodder, it would be good. Before I dealt with man, I had already placed a restriction on them. Initially, I wanted to kill man together, but the devil egg gave me another opportunity, so I didn't have the chance to use these pieces of trash. But now, I can use them."

The demon lords of the Barbarian tribe exploded with anger. They shouted with all their might, "Lu congzi! If we don't kill you today, we won't be human!"

"Then you're all going to be dogs today," Lu congzi said with a smile.

He raised his hand and grabbed. A strange force seemed to appear in the palm of his hand, and the expressions of the demon lords all changed drastically, screaming in pain in the air!

"What's going on? What did you do to us?"

The demon lords screamed, their faces contorted. At first, they could still resist, but later on, they all wailed and begged for mercy. Sir, please stop and let us go. Please, Sir, let us go!

"Beg for mercy?" Lu congzi said coldly. Didn't you all say that if you don't kill me today, you're all not human?"

"We are not humans to begin with," a Demon Lord kneeled and begged, "please, Milord, have mercy on us."

A few demon monarchs were in so much pain that they tore their bodies apart and exploded with a bang, falling down in the air.

This scene caused the rest of the People's expressions to change greatly, and they began to beg for mercy in fear.

Only then did Lu congzi let go of his hand and said coldly, "The only chance of survival is to kill Yunxiao and all the others! Also, I want to tell you a tragic thing. The seal I placed on you is bound to the slave contract. If I die, you will all die!"

The demon lords' faces were all pale, and their eyes were like dead fish, completely devoid of light.

"What's wrong? Still not making a move?"

At Lu congzi's cold order, the devil Lords trembled with fear when they saw that he was about to shake hands with them. They hurried to rush toward Yunxiao and the others from all directions.

Even Xuan Hua and the others flew in front of Lu congzi to protect him.

Liu Feiyan's face was filled with anger. She pointed her sword forward and said coldly, "Gu Feiyang, I didn't expect you to be this kind of person. You actually harbored evil intentions and wanted to kill my foster father! I will take your head today!"

Yunxiao's face turned slightly cold as he said to Wei Qing, who was behind him, "I'll leave these people to you. Use the Yin Yang air bottle to suck them in, but don't take their lives."

Hmph! Wei Qing snorted coldly. it's hard not to harm someone's life. You should do this kind of nanny-like job yourself. Leave Lu congzi to me!

He flew up and flew toward Lu congzi, who was surrounded by the crowd.

At this moment, the demon lords that were attacking from all directions were all blocked by Yi and his subordinates, as well as Xiao Hong.

The referee held a small sword in his hand and fought bravely. During the battle of Tian Han city, she didn't have time to put away her twelve divine beings. In the end, it was destroyed by mo PU and Liu Chi's attack. Now, only that small sword was left.

Fortunately, that sword was also an extraordinary item, and it was extremely powerful.

Lord Chi, " Yunxiao said. can these demon lords stop us? "

"There's a lot of them, so there's no problem for now." The referee said with a solemn expression. But if there's a steady stream of demons coming, I'm afraid we'll be in trouble."

The battle here had alarmed the entire Imperial extremity city. Experts from all over the city were rushing over to join the battle.

Even though Yi was a Demon Lord, he could not defend against a siege and a battle of attrition.

"Alright!" Yunxiao said. You hold on first, I'll try my best to be fast!"

At this moment, Xuan Hua, Liu Feiyan, and the others all flew into the air and attacked Wei Qing.

a bunch of scum! Wei Qing sneered. if it weren't for li Yunxiao, I would have killed you right now.

With his strength, he naturally would not put these people in his eyes.

However, under Xuan Hua's first attack, the pitch-black longbow in his hand suddenly turned into a saber and also suddenly slashed over.

His originally handsome face suddenly became as ferocious as a demon, and his power also increased!

"What?"

Wei Qing's heart skipped a beat. He had been calm and collected, but to his shock, he realized that not only was the other party's strength not the same as before, it was completely beyond his expectations!

"Bang!"

In a panic, Wei Qing struck out and hit the black longbow with his palm, sending it flying.

However, the attacks of Liu Feiyan and the others came one after another, making it impossible for him to Dodge. He could only brace himself and attack in all directions!

"Bang! Bang! Bang! Bang! Bang! Bang!"

A series of explosions rang out. Wei Qing's heart trembled. Each of their attacks had the power of the demon Lord. And a few of them had even reached the peak of the demon Lord realm!

Finally, he could not hold on any longer and was sent flying by the combined attacks of everyone. He even spat out a mouthful of blood.

how is this possible?!

Wei Qing's face was filled with fear after he retreated a few thousand feet.

He was now a true demon commander, and he had gone through many hardships to obtain this cultivation. Except for Xuan Hua and Liu Feiyan, the rest of the people in front of him were basically alchemists. How could they have reached the demon Lord realm in such a short time, which was comparable to the void extreme divine realm of the heavenly martial realm?

Yunxiao was about to make a move, but he stopped as well, his face filled with horror and disbelief.

“Huh? Wei Qing, you actually escaped?” Lu congzi said in surprise. I can’t believe that even you have stepped into the demon Lord realm. Now, demon Venerables are as cheap as dogs and can be found everywhere?”

damn you! Yunxiao roared. you damn beast! What did you do to them?”

Yunxiao’s eyes almost popped out of their sockets. The more abnormal the phenomenon was, the greater the transformation and damage it would cause to Xuan Hua and the others. Otherwise, Lu congzi would have already modified him and not thought of ways to possess the Barbarian.

“Hehe, of course it’s to help them increase their cultivation. Isn’t that the effect? Are you blind?”

Lu congzi chuckled. He was very pleased and proud. In the end, when he looked at Yunxiao’s angry face, he seemed to feel a great sense of accomplishment and said, ”

“Back in the ancient Devil’s well, you saw the demonic beasts I had modified. They were the second generation. After that, in shooting star City, they could be considered the third generation. And these familiar people you see in front of you are the fourth generation, hehe.”

Yunxiao trembled all over, and his scalp went numb with anger. With bloodshot eyes, he said in a cold voice, ” you’re saying that these people are ‘magical beasts’?!

“Hehe, why are you so obsessed with your original appearance? Young master Yunxiao was a man of great wisdom, so please don’t take it to heart. They were just a bunch of stinking skins. Of course, they aren’t much different from magical beasts in essence.”

Lu congzi chuckled and said, ” also, I’ve discovered that combining materials from the heavenly martial realm and the devil realm can produce many unexpected effects. This fourth-generation product is the one I’m most satisfied with so far. Not only does it have strength, but it also has wisdom and even loyalty.”

“I’m going to kill you!”

Yunxiao could no longer hide his anger, and he rushed over in an instant.

Xuan Hua and the others all had angry expressions as they shouted, ” “Stop!”

They all attacked him.

But, how could he stop him? besides, Yunxiao was burning with anger at the moment, so he could not care less. He raised his palm and struck out!

“Bang!”

The huge palm force hit the void and exploded, sending more than ten people flying.

His strength was above Wei Qing's, and Wei Qing was also too careless and underestimated the enemy, which was why Xuan Hua and the others took the opportunity to send him flying.

How could these people stop Yunxiao?

haha, young master Yunxiao is too kind to kill me.

Lu congzi laughed out loud and flew back, clapping his hands again.

With man's body and the power of a half-step Holy demon, he was confident that he could fight Yunxiao. However, he had always been a cautious person and refused to take any risks.

Soon, as the applause stopped, a large number of magical creatures flew over from all directions and gathered behind Lu congzi. They were the third-generation modified products he had seen in shooting star City.

There were also quite a few third-generation beasts, about forty to fifty of them, and they all roared as they charged over.

Lu congzi had abandoned all his previous efforts in the battle of shooting star City. These were all modified products after they escaped.

"All of you, go to hell!"

Yunxiao was almost going crazy. The world of smiles appeared in his hand and he suddenly slapped at the third-generation products!

"Boom boom boom!"

A gust of wind and Fire swept out, instantly sweeping in all directions. The entire Hall was completely blown away!

Chapter 2351: Chapter 2350-dying with a single song

549690339

One by one, the massive third-generation demons were sent flying by the power of the 'proud smile of the secular world'. Many of them exploded with loud bangs, suffering serious injuries.

Lu congzi's eyes fell on the banana fan and he said, "What profound level weapon is this? Who did it come from?"

Yunxiao, who had gone crazy, roared, "From your f \* cking head!" He raised his banana fan and suddenly hit Lu congzi!

Lu congzi's eyes narrowed slightly. He immediately felt the mighty power of wind and Fire, but he did not panic. Instead, he raised his hand and punched!

"BOOM!"

The huge furry fist struck the banana fan, and a massive force soared into the sky, shaking the two of them unsteadily.

Lu congzi's huge pupils contracted like black dots. He said in surprise, "you're so strong that you can actually compete with me?!"

"Resist? I'm going to tear you apart with my bare hands today!"

Yunxiao's eyes were burning with anger, and his reason was invaded by boundless anger. He clenched his fist, and the primordial sword energy gathered in his palm.

Lu congzi's expression changed, as if he had sensed something. He looked at the sword Qi in shock and cried out in horror, "what's that?!"

"It's you!"

Yunxiao roared, and before the sword could take shape, he slashed it down like a beast!

Lu congzi's pupils constricted, and he gasped. He actually felt the danger of dying under that sword.

He immediately grabbed with both hands, directly stimulating all the potential of this body. With a loud roar, he punched out!

"BOOM!"

A circle of sword Qi spread out at the point of collision between the two forces.

Lu congzi felt that his arm was torn apart by the sword Qi, and his skin and flesh were torn open. He grimaced in pain as if he had been cut by ten thousand swords.

"Bang!"

The giant ape-like body was instantly sent flying, and his entire arm was almost crippled. Not only that, but the meridians in his body were also shot in by the sword Qi and broke in more than a dozen places.

“How is that possible? It’s impossible!”

Lu congzi was immediately frightened as he looked at Yunxiao, who was approaching him step by step. The madness and hatred in his eyes and the terrible sword in his hand could actually hurt him to this extent without even having a shape!

“What’s with this sword? What the hell is going on?”

Lu congzi was scared out of his wits and lost all will to fight. He hurriedly shouted and fled behind him.

Originally, his strength as a half-step Saint fiend was enough to fight Yunxiao. Plus, in the main battlefield of the Supreme Emperor City, a large number of demonic creatures were rushing over, so he had a good chance of winning.

Unfortunately, he had underestimated his enemy and been too smug earlier, so he was wounded by Yunxiao’s sword.

In addition, he was not a martial artist, so he did not have the courage and fighting will of a martial artist. He only had the obsession and madness of an Alchemist to study and transform everything.

Yunxiao endured the great backlash caused by the floating and Consolidating Equipment master and said with a grin, “although you’ve obtained the body of a half-step Holy demon, you’re still a pathetic, laughable, and hateful weakling.

“How dare you!” Lu congzi was shocked and furious. What right do you have to comment on me! If I’m a weakling, then what are the thousands of strong people who died because of me?”

I’m not qualified to judge you, ” Yunxiao sneered. I’m not qualified to judge you. What’s there is only to send you to the end of your life, to put an end to your crimes.”

Lu congzi retreated again and again and said in a panic, “Stop! Haven’t you done any evil? haven’t you killed anyone? I’m afraid that the number of people who died in your hands is far more than mine!”

I have indeed killed more people than you, ” Yunxiao said coldly. but I did it for the world, for the entire world!

“Haha, what a good reason!”

even if you’re kind and loyal, you’ve only killed tens of millions of people for your own selfish thoughts and peace of mind, ” Lu congzi laughed angrily. or rather, you’ve killed tens of millions of people to fulfill your benevolence and righteousness. I’m only pursuing my own goals, and what’s the essential difference between killing tens of

millions of people and you? Do you think that you can claim to have accomplished a thousand things just because you're the heavenly martial Alliance's leader?"

Yunxiao sneered. no matter how sharp your tongue is, you won't be able to escape death today. Although I'm the heavenly martial Alliance's leader, I don't dare to reveal my unparalleled achievements. However, killing you today can be considered as a small contribution to the realm of heavenly martial arts!"

The master of sinking suddenly condensed into the shape of a sword, turning into a physical sword that he held in his hand.

A pure metallic aura immediately appeared in his palm. He held it very firmly, and his heart felt a peace that he had never felt before.

An unprecedented, vast power swirled around him, shaking the entire Imperial extremity city!

"Not good!"

run! Lu congzi roared and ran away madly.

The sky was also constantly rumbling, accompanied by Thunder and fire.

Yunxiao's sword momentum rose, turning into a White Rainbow that pierced through the sun and shattered the void!

"Star sword slash!"

A streak of white light streaked across time and space. The entire Imperial extremity city was split into two by this sword!

The sword Qi in front of him instantly slashed at Lu congzi's body, and it was as if ten thousand arrows had pierced through his heart.

Lu congzi's body trembled, and in the blink of an eye, he exploded with a bang, turning into pieces.

All the dust turned into the most primitive demonic Qi and was blown away by the wind. Finally, it dissipated into the endless earth, completely disappearing without a trace.

"The affairs of the world flow like water, and a dream comes to life. A majestic plan, a blood feud, all it takes is a song to end it. "

Yunxiao looked at the demonic aura that Lu congzi had turned into, which had gathered and scattered like smoke, leaving no trace on the ground. He couldn't help but let out a long sigh and put away the master sinking ship in his hand.

With Lu congzi's death, the demon lords who had been restrained by him twitched in pain and completely lost their combat strength, wailing miserably.

The people of the kun tribe looked at him with pity on their faces, not knowing what to do.

"Kill them all," Yi said in a deep voice, "it'll be a release for them."

The weaker barbarian tribesmen watched from afar, not daring to get close. In particular, Yunxiao's sword strike, which had directly split the heaven and earth and split the Imperial extremity city in two, made everyone even more terrified.

Wei Qing was also shocked. He was still fighting with Xuan Hua and the others. Every time he caught one, he would stuff it into the yin and yang Qi bottle. Soon, he caught all of them.

With Lu congzi's death, a ball of flame slowly emerged not far in front of him, which then turned into a Phoenix and then condensed into the shape of Hua qianshu. He rushed over and knelt in front of Yunxiao, sobbing and saying, "Master!"

Yunxiao was in a bad mood, but when he saw that Hua qianshu was safe and sound, he felt a little better. He quickly reached out his hand and said with a smile, "You may rise."

Hua qianshu refused to get up. She was forcefully dragged by Yunxiao, and only then was she able to stand up with great difficulty. Her face was already covered in tears.

it's good that you're back, " Yunxiao said. I'm glad you're back.

Hua qianshu had been holding back her tears, but after hearing this, she burst into tears again.

Following Lu congzi's death, almost all the higher-ups of the Barbarian tribe were killed. Xuan Hua and the others were also captured. The entire situation in the Imperial extremity city had been completely awed.

The remaining middle and lower-level demons were not a threat at all. The church sent a few powerhouses over to manage and incorporate all of them.

At this point, there was no one in the eight central tribes that could resist the yuan and Yuan tribes.

The rest was only a matter of time. As long as they were given a certain amount of time, they would be able to truly unify the central region.

Lord li, " the judge looked at Yunxiao and said, " are we really going to the ancient realm next? "

we don't know whether mo PU and Liu Chi are Dead or Alive, " Yunxiao said. we can only prepare for the worst and destroy the ancient realm first. If six-winged really does return one day, we'll be able to face him in our strongest state."

"That's true," the judge sighed. The fact that six-winged doesn't die has always been a knot in my heart. I'm afraid I'll die in his hands sooner or later."

the heavenly martial realm is the same, " Yunxiao said. it's the same in the heavenly martial realm. If he were to unify the devil World, he would be in big trouble. Back then, he was injured by a true dragon, yet he retaliated with his entire resentment on One World. He's so narrow-minded that no one else in the two worlds can compare."

"The six-winged Suan ni has already appeared?"

Suddenly, a soft and gentle voice rang in Yunxiao's ears.

Yunxiao was slightly surprised, but then he could not help but look happy. A white light flashed between his eyebrows, and a woman's figure appeared in front of him.

The moment the woman appeared, she seemed to be extremely uncomfortable. She cried out in pain and her body was unstable.

Yunxiao was taken aback. He hurried forward to help her up and cast an enchantment around her to block the power of the devil realm as much as possible.

Only then did the woman's face turn red, and she nodded, " "Many thanks, young master."

The others all revealed strange expressions. They seemed to have never seen this woman before. Wei Qing and Xiao Hong were also stunned.

lady rouwei, you're too polite, " Yunxiao said with a smile. you can just call me li Yunxiao. I have a good relationship with Princess water fairy and Lord poron, the sea Emperor."

'Li Yunxiao!'

Rou Wei muttered it a few times and smiled."You were the one who saved me, right?"

This woman was the sea Emperor's wife. After taking the heavenly fate creation pill that day, she had been sleeping in the divine realm tablet and had not woken up.

For some reason, he had woken up and heard the conversation between Yunxiao and the judge.

Yunxiao gave a brief introduction to the crowd. The judge and the others were all confused, and it was only then that Wei Qing and Xiao Hong realized what was going on.

Rou Wei's brows moved. She looked around and said in surprise, "This is the devil World?"

that's right, " Yunxiao nodded slightly. you have a good eye, my Lord.

Rou Wei was shocked and quickly began to calculate.

Yunxiao knew that she, like Duanmu Youyu, had inherited the hundred wheel knot, and was very good at divination. Thus, he remained silent and waited for her to make her deduction.

After a while, Rou Wei's face turned ashen, and the light in her eyes dimmed. All that was left was a long sigh.

Your Excellency, " Yunxiao said with a wry smile, " I'm guessing what you're thinking. I wonder what he calculated? If it's good or bad, you should tell everyone, otherwise, you'll feel uncomfortable."

Rou Wei nodded gently. I just heard about the appearance of six-winged, " she said. I did some calculations and found that the heavenly fate has not changed. I'm afraid the realm of heavenly martial arts will still be destroyed by six-winged in the end.

Chapter 2352: Chapter 2351-prophecy

549690339

When the people in the surroundings heard this, their expressions immediately changed.

The judge and the others were confused. They couldn't help but smile sarcastically.

The faces of Wei Qing, Xiao Hong, and Yunxiao all changed.

Because Yi and the others had never seen a 'prophecy' before, they naturally felt that it was absurd, but Yunxiao and the others did not.

are you sure that six-winged is not dead, my Lord? " Yunxiao asked in a deep voice. are you sure that he is not dead? " Then what about mo PU?"

Rou Wei shook her head and said, "no PU's strength is too strong, I can't divine it." I can't even calculate the life and death of six-winged, I only peeked at Tian GUI, and it's still on the established track without any changes. And this result was passed down by the line of self-divination, which was the destruction of the six-winged world, and the heavenly martial arts realm no longer existed."

Yunxiao's face darkened. so, Liu Chi is indeed not dead. he said. he's not dead. Based on this conclusion, he'll most likely be able to reach the Lord of a thousand worlds."

Everyone in the church was also shocked, but the church forced a smile and said, "Haha, Lord Li, you believe this person's nonsense? There's no evidence at all, it's just nonsense!"

Yunxiao ignored him and said to rouwei, " since you are from the lineage of Lord Baishu Yui, do you have any way to deal with it? "

"Young master Yunxiao, you think too highly of me," rouwei said with a bitter smile.

Yunxiao looked irritated.

"Don't tell me you really believed it?" Jian Jia asked.

the divination families in the heavenly martial realm, " Yunxiao said. unless it is a heaven that can not be occupied, anything that can be seen is the heavenly Dao.

"There's ... There's such a thing?"

Richard was dumbfounded and started to worry.

If the six-winged clan could destroy the heavenly martial arts realm in the end, then it could certainly unify the devil realm. Then his life would be in danger.

"What, what should we do?"

Originally, he had been secretly happy and smug about annihilating the Barbarian tribes and unifying the eight central tribes. But now, all of that was gone. His heart was heavy.

this damn pervert! Yunxiao cursed. he was just schemed against back then, and he hates his hometown so much. Wouldn't it be fine if he just killed luanyu and the others? Even if it doesn't work out, he can still kill me. Why would he want to spread his hatred to the entire world!"

Rouwei shook her head with a bitter smile. Liu Chi isn't that kind of person. According to the notes, he's meticulous and astonishingly talented. He's rarely been a match for anyone since ancient times. In the end, luanyu and the others were jealous and had a conflict with him. After killing Wanling, he was also injured by luanyu and escaped into

the devil World. And according to the divination and analysis of my ancestors, the reason for their conflict was because of one thing.”

“An item?”

something that luanyu and six-winged covet? ” Yunxiao asked in surprise. is it the divine realm tablet? ”

Rou Wei shook her head and said, 'it's not the divine realm tablet. This was an item that was related to the fate of a world. If the heavenly Dao could not be changed, this item would eventually fall into the hands of six-winged. It was originally an extremely secretive matter, but now I can tell you about it. ”

“What exactly is it?” Wei Qing asked.

“I don't know,” rouwei shook her head. However, some of the ancestors seemed to have calculated it before. According to the records, that ancestor exhausted all of his lifespan and turned into bones in an instant.”

Yunxiao frowned. so mysterious? ” he asked. Was there anything else in the heavenly martial arts realm that even six-winged and luanyu coveted? It seems I'll have to ask luanyu about this matter.”

Rou Wei was filled with worry. there doesn't seem to be much time left. Let's find luanyu and ask him what that thing is. Perhaps there's still a way to save it.

let's not waste any time. Yunxiao nodded. we'll go back to the heavenly martial realm now.

The referee was shocked and said, "go back?" What about the Archaeus region?"

I'll leave the battle in the ancient realm to you, ” Yunxiao said. Lord Yuan and Lord Yuan.

“The Archaeus region has always been \* mysterious place \*\* Yi said in \* deep voice \*\* Our tribe and the kun tribe have suffered great losses in this battle. \*’m afraid that we'll be sending ourselves to our deaths if we're not enemies of the Archaeus region. \* Although Yuan's strength was tyrannical, she was seriously injured and could not recover in a short period of time. I'm very worried that I'm the only demon venerable. If you fail to conquer the Archaeus region, it will not be a good thing for the realm of heavenly martial arts.”

Yunxiao was also put in a difficult position. What the judge said was true, and he did want to find luanyu as soon as possible to understand what happened back then.

“If that's the case, then I'll stay behind and help you,” Wei Qing suddenly said.

“You’re staying?”

Both Yunxiao and the judge were taken aback.

Wei Qing nodded and said, “I’m currently cultivating demonic techniques, and with the rainbow stone in my body, I’ve completely adapted to the demonic realm.” Even if the war in the Archaeus region had not happened, I would have stayed in the devil realm to cultivate if the heavenly martial arts realm was fine.”

that’s great! Yunxiao was overjoyed. that’s great!

The referee had no choice but to agree. Although Yunxiao seemed to be missing his greatest help, it was still good to keep Wei Qing, which was better than him fighting alone.

let’s not waste any time, ” Yunxiao said. let’s use the teleportation formation of the Barbarian tribe. Where is the nearest crack? ”

“I’ll arrange this,” the referee said.

He immediately summoned his subordinates and made arrangements for this matter.

The referee’s face was filled with faint sorrow as he stepped forward and said, ” “Lord li is going back? I wish Lord li a safe journey. When will you return to the devil realm?”

now, the crux of the problem between the two worlds lies with six-winged, ” Yunxiao said seriously. as long as six-winged is killed, the two worlds will be at peace. At that time, whether it’s the heavenly martial realm or the devil realm, you or me, we can come and go as we please.”

“I can also go to the realm of heavenly martial arts?” the referee was stunned.

of course you can! Yunxiao laughed. why not? ”

“Then can I withstand the realm power of the realm of heavenly martial arts?” Yi asked.

there are many ways to resist the power of the realm, ” Yunxiao said. it’s not a problem.

then let’s work hard to kill six-winged, ” Yi said suddenly after some thought. I want to go to the realm of heavenly martial arts in the future. Her smile was very bright.

Yunxiao was also deeply influenced by his words. After the two realms are at peace, you can come to the realm of heavenly martial arts!”

“En!”

The man nodded heavily and watched Yunxiao leave with a reluctant expression.

Xiao Hong watched silently from the side. Naturally, she had seen more than Yunxiao. She did not have a good impression of Yi, but now that her resentment had disappeared, she could not help but sigh in her heart.

Wei Qing took Xuan Hua and the others out of the yin and yang air bottle one by one. They had all been knocked out by him, and he handed them all to Yunxiao.

Both Yunxiao and Hua qianshu's faces turned ugly. Especially when Hua qianshu saw yang di, she even called out to him a few times sadly.

"Master, you must save them," Hua qianshu said.

After taking everyone into the divine realm tablet, Yunxiao sighed and said, "I'll try my best."

In fact, he was not confident at all, and he did not have the time to study the rescue technique. He could only return to Yanwu and leave it to AI.

Furthermore, the ancestor of the demon race, Liu Chi, had become the devil's head, becoming the biggest problem between the two worlds. He didn't know if he should tell the demon race.

If the demon race knew about this, who knew what kind of commotion they would cause.

The judge quickly found the middle level of the Barbarian tribe, determined the location of the crack, and then ordered someone to take Yunxiao there.

There were a total of two demons, one from the Barbarian tribe and the other from the kun tribe. The Barbarian demon led the way through the teleportation formation and arrived at an uninhabited wilderness. They began to fly at a high speed.

After more than a month, they finally arrived at a deep mountain. There was an extremely powerful aura coming from it, and it was obvious that a large number of demons were entrenched there.

The Barbarian expert's face paled and he did not dare to go down.

After finding out the location, Yunxiao dismissed the two and asked them to go back to report, while he and Xiao Hong went on their own.

Although there were powerful demons in the mountains, they posed no threat to the two of them.

He quickly found the crack and went through it.

After passing through a long tunnel-like space, the two of them finally appeared in a dark place.

Yunxiao looked around and could not help but sigh in his heart. This was the place where he had fought with Lu congzi and the demonic monarch for the first time.

Now that he was back on the journey, he couldn't help but be filled with emotions.

However, he didn't have much time to think about it. He flew away and quickly arrived at the well.

Yunxiao flicked his finger, and a beam of light shot out. With a bang, it shook thousands of feet in front of him, turning into several streams of light that spread out like a spider web.

It was the barrier that Ling mudi had set up with the nine Palace talisman.

After all these years, the power of the runes had weakened a lot, and it could not stop him at all.

Yunxiao stepped forward and glanced around. He chose the weakest node, then tore it open with both hands, creating a crack as tall as a man, and walked over.

After passing through it, the crack closed up on its own, but the power was much smaller.

Not far from the ancient Devil's well, a floating island was slowly moving in the wind, but the distance it circled was fixed, and it was impossible to leave.

There were many Warriors on the island, about a hundred of them, most of them meditating.

In the main hall, a blue-robed man was waiting for something.

Suddenly, two figures appeared from outside the door. The one in front was a handsome young master with an extraordinary appearance. Behind him was a woman in a Palace dress with her eyebrows raised.

The young master entered with a smile and cupped his fists. "Brother Wudi, I've been waiting for you for a long time,"

The man in the blue robe was Qian Wudi, and he said hurriedly, "so, it's brother chenfeng. Haha, you're finally here. I can finally return to Yanwu.

His expression suddenly changed as he looked at Chen Feng. He couldn't help but exclaim in shock, "Brother Chen Feng has reached the deity realm?"

When his gaze once again fell on Liang Yuyi behind him, his expression became even uglier. "Yu Yi has also entered the God Realm!"

Liang Yuyi chuckled and said, "it's just luck." Young master Wudi was also at the peak of nine-star and was unrivaled. He was only a fine line away from the immortal level. I see that young master is in such a hurry to return, most likely to break through this barrier."

Qian Wudi sighed and said, "Yuyi has a good eye, that's right."

Chapter 2353: Chapter 2352-returning to the city

don't worry, brother Wudi, " Chen Feng said. Yu Yi and I will take over this place. There's no need to worry.

Qian Wudi nodded and said, "after all, it's the ancient Devil's well's crack. It's the easiest one out of all the big cracks." With the nine Palace talisman that Lord mu di set up back then, it's very difficult for the devil to escape."

Chen Feng's lips curled into a smile as he said, "good luck. I hope I can see you at the godly state when you take over my position in a year." By the way, I'll tell you something else. Qian Duoduo reached the immortal state half a year ago, two months earlier than me. "

"What?"

Qian Wudi was taken aback, and his expression instantly turned dark. The veins on his fist bones were bulging.

"Talents have emerged in large numbers in the past few years, and there are countless powerhouses who have entered the godly state. After all, the world's environment has changed, and it is no longer the heavenly martial arts realm of the past."

The three of them were all emotional. In the past, even peak nine-star cultivators were powerful and respected by countless people, let alone immortal state cultivators.

and in the past few years, Yanwu has developed a large number of various pills, " said Liang Yuyi. more and more experts have reached the immortal state. If we don't work hard, we'll be eliminated by the times.

"It's been a few years since the battle at the Redmoon city," Chen Feng said with a sigh. I don't know what happened to Yunxiao after he went to the devil realm, and I don't know if he can come back."

Qian Wudi's pupils shrank and he snorted coldly. "With his fate, I'm afraid it won't be easy for him to die. Who knows what he's doing in the devil World?"

With a wave of his hand, a golden light shot out and he said, "I'm going to the floating city."

He couldn't bear it any longer, and he hoped to return to Yanwu as soon as possible to break through to the immortal state.

"Yes, I hope that the next time we meet, you'll have improved a little."

Chen Feng took the token and smiled. Suddenly, the smile froze on his face, as if he was a little stiff and stunned.

His shocked eyes stared at the door of the hall, where two figures were leaning against it.

li ... Li Yunxiao? "

Chen Feng, Liang Yuyi, and Qian Wudi were all dumbfounded as they stood in the hall in a daze. Xiao Hong and the others also knew the beautiful figure behind Yunxiao.

Yunxiao's eyes were smiling as he said, 'are you going back to Yanwu? I'm also on my way back, let's go together."

it's really you?!

Qian Wudi cried out in shock, unable to recover from his shock.

Chen Feng's expression changed. He immediately cupped his fists, " greetings, Alliance master.

Liang Yuyi and Qian Wudi also came back to their senses and immediately said respectfully, " "Greetings, Alliance master."

Yunxiao smiled wryly. you're too polite. You don't have to be so formal. Let's go.

Qian Wudi hurriedly led the way in front and brought the two of them out of the hall toward the teleportation formation on the sky-floating island.

Chen Feng stared blankly at the figures of the few people leaving. His shocked face began to ripple as he muttered to himself, "The Alliance master is back. I'm afraid the trouble is about to begin."

Liang Yuyi grabbed his hand and immediately felt cold sweat. She couldn't help but clench it and comfort him, "The storm will come sooner or later. I saw that the Alliance master's expression was calm, so I think he should have a plan in mind."

"Are you confident?"

"Why do I feel like he's always so expressionless?" Chen Feng smiled bitterly. "It's as if he rarely changes his face." But no matter what, I'm afraid the realm of heavenly martial arts is going to be lively again. I'm not used to it without him for these two years."

A few hours later, a teleportation light lit up in Yanwu, and Qian Wudi and the other two walked out of the array.

With a sweep of his divine sense and sensing the familiar scene in the city, Yunxiao could not help but be filled with mixed feelings. At this moment, Yanwu seemed to be much larger than when he left.

A guard walked up and cupped his fists. so it's Lord Wudi. You must have returned from the ancient Devil's well floating island, right? please go this way to complete the return procedures.

Yunxiao looked around and found that the teleportation area was rather unfamiliar. It should have been built after he went to the devil realm. Even the floating island in the ancient Devil's well didn't have one.

In addition, all the teleportations between the floating islands and Yanwu were unique, with extremely strict procedures.

Because these floating islands were important areas in Yanwu to monitor the cracks, no one was allowed to be careless, and anyone who entered the passage had to go through strict procedures.

The guard was holding a Jade tablet in his hand, and he seemed to be reviewing Qian Wudi's handover process. Suddenly, his face changed as he stared vigilantly at Yunxiao and Xiao Hong and snapped, "Lord Wudi, what's going on with these two? During the handover process, it seemed to have only indicated that you were returning to the city alone, but it didn't say that you were bringing any attendants!"

The stern voice immediately alerted the guards around him. Yunxiao immediately sensed that there were more than a dozen people hiding in the dark, all staring at him and Xiao Hong with their divine senses. They were probably going to attack at any moment.

“Follower Suan ni”

Qian Wudi was a little depressed. He wiped the cold sweat off his forehead, pointed at Yunxiao, and said, “You guys don’t know him?”

The guard was taken aback. He gave Yunxiao a few looks and murmured, “He looks familiar, Yingluo.”

The Guard’s face turned cold and he shouted, “but no matter who it is, if they want to teleport between the floating island and Yanwu, they must be registered and approved. Otherwise, they will be considered a serious violation and must be dealt with according to the city rules!

The guard raised his hand and waved it down. The experts hidden in the surroundings immediately appeared and surrounded Qian Wudi and the others.

The corner of Qian Wudi’s mouth curled up into a mocking smile, “Then you guys can take these two away.”

Yunxiao smiled wryly. These were all elite guards who did things strictly, and he admired them very much. Afraid that there would be any conflict, he took out a token and raised it, saying, “I am the Lord of Yanwu and the leader of the heavenly martial Alliance. This is my token.

The surroundings quieted down in an instant. Everyone’s eyes were wide open, and their faces were filled with shock.

The leading Guard’s face suddenly changed and he cried out, “City Lord! You are indeed the city Lord! Why does it look so familiar to me?”

Large beads of sweat rolled down his forehead as he hurriedly stepped forward and bowed, “This subordinate’s eyes were bad, I hope City Lord can forgive me!”

The dozen or so experts were in an uproar. They were all dumbfounded and immediately bowed down one by one.

you’ve been loyal and diligent,” Yunxiao said with a smile. what crime are you guilty of?  
” There’s no need to be like this, all of you can rise.”

A few hours later, the news of the city Lord’s return spread throughout the city.

For a time, the streets and alleys were filled with intense discussions about this matter.

In the past few years, Yanwu had developed at a tremendous pace, and with the overall improvement of its strength, everyone’s confidence had also swelled. They were no longer afraid of the demon race, but were instead filled with all kinds of eager emotions.

Outside the city Lord's mansion, a monster race woman slowly walked up the steps to enter the main hall.

The Golden-armored guards on both sides extended their hands to stop him.

The monster race guard behind the woman's back turned pale and shouted angrily, "How audacious! Don't you recognize Lord AI?"

"Of course," the Golden-armored guard on the left replied with an apologetic smile. At least, the city Lord has just returned from the demon Realm and is discussing matters with several Lords. He has ordered that no one is to disturb him."

The monster was furious and waved his hand,"since it's a meeting, when has Lord AI's share been left out?" Quickly get out of the way to avoid being punished in the end!"

"All the officials who were in charge of the meeting have already gone in. Not only is the door of the main hall closed, but the restrictive spell has also been activated to prevent others from entering," the guard said with a troubled expression.

The monster Guard's face darkened and he said coldly, "What? You mean you're going to guard against us?"

The Golden armored guard was forced into a corner and didn't know what to do. He looked at AI Hui for help.

AI took a look at the hall, and a strange look flashed in his eyes. actually, I didn't come here for anything. I was just wondering if Lord Alliance leader has really returned.

"Of course I'm back. I saw it with my own eyes," the Golden-armored guard replied hurriedly.

"It's good that you're back," AI said with a smile.

His smile immediately infected the two golden armored guards, making them feel like they were bathing in the spring breeze. AI Hui was a stunning woman to begin with, and her status was high. The two guards were so nervous that their faces even turned red.

The monster guard was still filled with anger. Lord AI, li Yunxiao is obviously a coward!

"Alright, that's enough. Let's go back."

AI laughed lightly, turned around, and said, "Since you didn't call me, there must be something you don't want us to get involved in. This is a small matter, why are you so angry?"

The monster was stunned for a moment and quickly lowered his head in shame. "It's my fault, Lord AI,"

The two golden armored guards watched the two of them walk away and heaved a heavy sigh of relief.

The matter just now could be a big or small one. If it was blown up, people would think that they were discriminating against the demon race. Now, the demon race had been recuperating for the past few years and had gradually become stronger. Although they lived in peace with the human race in Yanwu on the whole, there had gradually been some friction.

"Lord AI is so affable, and so beautiful," a golden-armored guard sighed.

The other person also nodded and agreed, "fortunately, it's Lord AI. If it was Lord Demon Emperor, I'm afraid it would be troublesome.

The Golden-armored guard from before said in a low voice, "Every time there's a high-level meeting, the demon race will participate. Why did the city Lord refuse to let the demon race in when he returned this time? Is there some secret?"

The other man's expression changed. With a "Dong" sound, he knocked on the other man's head and scolded, "Just do your job as a guard and don't meddle in other people's business. Are we allowed to participate in this discussion? Be careful not to be heard."

The first person's expression also changed slightly. He became somewhat alert and no longer said anything.

At that moment, in the Great Hall, Yunxiao had indeed summoned all the high-level officials in the city for a meeting.

Although Qu Hongyan and Feini had followed Yunxiao to the devil realm, they had been in the divine realm tablet and had not come out even once.

The two of them cultivated diligently. Qu Hongyan had also reached the peak of the ultimate void stage. She planned to go into seclusion after the meeting if there was nothing else to do, hoping to enter the creation realm.

Because of its relationship with Yunxiao, Xiao Hong had also become special and attracted the attention of the crowd.

[ there's only one update today. I've been reading the South China Sea News the whole day, sweating. ]

Chapter 2354: Chapter 2354-five years

Xiao Hong is already a member of the heavenly martial Union, ” Yunxiao said awkwardly. she saved my life in the devil realm.

Only then did everyone feel relieved.

“Is it the heavenly martial Union or husband’s people?” feini blinked and smiled.

Yunxiao was rendered speechless, and Xiao Hong’s face was flushed with embarrassment, and even a hint of anger could be seen on her face.

“Sister feini, don’t mess around. Look at the situation now,” qu Hongyan said.

Feini stuck out her tongue, which resolved the awkwardness between Yunxiao and Xiao Hong.

Yunxiao looked down at the familiar figures and sighed. “It’s only been three years, but it feels like a lifetime. I’m very pleased to see that everyone’s cultivation base has also improved.”

The people seated were all core members of the heavenly martial Union and mysterious separation Island. Xuanyuan Yao, perfected Lord Meng Ling, and nanqiu Yu were also present.

However, if he didn’t see ao changkong and Li Huachi, he was afraid that they would want to live in seclusion and would never come out of the mountain.

Ye Fan was also present, he was nervous and happy as he sat below.

Yunxiao’s eyes flickered as he remembered Noah’s ship. The restrictions on it were too dense, and he could not crack them one by one unless he broke them by force, but he was afraid that he would destroy the information inside. It seemed that he would have to find Ye Fan after the meeting.

When Ye Fan saw Yunxiao looking at him, he hurriedly stood up and saluted respectfully.

I haven’t seen you for many years, ” Yunxiao said with a smile. you’ve finally become a powerhouse of your generation. May I know where your ancestor, ye Qingyu, is?”

Ye Fan cupped his fists: ” Lord ancestor has been in closed-door cultivation since the year before last. I wonder when he will come out.

“Closed-door training?”

Yunxiao was taken aback. I wonder what realm Lord ye qinyu is trying to reach? ”

Usually, they would only go into seclusion and fight to the death when they encountered a major obstacle.

Light flickered in lingmu Di's eyes. ye Qingyu is trying to break through to the jiewang realm this time.

King of the realm!!

Everyone was shocked by his words. All kinds of expressions appeared, but most of them were surprised.

what do you think? ” Yunxiao was overjoyed. are you confident? ”

Lingmu di laughed bitterly and sighed, ”who can say they are confident in breaking through to the realm of regional King?” He was also fighting to the death. However, after preparing for so long, I can see that he still has some confidence.”

Although he was confident, Yunxiao could tell that he was not very confident.

Xuanyuan Yao's face was full of envy as he said, ” If there's a chance, it'll be worth it even if I have to use my life to exchange for it.”

He knew that his strength had been stagnant for a long time, and it was difficult for him to make any progress. Every time he thought about it, he sighed.

you don't have to sigh, Lord Xuanyuan, ” Yunxiao said with a smile. this kind of thing depends on fate to a large extent. Maybe when the opportunity comes, we'll succeed.”

Xuanyuan Yao knew that Yunxiao was trying to comfort him, so he smiled and did not say anything.

it's rare for everyone to gather here, ” said lingmu di. Alliance master, please tell us in detail about your trip to the devil World. We'll also have a better understanding of the devil World and the current situation.

Yunxiao nodded, then began to explain in detail how he had entered the devil realm. Of course, he didn't tell them everything. He told them what he thought he could explain.

After about six hours, he finally finished telling the story. Everyone's heart trembled when they heard this, and their faces were filled with horror.

Lingmu di was also stunned for a long time. He knew that Yunxiao would surely gain a lot in this trip to the devil World, but he had never dreamed that he would cause such a big trouble and gain so much.

However, what followed was a deep worry.

The hall was so quiet that one could hear a needle. Only the soft sound of breathing could be heard.

Yunxiao waited for a while, but no one said anything. He could not help but laugh and say, "What, are you all helpless about the future?"

Everyone looked at each other and shook their heads.

Tian zhaozi was silent for a long time before sighing. the news that Alliance master brought is too shocking. We can't come back to our senses for a while.

Lingmu di nodded. you're right, master Amaterasu. I'm also a little confused for a moment. I wonder what Alliance master's views and countermeasures are.

All the eyes in the hall were fixed on Yunxiao, and their faces were like machines, devoid of any expression.

Yunxiao also sighed and said, "I'm also very frustrated. According to lady Rou Wei's speculations, six-winged is most likely still alive. Furthermore, with his cultivation level as a Lord of a thousand worlds, he could probably destroy an entire world."

He didn't say his final speculation, which was that the heavenly martial arts realm was destroyed by the six-winged clan. Otherwise, it would be too much of a psychological burden for everyone.

Rou Wei was sitting in the middle of poron and water fairy. The three of them were holding hands, as if they had finally reunited after a long time. Their faces were filled with happiness, and they were not affected by the pressure at all.

To poron, being able to reunite with his wife was more important than anything else. As for the life and death of the realm of heavenly martial arts, it was naturally good if they could live, but it didn't matter if they couldn't.

Furthermore, not many of the people present knew what the Lord of the thousand realms meant. After Yunxiao explained it to them, they opened their mouths wide and were completely dumbfounded.

Lingmu di said bitterly, "previously, I had a headache thinking about Yuan, a Saint demon. Now, the enemy has become an existence of a higher level. Even in the realm of heavenly martial arts, there was only one realm King, and that was Lord Jiu Yuan. If it's only Yu Yuan, perhaps she can still deal with it."

things change," Yunxiao sighed. no one can predict it. Yuan is almost our ally now."

Everyone was sighing, feeling that the change was too fast.

there are no eternal enemies in the world,” lingmu di said. if six-winged dies, the conflict with Yuan will erupt again.

‘Yes,’ Yunxiao said. But that was a matter of the future. Furthermore, dealing with Yuan is much easier than dealing with six-winged.”

“Alliance master, you don’t intend to let the demon clan know about this?” lingmu di asked seriously.

we’ll know sooner or later,” Yunxiao said. we can’t hide it. But I have to find an appropriate opportunity. I’ll talk to Ai and Mo first to see their attitude.”

“That’s right,” lingmu di nodded. It would be difficult for them to accept so much information at once. The biggest problem now was, how strong was the Lord of the thousand worlds? The Alliance master and the Lord celestial are the only ones who have seen it. ”

“My Lord, you’re too polite. You can just call me Xiao Hong.” Xiao Hong hurriedly stood up.

Yunxiao’s face was a little unsightly as he shook his head and said, ” it’s extremely powerful. It directly pierced through a world. There’s no way to resist it.

“Don’t be too desperate,” perfected Lord Meng Ling said. The Alliance master had said that from the conversation between Liu Chi and Mo PU, the demon Lord Monarch had also been a Lord of a thousand worlds. Didn’t he also die in the realm of heavenly martial arts? Although luck played a huge part in what happened back then, it’s not like there won’t be new opportunities today.”

Yunxiao nodded and said, ‘you’re right, Lord True Monarch. What we need to do now is still to work hard in our cultivation and try our best to increase the strength of the middle and upper-class powerhouses. After all, they’ll be the main force in the future battle.”

“In Alliance master’s opinion, how long do you think it will take for six-winged to recover from his injuries?” lingmu di asked.

I don’t know,” Yunxiao shook his head and said. I have no idea. However, with the current situation of the devil World, once the situation changes, the kun tribe will definitely send someone to inform me. ”

“Not even five years,” Rou Wei suddenly said.

is this time accurate?” Yunxiao asked in surprise.

how can it be so accurate? ” Rou Wei smiled bitterly. but this vague time period also includes the process of the six-winged clan’s great battle with the heaven martial arts realm.

Yunxiao was shocked. What rouwei meant was that there were only five years left, including the six-winged heaven destruction martial realm. In that case, it would definitely take five years for him to recover.

It was as if a heavy stone had been placed on everyone’s heart. To them, five years “time was really too fast. In fact, they could even achieve it in one long period of closed-door cultivation.

Yunxiao also felt cold sweat oozing out of his palms, and he was a little stunned. Thinking of the battle between mo PU and six-winged, the power that could break through a world, he felt a chill down his spine.

“Is there really no way to ease the relationship between the six-winged clan and the realm of heavenly martial arts?” Ling mudi asked. After all, this is his homeland. If we kill Yuri and guixu, won’t we be able to ease the tension?”

Rou Wei said, “the fall of the era of true spirits seemed to be caused by a Great War between the top true spirits to seize an item.” However, only luanyu knew the exact situation. If we can find that thing, maybe we can, but Yingluo ...”

She wanted to say something, but the star path had already calculated the outcome, so this method didn’t seem to work.

Yunxiao’s eyes flickered with a cold gleam as he said, ” “It seems that the one who tied the bell has to untie the bell. Find the ruling plume and the ultimate first, and perhaps we can understand what happened back then. Perhaps he would be able to find a solution. Lord mu di, do you have any clues about these two people?”

Lingmu di shook his head. the heavenly martial League has been searching for them for the past three years. It seems to have quieted down. It’s as if they have disappeared.

Duanmu Youyu hurriedly said, ” with the true dragon, Yuri definitely won’t be able to remain silent. He’s probably biding his time and waiting for an opportunity.

“True dragon?”

The coordinates in Yunxiao’s spiritual ocean flashed, but they were still invisible. He used his spiritual power to check it out. With his current strength, he could erase the seal and see what was inside.

“Looks like I’ll have to make some proper arrangements.”

Yunxiao pondered for a moment, then said, "It's unlikely that the demons will attack us with their Army. The entire central tribe has almost been wiped out. We can still set up our defenses and monitor all the cracks, but we still have to focus on six-winged clan. Can we consider using a killing formation to deal with them?"

"If it's a killing formation," tenzhaozi said with a frown, "of the three great killing formations of the ancient times, only the twelve divine beings killing formation and the great bliss of reincarnation formation have been passed down. The great rebirth blissful formation needs a lot of people to set it up, and it's even more powerful, so it might be suitable."

it'll be more complicated if we have more people, " perfected Lord Meng Ling said. why don't we choose 12 people and focus on cultivating the twelve divine beings killing formation? I think it's more feasible.

"Senior immortal's words make sense," said lingmu di, "but if there's only one enemy, we have enough manpower. It's not impossible to set up two formations at the same time."

Perfected Lord Meng Ling frowned and said, "if we were to set up the great rebirth formation, it would be a human wave tactic to exhaust Liu-Chi's power. It's almost impossible to kill him with this formation."

Chapter 2355: Chapter 2355-coat of arms

549690339

that's my plan, " said lingmu di with a cold look in his eyes. we'll trap him with the great bliss of rebirth formation and drain some of his energy. Then, we'll choose 12 Strong men to use the divine malevolent formation of the capital Heaven.

Everyone in the hall felt a chill in their hearts as they felt the tragic atmosphere.

Qu Hongyan's face turned pale and she said, "Lord mu di, do you mean to sacrifice the 900 people who set up the formation of paradise?"

you're going up against a master of a thousand worlds, " lingmu di said indifferently. he was a powerful being who almost destroyed an entire world back then. Do you think no one will die? "

"But Yingluo"

Qu Hongyan still wanted to say something but was immediately interrupted by lingmu di, who said slowly, "Do you think that 900 people are too many? Do you know how many people died a hundred thousand years ago?"

Qu Hongyan's face turned pale. She didn't know how many people had died, but it was definitely more than 900. It was even possible that ten or a hundred times more had died.

Lingmu di glanced at her and said, "I don't have the statistics, but it's at least 10000 times, or even tens of thousands of times!"

"Tens of thousands of times!"

The hall was filled with the sound of cold air twitching. It was equivalent to at least ten million people dying in the demon-sealing war a hundred thousand years ago.

Lingmu di looked at the crowd coldly and said, "I didn't make as many preparations as I did now. To be honest, everyone's strength had improved greatly in the past few years. The power of the entire heavenly martial realm was not much different from 100000 years ago, but Jiu Yuan was the only expert at the peak of the jiewang realm. Back then, there were four who had come forward to resist the demon master. However, we're prepared for battle and are much more United than we were a hundred thousand years ago. The battle will definitely be extremely intense, but the outcome will be different."

"Lord mu di is right," true Lord Meng Ling said."It's worth it to sacrifice 900 people. I'm willing to be one of them."

All the cultivators present changed their expressions and requested to become a member of the formation. They would fight with their lives against the six-winged formation.

be quiet, everyone," Yunxiao said. although five years is not a long time, it is not short either. We can make enough preparations. Lord mu di will be the one to decide on the candidates."

His face suddenly turned cold, and his eyes were filled with coldness. He looked at them one by one and said, "I hope that everyone will do their best to cooperate with Lord mu di. In such a life-and-death situation, since he had joined the heavenly martial League and enjoyed its resources, he could not afford to run away. Otherwise, don't blame me for being merciless!"

"Naturally not!"

Everyone immediately responded and said, "If someone wants to retreat, we don't need the Alliance master to do anything. We'll be the first to tear him apart!"

Yunxiao nodded. I wouldn't have cared if I hadn't joined the heavenly martial League. But, since I've sworn to join the league, I can't be willful now.

“That’s how it should be!”

The hall was filled with voices of agreement.

Lord mu di, ” Yunxiao said. I’ll leave the matter of the formation to you. Besides, I don’t think it’s enough to kill six-winged with just two formations. There must be other measures. I don’t believe that I can’t deal with him alone with the power of a world!”

A cold gleam flickered in Yunxiao’s eyes, as if it had aroused the fighting spirit in their blood. Immediately, the gloominess in everyone’s hearts was swept away, and they were all filled with fighting spirit.

Lingmu di smiled. actually, we still have a good chance of winning. We know the six-winged clan’s bottom line, but it doesn’t know the situation in the realm of heavenly martial arts. In addition, there’s still the extremely large tribes of the devil realm at the forefront to fight for us.”

yes! everyone said. we swear to protect the realm of heavenly martial arts with our lives! We swear to fight the six-winged clan to the death!

please don’t spread this news to the public for the time being, ” Yunxiao said with a wave of his hand. we don’t want to cause unnecessary panic. If there’s nothing else, please retreat and make your own arrangements to prepare for the upcoming battle.”

“Yes!”

yes! everyone replied in unison, then respectfully retreated.

Only a few people around Yunxiao were left, including a few female confidants, lingmu di, Lord Meng Ling, the sea Emperor, and a few people from mysterious separation Island.

wait! Yunxiao suddenly called out. Ye Fan, you stay!

Ye Fan was stunned, he stopped and stood at the side with a smile.

After everyone had left, Yunxiao took out Noah’s ship and handed it to him.

Ye fan’s expression changed, his eyes were filled with anger as he looked at the Golden battleship, crying: ” “Ancestor, he’s a coward!”

I don’t know whether Lord ye Nantian is Dead or Alive, ” Yunxiao shook his head and said, ” but this Noah’s ship contains a lot of restrictions. I’m afraid something important is sealed inside, and I don’t dare to break it by force. That’s why I’ll give it to you when we return to the realm of heavenly martial arts. Take a look and see what’s inside.”

Ye fan's expression became slightly better. He dragged Noah's ship over and examined it in his hands.

Then he made a few seals, and his divine sense took form and entered the battleship.

On the small Golden Boat, runes continuously lit up and disappeared in the air. They were gorgeous and dazzling.

Two hours later, Ye Fan slowly raised his head, two lines of tears fell from his bright eyes.

Yunxiao and the others were taken aback, and they knew that this was not good.

The Misty Rock Lord's face darkened, "ye Nantian is dead?."

The more Ye Fan wanted to hold back his tears, the more they flowed down, he said in tears: "Noah's boat was thrown out by my ancestor with the last of his strength before he died in the hope that this boat could pass through the barrier between the two worlds and return to my hands."

The hall was silent, and a faint sorrow flowed in the hall.

'What did Lord ye Nantian record in it?' Yunxiao asked in a deep voice. It should be something very important, right?"

If an expert was forced into a desperate situation, they would most likely choose to self-destruct their profound level weapon. With the power of the boat of Ruya, it should be able to take him down with it.

However, ye Nantian chose to use his last strength to send it out.

It was a pity that it had finally fallen into Yunxiao's hands.

The rest of the people also recovered from their grief and listened quietly. To them, life and death had long been indifferent. However, it was still inevitable for them to grieve over the passing of their friends.

Ye Fan said: "the information left behind by the ancestor is not complete, but it is indeed very important. It is about the secret of the demonic realm invading the heaven martial realm. He said that they wanted to obtain something called a 'coat of arms'.

"Coat of arms?"

Everyone couldn't help but repeat it, their faces blank.

"Did it say what this 'coat of arms' is?" lingmu di asked.

Ye Fan shook his head, "I don't know. The ancestor himself didn't seem to know that he was killed by the devil's clone. From the looks of it, it should be six-winged's clone."

six-winged doppelganger?!

Yunxiao's pupils constricted. if that's the case, "he said, "and Lord ye Nantian has been spreading the news with all his might. It's probably true. This conclusion is in line with lady rouwei's conjectures."

Rouwei nodded and said, "but what exactly is a 'coat of arms'?" I've never heard of it either." She looked at the crowd, and everyone shook their heads.

the most knowledgeable people in the realm of heavenly martial arts are basically all here, "polong said with a frown. even we have never heard of them. How can we find those from the demon Realm? "

The Misty Rock Lord looked at Ye Fan suspiciously, "Did you hear wrong?"

Ye Fan said firmly, "I'm definitely not wrong!" Our ancestors were afraid that there was a mistake in the message they sent, so they directly branded these two words into the Starship."

I believe so, "Yunxiao said. I'm sure it's true. In today's world, I'm afraid that the only one who knows what this 'coat of arms' is is the true Dragon's feather."

Everyone's expression changed slightly when they heard the name.

we've lost contact with luanyu for so long, "lingmu di said. I don't know where he is. I'm afraid he's preparing for the birth of the next generation of true dragon.

he's dead! Yunxiao sneered. no matter how he prepares, he'll still die!

Lingmu di and the others nodded slightly. With the heavenly martial Union's current strength, unless luanyu had stepped into the realm of regional King, he would definitely die.

"Where are the coordinates of the birth of the true dragon?" qu Hongyan asked.

I haven't tried to spy on the coordinates by force, "Yunxiao said. it will naturally appear when I arrive. However, it's better to read it by force for now so that we can make full preparations."

"The new generation of true dragons?" Rou Wei asked softly. If a true dragon is born, it would mean that we have another world King, and we'll have a greater chance of dealing with six-winged."

Without any hesitation, Yunxiao sent his spiritual power to the coordinates in his mind.

The coordinates were like a shapeless cloud, floating in the sea of consciousness. At this moment, after being compressed, it slowly became bright.

Soon, three numbers appeared in Yunxiao's mind.

these are indeed spacetime coordinates!

Yunxiao's pupils constricted. The three coordinate tables represented the axis of the sky, the axis of the Earth, and the time.

"Where is it?"

The few of them asked eagerly.

Yunxiao smiled and said, "there are still six months left. That's exactly half a year. Everyone, make your preparations. The next step is to kill the Dragon!"

He avoided talking about the coordinates, but a cold light flashed in his eyes.

"Six months? It won't be long."

who's needed?" lingmu di said. tell everyone to get ready.

every mission is so dangerous," qu Hongyan said. to be safe, I suggest that all the Masters above the ultimate void stage should go together.

Fei Ni and the rest also nodded.

no," Yunxiao said. this will delay many people's cultivation. Our focus is still on the battle with six-winged in five years. At the very least, Hongyan, you have to go into closed-door cultivation now."

Qu Hongyan's face changed slightly. Although she was unwilling, she knew that she could not be stubborn when she saw Yunxiao's firm determination, so she could only nod and say, "Feiyang, be careful."

Yunxiao nodded. all those who need to go into seclusion, stay behind. In fact, I can deal with luanyu alone.

"You can't!"

"You're the commander of the next battle," lingmu di objected immediately,"we can't let anything happen to you now." The birth of the true dragon is related to the appearance of a World King, so we must send an expert along."

He looked around and said, "Misty Rock Master, Haofeng, can the two of you spare some time?"

"No problem," Hao Feng said.

The Misty Rock Master also nodded.

Chapter 2356: Chapter 2356-bloodline

549690339

Lingmu di said, "may your wife please advise?"

The Misty Rock Master shook his head. she can't. She's also in closed-door cultivation. She's only a step away from the creation realm.

is your husband Zhenzhen? " Yunxiao asked in surprise. is he Zhenzhen? "

Ding Ling 'er, who had been standing obediently on the side, couldn't help but cover her mouth and laugh. "It's Gu Qing Qing."

"Ha?"

Yunxiao was taken aback for a moment, but then he cupped his fists and said with a smile, "Congratulations, my Lord."

The Misty Rock Master laughed indifferently, "same to you."

Ling mudi said, "since lady Gu Qingqing is at a critical moment in her cultivation, it's indeed not appropriate to go." Then let the evil spirit go with the Alliance master. After he took over the prison technique, he had always been very arrogant and often looked for people to compete. However, there are only a few who can defeat him."

he's a good candidate, " Yunxiao said with a smile. he's indeed a good candidate. After all, it was very difficult to improve the possessed body. It was a pity that Liu Qiu had a perfect creation body. If I improve further, I'll be able to break through to the realm King realm."

"If one is inclined to the evil path, even if he is the realm King, it will only be counterproductive," Ling mudi said.

"Let Meng Wu and Meng Bai go with you," true Lord Meng Ling suddenly said.

are they alright? " Yunxiao was overjoyed. are they both fine? "

yes. perfected Lord Meng Ling nodded. I've been fine for a long time. I've also entered the immortal state after receiving the Kuang e Crystal Frost. They won't be of much help, but if they can participate in such a major event, it will be of great benefit to their future cultivation and life."

alright, " Yunxiao nodded. let them go together.

Feini frowned,"I don't think it's appropriate." They'll need someone to protect them."

"It's fine," Yunxiao said with a smile.

Ye Fan couldn't help but say,'if Meng Wu and Meng Bai are going, I'd like to go too. However, if it will cause trouble for big brother Yunxiao, then forget it. "

"You come too," Yunxiao said. You have Noah's boat and can help me more. If we encounter any danger, you can just watch from the Starship."

"Good! Thank you, big brother Yunxiao!"

Ye Fan was excited, his hands were shaking.

"Then I'll go with them. I'll take care of these little kids on the battleship," said feini.

your cultivation? " Yunxiao asked worriedly. your cultivation? " Feini would definitely be the main force in the upcoming battle, and he was afraid that she would be affected.

"Don't worry. If I don't die, I'll probably have to stay in the creation realm for hundreds of years." How can it be so easy to enter the realm King?"

alright, " Yunxiao said after thinking for a while. come with me.

"I'll go too," Xiaohong said.

Yunxiao! Yunxiao nodded. you can go too.

"That's good," said lingmu di,"then let the Misty Rock Lord, Haofeng, feini, Xiao Hong, and evil spirit accompany you."

Xuanyuan Yao suddenly said,'if you don't mind, I'm willing to go with you. To be able to witness the birth of a new generation of true dragons is a great blessing in life."

Yunxiao was about to decline, but lingmu di said, " "That's great! With Lord Xuanyuan, everything will be fine."

Xuanyuan Yao's cultivation base could no longer advance, and his seclusion would not have much effect, so it would be best if he could go with Yunxiao.

Lingmu di had thought of him before, but he was the descendant of the realm King, so it was not convenient for him to point out the general by force. Now that he had taken the initiative to volunteer, it was the best.

with such a lineup, " Yunxiao said with a wry smile, " I'm afraid even ten Yuri demons will be annihilated.

"Don't underestimate luanyu," lingmu di said in a deep voice. To be able to survive for such a long time, he can't be an ordinary person."

don't worry, " Yunxiao nodded. I'll be careful. Everyone, we will meet in front of the palace in six months."

Xuanyuan Yao and the others responded and left with cupped fists.

my Lord, " Yunxiao looked at lingmu di and said, " how are you now? "

Huo Dou's body has already adapted to it, " said lingmu di. I wanted to accumulate it slowly before breaking through to the creation realm, but it seems that I can't wait any longer.

"How confident are you, my Lord?" Yunxiao asked, his heart throbbing.

Lingmu di smiled. I'm not sure, but we can't think too much about it now. There are still five years left. It should be enough.

in that case, leave everything to Ling 'er, " Yunxiao said seriously. my Lord, you can go and cultivate in seclusion with peace of mind.

that's my plan as well, " lingmu di nodded. but there are too many things on my plate. I can't free myself from them for the time being.

Ding Ling 'er hurriedly said, " my Lord, if you need anything, just give it to me. I'll do my best. I'll take it all.

that's right, " Yunxiao said in a deep voice. in the current situation, there's nothing more important than improving our strength in the short term. My Lord, please don't meddle in these secular Affairs. I'll remove you from your position as the Vice City Lord now and let Ling 'er take over."

Lingmu di was taken aback. He did not expect Yunxiao to be so straightforward. He could not help but smile wryly as he shook his head and said, " "Then I'll hand over all the matters to Ling 'er in the next few days and go into seclusion with peace of mind."

"You should've done so long ago," Ding Ling 'er said with a smile.

Yunxiao looked at her with a gentle gaze and said gently, "Ling 'er will have to work hard for the next few years."

Ding Ling 'er hurriedly bowed and said, "Big brother Yunxiao, you're being too serious. This is the only thing I can do. Ling 'er is already very guilty that she can't kill the enemy with the Lords and sisters."

Qu Hongyan stepped forward and took her hand. She smiled and said, "Silly girl, what you've done is far better than what we've done. The operation and management of the entire heavenly martial League are all under your control. I'm afraid no one can compare to your contribution."

"Sister Hongyan, please don't say that. I'm scared," Ding Ling 'er hurriedly said.

Hongyan is right," Yunxiao said. each of us is just doing our best. Only by making the best of our talents can we form a joint force and play our greatest role.

"Alliance master, how do you plan to tell the demon clan about the six-winged clan?" Ling mu di asked.

I'll tell you," Yunxiao said thoughtfully. I'll tell you. I believe Al is a person who can distinguish right from wrong, and as for ""(), it should also make sense."

Lingmu di, on the other hand, looked worried. "I'm afraid it's not that simple. After all, six-winged is the ancestor of the demon race, the mother that gave birth to all the demons. This bloodline and emotion are difficult to surpass. In my opinion, it's better to be prepared. If there's any change in the demon race ..."

A cold light shot out from his eyes, and his killing intent was chilling.

Everyone's expression changed drastically, revealing a look of shock.

Yunxiao's face also turned unsightly as he said, "It can't be to this extent, right?"

I don't want this to happen either," lingmu di said with a cold expression. this is just a possibility. Otherwise, with such a big variable in Yanwu, I'm afraid that something will go wrong in the battle against the six-winged clan in five years. There's one more thing. Even if they're on our side now, can't we be sure that six-winged doesn't have a way to deal with them? It even directly contains the submission of the mother's body in the bloodline. What should we do then?"

When Yunxiao heard that, he felt his head throb.

Furthermore, many of what mu lingdi had said could not be verified now. Once it was exposed when The War of the Two Worlds broke out, it was very likely to become a fatal wound.

Ding Ling 'er couldn't bear it and said, "if you can't, can you lock them up first?" You'll release them after the battle?"

Ling mudi said, 'we'll have to see if Lord Alliance master's divine realm tablet can trap them. I won't feel at ease if you lock him up somewhere else in the realm of heavenly martial arts."

let me think about this matter, " Yunxiao said in a deep voice. indeed, we can't go to the demon race so rashly. He began to hesitate.

The others also felt the pressure and the change in the atmosphere.

In particular, Ding Ling 'er. In recent years, the demon race had developed rapidly. Although they lived in peace with the human race, there were still many conflicts that were reported to her.

Every time, she would resolve it with the greatest patience, so her feelings for the monster race were also relatively deep. Thinking of the murderous look in lingmu Di's eyes, he couldn't help but shiver.

you can leave now, " Yunxiao said, waving his hand. I'll think about this matter carefully.

Lingmu di, qu Hongyan, and the others all left one by one, knowing that he was making a difficult decision and could not help much.

Yunxiao looked at Xiao Hong and said, " you can leave now. Find Ling 'er. Let her make the arrangements for you.

Xiao Hong was a little unwilling, but after some thought, she left obediently.

Yunxiao stood alone with his hands clasped behind his back as he looked quietly at the empty Hall, all sorts of thoughts running through his mind in an instant.

He stood there like a statue, not moving at all.

A few days later, he slowly opened his eyes and disappeared from the hall.

In the next moment, in a corner of Yanwu, Yunxiao emerged in the air with a flash of lightning and looked down.

This was an expanded city, and all of it had been allocated to the demons to live in.

He looked at the demons coming and going on the streets. They were talking and laughing, trading and rushing over. There were also many humans among them. It was a peaceful scene.

Yunxiao's figure flickered again, and he landed in front of a Hall.

The rules of the hall were much smaller than that of the main hall of Yanwu, and it was slightly more elegant. It was Al Hui's temporary residence.

Al's status was not lower than Yi's, but because he did not care about the world and was respected, he did not live in the newly built Demon king's palace, but had his own palace.

He glanced at the door and saw two demons standing on either side of him. They also saw him at the same time and revealed unkind hostility.

One of the demons was about to scold him, but before he could speak, he blinked his eyes. It was as if he saw a flash of light and that person disappeared without a trace.

"Eh? This Yingluo "

The demon was stunned for a moment. He looked at his companion beside him and said in a daze, "Was there someone in Yingluo's room just now?"

He pointed ahead.

His companion was also shocked. He nodded and rubbed his eyes, "You saw it too? I thought my eyes were playing tricks on me, how did it suddenly disappear?"

"Could it be that the palace has been entered?"

The previous demon made a guess and was immediately frightened, his face turning ugly.

"That's impossible! Don't scare me!"

The companion seemed to be shocked as well. He shook his head and said, "That's impossible. Although this person's movement techniques are astonishing, it's still impossible for him to pass through the two of us without us noticing."

The monster from before thought for a while and also felt that it was impossible, so he felt relieved and said, "Get your spirits up, don't make any mistakes."

Chapter 2357: Chapter 2357-house arrest

549690339

While the two guards were scratching their heads in confusion, Yunxiao had already entered the palace. It was very spacious inside, with intersecting corridors. He scanned the area with his divine sense and found himself in front of an exquisite courtyard.

The person in the courtyard seemed to have sensed something and said in shock, "Lord Alliance leader?"

Yunxiao smiled, cupped his fists, and said, "I hope Lord Al doesn't take offense at my presumptuous visit."

The door of the courtyard was immediately opened by a demon girl, who stared at Yunxiao curiously with her big eyes.

"Lord Alliance leader, please come in." Al's voice was heard from inside.

Only then did Yunxiao step into the courtyard. There were rockery, flowing water, ancient vines, and stone pavilions in the courtyard, making it look antique.

She wore a dark pink dress and stood in the middle of the courtyard. Her makeup was generous, and she was gentle and demure, just like a human woman.

Ever since her identity had been exposed, she had maintained her daughter's appearance and was becoming more and more like a human.

After all, few demons cared about their appearance, and women inevitably liked beauty.

Al immediately came forward with a face full of joy and said with a smile, "it's been seven days since I returned to Yanwu. Lord Alliance master finally remembered us demons.

Yunxiao's heart stirred. Al Hui seemed to have a hidden meaning in her words. It also revealed another piece of information. With his current status, it seemed that his every move was being monitored and speculated. It seemed like he couldn't act as he pleased in the future and had to be more cautious.

"I'm late," Yunxiao said with a smile. "I hope you don't blame me, Lord Al."

Al smiled and invited him in. At the same time, he asked the monster girl to serve tea and water.

"I wonder how did Lord Alliance leader's trip to the demon world go?"

After the two of them took their seats in the small building, Al dang immediately asked.

She had been speculating about this matter over the past few days, and even the referee had come to meet her many times to discuss Yunxiao's attitude.

The two of them thought about it for a long time and did not understand why the core meeting excluded the demon race.

They had thought about all kinds of worst thoughts and plans one by one, but there was no result even after a long time. They also couldn't get any information, which put a stone on the two's hearts.

There were even rumors that began to spread among the higher-ups of the demon race, casting a shadow over the entire demon race over the past few days, and they were somewhat in a state of constant fear.

Yunxiao's arrival today really made Al Hui breathe a sigh of relief.

No matter what the conclusion was, at least he didn't have to guess anything. There would be a result.

Besides, Al had a vague bad guess in her heart, because Yunxiao had come to her first, not Chi. The only explanation was that she was easier to talk to, and Richard's words might not work. It was clear that the matter was not simple.

I've gained a lot from my trip to the devil World, " Yunxiao said bluntly. but, I've also encountered many difficult problems.

Al's heart skipped a beat. He didn't expect to get straight to the point so quickly, so he quickly asked, "What's the problem?"

Yunxiao pondered for a moment, then briefly told her about his trip to the devil realm and said, "The one we're facing now is that devil. I wonder if Lord Al has ever heard of the 'coat of arms'?"

Al's heart trembled when he heard this, and it took a while before he came back to his senses. "I've never heard of this item. I didn't expect Alliance master's trip to the demon Realm to be so turbulent. I wonder how we should deal with this?"

although we're not sure if we can defeat The Fiend Lord of the thousand realms, " Yunxiao said, "The Fiend Lord's cultivation base was the same back then, but he still died in the heavenly martial realm in the end. So, there's nothing to worry about. We just need to do our best. As for the outcome, it's up to fate."

"That's right," Al nodded.

At this moment, the girl had already prepared all kinds of wine. The two of them gently tasted it and were speechless.

Al was a woman, after all, and her mind was not as deep as Yunxiao's. Finally, she could not help but say, "with all due respect, I wonder why the alliance leader avoided us and held a secret meeting after returning to the city. Is there something wrong?"

Yunxiao sighed in his heart. Finally, they had come to this topic. He turned his eyes to the little girl.

Al immediately understood and ordered him to retreat.

Yunxiao spread out his divine sense, and after making sure that no one was around, he sighed and said, "Lord Al, do you know who the devil head is?"

Seeing his cautious look, Al Hui thought that he must have something shocking to say, but he didn't expect such a question. After a long pause, he said, "Isn't it just the devil head? He's a powerful existence of the demon race."

he's not a devil," Yunxiao said. he's from the heavenly martial realm. A million years ago, the battle with Yuri and the ultimate ended the era of true spirits. Since then, he has been seriously injured and has been recuperating in the devil World until now."

"Ah?"

The teacup in Al Hui's hand suddenly fell over, and his arm trembled so badly that he couldn't hold it steadily at all.

Yunxiao looked at her quietly, because he knew that Al dingran was at a loss at the moment. Looking at her almost paralyzed in the chair, even her mind was blank.

After a long while, Al regained his senses and said with difficulty, "Are you sure?"

I'm 100% sure! Yunxiao nodded. I'm 100% sure.

Al's eyes were a little unfocused, and he was completely confused.

Lord Al," Yunxiao said, "you should know the seriousness of this matter better than I do. I know that Daren must be panicking at this moment, so I will quietly think about what to do next. I will strengthen the city's defense before we receive a definite answer. I hope that the monster race will not leave on their own to avoid unnecessary conflicts."

Al was slightly surprised, knowing that Yunxiao meant to put his entire clan under house arrest.

His handsome face was covered in sweat as he said weakly, "This bi an ..."

and I hope that Lord Al can think about this matter carefully before you discuss it with the demon Emperor," Yunxiao continued. I hope that you can consider it carefully. I'm afraid that the demon sovereign will be too impulsive and start a conflict with us. No one wants to see the result."

Al put her hand on her heart and nodded with a pale face. It was obvious that this matter was beyond her imagination and responsibility, and she didn't know what to do for a while.

although the demon race was born with six wings, " Yunxiao said, " a million years have passed, and they have their own interests and prospects. However, Liu Chi was not the same as before. Everything had changed. He hoped that the demon race would make a wise choice. There's no point in me staying here any longer, so I'll take my leave first. If Lord Al wants to see me, I'm free to do so. I'll just inform Ling 'er. I've removed Lord mu di from his position. Ling 'er is in charge Now."

After that, he got up and left.

Al couldn't even say any more polite words. It sat down powerlessly, one hand covering its chest, feeling unusually depressed.

"My Lord, what's wrong?"

The little girl was outside, and when she saw Yunxiao leave, she came in. When she saw Al's appearance, she was immediately shocked. She hurriedly went forward to support her and said, "My Lord, are you sick? I'll send someone to inform His Majesty."

She thought that Al was sick and was immediately scared out of her wits. She didn't know what to do and immediately thought of informing the demon Emperor.

Al's expression changed drastically, and he hurriedly grabbed her hand tightly. The little girl's arm was in pain, and her face showed a painful expression.

Al stared at her and said in a serious tone, "Go and inform His Majesty immediately. Ask him to give an order that all the demons must stay in their territory and not go out at will."

The little girl hurriedly nodded, and Al let go.

The little girl rubbed her painful arm and said, "I'll go to the Demon King Palace now."

"Go," Al waved his hand weakly. Then, he continued to lie limply on the chair, his entire body weak and feeble.

A few days later, the entire city of Yanwu was on high alert.

The sky above the demon race's territory seemed to be covered by a shadow, and the pedestrians on the streets became fewer. Moreover, they were all in a hurry, and few humans entered.

Some of the higher-ups of the monster race had gloomy expressions on their faces. They stared at the sky from time to time, as if they felt that someone was monitoring them.

The Demon King Palace and Al Hui's temporary imperial residence also began to become crowded with people, all of them looking gloomy and angry.

However, the demon Emperor and Al did not say a word, as if there was some hidden story that the entire demon race was keeping a secret. A violent aura was spreading in the monster race's territory.

Although the negative emotions were growing, under the strong restraints of Mo and Al, they lived in peace.

However, Yi and Al had visited Yunxiao several times during that time, and each time they talked late into the night, it seemed that they had parted on bad terms.

In the blink of an eye, several months had passed.

On this day, according to the agreed time, Xuanyuan Yao and the other experts gathered outside the main palace.

Yunxiao, Ding Ling 'er, and the others had been waiting there for a long time, and in just a moment, all of them had arrived.

There was Xuanyuan Yao, the mist Rock Lord, Haofeng, Feini, Xiao Hong, the evil spirit, Duanmu Youyu, Rou Wei, the ocean Emperor Polong, as well as Ye Fan and Meng Wu.

The auras of Meng Wu and her brother had undergone a tremendous change, and they now had the aura of a powerful expert.

Meng Wu had become more and more charming over the years, so she greeted everyone in a natural and unrestrained manner. Meng Bai, on the other hand, had the spirit of a young man and looked much calmer, like a sword with a sharp edge hidden inside. The brother and sister looked at Yunxiao with excitement and gratitude.

"I wish brother Yunxiao and all the Lords a victorious return," Ding Ling 'er cupped her fists and said with a smile.

Yunxiao gently tapped the tip of her nose and said with a smile, "I'll leave everything in Yanwu to you. As for the matters of the demon race, I'll leave it to you."

He looked at perfected Lord Meng Ling and said, "I'll have to trouble senior immortal."

“Don’t worry. Many people are in closed-door cultivation.” However, the demon race would never dare to cause trouble. Otherwise, once they alert many powerhouses, they would be in an awkward situation.”

I hope this matter can be resolved perfectly, ” Yunxiao said with a long sigh.

Everyone was also a little sad. After all, they had been getting along well all these years, and no one wanted such a thing to happen.

it’s all my fault, ” Yunxiao said with a smile. I’ve spread my emotions to you. Don’t be sad anymore, let’s go.”

Under the escort of Ding Ling ‘er, the group of people entered the teleportation array.

Several hours later, in a vast wasteland, a light flashed and the entire sky was filled with cracks.

Soon after, a rumbling sound came from the space. The sky was torn apart and a group of people descended.

Yunxiao took out the astrolabe and looked at it. “It should be nearby.”

Duanmu Youyu calculated a few times and said in shock, ” “This is Wufu.”

it’s the secret realm of the Western Region, ” Yunxiao said with a faint smile. it’s the ancient miasma of smoke and clouds.

Chapter 2358: Chapter 2358-misty cloud ancient shine

549690339

[ misty cloud ancient shine ]!

Everyone was stunned. They were no strangers to the four mystery lands of the realm of heavenly martial arts.

“I’ve been to the ancient shine of smoke and clouds before, so there’s nothing special about it,” Hao Feng said. Other than the astonishing spiritual energy and the fact that it’s suitable for cultivation, it’s only the beautiful scenery.”

amazing spiritual energy is enough, ” Yunxiao said with a smile. it’s enough. Besides, it’s not easy to find a place where a true dragon is born on the heavenly martial continent. Except for the four Seas, the only other place on the continent is the [ misty cloud ancient times ].”

that's easy," Hao Feng said. We'll find the spatial node. We don't have to wait for it to open. We'll just tear space and enter.

no," Yunxiao shook his head and said, "our mission is not to find the true dragon, but to stop Luanyu from destroying it. As long as they stood guard around the smoke cloud ancient shine and prevented him from entering, it would be fine. True dragons gather the essence of heaven and earth and will be born on their own. We don't need to find them."

When everyone heard this, they felt that it made sense.

After their discussion, they began to search the astrolabe and quickly located the location of the smoke cloud ancient shine.

A few hours later, he arrived at the place through the astrolabe and found that the surrounding environment was peaceful and there was nothing special about it.

Duanmu Youyu calculated with his fingers and said with a frown, "It doesn't seem to be a normal opening time, but this matter can't be calculated with common sense."

just in case," Yunxiao said, "I'll set up an array within ten thousand miles. We'll be able to sense it as soon as there's any movement.

Everyone immediately split up. To them, the distance of ten thousand miles was just a matter of time.

After the time for a few incense sticks to burn, all the arrangements were completed, and the crowd gathered around Yunxiao again.

According to the astrolabe's detection and everyone's senses, this area was the place where the spatial nodes were the weakest. If Luanyu wanted to enter the misty cloud ancient shine, this was the most suitable place.

according to the time given by Lord Baishi Yui, it should be this month," Yunxiao said. I didn't specify the exact date.

"Even so, it's already an impressive divination," Rouwei said with emotion.

The rest of the people nodded in agreement and revealed looks of respect.

we have to make sure that the true dragon comes into being smoothly," Yunxiao said. only then can our chances of winning be higher. Now that you're all fine, you can close your eyes and regulate your breathing in case anything happens. Based on my understanding of Luanyu, this is his last chance. Even if he dies, he will definitely appear."

The group immediately sat cross-legged nearby and waited quietly.

Time passed by slowly. Everyone was silent in their own cultivation, and there was no sound for several days.

However, as everyone cultivated, the Qi of heaven and earth they breathed in and out was astonishing. It formed a faint whirlwind in a radius of several thousand feet and scattered in all directions.

Suddenly, Yunxiao felt an inexplicable irritation and an inexplicable depression in his heart.

He suddenly opened his eyes, as if he wanted to see through the void and into the endless smoke and clouds.

At that moment, Duanmu Youyu's forehead was also covered in cold sweat. The Golden Star staff was erected by his side and seemed to swing slightly. The sound of golden rings colliding could be heard faintly.

This immediately alerted everyone, and they all looked over.

"What's going on?"

Yunxiao said in a deep voice as he stared at the star staff. He felt an indescribable irritation in his heart, feeling that something was happening, but he did not know what it was.

Duanmu Youyu's face was slightly pale. A similar emotion filled his heart, but he could not capture it.

He grabbed the star staff and slapped it with a few incantations. Then, a golden light appeared in the surroundings.

Everyone could vaguely see a Golden Star map flickering inside, transforming into the stars in the sky.

"Be careful. Don't push yourself too hard," Rou Wei's expression changed.

Duanmu Youyu's expression became abnormally serious. He continuously sent seals into the Star map to spy on the evolution of the heavenly Dao.

Yunxiao's heart suddenly trembled. He was the closest to Duanmu Youyu, so he could clearly feel the latter's vitality flowing away rapidly, and his dark hair was beginning to be dotted with white.

"Young master Yu!" He hurriedly said.

Perhaps because he was frightened by Yunxiao's cry, or because he could not bear it any longer, Duanmu Youyu coughed out a mouthful of blood.

The Golden color that filled the sky suddenly disappeared. The star map dispersed and all the light returned to the star staff.

At this moment, Duanmu Youyu's face seemed to have aged a lot. He grabbed the star staff and, without caring about his injuries, said anxiously, "Not good! There seems to be a change!"

"Transform?"

Everyone was shocked and confused. They had been guarding this place all this time. Even if other spatial links came over, they would not be able to escape detection, let alone break in through this place. They really could not understand where the "change" came from.

Yunxiao, who had also cultivated the true primordial mantra, seemed to sense something as well. "What do we do now?"

Duanmu Youyu's face turned pale. it's very likely that Yuri has already entered the [ misty cloud ancient shine ]. We have to hurry over. Otherwise, it will be too late! he said.

how is this possible?!

Now, even Yunxiao found it hard to believe.

I don't really understand either, " Duanmu Youyu said. but that feeling is just that strong!

alright! Yunxiao said in a deep voice. Then let's go in now!"

Even though he did not have any reliable evidence, he chose to believe in Duanmu you Yu's intuition, because he also had a faint sense of uneasiness.

At their level, it was rare for them to have an illusion when it came to the perception of the world, let alone when it happened at the same time.

it's good to go in and take a look, " Hao Feng said. if we can find the dragonize pool, we can guard it by our side. Then we'll be even more worried.

Yunxiao scanned the surroundings with his divine sense and immediately found a relatively weak spot. Then, he raised his hand, transformed the purple Thunder into a blade, and cut into the node.

The entire space was like a curtain that was slowly being torn apart by a sharp blade.

Everyone's figures flickered and entered the hole. In the blink of an eye, the hole was closed again.

"Alliance master, quickly look!"

Xuanyuan Yao was shocked and looked into the distance. There was a pitch-black passage that meandered all the way to the bright spot ahead.

Luanyu actually came in?!

Everyone's expression changed drastically. Looking at the source of the passage, it should be not far from them.

How is this possible?! Hao Feng said in horror.

The others looked at each other in dismay, and Yunxiao was just as shocked. Even if Luanyu had cultivated to the realm of a World King, he might not have such a divine ability to sneak in under their eyes.

Xuanyuan Yao said in a deep voice, "Don't worry. Let's go! If Luanyu was allowed to obtain the true dragon first, it would be a huge problem! And from the looks of it, we might have encountered a bigger problem than we expected!"

The group of people didn't dare to stay any longer and hurriedly turned into a ray of light and flew towards the light.

At the end of the light, there was a beautiful world illuminated by colorful clouds.

The sky was filled with multicolored light, connecting with the green grass on the ground. The spiritual Qi was rich, but it was as thin as white mist. It slowly wandered between heaven and earth, making people feel relaxed and happy.

Tens of thousands of miles away from the exit of the passage, four figures were flying quickly. They were three men and one woman.

The three men exuded extremely powerful auras. They were Yuri, Shi, and Yuan.

The woman's face was cold, and her purple dress fluttered in the air. Her eyes were clear and cold. She was Ning Keyue, who had merged with the ultimate.

The ultimate's eyes suddenly glinted with a cold light, and his body stopped.

Luanyu's expression changed when he saw her looking back. He said in shock, "They're here?"

The ultimate nodded.

Luanyu's face was gloomy. He snorted. didn't you say that your illusionary technique can pass off as real, turning illusionary into reality? they wouldn't be able to see through it even if they stayed for a year? "

that may be the case, " the ultimate said calmly. but the reason they entered may not be that they saw through something. Maybe he was just excited and wanted to come in and take a look. In addition, at our level, we can sense everything in the world. Do you think you can sneak into the dragon Transformation pool without being discovered?"

"Hmph," he snorted.

Luanyu's face turned malevolent as he laughed sinisterly, " "You came at a good time this time. With the two of us, there's no need to fear them."

it's best to be careful, " the ultimate nodded. try not to get into a conflict with them before we get our fate back.

Luanyu said, " let's go. I've already sensed an extremely strong Dragon Qi. If the true dragon is born this time, I'm afraid it'll be extremely powerful."

The War of the Two Worlds is about to begin, " the ultimate said. I'm afraid the realm of heavenly martial arts has also sensed the danger. Naturally, they will do their best to create the strongest true dragon of their generation. Once this Dragon is born, I'm afraid that brother Yuri will be the first one to be finished."

Luanyu's expression changed greatly, becoming even gloomier. He shouted, " "Don't talk nonsense! Quickly follow me!"

Thinking that she might not have long to live, Yuri went crazy and desperately rushed toward the core of the world where the yuan Qi was gathering.

As soon as Yunxiao and the others stepped into the mystic realm, their faces changed, because they also felt an extremely abnormal flow of spirit energy.

"There's indeed a problem!"

follow me! Yunxiao shouted. He immediately followed the flow of the spiritual energy.

"This should be the change in the spiritual Qi of heaven and earth before the birth of the true dragon," rouwei said.

Moreover, this spiritual Qi flow was getting more and more rapid. Not only in the misty cloud ancient shine secret realm, but also the turbulent torrents that were like astral winds and whirlpools directly crushed the space of the secret realm and began to overflow to the heavenly martial realm.

At the entrance of the [ misty cloud ancient shine ], rings of spiritual Qi began to spread in all directions. At the same time, the sky was filled with a colorful glow, within which the shape of a Dragon could be vaguely seen.

Some of the cities and sects near the smoke cloud ancient shine sect sensed it and sent experts to investigate in shock.

These people naturally couldn't find out anything, and thought that there was a rare treasure appearing in the misty cloud ancient shine. They were all extremely excited and started fighting outside the secret realm.

With gloomy faces, Yunxiao and the others followed the direction of the spirit stream and flew forward.

Several hours later, they arrived at a huge grassland. In front of them was a spiritual Qi vortex that covered tens of thousands of miles.

Everyone was shocked by this scene. The spiritual Qi directly turned into liquid and poured into the vortex like thousands of water droplets.
