

The Eternal Supreme - Chapter 2359 – 2390

Chapter 2359: Chapter 2359

Chapter 2359: Chapter 2359-chaos

the true dragon must be in the core of this vortex! Yunxiao said in shock. let's go!

Not being able to catch up to Yuri on the way here made everyone worried.

If the new generation of true dragons were to be killed by the ruling plume ...

Everyone's scalp went numb at the thought of this question.

Although the whirlpool was terrifying, it could not stop them. They rushed down in the blink of an eye.

“BOOM!”

A huge vibration sound came to his ears, and countless spiritual liquid was compressed by the impact and instantly turned into gas.

Several figures entered first and disappeared into the whirlpool sea.

At the bottom of the vortex, the spirit liquid condensed into a huge pillar that required two people to wrap their arms around it before it flowed into the chaos below.

Golden starlight flickered in the chaos, as if it were the universe.

Everyone was shocked. The chaosverse was like an egg, constantly changing as the spirit liquid was poured into it.

The golden light inside seemed to be flowing slowly in a liquid.

“Where's the Yuri family?”

Yunxiao looked around, but could not find any trace of luanyu. He could not help but feel suspicious.

“Could it be that Zhiyu didn't come in?” asked feini.

This time, even Duanmu you Yu was uncertain. He had calculated that there would be an unforeseen event, but it did not necessarily mean that luanyu had come.

Hao Feng's eyes suddenly turned as he stared at the chaos. He said in shock, "Quickly look!"

There was a person inside, almost blending into the chaos. If one didn't look carefully, they wouldn't have noticed him.

That person was sitting cross-legged inside, one hand forming an incantation. It was Luanyu!

Rou Wei was shocked. He's absorbing the essence of heaven and earth, and I'm afraid he's going to steal the true Dragon's Luck!"

Yunxiao's face changed drastically. but he has already entered the chaos chicken. What should we do now? " If we force our way in, we might destroy the true Dragon's embryonic form, but if we let it in, we'll be finished!"

we don't have time to worry about that, " Xuanyuan Yao said coldly. do it! He was the first to rush down. When his body came into contact with the chaos chicken, it was as if he was sinking into a swamp.

Then, he saw Xuanyuan Yao moving towards the ruling plume.

Yunxiao no longer hesitated and said, " "Do it!"

wait, " he said. Lord Hao Feng, please come with me. The rest of you can stay here.

Everyone thought for a moment, then stood still.

Yunxiao and Haofeng sank into the chaos chicken. It was like a whole new world inside, and they could see the outside through the thin film.

Luanyu, who was sitting cross-legged and cultivating, suddenly opened his eyes, which burst out with boundless killing intent. He shouted, " "Li Yunxiao!"

Yunxiao's eyes narrowed as he said coldly, " "Luanyu, today is the day you die. Did you give any explanation before you died?"

"Haha, death?"

Luanyu laughed coldly and said, "I'd like to see who will die today!."

Two figures immediately appeared behind him. They were Shi and Yuan. The two of them didn't say a word. The moment they appeared, they immediately rushed over.

"Hmph, a clown!"

Xuanyuan Yao took the lead and raised his hand to strike with his iron whip. Although Shi Heyuan was at the creation realm, Xuanyuan Yao was a half-step world monarch. With a whip, he pushed the two away.

After that, the whip shadow retracted and continued to strike.

“I’ll go and help Lord Xuanyuan,” Hao Feng also rushed forward and said. His Nirvana blade slashed at Yuan.

The four of them began to fight in this chaotic space.

Hao Feng and Yuan were still fine, and they were almost evenly matched. However, Shi was no match for Xuanyuan Yao and kept retreating. But luckily, Shi’s spiritual mind was sealed and he wasn’t afraid of death, so he could still barely hold on.

Luanyu’s face darkened as he stared at Yunxiao coldly.

Yunxiao did not seem to be in a hurry. He walked forward step by step until he was in front of Luanyu, where he stared at him quietly.

Luanyu angrily said, “why must you kill me?” Isn’t it good to be each other’s Angel?”

because you deserve to die, ” Yunxiao said lightly. you’re dead.

Luanyu suddenly exploded and roared, ” “We still don’t know who’s dead!”

“Dragon Fist-infinite light!”

He closed in on Yunxiao and threw a punch at him, almost sticking to him.

Yunxiao remained motionless, but his eyes suddenly lit up with a golden light. In the blink of an eye, it was as if countless Thunderbolts were flashing, as if he could see through all the illusions in the world!

“BOOM!”

Luanyu’s punch directly penetrated his body and blasted into the void behind him.

Luanyu’s expression changed greatly, and he said in shock, “you’re a coward!”

Golden runes could be vaguely seen in Yunxiao’s eyes as he stared at him coldly and said, ” “I finally understand how you were able to sneak into the [ancient time of smoke and cloud] under my nose. So the ultimate is helping you!”

He suddenly raised his hand, and a purple lightning flickered in his palm. Then, he slapped it toward Yuri’s body!

“BOOM!”

The Luan Yu's body exploded.

Shi and Yuan also disappeared, and the entire space shook.

Xuanyuan Yao and Hao Feng were both shocked. They looked over and saw that everyone was still at the place where they had entered the whirlpool. They had not moved at all. The two of them had just fought in the environment, and it was so real that even a lot of their spiritual energy was consumed.

The spirit fluid continued to pour into the chaos below.

Not only Xuanyuan Yao and Haofeng, but even the lanyan master and the others were taken aback. When they saw Yunxiao being bombarded by the ruling feathers, they thought that he had been cast with an evil spell, which was why he had not moved. Their hearts had jumped to their throats, but they did not expect that it was all an illusion.

what? ” poron was shocked. is this the ultimate? ”

He couldn't help but break out in a cold sweat. He had cultivated the eye of truth, but it had yet to reach major success. Yet, he couldn't see through the ultimate's illusion.

Yunxiao nodded, his face extremely solemn as he said, ” “It's much more troublesome than I expected. I don't know how strong the returning ruins are now. If they're half a step into the realm King realm, we'll be in trouble.”

“Then what do we do now?” Fei Ni was worried.

Yunxiao looked down at the chaos chicken. At this moment, he felt completely different from before. There was a faint blue light flickering in the chicken, and when he looked at it, he saw that it was condensing a Dragon Crystal.

It gathers the spiritual energy of heaven and earth, the essence of the sun and the moon, forms a Dragon Crystal, and finally breaks through the crystal dragon.

He was in the process of forming the crystal, but he did not know where the ruling plume was, which made him very worried.

He looked down with his eye of truth, but he could not see through the entire chaos chicken. When he touched the crystal, he was immediately blocked.

sinkhole! Yunxiao had no choice but to shout. are you there? ”

There was no response.

He shouted again, but it was still deathly silent. Only the powerful Dragon Qi overflowing from the chaos below rushed towards everyone's five senses and six Senses.

I don't know what agreement you and Luanyu have reached," Yunxiao said angrily. but at this time, if you are willing to stand with me, I will try my best to double the conditions for you.

There was still no response, as if there was really no one in this space.

Yunxiao suddenly had an idea. "If you think I can't give you what you want, then I have something that might interest you. Do you want the coat of arms?"

As soon as he finished speaking, the space in the void ten thousand feet away trembled.

Immediately after, Luanyu's wild laughter could be heard. hahaha, coat of arms, he wants to use the coat of arms to exchange for your surrender!

Yunxiao and the others immediately moved to the void and locked their divine senses on it.

The space turned slightly, and Yuri, ultimate, and the other two figures appeared.

"So it's you guys!"

Yunxiao's face was filled with anger as he sized up Yuri and Guixu. Especially when he looked at Ning Keyue's indifferent face. She was so close, but seemed so far away.

Luanyu also stared at him coldly, as if he was an old enemy. His eyes were filled with the desire to tear the other party apart.

But, Yunxiao breathed a sigh of relief in his heart. The fact that the ruling plume was still here proved that the process of Dragon Transformation had not been destroyed.

His gaze fell on the ultimate's face and he stared at him, "Leave Yuri and work with me! I can agree to your previous request!"

"The previous conditions?"

The ultimate was stunned for a moment, then he smiled faintly and said, "I've even forgotten."

yes! Yunxiao said angrily, "I'll give a region of the heavenly martial realm to your eye clan!"

Luanyu couldn't help but laugh, "haha, you're really generous. You're even willing to give up a region." Sinkhole, why don't you agree to his request?"

The mocking look on his face made Yunxiao and the others feel solemn, as if the condition was ridiculous in his eyes.

The ultimate said, "if it was a few years ago, I might have been tempted. But now? Hehe, unless you can really take out the coat of arms and give it to me, then I'll immediately switch sides, kill Luanyu, and offer his head to you."

Luanyu gave a muffled humph. Although he knew that it was impossible, he still felt extremely uncomfortable hearing it. He laughed and said, "Little brat, I don't know where you heard about the coat of arms from, but you're already talking big!"

I don't know what a coat of arms is," Yunxiao said calmly. I did hear it from others. What was this thing? A million years ago, you peerless powerhouses didn't hesitate to shed all pretense of cordiality to fight him. Even six-winged demon clan died because of him, and the entire era of true spirits ended because of him!"

Both Luanyu and ultimate's expressions changed.

Luanyu's eyes shot out a cold glint as he shouted, "Where did you hear this from?"

Yunxiao ignored him and turned his eyes to the ultimate. In his eyes, Luanyu was already a person who was bound to die, so he was too lazy to communicate.

Guixu's expression changed, but he remained calm. "You don't have the right to know."

Yunxiao laughed out of anger. I'm not qualified? I'm the master of the divine realm tablet. In this realm, is there anything that I'm not qualified for?"

wait until you become the real regional King," the ultimate said. you may know, but now you are not qualified!

Yunxiao's face was filled with anger as he said coldly, "Since that's the case, then the four of you can go to hell!"

Killing intent burst out from his body. Xuanyuan Yao and the others were already prepared for this. They all released their powerful auras and pressed toward the four people in the center.

Luanyu's lips curled into a cold smile, and said, "The ignorant are fearless. You actually dare to start a war with me and the ultimate at the same time. In the past million years, there has only been six-winged one. Do you really think you're that powerful?"

Chapter 2360: Chapter 2360-turning illusory into reality

549690339

As his voice fell, Dragon Qi rippled from Yuri's body, almost materializing into a physical form as it spread out in all directions.

Everyone's body froze, and they felt suppressed. In shock, they couldn't help but take a few steps back.

Yunxiao's heart trembled as well. "Your cultivation level is very high."

Luanyu's face was filled with malevolence as he laughed madly, "haha, do you think I'm still the Luanyu of the past?" I've already recovered to the realm King!"

World King realm!!

Everyone sucked in a breath of cold air in shock.

impossible! That's impossible!

Yunxiao also cried out involuntarily. Unless he had a heaven-defying opportunity, how could he return to the realm of regional Kings?

Just as everyone was shocked, Yuri's eyes turned cold. He suddenly appeared in front of everyone and attacked Haofeng!

"Be careful!"

The few of them exclaimed at the same time.

Hao Feng's expression changed and he immediately recovered from the shock. He held the Nirvana blade in front of him to defend.

"Bang!"

The Luan Yu's powerful attack struck the Nirvana blade, directly crushing it into pieces. The powerful Dragon Breath shot out and shook his body!

"Pfft!"

Hao Feng directly spat out a mouthful of blood, and his entire person was like a kite with a broken string, being sent flying.

"Lord Hao Feng!"

Duanmu Youyu, who was the closest, hurriedly flew over and caught the flying Haofeng.

His strength would not be of much help in this battle.

After catching Hao Feng, he could not help but be shocked. Hao Feng's current state was extremely terrible. His body was constantly being destroyed by the Dragon Breath.

If it wasn't for the Nirvana blade blocking in front of him, his chest would have been pierced through and he would have died.

Ye Fan and Meng Wu also flew over in a hurry, and they began to treat Haofeng's injuries in a hurry.

"Hmph, he actually didn't die!"

Luanyu gave a muffled Humph, clearly very dissatisfied with this result.

"You're not a regional King!" Xuanyuan Yao bellowed. At most, he's the same as me, a half-step world Monarch! He even ambushed someone weaker than him. With his despicable character, he will never be able to step into the realm of regional king again."

"Haha, what a joke!"

Luanyu laughed wildly and said mockingly, "what kind of dog thing are you, old fogey? you dare to talk about this Lord?" The winner was King, and it required unscrupulous means! This person has just consumed a lot of energy in the illusion, and his strength is neither high nor low, and he is the closest to me. Moreover, he revealed a flaw when he was in a daze. If she didn't hit him, who would she hit? If he died, it's because he's stupid and weak. If he didn't die, it's because he's lucky."

Everyone was rendered speechless by his twisted logic.

Yunxiao stared at luanyu for a while, then suppressed the violent emotions in his heart and said, "So ruthless. I understand now. You actually refined three of your sons. He didn't even spare his origin dragon power to reach the half-step world monarch realm in such a short time!"

Luanyu's expression changed slightly. He said coldly, "those three unfilial sons deserved to die. But since they're dead, we naturally can't let them go to waste!"

Behind him, Yuan's eyes darkened, but it disappeared in a flash.

luanyu, " Yunxiao said with a cold face, " even if you are a half-step world monarch now, do you dare to fight me again? " If you win, I'll immediately turn around and leave. However, if you lose, hehe, then this day next year will be your death anniversary!"

Luanyu's expression changed slightly, and he said with a cold smile, "At this moment, I have the upper hand. Why should I fight you fairly? If we were to fight, then wouldn't my sneak attack on that person just now have been in vain?"

"Gain the upper hand?"

have you been kicked in the head by a donkey?" Yunxiao sneered. "

Alliance master," Xuanyuan Yao said in a deep voice, "you deal with Yuri. Leave the other three to us!

Yunxiao's heart skipped a beat. Looking at Ning Keyue's cold expression, he felt a little afraid. The reason why Luanyu was unwilling to fight was mostly because he had to rely on the sinkhole and was extremely confident in it.

But now, looking at how calm the sinkhole was, it didn't seem to care about what was happening.

no, you guys deal with Yuri and the other two. I'll deal with the ruins of end.

Yunxiao said in a deep voice, his eyes fixed on the ultimate. Suddenly, he felt the light shooting out of the ultimate's eyes, and he couldn't help but feel a chill in his heart.

"This is a Kasaya!"

However, the moment a flaw appeared in his mind, it was immediately captured by the sinkhole, instantly pulling him into an illusion!

Yunxiao was not the only one, as Xuanyuan Yao and the others were all inside.

He was surrounded by a vast land, covered with endless yellow sand. It was a desert.

Yunxiao and the others immediately became vigilant, but a moment later, Luanyu and the other two appeared among them, including the ultimate itself.

Luanyu was shocked, "sinkhole, what the hell are you doing?" Why did you drag us into this?"

The ultimate smiled. since it's a chaotic battle, then come to my world of the eye. It'll be much more interesting.

Luanyu's expression changed greatly as he cried out, "Is this the inner area of the thousand-year eye?"

The ultimate nodded.

Luanyu's face immediately turned purple, as if he was very afraid. His eyes flickered as he said, "ultimate, you and I are on the same side. Don't forget our ultimate goal. You can't harm me!

The ultimate squinted his eyes and smiled. don't worry. I won't hurt you. I'm still hoping that you can recover your true form and help me get the coat of arms.

Only then did luanyu's expression turn slightly better.

what? " Yunxiao was taken aback and asked in horror, " what is a coat of arms? " Why do you value him so much?"

The ultimate said,'there's no harm in telling you now. In fact, there was nothing to keep a secret about. Even if the whole world knew about it, no one could get it. The so-called coat of arms was also called the 'coat of arms of the realm'.

"Realm coat of arms"

Yunxiao and the others read it silently while they waited for the ultimate to continue.

and this coat of arms is a piece of material formed when a realm collapses after it dies, " the ultimate said. it has the aura and power of a realm.

a realm collapsed due to death?!

Yunxiao's body trembled. He immediately understood, and the ancient scroll of Avici suddenly appeared in his mind.

At that time, mo PU had said that the ancient scroll of avicinaraka was formed when the old demon world collapsed, and it had condensed the magical powers and wisdom of the world. Could it be that the ancient scroll was the coat of arms?

what?! Xuanyuan Yao was enraged. you mean you want to destroy this realm?!

Luanyu said coldly,"this realm is unkind to me, so I don't have any concerns about it .."

what's the use of this realm emblem? " Yunxiao asked in surprise. what's the use of this realm emblem? " Did you and six-winged also fall out because of this item?"

The ultimate nodded and said, " Back then, Liu Chi wanted to destroy the world and refine it. Thanks to luanyu and me, as well as countless true spirits, this world was preserved. Otherwise, how could there be people like you?"

what? " Yunxiao was stunned. so, you two are still heroes who saved the world? "

Xuanyuan Yao rebuked. Alliance master, don't listen to their nonsense. There must be some other problem. I don't believe that with their character, they would still want to save the world!

Luanyu chuckled and said, "what the old fogey said is right, we do have selfish motives." the simplest thing is that if a realm is destroyed, we don't know if we can survive and continue cultivating with our strength as world Kings. The most important thing was that the realm coat of arms could only be used by experts who had surpassed the realm King realm. To put it bluntly, at that time, only six-winged could be used, and we couldn't use it. Naturally, we wouldn't agree with him refining a realm and taking the coat of arms."

what happened back then was more complicated, " the ruins of end said. there are all kinds of things, but the core is the coat of arms of that realm. Because this Jie seal is a Wufu."

"Enough!"

Luanyu considered his words and said, " there's no need to educate these dead people. Kill them quickly so that I can seize the true dragon's fate in case of any accidents!

The ultimate nodded, looked at Yunxiao, and said, " "You and I may be fated, but in the end, I still have to send you to the West."

you two vicious things! Yunxiao said angrily, " how dare you try to refine this world! You are really evil! I can't let you Live!

Lord Xuanyuan, " he immediately shouted. you guys deal with Yuri and the other two. Leave the ultimate to me!

It was still the same distribution method as before. Because the ultimate's illusionary technique was too strong, he was afraid that Xuanyuan Yao and the others would not be able to handle it.

"Alright!"

Xuanyuan Yao also understood the severity of the situation. If he lost today's battle, perhaps he would not need six-winged to fight. These two people in front of him would destroy the entire realm of heavenly martial arts.

Furthermore, as long as he killed Yuri, even if he ultimately lost to the ultimate, it would no longer matter. That was because the birth of a true dragon was unstoppable!

After thinking it through, the few of them quickly attacked Yuri.

Luanyu's expression changed slightly. He was unwilling to face them head-on and retreated while fighting. He shouted, "Brother Guixu, save me!"

Because he still needed to preserve his strength when he seized the true dragon's fate later.

The returning ruins' eyes flashed, and the yellow sand instantly split apart. A large number of martial artists flew out from within and charged toward Xuanyuan Yao and the others.

Yunxiao's pupils constricted as he stared at the Warriors in shock. Turning the void into reality?!

The Ultimate nodded and said, "Turning the void into reality is the highest realm of illusion. However, even I, who was a World King, couldn't cast it. After all, it was too heaven-defying. However, with this profound level weapon of the eye race, the eye of a thousand years can be fully displayed."

Impossible! Yunxiao shouted. Impossible! How could there be such an absurd thing in this world? If you could turn illusion into reality, you would have been invincible!"

The Ultimate looked at him in surprise and laughed, "Back then, other than six-winged, even Yuri didn't dare to say that he could defeat me. Although he wasn't invincible, he wasn't far from it. Is this move real or fake? Don't you have the eyes of truth?"

Yunxiao's eyes glowed with a golden light, and the ancient Maha characters spun in his eyes as he looked at the martial artists fighting. They were all flesh and blood, and there was no illusion at all.

He couldn't help but feel his hands and feet turn cold, and cold sweat seeped out of his forehead. If he really had such a divine skill, how could he fight?

That's why," the Ultimate said with a faint smile. What's next is a simple process of sending you all to the West. It won't be very complicated, and it won't take long.

Under the smile was an extremely cruel expression.

The Ultimate's body kept moving away from Yunxiao, and a large number of Warriors poured out of the yellow sand again. They were all immortal realm experts, and their numbers kept increasing. As if there was no end to them, they all pounced on Yunxiao.

Chapter 2361: Chapter 2361-layout

549690339

In Yunxiao's mind, the scene of his battle with Tian si in the end of the world suddenly emerged.

The countless cultivators that had appeared out of thin air were exactly the same as the one in front of him. The anger that had been suppressed in his heart was now burning.

"In this world, there is no such thing as turning the void into reality. If there is, then you can create the world!"

Hundreds of Warriors rushed out from all directions, all of them erupting the power of the immortal state and above. Under the impact of all kinds of auras, the space around Yunxiao became blurry, but he did not show any fear.

The ultimate looked at him from afar and smiled indifferently. "Do you think it's hard to create a world?"

what do you mean? " Yunxiao asked in surprise.

creating a sacred artifact isn't much different from creating a world, " the ultimate said. actually, it's very easy to become a true creator. As long as you have a realm emblem and fuse it into the sacred artifact, there's a chance of creating a powerful world.

"Realm emblem? What do you want this for?"

what? " Yunxiao was surprised. if it's just to refine a world, why did you destroy it? " Wouldn't it be better to just leave it in the realm of heavenly martial arts?"

"Hehe, what a joke!"

The ultimate sneered and said, " if I create my own world, I will be the God of that world. However, no one would use the seal to refine a world. As you said, once you become the master of a thousand worlds, you can travel the universe without any restraints. The experts you see in front of you are indeed experts. You just don't want to believe it. "

"I'll believe you!"

damn it! Yunxiao cursed. His eyes were shining with a golden light as he looked at the Warriors, but he could not see any flaws. However, he was fearless. He took out the world of mortals with a smile and waved it around.

A violent force rushed out in all directions, and a large number of cultivators exploded under the power of these two elements. There were also some who were covered in injuries and were sent flying tens of thousands of feet.

"What?"

The ultimate was stunned for a moment, and his eyes swept past the smiling pride of the mortal world. In a flash, Yunxiao disappeared from where he was and reappeared directly behind him, then turned his fan and slapped it down.

The ultimate's eyes revealed a slightly strange look, and then he formed a palm with one hand and greeted the attack behind him.

“Bang!”

The Golden fan seemed to have hit a rock and was greatly hindered. The power of wind and Fire elements exploded between the two, and they were both sent flying.

Yunxiao's face darkened as he grabbed his fan and was about to rush forward again. Sinkhole quickly formed hand seals with both hands and took a step back, disappearing into the void.

Then, a large number of Warriors emerged around Yunxiao, tearing through the void and pouncing on him.

“Even if these people are all real, they're just minions!”

The smiling pride of the secular world waved his fan, and those martial artists were all shaken away. Some died, and some were sent flying.

“It's useless no matter how many minions you have! Sinkhole, come out!”

Yunxiao's eyes flickered as he looked around. Suddenly, he teleported and reappeared a thousand feet away. His left hand turned into a purple Thunder sword, and with a Swoosh, it pierced into the void.

The space was cut open by the sword, and only then did Guixu's figure appear. He retreated dozens of steps, his face revealing a strange expression.

“You're even more difficult to deal with than I expected.”

“There will be things that are beyond your expectations, such as death!”

Yunxiao made a grabbing motion with his left hand, and purple Thunderbolts immediately spread out from his palm.

In an instant, the entire world was filled with purple lightning. He also transformed into lightning and stood between the heaven and earth like a giant spirit, looking down on the world!

“Even if you have the power of creation, I also have the Brahma purple mansion divine lightning, which can destroy ten thousand worlds!”

Yunxiao raised his hand and slapped down.

A purple light bloomed from his palm, and countless Thunderbolts struck down from the sky, shaking the boundless earth!

“BOOM! BOOM! BOOM!”

Thunderbolts as thick as a bowl kept shooting out of Yunxiao’s palm, shattering the sky into countless pieces and turning large amounts of sand and stones into powder.

Yunxiao’s expression was solemn. He now understood that the key to this battle was to break the eye of a thousand years and get out of the artifact space.

Otherwise, no matter how much they fought, it would be in vain, because the ultimate was the god of this world.

On the battlefield where Luanyu and Xuanyuan Yao were, they were also affected by the purple lightning and could not help but separate. Their eyes were filled with shock as they looked at the terrifying power of destruction.

The ultimate finally couldn’t sit still any longer and materialized out of the void. The third eye on his glabella opened and shot out a Crimson blood-colored beam. it’s just realm power. What can it do to me?!

The red eye in the center of his brows blinked, and the sinkhole’s body glowed red, spreading out like a rainbow.

Beams of red light turned into light waves and shot toward Yunxiao.

The red light struck the purple lightning and exploded, turning into a powerful impact that scattered in all directions.

“Bang! Bang! Bang! Bang!”

The sky was filled with terrifying explosions. The purple lightning was clearly suppressed, and the blood-red light continued to gain the upper hand under the ultimate’s control.

However, the heaven and earth within a radius of 10000 miles had already been shattered, turning as dark as the night.

Luanyu and the rest retreated in shock, looking at the battle in the sky with grave expressions.

“You are indeed much stronger than I expected! I didn’t waste these few years!”

Sinkhole's face was cold, and a mocking smile appeared on his lips, "But I've recovered more strength!"

The blood-red eye between his eyebrows opened again, and strange magatama appeared around his pupil. Several magatama pieces were arranged in a circle, like an evil flower.

In an instant, the Crimson light around them grew even more intense and continued to suppress the purple lightning.

Yunxiao's face flickered, and his eyes were filled with horror.

The power of the red light seemed to be endless. This power came from the world, from the Saint artifact, the thousand year eye!

However, his purple lightning was formed from his own spiritual energy and was ultimately limited.

Surrounded by the red light, only the space within a thousand feet was purple. The land and sky outside the thousand feet were all stained with blood.

Furthermore, this Thunder World was still shrinking.

Xuanyuan Yao's expression changed, and he soared into the sky. He grabbed with both hands, and a large amount of green light gathered in his palms, which he then struck toward the ultimate!

"Hmph, you really think I don't exist?"

An ice-cold voice resounded in the sky as Luanyu's mocking face appeared. An infinite amount of light spread out and exploded on Xuanyuan Yao's Green light!

"Boom boom boom!"

The terrifying power shot up into the sky like a huge pillar of light!

White light spread out from where the two of them had struck, rippling into the red blood light and affecting the ultimate to a certain extent.

The Misty Rock Master and the others immediately acted as well, once again engaging in a chaotic battle with Shi long and the others.

The ultimate sneered, formed a hand seal with one hand, and pointed at the ground.

Immediately, human figures appeared on the sand, once again forming hundreds of godly state experts that attacked the Misty Rock Lord and the others.

Yunxiao was shocked as he looked at the ultimate in disbelief. How was that possible? How could he be so strong?

Under his full-power resistance, as well as the attacks from Xuanyuan Yao and Yuri, the ultimate was also affected.

After all, the battle between heaven and earth was indiscriminate. It would cause the eye of a thousand years to tremble, negatively affecting the sinkhole.

But even so, he still had the time to deal with the Misty Rock Lord and the others.

“Hehe, are you surprised?”

The shockwaves from Luanyu and Xuanyuan Yao’s attacks gradually dissipated, and the two of them appeared from the center of the vortex.

Luanyu laughed and said, “ even if the ultimate is outside of the Holy artifact, it’s enough to kill all of you. The reason why we chose to fight in the Holy artifact was not because we wanted to borrow the power of the Holy artifact, but because we were afraid of destroying the dragonize pool!”

Xuanyuan Yao stared at the ultimate in shock and said in a trembling voice, “ Don’t tell me Zhenzhen is he Zhenzhen?”

Luanyu nodded with a mocking smile and said, “That’s right, the ultimate has already recovered to the realm King! Haha, you minions must be feeling desperate, right?”

Both Xuanyuan Yao and Yunxiao were greatly shocked, while Lord lanyan and the others, who were fighting hard below, felt as if they had been struck by lightning, and their hearts suddenly became extremely heavy.

“You’re lying to me. It’s impossible!”

no! Xuanyuan Yao shouted. since my cultivation level has dropped, how can I recover it? unless I encounter a heaven-defying opportunity! I’m afraid you can’t even find such an opportunity in the realm of heavenly martial arts, except for snatching the true Dragon’s Luck!”

haha, you frogs at the bottom of a well, don’t you think too highly of the realm of heavenly martial arts? ”

Luanyu ridiculed and laughed wildly, saying, “ The sinkhole laid down this move a million years ago just in case. I didn’t expect it to really be used. The reason why he placed the thousand-year eye into Wu’s body was to protect the eye race. However, have you ever wondered why he wanted to preserve the eye race?”

what? ” Xuanyuan Yao was shocked. isn't it to continue your bloodline? ”

“Continue your bloodline? Hehe, Yingluo.”

Luanyu even mocked, “this is the narrow-minded and short-sighted nature of you humans!” The sinkhole is the ancestor of the eye race, and as long as he doesn't die, he can continue on with his bloodline at any time.”

Both Xuanyuan Yao and Yunxiao's faces changed drastically. They had already guessed a possibility, and their faces turned pale.

“Haha, it seems like you've become smarter under my guidance.”

Luanyu's eyes shot out a boundless coldness that penetrated straight into one's heart. He said coldly, “ the remaining eye race beings were originally the sinkhole's own food!

Although Xuanyuan Yao and Yunxiao had already guessed it, they still could not help but gasp when they heard Zhiyu's words, and they felt a chill run down their spines.

Be it Yuri or the ultimate, both of them were Supreme experts who ended the era of true spirits back then. He had not expected them to be so inhumane.

Yunxiao, on the other hand, was thinking more. Not only the two of them, but six-winged was also thinking the same. He had thought of various ways to persuade six-winged, but it seemed impossible now.

Luanyu looked at their deathly pale faces and seemed to be very pleased. He laughed wildly and said, “Hahaha, what a bunch of pitiful ants. Sinkhole, hurry up and kill them. I can't wait to recover my strength!”

Chapter 2362: Chapter 2361-returning ruins

Xuanyuan Yao's expression changed, and he said coldly, “Such a shameless and cruel man. Even if he kills us, will he sincerely help you restore your cultivation to the world King realm? I'm afraid you'll be the first one he'll kill when he gets out, and then he'll take the true dragon's fate for himself!”

Luanyu's expression was ice-cold as he mocked, “is there any use in such low-level provocation?” The ultimate and I naturally won't form a simple Alliance. The most reliable Alliance in the world is profit!”

Xuanyuan Yao laughed coldly. even if there are tempting benefits, working with heartless people is no different from playing with fire. You will be affected sooner or later.

Luanyu laughed and said, "you minions are about to die. Is this how you comfort yourself?" That's really LOW."

The purple Thunderbolt in the sky suddenly shrank with a buzz and condensed into an enchantment about ten feet away from Yunxiao.

The ultimate's eyes shrank as he stared at him coldly. "What, have you lost all hope after hearing luanyu's words?"

"Hehe."

Yunxiao smiled faintly and said, "since you have keyue's memories, what do you think? Am I that kind of person in her memory?"

The ultimate nodded and said, "You're a madman who won't give up even if you die."

"This is it."

Yunxiao's face turned calm as he said, "No wonder you didn't agree to my condition of giving up a region. It turns out that you've already eaten your clansmen."

The ultimate's expression changed slightly, as if he was a little unhappy, but then he dispersed and said indifferently, "The world is fickle, the real Moon eye is split from an individual. To put it bluntly, they're all my clones, and I've just taken them back."

what's done is done," Yunxiao said. there's no point in talking more. I just want to tell you one thing now, Yingluo."

The ultimate's eyes narrowed slightly, and luanyu's face flickered as he stared coldly at Yunxiao, wondering what other tricks he could play.

I just want to tell you that Jie King realm Kasaya is no longer a threat to you!

The last few words were like thunder as they were shouted out.

Then, a sword light shot out from the 100-foot purple lightning and shattered the void!

The thousand-year eye was connected to the sinkhole. The moment the sword Qi appeared, his heart trembled as a bad feeling welled up in his heart.

With a flash of the sword in his hand, Yunxiao teleported up and then brought it down on the man's head!

"BOOM!"

The red light that filled the sky was instantly shattered. A sword Qi that shouldn't have existed in this world crossed the sky and directly split the world in front of many powerhouses!

“Boom boom boom!”

He could only watch helplessly as the heavens and earth underwent a great change. Countless fragments fell one after another, and the scene in front of him returned to the ancient times of smoke and clouds, the vortex of boundless spiritual liquid.

The ultimate was not far away. His face was deathly pale, and the red in his eyes seemed to be covered in a layer of fresh blood, bright and dripping.

Luanyu's face was filled with terror. The ultimate had actually been injured by the attack just now!

Yunxiao did not feel good either. In order to open the eye of a thousand years, almost all of his body had been sucked dry by the boomerang. At this moment, he was standing in the void, tottering.

Ye Fan hurriedly released Noah's ship and took Yunxiao in.

Meng Wu, her brother, and Feini, as well as the others, quickly surrounded him.

I'm fine, " Yunxiao waved his hand and said, " I'm just exhausted. Feini, go and help Lord Xuanyuan."

Feini muttered to himself before flying out of the battleship.

At the same time, Yunxiao waved his hand, and the crocodile transformed into a giant spirit, roaring as it rushed over.

Now that Guixu was injured, even if his combat power was not reduced, his illusion had been broken. Under the siege of Xuanyuan Yao and the others, he had lost his advantage.

Luanyu's expression turned unsightly as he leaned towards the ultimate and said, "How is it?"

Guixu closed the blood-red eye on his forehead and said without hesitation, " I'm slightly injured, but it's not a big deal." His eyes were still cold as he stared at the battleship, but he was still confident.

Luanyu cried out in shock, "even you were injured?" This Yingluo "

I wonder what that sword is. ultimate nodded. it seems that li Yunxiao has refined something terrible. However, no matter how strong that sword was, he has completely lost all his strength after that one attack.”

Luanyu’s face was gloomy. He gritted his teeth and said, ” this person is too terrifying. I must get rid of him this time!

yes. guixu nodded. since he’s the one chosen by the realm of heavenly martial arts, he naturally won’t be too bad.

Luanyu looked around and coldly said, ” “Leave old Xuanyuan to me. Shi and Yuan, you can each pick one. Can you deal with the rest?”

Shi’s eyes turned towards the Misty Rock Master, killing intent radiating from them.

Yuan’s expression changed slightly as he stared at the giant spirit formed by the astral wind.

The sinkhole took a look. If they were to fight three against three, then only feini, Xiao Hong, and the imprisoned Dharmakaya that had been possessed by the evil spirit were left.

As for Rou Wei and the others, they could be completely ignored.

The three of them were all creation realm experts, and their abilities were not to be underestimated. Rou Wei and the others posed no threat to them at all.

The ultimate’s face darkened, ” I’ll try my best. However, in my current state, I’m afraid that it will take some time and effort to kill the three of them.”

“Haha, that’s good!”

Luanyu laughed and said,”you just need to stall these three people first. It’ll naturally be best if you can kill them.” I’ll come help you after I’m done with that old bastard Xuanyuan!”

Then, two sword lights flashed in the air and slashed toward Xuanyuan Yao.

Shi and Yuan also moved at the same time, facing the Misty Rock Lord and the crocodile.

Feini sneered and stared at the ultimate, ” “You sure are confident.” The Phoenix Feathers behind her spread out, and an agile figure appeared in the air, sticking close to the ultimate.

Xiao Hong and the evil spirit also made their moves.

One hand flew out of the ancient gods' battlefield and pressed down on the ultimate. The other person clenched his five fingers, and his five elements true Qi turned into an axe and chopped down!

A strange look flashed in the ultimate's eyes. He raised his right hand, pointed with his index finger, and shouted, "God chasing soul capturing!"

Behind him, there seemed to be a giant eye slowly opening, staring ahead.

Under the combined attack of the three, the ultimate in front of them was smashed into pieces with a loud bang.

However, the next moment, their expressions changed drastically. They found that time and space had changed, and they were no longer in the Dragon Transformation pool. They had all been under an illusion and appeared in different time and space.

how can he be so strong?!

On Noah's ship, Poron and the others looked at the battlefield in front of them. With just a point of the ultimate's finger, the shadow of the eye of a thousand years appeared behind them and captured the three of them. The figures of Fei Ni and the rest were frozen in the sky, but their expressions were very varied, and their expressions kept changing.

The expressions of the three people were all the emotions that they had displayed in various illusions. However, their bodies were all frozen in a daze, not moving.

"Not good!"

Yunxiao was also taken aback. He did not expect the ultimate to have such strength even when it was injured. He only moved his body slightly, and he felt powerless. He couldn't even stand up.

"Master!"

Meng Bai hurried over to help him up.

Yunxiao indicated that he was fine, and his face was full of worry. Feini and the other two are in the illusion. If they can't come out in time, I'm afraid they will fall deeper and deeper.

Looking over, the three of them had cold expressions and cold sweat appeared on their foreheads. It was obvious that he had encountered a powerful enemy in the illusionary realm, and his spiritual energy was rapidly being consumed.

“Then what should we do?” Ye Fan asked anxiously. Why don’t I use this battleship to crash into it? the battleship has no consciousness, so it won’t fall into the illusion.”

Yunxiao was taken aback. this method might work, ” he said thoughtfully. ”

Ye Fan was happy,”really?” Then I’ll go crash into it now.”

“Hold on!”

“Ye Nantian might be able to do it, but how much power can you unleash from this quasi-Saint weapon?” Let me try.”

Ye Fan said in shock,”what are you doing, Ocean Emperor?”

“Although I’m not strong enough, I’ve been cultivating the sun Sutra for a long time, and my comprehension of the heavenly Dao is not weak,” polong said with a bitter smile.

He and Rou Wei looked at each other and smiled.

Then, polong raised his hand and changed his hand seal in front of him. The ancient Maha character circled around his body.

A ball of light slowly condensed in the sky above the battleship and gradually became brighter, like a Golden Eye. The crack in the middle slowly opened.

The ultimate’s expression changed drastically as he glanced at the man. His eyes were filled with anger and coldness.

the eye of heavenly Dao! Yunxiao cried out in surprise. it’s the eye of heavenly Dao!

After the golden eyes opened, a resplendent golden light appeared around the battleship. It was actually a chain that stretched across the sky.

The ultimate’s face darkened. Under the gaze of the eye of heavenly Dao, the cost of casting illusions kept increasing, and the power in his body was draining rapidly.

All of a sudden, the eye of heavenly Dao turned bone-piercingly cold, and a purple ray of light shot out from within, shooting down with a ” Weng ” sound!

“Bang!”

The purple light shot into the range of the ultimate’s illusion and exploded with a crackling sound, turning into purple lightning that spread in all directions.

The three of them trembled and came out of the illusion. They quickly retreated in horror.

The three of them were pale and their eyes were filled with fear.

When poron saw that the eye of heavenly Dao had attacked on its own and broken the ultimate's illusion, he could not help but be overjoyed. The seals in his hands changed rapidly.

Chains of laws also appeared around the ultimate, and the thin golden chains bound his limbs.

Sinkhole's expression changed slightly as he clenched his fist and jolted his arm. The chain of laws immediately began to shake, producing the clanking of metal but not shattering.

"Now, attack!" Fei Ni shouted.

Her body moved and she summoned the eight Treasures fire butterfly, which appeared on the chain of law.

Xiao Hong also took out the ancient gods 'battlefield and suddenly fell from the sky.

The evil spirit let out a loud roar. A powerful force of the five elements burst out from its body, turning into a fist force and flying out.

The three powerful forces struck guixu's body at the same time, but his calm face did not show any panic.

"BOOM!"

The ultimate's body exploded, and the aftershock reduced the fragments to dust.

Xiao Hong looked on in shock and said in a trembling voice, "Did you kill him?"

Everyone's hearts trembled. Although the scene before their eyes was so real, the calm expression on the ultimate's face before his death made everyone feel a chill in their hearts. It didn't seem as simple as it seemed.

The reality that they saw with their eyes and the disbelief that they felt from their rationality and emotions formed a strong contradiction that filled everyone's hearts.

Chapter 2363: Chapter 2363-an empty body becomes a Dharmakaya

549690339

"Dead? Are you guys talking about him?"

A cold voice rang out in everyone's mind. They felt as if they were in a trance. Then, they shivered and returned to reality.

The "dead" ultimate was unscathed and appeared above the warship. One of its hands was inserted into poron's chest and came out from the back.

Scarlet blood dripped from the ultimate's slender fingers, bright and dazzling.

"Husband!"

Rou Wei, who was beside polong, suddenly trembled. She felt dizzy and let out a shrill scream.

Yunxiao, Ye Fan, and the others also felt their hearts tremble as they looked over in horror.

The eye of heavenly Dao above the battleship was slowly closing. Poron's eyes were golden, but they also revealed an unconcealed shock, as if everything in front of him was not real.

"Lord poron!"

Yunxiao cried out in alarm, his face full of grief.

At this moment, poron's entire body was soaked in his own blood. His blood had a faint golden tinge to it. He definitely wouldn't survive this.

Not only that, but the three of them outside the warship were also looking at him in horror. All the power of the desperate attack just now had been used on them, and they were all injured.

Feini felt pain all over her body and a large part of her skin was burnt. She could not help but spit out a mouthful of blood.

Polong's weak body hung in ning keyue's hand, but he suddenly trembled and reached out to stop Rou Wei. He shouted, "Don't come over!"

Rou Wei's body trembled and she stopped. However, she was trembling badly and her shoulders were shrugging. She sobbed and cried, "my husband!"

hehe. polong chuckled and turned to look at Rou Wei. His eyes were filled with love and gentleness. I won't be able to accompany you in the future. Water fairy, I'll have to trouble you.

"Wuwuwu."

Rou Wei was already sobbing uncontrollably. She covered her heart with one hand and couldn't help but spit out a mouthful of blood. Her entire person was aging.

People from fortune-telling families were already prone to losing their lifespans, and now that they were both mentally and physically exhausted, they aged in a snap of their fingers.

don't be too sad, " the ultimate said calmly. I'll send her to you immediately after I kill you.

you ... poron's body trembled, and his golden eyes were filled with determination and ruthlessness. He suddenly reached out and grabbed ning keyue's shoulders, pinching her deeply.

The Golden Eye of heavenly Dao in the sky opened once again, and it became scorching hot and bright.

The ultimate's expression changed slightly. it's just death, " he said coldly. are you so unwilling to die? "

what's going on? " Bolon's expression became calmer. Strange runes flickered in his golden eyes, and a large number of Maha ancient characters slowly overflowed from his body, surrounding the two of them.

A look of shock finally flashed through the sinkhole's Red eyes as he said in horror, " "What do you want to do? Even if you risk your life and have a divine eye that can see through everything, what can you do? It's a pity that you're too weak, and you're just an ant. Turning into dust is your final destination!"

He raised his left hand and said in a cold voice, " "Even if you want to self-destruct, you're just an ant trying to shake a tree. Ridiculous!"

The golden light in poron's eyes suddenly brightened, and he roared,"Quickly attack! Now!"

In the eye of heavenly Dao, purple lightning appeared once again. The lightning was surrounded by golden rule force, and it shot down!

Xiao Hong and the others immediately reacted. They didn't have time to think and attacked again!

The attack just now had all landed on his body, which was extremely terrifying. If they didn't take this opportunity to kill the ultimate, everyone would probably die Here.

They didn't have much affection for polong, so they didn't hesitate to attack him with all their strength!

The ultimate's expression finally changed. Bolong's eye-bloodline technique and the realm power under the eye of truth had actually broken through his illusionary power. Although it was only for an instant, it was enough to be fatal!

"Childish! Even if I don't use my illusionary technique, I'm still a Jie King. What right do you have to fight me?"

The ultimate's eyes were cold as he roared.

Everyone felt relieved. The angrier the other party was, the more it proved the fear in his heart. The most terrifying thing was that meaningless coldness and indifference on his face, which gave people a feeling of complete powerlessness.

"Sun Moon universe!"

The vertical eye of the ultimate, which had been closed all this time, opened again. A terrifying red light shot out, turning into circles of waves that spread in all directions!

Poron was the first to bear the brunt of the attack, and countless red rays pierced through his body. His body froze, and it seemed as if he had lost all feeling in his body. However, he still held on tightly to the ultimate.

The moment Ye Fan went crazy in the returning ruins, he quickly kept the battleship and escaped into the void!

Xiao Hong and the other two's attacks landed on the red light, shaking the heavens and earth. The terrifying power struck everyone in the surroundings.

Although the three of them were in pain, they couldn't help but feel ecstatic. At least this attack was indeed effective. Previously, every time he attacked, it was inexplicable, and that feeling was really frustrating!

"Boom boom boom!"

With the ultimate and poron as the center, the terrifying red light engulfed everything, including little red and the other two.

Even though Ye Fan had entered the void at the first moment, he was still forced out. A golden light appeared a few thousand feet away, turning into the Golden body of the battleship. On it, Ye Fan spurted out blood as if he was hit by an iron hammer, he fell onto the battleship and fainted.

"Lord Ye Fan!"

Meng Bai was shocked, and he went forward with Meng Wu to check on Ye fan's injuries.

They knew that Ye Fan had used Noah's boat to block the shockwave from that attack. Otherwise, they would have all been affected.

Ye Fan also suffered a backlash from the attack, he spat out blood and fainted on the spot.

"Husband!"

Rou Wei's shrill cry reverberated in the void.

Yunxiao's face was also gloomy. He could not help but feel sad in the sorrowful cry of those who heard it.

In a daze, a Golden Shadow slowly spread out from the center of the red light. It turned into specks of light and disappeared from the world.

Everything was different, and all sentences were not sentences. All the sages were like lightning, and an empty body became a Dharmakaya.

"Pfft!"

Rou Wei coughed out another mouthful of blood and like Ye Fan, she fell backward.

Meng Wu hurried forward and held her back. Rou Wei's body was already limp and weak, and she had completely passed out.

That terrifying attack just now had shocked Luanyu and the others, causing them to stop their attacks.

At this moment, Xuanyuan Yao and the Misty Rock Lord were also covered in injuries, and their battle was extremely intense.

The crocodile was slightly better off with its immortal body, but it had also been torn apart by Yuan countless times, and its aura had suddenly weakened.

As the red Storm passed, the four figures were revealed. They were all covered in blood as they flew back.

Under the attack just now, both sides were directly injured!

For the first time, the ultimate's face turned extremely pale. Even when Yunxiao had split open the Saint artifact and broken the illusion, he had not been as embarrassed and angry as he was now.

His red eyes had also turned back to normal black, but they were filled with anger and killing intent. There was also blood flowing from the corner of his mouth.

Fei Ni and the other two were not in a good state either. They had been injured by their own attacks earlier, and now that they had exchanged a blow, they were also seriously injured. They fell far away in the void and finally stabilized their bodies. In the empty space, it seemed a little lonely and bleak.

sinkhole, are you alright?!

Luanyu was also extremely shocked. He originally thought that with the power and illusionary techniques of the ultimate, he could sweep through everything, but he did not expect to end up in a situation where both sides suffered.

Luanyu and the other two returned to the sinkhole's side, their faces grave.

One had to know that the ultimate was not only an existence at the world King realm, but it also had unparalleled illusionary techniques and could even turn illusionary into real. Even in the era of true spirit, it was a terrifying existence that gave everyone a headache.

The ultimate's face turned pale as he clutched his chest and gritted his teeth. "I'm injured, so I need to rest for a while. The three people from before had already lost their combat strength and were no longer a threat. The three of you can deal with the rest."

Luanyu said in shock, "you're so scared that you can't fight anymore?."

The ultimate turned to glare at him and said coldly, "What, do you want me to use my life to help you?"

"No, no, no,"

Luanyu hurriedly turned his head. Although Guixu was injured, he still did not dare to meet his gaze. His eyes flickered as he said, "Then you should have a good rest. The remaining people were no longer a threat. It's only a matter of time before we kill them."

The heavenly martial league's members all had unsightly expressions.

Apart from Yunxiao, who had exhausted his energy, all the others were seriously injured. Xuanyuan Yao and the mist Rock Lord weren't any better off.

Although Xuanyuan Yao was a half-step regional King, the same realm as Luanyu, a true dragon was powerful and had a great advantage over others of the same realm. He had been suppressing Xuanyuan Yao.

The ultimate nodded and looked down at the chaos chicken, "Quickly kill them, in case a long night brings trouble. As I see it, within the primordial chaos, he's going to dragonize soon."

Luanyu's entire body trembled. He looked down and immediately revealed an ecstatic expression, " my son, hear my order. Kill all these people!

Yuan's expression changed slightly, but then it returned to normal.

Shi's face, which had always been dull, now had a strange light and a smile.

Yunxiao's heart trembled. He had caught the smile in an instant, and it was so familiar!

"Yes!"

Shi responded and suddenly struck out, his five fingers turning into a claw. But, they were not heading toward Yunxiao and the others, but toward the ultimate on the side!

"You coward!"

The ultimate was shocked. He never dreamed that there would be such a change, that his ally would launch a sneak attack while he was seriously injured!

The five fingers were like claws. Although they were extremely fast, they didn't seem to have much power. It was only when they were close to the ultimate that they suddenly formed a seal.

Guixu's pupils contracted and a look of horror burst out from his eyes. He seemed to recognize the mark and cried out, " You're Yingluo!"

He wanted to escape, but he was a step too late and was pressed between his eyebrows by the handprint.

Immediately, balls of red light appeared under Shi's palm, and with that as the center, a large number of runes spread across the ultimate's skin. It started from the center of his brows and went all the way down.

The ultimate's body seemed to have been frozen in place, but his eyes were filled with anger and fear. He roared, " Tiansi!

Chapter 2364: Chapter 2364-ending

549690339

Yunxiao's face flickered. The strange expression on his face just now was exactly the same as Tian Si's, but he did not expect it to be him!

Yunxiao watched quietly with a gloomy face, but he was performing incantation gestures to quickly recover his physical strength.

At this moment, the enemy's internal changes were undoubtedly good for them. Everyone was trying their best to recover.

Shi's face revealed Tian Si's strange smile, and his originally dull face suddenly came to life. He laughed wildly and said, "Hahaha, sinkhole, Oh sinkhole, you finally recognize me? You've always prided yourself on your unparalleled eye techniques, why are you blind today?"

The ultimate's face was filled with rage, and he stared at Tian si for a while before shifting his gaze away. He stared coldly at Luanyu and said, "Is this what you meant by 'working together as one' and 'traitors will be punished by the heavens'?"

Luanyu furrowed his brows and laughed strangely, "hehe, sinkhole. You're wrong to say that. When did I betray you? It's this friend who doesn't like you and wants to kill you. Why are you blaming me?"

He glared at Tian si in dissatisfaction and said, "Didn't we agree to act last? Why did you attack earlier?"

Guixu's face was ashen from anger, and the fury spewing out from his eyes was about to burn the ruling plume.

Tian si chuckled and said, "last?" The last time might not be the best time, but now was the best time. If I wait for him to recover some of his strength, I'm afraid I won't be able to suppress him. Now that I'm trying to possess him, I'm very confident!"

Luanyu said coldly, "aren't you afraid of delaying my plans?"

"Your business?" Tian si laughed in surprise. Please, Lord Yuri, we're just using each other, alright? What does your business have to do with me?"

Guixu's face turned pale and his face turned unsightly, as if the seal had a strong effect on him. His body began to tremble, and he growled in a low voice, "Luanyu, why are you doing this?"

Luanyu chuckled and said, 'sinkhole ah, actually, I didn't want to either. But you're too strong, so strong that I'm afraid. I'm just afraid that I won't be able to defeat you even after I recover to the world King realm. Thus, we have to find someone who can counter you, and tiansi is undoubtedly the best choice. He was originally the natural enemy of the pupil clan that you created to deal with the moon pupil!"

Luanyu blinked and smiled again. "Don't you feel like you're digging your own grave?"

Tian si sneered as well, "back then, you were afraid that you would not be able to control the moon eye that would appear after your strength dropped. That was why you created me. It was just in case you could use me to control the Tong race. But he never

dreamed that he would burn himself playing with fire, shooting himself in the foot, right? Hahaha!"

The ultimate was extremely furious and struggled with all its might. But no matter what, it couldn't break free from the seal's restraints and its struggle was getting weaker and weaker.

Tian Si's eyes were filled with excitement as she exclaimed, "Hahaha, it's useless. You created me to deal with Yue Tong, so I was born to be your nemesis! It's useless to struggle, hahaha! I'll be able to possess him soon, and I'll be a brand new Ultimate, a brand new moon pupil, without any flaws!"

Luanyu laughed leisurely. don't talk nonsense. If you want to take over his body, then hurry up. He is very weak at the moment.

"En!"

Tian si acknowledged and Shi's physical body became sluggish. A human-shaped light rushed into the ultimate's body.

In an instant, Shi's body went limp in front of guixu, but guixu's eyes were wide open, and his face was twisted in pain. Large beads of cold sweat poured down his face.

Luanyu's gaze became somewhat erratic. After staring at him for a while, she said,"How is it?"

The ultimate shuddered and Tian Si's voice came, " it's a little troublesome, but it's still within my expectations. I'll only be able to obtain the ultimate's power and inherit this body after I completely devour this stubborn consciousness.

Luanyu nodded and said,"alright, then you can take your time in the possession. I'll go to the Dragon Transformation pond first."

Tian Si's expression changed,"you can't leave!" You have to stay here and protect me, or Yunxiao and the others will come and kill me. "

Seeing that luanyu's expression was somewhat displeased, Tian si hurriedly said,"Look, that Dragon isn't even that fast."

Luanyu looked at the chaos chicken. As the spiritual energy of heaven and earth poured in crazily, the shape of a Dragon seemed to appear faintly, but it was still a little short.

"Hehe, as long as I succeed in the possession, I will definitely reward you handsomely," Tian si laughed sinisterly.

Luanyu said indifferently, "let's forget about the benefits. After all, you're not a good person. It's hard for me to trust you. It's just that we have a common enemy, so we'll have to make use of each other when the time comes."

"Hehe, Your Excellency has a thorough view."

Tian si chuckled. Suddenly, his face froze for a moment before his expression changed drastically, and his eyes bulged out like those of a dead fish.

"Bitch! You're not dead yet? Bitch!"

Tian Si's face was suddenly filled with fear as he roared and cursed. His calm expression became complicated again, and his face kept twitching.

He still had the same face, but he suddenly became calm. However, his eyes were full of pain, and his temperament had completely changed.

Luanyu's expression changed greatly. He immediately became alert and shouted, "Who are you?"

Yunxiao's face changed drastically as well, and he almost lost his mind. "Keyue?"

The woman's face, temperament, and demeanor were ning keyue's. Beads of sweat rolled down her forehead as she said in a trembling voice, "Li Yunxiao!"

Luanyu's face was gloomy as he said in a cold voice, "what's wrong? that trash tiansi actually failed in his possession? "

"Bastard!"

Ning keyue's face suddenly turned ferocious and she shouted, "How could I have failed to take over her body? she's just a cheap woman! I'll kill her in minutes!"

As soon as he finished speaking, his face changed and became gentle, but his face was full of pain and struggle.

go! Yunxiao shouted, "keyue, do your best! I can't lose to him!"

Ning keyue nodded, but her face was already drenched in sweat. She was having a hard time.

The originally delicate and pretty face changed as the two of them continued to fight. Sometimes it was gentle, sometimes it was ferocious, sometimes it was painful, and sometimes it was furious.

Suddenly, ning keyue raised her right hand. A golden light flashed in her palm, and a small golden sword appeared. She stabbed it toward her heart!

Yunxiao sucked in a cold breath and roared, "Keyue, don't!"

The small sword suddenly stopped several inches away from his heart. His face became ferocious as he said in a cold voice, "You want to commit suicide and kill me? You're too naive, do you think I'll let you do that?"

"This body is mine, I will decide my own life and death!"

"Woof! Bitch! Now that I've occupied it, it's mine. If you want to die, you can just die on your own!"

The hand that was holding the sword slowly left the heart area.

But ning keyue clenched her left hand and pushed it toward her heart. The tip of the sword slowly pierced her skin and blood oozed out.

Tian Si's face was filled with extreme fear as he roared, "Bitch! Idiot! Stop it, you and I will both die!"

Luanyu watched from the side with interest and chuckled, "tiansi, what are you saying? she wants to take you down with her. Can't you tell?"

Tian Si's face contorted as beads of cold sweat trickled down his face. He pleaded, "Lord Yuri, please help me! Help me kill that bitch!"

Luanyu sneered and said, "you guys are in the possession battle, how can an outsider like me help?" Solve your own problems."

Tian Si's face was filled with rage as he cursed, "Luanyu, you vile person, you actually left me in the lurch! Don't tell me you don't want me to fight six-winged with you?"

Luanyu's expression suddenly changed. He stared at him coldly and said in a cold voice, "You can't even deal with a woman, and you want to deal with six-winged with me? It's a disgrace for me to work with you. Besides, I finally understand that this body was originally this little girl's. You're actually shameless enough to snatch a woman's body. Tsk tsk, when you're in the netherworld, don't tell anyone that you know me. I can't afford to lose face like this."

Tian Si's expression changed drastically, and he exclaimed in shock, "the Queen of the netherworld? What do you mean by that?"

Luanyu's face sank as he shouted, "it means" Suan ni "!"

Yunxiao was startled. He jumped off the warship and rushed over. keyue, be careful of luanyu!

Ning keyue raised her head and looked at Yunxiao with a smile. Two lines of tears fell from her eyes, as if she had been freed.

The Luan feather suddenly moved, its speed far faster than Yunxiao's. It suddenly punched ning keyue's body with a Dragon Fist, blasting her chest open with a bang and turning her into a bloody mess.

"I mean, go to hell!"

His huge and cold dragon eyes stared at ning keyue's deformed face. He seemed to be able to see two souls occupying her body.

"Damn it! Luanyu, you won't have a good death!" Tian si howled.

Luanyu laughed and said,"you speak as if you'll get a good death." Speaking of which, shouldn't you be thanking me for dying so quickly? I originally had high hopes for you, but I didn't expect you to be so useless. You can't even defeat a woman. How disappointing."

Tian Si's face turned dull, as if it was full of unwillingness and anger, but then it became gentle and was replaced by ning keyue.

"Keyue!"

Yunxiao cried out miserably, his eyes bloodshot.

Li Yunxiao, don't come over!

Ning keyue spat out a few mouthfuls of blood, but her expression was full of relief and happiness. She said gently, " "This ending is what I want. Don't stop me."

Luanyu grunted and stared vigilantly at Yunxiao. Then, he pulled out his Dragon Fist. The moment he pulled it out, Dragon Qi exploded on the fist force, shattering ning keyue's internal organs. There was no way to save her.

"Pfft!"

Ning keyue spat out another mouthful of blood. Her body was like a broken kite, flying away from the ruling plume.

“Keyue!”

Yunxiao roared, rushed over, and held ning keyue in his arms. The huge wound on her chest and the blood all over her body showed that ning keyue was not going to survive.

“Hold on! You must hold on!”

Yunxiao’s brain had completely lost the ability to think. He did not know what to do, so he desperately transformed the little bit of energy he had just recovered into Ziyi wood Qi and poured it into ning keyue’s body.

In fact, everyone knew that ning keyue could not live anymore.

li Yunxiao, don’t waste your energy. It’s my own choice. I like this ending.

Ning keyue kept coughing out blood, and her eyes began to lose focus. In a trance, she seemed to see the figure that was lingering in her dreams. I’m finally free, big brother Murong. We can finally be together.

Yunxiao was so sorrowful that he burst into tears. His robe had been stained with ning keyue’s blood.

Luanyu looked on coldly and snorted. what a touching and moving scene. However, I don’t have time to play with you.

He looked at the chaos chicken and saw that the Dragon Qi in it was beginning to materialize. A clear Dragon shape was gradually forming.

“Hahaha, the heavenly fortune is finally on my side!”

He raised his foot and walked down.

The expressions of Xuanyuan Yao, lanyan master, and the others all changed drastically, and they rushed over without a care.

“Ant!”

“Dragon Fist-infinite light!”

Luanyu snorted coldly and raised his hand in mockery. He punched out, and under the bright light, Xuanyuan Yao and the Misty Rock Lord were once again sent flying, spewing out blood.

“Yuan ‘er, kill as many of these scums as you can!”

Luanyu gave the order and walked towards the Dragon Transformation pool without looking back.

“Yes!”

yes, ” Yuan replied. His face turned cold and murderous. With a casual grab, a battle spear appeared in his hand, and he shot it out like a rainbow piercing through the sun.

But the person who was stabbed was Tao Wu.

Luanyu’s body suddenly turned sluggish. He turned around and smacked out a palm!

“Bang!”

Yuan seemed to have been prepared for the palm force. The moment the spear was hit, his body suddenly split apart, turning into countless afterimages that attacked from all directions.

“Unfilial son! What do you want to do?”

In his rage, luanyu punched out several times and destroyed the large number of afterimages. However, he suddenly felt a pain in his waist as an extremely cold aura pierced in!

The spear had chosen a place that the Dragon scales could not cover when he transformed into a human.

Yuan’s expression was ice-cold as he pierced luanyu’s waist with the spear in his hand!

Red Dragon blood flowed out of the spear.

Everyone was dumbfounded by the sudden change, except Yunxiao, who was still holding ning keyue’s body and crying in pain, unmoved.

The series of unforeseen events had made everyone somewhat numb.

Luanyu’s face was terrifyingly gloomy as he said in a cold voice, ” “Why?”

“Why?”

Yuan suddenly sneered, and his laughter was extremely cold. “You can even eat your own sons one by one as tonics, and you’re asking me why?”

Luanyu was furious and cursed, “they’re all unfilial sons who want me dead!” Out of All My Children, I admired you the most, but I didn’t expect you to betray me!”

He was very emotional, and as he struggled, the wound expanded, and blood trickled out.

“Betray? Hahaha.”

Yuan laughed wildly and stared at Yuri in a mocking manner. “You really think I’m an idiot? Do you really think I don’t know that you’ve been trying to refine us from the beginning to replenish your dragon essence, resist the five decays of heaven and man, and return to the realm of regional King? Do you really think I’ve always been under your command? Among your nine sons, all of your brothers think that I’m the stupidest. But the truth? Who was the one who lived to the end? Hahaha, who’s the one who sent you off?”

Luanyu was stunned, and the heavenly martial League members stood there as well. They only felt that the relationship between these true dragons was really complicated, and their schemes were frightening.

Yuan sneered, “the last laugh is the victory!” It’s a pity that my stupid brothers won’t be able to see it!”

His battle spear once again pushed forward, and with a “whoosh,” it pierced through Luan Yu’s waist, creating a large bloody hole.

After that, Yuan struck out with his palm and pushed towards Yuri. He then took advantage of the situation and flew back into the dragon Transformation pool. His eyes were filled with excitement. the one who will seize the fate energy and become the new generation of true dragons should be me, who has both wisdom and strength!

Everyone was shocked as they watched him rush into the chaos chicken, but they were helpless.

All of a sudden, Yuan, who had just entered the chaos, seemed to have suffered a great impact. He was suddenly jolted out and spat out a mouthful of blood. The Dragon scales all over his body shattered with a “ crash ” sound.

“What? What was going on? How could this be?”

Yuan looked at the chaos chicken and the true dragon that was about to take form. He was shocked and at a loss.

A cold voice sounded behind him. because you’ll always be a supporting role in this era!

“Bang!”

Yuan was injured and shocked. He was not careful, and luanyu’s sneak attack from behind pierced through his chest.

“Pfft!”

Yuan spat out another mouthful of blood. His face was filled with unwillingness and anger as he roared, “Why? Why can’t I Enter the Dragon Transformation pond?”

His body was also dyed red with blood. Although half of his ruling plume was also bleeding, it was obviously not life-threatening. On the other hand, Yuan’s internal organs had been shattered when the ruling plume had pierced through his chest, and a large amount of his vitality had been lost.

Luanyu sneered, “if true dragons were so easy to obtain, how many true dragons would have died in the past?”

Yuan was stunned for a moment, then he suddenly understood.

The birth of a true dragon would cause an extremely strong heavenly phenomenon. If it were not for the protection of a super strong barrier, every generation of true dragons would probably be devoured by people.

After thinking it through, Yuan’s face was filled with despair, and his expression turned ashen.

Luanyu laughed and said, “although you’ve stabbed me once, I can’t help but admire you for playing the fool for so long.” If that’s the case, you’re really the smartest one among my nine sons. If I use you to nourish myself, I’m sure the effect will be better than the other brothers.”

A Dragon’s Roar resounded, and the ruling plume immediately transformed into a true Dragon’s body, fiercely biting down on Yuan. The sound of chewing bones came from the huge dragon’s mouth, which made people’s hair stand on end and shudder.

After the Luan Yu ate Yuan, it turned its huge head and coldly looked back at everyone before rushing into the dragon Transformation pool.

At the same time, obscure dragon language came out of his mouth. Every time he chanted, a corresponding Dragon talisman would appear above the chaos.

Then, when his body touched the chaos, everyone’s hearts skipped a beat. However, instead of the abyss, he slowly merged into it.

All of a sudden, the huge dragon body seemed to be hindered and stopped.

At the end, Yunxiao’s eyes were red and his face was filled with cold killing intent. He was dragging his huge tail with all his might, not letting him in!

Luanyu roared and swung his Dragon Tail violently, leaving countless afterimages behind, but he could not send Yunxiao flying.

The rest of the heavenly martial League members were also shocked and rushed to help.

Those who were still able to fight, regardless of their strength, all attacked together.

Yuri's huge dragon eyes shot out an ice-cold look, and at the same time, a trace of fear appeared. It seemed that he was unwilling to fight head-on with these people. He suddenly bent down and rushed madly through the primal Chaos.

Caught off guard, Yunxiao was caught by the huge tail and rushed into it!

"Ah? Alliance master!"

Everyone's attacks missed in an instant, and they all looked at the chaos in shock. They saw Yunxiao still holding Luan Yu's tail and shuttling back and forth in it.

"Big brother Yunxiao!"

Xiao Hong forced herself up and flew over as well. She looked anxiously at the scene in the Dragon Transformation pool, but there was nothing she could do.

Duanmu Youyu and the rest attacked the defensive barrier with all their might, but it was no different from scratching an itch through a shoe. There was no effect.

give up," Xuanyuan Yao said in a deep voice. this enchantment formed by heaven and earth can't be broken by human strength. Even Yuanlong was seriously injured by one shock, which shows how powerful he is."

"Lord Xuanyuan, what should we do then?" feini asked anxiously.

Xuanyuan Yao shook his head and sighed. we can't do anything about it. It's up to Yunxiao now.

"But Yingluo"

"But how can my husband have the strength to stop Zhiyu now!" Feini stomped her feet in anxiety.

Xuanyuan Yao's face was full of bitterness as well. He shook his head and said, "It all depends on fate. At this moment, we have no other choice. We can only sit and wait."

Duanmu Youyu said, 'everyone, calm down and recover your strength. After I transform into a Dragon, the barrier will open, and there might be a fierce battle!'"

yes! Xuanyuan Yao nodded. that's the only plan we have now.

The rest of the people looked dejected. They knew that there was no other way, but they were unwilling to give up.

Especially feini and Xiao Hong, who kept staring at the chaos chicken and refused to sit down to regulate their breathing.

Xuanyuan Yao and the others had no choice but to try their best to recuperate.

After luanyu brought Yunxiao into the dragon Transformation pool, he felt an astonishing amount of spirit energy drilling into his body, and it was difficult for him not to absorb it.

In front of him, an incomparably magnificent and huge Dragon shape was slowly condensing from snowflake-shaped crystals. It was magnificent and beautiful. At a glance, it was a work of art that made one yearn for it.

Even at this moment, Yunxiao could not help but be taken aback, attracted by her beauty.

On the contrary, luanyu seemed to have seen it before and didn't care.

When the huge Dragon's Eye saw the Dragon's shape, it flicked its tail again. This time, Yunxiao did not grab it tightly, but was knocked away.

Luanyu, on the other hand, took human form. After giving the true dragon a glance, he turned and stared coldly at Yunxiao.

Yunxiao also retracted his gaze and stared at luanyu with an even colder look. The killing intent in his eyes was so intense that it was enough to kill luanyu a thousand times.

Even though luanyu's cultivation base was a little higher than Yunxiao's, he could not help but gasp at this moment.

it's impossible to protect this true dragon, " he said coldly. I only need to strike casually to destroy the entire consolidating process. At that time, this Dragon will directly turn into a Dragon Crystal. It'll be a complete failure!

Chapter 2366: Chapter 2366-wheel of fate

549690339

are you trying to save your life by saying this? " Yunxiao asked coldly.

“Save your life? Haha, is there something wrong with your brain?”

Luanyu laughed out of anger, “can’t you tell who’s stronger and who’s weaker now?” I’m just telling you, you’d better behave yourself. Otherwise, if I destroy this dragon vein now, it won’t have the slightest possibility of forming.”

as you wish, ” Yunxiao said coldly.

“Eh? What?”

Luanyu was stunned for a moment, thinking that she had heard wrongly.

Yunxiao was in great grief over ning keyue’s death, so he did not care about that. He sneered and said, ” “Didn’t you want to destroy this dragon vein? If you’re not coming, then let me!”

He took a deep breath, and the spirit liquid rushed into his body like crazy. It could be described as a head-imbuing.

Then, with a grab of his right hand, purple lightning gathered in his hand and turned into a spear, which he threw down!

“Ah?”

Luanyu was stunned, completely unable to react. Didn’t the other party want to protect the Dragon vein? Why was he destroying it now?

Caught off guard, the purple lightning turned into a spear and stabbed into the dragon vein!

The spear emitted a blinding light on the Dragon’s body, and countless cracks began to appear with the purple lightning at the center, spreading to the surroundings of the Dragon.

“This Tao Wu!”

Not only was luanyu stunned, but even feini and the others, who were not the chaos chicken, were also shocked and confused.

is it possible that the death of that woman just now has greatly stimulated big brother Yunxiao? ” Xiao Hong asked in a daze. that’s why he’s so extreme in his actions? ”

Feini’s brows were also tightly knitted, not knowing what Yunxiao was thinking.

Under the shocked gazes of Luanyu and everyone else, the vast and majestic dragon body was finally covered in cracks. With the continuous pouring of spiritual liquid, it finally exploded!

“Boom boom boom!”

A terrifying force spread out in all directions. The true dragon that failed to form was directly turned into countless Dragon crystals and scattered in all directions.

Luanyu’s mouth fell open, but he understood Yunxiao’s thoughts in just a moment.

Yunxiao performed an incantation gesture with both hands, and a circle of golden light appeared around him. Then, the broken Dragon crystals flew toward him. Under the cultivation technique of one Qi of creation, they turned into a terrifying Dragon Qi and were absorbed into his body!

“Dammit! You want to ruin my great plan!”

Luanyu roared angrily, not even bothering to kill Yunxiao. The Dragon crystals and luck that filled the sky were his primary goal. He immediately transformed into a huge true dragon and began to devour the Dragon crystals and spiritual Qi.

In the Dragon Transformation pool, two opposing vortexes quickly formed. Countless Dragon crystals mixed in with the spiritual liquid rushed into the two vortexes.

Yunxiao and Luanyu were both fighting for this great luck!

A light bulb went off in Fei Ni’s head and she immediately understood. She clenched her fist nervously and said, “I understand my husband’s meaning! After Luanyu entered the Dragon Transformation pool, the destruction of the Dragon veins had become unstoppable. After all, her husband’s aura was extremely weak at the moment. Since that was the case, he might as well take the initiative and destroy the Dragon vein on his own to fight for the true Dragon’s Luck! If that’s the case, we still have a chance of winning!”

Only then did Xiao Hong come to a realization and said in a daze, “The Dragon vein is broken, but why hasn’t the seal on the chaos chicken been broken? If we can break this restriction, we’ll go down and cause trouble. Even if we can’t kill Luanyu, we’ll at least give him more trouble so that he can’t compete with big brother Yunxiao for the luck.”

Feini was also puzzled. The two of them attacked again. Several attacks landed on the chaos chicken, but they were all blocked by a ball of light. Instead, they were shot back and were almost injured by themselves.

Fei Ni shook her head. It might take some time for it to disappear. Let’s recover some energy first. It’ll be easier to kill Luanyu later.

Xiao Hong nodded. The two of them sat cross-legged outside the chaos chicken and observed the situation inside while they tried their best to recuperate.

Xuanyuan Yao and the others also saw the scene in the Dragon Transformation pool and heard the conversation between feini and Xiao Hong. They thought about it and closed their eyes, completely immersed in their recovery.

In the Dragon Transformation pool, the two vortexes were locked in a stalemate, and all the resources inside were being snatched by the two of them.

Yunxiao's exhausted physical strength was filled up in an instant, and the Dragon Qi mixed with the spirit liquid washed his body and meridians.

This feeling of being forcefully injected by a vast power was something he had only experienced in the Buddha corridor of the demon world when he was fighting with mo Linyu.

However, the difference was that he had taken the initiative to snatch the power of the Outworld dark stone. Now, even if you stood still, the powerful and magnificent power would pour into your body automatically.

Yunxiao's body soon turned golden, and it seemed to have expanded a lot.

Because his physical state was lower than his cultivation, the first thing he felt was that his physical body couldn't bear it anymore. It was almost torn apart by the huge Dragon Breath.

However, after the feeling of expansion continued for a while, he began to get used to it. He felt that his body was continuously becoming tougher under the cleansing.

Yunxiao did not feel much when he felt his physical body breaking through to the Dharmakaya realm. Instead, his heart felt even heavier.

Spirit Qi and Dragon Breath filled the surroundings, but Yunxiao could still clearly sense that luanyu's strength was improving rapidly.

After all, this was the Dragon Transformation pool, and he was once a true dragon. His ability to absorb Dragon crystals was stronger than anyone else's.

Yunxiao's heart skipped a beat, and he could not care less. After his physical body was completely transformed into a Dharmakaya, he was ready to break through to the realm of regional King!

Time was the only thing that mattered now. In this battle for fate, whoever could reach the regional King realm first would win.

Time slowly passed.

All of a sudden, Yunxiao's heart trembled as he sensed a huge force slowly condensing in front of him.

Luan Yu's body began to undergo significant changes. The Dragon scales on his body actually began to fade away, and new skin and scales appeared!

During the process, a strong sense of oppression spread out of the vortex, making Yunxiao feel extremely uncomfortable.

Even Feini and the others who were outside the chaos chicken noticed the change in the Yuri. They also understood that this was a sign of him breaking through to the world monarch realm and regaining his true dragon form!

"Are we going to lose?"

Yunxiao's heart grew anxious. With Luanyu's current speed, once he broke through to the realm of regional King, he would definitely make the first move. At that time, no one here would be his match!

The true dragon was the leader of all living beings, and it was difficult to find a match for him in the same realm. Even the sinkhole was no match for him in the world King realm.

In a hurry, Yunxiao began to gather his strength and try to break through to the realm of World King!

The power he had absorbed from the Outworld dark stone in the demonic realm had made him far stronger than ordinary demon Venerables. Now that he had absorbed the power of the true dragon, at least half of the vast Dragon's might had been absorbed by him. Although there was a slim chance of him breaking through to the realm of regional King, it was not a joke.

Luanyu seemed to have sensed something as well. Her dragon eyes widened as she stared at Yunxiao, and the corners of her mouth curved into a mocking smile as she said with a cold smile, "Haha, it's really stupid to try to break through to the realm King! Even if you have accumulated enough, it's impossible for you to reach the realm of World King in such a short time. Otherwise, there would be so many world Kings in this world."

Xuanyuan Yao had stopped at half-step World King realm because he had failed to break through to World King realm. Looking at Yunxiao's current state, he could not help but shake his head with a worried look.

"This Lord has returned to the earth, and the time to rule over all things has come again!"

The changes on Luanyu's body quickly stopped, and an astonishing dragon roar pierced through the void. Dragon Fist: infinite light!

Yunxiao's face flickered as he suddenly saw a bright light in front of his eyes. The qi and blood in his body trembled violently, and all the strength he had used to break through the barrier suddenly dissipated under the might!

has the mayfly finally failed?!

Yunxiao felt bitter in his heart. With that power gone, it was impossible for him to break through to the realm King realm in a short time. The Dragon Fist that was flying toward him was unprecedentedly powerful. Its aura alone was enough to make his Dharmakaya body feel uncomfortable.

Knowing that he could not avoid the punch, Yunxiao put his hands together and threw out a punch as well!

"Boom boom boom!"

As the two fists met, a terrifying power surged out and the surrounding Dragon crystals that had not been absorbed were all turned into dust.

Yunxiao was hit by a strong impact. He grunted and retreated, one of his arms completely numb!

The current Luanyu was undoubtedly the most powerful existence he had ever faced.

Although the sinkhole was strong, its illusionary techniques were even more terrifying. Back then, Yuan had just stepped into the Holy Demon Realm and her realm was unstable. She wasn't even as skilled as Luanyu in controlling her cultivation and dragon body.

"My husband!"

Feini was even more anxious. She and Xiao Hong attacked the chaos chicken's barrier with all their might, but they were still unable to find any flaws.

Luanyu threw out a punch and instantly felt refreshed. He couldn't help but laugh wildly. hahaha, I've finally returned to the world King realm! The heavens do not let down the determined. After so many years of hard work and hiding guts, I've finally received a result!"

He was so excited that tears came out of his eyes."As long as you're willing to work hard, nothing is impossible in this world! Don't forget your original heart, only then can you succeed!"

Yunxiao,'hehe'.

When everyone heard this chicken soup, they felt nauseated, as if they had been poisoned.

Looking at Yunxiao's pale face, Luanyu was in an unusually happy mood. hahaha, the heavenly Dao has chosen me in the end! What heavenly martial Union Master, what divine realm tablet master, in the end, they were just obstacles set up to let me return to my peak! If I kill you today, all the unhappiness I felt before will be worth it!"

Yunxiao was also confused. Looking at Luanyu's approaching figure, he felt a little dazed.'Is this really the choice of the heavenly Dao? Then what's the point of everything I've done before?"

there's no point in struggling. Die!

Luanyu's figure flickered, and he appeared next to Yunxiao as if he had teleported, then suddenly threw a punch at him!

The entire Primal Chaos chicken dimension trembled under the might of that punch and was on the verge of collapse!

"Fate has never been decided by people. So what if it's the choice of the heavenly Dao? You can't replace my choice!"

Yunxiao roared, and his eyes turned red. The past flashed before his eyes one after another. The faces of his old friends who had fallen over the years seemed to be looking at him!

Chapter 2367: Chapter 2367-difficult to defy heaven's will

549690339

"Your own choice? Hehe, now that things have come to this, you can only comfort yourself in this way. Do you think you can die without regrets by lying to yourself?"

Luanyu laughed coldly. That Dragon Fist was like a sun, illuminating the surrounding space with unusual brightness.

Yunxiao's figure also turned transparent under the light, making him look unreal.

"BOOM!"

The Dragon Fist suddenly exploded, and under the impact of the blast, all the spirit liquid boiled, and Yunxiao was immediately sent flying thousands of feet away.

haha, this is really satisfying. Die!

Luanyu laughed wildly and rushed forward, not giving Yunxiao any chance. He transformed into a half-demon and swept his Dragon Tail at Yunxiao.

“Are you satisfied? Then enjoy it!”

Although Yunxiao’s arms were numb from the shock, he had already come back to his senses. In an instant, whoever master the float appeared in his hand and he slashed at the dragon tail!

Luanyu suddenly felt an inexplicable chill and hurriedly retracted her tail. She said in horror, “ what kind of sword is this?!”

“The sword that will kill you!”

When Yunxiao’s sword missed its target, he teleported to luanyu’s side and hacked down!

Luanyu’s expression changed greatly. The might of the sword actually gave him a sense of danger. He immediately summoned the true dragon Sword in his hands and blocked in front of him!

“Bang!”

As the three swords clashed, a terrifying golden light burst forth.

The two true dragon Swords actually let out a shrill sound under the suppression of the master of floating.

The Dragon scales on luanyu’s body also produced clanging sounds. Under the suppression of the thousands of sword Qi, dragon light was constantly being emitted.

“Tsk! World King realm? However, it’s nothing!”

Yunxiao grinned hideously as he thrust the sword in his hand down!

“Bang!”

Luan Yu actually couldn’t withstand the sword power and was directly sent flying several hundred Zhang away. Only then did his true dragon body stabilize, his face filled with shock.

even if I’m still in the creation realm, ” Yunxiao said coldly, ” I can still kill you. The so-called heavenly Dao’s choice was originally a one-sided fantasy. Now that you’ve done it, it’s time to return to the cold reality!”

Luanyu's face was filled with horror as his eyes fell on the sword in Yunxiao's hand. Strange sword runes and runes swirled and flickered on it, and he could not tell the origin of the sword with his eyesight!

Yunxiao regained his composure, but he was not at ease.

Although he had failed to break through to the realm of regional King, his cultivation had improved a lot. It was only then that he realized that he could form a sword shape at will. Although each attack consumed a lot of physical energy, he could at least compete with Luanyu.

What made him slightly relieved was that the Dragon Qi and spirit liquid here were frighteningly strong, and they were also very beneficial for him to replenish his energy.

"Hmph, do you think you can defy the heavens just because you got a sword from somewhere? I'm afraid that each attack will consume half of your spiritual energy. How many attacks can you execute with this sword?"

Luanyu laughed coldly. Although he could not tell the origin of the sword, he could tell that it would not be easy for Yunxiao to use it.

"Do you care how many times I can use it? Take care of yourself first."

As soon as Yunxiao's sword momentum rose, a sword realm immediately emerged around him, which became unusually sharp and bright.

Luanyu's expression changed slightly, and he said in a cold voice, "you don't know your place!" I will send you to the West within three moves!"

By his estimation, Yunxiao could only use the power of a World King three times at most. In addition, she had just resisted one of his attacks, which meant that she could only use it two more times at most. That was why she had boasted about three moves.

A brand new Dragon Realm appeared beside him. It did not expand much, only a hundred feet in size.

Then, he formed a seal with his hands and shouted, "Dragon sigil seal, law as one! Die!"

A huge Dragon rune condensed in front of him, and all the Dragon Breath was poured into it. The rune contained extremely strong rule power, which constantly destroyed the surrounding space.

"BOOM!"

Yunxiao took the initiative to attack. With one sword strike, he almost split the entire dragonize pool and ruthlessly struck the Dragon talisman seal!

An extremely powerful light instantly exploded, shooting up into the sky!

The sound of the vibration continued for a long time. Everyone except the chaos chicken seemed to have their vision taken away and could not see what was happening inside.

Feini and the rest were so nervous that their palms were covered in cold sweat.

Luanyu and Yunxiao both had unsightly looks on their faces as they suffered the impact and shock of the aftermath at the same time. The Dragon scales on Luan Yu's body all became bright, displaying his defense to the extreme.

As for Yunxiao, a layer of illusory light appeared on his surface, but it could not withstand the power. He was struck by a sharp pain in his internal organs, and he spat out a mouthful of blood.

The body of a true dragon was the most powerful physical body in the world!

"Haha, I was right! You'll die within three moves! Take my second move!"

After the luanyu's attack, his confidence increased. His right hand suddenly grabbed, and a large dragon light instantly lit up. The light formed by the dragon's breath was like the sun and the moon, circling around his fist.

For a million years, he had always been beaten into hiding, enduring hardships to taste courage, and finally had today's glory.

After a million years, he had returned to his peak state and boundless power.

This time, it was as if he had returned to the past and reincarnated into the true dragon that ruled the world and made all living beings submit to him!

"Dragon Fist-infinite light!"

The punch shattered the heavens and earth. The entire Dragon Transformation pool condensed into a vortex, madly rushing towards the fist, breaking through layers of obstacles, and suddenly rumbling over!

Yunxiao's face flickered. He grabbed the floating sword with both hands and placed it upside down in front of him as he shouted, "Sword World!"

With a clang, the thirty-six Northern heaven cold star swords on his body sensed it and broke out of his body one after another. They formed a barrier around him and resonated with the floating master.

The huge sword lights connected with each other in the surroundings and resonated with each other.

“BOOM!”

The fist force of the Dragon Fist suddenly struck over and directly shook into the sword World. The 36 Northern heavens cold star swords were instantly shattered and turned into dust!

In the end, the powerful Dragon Force still struck the master bobble, causing the entire sword to buzz and tremble.

Yunxiao felt half of his body go numb, and finally, he coughed up a mouthful of blood. The infinite light of the Dragon Fist poured into his body crazily, tearing his avatar apart and breaking his meridians!

“Pfft!”

After being sent flying thousands of feet away, Yunxiao coughed up several mouthfuls of blood in a row, and he could barely stand.

The Dragon light was still wreaking havoc in his body, constantly tearing his flesh and shaking it out. Master floating who was holding it tightly in his hands let out a buzzing sound, as if it was extremely agitated!

“Haha, it’s just as I expected!”

Luanyu sneered, the expression on her face completely relaxed, as if she was exceptionally pleased. The more he fought, the more he felt like he was at the peak of his life.

“There’s one more move, and that’s to send you to the West. You’re only the sorrow of this era. No matter how much you force it, you can’t resist the heavenly Dao’s choice!”

Luanyu raised her hand and formed a seal in front of her. Her ten fingers crossed to form the shape of a dragon’s head.

Yunxiao’s pupils constricted. He had seen this move more than once, but it was the first time it was used by a true dragon!

“The sigh of the true dragon?”

Yunxiao raised his head, his face expressionless. Because at this moment, there was nothing to fantasize about. The only thing he could do was to stand up and fight!

“Oh? It seems like you’ve experienced it many times.”

Luanyu laughed and said, “it’s no wonder. The descendants of Dragons are mixed with good and bad. They gave birth to countless species. It was inevitable that some descendants with bloodline spiritual light would be able to comprehend one ten-thousandth of this move. However, no matter what, it was just a counterfeit. Even the one in the eternal world was only an incomplete version. Only when a true dragon in the realm of regional King used it would it be a true divine power. If you can die under this move, you won’t have lived in vain!”

Yunxiao’s eyes were cold. He raised the sword with his right hand and grabbed the Thunder with his left hand, not saying a word.

The surrounding spiritual liquid turned into vortexes. Not only did they flow into his body, but they also rapidly repaired his damaged body and gathered in his left and right hands.

Originally, he wanted to retort, but the reality in front of him was that he really might die from this move of Luanyu.

The words were about to come out of his mouth, but he swallowed them down. He only silently used his moves and tried his best to resist the huge wheel of fate.

His left hand formed an incantation gesture, and thousands of lightning bolts flashed out, turning into terrifying balls of lightning that circled around him.

He pointed the sword in his right hand to the sky, and thousands of sword wills spread out, as dazzling as the daytime.

Under Yunxiao’s brewing, the two forces kept rising and soon formed two vortexes, each of which formed a world.

Luanyu’s expression changed slightly. “puny ant,” he said in a cold voice. “you’re just a tragedy of being crushed by the wheel of the heavenly Dao. I’ll send you to the West now!”

As soon as the Dragon Seal appeared, the true Dragon’s body appeared behind him. Its eyes opened wide and looked down from the void!

The Dragon form and Luanyu’s hand seals almost became one. A terrifying power formed a green vortex in his hands, causing the entire Dragon Transformation pool to spin.

“Die! The sigh of the true dragon!”

A terrifying dragon’s breath burst out with a loud bang, as if the world had exploded. The Dragon Transformation pool fell into chaos.

Yunxiao raised his hand and faced the power that was as strong as a landslide with indifference.

thousand lightning tribulation!

“Sword shatters demons!”

The two forces exploded. One was a sea of lightning, and the other was a sword prison. They instantly collided with the sigh of the true dragon!

“Boom boom boom!”

With a loud boom, heaven and earth fell into chaos. A terrifying force exploded and shattered the enchantment of the Dragon Transformation pool.

Feini and the others who were watching the battle from the outside could not Dodge in time and were also hit by the aftershock. They were sent flying.

Yunxiao and luanyu were caught in the center of the terrifying power, and both of them looked horrified.

The scales on luanyu’s body were torn apart by the vortex, and large amounts of dragon blood spurted out. His entire body was badly damaged.

The sword Qi and the power of lightning rushed into his body and tore his body apart. His internal organs were all ruptured, and he spat out a large amount of blood.

But, Yunxiao was in an even worse state. The sigh of the true dragon pierced through his two attacks and smashed into his body, shattering the illusionary light in an instant.

Although the divine realm tablet was activated to protect his body in a hurry and blocked the attack for him, all his bones and bones were still broken. Blood gushed out of his body and he flew backward.

In a daze, he only felt his consciousness getting weaker and weaker, as if he was slowly walking towards death.

Chapter 2368: Chapter 2367-Double Dragon’s Den

549690339

“In the end, it’s still difficult to go against the will of the heavens. Could it be that these two lives had come so far just to help Zhiyu? Perhaps he’s the real king of the realm, the main character of this era?”

All kinds of consciousnesses emerged in Yunxiao’s mind. At that moment, he did not feel pain or sadness, but a little relaxed.

It was as if everything that happened in the future had nothing to do with him.

He laughed at himself. the heavenly Dao is really unpredictable. Everything is like an ant. No matter how strong you are, what’s the use? ”

He slowly closed his eyes, as if he had let go of all his worries, and was willing to wait for death.

In both his lives, he had never felt such despair. However, at this moment, his heart was calm and he didn’t have any thoughts.

Suddenly, a golden light appeared beside him. It was Xiao Hong, who was driving the battlefield of the ancient gods through the aftershock and saved Yunxiao on the warship. big brother Yunxiao, pull yourself together!

At this moment, the enchantment barrier of the Dragon Transformation pool had been broken, and the shockwaves from the attack had gradually weakened after a while. However, it was still not something that the heavily injured Xiao Hong could easily withstand.

Xiao Hong grabbed Yunxiao and flew back tens of thousands of feet before leaving the core area of the tremor.

run! Xuanyuan Yao suddenly shouted, ” take the Alliance master and leave!

He had just stabilized his injuries, but he could not care less. At this moment, the most important thing in his eyes was to save Yunxiao’s life!

So, he made a decision in an instant. Even if he had to sacrifice himself, he had to save Yunxiao.

“My Lord, I’ll go with you!” The Misty Rock Master said in a deep voice. Then, she stood beside Xuanyuan Yao and decided to sacrifice herself.

Xuanyuan Yao seemed to want to object, but the aura of the ruling plume was quickly transmitted from the front, making him feel a little troubled. He could only nod and say, ” “Good! You stay behind, the rest of you leave quickly!”

“Leave? You’re too naive!”

Luan Yu's wild laughter rang out. Following that, a Dragon domain opened up, suppressing the entire heaven and earth in all directions. Everyone felt a huge pressure and felt their chests tighten as their blood and Qi surged.

Under this pressure, everyone's expression became unusually ugly.

Feini suddenly laughed. don't be afraid, everyone. It's just death. It's nothing. Even if we can't kill him, we can at least give him a hard time. It's better than waiting to be captured and dying a useless death."

The rest of the people nodded one after another, their eyes coldly staring ahead, as if they were planning to fight to the death.

Hmph, self-destruction. The ignorant are fearless.

After the chaotic surge in front of him dissipated, Yuri's body was gradually revealed.

His entire body was soaked in blood, and a large number of dragon scales had fallen off. Even a horn on his forehead was missing.

It could be seen that he had not had an easy time with the attack just now.

Now that he had once again used the Dragon Realm to trap everyone, he felt a little weak. He coughed a few times, and dragon blood spurted out.

Feini sneered,"as expected, this fellow is also heavily injured." If we rush over together, we'll most likely be able to blow him up!"

"You still want to move under my Dragon Realm?"

Luanyu laughed as he raised his hand. He spread his five fingers, and everyone seemed to be stuck to the space they were in. Their entire bodies were suppressed by an extremely strong force, and they were actually unable to move!

This time, everyone's expression changed drastically. They didn't even have a way to self-destruct.

"Ha, hahaha, that's really painful!"

Luanyu laughed wildly and looked at the crowd with a ferocious expression. Finally, his eyes fell on Yunxiao as he sneered, " "Heavenly martial Alliance's Alliance master, haven't you always been very **? Aren't you very awesome? Get up, get up and fight me!"

Yunxiao was supported by Xiao Hong weakly. He heaved a long sigh and did not even want to speak.

After a while, he said tiredly, "the winner is king and the loser is vilified. You've won. You're the one chosen by the heavenly Dao. I'm convinced of my loss. Is that enough? It's so boring."

He was about to die, so he didn't have the mood to make sarcastic remarks. He just felt a burst of frustration and helplessness. He waved his hand and said, "If you want to kill, then kill. Why are you so long-winded? Do I have to scold you a few times before you'll be happy? Then I'll fulfill your wish, you stupid bird."

"You coward!"

Luanyu's face turned green with anger as he said angrily, "You're indeed a b * tch with a cheap mouth, you deserve to die!"

He raised his foot and walked toward Yunxiao step by step.

Everyone's faces were pale as they looked at Luanyu in a daze, but there was nothing they could do.

Feini and Xiao Hong struggled with all their might, trying to break free from the restraints of the Dragon Realm, but to no avail.

Yunxiao, who had been in an extremely low mood, suddenly raised his head and looked at the spirit liquid rolling down from the ancient shine of smoke and cloud in front of him. "Didn't the true dragon Transformation already fail? Why was the spiritual energy of heaven and earth still gathering here? Is it inertia?"

The crowd was taken aback. They did not have the mood to care about this matter. At this moment, hearing Yunxiao's words, they could not help but look over.

The pillar of spiritual liquid was continuously poured into the dragon Transformation pool. At this moment, the Dragon Transformation pool had been destroyed, and the barrier protecting the embryonic true dragon had also been broken. However, the thick spirit liquid pillar continued to pour in.

Below this space, where the chaos chicken was previously, was now pitch black after suffering from the destructive damage. It was as if it had swallowed all the spiritual liquid and fallen into the endless void.

Luanyu's expression suddenly changed. He stared at the void below and a bad feeling rose in his heart.

Soon after, his gaze turned to the spirit liquid pillar, and his expression became more and more unsightly.

Yunxiao immediately noticed the change in his expression. He suddenly laughed and said, " eh, why has Lord True Dragon's face turned black? is it because of the light? "

"Shut up!"

Luanyu was flustered and roared in anger. He took a few steps to the spiritual liquid and looked down, his eyes filled with gloom.

Logically speaking, regardless of whether the true dragon successfully transformed or failed, the gathering of the spiritual Qi of heaven and earth would immediately end.

Now, even the dragonize pool had been destroyed, but the spiritual energy essence was still being continuously transferred over. It was beyond his understanding.

Yunxiao had only said it casually, but when he saw luanyu's serious look, he could not help but be taken aback and began to ponder.

His eyes turned golden as he looked down.

However, he was completely exhausted. If Xiao Hong and Fei Ni hadn't been using their spiritual energy to suppress his injuries, he would have died on the spot.

Thus, the range of vision was extremely limited, and he could not see clearly.

Suddenly, luanyu let out a loud roar, shaking the entire Dragon field. who is it?! Who's down there, come out!"

The heavenly martial League members were all shocked and looked over in disbelief. Could it be that there was someone hiding under the Dragon Transformation pool?

At this moment, the spiritual liquid column finally became thinner, from the thickness of an arm to the size of a basin, then to the thickness of a bowl, and finally became intermittent like a bead curtain, and finally slowly dried up.

A shocking power gradually emerged from below and was constantly being emitted.

At this time, everyone's heart trembled. Even a fool would know that there was really someone down there!

Luanyu's expression changed drastically, his eyes filled with panic. He gritted his teeth and said, " "The damned heavenly Dao! It's actually the double Dragon's Den of the upper and lower levels!"

"Double dragon's cave?"

Everyone was stunned. Although they didn't quite understand, they could more or less guess from the name.

a true dragon? ” Yunxiao was overjoyed. is there a true dragon down there? ”

He immediately thought of this possibility and suddenly shouted, ” “Lord True dragon, come out and kill! Kill that scum luanyu and save us!”

He had been completely desperate before, so he was also disheartened. Now that they saw the hope of survival again, they were immediately filled with passion and shouted desperately.

you're so annoying! What are you shouting for?!

An extremely impatient voice came from below and scolded, ” I was almost discovered before I could finish my work. F * ck, you're really my nemesis. Fortunately, I rushed over at the last moment, or I would have been killed by you!

An extremely familiar voice came from below. Then, everyone's vision blurred and they seemed to see a figure flashing in the air.

Luanyu's face flickered as he thrust a palm at Yunxiao, sending an extremely sharp true dragon Sword flying at him.

Now that there was such a sudden change, it was hard for him to predict how things would develop.

At this moment, the most important thing was to kill Yunxiao, in case any accidents happened. It would be a real disaster if Yunxiao got away this time!

“Eh? The true dragon Sword?”

Suddenly, a figure appeared in front of Yunxiao, stretched out his hand, and took the sword down. Holding it in his hand with joy, he laughed and said, ” haha, I just came out of seclusion and I've already encountered such a good thing. Is my luck turning? ”

The one who grabbed the true dragon Sword was che you who had disappeared for a long time.

At this moment, the aura around his body was completely different, not the slightest bit inferior to that of the ruling plume. Moreover, he was playing with the formless truth in his hand, looking as if he couldn't bear to let go.

“Chejue, chejue, you, chejue!”

Yunxiao was dumbfounded. you are the old dragon?!

Che you glanced at him and said coldly, "You called me Lord True dragon before, and now you're calling me old dragon. Do you want to die?"

Yunxiao seemed to not hear him. He wiped his tears and said, "It's you, old dragon! I thought you were dead. Sob, I was happy for nothing for a few years."

Che you,"hehe."

Che you exhaled. tsk! Forget it, I won't argue with you. You're always like this. You were beaten to sh * t by luanyu just now, why didn't I see you being so lively?"

Yunxiao pounced on him. I knew you would come out at the critical moment. I love you! he said.

"Get lost!" Che you cursed.

With just one word, Yunxiao was sent flying back.

He then turned around and coldly stared at luanyu. He sneered, "The other sword is also in your hands, right? Since you're already an outdated true dragon, there's no point in keeping the sword, so just give it to me. "

Luanyu's face became incomparably malevolent. Never in his dreams would he have thought that this place would actually be a Double Dragon's Den!

Chapter 2369: Chapter 2368-Yuri's death

549690339

In the countless years of history in the realm of heavenly martial arts, this phenomenon had only happened once.

In the face of the same catastrophe, in order to protect themselves, the realm of heavenly martial arts gave birth to two true dragons at once, which was the only time ever. No one expected it to reappear today!

Luanyu sensed that che you's aura was no weaker than his own, and he was injured after exchanging a few blows with Yunxiao just now. It would be extremely difficult for him to kill the other party.

After thinking it through, he gritted his teeth and said, "since you and I are both chosen by the heavens, the true dragons who uphold justice and protect the realm of heavenly martial arts in this era, we should be each other's angels. We should not kill each other. This is not what the heavenly Dao wants to see.

"F * ck off! Who wants to be your Angel? Get lost! How disgusting!"

Che you directly cursed, "I'm the one chosen by the heavens, not you! One must know one's own limits, you're an idiot, an idiot! Quickly hand over your last true dragon Sword, then kneel down and beg for mercy. I'll think about how to deal with you!"

"You're going too far!"

Luanyu was so angry that his teeth itched, and his entire body trembled. With a loud roar, he rushed over!

A cold light flashed in his hand, it was the last true dragon Sword-boundless calamity!

"Thousand Peaks!"

The violent sword essence pressed down on che you, at the same time, the surrounding Dragon domain shrunk and surged towards che you like a tsunami!

"Good!"

Che you's pupils shrunk, he raised his fist and punched out, "Vajra punch!"

A true dragon of heaven and earth was born from the condensation of endless rules, and its comprehension of power, speed, defense, and attack were all at the Supreme level.

The Vajra fist was the beginning of all fists, containing infinite fist intent!

Che you's attack landed on boundless calamity and boundless fist intent spread out, using a fist intent world to shatter the Dragon Realm!

Luanyu only felt his right arm go numb and was instantly grabbed by che you. The boundless calamity sword was snatched away.

Following which, che you's fist intent shook once more, pushing the ruler's feathers away and forcing him to retreat a few thousand feet.

Luanyu's face immediately turned extremely unsightly.

If he was at his peak just now, he would still have the strength to fight che you, but now that he was injured by Yunxiao's sword Qi and Thunderbolt, his strength had been reduced by seventy to eighty percent, and he was far from being a match for che you.

After che you obtained boundless tribulation, he was overjoyed, his hands formed a seal and four Swords appeared in front of him, forming a row.

The four Swords seemed to respond to each other, letting out friendly sounds, and the frequency gradually fused together.

“Close!”

Che you was overjoyed, he formed a hand seal and sent it into the four Swords. Endless sword will surged in the surroundings and slowly merged together.

Luanyu was even more dumbfounded. Even he had never known of this method of fusing Four Swords, ” you, what kind of will did you inherit? He can actually refine the world sword of the first generation true dragon?”

Che you ignored him, his attention was on the fusion of the four Swords.

As his hand seals changed, dazzling golden light suddenly bloomed from the four Swords, instantly enveloping them.

“Swish!”

When the sword light disappeared in a flash, a long sword could be seen shining like a flowing light. A vast sword essence surged out, and a clear sword sound rushed into the sky.

Yunxiao’s face changed as well. In his surprise and joy, he could clearly feel the master floating in his body issuing a sword sound, as if it was extremely unconvinced.

Luanyu’s heart suddenly fell to the bottom of the valley. He knew that there was no way to reverse the situation. He immediately transformed into a true dragon and broke through this world, escaping into the [misty cloud ancient shine].

Che you’s expression changed, he sneered,”you still want to escape now, is that even possible?.”

His figure moved, and he chased after her.

The world sword followed closely behind and stuck to his feet. Che you was almost riding on the sword and disappeared in a flash.

Yunxiao suddenly thought of something and cried out, ” “Spare his life! I’m going to extract the dragon’s soul!”

His voice reverberated in the sky, who knows if che you heard it.

As soon as the two true dragons left, the space became quiet and quiet. Everyone looked at each other, as if they had just survived a disaster.

After che you’s appearance, the Dragon Transformation pool was truly destroyed. It turned pitch black, and although the spiritual energy was abundant, it was extremely chaotic.

The only ones who were in a slightly better state were Duanmu Youyu, Meng Wu, and Meng Bai.

The three of them helped to heal everyone. Ye Fan had already fainted, Duanmu you Yu released a battleship and took everyone in.

The battleship immediately rushed out of the space and entered the [misty cloud ancient shine].

Che you and luanyu had already started to fight in the distance. The battle was earth-shaking. The terrifying Qi waves spread out layer by layer. Even though they were hundreds of miles away, they could still feel it.

“Are you leaving or staying?” Duanmu Youyu asked.

stay here, ” Yunxiao said. we’ll wait for the result of their battle. Right now, luanyu was already at the end of his road. However, he had already broken through to the world King realm. If he was allowed to escape, there would be endless hidden dangers in the future. I can only be at ease after I see him die with my own eyes.”

Xuanyuan Yao’s expression also changed slightly. When he thought about his battle with Zhiyu and how terrifying his opponent was, he couldn’t help but shake his head. Then, he nodded and said, ” “That’s right. Let’s quickly recover our strength, even though Lord che you has the upper hand, if Yuri tries to escape, it will be extremely troublesome.”

Everyone agreed and began to sit on the Starship, desperately adjusting their breathing.

With the help of Xiao Hong and feini, Yunxiao’s injuries had gradually stabilized.

Although he did not obtain the true dragon’s fate in the Dragon Transformation pool this time, he had obtained great benefits. His physical cultivation had entered the Dharmakaya realm and he had also touched the barrier of the world King realm. The possibility of breaking through to the world King realm within five years was extremely high.

But at the same time, the death of Poseidon and ning keyue worried him. He felt extremely sad, and he didn’t know how to tell the water fairy about this bad news.

Yunxiao sighed inwardly as he got rid of all distracting thoughts and began to meditate on his cultivation.

If he wanted to recover from this injury, it would take him a year and a half unless he had another opportunity in the Dragon Transformation pool or the Buddha corridor.

In the distance, the two true dragons were fighting with all their might. They had completely different feelings.

Although they were all attacking with all their might, Luanyu's expression became uglier and uglier. The injuries on his body were constantly being torn apart under the intense battle.

On the other hand, Che Yu became more and more courageous as the battle progressed. He even used the ruler's feather as a target and continued to comprehend all sorts of rules and Sacred Arts, deepening his understanding of the battle between world Kings.

Luanyu fought as she fled, but the other party was biting her, as if she wouldn't stop until she died.

Time slowly passed, and within the [misty cloud ancient light], there seemed to be no day or night, only endless clouds, beautiful and magnificent.

The two of them fought for three days and three nights. Luanyu was almost at the end of his rope. Finally, he was beaten until he lost his temper. He said resentfully,

since heaven and earth have created the two Dragon's caves, they hope that we can join forces to deal with the devil World, not to let us kill each other. What you are doing is against heaven's law. If you don't stop in time, you will suffer the wrath of heaven!

Che Yu laughed, "what does it have to do with you if I'm not punished by the heavens?"

Luanyu said, " I'm just giving you a kind reminder on the account that we're of the same race. Don't think that I'm really afraid of you.

In just a few sentences, he was clearly at a disadvantage, and Che Yu seemed to have specially picked the time when he was speaking to hit him ruthlessly, causing him to be filled with anger and resentment.

it's good that you're not afraid. Stop talking nonsense and continue fighting!

Che Yu laughed sinisterly as he became more and more skilled with the world sword.

Before this, Luanyu still dared to use his fist to block the sword, but now, he was filled with fear. To his shock, he discovered that the power of the sword in Che Yu's hands far exceeded his own.

"Even if you don't think for yourself, don't you think for the realm of heavenly martial arts at all? You won't be able to resist the demon Army on your own. We'll have to work together!"

Luan Yu's head was filled with cold sweat, which mixed with the fresh blood. His entire body was covered in blood as he spoke anxiously. He had clearly given in.

However, che you was not a kind person. He could not help but laugh, " hahaha, do you think I'm an idiot like little li? What does the life and death of the realm of heavenly martial arts have to do with me? If I'm finished, then I'm finished. I'll still live my life in a carefree manner!"

Luanyu was instantly speechless. Only now did he discover that the wicked would be dealt with by the wicked. All the righteousness that he could use before was completely useless in front of che you.

"Bang!"

"Bang!"

Under che you's forceful attacks, after resisting several times, Yuri's aura started to fall. His face was pale, as if he had sensed that something was wrong.

In the smoke cloud ancient shine, the sky was filled with colorful clouds, like the sunset at dusk. Although it was beautiful, there was not much time left.

At this moment, he seemed to be in a daze, and his mind was wandering when he fought.

Scenes of the past flashed through his mind. All sorts of things that had happened in the past million years and the countless people he had killed all began to appear at this moment.

Am I really going to die Here? "

Perhaps it was because of the touching scene and deep feelings, Yuri was in a daze. He wasn't paying attention, and the sword of the world pierced his chest.

The two of them instantly stopped as they stared at the sword. However, che you's gaze was ice-cold, while luanyu's expression was one of shock and disbelief.

The blood flowed slowly along the world sword. Looking at it, it was as if he was looking at someone else's blood, without any emotion.

Che you looked at him and suddenly said,"are you unwilling?."

Luanyu nodded in a daze and said bitterly, " of course not! I thought I had won. Who would have thought that it would be such a result? "

“I don’t want to say that evil can’t prevail over good, nor do I want to say that you’ve committed a sin that can’t even be forgiven,” said che you indifferently. But, I’ll return the words you said to Yunxiao before. In the end, the heavenly Dao’s choice is not up to man. ”

Luanyu’s eyes dimmed and her expression became extremely dull. It was as if she had finally given up and her body drooped down powerlessly.

In fact, after several days of fighting, both of them were almost out of energy, but luanyu was one step ahead of them and should have died long ago. It was just that his ruthlessness and unwillingness had forced him to hold on until now.

Che you’s words completely shattered his determination, he returned to reality, he had no choice but to submit to fate.

Chapter 2370: Chapter 2370-extracting Dragon Soul

549690339

“Has it ended?”

The heavenly martial league’s spectators, who had been watching from a distance, stopped a hundred miles away. When they felt the tremors stop, they all raised their eyes to look.

After three days and three nights of fighting, the entire ancient Zhao of smoke and clouds was in ruins, and the immortal land was completely destroyed.

All that was left was a Red cloud in the sky, like the end of the world at dusk, reflecting the fate of Luan Yu.

Xuanyuan Yao’s face was filled with shock. such a terrifying battle. Fortunately, it’s in the celestial realm. Otherwise, the entire Western Region would have been destroyed.

Yunxiao’s eyes flickered as he said, ” “Let’s go back. It’s finally over. This result was much better than we had expected, but it’s very sad that Sir poron and keyue died in this battle.”

Rou Wei had also woken up earlier. After crying painfully for a few days, she looked extremely old. Her face was Haggard and covered in tears. Yunxiao did not know what to say, so he asked Meng Wu to take care of him carefully.

A green light flickered in the sky above the battleship and fell straight down. It turned into che you’s figure with a smug smile on his face.

“Greetings, Lord True dragon!”

Xuanyuan Yao and the others were all moved, and they hurriedly stood up to welcome him.

After all, the new generation of true dragon experts should be fully respected by them, whether it was in terms of identity or strength.

Holding the dead Luan Yu in his hand, Che You threw it in front of Yunxiao and snorted coldly, "You want the Dragon Soul? Luanyu is, after all, a true dragon of his generation. Don't go too far and let him die with dignity."

Yunxiao frowned as he reached out to feel Luanyu's body. Only when he found that his soul power was still there did he breathe a sigh of relief. He then sealed the body with a secret technique and threw it into the divine realm tablet.

"You're the one who killed him, so it's up to you whether he died with dignity. What does it have to do with me?"

Che You rolled his eyes at him, snorting coldly: "You're such a dark and vile person, you only know how to do some dirty things like extracting people's souls."

When he thought of how he had been a sword soul for so many years, he could not help but feel angry. His face flickered with a cold look as he stared at Yunxiao, as if he was thinking about how to get revenge.

Yunxiao sensed his thoughts, and his heart trembled as he said in a hurry, "This immortal land is about to collapse. We can't stay here for long. Let's go back first."

With a flash of light, the battleship turned into a shooting star and shuttled through the smoke cloud ancient shine. Not long after, the entire secret realm completely collapsed and fell into darkness. It returned to the chaos of the universe and no longer existed.

With the collapse of the secret realm, a large number of Western Region martial artists who were fighting outside the secret realm or waiting to take advantage of it were sucked in by the power of the collapse, and most of them died.

Several hours later, the warship finally returned to Yanwu.

The birth of the true dragon, the fall of the ruling feather, the death of several peak experts who survived the true spirit era, and the sacrifice of Poron and Ning Keyue, and so on, instantly spread throughout Yanwu.

It was Yunxiao who had told Water Fairy about Polong's sacrifice, and the latter fainted after crying a few times.

The sea god Bo Mu was also filled with sorrow, but he was much calmer. After all, life and death were predestined, and they were already very used to it.

As for ning keyue's death, Yunxiao went to the red moon City in person.

In the smoke cloud ancient shine, he had sealed the body in ice and returned it to ning Kewei and ning keyun.

Ning Kewei looked at his beloved daughter in grief. His old hand touched the ice seal. Although ning keyue's face was covered in blood, she looked very peaceful and calm. She even smiled. It was a kind of calmness that showed that she had been freed.

Ning keyun sobbed. this is the ending she chose. From now on, keyue is finally free.

I'm free! Yunxiao felt a pang of sadness in his heart, as if he was being cut by a knife.

Kowtowing on gold and weaving clothes, will falling into the devil.

The clouds and water flow, the waves of the sky rise.

Sweep away an Army of thousands and guide them like a river.

Empty embrace of the world, a song of the ages.

An ancient song, a song of death and sorrow

A few days later, the entire realm of heavenly martial arts calmed down from the shock of the birth of the true dragon and began to prepare for war.

It was only a few months later that Yunxiao's injuries were fully healed, and he began to refine the Dragon Soul.

A bit of pale yellow soul light was extracted from Yuri's corpse and fused into the master bobble.

The violent sword aura was like a wild beast that had smelled blood. It let out an excited sword hum and trembled in the air. It even began to actively absorb the soul power.

The ruling feathers were generated by rules, and after death, their will would return to heaven and earth, leaving only the purest soul energy in the Dragon's body. This saved Yunxiao a lot of effort.

He had thought that there would be resistance from the ruling plume's remaining will, but he did not expect it to be so smooth.

After master who had used up all the Dragon Souls in the corpse, his sword glowed with a strange yellow light like a beast that had drunk enough blood. The gentle soul power and the murderous aura perfectly balanced each other and gradually calmed down.

Che you had been quietly watching the entire process. When it was over, he raised his hand and a sword Qi shot out.

With a "Weng" sound, the body of the Luan Yu was chopped into countless pieces. Under the power of the sword World, it was completely turned into fine powder and dissipated in the world.

what are you doing?" Yunxiao said with dissatisfaction. what are you doing?" The body of a true dragon was an extremely precious material that was extremely difficult to find! You actually destroyed it without a word!"

Che you looked at him coldly, he said, "The body of a true dragon? Don't you have another one in front of you? Do you want to refine me as well?"

if you don't mind," Yunxiao said, raising his eyebrows, "I'm very interested.

Che you's expression turned cold and killing intent shot out from his eyes.

Yunxiao felt a chill run down his spine under his gaze. He hurriedly waved his hand and said, "Alright, I won't play with you anymore. My dragon body was also destroyed by you, so I have to focus on my closed-door cultivation."

shut up! che you cursed. we'll organize our men and go to the devil World to kill six-winged now. Everything will be settled.

Yunxiao looked at him contemptuously and said, "Don't think that it's a big deal just because you've reached the world King realm. Luanyu was also a World King, but didn't he die just like that? Only the master of a thousand worlds could roam the universe without restraint. As for you, as a true dragon formed from the power of the realm, it's almost impossible for you to break through to the realm King realm. How sad."

haha, sour grapes!

hahaha! che you laughed maniacally, "if you're so capable, then try to reach the realm of World King first. I don't think you'll ever be able to reach that level in your lifetime. Lord of a thousand worlds? pfft!

I don't have the time to talk to you now," Yunxiao snorted coldly. if you want to go to the devil realm, I'll go with you after I come out of my seclusion. I'm also very curious about the current situation. I wonder if Wei Qing is dead."

"With his weak strength, he's most likely dead," che you sneered.

Although the two were teasing each other, Yunxiao could not help but worry.

After that, he told che you to leave and cultivated alone in the divine realm tablet.

He had been seriously injured after obtaining the great power from the Dragon Transformation pool, and he didn't have time to stabilize his current realm.

Fortunately, his physical body was extremely strong and he had many magical powers. If it were anyone else, they would have fallen from their cultivation level due to serious injuries.

Now that he had touched the barrier to the realm of regional King, he believed that as long as he continued to cultivate and comprehend, he would have a great chance of breaking through within five years.

The Maha ancient God's tactic had also fully comprehended the existing characters. There were still some flaws, so he began to repair them by referring to the laws of all creation created by Ai Lian. They even corroborated with each other and continued to deepen his understanding of the two laws.

A few months later, Yunxiao tried to break through to the realm of World King again. The process lasted seven or eight days, but he still failed.

He had no choice but to give up temporarily and exit seclusion first.

In the main hall of Yanwu, they began to discuss the second trip to the demonic realm.

Mu lingdi had gone into seclusion, and now all the affairs of the heavenly martial League were handled by Ding Ling 'er alone.

big brother Yunxiao is going to the devil World again? "

After hearing that, Ding Ling 'er was shocked, and she was not prepared for it.

there's only four years left until lady rouwei's prediction, " she said worriedly. isn't it too risky to enter the Devil realm now? "

I'm stuck below the realm of regional King, " Yunxiao sighed. I might not be able to make a breakthrough even if I cultivate by force. Moreover, I've always been concerned about the current state of the devil World. I won't be able to sleep or eat in peace without getting any accurate information. This trip to the devil World will be done by che you and me. There is no need to make a big fuss and no need to inform anyone. Just say that I am still in closed door cultivation."

Ding Ling 'er thought for a while and said,' since big brother Yunxiao has already made a decision, I can't say anything more. However, during the few months when big brother Yunxiao was in seclusion, Lord Ai came to look for me several times, but I rejected him every time."

"Oh?"

Yunxiao nodded and said, 'it's time to have a good talk with the demons before we go to the devil realm. Tell the Art Garden to prepare some world devouring pills and demon-resisting banners for che you. I'll go to the monster race first.'

After that, without waiting for Ding Ling 'er's reply, he teleported to the demon race's territory and came to the sky above Al Hui's Palace.

He used his divine sense to scan the area and teleported to the front of the Demon King Palace again.

The guards in front of the hall immediately became alert and shouted one after another, surrounding him.

The person in charge had sharp eyes and his eyelids twitched. He immediately exclaimed, "Alliance master?!"

Yunxiao nodded and said with a calm face, "I want to see your demon Emperor."

The person in charge was about to speak when he heard the referee's voice coming from the hall. It sounded urgent and excited. let him in!

The demi-human guards immediately split up and made way for him. The person-in-charge hurriedly led Yunxiao inside.

Halfway there, mo came out to welcome them personally, followed by Al.

Li Yunxiao, you're really a busy man. It's so difficult to see you now!

Although the judge was anxious, the moment he saw Yunxiao, the anger in his heart burst out. He stared at Yunxiao coldly, as if he would start a fight at any moment.

when you really want to do something, no one can stop you, " Yunxiao said with a smile. when you do, no one can stop you. The reason why he can't see me is that he doesn't really want to see me. "

"Alright, alright, don't talk nonsense with me!"

Mo Yi felt a headache coming on when he heard him start to argue. He waved his hand and interrupted, "Follow me!"

Chapter 2371: Chapter 2370-entering the devil World again

The three of them entered the main hall and sat down.

Yunxiao and Mo sat at the head of the table, while Al Hui sat at the lower left, at the bottom of the ridge.

li Yunxiao, " the referee asked directly, " what are your plans now? "

Yunxiao touched his nose and said with a wry smile, " I should be the one asking you this question, right? What are the monster race's plans now?"

"Are you sure the devil head is six-winged?" Yi asked after a moment of silence.

Yunxiao put down his hand and seemed extremely displeased. He frowned and said, " You're still asking for confirmation at this time? Do you want me to take you to the devil realm and let you see it for yourself?"

"Can I?" mo looked surprised.

Yunxiao had just said it casually, but he did not expect the referee to take it seriously. He could not help but ask in surprise, " You really want to go?"

"Of course it's true," the referee nodded solemnly. Originally, I was thinking that if you didn't come out of seclusion for a long time, I might go to the devil realm on my own to inquire about the situation. After all, the truth of this matter is extremely important to our race."

Yunxiao frowned. I've already said that I'll definitely, definitely, guarantee, and guarantee it. I'm 100% sure. Don't you believe me? "

"If it was something else, we wouldn't have suspected it, but this is too serious," mo said with a bitter smile.

in fact, the result doesn't matter to you. Yunxiao nodded. are you going to change your choice after you confirm that the devil is a six-winged one? "

"If the devil's head is six-winged, then we'll have to be even more determined." Mo's expression changed slightly.

so, the demons 'final choice is to fight six-winged together with the heavenly martial League? " Yunxiao said with joy. is that so? "

Al smiled bitterly. why do you say that, Alliance master? the demon race was originally a part of the heavenly martial Alliance. It's just that the Alliance master has excluded us.

in that case, it's my fault, " Yunxiao said with a smile. it's my fault. As long as the monster race can take the heavenly martial realm as their priority and resist the demons together, I will apologize to you if I have offended you before."

Al said, " I don't dare to apologize. I hope you won't make decisions on your own in the future, Alliance master. Especially when it comes to matters involving the monster race. It's better to negotiate first.

Looking at her ungrateful expression, it was obvious that she was resentful.

I'm sorry, " Yunxiao cupped his fists and said solemnly. I was indeed a little stubborn in this matter. I apologize again.

"The relationship between the two races has been unusually tense during this period of time," Al sighed."There have been several times where they almost caused trouble. The demon Emperor and I have ordered our clansmen to exercise restraint many times. If this goes on for a long time, I'm afraid that a gap will be formed, which will be detrimental to the long-term relationship between our two races."

I did not think it through, " Yunxiao said. I'll give an order later to restore the communication between the two races, and no one is to monitor the movements of the demons.

"That's naturally the best," mo grunted.

I'm going to the devil realm soon, " Yunxiao said. I didn't expect you to make the same request, Your Majesty. I can go with you.

"Really?" mo was overjoyed. That would be great."

Yunxiao nodded and said, " I'll ask someone to prepare some more realm devouring pills and demon-controlling armors that can relieve the pressure of the devil World. You can also prepare yourself, Your Excellency demon Emperor. We'll set off in three days.

"Alright, see you in three days," mo nodded.

"Please be careful, Your Majesty," Al said with a worried look.

Mo Dao said,"don't worry, Mr. ai. I'm only going to confirm the devil's identity. I'm not going to fight to the death with the devil." If we really encounter danger, we can just escape."

"In any case, be careful," Al worriedly reminded,"the demon race still has to walk into the future under Your Majesty's leadership."

don't worry, Mr.ai, " Yunxiao said with a smile. I'll definitely bring His Excellency demon Emperor back alive.

Al smiled gently and blinked."With Lord Alliance leader's words, I can rest assured."

there's something I need to trouble you with, Mr.ai, " Yunxiao said.

"What's the matter?" Ai Meidai asked.

Yunxiao sighed and told him how Lu congzi had controlled yang di and the others with an evil art. "Now that all the Daren of the Art Garden are helpless, I hope that Mr.ai can help us."

it's only right for me to help, " Ai said. I'll do my best. As for the result, it's up to fate.

"Of course," Yunxiao said gratefully.

After a brief discussion, Yunxiao took his leave.

Three days later, Yunxiao, che you, Chi, and Xiao Hong set off from Yanwu and were teleported to the floating island near the ancient Devil's well, then entered the devil World through the well.

After che you and Yan consumed large amounts of realm devouring pills, their bodies developed a certain resistance to the world power of the devil World. Coupled with the devil resisting armor, they were able to adapt to the environment of the devil World after a few days.

Although there would still be some suppression, it was much stronger than entering the demon world naked.

Yunxiao identified the direction and followed the direction in which he had left the Barbarian tribe. A month later, he arrived at the Emperor Peak City.

Then, he would head to the kun tribe through the Supreme Emperor city's super teleportation formation.

The group of four arrived at the Tian Han city not long after. Ever since the battle between mo PU and Liu Chi, the entire Tian Han city had been completely destroyed.

At this moment, the scene in front of the four of them did not look like a city at all. Instead, there was a huge circular Hill standing on the ground.

Yunxiao looked at the scene in surprise. Inside the hill was a dark and bottomless abyss, exactly the same as the realm pit in the heavenly martial realm, but several times larger.

Che you was also shocked, looking at the terrifying world pit, he swallowed his saliva and said in shock, "Is this really the work of a human?"

Xiao Hong and Yi were also shocked, and their faces were filled with disbelief.

everyone, take a good look, " Yunxiao said in a deep voice. this is the great enemy we are about to face.

Che you and Chi couldn't help but shiver. Little red was still fine, after all, she had personally witnessed this battle, but her face was also pale.

Yunxiao sighed and said, " let's go. Let's go to shooting star City. Yuan and Yuan should be there. That is, if nothing out of the ordinary happened."

Everyone immediately turned into streaks of light and left this place.

Three months later, they arrived at the nearest city to the shooting star City-clear water city.

After the light of teleportation fell, Yunxiao's figure emerged, and then he released che you and the others from the divine realm tablet.

Because the teleportation fee was high and it was calculated by the number of people, the other three people hid in the divine realm tablet.

They looked around and saw that the entire jingshui city had become bleak. Many buildings had been destroyed, and the devil's smoke was spreading. The flames of war were burning everywhere.

"It's really like this!"

it seems that the people at the teleportation site did not lie to us, " Yunxiao said in surprise. they really were attacked by fiendish demons from the wilderness.

what kind of demon is so powerful? " Xiao Hong asked in surprise. it seems like most of the people in the city have gone.

Yunxiao swept his divine sense around and said in a deep voice, " "This matter is definitely not simple. The next stop here is the shooting star City, which is almost the main city of the kun Department. What kind of fiend could come from so far away to attack this place? I'm afraid that the kun tribe, or even the entire central region, has changed."

"This ... This isn't possible, is it?" Xiao Hong said in embarrassment. After all, the yuan and Yuan tribes have just unified the central area. Who can compete with them?"

As soon as he said that, she was stunned for a moment. Then, she immediately understood and cried out, " the ancient realm?!"

Yunxiao nodded and said, " when we left a year ago, the two divisions were planning to go on an expedition to the Archaeus region. But, Yuan and Yuan were both seriously

injured at that time, especially Yuan. It was impossible to recover without a year of preparation. But now, just a year has passed, and the wildlanders have come to our doorstep to kill us. I'm afraid that the Archaeus region is the one who made the first move."

"Although I don't know where the Archaeus region is, the devil World is so vast that it will take nearly a year to gather all the ferocious beasts in the surrounding wastelands and then charge directly to the core of the kun tribe. I'm sure the Archaeus region has been working on this since the battle between mo PU and Liu Chi,"

"The enemy attacked first, is six-winged already fine?" che you frowned.

Yunxiao gave him an indifferent look, then pointed to his head and said, "It's useless to just have strength. I'm really worried about your IQ. If six-winged was fine, it wouldn't be shooting star City that's suffering from the war now, but Yanwu."

what? " che you was shocked, " you mean six-winged is still recovering from his injuries, but the Archaeus region has already made their move? they want to unify the demonic world first? "

Yunxiao nodded and said, " in fact, it is only a matter of time before the ancient region unifies the devil realm. I'm afraid that six-winged is already in a hurry to attack the heavenly martial realm. That's why it couldn't make it in time to attack the two central divisions while I was resting. After he recuperates, he can directly lead the Army into the Jie."

"Then what should we do now?" che you asked.

I'm curious, " Yunxiao said in a deep voice. is there a fiend supremacy in the ancient realm? " They were actually able to fight against the yuan and Yuan divisions for such a long time, and even spread the flames of war to the shooting star City. However, Liu Chi probably doesn't care about the result of this battle. As long as he comes out of seclusion, the result will be the same regardless of whether he wins or loses."

The few of them were silent. Their absolute battle prowess was enough to overwhelm everything.

Yunxiao laughed. don't let your thoughts run wild, everyone. Let's go and see what's going on first. We'll take one step at a time. Plans can never keep up with changes.

we're not! che you scolded. you're the one who's always talking nonsense!

The four of them immediately flew toward the city. There were still many demons wandering around the city. They could see several obvious traces of battle, and a large number of buildings were destroyed.

Yunxiao's expression flickered as he sensed waves of devil essence fluctuations coming from somewhere outside the city. follow me.

With a flash, the four of them disappeared from where they were.

On a battlefield outside the city, hundreds of demons were besieging a huge demon that was as strong as a bull.

The Fiend was a few hundred feet tall. It stood on the ground with both feet and slammed its hands around like a futon. Every time it did so, a powerful demonic light wave would spread out, covering an area of ten mu.

A large number of demons died, and the killing was extremely intense.

A throne was placed on top of the demon, and a Demon Lord was sitting on it. He had a cruel smile on his face as he looked down at the demons who were fighting.

Chapter 2372: Chapter 2371-persuasion to surrender

549690339

The demons of jingshui city also released many demonic beasts, but they were all destroyed by the giant beast with a few palms. After a moment of stalemate, the forces of jingshui city began to collapse.

"Don't use force, let's go!"

Finally, someone shouted and said anxiously, "Return to the city and use the city's defense to contain it!"

"Lord sui, the city's defenses were broken last time, and they haven't been fully repaired yet. If we lure this demon over, I'm afraid they'll be destroyed again," another demon said anxiously.

Sui, the leader of this group, angrily rebuked, "If we don't retreat, we'll all die Here. What's the point of defending the city then? retreat!"

After he gave the order, the rest of the demons also felt relieved and hurriedly ran back. At the same time, he had the low-intelligence devilish beasts block them from behind.

All of a sudden, hundreds of people scattered like birds and beasts, fleeing towards jingshui city.

"Haha, a bunch of ants, can you still escape? All of you can go to hell!"

The man sitting on top of the beast stood up and laughed wildly. He immediately rode the beast and gave chase.

That fierce beast's two feet stomped, and the low-intelligence demon around it was sent flying. It soared into the air and rushed over. Their speed was no slower than the demons of jingshui city.

Everyone felt a huge shadow catch up to them from above. Under the suppression of that powerful and brutal aura, they felt a wave of despair.

“Hahaha!”

The demon who was controlling the beast laughed wildly, as if he was in charge of life and death.

The beast stomped down with both its feet, and the air was compressed with a sizzling sound, burning directly.

“BOOM!”

As soon as he stepped on the ground, the ground cracked and a large amount of demonic light scattered in all directions.

hahahaha, a bunch of trash. Are they all dead? ”

The demon Lord sneered as he looked down with the attitude of a superior.

“What?”

That smile suddenly froze on his face. He discovered that there wasn't a single demon around the foot of the beast. The attack just now had missed!

“What's going on?”

The demon Lord's expression changed drastically, and he immediately flew down from the demon's head. The demons of jingshui city suddenly appeared a few thousand feet away, as if they had teleported.

Even the demons looked at each other, not knowing what had happened. They were all stunned.

At this moment, the demon Lord's expression changed. He stared at the people who had suddenly appeared in front of him and shouted, Who are you?!

Yunxiao glanced at The Fiend, who was full of violent and terrible aura, and could not help but frown. “The four of us were just passing by and wanted to find someone to ask

about something, but we found that the city was almost empty. I saw you all playing here, so I came over to ask.”

“Ask what?” the demon Lord’s face darkened and he shouted. If you want to ask, ask quickly and get lost after you’re done!”

Yunxiao scratched his head and asked, ‘may I ask why there’s no one in jingshui city? Who is attacking jingshui city?’

“Are you blind?” the demon Lord angrily rebuked. Wasn’t I the one who was attacking?”

“Eh?!”

then Who are you? ” Yunxiao asked gloomily. Who are you? ” Are you from the Archaeus region?”

The demonic monarch’s face flickered as he carefully sized up Yunxiao and the other three, and he could not help but be shocked. He could not tell the cultivation base of each of the four. Pointing at the demons in jingshui city, he said in a trembling voice, ” “Were you the ones who saved Yingluo just now?”

yes! Yunxiao nodded and said, ” I used a greater teleportation. Otherwise, these friends would have died.

The demons of jingshui city all looked grateful. Sui hurriedly cupped his fists and said, I am the chief of the Sui tribe in jingshui city, and one of the three major tribes in jingshui city. I wonder if you have any questions? I can answer them one by one.

so it’s a local power of jingshui city. That makes things easier.

what force attacked the city? ” Yunxiao asked. why is it in this state? ”

Sui pointed at the demon, his eyes filled with hatred.”My Lord, these are the ferocious beasts that come from outside the central region and are scattered all over the great desolate lands. There was more than one before, and our jingshui city paid a great price to kill a few. The other two are almost dead.”

“Are these people from the ancient realm?” Yunxiao asked.

“Yes!” Sui cupped his fists.

then, ” Yunxiao said, ” apart from jingshui city, have any other places been attacked by the people of the ancient realm? ”

Sui's expression changed slightly. From what I know, there are a large number of people from the Archaeus region and great desolation fiends near the shooting star City. It seems like the Archaeus region has declared war on our central region.

"As expected!" Che you said. Then let's get rid of these dregs first, then lead the Army to launch a counterattack on the Archaeus region and kill the six-winged clan!"

"Milords, could Qianqian be one of us?" Sui asked in surprise.

Yunxiao rested his chin on his hand and nodded. "We're on the same side,"

Everyone was overjoyed, as if they had just survived a disaster, and were extremely excited.

The expression of the demon Lord controlling the great desolation fierce demon immediately changed. He immediately flew back to the beast and controlled the huge body of the beast to jump suddenly. He wanted to escape into the void.

However, Yunxiao did not intend to attack at all. He said to Che you and Mo, "The two of you, try and see how much power you can exert in this environment."

Che you and Yi both rushed out one after another, but it was obvious that Che you had the upper hand. He instantly appeared above the demon and pulled out his world sword. Under the sunlight, the world sword flashed with a cold light and then slashed down!

The demon Lord and the fierce demon did not put up any resistance and were directly split into two.

Mo's expression changed, and he grunted as he turned around and flew back.

Hehe, I'm not used to it. But it's good that I didn't suppress it too much.

Che you kept his sword, and beads of sweat appeared on his forehead. When he attacked just now, he felt the realm power flowing around his body like water, suppressing his power.

The Asmodians of the clear water city all opened their mouths wide in shock.

That fiendish demon was the most powerful of all the demons that had attacked Jingshui city. They had besieged it for several days, but they were still no match for it even after suffering heavy casualties. However, it had been easily split apart by the man in front of them!

These people seemed to be led by the young man in the long robe.

Sui wiped the cold sweat from his forehead and hurriedly came over to pay his respects."May I know your name, Sir?"

you don't need to know my name, " Yunxiao said. do you have any way to get me to shooting star City as soon as possible? "

Sui frowned and thought for a while before saying,"Although the teleportation formation is slightly damaged, it can still pierce through space. However, the landing will be very off. As far as I know, the shooting star City has been surrounded by a large number of fiends led by the people of the ancient realm. If the few of you were to rashly go, I'm afraid it would be very dangerous."

yes, " Yunxiao said noncommittally. we'll use that teleportation array.

Sui was stunned for a moment, then he quickly nodded and said,"Yes, Your Excellency, this way please!"

Because the devil realm was too big and there were very few teleportation arrays, the connection between the cities was very thin. Even when the ancient realm besieged the shooting star City, only a few nearby cities were aware of it.

Soon, Yunxiao and the other three were sent to shooting star City by the broken teleportation array.

At this moment, the entire shooting star City was in a state of war. All the defenses of the city were activated. Thousands of demons had gathered in the outer area.

Although there weren't many of them, they were all huge demons. The fiendish Qi gathered in the sky like dark clouds, bringing great pressure to the entire city.

In the sky above the shooting star City, a large number of demons had gathered and were facing off against the ferocious demons.

"Master Hu, the time limit is up. Have you thought it through?"

In the camp of the Archaeus region, an elder-looking demon sat on a throne with a lazy look on his face. His right hand was placed on his forehead, as if he was resting.

Even when he called out to her from a distance, he had a completely nonchalant look on his face, as if what was happening in front of him was a small matter.

In the sky above shooting star City, Yi and Wei Qing were standing side by side in front. Both of them did not look too good, but Yuan was not seen.

“Lord Shan has a high position and great power, and no one in the entire Devil World doesn’t respect you. Why would you want to get involved in this?” the referee smiled bitterly. Can’t you leave us juniors a way out?”

The old man raised his head and said coldly, “ I’m thinking of giving you a way out. That’s why I’m trying my best to persuade you to surrender. Otherwise, how could shooting star City still exist? ”

“I’ve completely offended the devil Lord. Even if I surrender, he’ll definitely find a reason to get rid of me in the future.” Rather than living in fear and trepidation, it’s better to go all out and fight for a future!”

“Hmph, ignorant!”

Shan Yu laughed, his face full of ridicule,“If you can’t even defeat me, how can you deal with the devil head?”

“Lord Shan is one of the eight highly respected ancestors of the Saint Devil clan,” Yi said with a grave expression.“I had originally planned to invite the eighth ancestor out to preside over the overall situation of the entire devil realm, and even mediate the relationship between the central region and the Archaeus region. I didn’t think that Daren would be moved by the devil Lord’s words.”

“There’s no need to waste your effort,” replied Shan Lingshan.“Five of the eight ancestors have already pledged allegiance to the devil Lord. The remaining three were either dead or missing. They would probably never appear again. In other words, in the entire devil realm, of the seventeen Saint Devil families, the five leading families had already surrendered, and the remaining twelve families would have more or less agreed. If that’s the case, what’s the point of having a few kids in the central region? Why aren’t you surrendering?”

“All five families have surrendered!” The referee’s expression changed drastically as he exclaimed in shock.

“Why Would I Lie to You?” flash said. You’re also an extremely outstanding talent among the younger generation, and you might even have the opportunity to break through to the Saint Demon Realm in the future. Why would he make a mistake and take the wrong path, causing himself to fall into eternal damnation? If you surrender now, we can put in a few good words for you when Lord devil comes out of seclusion. With Lord Devil’s magnanimity, he will definitely not make things difficult for you.”

The referee’s face was filled with a complicated expression. His eyes were filled with struggle, and it was obvious that he was wavering.

The Saint Devil family was extremely powerful in the devil realm. They had a vast amount of resources and countless experts under them. They were not inferior to the

eight central regions at all. Now that they had all submitted to the devil Lord, it was undoubtedly a huge blow to Yi.

Chapter 2373: Chapter 2373-rather die than be free

549690339

“Our shengmo family won’t meddle in the affairs of the central region.” Shan continued to encourage him. At that time, wouldn’t you be the leader of the central region? You can atone for your crimes by performing meritorious deeds. As the vanguard general in the attack on the realm of heavenly martial arts, the devil Lord will be very pleased.”

Richard’s face turned pale, and large beads of cold sweat rolled down his forehead. He was very conflicted. “I don’t believe that the other Saint Devil families have also joined us. After all, it’s rumored that a few of them have already stepped into the Saint Demon Realm, and their strength is not much weaker than the demon head’s. How could they be willing to submit?”

“Hmph, you don’t believe me!”

Flash didn’t seem to be moving quickly, but he quickly regained his composure and said, “That’s right, I’ve heard some of this news as well. It seems that Bai He Shu and his wife are showing signs of entering the Saint Demon Realm, but the source is not reliable. I can also tell you the reason why we sought refuge with Sir devil Lord, because soon, Sir devil Lord will no longer be Sir devil Lord, but Sir Devil Master.”

“What? The devil head controls the six paths demonic weapon?”

The judge panicked even more, and his body started to tremble.

I think so,” flash said. even if you haven’t fully taken control of it, it’s only a matter of time with your capability.

“Alright, this old master won’t talk nonsense with you anymore!”

Frosty air shot out from his eyes as he coldly said, “Whether we fight or surrender, it all depends on your words! I’ll tell you two more things. First, the 13 cities near the shooting star City should have all fallen. Secondly, the ancient region had already opened up a passage to the desolate ancient fearsome region. In the future, there would be a large number of fearsome demons continuously transported to the battlefield. That’s all I have to say, you can make your own choice!”

The judge’s face was full of bitterness as he looked at Wei Qing beside him, “Sir, please!”

“You’re wavering?” Wei Qing asked without changing his expression.

"I can't find a firm reason," Richard said with a bitter smile. In the Saint demon family, the strength of any family was not below that of the kun tribe, especially the eight experts known as the 'eight ancestors'. They were the existences at the peak of the Saint demon family. This Lord Shan in front of us is one of them, and there are also two Lord Bai He Shu. It's said that they've already entered the Saint Demon Realm, and they're not people we can resist."

Wei Qing was bewildered. If it were him, he would probably choose to surrender as well. However, if the Holy See surrendered, not only would he be in danger, but the demon Realm would also be unified, and the heavenly martial arts realm would be in great trouble.

Therefore, they had to turn the central region into a strategic buffer zone between the realm of heavenly martial arts and the ancient regions. They could not allow the church to surrender no matter what.

"Who hasn't died since ancient times? rather than living on in a despicable manner, being a slave and being eyed at by others, you should be more careful. He might as well go on a killing spree and be a free demon commander. Even if the time wasn't long, it could be considered a lifetime of freedom. What's the point of living like a lowly ant even if you can live for ten thousand years?"

Wei Qing's face was serious as he rebuked with a strong sense of righteousness, as if he would rather die than surrender.

The demon lords of the kun tribe around him were originally muttering in their hearts, but after hearing this, they all frowned slightly, as if they felt that it was very reasonable.

Wei Qing continued,"moreover, this is the Alliance between the yuan and Yuan tribes. Although lady Yuan has asked you and me to represent her in all matters, does all these matters include surrendering?" For such a big matter, shouldn't Lady Yuan be informed? After coming out of seclusion this time, lady Yuan would definitely be an expert in the Saint Demon Realm. Liu Chi could let you, the demon Supreme, go, but would she, the Saint demon, go? I hope that you won't be too self-centered. After all, this is a matter that involves the lives of millions of demons in the two tribes Alliance."

Yan also fell silent. there is indeed a need to discuss with Yuan. However, she is at a critical moment in her closed-door cultivation and can not be disturbed. What should we do? "

"What do we do?"

Wei Qing sneered. just now, one of the eight ancestors or something said that if you surrender, you will lead the central territory and be the vanguard in attacking the realm of heavenly martial arts. But if we go to war with the realm of heavenly martial arts, not

to mention the outcome of the war between the two realms, how long can you live as the vanguard?"

The referee's expression turned ugly. A war between two worlds was bound to be an extremely tragic event. Not to mention that he was only a demon venerable, even if he was a Saint demon, he would most likely be the first to die as the vanguard.

"No one in this world is a fool, not to mention six-winged," Wei Qing sneered. If he's really willing to let you go, it's because you're still useful to him. Once you're no longer of value, you're not far from death. Therefore, one's fate should be in their own hands. If you don't want freedom, then you'd rather die!"

Yi's body trembled, as if he was moved by Wei Qing's words, and his expression became extremely ugly.

The high-level officials of the two tribes also looked worried. They did not know the strength of the heavenly martial realm, but they had seen Yunxiao and Wei Qing's strength. They were no match for them even in the devil realm. Once they entered the heavenly martial realm, under the suppression of the realm power, death was almost certain.

"Even if we don't surrender, we'll still die against the ancient realm's Army," one of the higher-ups said in a deep voice.

Wei Qing sneered. the difference is that, against the heavenly martial arts realm, even if you're lucky enough to survive, you'll still be servants. You'll still be the target of suspicion and want to be eliminated. As for the ancient domain, if you survive, you'll be your true Masters, and you'll be free!"

Many demons were silent.

Wei Qing struck while the iron was hot, " besides, it's impossible for the six-winged to fully recover without several years. We still have time to buffer and make preparations. As for these Saint Devil families, they're nothing to be afraid of."

The judge's eyes were filled with struggle. He sighed and was in a dilemma.

"Is Master Chu also so indecisive?" a laugh suddenly rang out.

In the middle of the confrontation between the two armies, a spatial storm suddenly emerged, and four figures emerged from it. They were none other than Yunxiao and the other three.

Yunxiao was looking at the judge with a smile and a playful look.

The people of the ancient region were all shocked as they stared at the newcomers. They could not help but feel that these people were not ordinary.

“Li!”

All the higher-ups of the two divisions cried out in surprise, and many of them looked overjoyed. The church was also excited.

Wei Qing was also stunned, but his heart relaxed for no reason.

The referee’s face was slightly red, but his eyes also lit up, “Lord Li has returned!”

I’ve just come back, ” Yunxiao said with a faint smile. I found you were going to surrender.

Chu Weiwei was calm after the embarrassment. She sighed and said, ” “No matter what choice I make, it’ll be a difficult path.”

Yunxiao’s eyes were slightly cold as he said, ” “It’s actually a very easy choice. If you choose to surrender, then the four of us and Wei Qing will send you and the rest of the cultivators of the ancient realm to heaven. If we choose our original goal, then we’ll send the cultivators of the Archaeus region to heaven together.”

The faces of the senior officials of the two divisions turned unsightly. Although his words were extremely arrogant, they had seen Yunxiao’s power and knew that he had the strength. Furthermore, the other three people who were with him did not seem to be simple people.

since Lord Li has said so, ” the referee said with a bitter smile, ” we can only choose our original intention if we don’t consider the long-term plan and only consider the current interests.

that’s right! Yunxiao clapped and laughed. I’ve heard part of what Wei Qing said. Death was better than freedom. You have to fight for your own future, not wait for someone to give it to you. Dignity can’t be obtained by kneeling and begging.”

The referee’s expression was solemn as he nodded. Lord Li is right. I was almost blinded by the situation. Thanks to Lord Wei Qing’s advice, I was able to find my heart.”

Wei Qing secretly heaved a sigh of relief. His hands were sweating as he said, ” “It’s good that you have a firm belief. That’s how you can be invincible.”

The few of them spoke in hushed tones, talking in private.

In the distance, flash and the people from the ancient land were quite patient at first, thinking that they were hesitating to discuss the matter, which was very normal. But, ever since Yunxiao and the other three appeared, they became extremely impatient.

Especially when he saw the relieved and happy expressions of the upper echelons of the church and the two ministries, he immediately felt that things were not good.

Flash suddenly shouted, "f * ck!" What's your decision, fight or surrender, don't be so wishy-washy!"

Only then did Richard and the others stop talking and laughing. Richard said, "Lord li, how do you think we should reply?"

then, let's respond with actual actions! Yunxiao smiled faintly.

The judge nodded, his eyes turning cold."Everyone, follow me! Kill!"

"Kill!"

kill! Kill! a collective roar resounded through the heavens and the earth, followed by a murderous aura that filled the sky. The elites of the yuan and Yuan tribes made their moves and charged forward.

Yunxiao's appearance had greatly boosted their confidence. They did not want to think about the future for the time being, because at least they would not lose for now!

The expressions of the people of the ancient realm changed drastically, and they were furious.

Shan's eyes flickered and he said coldly,"you don't know what's good for you. How can you live if you seek death yourself?" Kill! Kill them all!"

Under the control of the demons, the thousands of primordial fierce demons roared and began to run wildly in the sky, exuding a brutal aura.

The entire world trembled, and terrifying demonic Qi turned into waves that spread across the wilderness.

"Lord li!" The referee shouted.

Yunxiao immediately understood what he meant. With a faint smile, he took out the laughing pride in the mortal world and slapped it over a dozen times in the air. Terrifying elemental power whizzed out from within the ball of golden light, transforming into attacks that struck the fiends.

"Boom boom boom!"

The entire sky immediately darkened. The demons in front of the two armies were immediately struck by the Wind and Fire elements, and they roared in anger as they were thrown off their horses.

“Bang! Bang! Bang!

Some of the ferocious demons in front of them were directly blown apart and began to disintegrate, but most of them were only injured.

Yunxiao was shocked. Although he had defeated the first wave of demons, the strength of these things was beyond his expectation. If they had been ordinary demonic beasts and birds, they would have been killed by these dozens of attacks.

“Kill!”

Yi suddenly roared and charged into the formation first, directly twisting off the head of a fierce demon.

The morale of the two armies was high, and they instantly rushed into the fierce demon formation and began to fight crazily.

Che you, Xiao Hong, and Yi also followed the Army and charged into the enemy formation.

Yunxiao! Wei Qing looked at Yunxiao and asked, ” so, do you want to deal with Shan or me? “

Chapter 2374: Chapter 2374-battle outside the city

549690339

Yunxiao laughed in surprise. it seems that Lord Wei Qing’s strength has improved very quickly recently. I can see that Shan’s strength is not ordinary. I’m afraid I can’t handle him. You should go.

“Hmph, what a pretentious person!”

Wei Qing sneered in disdain and disappeared.

With a faint smile, Yunxiao also rushed into the battlefield, choosing to kill the more powerful opponents.

The strongest person on the other side only had the strength of a peak-stage demon supremacy. As for the primordial fiend demons, although they were powerful, they could not withstand the attacks of Yunxiao, che you, and the others, and their numbers continued to decline.

Besides, Yunxiao noticed that some modified demonic beasts and birds had also appeared in the Army of the kun tribe. It was the third generation that Lu congzi had created back then. It had also been developed by the Christian Church within a year, and its combat power was amazing.

The two sides fought fiercely, and in a short period of time, the battle ended in a draw.

Yunxiao had specifically chosen those powerful fiendish demons to launch sneak attacks on them, and he had been running around the battlefield. He was slightly shocked when he saw Wei Qing and Shan fighting. A large number of vines appeared on Wei Qing's body. It was the demonic Phoenix's abhijna.

Thousands of flowers grew out of the vines, and from time to time, the faces of the kun would flash across the flowers. It was obvious that it had already swallowed Gong. The vines grew larger and larger in the air, no different from a barrier. Flash began to lose.

Moreover, the battle circle kept shrinking. Every time he touched the devil's vines, it was as if he was whipped. Under the immense pain, he was bounced back, and his face began to show fear.

"Who are you?"

Flash asked in shock. His previous blind arrogance had completely disappeared.

"Hehehe, Who am I? I'm your ancestor!"

Demon Phoenix laughed wildly. The flowers on the vines bore fruits at the same time, which were all demon Phoenix's faces. They laughed coldly and said, "Aren't you a descendant of the shengmo clan? And this seat is the Holy demon. If I'm not your ancestor, who else can I be?"

Holy demon?!

Flash's entire body trembled. He had finally confirmed his suspicions. He was already at the peak of the demon commander realm. If it wasn't for the difference in strength, how could he have been beaten so badly that he couldn't even fight back? his opponent was indeed someone from that realm!

He was afraid and no longer had the heart to fight. He gathered Qi in his palm and desperately cut open a path.

Seeing this, Wei Qing took the opportunity to fly up and slap Shan's body, sending him flying.

He couldn't care less about his injuries as he tried his best to escape from the barrier of vines. Although he had been ambushed by Wei Qing, he was overjoyed and fled into the distance with wild laughter as if he had survived a disaster.

Wei Qing and Yan were both stunned. They didn't expect the other party to be so afraid of death, abandoning the good battlefield situation and directly escaping to save his life.

Yunxiao felt dizzy as well. He did not expect that one of the so-called eight ancestors, who was so arrogant and aggressive, would be so cowardly and afraid of death.

With a flash, he turned into a stream of light and chased after them.

After all, he was a peak demon venerable. If he didn't get rid of him now, he would be a great disaster in the future.

Suddenly, the body that was moving forward came to a halt. It was forced to a stop. However, due to the high speed, it glided in the air for several thousand feet before coming to a stop.

Flash's face was filled with fear as he stared at the sky with wide eyes.

Yunxiao's eyelids twitched as well. He looked over and saw a cloud of demonic energy gathering and soon turning into a figure that descended from the sky.

"Yuan!"

The few demons who were looking at this side were all shocked. Wei Qing also put away all the vines and the demon Phoenix returned to his shoulder. He looked at them calmly.

Yuan's aura was extremely powerful at this moment. Everyone's heart trembled as they immediately understood that she had stabilized in the Saint Demon Realm.

"Lady Yuan," flash said in panic.

Yi's face was cold as he stared at him with his watery eyes. "So it's the Saint Devil family, one of the eight great ancestors, Lord Shan. I was wondering who in the current Devil World would dare to bring people to the central region to mess with me so unscrupulously,"

Shan hurriedly cupped his fists and bowed. it was a misunderstanding. I had no choice. I hope lady Yuan will be magnanimous.

"Alright, you're one of the leaders of the shengmo family, an old senior worthy of everyone's respect." Yi nodded.

Flash was ecstatic. He didn't think that the other party would let him go. He couldn't help but shed tears of gratitude. He hurriedly said, "Thank you, thank you, lady Yuan!"

"So, I'll grant you a quick death," Yuan continued.

"Ah? You!"

Shan was shocked and immediately felt a powerful aura coming at him. In his shock and anger, he hurriedly jumped up and turned into a light again to escape.

Although he was also a peak demon venerable and could at least hold on for a while if they really fought, the appearance of two Holy demons on the same battlefield and the fact that he had been injured by Wei Qing's sneak attack had already scared him out of his wits. He didn't dare to stay and fight.

Yuan snorted coldly, and chased after flash. A huge fire Lotus condensed in the air, and struck Flash's body!

"Bang!"

"Ah!"

Flash let out a blood-curdling screech as his entire body was set ablaze. He wailed in pain as he flailed his arms and legs in the air.

Yuan's figure suddenly appeared in front of him, and she coldly said, "I'm giving you a quick death, but you're actually trying to escape. I can only slowly burn your body and soul."

Shan's blood-curdling screeches immediately startled the entire battlefield. All of the demons of the ancient regions paled.

After screaming a few times, it seemed like it couldn't make a sound anymore. It directly knelt down in the air, covered its body in pain, and slowly fell from the sky.

This was a huge psychological blow to the cultivators of the ancient regions. The battlefield fell into chaos as cries of fear rang out.

The originally heated and balanced situation was broken in an instant. Many of the demons of the Archaeus region no longer had the heart to fight and immediately abandoned the battle.

The two armies roared in unison, and their auras soared to unprecedented heights. One after another, huge demons exploded and died in the battle.

Yunxiao looked at Yuan with a little fear. He chuckled, cupped his fists, and said, "congratulations, lady Yuan, for successfully combining the two world flames into one. I'm afraid that you're the first person in history to be able to do this.

"Hmph," he snorted.

Yuan snorted coldly as she stared into Yunxiao's eyes. Her left pupil flickered with white ice fiend Heart Flame, while her right eye glowed with a light-green netherworld fire.

The two types of flames burned in her eyes and then dispersed. They became clear and the murderous aura on her body was also restrained.

Yuan did not answer Yunxiao's question, but said alone, "The demonic weapon of the six paths has completely lost its connection to the six wings. If that's the case, then mo PU should be dead, and a new generation of demon masters will be born."

"What do you think, lady Yuan?" Yunxiao asked.

"We'll strike first before he can fully control the demonic weapon!" Yuan said directly. Moreover, I estimate that his injuries have not yet healed."

what? " Yunxiao thought for a moment and said, " do you mean to kill the people of the ancient realm? "

"Yes," Yuan nodded.

it's feasible, " Yunxiao said. no matter what happens to six-winged in the end, it's the best plan to get rid of all his accomplices first. I'm just afraid that I won't be able to find six-winged in the Archaeus region."

"You mean to say that he's not in the Archaeus region?" Yi frowned.

not necessarily. Yunxiao shook his head. it's just my guess. In the realm of heavenly martial arts, there's a profession called clairvoyant. According to their deduction, six-winged will eventually become a demon master and invade the realm of heavenly martial arts."

Yuan's expression changed greatly. She had heard Zhuo kun mention the fortune-teller before. She couldn't help but feel fear in her heart. Two kinds of flames were once again ignited in her eyes.

but where there's a will, there's a way, " Yunxiao said. this is the best choice now. Don't be affected by the divination. After all, there's no other way."

The referee pondered for a moment before nodding again.

The two of them had the same idea. Without further ado, they rushed into the battlefield and began to clear the primordial giant demons.

An hour later, all the people of the ancient realm and the primordial giant demon had been killed.

The demonic Qi between heaven and earth was so dense that it had almost solidified, making the people who had just finished fighting feel extremely satisfied. Even if they didn't deliberately absorb it, the demonic Qi would directly pour into their bodies, and many people immediately recovered a lot.

Wei Qing even took out his yin and yang air bottle and devoured the demonic Qi without restraint.

"Everyone, rest well and wait for orders," the referee ordered. Second grade devil Lords and above, follow me into the hall."

The group of people reluctantly left the battlefield filled with demonic Qi and returned to the main hall of shooting star City.

Yuan's aura was extremely strong at the moment, and even the referee subconsciously lowered his status and stood behind her. The entire two demon tribes were undoubtedly led by Yuan.

Meanwhile, the people from the heavenly martial realm were clustered around Yunxiao.

I've discussed it with li Yunxiao just now, " the referee said. we both think it's necessary to strike first and annihilate the forces of the ancient realm. I wonder if anyone has any suggestions?"

Everyone's heart skipped a beat, and their eyes revealed worry.

They had just survived a great battle, and now they were going to fight again. Furthermore, they were going to attack the Archaeus region from a distance. All of them were extremely nervous.

what? " the referee's face darkened. you're not willing? "

"This subordinate does not dare!"

Under her might, all the demons shuddered and immediately cupped their fists. we'll listen to lady Yuan's decision!

"I know what you're thinking," Yi said coldly,"but right now, the entire central region is like a Grasshopper on a rope. Regardless of whether we take the initiative or not, the other party will not let us go. If that's the case, why don't we take the initiative to fight?"

The referee nodded and said, "that's right." Right now, other than the ancient region's own power, there's also the power of the shengmo clan and the desolate ancient fearsome region. Once they've completely fused and become powerful, it'll be even more difficult to eradicate them."

"Once the demon master is born, he'll join forces with the shengmo family to extract the power of the primordial fierce demon. We can only sit and wait for our deaths," Yi said. She looked at Yunxiao and said, "I wonder if the heavenly martial realm can send more people here? This way, our chances of winning will be higher."

The referee was also looking at them anxiously. After all, Yunxiao and the others represented the power of an entire world, which was far stronger than their two tribes.

Chapter 2375: Chapter 2374-expedition to the Archaeus region

549690339

the heavenly martial realm does have a lot of power, " Yunxiao said thoughtfully. but if we enter the Devil realm, how can we solve the suppression of the realm power? " I don't want the combat force that I've worked so hard to cultivate to be buried after a 50% discount."

"Then do you think you and our two groups can deal with six-winged?" the referee asked.

of course not, " Yunxiao said with a smile. but lady Yuan, can you not change the concept? " We're here to deal with the Archaeus region, not the six-winged clan. If Liu-Chi was at his peak, then this trip to the Archaeus region wouldn't have been necessary."

even if we're dealing with the Archaeus region, " the referee said, " with the participation of the strong cultivators from the realm of heavenly martial arts, even if the strength is reduced by 50%, the odds of winning will still be greatly increased. We're allies on the same line now, but you always seem to have us stand in the way."

The higher-ups of the judge and the other two divisions kept nodding, thinking that what he said made sense. They could not help but feel a little angry as they stared at Yunxiao and the others.

you're wrong, " Yunxiao retorted. my Lord, you're wrong. Who asked you to be right beside six-winged? Furthermore, the six-winged clan is currently dealing with your central region, not the heavenly martial arts realm. It's still a question whether the six-winged clan really wants to deal with the realm of heavenly martial arts. Who has solid evidence to prove that the six-winged clan wants to deal with the realm of heavenly martial arts?"

He glanced at the shocked faces of the demons and smiled, "I didn't."

that's right," Wei Qing added. it's still a question whether the six-winged clan will attack the realm of heavenly martial arts, but we've chosen to come and help you. Don't be greedy.

Min didn't agree and argued, "during the battle outside the city, Shan ye said that once the central territory was unified, I would be the vanguard to attack the realm of heaven martial arts. This is what everyone has seen.

hehe! Yunxiao laughed. what's the big deal?" Who was he? Could he represent the six-winged clan? Don't forget, six-winged was an expert born in the realm of heavenly martial arts. The realm of heavenly martial arts was his hometown. It was just that he had been plotted against back then, so he harbored a grudge. Now that the person who had plotted against him was dead, the hatred would naturally be resolved. If you're not satisfied, we can go back now. You can play this game by yourself."

The judge and all the demons were completely dumbfounded. If Yunxiao said that he would leave at this time, they would be in real trouble.

He had already killed flash and was in a life or death situation with Guyu and six-winged.

The referee suddenly became a little angry and said angrily, "That's not what you said before the battle with flash!"

it was Lord Wei Qing who said it," Yunxiao said faintly. but Lord Wei Qing can not represent the heavenly martial realm. Just like how flash didn't represent six wings. Moreover, the fact that we're standing here right now is a sign of our determination to advance and retreat together with you. Lady Yuan, on the other hand, is insatiable and feels that we don't have enough manpower. If you also think that the suppression of the realm power is nothing, why don't we change the battlefield to the realm of heavenly martial arts? you can follow me back to the realm of heavenly martial arts, and we can work together to fight against the six-winged clan, okay?"

At this moment, no one made a sound. Some of them had tried to pass through the crack, and the pressure of the world power was almost enough to kill them.

This time, everyone fell silent.

Yuan was really afraid that Yunxiao and the others would just leave, so she quickly said, "It's just a suggestion. Since you don't agree, li Yunxiao, then forget it. In this war to the Archaeus region, our two divisions will be the vanguards and suffer a little."

thank you," Yunxiao nodded and said. I'll have to trouble you then.

In fact, even if the negotiations fell apart at this moment, Yunxiao would not leave. He would definitely follow them and watch the battle in the ancient realm.

This was because his purpose of entering the devil realm this time was to investigate the six-winged clan's situation and turn the entire central territory into a strategic buffer to reduce the damage caused by the six-winged clan's attack to the heavenly martial arts realm.

Therefore, the existence of the yuan and Yuan divisions was very important to him and the realm of heavenly martial arts.

that's settled then. Yi nodded. everyone, take a break and we'll set off in three months.

"Yes!"

Everyone shouted in unison. Although they all had worried looks on their faces, their auras were still there, and they were not pessimistic.

After receiving the order, the demons retreated one by one.

Yunxiao also began to talk to Wei Qing, trying to understand what had happened in the past year.

Suddenly, a figure floated over and said softly, "Lord li,"

"Lord Judge," Yunxiao cupped his fists and said.

A trace of resentment flashed through the judge's eyes. He bit his lower lip and said, "It's been more than a year since we last met, but Lord li seems to have grown distant from the church."

Yunxiao was a little embarrassed as he said, "No, Sir Hu is overthinking."

A strange look flashed across Xiao Hong's eyes, and the corners of her mouth curled up in a strange manner. No one knew what she was feeling.

Wei Qing also glanced at the two of them, crossed his arms in front of his chest, and said, "You guys can talk. Come find me after you're done." He was about to leave.

Lord Wei Qing, please wait a moment, " the referee hurriedly said. I think it's better for you two to talk. After all, the important matters are more important, and I have nothing important to do.

She gave Yunxiao a few affectionate looks and sighed, " I thought I would never see you again, my Lord. Now that I can see you again, I will die without regrets.

Her words were so explicit that even a fool could understand what she meant.

Yunxiao could not help but feel extremely embarrassed as he said in a hurry, "Lord Hu, you must be joking. Why would life and death be a matter of life and death? we have an extremely high chance of victory in this campaign to conquer the Archaeus region."

"My Lord, you don't have to comfort me. Even if I win this time, what about the next time?" Next time, he would have to face six-winged directly. We've all experienced the battle between Liu Chi and Mo PU in Tian Han city. That kind of power that could destroy the world was not something that human strength could compete with. Dying in battle should be my final outcome."

Perhaps it was because he could sense his fate in the future that Yi no longer hid his words. Instead, he spoke with his heart, "To be able to see Lord li again at this time is truly the best."

Yunxiao was about to refute, but the judge smiled faintly and said, "I won't disturb your discussion any longer. I'll take my leave."

With that, he turned and left without waiting for Yunxiao's reply.

"Tsk, tsk, since ancient times, I've been full of love, emptiness, and hatred."

Che you shook his head, he started to recite a poem: "From now on, the demon world has another pure little girl who misses you day and night but never sees you."

When Yunxiao saw that they were all looking at him with strange eyes, he immediately turned his head and squinted at che you as he said, "What did you just say? I don't understand what you're saying."

Che you sneered, "hehe, that's right. You don't understand. It's in line with your personality of playing dead when it comes to business."

Yunxiao ignored him and continued to chat with Wei Qing. "Where were we just now?"

Che you quickly interjected, "speaking of missing you day and night, Qianqian."

"Shut up!"

Yunxiao pointed at him and scolded, "you lowly thing! If you can't recite poems, don't try to be artsy like others. You'll only make yourself look lowly. Do you understand?"

"Hmph, I'm just telling the truth. You lie to girls everywhere you go, and you don't allow me to tell you?"

Che you's eyes opened wide, he was not convinced.

But, when he saw that Yunxiao was really angry and still had some fear of him, he did not dare to contradict him again.

The few of them immediately began to chat about the devil World and the future situation, exchanging some information with each other.

Yuan and Yuan didn't disturb them. They also felt that it was inconvenient for them to listen, so they went to cultivate.

Three months later, the Army began to gather outside the shooting star City.

More than 3000 powerhouses were selected from the entire central region, followed by a large number of demons. They were transported in batches to the Archaeus region.

In the entire Demon Realm, most of the demons with intelligence gathered in the central region. The central region was also the safest place in the demon Realm. It was also the vast land with the most rules.

The vast space outside the central region was known as the "desolate ancient fearsome region" because there were no rules to speak of in these regions. It was a world where the weak were prey to the strong, and they devoured each other.

However, there were also many powerful aristocratic families or tribes that had established themselves in these desolate ancient ominous regions. Not only were they doing so for the powerful demonic Qi resources, but the naked law of the jungle could also train the ruthlessness and strength of the demon race.

Yuan County, which Yunxiao had been to before, was actually an existence located between the central region and the desolate ancient fearsome region.

The ancient region had always been mysterious. Even many peak demon monarchs only vaguely knew that this place was within the desolate ancient fierce region. They did not know the exact location. Only a few demon supremacies knew some inside information.

"Launch a counterattack against the Archaeus region? Hehe, this is really interesting."

In a dark hall, the wall lamps were burning with red flames, which made the hall look strange.

A demon placed his hands behind his back as he listened to his subordinate's report. His originally cold face suddenly revealed a smile. However, that smile was even more chilling than the coldness.

“Yes! According to my investigation, the people of the yuan and Yuan tribes, as well as a few experts from the realm of heaven martial arts, are all on their way to our place.”

The subordinate knelt on one knee and did not dare to raise his head.

“I know, you may leave.”

The man waved his hand. Without waiting for the subordinate to reply, a spatial force appeared and the subordinate disappeared.

The man placed his hands behind his back and muttered to himself, “What made Yuan and Yuan so bold as to launch a counterattack against the Archaeus region? haha, I’m actually not angry at all. Is this the reaction of someone who is too angry?”

All the red flames on the wall lamps around the hall suddenly exploded with a bang, sending countless sparks flying in the hall. In the end, it condensed into a slender figure wrapped in a black robe and slowly descended.

what’s wrong? ” the man asked in surprise. have you finished your closed-door cultivation? ”

“With you here making a ruckus, how am I supposed to go into seclusion?” the black-robed man snorted coldly.

“I was just talking to myself, what does it have to do with you?” the man laughed.

“You’re probably begging me because you can’t make up your mind,” the black-robed man sneered.

The man snorted, “what a joke!” Do I need your advice to deal with a group of ants?”

“Oh?”

The black-robed man sneered. He walked a few steps in the hall and sneered, “Then how will you make the decision?”

The man made a killing gesture and said in a cold voice, “of course, I’m going to kill them all! Do you even need to think about it?!”

Chapter 2376: Chapter 2376-trap

549690339

yes, yes, all killed. That’s not bad.

The black-robed man chuckled and said, "then how do you plan to kill them?" Should we just rush up?"

The man sneered, "Who am I?" Still charging forward? We're waiting for them to come and die!"

"Just outside the Saint Devil Hall?" the black-robed man asked casually.

"Why not?" the man asked.

As soon as he finished speaking, he frowned, as if realizing something. After a moment of silence, he said in a much softer tone, "Then what do you think we should do?"

"Don't you have your own plans?" the black-robed man chuckled.

The man said angrily, "if you want to say it, then say it. If you don't, then get lost!" This Lord doesn't have the time to chat with you!"

The black-robed man sneered and walked in front of the man, "It's impossible to stop the enemy outside the Saint Devil Hall. You and I can work together to build a super Colosseum."

"Super Colosseum?"

The man's eyes flickered as he said, "You're referring to the 'trap' that the shengmo family created to train their disciples?"

"That's right," the black-robed man nodded with a smile. This 'trapped' place was the 'dead' place of the central Army. And the demonic barrier Kasaya used to test them."

"Primordial fiend?" the man's eyes lit up.

The black-robed man chuckled. that passage wasn't opened for nothing. We've spent a lot of manpower, material resources, and financial resources to establish a stable passage space by uniting all the Holy demon worlds. It can transport the primordial fierce demons to the Super Colosseum continuously and let them have a good time."

"This is a brilliant plan! We'll do it this way!"

The man clapped his hands in joy.

The black-robed man said, "there's no time to waste. Let's do it now. We'll move all the nearby spatial nodes to the Super Colosseum and make them their graves.

The two of them immediately turned into streaks of light and disappeared from the hall.

A few months later, in a mountain range tens of thousands of miles away from the central region.

The originally clear sky suddenly darkened without any warning, as if the heavenly dog was devouring the sun.

The space suddenly became blurry, and then began to spin in a certain direction. All the demonic Qi in the surroundings was sucked in, and the space within several thousand feet seemed to be compressed into a point!

“BOOM!”

Finally, after it was compressed to the extreme, the powerful force exploded, and a violent demonic light shot out from it, shooting towards the ground!

“BOOM!”

A huge explosion occurred in the mountain range, directly blowing up the top of the mountain within a radius of several thousand feet, revealing an almost flat land.

After the demonic light dissipated, dozens of figures appeared inside, all of them looking around with strange expressions.

“So this is the Archaeus region? Why is it a mountain range?”

It was Yunxiao and the others who had been teleported here. Due to the large number of people, they had been divided into many batches, and they were the first batch.

Yuan’s expression changed slightly, and she looked unsightly as she said, “Oh no, I seem to be in the wrong place!”

The judge furrowed his brows. I thought it was strange before we came out of the tunnel. I didn’t expect that I was wrong. What should we do now? ”

When the rest of the people heard this, they looked at each other without any ideas.

Yunxiao observed the surroundings for a while and said, ” “Strange, this mountain range is a little strange. However, there’s no need to worry too much. Even if there’s a deviation in the teleportation, this place should be within the boundaries of the ancient regions.”

“How are you so sure?” Shang asked in surprise.

how can you be sure of this? ” Yunxiao laughed. how can you be sure? ” I was just guessing.”

Yuan's face immediately turned cold. It was such a big deal, but Yunxiao seemed to be joking.

"Lord li, Are you sure?" the referee quickly asked. This is not a joke!"

'How can I be one hundred percent sure?' Yunxiao asked. I've never been to the Archaeus region. However, this area seems to have been tampered with. Everyone, be careful."

The judge was stunned for a moment. He looked around and said, "How can you tell that something has been done? It seems to be an ordinary mountain range."

the mountain range is fine, " Yunxiao said. but the space here is dense.

He used his divine sense to scan the surroundings, and his expression became very strange. "But aren't the space nodes here a little too dense? It's as if someone had intentionally moved space."

spatial shift?!

Everyone seemed to have never heard of this term before. As the name implied, they all felt strange.

"Lord li, are you saying that someone deliberately shifted the nearby passages to this place to force us to land here?" the referee asked.

you're so smart, " Yunxiao said with a smile. it's not easy to be sure if it's true. But at the very least, there are far too many spatial nodes in this place. I'm guessing that's the case."

"If that's the case," Yi said,"then this proves that we're in the Archaeus region, and that they've already made preparations to welcome us?"

of course, " Yunxiao said. the premise is that my guess is right.

Richard looked up at the sky and said worriedly, "I hope that's right. Even if we fall into their trap, it's better than going to the wrong place."

The desolate ancient fearsome region was so vast that it didn't even have a map. They could only rely on the stars to locate it. If they went in the wrong direction, they might not be able to get out even after a few years.

Furthermore, there was still an endless stream of troops that were about to be teleported over.

Yuan's expression suddenly changed, and a cold glint flickered in her eyes. "You might have guessed right."

Everyone was stunned and looked in the direction of her gaze. They saw a black dot speeding over from the mountain peak in the distance.

As they got closer, the black spot grew bigger and bigger. Yunxiao's pupils constricted as he said, "Primordial fiend!"

The rest of the people were in an uproar, all of them becoming vigilant and waiting sternly.

"Haha, it's indeed an ancient demon," Yi laughed. "That's the right position." Even though the ancient region was located in the desolate ancient fearsome region, it was still very far from where the fearsome demons were. It should be what Lord Li guessed, they set a trap for us to fall into. Although I don't know what dangers there are, it's still better than being transported to the wrong place."

I hope it's as optimistic as you think," Yunxiao said without changing his expression.

There were not many primordial fierce demons, only a dozen of them. They were all 300 to 400 feet long and fell from the sky like Giants.

Although the two demon tribes were nervous, they did not panic. After all, the strongest people of the two tribes were all gathered here.

After the ten-odd fierce demons landed, they swept their gazes across the crowd and roared as they charged over, demonic smoke billowing.

Everyone stood still, waiting for orders. Many of them had cold sweat on their foreheads.

it's ridiculous to say that these boorish men are a trap," Yunxiao said with a frown. don't you think? "

"I don't have time to think, let's kill these boorish men first," the referee said.

"Kill them all!" He immediately ordered.

With a boom, an earth-shattering power erupted from the group of demons, all of which rushed toward the vicious demons.

everyone, attack together! Yunxiao cried out. we'll try our best to reduce the losses! After all, the few people from the heavenly martial realm were not under the referee's order. After Yunxiao spoke, they all moved to meet him.

In just one exchange, half of the fierce demons fell and died on the spot.

The remaining half was also completely annihilated in the time it took to brew half a cup of tea.

The pure demonic Qi from the dead primordial fierce beast spread in the valley. The judge asked suspiciously, "Could we have really come to the wrong place?"

Yuan's expression was also a little ugly, and no one knew what she was thinking.

let's not worry about that for now, " Yunxiao said. we'll talk about it when the Army is here. Even if it's the wrong place, it can't be changed for the time being."

that's the only way, " Yi nodded. let's gather the Army first.

Everyone immediately waited in place.

In the Saint Devil Hall, which was an unknown distance away from the mountain range, the black-robed man and the man were staring at a water mirror with dark faces. There were many powerful Devils standing around them, and all of them had looks of shock on their faces.

13 primordial fierce demons were killed almost in a single blow. How can these people be so powerful?!

An old man had a look of fear on his face as he looked at the mirror in shock at the experts who were sitting cross-legged in the air.

other than Yuan and Yuan, the other powerhouses from the realm of heavenly martial arts seem to be very troublesome as well!

Another person said in a deep voice, his face was filled with solemnness.

"What are you all panicking for?" one of them sneered. Right now, the seventeen Saint Devil families are all gathered here, together with the primordial fierce beast and the strength of the ancient region itself. If we can't even deal with the two tribes of the central region and a few people from the heavenly martial realm, we might as well just bang our heads against the wall and die!"

"These words are really unpleasant to hear. Who was panicking? These people were indeed powerful, but they still couldn't speak the truth? If you think they're trash, you can bring some people with you to try."

The other person seemed to be not used to it and retorted with sarcasm.

“You’re just trying to pick a fight with me, aren’t you?” the man said angrily. We can try, but if we’re going, we have to go together. Whoever doesn’t go is a bastard!”

“Haha, what a joke. Why should I go?” someone else laughed. I didn’t say that they were easy to deal with, you were the one who boasted shamelessly and boasted!”

“Alright! All of you shut up!”

The man who had a gloomy face shouted, and the two of them immediately fell silent. They only grunted in protest.

“What do you think?” the man looked at the man in Black.

The black-robed man pondered for a moment, touched his chin, and said, “The strength of these people is indeed beyond my estimation, but it doesn’t affect our strategy. It is because of this that this strategy is even more valuable.”

“Not bad.”

The man agreed, “Other than Yuan, the others are a little troublesome as well. If we let them get close to the Saint Devil Hall, we’ll indeed be in trouble. Why don’t we attack together and kill them first to relieve some of the pressure on the primordial demon? We can just let the primordial fierce demons finish off the rest of the Army.”

The black-robed man rolled his eyes at him and said, “The primordial demon is your relative?” Do I need you to take care of me like this? In any case, they were a group of retards who didn’t need any capital. He could just lure them over from the depths of the danger zone. Let’s just slowly wear them out.”

“That’s true, we’ll just watch quietly from here,” the man nodded.

The other Saint Devil clan members also nodded with a smile, their faces filled with ridicule.

Chapter 2377: Chapter 2376-trapped

549690339

Yunxiao and the others waited in the mountains for three days, and more than three thousand experts had arrived.

In these three days, several more groups of primordial fierce demons attacked, but they were all repelled. However, it seemed that the number of fierce demons did not decrease. Instead, the frequency of their attacks was also increasing.

What cast a shadow over Yunxiao and the others' hearts was that these fiends seemed to have no end, as they kept appearing out of thin air, as if they had been teleported directly from the depths of the danger zone.

Moreover, this mountain range was extremely strange. They kept fighting and searching for an exit, but it seemed to be endless.

"Could this be an illusion?" he could not help but curse.

Yunxiao's eyes flickered with a golden light as he said coldly, "If it's an illusion, would I not be able to see through it?"

That's hard to say," he chuckled. Who was the one who was fooled by the ultimate at the Dragon Transformation pool?"

Then please ask Lord True Dragon to split this illusion with one strike and save us," Yunxiao said angrily.

Yi suddenly said, "This isn't an illusion. If I'm not wrong, this is an extremely ancient spatial ability. It's called 'substitution'.

"Transplant flowers into trees?"

All the demons were stunned, as if they had never heard of it before. Yuan seemed to have thought of something, and her expression changed, becoming extremely unsightly.

The referee looked at her inquisitive gaze and nodded. "Lady Yuan has also thought of it. It's precisely" transplant "and" space "created out of thin air,"

"Creating space out of thin air?"

'Lord Yi, do you have any meaning in your words? As far as I know, the only things that can create a space out of thin air are Saint artifacts.'

"It's indeed not clear," the referee quickly said, "this space is not created out of thin air, but moved here. It can split countless spaces and then directly put them together."

Wei Qing's expression couldn't help but change slightly, "Isn't this kind of divine power a little frightening?"

"It's indeed a little troublesome, but it's real." Other than the Archaeus region, our opponents are also those Saint Devil families. I'm guessing that they're most likely using some sort of substitution technique, but several mountain ranges, or even dozens of them, are pieced together. In addition, there are many spatial nodes here, which is also the method of grafting."

Yunxiao pondered for a moment and said, 'in that case, does it mean that we are in some strange spatial law? Now that you've said that, I think it makes sense. He had his suspicions before. The terrain of some mountain ranges was indeed strange. If they were pieced together, it would make sense. Do you have any countermeasures?'

Yi shook his head and said, 'we can only use force to split it open, but ...'

He looked worried as he watched the primordial fierce demons that attacked him from time to time. He said worriedly, 'I'm just afraid that they've moved the space of the fearsome region here as well. If we split this place open, won't we fall into the depths of the desolate ancient fearsome region, the place where these fearsome demons live in groups?'

Everyone's expression changed drastically when they heard this.

Although these three thousand people were the elites of the central region, under the constant attacks of the fierce demons, they suffered heavy casualties. This was only the demons that were lured over. If they fell into the demons 'nest, what would happen?

if it is as you said, a place pieced together by countless spaces, ' Yunxiao said, ' then when we split this place, there will definitely be an extremely strong spatial storm, and everyone may be drawn into different spaces. It is indeed troublesome.

Wei Qing snorted coldly, 'I don't think so. If you're afraid of being separated, you can come to my Yin Yang air bottle.' I'll let you all out after splitting the world.'

With the exception of Yunxiao and a few others, the faces of the experts from the two demon tribes changed drastically, and they hesitated.

'What if Lord Wei Qing is forgetful and forgets to let us out when we get out?' the judge said without any hesitation.

'I see. It's indeed a little troublesome.'

Wei Qing coldly chuckled a few times and said, ' then we'll rely on our own abilities. Be careful not to be swept away by the spatial storm.

The referee's expression was a little unsightly. He looked at the crowd and said, 'Is this really the only way to split open space?'

As soon as he finished speaking, a huge tremor came from the distance. Within everyone's line of sight, a large number of primordial fierce demons descended from the sky and rushed toward them.

Gasps could be heard as the hornet's nest seemed to have been poked with nearly a hundred of them!

The faces of Yunxiao and the others also turned unsightly. Wei Qing shouted, "if you want to live, make your decision quickly. Come into my Yin Yang Qi bottle, split open the space, and escape!

Everyone was still hesitant.

it's too late," Yunxiao suddenly said. it's too late now.

"With our skills, we should be able to catch up, right?" Wei Qing frowned.

Yunxiao made a gesture in the air and said, "The space of the devil realm is different from that of the heavenly martial arts realm. First of all, it is much more stable, and it requires extremely strong power to split open. Thus, the spatial storm produced by Tongli would also be several times, or even dozens of times stronger. In addition, the space here was strange, and it was very likely that all kinds of storms would overlap, which would be even more troublesome. Therefore, if we really want to split open the space, we have to choose the weakest spot. This will take time."

Everyone understood at once, and Wei Qing also fell silent.

"Since that's the case, we'll talk about it later. Let's kill all of these fiendish demons first!" Yuan said coldly.

She didn't want to go into the Yin Yang dual Qi bottle either. After all, it would be too passive. Although she was a Saint demon, she had a certain fear of the unknown, not to mention a famous Saint weapon in the demon world.

After Yuan finished speaking, she rushed up first. Her strength burst out at once and tore the two fierce demons in front of her apart. It was extremely brutal!

The people of the two tribes trembled, but they were extremely encouraged. They didn't think too much, gritted their teeth, and rushed forward.

kill them! Yunxiao shouted. kill them!

With a flash of light in his hand, he grabbed the master of the sinking ship and slashed at the primordial demons. At this moment, the banana fan didn't do much damage to these things, so it was better to cut them down one by one with the sword.

With Yunxiao and the others taking the lead, they took down the dozen or so in the front.

At this moment, in the Saint Devil Hall of the ancient regions, a group of Saint Devil clan experts were looking at the water mirror, all of them smiling.

The black-robed man chuckled, "I've finally revealed a group of primordial fierce demons. They seem to be living in a group." This will be enough for them to play for a while."

The man in charge nodded and said, "their strength has also exceeded my expectations. They've been here for three or four days, and more than half of them are still alive." I can't hold it in anymore."

The black-robed man said, "if these 3000 men were to face us directly, I'm afraid that the 17 Saint Devil families would suffer great losses." We'll make our move when their numbers have been reduced to less than a third."

"Less than a third?"

"I'm afraid this wave of demons can't kill so many demon lords," the man in charge said.

The black-robed man smiled and said, "there's no rush. We have patience." They definitely can't leave the Super Colosseum. If they forcefully split open the space, they'll create at least ten spatial storms. When they overlap, even a demon commander will be heavily injured, unless it's a Saint demon!"

The man in charge nodded and said, "it's good that he's severely injured. There's even a high chance that he'll be swept into the void and never come out again. As for those below demon venerable, they'll all die instantly if they encounter that storm. There's no other way."

The rest of the shengmo family members were all terrified, but they all laughed as if they were watching a trapped beast fight.

Several hours later, the fierce battle finally ended. Yunxiao and the others were all pale and panting.

The demon lords "expressions were even more unsightly. At a glance, almost half of them had fallen.

At this moment, primordial ferocious demons were still falling from the sky from time to time. However, there were not that many at once, and they were all either one or two.

we can't take it anymore! the referee said with an ugly expression. we have to leave this damn place. Otherwise, our entire Army will die Here!

I'll find the spatial node first, " Yunxiao said with a nod. you can discuss whether you want to enter Wei Qing's yin and yang air bottle, or my divine realm tablet. But in the divine realm tablet, I'm afraid you'll suffer from the suppression of the realm power."

“Can’t we try to withstand the storm by ourselves?” Yi and the others were extremely conflicted.

of course, ” Yunxiao said. if you choose to take it head-on, that’s fine.

The demons all nodded. After all, it was too dangerous to enter the Yin Yang dual Qi bottle. In the demon world, there was no such thing as entrusting one’s entire life to someone else.

we’ll talk about how to get out later, ” the referee said. you should go and find a reliable weak point first.

Yunxiao took the lead and flew away, then began to spread his divine sense to search around.

On the other hand, Yuan and the others looked slightly tired, but they still charged toward the fiendish demons that kept appearing.

After a few hours, everyone gathered on an unremarkable mountain peak.

Yunxiao stretched out his hand and drew a few runes in the air. Immediately, a Round Array appeared with a few strange cone-shaped light runes drawn on it.

Yunxiao gestured a few times, then pointed at the cones and said, ” “These places should be the safest. However, the so-called safest is only relatively speaking. Overall, the risks are extremely great. I suggest that you all consider hiding in the Holy artifact.”

The referee looked at the crowd hesitantly.

The demon lords all shook their heads and said, ” “We all know the Saint artifact’s power. If we go in, we’ll be handing our lives over to others. We’ve never done something like that before.”

alright! Yunxiao nodded and said, ” since you’ve made up your mind, I can’t say anything more. “Sir, about splitting open the space ...”

“I’ll do it,” Yi nodded.

She was the strongest here, and this kind of thing was only suitable for one person to do. If more than one person attacked at the same time, it would be easier to cause chaos.

Yuan made a grabbing motion with her hands, and the two types of flames immediately appeared in her palms before slowly fusing together in front of her.

In the Saint Devil Hall, the Saint Devil family experts in front of the water mirror all trembled, their eyes wide open.

she's going to shatter the space?! the black-robed man exclaimed in shock.

Chapter 2378: Chapter 2378-heavily injured

549690339

The man in charge said in a deep voice, "it seems so!" Moreover, they could only shatter the space. Otherwise, they would really die of exhaustion inside. If it were you or me, I'm afraid that we would also choose this path in the end."

The black-robed man nodded and said, " the light green flame in Yi's hand is very terrifying. It's not even weaker than the ice fiend Heart Flame. I wonder what kind of flame it is.

The people from the Saint Devil clan all shook their heads. No one recognized him.

After the netherworld fire and the ice fiend Heart Flame fused together, they instantly turned into an incomparably huge fire blade, and under Yuan's control, it suddenly slashed forward!

"BOOM!"

The blade of fire cut into the runic light in an instant and pierced into it.

"Boom boom boom!"

The entire sky trembled violently and was split into two by the flames. It was like a steel plate that was pried open by a vast and terrifying force.

Yuan's expression was extremely solemn as she stared at the slowly splitting sky, not daring to be distracted in the slightest.

"Be careful, everyone!"

Suddenly, Yunxiao shouted, " All of you, defend!"

He was the first to sense the danger, so he quickly held his sword horizontally in front of him and immediately created a barrier around him.

"BOOM!"

The sky instantly collapsed, and the terrifying storm swallowed everyone without any warning.

A large number of demons disappeared in an instant. Even Xiao Hong and the others felt their hearts tremble in a hurry and hurriedly used their own abilities to protect themselves.

Yunxiao's face turned a little unsightly. The power of the spatial storm was as he had expected, more than ten times stronger than that of the heavenly martial realm, and it seemed to be very complicated!

"Come to my Sword World, don't get separated!"

Yunxiao suddenly poured his demonic energy into the sword, instantly drawing out two-thirds of its power and expanding the sword enchantment around it by seven or eight times.

The demons not far away from him all tried their best to get closer.

Some of them finally could not hold on any longer. With a scream, they were swept away by the storm and thrown into the endless abyss.

Only a few lucky ones managed to escape to his Sword World. They heaved a heavy sigh of relief and looked grateful.

The rest of the powerhouses, including Yuan and Wei Qing, also hurriedly created a barrier and began to absorb as many people as possible.

At this moment, Richard was so remorseful that it wanted to cry. Under the investigation of his divine sense, at least half of the Devils had been swallowed up the moment the space was torn open and disappeared.

In the Saint Devil Hall, the huge water mirror turned dark as well, and no one could see anything from it.

The manager's face darkened and he sneered, "This time, they're courting death. After experiencing that storm, at least 70% to 80% of them will die, and the rest will be nothing to worry about. Let's go, we're going to collect the corpse!"

Within the hall, the people of the shengmo family, under his and the black-robed man's lead, all turned into streaks of light and shot out of the hall one after another, flying off in a certain direction.

After that, everyone around the hall received the news as well.

Large groups of demons flew up from all over the place. There were more than ten thousand of them, and they followed closely behind the Saint demon clan experts, quickly disappearing from the hall.

The man in charge and the black-robed man were the two Saint demons of the Saint demon family-Bai heshu. They were also the core leaders of the seventeen families.

Bai was the person in charge. He said: " that spirit beast arena is very far from us. Everyone, hurry up. Don't let them escape!

you must be joking, " the book said with a smile. this is the ancient realm. Without the star map and the teleportation formation, where can we escape to? " Tearing space will definitely produce powerful devil essence fluctuations, so we'll naturally be able to sense them when we're nearby."

When Bai Yi heard this, he felt that it was true and didn't say anything else.

At this moment, Yunxiao and the others were experiencing a terrible scene. A large number of devil Lords were torn to pieces in the space, and many who could resist it by force were swept away, leaving no trace of their aura.

Only those who were attached to the barriers of the experts, and those who were lucky enough to bump into each other, took the opportunity to set up a barrier together, and some survived.

After several hours, they finally saw light and everyone was thrown out!

"Bang!"

The earth trembled, and many figures flew out of the cracks one after another, falling to the ground. It was unknown if they were Dead or Alive.

Some of them were already seriously injured, and they exploded on the spot with a swing, exploding into demonic Qi and dispersing.

Yuan and the others all had gloomy faces. They looked uglier than pig livers and their faces were ashen. They stared at the crack, hoping that more people would be thrown out.

But the cruel display was that the crack soon closed on its own, and no more demon lords appeared.

Yi's heart trembled slightly as he scanned the surroundings with his divine sense. Only three hundred people had survived the spatial storm this time, and seven or eight out of ten had died!

The bodies of demon race people were condensed from demon Qi, not flesh and blood, otherwise, skeleton would have vomited blood on the spot.

But even so, he still felt an abnormal pressure on his chest, and he couldn't help but look pained.

Out of the 300 people who survived, all of them were injured, and many of them were heavily injured.

Everyone looked at each other, and no one dared to speak.

"Even though life and death are determined by fate, this is too stupid of a death!" Wei Qing could not help but say.

"The Archaeus region!" Shang replied coldly. Six wings! I'm going to kill you all!"

Yunxiao's heart stirred as he said firmly, "Right! We'll destroy the Archaeus region, kill six-winged and avenge everyone!"

This was the time when morale was at its lowest, and it was easy for pessimism and despair to spread. Directing all of their hatred towards the Archaeus region was undoubtedly a good way to gather people's energy and boost their morale, so that everyone would be United against a common enemy.

Sure enough, at Yuan and Yunxiao's call, the three hundred people were all furious, as if they were going to fight the Archaeus region to the death.

The referee said, "everyone, adjust your breathing and recover as soon as possible." There might be even more serious challenges waiting for us!"

Needless to say, all the demons were also regulating their breathing. Many of them were too seriously injured and were forcibly suppressing their injuries so that they didn't degrade, their combat power was close to zero.

Yunxiao, on the other hand, was worried. "Since the people of the Archaeus region have already set a trap for us, I'm afraid they'll definitely have a backup plan. It's too dangerous for everyone to rest here."

The referee said, "what else can we do at this moment?" This was the Archaeus region, and they had the home ground advantage. If we don't have a star map, we won't be able to identify the direction at all, so we can only wait here."

Yunxiao thought for a moment and found it reasonable, but he could not refute it. So, he nodded and began to cultivate.

Everyone knew that their fate would be very tragic, so they all made the best use of every second to cultivate, not willing to waste a single second.

Half a day later, Yunxiao and Yi suddenly opened their eyes. They were the first to sense a powerful aura, which blotted out the sky and earth as it flew over from a distance.

Yuan's face changed drastically as she looked at Yunxiao and said, "How do you feel?"

no, " Yunxiao shook his head slightly and said, " I'm afraid there are over ten thousand people.

"What?"

The expressions of the two people woke everyone from their cultivation. At this moment, when they heard this, all of their faces were ashen.

don't panic, everyone, " Yunxiao said. since we are all prepared to face death, the worst that can happen is death. What is there to fear? "

"Not bad! Lord li was right, the worst that could happen was death. We've set out with three thousand men, but we haven't even seen a single enemy, and we're only left with three hundred. Everyone here is considered lucky, so what is there to be afraid of?"

The judge chimed in as well. She gave Yunxiao a glance with a smile, without the slightest fear, and her face was filled with determination.

Yunxiao thought to himself, 'no matter what, as long as I can survive this battle, I must protect Phoenix.'

Xiao Hong looked at the two men's eyes silently, as if she had guessed Yunxiao's thoughts, and said nothing. However, he thought to himself, 'I like big brother Yunxiao too, so what right do I have to keep big brother for myself?' No matter what, I must protect big brother's life in this battle.

At this moment, everyone had different thoughts, but they were all prepared for the worst.

An hour later, a dense mass of demons immediately surrounded them from all directions. They all stared coldly at the three hundred people. Most of them had arrogant and mocking expressions, as if they were looking at dead people.

"Those eyes are really annoying!"

"I wish I could dig out all their eyes!" The judge's face turned cold.

Hmph, arrogant. You have to have the ability to do that!

The person in charge, Bai, coldly said, "However, even though you guys don't have any capabilities, you do have some courage. To think that you would dare to come to the Archaeus region and provoke us!"

Shu crossed her arms in front of her chest and said with a mocking expression, "You're wrong. They still have the strength. There are actually more than three survivors. This number is much higher than I expected. I didn't even want to give you the 30-point target."

"Who Do You Think You Are? setting a target?" Richard said angrily. Silly!"

Shu's expression turned angry, but then she laughed and said, "Hahaha, you've seen through it before your death. After all, you're a Holy demon of your generation, so I won't argue with you. Everyone, rest in peace."

"Go, kill them all!" Baiyi waved his hand and shouted.

The tens of thousands of demons instantly became very loud, shouting in unison to kill, making the three hundred people shiver. However, everyone immediately realized that the possibility of them making it out alive was not high. On the contrary, they became relaxed.

"Kill!"

The sounds of killing shook the sky as a dense crowd of demons charged over from all directions.

Yunxiao raised his right hand, and the world's pride and smile immediately fell into his hand as he shouted, "Everyone, move!"

As the banana fan moved, the wind and clouds surged. The strong wind and the fire mixed together and turned into Dragons of Wind and Fire, attacking in all directions!

"BOOM! BOOM!"

Every elemental power that fell would shatter a group of demons.

With just his strength alone, he had actually blocked the attack of more than ten thousand Devils. The remaining people's faces all changed greatly and they retreated, not daring to approach the former!

"Lord ding, go and kill that kid!" Bai's expression changed as he shouted.

An expert from the shengmo family behind him had a difficult expression as he said, "He's with Yuan, if Yuan makes a move then huhu"

Chapter 2379: Chapter 2378-Saint-devil battle

549690339

Bai's face darkened. I'll be there if Yuan makes a move, " he said angrily. don't tell me that brother Shu and I can't protect you? "

"Don't worry," the book nodded. With the two of us here, we definitely won't give Yuan the chance to make a move. The profound level weapon in that kid's hand is too powerful. It's simply the nemesis of large-scale battles. We must kill him."

Ding finally relaxed and cupped his fists. "Then I'll have to trouble the two of you to hold the line, I'll be right back!"

With a flash, he appeared beside Yunxiao in the blink of an eye, then clenched his hands into a pair of chains and reached for Yunxiao's throat, trying to kill him with one strike.

Che you and Xiao Hong were right beside Yunxiao. They wanted to come forward to help, but Yunxiao stopped them and said, " "Leave this person to me, he's nothing to fear!"

He also had his own judgment. Just now, the fierce Wind and Fire had already suppressed the other party's aura. It would be good if they could buy more time for the three hundred soldiers to recover.

Furthermore, if he could kill the cauldron, he would be able to weaken the other party's strength and increase their morale. It was killing two birds with one stone.

But if che you and Xiao Hong attacked, the other side would definitely send more experts, and it would be a chaotic battle.

Thus, he immediately stopped che you and Xiao Hong and went up to the cauldron alone.

"Haha, you still dare to say that I'm not a threat? He really deserved to die!"

Ding suddenly stretched out her hand, which transformed into a sharp claw and struck at the sky.

He had been worried that they would besiege him, but when he saw Yunxiao rush up alone and say some arrogant words, he immediately relaxed his vigilance and was filled with anger. He grabbed at Yunxiao with all his strength!

The demonic claw spread out in the air and covered a radius of several thousand feet, causing the ground to shake and make a muffled sound.

Holding the sword with both hands, Yunxiao slashed it out in a straight line!

“Bang Bang!”

The floating sword hit the palm of the demonic claw, sending out beams of demonic light. The sound of metal colliding was heard, and countless palm lines were broken.

“Ah!”

Ding screamed in pain. He grabbed his right wrist with his left hand, and his eyes almost popped out.

“What?”

The rest of the shengmo family’s experts were all shocked. They had some understanding of each other, and they knew that ding’s claw attack was so powerful that even divine weapons would find it hard to resist it. Yet, it was so easily sliced apart by the other party’s sword!

Yunxiao was shocked as well. He had thought that he could easily break the palm, but he could not penetrate it with his floating advantage.

His face sank, and he poured more demonic Qi into the sword. Suddenly, a stream of light flew up, and with a “Chi” sound, it cut a hole in the palm of the demonic claw, and he himself flashed through it.

“Ah!”

Ding screamed as his right hand exploded with a bang. He staggered a few steps back, and the monstrous demonic Qi on his body began to scatter. His aura dropped rapidly.

All of his demonic Arts were cultivated on that palm. Now that it was broken, he was like a tiger that had its limbs cut off, waiting to be slaughtered. Under the pain, his face was filled with fear and confusion, not knowing what to do.

But, Yunxiao did not scare him for too long, because a sword came down and cut off his head. It exploded with a bang and turned into fiend energy.

“Lord ding!”

Someone from the shengmo family cried out in grief and indignation. It was an expert from one of the families. Although there were many open and secret conflicts on normal days, they were all feeling sad for the death of their kind.

Yunxiao pointed his sword at the shengmo family and sneered, “who else dares to come and die?!”

He could travel 3000 miles and block millions of soldiers with one sword!

The tens of thousands of soldiers were in an uproar. They became restless and couldn't help but retreat a lot. No one dared to rush forward.

"You're looking for death!"

Bai's face turned cold as he looked at Shu and said, "Ding's strength is extraordinary. Although he died because of his carelessness, this kid really can't be underestimated. Why don't you make a trip down personally to boost the morale of the three armies?"

Shu's expression became a little solemn. Although he was a little unwilling, at this time, under the attention of the three armies, if he retreated, the impact would be significant. He could only nod and say, "Alright," he said.

The black robe on his body was removed, revealing his burly and majestic body. His aura slowly rose, and his entire face turned from yellow to lustrous.

As he took a step forward, a powerful force spread out and shook Yunxiao's long robe.

"Holy demon!"

Yunxiao's face flickered.

Two figures stood out from behind him and said in unison, "I'll fight this battle!"

They were Yuan and Che You. After they finished speaking, they frowned and looked at each other coldly.

"What, are you afraid?" the book sneered.

Before Yunxiao could answer, Che You said, "This isn't a question of whether I'm afraid or not. It's just that our strengths are completely different. You're dealing with a minion as a Saint demon. Even if you win, will you still have any face?"

"Hmph! He killed the cauldron with a single sword strike, and he dares to call himself an underling?"

"What is that cauldron?" the book said angrily.

Che You laughed, "Of course they're nothing more than trash. If you want to play, then let me accompany you. If you're afraid of death, then get lost. Let these 10000 minions die first!"

you don't have to provoke me, " the book said. since you insist on dying, I'll just have to fulfill your wish. "Come out, I'll kill him after I kill you," he said with a cold smile. Then, he pointed at Yunxiao.

In fact, Shu was also afraid in his heart. He was afraid that the other party would be replaced by Yuan, and that would be a big problem.

Although Yuan's current state was not too good, when he saw her combine two types of flames into a blade in the water mirror and split open the void, he could sense that the other party's strength was above his.

Thus, he simply called out che you and killed him. If Yuan wanted to fight again, he would have an excuse to retreat and Bai Shang would fight.

Baiyi had the same thoughts, hoping that the book would fight with Yuan. Seeing that it was che you who accepted the challenge, he could not help but reveal a disappointed expression.

In their eyes, the only person who could pose a threat to them was Yuan, who was also a Holy demon. As for the others, no matter how powerful they were, they didn't take them seriously at all.

Yunxiao drew back his sword and said in a low voice, " "Can you do it?"

Che you also did not have much confidence, he said dejectedly: " if it's in the realm of heavenly martial arts, it won't be a problem. But here, I'll do my best.

it's not about trying your best, " Yunxiao said with a frown. if you lose, you'll most likely die.

Che you rolled his eyes at him,"can't you say something nice?" I also know that I might die if I lose, but what can I do at this moment? My chances of winning should be higher than yours."

Without waiting for Yunxiao to speak again, he stepped forward and walked forward.

Yunxiao's face flickered as he said in a low voice, " "Please don't die!"

Che you nodded,"don't worry, it won't be that easy." Don't forget, I'm the true dragon of this generation."

Shu stared at che you, and after a while, shock appeared in his eyes, " you're the realm King of the realm of heavenly martial arts?!

As soon as he said this, the Holy demon world and the demon Army were all shocked. They couldn't help but look at che you. The disdain they had for him disappeared and was replaced with surprise and curiosity.

what? " che you laughed coldly, " if you're scared, then kneel down and call me daddy. I can spare your life.

Shu Xin couldn't help but feel depressed. He had thought that by avoiding Yuan, his strength would be able to sweep away everything, but he didn't expect there to be a World King.

However, he didn't care and sneered, " "Since you're the realm King of the heavenly martial realm, you should know that the devil realm is stronger than the heavenly martial realm, and the Holy devil is far more powerful than the realm King. Moreover, this is the devil World, so I have an advantage."

Che you blinked his big eyes and said,"so?" So you're going to kneel down and call me dad?"

"I'm furious! You should die!"

The book was enraged by the other party's provocation, it was too lazy to say anything more and directly grabbed at che you.

The demon race lacked profound level weapons, especially when they reached the Saint Demon Realm. The only profound level weapons they could have were the six paths demonic weapon, so they all fought empty-handed.

But even so, it was still terrifying. Under the light waves, there was the faint image of a terrifying beast roaring.

Che you's expression was solemn, but his eyes were clear as water. He raised his hand and slashed out with his right arm!

"Swish!"

Wherever the sword Qi passed, the demonic Qi retreated.

Under the sword radiance's shaking, the beast Phantom was directly shattered.

"Bang!"

Their palms hit each other, and a powerful force exploded. Spiritual pressure spread in all directions, and the sky was divided into two with the two of them as the boundary.

However, in just a moment, his palms separated and each of them retreated a few steps.

Shu's expression darkened. His entire arm was in pain from the sword Qi, but the abnormality was dispelled in a flash. A large amount of demonic Qi came from all directions and poured into his arm to repair it.

Che you's arm was also numb, but the difference was that he had to consume his own dragon essence to dispel the numbness.

Yunxiao's eyes flickered as he cried out, "Finish the battle quickly!"

He immediately saw the problem. Shu managed to dispel the sword Qi after taking three steps back, but Che you managed to take five steps back and still suppressed the demonic Qi with his strong body.

Their strength was clear at a glance, and the book had the home advantage. If they delayed any longer, they would have no chance of winning.

Che you also understood this logic. He immediately shouted and his body started to change. Golden scales covered his entire body. His body rose into the air and instantly transformed into a true dragon, roaring as it charged down!

"What? Dragon!"

The book was shocked. His arms shook and he formed a seal in front of him. Strong winds and demonic Qi came from all directions, forming a huge demonic shield in front of him!

"Bang!"

The true dragon's claws struck the demonic shield, causing the entire space to shake violently. Moreover, the demonic shield was directly deformed and unstable.

The book gritted its teeth and couldn't help but sneer, "Hahaha, this Lord's Holy demon Imperial shield has already been cultivated to its peak. Unless one has a strength that surpasses mine, there's no way to break it!"

The people of the hundred races who were watching the battle from a distance were all overjoyed. They all had complicated expressions and different thoughts.

Chapter 2380: Chapter 2380-both sides suffer

549690339

The true dragon's eyes were filled with ferocity. After its claws pressed down with all its might, it suddenly opened its mouth and spat out a ray of green light!

The green light swirled in the air and turned into a world sword, slashing down fiercely!

“Swish!”

The sword cut into the Holy demon Imperial shield and directly penetrated three points!

Countless demonic Qi swirled along the sword, and a vortex appeared on the shield, as if it was resisting the sword force.

“What?”

The book was shocked. The sacred demon Imperial shield could block all attacks that were weaker than one's cultivation base. It was almost an invincible move in the realm barrier.

At this moment, he could only watch as the green sword pierced down bit by bit. If it were to take the time to brew a cup of tea, it would be broken!

what kind of ghost sword is this?!

Shu's heart was overwhelmed with shock, but he didn't dare to withdraw his shield. Otherwise, in an instant, the sword would come down and stab him directly.

Moreover, the power of a sword that could break through a defensive shield was enough to make one's scalp go numb. How could one dare to use their body to withstand it?

After the true dragon spat out the world sword, its bell-like eyes opened even wider, bursting with boundless anger. Its dragon claws grabbed the hilt of the sword, and a dragon roar shook the sky as it stabbed down.

The tip of the sword went deeper and deeper, bit by bit.

As the two armies faced each other, everyone's eyes were fixed on the sword, nervously watching.

Yunxiao was also worried. Now, the two of them had fallen into a situation of competing with their primordial Qi, and neither side could stop. They could only fight to the death.

This situation was advantageous to che you, because the longer this dragged on, the more trouble he would be in.

However, if the Holy demon Imperial shield could not be broken quickly, as long as the speed of the sword's piercing slowed down, Shu would have enough stamina to fight it out with che you.

Because he was surrounded by demonic Qi, he could replenish it without limit. Even if it was very slow, it was better than nothing. However, che you relied on his own strength, consuming a little bit was just a little bit, there was no nourishment.

Yunxiao's eyes were sharp, and he had been staring at the tip of the sword. He was shocked when he saw the speed of the sword slowing down until it almost stopped.

His expression darkened, and at the same time, he shot a look at Wei Qing, Xiao Hong, and the others, signaling that as soon as che you showed signs of defeat, they would all come together to save him.

He also secretly transmitted his voice to Wei Qing to discuss the division of labor later. Wei Qing would be the one to save the person, while he planned to launch a sneak attack with all his might and try to kill Shu.

“Hahaha! What's the matter, you finally can't take it anymore?”

Shu suddenly laughed maniacally. He could feel che you's exhaustion. The sword of the world was just a few inches away from piercing through the Holy demon's shield, but it finally stopped. Under the influence of his powerful demonic power, it was slowly being pushed out.

I can't take it anymore. Next, I'll die!

die! Shu roared, and the aura on her body suddenly exploded. The surrounding demonic Qi flew around her like a whirlwind, and was absorbed into the Holy Demon Shield, increasing its power.

Yunxiao, Wei Qing, and the others grew nervous, waiting for the moment to make a move.

The true dragon's eyes were still cold, but its huge body was shrinking back to its human form. It held the hilt of the sword in its right hand and was still calm. The world sword stopped in the shield again, as if it had stopped.

The book sneered. this is the home ground advantage. The more you consume now, the more you'll be injured later. Why bother? ”

“So, you're going to kneel down and call me daddy?” che you said coldly.

“++! Damn it! Go to hell!”

The book was furious. Its body suddenly leaned forward, madly absorbing the surrounding demonic Qi into the shield, and the sword was slowly pushed out again.

Yunxiao frowned. Although Wei Qing and Xiao Hong were watching nervously, he found it strange, because there was no panic in che you's eyes, but ridicule.

"What the hell is this kid doing?"

'Is he pretending to be calm because he doesn't want us to see his ugly state?' Yunxiao muttered to himself.

With a flip of his left hand, che you took out a huge Dragon Crystal and stuffed it into his mouth.

"Ah?"

Yunxiao's mouth was wide open in shock.

And after che you finished one piece, he ate another.

Apart from Wei Qing, no one else understood what it was and they all looked at che you with a weird expression. Even if it was a heavenly treasure, it would be a drop in the bucket to replenish his true Qi at this time.

Che you unhurriedly ate the two fist-sized Dragon crystals and took in a deep breath. A dragon roar burst out from his chest and shook the heavens!

At the same time, the world swords buzzed under the Dragon's Roar, echoing each other.

A draconic domain began to spread out from che you's body, suppressing the surrounding space and forcing back all the demonic Qi. Everything within a radius of a few thousand feet turned green!

The book's expression changed drastically, and his heart trembled.

He could not feel any demonic Qi under the Dragon Realm. Che you's power continued to rise, and the world sword chimed happily before it fell down again.

Seeing that the Holy demon Imperial shield was about to be pierced through, Shu couldn't help but be shocked and hurriedly shouted, "Bai, quickly save me!"

Although many people from the Saint Devil clan realized that the situation was not right, they did not expect the book to call for help at this time. They could not help but be stunned, and looked at each other, not knowing what to do.

Yuan took the lead and coldly glanced at them. She said in a cold voice, "Whoever dares to make a move will have to pass this Lord first!"

Bai's expression was unsightly. Never in his wildest dreams would he have thought that the true dragon of the realm of heavenly martial arts would be here and defeat Shu. Looking at the current situation, the world sword had already pierced through the Holy Demon Shield and was slowly approaching book's chest. If he didn't make a move now, book might really be killed by that sword.

But even if they did, the other party had Yuan, and the other people were not weak. Could they save Shu?

"My Lord, please save my Lord!"

The experts who came from the same family as Shu were sweating profusely as they pleaded with Bai.

Bai Ye was in a difficult position. This was a matter of fighting one on one in front of the three armies. If he were to make a move, not to mention whether he could really save Shu, even if he could, their shengmo family would lose all their face.

How could Shu care so much? when he saw that the tip of the sword was less than three inches away from his chest, and the terrifying sword Qi had even slightly pierced his chest, he felt a chill all over his body. Hurry up and attack! On account of our acquaintance, don't leave me in the lurch!"

"Al!"

Bai Shen sighed and turned his face away.

When the three experts from the same clan saw that Bai had no intention of making a move, they stomped their feet in anger and charged out to save him.

"You reckless fool!" Yi sneered.

Two flames appeared on her body and combined in front of her. They instantly condensed into a giant blade, which was exactly the same as when she had split the void earlier. She instantly slashed out!

"BOOM!"

The three of them couldn't Dodge in time, and in their shock, they tried to block it. They were instantly injured and sent flying back.

Meanwhile, Yuan's expression darkened, as if she was very dissatisfied with her attack just now. She snorted, "you three ants have it easy. I'll let you live a little longer. You can die later!

This time, the three people's faces turned pale, and they all became well-behaved, not daring to act rashly again. At the same time, the three of them were already seriously injured and even had the thought of leaving first.

At this moment, the book finally couldn't hold on any longer. The sword had already reached his chest and was slowly moving in. He only felt a chill in his chest, and the suppression of the dragon's breath was uncomfortable.

"Even if I die, I'll drag you down with me!" He roared in anger.

His eyes turned red in an instant, and he changed his hand seals, tearing apart the Holy demon Imperial shield. The violent demonic Qi in his palms turned into two sharp blades, and he struck out fiercely!

The moment the Holy Demon Shield disappeared, all the world swords stabbed into book's chest. Che you also arrived in front of the book, seeing the two attacks, he shouted, "not good! but it was too late!

He hurriedly stopped his body and wanted to retreat, but the two slashes had already landed on his body!

"BOOM!"

A terrifying force exploded, and the world sword instantly split the book in half. The entire Dragon field was shattered by the two powerful forces!

Yunxiao saw cheyou's aura plummet, and the blood he spat out was vaporized. Two huge wounds were cut on his body, almost penetrating through it!

"Old dragon!"

He rushed forward with a roar and hurriedly grabbed che you in the midst of the terrifying shock waves, sucking him into the divine realm tablet. Only then did he retreat in a flash.

The power vibrations in the sky lasted for the time it took to brew a cup of tea before they gradually subsided.

Yunxiao did not look too good. The divine realm tablet had been destroyed, and che you was almost on the verge of death. He split a part of his soul and searched che you's body, but he could not find the Dragon Crystal. He could not help but feel anxious.

Che you had already fallen into a deep coma, even if he had the Dragon Crystal, he could not take it out.

In a hurry, Yunxiao had no choice but to gather all the spirit Qi in the divine realm tablet and form an array around che you. It was constantly being injected into his body, trying to maintain his life.

Outside the divine realm tablet, Bai's face was extremely unsightly. He stared at Yunxiao with a cold look, pointed at him, and said, "You're cheating! Before the outcome of the battle has been decided, they've already started to kidnap people!"

Yunxiao's eyes turned cold, and he naturally met the gaze fearlessly. His heart was already burning with anger, and at this moment, he said coldly, "I cheated! What, you're not convinced? If you're not convinced, you can go die!"

"Damn it!" Bai was speechless and said angrily. With a wave of his hand, he immediately commanded the Army and roared, "Kill! Kill them all!"

The people of the shengmo family were already filled with anger, and the tens of thousands of demons in the sky were even more excited. They kept shouting to encourage themselves as they rushed down from all directions!

what a bunch of retards! Yunxiao sneered. have you forgotten the lesson just now?! With a flip of his right hand, he grabbed the proud smile of the secular world and slapped him in all directions!

549690339

"It's that big fan again. Not good, quickly retreat!"

Many people in the Army immediately saw the banana fan and fled in fear. This immediately caused a chain reaction, and tens of thousands of people desperately turned around and left.

Yunxiao's dozen or so fan attacks had killed at least a thousand people, but now they were all afraid of him.

However, it seemed to be too late. Violent elemental power burst out from the banana fan and struck in all directions.

Instantly, the heavens were in a state of sorrow as wails and screams of pain rose from all directions.

"No one is allowed to retreat!" Bai Kuang was furious and roared. Whoever retreats will die!" At the same time, his eyes turned red with anger as he pointed at Yunxiao and roared, "Kill this man, kill the man with the fan!"

He took the lead and rushed at Yunxiao, followed by the rest of the shengmo family, who were roaring and charging at him.

li Yunxiao! the judge's face darkened as he said coldly, " you can leave now. Her body immediately burst into flames and she flashed towards Bai.

Wei Qing and the others also attacked the Saint Devil families 'experts.

The remaining three hundred or so people from the two armies in the central region also stood up from their meditative states and charged towards the shengmo clan.

After sending out more than ten gusts of wind, Yunxiao was almost exhausted. He flew down from the sky and sat down cross-legged a hundred meters above the ground to rest.

The world's pride smile was beside him, quietly floating in the air.

Seeing this, the great army of the Archaeus region finally calmed down. With Bai's orders, they turned around and charged forward once more.

Yunxiao sneered and picked up the smiling pride of the secular world again.

Thousands of gasps could be heard. Thousands of people stopped again, not daring to move forward.

Bai Zheng and Yuan were fighting each other, steadily holding the upper hand. When they saw the state of the Army from the corner of their eyes, they were both filled with rage as they roared,"Whoever dares to remain stagnant will be executed!"

The might of the Holy demon spread out, giving everyone endless courage. They no longer cared about the power of the fan and charged down from the sky.

Yunxiao smiled wryly. Although he still had the power to fan himself, he did not have much left.

A strong wind gushed out of his body and turned into a crocodile to protect him.

The entire land was instantly devoured by the nearly ten thousand mo Army. The scene was extremely tragic. The shengmo family's men were originally in a sorry state, but now that they could catch their breath, they were all furious and wanted to take revenge. Under the cover of the Army, they fought even harder.

A large number of Devils around Yunxiao also rushed over, but they were all torn apart by the half-demon crocodile. The barrier formed by the astral wind was under great pressure and kept changing shape, but it could not break.

The entire scene was in chaos. The rest of the people had also been scattered by the Army, falling into the sea of mo, completely disappearing without a trace.

Suddenly, a powerful flame burst out from somewhere in the chaotic battle and swept in all directions.

Yunxiao looked up and saw that it was the combination of the ice fiend Heart Flame and the netherworld fire, which had turned into a fire Lotus in the middle of the Army and was growing bigger and bigger.

At the center of the fire Lotus was Yuan, who was making hand seals with one hand. She was quietly suspended above the Lotus, driving the fire to burn in all directions. A large number of demons were set on fire upon contact, and miserable screams rang out.

At this moment, the person who took over Yuan and was locked in a fierce battle with Bai Sha was Wei Qing. With Yi's help in the dark, it was equivalent to two against one, and they were not at a disadvantage at all.

Bai Xin was extremely shocked, as if he had a bad feeling. He had thought that it would be a sure-win battle, but the result was getting more and more confusing.

The other party's powerhouses seemed to be endless. He was a Saint demon, but he was being suppressed and beaten.

Moreover, after Yuan's Fire Lotus rose, the middle of the battlefield was almost turned into a sea of fire. Large numbers of devil soldiers were burned to death, and there were screams.

Suddenly, Yunxiao's figure appeared next to Yuan, and with the smiling pride in his hand, he slapped her.

Yuan was shocked, "you!!"

However, she instantly understood. With a wave of the fan, the huge fire Lotus transformed into ten huge fire dragons that rushed in all directions!

"Boom boom boom!"

Those fire dragons were unrivaled and unstoppable. Wherever they passed, large numbers of devil soldiers were burned and exploded, screaming constantly.

The ten fire dragons raised their heads and glared at each other. They traveled through the sky and the earth, wreaking havoc in all directions as if they had a mind of their own.

Yuan's eyes suddenly opened wide, revealing a shocked expression, but even more so, she was filled with radiance. She exclaimed, "What's going on?"

Yunxiao smiled faintly and did not say anything.

Yuan snorted gloomily. Seeing that he was not willing to say, she did not ask anymore.

it's nothing," Yunxiao said. I just divided the five elements wind into ten streams to control those fire dragons.

Only then did Yuan realize that these agile fire dragons were controlled by an invisible wind, wreaking havoc in the devil army. In just a short time, thousands of devil soldiers died under it, and the ten fire dragons slowly disappeared.

A strong wind blew beside Yunxiao and Yi, and then it turned into the crocodile, looking a little tired.

The entire Army of the Archaeus region was pale as they looked at the two of them in terror, not daring to get any closer. Of the ten thousand strong Army, they had already lost half.

The battle was ravaged by the fire Dragon, and the two armies were separated again. However, the Army in the central region was trapped in the center, like an isolated island.

More than half of the central region Army had been killed or injured, leaving only a hundred or so people. However, all of them had determined looks on their faces, and it was clear that they were prepared to die.

Although the Archaeus region's Army was more than fifty times larger, numbering five to six thousand people, their expressions were the complete opposite, their hearts trembling and their faces ashen.

Bai was also shocked. Although they had the advantage in numbers, they were all minions. In terms of absolute experts, they were far inferior to the other party.

I advise you to surrender and not put up any unnecessary resistance. If you continue to resist, you will die without a doubt!

Bai Li shouted.

Yunxiao's expression turned strange as he said, "What? Are you saying that if we don't resist, you'll retreat and not kill us?"

Bai was stunned for a moment and didn't know how to answer. He could only nod and say, "We can be lenient."

there's a hole in his brain, " the referee snorted coldly. he must have been beaten silly by someone just now.

"You coward! You're really looking for death!"

Holy demon! Bai angrily roared. The power of the Holy demon burst out, shaking the surrounding demons so much that they didn't dare to get close.

"Is this your strength?" Yuan's face lit up with joy. It seems you've suffered quite a bit just now."

She glanced at Wei Qing beside her and couldn't help but reveal a strange expression. She didn't expect Wei Qing to be able to injure the other party.

Wei Qing's condition wasn't too good either. He was covered in blood, but his face was still cold and expressionless.

Bai da was extremely furious. He originally wanted to intimidate the other party, but he didn't expect the other party to discover that he was injured.

Even the people of the shengmo family and the Army of the Archaeus region started to look at him with suspicion.

Bai's expression changed slightly, but he pretended to be fine and snorted, "Which eye of yours saw that this Lord was injured? You're too naïve if you want to shake the morale of our Army."

He raised his hand and said in a cold voice,"everyone, listen up! Kill!" Kill! Kill!"

He blurted out the word 'kill', venting the anger and killing intent in his heart. Even if he had to risk his last soldier, he would tear the person in front of him into a thousand pieces!

"Hold on!"

Just as the two armies were in a state of extreme tension, a calm voice suddenly rang out in the air.

Yunxiao's body trembled. He hurriedly raised his head and looked up at the sky, because he was very familiar with the figure.

As expected, the sky shook slightly, and a man's figure appeared. His face was as white as Jade, and he had an extraordinary appearance. It was the eldest young master!

The people from both sects were shocked. Bai Geng flew up and cupped his fists, saying, "Demon Lord!"

He had already treated six-winged as a Devil Master.

Hearing this, Mo was shocked. He looked up and couldn't help but tremble. Although he had never seen six-winged before and had seen Li Yi many times, for some reason, he was convinced that this was the ancestor of the demon race, six-winged, when he saw master Xiao!

“What?”

The eldest young master seemed to have sensed something as well. He fixed his gaze down and finally landed on Yi. He suddenly laughed and said, “Interesting,”

The referee's body trembled. The eldest young master did not exude any kind of aura, but just a glance was enough to give him endless pressure, and he almost could not lift his head.

This was the subtle feeling from the bloodline inheritance. It was as if there was only one way to submit to this person.

Yi forcefully circulated the Buddhist Demon Sacred art to resist the pressure.

The eldest young master laughed awkwardly and said, “I was the one who created the Buddhist demon divine technique. You've actually learned it, and you're in the creation realm. Are you the current demon Emperor?”

Mo's face turned pale, but he gritted his teeth and nodded. He gathered his courage and cupped his fists. Great ancestor, why did you invade the realm of heavenly martial arts?”

The people from both sects were stunned. Ancestor? They seemed to be a little stunned.

Even Bai's face was filled with shock, but he still cupped his fists in front of the eldest young master. The eldest young master ignored him, so he did not dare to get up on his own.

The eldest young master's expression changed slightly, and his face turned cold. He said coldly, “Since you know my identity, what right do you have to question me?”

“I ... I don't dare!” Mo said in a trembling voice. However, the demon race has already developed and grown in the realm of heavenly martial arts. For millions of years, they have been thriving and thriving. If our ancestors want to invade the realm of heavenly martial arts, I wonder how they will treat our race?”

The eldest young master looked at him coldly and said, “All of you were born by me, so I naturally won't sit by and do nothing. At that time, I will come to the realm of

heavenly martial arts in person, and you can follow me and finally return to the devil realm.”

return to the demonic realm?!

Mo’s heart trembled and said, ”but the devil world’s world power is suppressing bi an.”

Yunxiao’s heart skipped a beat. Liu Chi wanted to move the demons to the devil realm, which meant that he was ready to destroy the heavenly martial realm. It seemed that he really wanted to refine the heavenly martial realm into a realm coat of arms. He could not help but feel furious.

“The suppression of the realm power is only a matter of time,” Liu Chi interrupted Yi.”Since I can adapt to it, you can as well.” There’s no need to say anything more about this matter, let’s do it this way.”

Momo was stunned and didn’t know what to do. He had no right to negotiate with six-winged at all. Whether it was his status or strength, he only felt extremely conflicted and conflicted.

Chapter 2382: Chapter 2381-choice

549690339

Lord Demon Emperor, ” Yunxiao said coldly, ” I don’t want to force you to do anything, but if you choose six-winged, there will be no possibility of cooperation between us. From now on, they were enemies and not friends. Although you and Lord AI are both friends that I cherish, it’s a pity that our paths are different, so we no longer plan for each other.”

Mo’s face was drained of blood, and he was struggling internally.

The eldest young master looked on with interest and laughed, ” “What, is it hard to choose? It seems that you have developed a good relationship with li Yunxiao and the others.”

After devouring Li Yi, the six clones ‘memories had already fused together. Although this was the first clone that had appeared, it had also obtained the memories of the same body from six-winged.

Looking at the judge’s troubled expression, the eldest young master continued to ask with a smile, ” “Are you considering the feelings between you and AI, or the feelings of the entire demon race? Are you worried about whether we should move the entire demon race into the devil realm, or are you afraid that Yunxiao and the others will take revenge?”

Mo cupped his fists. ancestor, you're wise. It's difficult.

The eldest young master nodded and said, "it's indeed very difficult to solve." With Yunxiao's personality, if you choose to let the demon race follow me, I'm afraid the entire demon race will be in danger."

Mo's face changed drastically, and he could not help but steal a glance at Yunxiao, only to see the latter's cold face.

Yunxiao nodded. young master, you have become one with Li Yi. So, the one in front of me is at least one-sixth of the Li Yi. He does know me very well.

"If you choose to submit to the six-winged clan, I can understand, and I won't blame you," he said to Yi directly.

Mo heaved a sigh of relief and cupped his fists in gratitude. "Thank you for your understanding, Alliance master."

Yunxiao nodded and said, " but, I understand. Six-winged is right. We'll be enemies then, and I won't leave any hidden dangers by my side. You can stay and leave with six-winged, but once I return to the realm of heavenly martial arts, there will be no more monsters in this world."

His face was filled with killing intent as he stared at the referee. His determined expression was devoid of any emotion.

Mo Meng sucked in a cold breath and said angrily, " "You coward!"

"You what you?"

Wei Qing also sneered, " you're with six-winged now. Six-winged is going to destroy the heavenly martial realm. Do you still want us to leave the monster race alive? " Hehe, Lord Demon Emperor, you're very silly and naive."

Richard felt cold all over, and his palms were covered in cold sweat.

If it was in the past, when he was suppressed under the five Cloud Mountain, all his subordinates were just " Food ". Even if all of them died, he would not feel any heartache.

However, over the years, as the demon Empress, everything seemed to have changed.

Every demon's face flashed in front of his eyes, and Al NA's unparalleled heroic posture was still lingering in his mind.

The eldest young master looked at Bai, who had been ignoring him, and crossed his arms in front of his chest with interest, "I would also like to see your decision."

Bai Yiran bowed to the side, feeling extremely depressed and sullen. No matter what, he was still a Saint demon stage powerhouse. Yet, he was bowing so humbly in front of the Army, and the other party did not even care about him.

"Lord ancestor, isn't there a way to satisfy both sides?" mo said bitterly.

"Actually, your choice is very simple," the eldest young master said indifferently. If you join me, you might still have a way out, but if you join Yunxiao, when I destroy the realm in the future, not a single demon will be able to escape."

destroyed realm?!

The judge trembled, while Yunxiao and the others' eyes gleamed with cold light and anger.

Yunxiao's face was dark as he said coldly, "Isn't it just for the coat of arms? Can you be any more vicious?"

"Oh? You also know about the realm emblem?"

The eldest young master was quite surprised. He looked at Yunxiao with a meaningful look and said, "I'm afraid it was Zhiyu who told you, right? For you to ask such a question, it seems that he most likely didn't tell you the use of the realm emblem. Luanyu has a vicious heart and is full of tricks. Be careful not to fall for his schemes."

luanyu is dead, " Yunxiao said coldly.

"What?" the eldest young master's eyes narrowed as he exclaimed in shock. He actually died? Who did it?"

the ultimate is dead, " Yunxiao said. he's also dead.

The eldest young master stood there in a daze. After a while, he regained his senses and suddenly burst out laughing."Luanyu, and the ultimate, I didn't expect you to die before me. I still wanted to tear you to pieces with my own hands, but it seems that this wish will not come true. How did the two of them die? were you the one who killed them?"

The eldest young master looked at Yunxiao again, very curious to know.

Yunxiao grinned and said, "You really want to know, right? But I just don't want to tell you. Tsk tsk, do you think life is cruel?"

The eldest young master squinted his eyes and looked at him coldly. "You're good, another example of courting your own death."

Bai Yi, who had been bowing, finally took the opportunity to say, "Eldest young master, this person is crafty and ruthless. Let me kill him and bring his head to you!"

"No need," the eldest young master replied indifferently. Two Saint fiends, the experts from the seventeen Saint fiend patrician families, and my ancient realm's Army of over ten thousand couldn't even kill these minions, and even lost a Saint fiend. You guys are really good at doing things."

Bai was embarrassed. He blushed and said, "don't worry, eldest young master. Give me some more time. I will definitely annihilate them all."

"There's no need for that. It'll be troublesome if you die too," the eldest young master waved his hand.

"Thank you for your understanding, eldest young master, but it's impossible for these ants to kill me," he hurriedly said.

The eldest young master looked at him coldly and snorted, "I don't want to take this risk again."

"Yes, thank you for your concern, eldest young master!"

Bai's heart felt warm. He had thought that this demon master was fickle-minded and cold-hearted, but he didn't expect him to be so concerned about his subordinates.

Suddenly, he felt a pain in his head. It was the eldest young master's right hand that had reached out and grabbed his head. Furthermore, an extremely powerful force of unknown origin had completely suppressed him, causing the circulation of devil essence in his body to be blocked.

"Young master!"

Bai's entire body trembled and he cried out involuntarily, his eyes filled with anger and fear. "even if I did not do my job well, I don't deserve to die! I hope that eldest young master will be magnanimous, I'm willing to atone for my crimes!"

The eldest young master shook his head. "you've misunderstood. I'm not trying to kill you. It's just that you have another use for it."

"There's another use?"

Bai's expression turned slightly better, but he was completely suppressed by the eldest young master. He had a bad feeling in his heart and asked, "May I know what eldest young master wants this subordinate to do?"

Yunxiao and the others were also shocked by the sudden change. They all looked at him with wide eyes, not knowing what six-winged was doing.

The eldest young master said, "you should know that my sixth clone is too weak. It will directly affect my cultivation after the fusion. As such, I split into six and cultivated on my own, but the power of my sixth clone was still too slow. Some time ago, I read the ancient scroll of Avici and suddenly obtained a secret technique. It can be used to refine a Saint Devil into demon Pearl Jade. As for the effects of the demon Pearl Jade, you should know that it's extremely useful for my clone."

w-what?!

you ... Bai Yan was shocked and shouted angrily, "you want to refine me into Demon Eye Jade?!"

The eldest young master nodded and said, "I originally had two Holy demons for my use. Now that it's only you, how are we going to fight this war?" Now you know why I'm here to stop you from continuing the fight, right? If you die as well, won't I cry to death?"

All the people from the shengmo family broke out in cold sweat. They felt a chill run up their spines and spread throughout their bodies. Even their palms and feet were cold.

"Damn it!" Bai hou roared. I did my best to help you kill your enemies, but you want to refine me!"

Bai's body trembled violently. It was unknown whether it was because of anger, fear, or because of his desperate struggle, or all of it.

The eldest young master looked at him indifferently and said, "If he really did his best, why would he be angry now? This proves that you're not loyal enough."

"Dammit! You animal! You animal from the realm of heavenly martial arts!"

He exploded in anger. Knowing that he was most likely going to die, he couldn't care much anymore and began to curse, "you'll die a horrible death sooner or later! The vastness of the demonic world is beyond your imagination. There will definitely be existences stronger than you who will take care of you!"

The eldest young master sneered and said, "I'm looking forward to it as well, but I'm most likely going to be disappointed." Because the devil World will become my second coat of arms."

Yunxiao was greatly shocked. It turned out that six-winged was not only going to refine the heavenly martial realm, but also the devil realm.

“You scum!” Bai angrily shouted. The Public Enemy of the two worlds! I hate, I hate so much, I hate that I can’t eat your flesh and blood alive, I hate that I can’t tear you apart with my own hands!”

“Calm down,” the eldest young master said indifferently, “what is there to be sad about in life, and what is there to be sad about in death?”

He made a hand seal, and an ancient scroll appeared in his palm. It rotated and slowly opened in front of him.

Yunxiao and the others widened their eyes. The ancient scroll was the ancient scroll of Avici, but it was shining with a primordial golden light, making it impossible for them to see what was inside. With a flash of golden light, Bai was taken in.

Then, the ancient scroll slowly closed and fell into the hands of the eldest young master. In a flash, it disappeared.

At this moment, although the sky was filled with people, it was strangely silent. There was no sound.

Yi suddenly gritted his teeth and said, “great ancestor, didn’t you say that you wanted the monster race to migrate to the devil World?” Why is the devil realm being refined now?”

The eldest young master placed his hands behind his back and said indifferently, “Refining the devil realm is only my next step. I don’t know when it will be. After all, the power of the devil realm is far stronger than that of the heavenly martial arts realm. I was afraid that I would fail, so I tested it on the heavenly martial arts realm first.”

Everyone felt their hair stand on end. What kind of existence was this person in front of them? he had described the matter of refining a realm so casually. There were hundreds of millions of living beings in it!

Mo gritted his teeth. in that case, even if the monster race moves to the devil World, they won’t be able to escape death?!

The eldest young master smiled faintly. since ancient times, who has never died? how can there be an eternal existence in this world? ” At least if we migrate to the demon Realm, we can live for a few more years.”

“Tsk! You should die!”

“If that’s the case, then don’t blame us for being merciless!” Mo gritted his teeth.

Chapter 2383: Chapter 2382-forming an alliance

The eldest young master nodded and showed a hint of admiration. He said, " you choose your own path. Even if I created you, I hope that you can find your own path and not follow blindly. Otherwise, I will look down on you even more.

He said, 'it doesn't matter if his heart is good or evil, or if his stance is good or bad, but he can't be an idiot. Morons are The Public Enemy of the World."

"Tsk!"

if that's the case, " Mo Yan said angrily, " then the demons will stay in the realm of heavenly martial arts and wait for our ancestor to come and fight!

"I'll be there," the eldest young master replied.

With that, he turned around and was about to escape into the void.

kill him! Yunxiao suddenly shouted, " everyone, let's kill him together! Now that six-winged has created six more clones, it's the best chance to kill him!"

The sword light in his hand flashed, and he condensed the master bobble. His figure flashed and he rushed forward.

Yuan and the others immediately came to their senses and all attacked. In an instant, all the terrifying power burst out and surged into the sky like an avalanche, as if to devour the lone figure.

The eldest young master turned around, the corners of his mouth raised in a sneer, and he flicked his finger. A stream of energy broke through the air and struck the floating object. Yunxiao felt his arm go numb, and his fiend energy was suppressed for a moment.

However, in just a moment, the eldest young master had already disappeared into the horizon.

Following that, a sky full of attacks came, shattering the void. However, there was no trace of the eldest young master. Everything had missed.

Yunxiao's face was a little unsightly as he let the floating object in his hand fade away.

Yunxiao! Xiao Hong rushed over worriedly. big brother Yunxiao, are you alright? "

Yunxiao shook his head. He was too weak at the moment, or he would not have been shaken by six-winged's finger.

The two of them then flew back to the ground.

The scene of thousands of people was so quiet that one could hear a needle. The atmosphere was extremely strange.

The Archaeus region's Army seemed to have lost all will to fight as well, and they simply stood there, not knowing what to do.

The experts from the shengmo family looked at each other. This battle was obviously not going to continue, but they didn't know how to end it.

Yunxiao looked at them and said, "Do you know where six-winged clan is hiding?"

Within the shengmo family, an elder stood out and cupped his fists, "Not far from here, there's a Saint Devil Hall. Six-winged should be hiding in the hall."

"Saint Devil Hall?"

Yunxiao's eyes flickered as he said, "at this moment, you should have come to a realization, right? Are you going to follow Liu Chi, or are you going to kill your way up to the Saint Devil Hall with us?"

"This is an ..."

The people from the shengmo family hesitated. Although they didn't want to continue fighting, they also didn't want to become enemies with six-winged clan.

Yi said coldly, "have you forgotten what Liu Chi said just now? he said he wanted to refine the devil World." At that time, no one would be able to escape death. What was there to consider at a time like this? What six-winged said just now was right. Idiots are the most disdainful!"

When those powerhouses heard this, they seemed to be awakened, and anger appeared on their faces. The old man said solemnly, "Lord Hu is right, that six-winged man is really going to refine the devil World!" Everyone should work together to get rid of it!"

The core figures came to an agreement, and the thousands of soldiers would naturally not work for the six-winged clan. The two groups of people who were originally engaged in a brutal battle instantly formed an alliance and flew towards the Saint Devil Hall together.

But several days later, they searched the entire ancient region, but they still couldn't find the Saint Devil Hall.

Everyone's faces turned ugly.

"I'm afraid six-winged has already found a place to hide, and the next time he appears, he'll be in deep trouble." Yi's face darkened as he said, and he could not help but shiver.

The rest of the Asmodians also turned pale and felt fear.

An expert from the shengmo clan snorted coldly, "Does six-winged really think he's invincible? You must know that there are many powerhouses hidden in the devil World who usually don't care about worldly affairs, but if they want to refine the devil World, no one will sit idly by!"

Oh? " Yunxiao's eyes lit up as he asked, " do you have any way to contact those reclusive experts? "

The person from the shengmo clan thought for a while and said, "We might be able to contact a few of them, but most of them are living in seclusion in the desolate ancient fearsome region. Even we don't know about them."

it doesn't matter if you don't know, " another person said. when the time comes to refine the devil World, they will naturally come out to stop it.

'I'm just afraid that six-winged will defeat all the experts one by one,' Yunxiao said thoughtfully. If we can all join forces, we might be able to fight him!"

"Lord li is right," the referee said, "we should all think of a way to find more experts and spread this matter among the higher-ups of the devil realm."

I'm afraid it won't take two or three years for six-winged to become the Lord of a thousand worlds, " Yunxiao said worriedly. I'm afraid. This matter concerns the survival of the two worlds, so I hope that everyone can work together to overcome this difficult time."

He cupped his fists and bowed to the crowd sincerely.

Everyone's expression changed slightly. They didn't dare to take responsibility and hurriedly cupped their fists in return. of course. This concerns the life and death of everyone. We will do our best.

Yunxiao nodded. in the next two or three years, we can each set up a contact point to strengthen our contact and communication with each other. We can discuss any difficult problems together.

“That’s a good idea. I’ll set up a contact point when I get back,” said Shang.

The crowd discussed some more opinions and details before they all dispersed worriedly.

Yunxiao and the judge also began to return to the realm of heavenly martial arts.

Wei Qing and Xiao Hong, on the other hand, chose to stay. One of them cultivated a mo skill, while the other cultivated rainbow stone spirit transformation, so staying in the mo realm would allow them to progress even faster.

A few months later, Yunxiao and the judge returned to the realm of heavenly martial arts, and they immediately held a meeting of the top level.

This time, they did not avoid the demon clan, but they did not disturb the powerhouses who had already entered seclusion. Therefore, there were very few people in the meeting.

Yunxiao explained in detail what had happened in the devil realm, and everyone was worried.

However, after hearing that six-winged was going to refine the devil World, everyone had a strange expression on their faces.

this might be a good thing, ” Xuanyuan Yao said. it’s equivalent to having the devil realm as a helper. With the power of the two realms, we have a great chance of winning.

I hope so, ” Yunxiao said with a wry smile. I’m not as optimistic as you, Lord Xuanyuan.

“At least our chances of winning are twice as high as before,” Xuanyuan Yao said. However, I really don’t understand. If Liu Chi refines the devil World, how is he going to live?”

I’ve heard that once you become the Lord of a thousand worlds, you can break away from the shackles of a world and wander freely in the universe, ” Yunxiao said. you can do whatever you want. I’m sure six-winged is planning to leave the plane of these two worlds.”

Everyone’s faces were solemn as they listened, but their eyes were filled with yearning.

Yunxiao sighed. it’s meaningless to think too much now. Let’s get ready for war. As for the communication, I’ll leave it to Ling ‘er.”

“I’ll do it now,” Ding Ling ‘er said hurriedly.

yes! Yunxiao nodded and said, " if any Lord comes out of seclusion, Ling 'er, you'll be responsible for passing on the latest news.

"Yes," Ding Ling 'er nodded.

Yunxiao was obviously not in a good mood. He waved his hand and said, " "Everyone, please disperse."

After dismissing the crowd, Yunxiao left Ai, tenzhaozi, and the other alchemists behind and took them into the divine realm tablet to the place where che you was healing.

Formations of various sizes surrounded che you. They gathered the spirit Qi in the divine realm tablet and turned it into a stream that flowed into che you's body, extending his life.

Yuan gaohan's divine sense swept over and he couldn't help but be shocked, he's actually so heavily injured?!

Yunxiao nodded worriedly and said, " 'If it weren't for my divine realm tablet, I would have died on the spot. Although he managed to keep his life, it would be extremely difficult for him to recover completely in two to three years. I've brought you all here to see if you have any good ideas."

there are very few elixirs that can cure the dragon clan, " Amaterasu said in a deep voice. but the Dragon Crystal is a sacred item of the dragon clan. If we can find a few Dragon crystals for him to consume, he should be able to recover in time.

I've told Ling 'er to collect the dragoncrystal Kasaya all over the world, " Yunxiao said with a wry smile. but the possibility of finding it is almost zero.

He began to feel some regret. That day in the Dragon Transformation pool, such a large true dragon had failed to evolve and directly turned into a Dragon Crystal, but a lot of it had been destroyed by him and luanyu. The two pieces that che you ate in the mo world were most likely the ones that fell from the sky and were split by him.

"Indeed, we can't pin our hopes on the Dragon Crystal." Yuan gaohan nodded and said,"we still have to think of other reliable methods."

A hint of worry appeared between Ai Mei's brows as she said in a deep voice,"We still haven't found a solution to the people who were affected by Lu congzi's sorcery, and now we have another tricky problem. In fact, as long as he slowly injected spiritual energy into his body, the true dragon would be able to recover by itself in eight to ten years. It's a pity that we don't have enough time."

Amaterasu's heart was heavy as well. "Let's discuss and find a solution."

That was the only thing he could do now. Yunxiao sighed and sent everyone back to the spell garden.

In a flash, he came to the place outside Yanwu where the spirit Qi was the most abundant, took out the divine realm tablet, and stuck it into the boundless earth with a boom, pressing directly on the spirit vein.

Suddenly, the divine realm tablet glowed with flowing light and began to absorb the spiritual Qi from the outside world.

Yunxiao did not want to suppress the spirit veins in the heavenly martial realm unless he had to. But, the spirit energy in the divine realm tablet was insufficient, and he was afraid that once the supply was interrupted, it would leave a future problem for che you. Therefore, as a last resort, he could only place the divine realm tablet on the spirit vein at this time to be nourished first.

In this way, it would inevitably affect the density of the spirit Qi in the entire city, which would directly affect everyone's cultivation.

But now that things had come to this, he couldn't care much about it.

Regardless of importance or friendship, che you's life was too important.

After doing all that, Yunxiao was about to turn and leave when he suddenly sensed something.

He suddenly turned back to look at the towering divine realm tablet, as if he heard a voice calling out to him in his heart.

"What's going on?"

He couldn't help but be shocked. He had never had such a mysterious feeling since he got the divine realm tablet.

Chapter 2384: Chapter 2384-World King

549690339

It was as if there was something in the divine realm tablet that was attracting him.

"Who is it?"

Yunxiao could not help but ask. With his level of control over the divine realm tablet, he naturally knew that there was no one inside, and it was impossible for anyone to be inside.

However, that feeling became stronger and stronger. After pondering for a while, his figure flashed and he appeared in the divine realm tablet.

As soon as he appeared, a large amount of colorful light began to appear around his body, which was unusually gorgeous. Upon closer inspection, there were actually countless runes flashing within. They were condensed from the laws of the stele.

“What’s with this Yingluo?”

Yunxiao was shocked. At this moment, the feeling that the divine realm tablet gave him was that the power inside was rising crazily. The laws contained within it all turned into runes that flickered in the surroundings.

In the end, that power had even exceeded his control and reached an unattainable level!

the power of a World King?!

Yunxiao was horrified. The power emanating from the divine realm tablet at the moment gave people the feeling that a powerhouse in the realm King realm was standing in front of him.

Then, as if it had a mind of its own, the force suddenly rolled toward Yunxiao, suppressed him, and poured into his meridians.

what’s going on?!

Yunxiao was taken aback. Under the powerful force, his meridians were instantly expanded, and his body was like a leather ball filled with Qi, expanding to the extreme.

could it be that the divine realm tablet is trying to force me to break through to the realm King? ”

After this thought appeared in his mind, he seemed to confirm this guess. He was both surprised and happy. He had never dreamed that such a thing would happen.

He immediately closed his eyes and began to concentrate on following that power to break through to the world King realm.

But before long, Yunxiao’s eyes snapped open, and two cold beams of light burst out of them. Then, he covered his head with his hands, seemingly in pain!

“Dammit! You actually want to control me!”

Yunxiao’s eyes turned red as he clenched his fists. A violent force burst out of his body, and the air around him hissed as a large number of cracks began to appear.

But in just a moment, the runes condensed from the divine realm tablet all began to attach themselves to his skin. Yunxiao suddenly felt like he was bound by shackles, and all his strength was suppressed!

His expression changed drastically.

At that moment, he could clearly feel the increase in his power, but he couldn't control it. He was completely suppressed by the power of the divine realm tablet.

I see. You want to refine me and make me the tool spirit of the monument? ”

Many rumors about the divine realm tablet popped up in Yunxiao's mind, as well as how the previous realm King eventually abandoned his body and turned into a realm spirit.

He didn't expect the divine realm tablet to have such a strong self-consciousness that it wanted to override him as its master!

“If that is the case then Zhenzhen”

“Then I'm sorry, Yingluo.”

A cold gleam flashed in Yunxiao's eyes as he threw his head back and roared, ” no one can be my master except myself! If you insist on doing so, then our fate will end here!”

He suddenly activated the sword Qi in his body, and thousands of sword rays shot out from his dantian, directly cutting his meridians and stabbing his body with thousands of holes!

As a large number of aperture acupoints exploded, Yunxiao was covered in blood, and his energy was rapidly declining.

However, in that instant, he had already grasped the master of floating in his hands. With a ruthless expression, he slashed his sword forward. f * ck off! Let's die together!”

“BOOM!”

Then, the world turned dark, and a terrifying crack appeared in the monument.

At the same time, the thousands of runes that had been suppressing Yunxiao exploded, and he lost consciousness.

Although earth-shattering changes were taking place inside the monument, it was as calm as usual outside Yanwu.

Only the divine realm tablet that was pressing on the spirit vein suddenly lost all its light. It became a little dispirited, continued to shrink, and disappeared in the air in a flash.

As for Yunxiao, who was standing in front of the divine realm tablet, a large amount of blood burst out of his body without any warning, as if all his apertures had exploded. Then, a sword appeared in his hand, and he fell from the sky into the spirit vein.

Several months later, no one discovered anything unusual in this place, and everyone thought that Yunxiao had gone into seclusion.

When he woke up, he realized that he was lying in a spirit vein, his body being nourished by the endless spirit Qi.

Master bobble landed quietly on the ground, seemingly enjoying the feeling of being immersed in the spiritual Qi, with flowing lights floating on it from time to time.

Yunxiao checked his body, and his heart trembled violently!

There was a vast power in his dantian that was like the universe floating there. With a thought, it was like a myriad of stars spinning, and a vast and mighty force instantly filled his body!

World King realm!

Under his ecstasy, he couldn't help but be stunned.

When he thought about the previous process, his expression changed drastically. He hurriedly explored his body and found that the divine realm tablet was still quietly in his sea of consciousness, as if it had not changed much.

Yunxiao's figure flickered and disappeared into the spirit vein along with the master of sinking and floating, then reappeared directly inside the stele.

When he saw that che you was still sitting there quietly, absorbing the spiritual energy from the surroundings, he heaved a sigh of relief. The tension on his face was finally relieved.

"Hu!"

Recalling the previous situation, he thought that he had broken the divine realm tablet. If that was the case, che you would most likely be dead, but now, it seemed like a dream.

He looked at che you quietly, after confirming that he was safe, he left the tablet.

Suddenly, the divine realm tablet seemed to be activated and began to exude a magnificent power that filled Yunxiao's body. Yunxiao felt as if he had become one with the stele.

"This feeling ..."

With the fusion of these powers, a flash of inspiration appeared in his sea of consciousness, and he seemed to have obtained some more information. He frowned and waited for half a day before he finally understood everything. His eyes could not help but shine.

It turned out that the information was recorded in the divine realm tablet, and it was the consciousness left behind by the past realm Kings.

Although it was incomplete and messy, the information it contained was very comprehensive. After digesting it for a while, Yunxiao had almost grasped it.

It turned out that before the previous masters of the divine realm tablet tried to break through to the realm of World King, the divine realm tablet would refine them with great power, or rather, plant a brand on them, destroy their physical bodies, and make them slaves of the tablet, only to live in the divine realm tablet.

At the same time, he would use the world Energy to wash the stele servant and help him reach the world King realm.

This process would be triggered automatically when the cultivation of each generation's divine realm tablet master reached the peak of the creation realm.

Moreover, there were few who could resist, and most of them could only be taken in as artifact spirits and become slaves of the divine realm tablet.

However, there were also some extremely powerful existences. Although they were only at the peak of the creation realm, they could compete with the power of the world King realm and thus maintain a symbiotic relationship, not being refined by the divine realm tablet. However, since then, he had been suppressed by the divine realm tablet and it was difficult for him to take another step forward.

Once he reached the realm of regional King, the divine realm tablet would be helpless and unable to control him.

What's more, after triggering the refining process of the divine realm tablet, not only were they not refined by the tablet, but they took the initiative and directly refined the tablet!

However, even in the endless years of the heavenly martial arts realm, such existences were still rare.

There were a few of them among the fragmented consciousness he had obtained from Yunxiao, but they were too old to be recognized.

did I refine the divine realm tablet? ”

Yunxiao scratched the back of his head and sat on the spirit vein with a silly look.

At this moment, the power emitted from the divine realm tablet was completely different from before. The difference was like that between a warrior and a Martial Emperor. Although it was only a difference of one word, it was a world of difference.

Yunxiao could not help but be overjoyed. His eyes shone like stars in the dark night, peering into the endless distance.

After that, the realm of heavenly martial arts began to prepare for the war.

In the heavy atmosphere, there was good news from time to time. Ding Ling 'er sent people to the old place of the misty cloud ancient shine and found some Dragon Crystal powder from the destroyed Dragon Transformation pool, which helped che you recover some of his injuries and wake up from his deep sleep.

Yunxiao built a few recovery arrays on the spirit vein and let it cultivate on its own. From time to time, people would send all kinds of natural treasures to ensure that it could recover its strength before the war.

Furthermore, the communication between the two realms was also very close. After the discussion of many high-level officials, they planned to set up a battlefield in the devil realm and the heavenly martial arts realm respectively as the main base to encircle and annihilate the six-winged clan.

The realm of heavenly martial arts had also sent a large number of alchemists to help set up all kinds of arrays and barriers in the devil realm.

As for the choice of the battlefield in the realm of heavenly martial arts, many high-level officials were debating.

Ding Ling 'er gathered everyone's opinions and selected several feasible plans, then made notes on them and handed them to Yunxiao.

the battlefield of the realm of heavenly martial arts? ”

Yunxiao could not help but fall into deep thought after reading the plans. Some of these proposals were suggested in the Holy region, some in the four Seas, some in the starry sky outside the realm, and some in places like the divine cloud Palace. They varied.

They had also done a detailed analysis of the strengths and weaknesses of each region, analyzing the pros and cons.

in my opinion, ” Yunxiao thought for a moment and said, ” why don't we choose Yanwu as the battlefield? ”

“What? The city of Yanwu?”

The crowd was shocked and began to discuss. Many people even shook their heads.

if we fight in Yanwu, all the foundations we've built over the years will be destroyed, ”
Ding Ling 'er said in surprise.

Yanwu is the most powerful city in the world today, ” Yunxiao said. it is also the place with the richest spirit Qi, and the rules of realm power are the easiest to sense. Besides, Yanwu has more than ten years of basic construction. Whether it's for attack, defense, or all kinds of restrictive spells, there's no other place like this in the world.”

“That's right. I also agree with choosing Yanwu as the battlefield.”

A familiar voice came from outside the hall, and everyone looked over in surprise.

Yunxiao's eyes lit up as he said with a smile, ” “Lord mu di, you've finally come out of seclusion.”

549690339

Outside the hall, a man walked in with a smile.

This person was none other than lingmu di. However, his temperament and spirit were much stronger than before.

He walked straight into the hall and cupped his fists, ” “Greetings, Alliance master.”

Yunxiao laughed and said, ” you're welcome, my Lord! If I'm not wrong, Your Excellency should have already reached the creation stage!”

Lingmu di nodded and said, ”thanks to the huodou true body, I've already reached the creation realm.” If I go into seclusion for a few more years, there's a chance that I'll be able to return to my peak state.”

that's great! Yunxiao said happily. in this case, our chances of winning are higher.

Lingmu Di's pupils constricted as he looked at Yunxiao in shock and almost lost his composure. “Alliance master, why are you ...”

World King realm!!

Then, he sensed Yunxiao's cultivation base and found that his aura was as vast as the ocean, without any trace. It was as if the person in front of him had never existed, and was just a sea or an abyss.

Lingmu di sucked in a breath of cold air, surprised and overjoyed.

The crowd burst into an uproar. Although Yunxiao had been in seclusion for a long time before he appeared, no one had expected that he would break through to the realm of regional King, and they were all overjoyed.

yes. Yunxiao nodded with a smile. I was just lucky.

Lingmu di was overjoyed. Suddenly, his expression changed and he exclaimed, " then, divine realm tablet, Alliance master Wufu, you Wufu? "

Yunxiao knew what he was worried about, so he smiled and said, "Don't worry, I didn't abandon my body. I've already refined the divine realm tablet. The process is a bit complicated. I'll talk to Lord mu di in detail when I'm free."

"Haha, good, good!"

Lingmu di was unusually happy. His face was full of splendor as he clapped his hands and said, "The heavens are really helping us!"

what Lord mu di said just now, " Yunxiao said with a smile. do you also agree with the choice of Yanwu as the battlefield? "

Lingmu di nodded and said, " if we can win, even if the foundation of all these years is destroyed, so what if the southern region returns to its barren state? " If you want to fight for victory with all your might, Yanwu is indeed the best battlefield."

The crowd also fell silent, listening to mu Di's words carefully.

you're right, Lord mu di, " Yunxiao said with a smile. if we lose this battle, the entire heavenly martial realm will be wiped out. Since we're doing our best, we naturally have to dig out all our assets."

since Lord mu di and big brother Yunxiao both agree to Yanwu, " Ding Ling 'er said, " then it's decided.

Since the two of them had agreed, there was nothing they could do even if the others objected. Besides, no one would be stupid enough to stand up against Yunxiao and lingmu di.

alright! Yunxiao nodded and said, " since we've agreed on it, Ling 'er, you'll make arrangements for everyone's evacuation. I'll discuss the battle plan with Lord mu di. Also, we need to know the situation in the demon world. After all, we are not fighting alone."

"Alright," he said.

Ding Ling 'er immediately got up and began to work on these things.

Yunxiao and lingmu di entered the secret chamber and began to communicate with each other about the future battle. After a long discussion, the two of them left.

After that, Yanwu began a massive migration and arrangement, with everyone moving to the other three regions.

The construction of the city had also stopped, and a large number of alchemists were deployed to set up restrictions and array formations. Energy stones and resources from all over the world were being transported to Yanwu in a steady stream.

At the same time, the battlefield of the devil realm was chosen to be within Cang Xuan mountain, which could lead directly to Red Moon City. As a result, all kinds of restrictive attacks were set up on Redmoon city as a buffer zone before the battle in Yanwu.

Time flew by quickly.

After stepping into the realm of World King, Yunxiao continued to cultivate in seclusion every day, and he had basically comprehended almost all the divine realm tablet and the master of the floating tablet.

Some of the incomplete characters of the Maha ancient God tactic were added by his own understanding of the rules and the rules of all creation refined by Ai Hui. Although they were not the original, they were appropriate.

During this period of time, his cultivation had been growing day by day, steadily improving.

Perhaps it was because of the huge pressure that he was able to concentrate and unleash his potential.

Two years later, an urgent voice suddenly reverberated over the entire city of Yanwu, scattering the White clouds.

Like the shrill cry of an Eagle in the middle of the night, the alarm cut through the surface of the silence in a sharp manner. The hearts of all the people patrolling outside throbbed violently with the waves of sound!

A large number of martial artists who were in seclusion were suddenly awakened with horror in their eyes!

This was the strongest alarm in Yanwu, indicating that it had directly entered a state of emergency preparation.

The sound rang out for more than an hour before it stopped, jolting almost all the people who were in seclusion awake.

Yunxiao appeared in the hall in an instant, and in the time it took to brew a cup of tea, many people appeared as well.

Lingmu di, qu Hongyan, feini, Xuanyuan Yao, and the others had all come out of their seclusion, and all of them looked serious. A tense atmosphere filled the entire Hall.

“Ling ‘er, what’s wrong?”

Yunxiao stepped forward and asked.

In the hall, a small formation glowed with Azure light, and the voice was coming from within.

Ding Ling ‘er was nervous and her face was pale. big brother Yunxiao, I just received news from the devil realm. Six-winged has appeared!

“As expected, they’re here!”

Everyone’s expression in the hall changed drastically. A never-before-seen heavy atmosphere spread out, pressing down on everyone to the point that they felt it was difficult to breathe. Especially Ding Ling ‘er, who had a lower cultivation level. She was already depressed, and she even spat out a mouthful of blood.

Yunxiao was taken aback. He hurriedly waved his hand, and a layer of restrictive barrier emerged to cover Ding Ling ‘er. Only then did he feel much better.

With blood on the corner of her mouth, Ding Ling ‘er shook her head and said, “ I’m fine, big brother Yunxiao. What should we do now? ”

“What did the devil realm say?” Yunxiao asked in a deep voice.

Lord Wei Qing sent us a message, ” Ding Ling ‘er said. he wants us to send as many people as possible to reinforce them.

“Reinforcements?”

Light flickered in lingmu Di’s eyes, and he said in a deep voice, ” “Except for the Alliance master, the others are extremely sensitive to the suppression of the demonic realm.”

‘I’ll go alone, ” Yunxiao said. I’ll go alone. Just stay in Yanwu and follow the previous plan. As long as we don’t mess up, we still have a great chance of winning.”

but, if my husband leaves, the entire heavenly martial arts realm will be without a leader. I don't agree with my husband going!

Feini stood up and objected.

At this moment, the aura on her body was also unusually powerful. Her words carried a heavy weight, making people have to pay attention to her.

Yunxiao's eyes flickered as he said in surprise, "Feini, your cultivation level is very high."

Feini's face was bitter as she shook her head, "What a pity. If I had another ten years, I would definitely be able to break through to the jiewang realm. I can only reach the half-step World King realm now."

Yunxiao laughed. don't be greedy. Even a half-step world monarch is much better than I expected. If I'm not in the heavenly martial realm, I'll listen to Lord mu di and Lord ye Qingyu's orders."

Behind lingmu di stood an old man with a head full of silver hair. Although the old man's body was thin, he was in good spirits. Although he had concealed his aura, the aura that he faintly emitted was more intimidating than many people present. It was ye Qingyu, the master of mystical separation Island who had never shown his face.

but, Zhenzhen! feini was unwilling and said anxiously.

"Alright, I'm done!"

Yunxiao's deep voice interrupted her and he said sternly, "At such a critical moment, you can't disobey my orders, or you'll be killed without mercy!"

Feini's face paled when she felt the coldness coming from Yunxiao. She hurriedly retreated and dared not say anything more.

Qu Hongyan held feini's hand gently and shook her head slightly.

Yunxiao's cold eyes did not fade. Instead, he swept his gaze over the crowd and said coldly, "At this moment, if anyone dares to mess around, no matter who it is, I will be the first to kill him!"

"We wouldn't dare!"

Everyone responded hurriedly. Even Xuanyuan Yao, perfected Lord Meng Ling, and the others, who were of high moral standing, cupped their fists and saluted.

good! Yunxiao snorted coldly. that's good. Ding Ling 'er, open the teleportation array immediately and send me to the red moon City. Also, quickly send someone to inform Lord Jiu Yuan and Lord little Qing, and have them arrive in Yanwu as soon as possible."

After little Qing left that day, she had left Yunxiao a coordinate, so that he could be contacted in time in case what happened today happened.

Ding Ling 'er was shocked. Yunxiao had also changed the way he addressed her from 'Ling 'er' to 'Ding Ling' er'. It was clear that at this moment, he was giving orders purely as the leader of the heavenly martial League, and all other identities and relationships were put aside.

"Yes! Alliance master!"

Ding Ling 'er hurriedly responded, bowed, and left to make various arrangements.

"Alliance master, I'll go with you!"

A voice came from outside the hall. After that, a green light flashed and Che you appeared in front of him. His eyes were cold as he said, "Let's exterminate the six-winged clan in the devil realm together. That will save us a lot of effort."

Che you's aura was overbearing, it was only slightly stronger than before, it could be seen that his injuries had completely healed.

if six-winged is so easy to deal with, " Yunxiao said coldly, " would he still be a Demon Lord? You stay here and listen to mu lingdi and ye Qingyu. If you disobey them or make any mistakes, I'll take your head too!"

Che you's expression changed, but he still cupped his fists: " "Yes, Alliance master!" However, his face was gloomy and frivolous.

Even he did not dare to act rashly at this time.

Yunxiao immediately left Yanwu, teleported directly to Hongyue city, and then entered Mount Cangxuan.

And in Cang Xuan mountain, there was already a demon waiting for him, and the one who received him was Yi.

The judge's eyes lit up when he saw Yunxiao. He walked up to him happily and said, " big brother Yunxiao.

Yunxiao's face was solemn as he asked in a hurry, " "How's the situation?"

The referee suppressed his joy and said seriously, "Six-winged has already emerged from seclusion. I heard that he's summoned quite a few primordial fiends and is currently rushing over from the ancient regions. After we received the news, we have already transported all the personnel and resources to Cang Xuan mountain at the first moment. We have also destroyed all the transportation channels from various places to this place, trying to set up more."

Chapter 2386: Chapter 2386-discussion

549690339

Yunxiao nodded and said, 'well done! In this way, it would probably take a year and a half for Liu Chi to reach Cang Xuan mountain. The longer we delay, the better it is for us. Unless he could destroy the space and build a super teleportation formation by force. But even so, the primordial fiends won't be able to arrive in batches."

"That's exactly what Lord Yi and the others are thinking," the referee said. Lord li, please follow me. "

She led the way in front, and Yunxiao followed closely behind.

The crack above Red Moon City was not unfamiliar to him. Furthermore, when he first entered Cang Xuan mountain, a large number of Devils were stationed here to resist the world devouring devil. But, he did not expect that Yunxiao and the others would destroy all the world devouring demons and even refine them into world devouring pills.

The main mountain range of Cang Xuan mountain was extremely vast. When this place was chosen as the main battlefield of the devil realm, a main palace and a large number of buildings were built all over the mountain.

Yunxiao soon flew to the sky above the main hall with the judge. After the judge performed several incantation gestures, a beam of light appeared on the top of the mountain, which slowly opened into a crack. The two of them entered the crack, and it closed in an instant.

In the main hall, the higher-ups were all nervously discussing the war.

When they saw Yunxiao, they could not help but be overjoyed.

The referee went out to welcome him in person, but when he saw Yunxiao alone, he could not help but be taken aback. "Is Lord li alone?"

what? " Yunxiao smiled. do you think it's not enough? "

There were 30 to 40 people in the hall, and they were all experts. Other than Wei Qing and Xiao honghong, everyone's expression did not look good.

“What do you think, Lord li?” the referee asked.

in the entire heavenly martial realm, ” Yunxiao said, ” except for me, Wei Qing, and Xiao honghong, no one can fully adapt to the pressure of the realm power. Letting them come over would only be a waste of strength, so it was better to stay in the battlefield of the heavenly martial realm, where they could exert their strength the most. By the way, there’s still one more person here who has been in the divine realm tablet and I almost forgot.”

He waved his right hand in front of him, and a demonic light flashed, and a figure appeared. It was Luo, who was screwed over by him in Yuan County, who also had power close to the peak of the demon Lord.

Before he came, Yunxiao had told him about the current situation, and he was very willing to contribute to the fight against six-winged. Yunxiao only agreed to let him out after he made him swear an oath.

The referee glanced at ro and said unhappily, ” “Although this person isn’t weak, it’s only a drop in the bucket. There shouldn’t have been a second battlefield in the first place. One battlefield for a battle of life and death was enough. If Cang Xuan Mountain Falls, the heavenly martial arts realm will not be able to protect it. ”

I don’t want to argue with you on this matter, ” Yunxiao said. besides, the war is coming. It’s useless to argue with me. If you guys are not happy with this, we can just split up. You guys will fight your own battles, and we will fight our own battles. We won’t interfere with each other.”

As soon as he said this, the expressions of everyone in the hall changed.

you don’t have to provoke us, li Yunxiao, ” Yuan said. since you’re here alone, we naturally won’t say anything. If the demon world battlefield is defeated, I hope you can hold on. ”

lady Yuan, ” Yunxiao said, ” don’t you seem to have no confidence at all? ”

Yuan’s face darkened, and she snorted. self-confidence isn’t the key. The key is to do your best. I’m just saying what if.”

don’t worry, ” Yunxiao nodded. if the battlefield in the devil realm collapses and you survive, you can come to the heavenly martial realm. And I know that you should have many things that can resist the realm power of the heavenly martial realm, right?”

The expressions of Yuan and the others changed slightly, as if he had hit the nail on the head.

The devil realm had been spying on the heavenly martial realm for a long time, and they had been studying the things that could resist the realm power. Especially after Lu congzi came, they had made a great breakthrough. At this moment, each of them had three or four means to resist the realm power of the heavenly martial realm. If the demon world battlefield collapsed, they would not be too worried.

if the battlefield here collapses, " Yunxiao snorted coldly, " I naturally won't stop you from entering the heavenly martial realm. But even if you enter the realm of heavenly martial arts, you must listen to our orders and commands. Also, I hope that everyone will do their best in this battle and not try to escape before the battle even starts."

"That's only natural, there's no need for you to say that!" An old man with an unfamiliar face replied coldly.

Seeing a young man from the realm of heavenly martial arts giving orders here, he only felt very uncomfortable, so he retaliated.

Yunxiao was not angry. He smiled and said, " "That's good,"

After that, everyone stopped arguing. Instead, they began to discuss the various arrangements and deductions in detail in front of the sandbox.

as you can see, " Yunxiao said, " how long will it take for six-winged to come here with a large number of primordial fierce demons without a teleportation array? "

Richard made a few gestures on the sand table and said, " "Even if he's the legendary master of the thousand realms, it'll take him at least a year and a half to fly. Even if we exaggerate his power a little, it will still take a year. In this one year, we can increase Cang Xuan mountain's defensive and offensive restrictions by more than thirty percent."

A Saint demon clan's demon commander said,"This thirty percent doesn't seem to be of much use, but it's better than nothing."

Yi nodded and said, " after all, there are few alchemists in the demon world. It's already good enough to set up these things. Don't expect them to be of much help. When the time comes, we'll still have to rely on you as the main force of the battle. In this one year, all of our resources will be gathered here. Everyone should be able to increase their combat strength by at least one or two levels."

"It's impossible to increase my cultivation base in a year, but I can still cultivate one or two secret skills to increase my combat power." The demon nodded.

have you ever considered joining forces to set up an array? " Yunxiao asked.

The referee said, " Lord Wei Qing has mentioned this before, but everyone's cultivation is different. The most important thing is that the devil World has never worked together

to set up a formation. Although we have the intention to practice, we are still very unfamiliar with it.

Yunxiao nodded and understood.

This was very related to the environment of the demon world, because the law of the jungle in the demon world was extremely cruel, so no one would ever entrust their life, or rather, their back to others. Naturally, there would be no formation to fight.

“The Lords are all working together to test the formation, but they’re still very unfamiliar with it. I can use this one year to get familiar with it. ”

Although Yunxiao did not know what array they were cultivating, since it was presided over by Wei Qing, it was most likely an extremely powerful killing array. “That’s good,”

Wei Qing gave Yunxiao a few glances, his eyes filled with complicated emotions. “If I’m not mistaken, you should be a Holy demon now, right?”

“What?”

The hall burst into an uproar as everyone’s eyes fell on Yunxiao in shock and horror.

Even Yuan Heyuan was shocked.

Although Yuan had sensed Yunxiao’s extraordinariness, she had not managed to pry into his true strength. She only thought that he was a half-step Saint demon at most.

The referee’s mouth was wide open, and he was completely stunned.

A few years ago, when Yunxiao first entered The Fiend realm, he was only a fiend Lord, and he had just broken through to The Fiend supremacy realm in Zhiyuan County.

In less than four years, he had actually become a Holy demon. If he hadn’t seen it with his own eyes, he wouldn’t have believed it.

The referee was also pleasantly surprised, “the heavens are helping us!” With Lord li here, it’ll be more effective than the heavenly martial arts realm sending thousands of troops!”

it’s just luck, ” Yunxiao said with a smile. I was just lucky.

All the demons felt their hearts thump, and they couldn’t help but smile bitterly.

The face of the demon venerable who had talked back to Yunxiao earlier turned pale, and his mood was immediately suppressed. Although he knew that the other party

wouldn't do anything to him, he still felt extremely uneasy after talking back to a Holy demon.

Hmph! Wei Qing grunted and said, " that's good too. Why don't the three of us try out the three talents formation in this one year? "

He drew a circle in the middle with his finger, pointing at himself, Yunxiao, and Yuan.

yes! Yunxiao nodded. although the three talents array is the simplest array formed by three people, it is very effective and direct. It is even more powerful than many complicated arrays. The three of us are the most suitable for the formation."

Although Wei Qing only had the strength of a demon commander, with the kun in his body, he had the battle power of a Holy demon.

"I've already memorized this formation," the referee said."In this one year, just the three of us will be able to get used to it."

"If the three of you join forces, I'm afraid that six-winged would have already been killed," said carrion joy.

'Don't be too optimistic,' Yunxiao said. The master of a thousand worlds was already terrifying enough, not to mention the six paths demonic weapon. How many people are there in Cang Xuan mountain?"

"I've always valued quality over quantity, but since it's a life-and-death battle, I can't care so much. We've gathered almost all the troops we can mobilize, a hundred thousand people!"

"100000 people!"

Yunxiao was taken aback as well, but he quickly understood what was going on after a quick glance.

With the current strength of the central region, how could they gather 100000 people? most of the surrounding forces 'subordinates had also come.

"This number doesn't include all kinds of demonic beasts and birds. If these are included, I'm afraid it'll reach 130000 to 140000."

"They won't live for long if we lose this battle anyway," said a demon commander."It's better to contribute some strength for this battle." Even if it's just cannon fodder, it'll be good to use up six-winged's energy."

Although Yunxiao felt a little uncomfortable hearing this, the man was right, so he did not argue.

A cruel look flashed in the referee's eyes as he said, "These 100000 soldiers are only the first defense. They were meant to be sacrificed."

Yunxiao's heart felt stifled. He waved his hand and said, "You can decide on this matter, there's no need to say anything more. I'm not interested in this. If there's nothing else, I'll be going down to cultivate. As for the three talents formation, Wei Qing, you can come to me at any time."

The referee saw that he was a little unhappy and smiled bitterly, "Lord Li, you are too soft-hearted. This battle concerns the life and death of the two realms. These 100000 soldiers are being used as cannon fodder, and they are also being sacrificed for the heavenly martial realm."

I understand what you're saying, " Yunxiao said coldly. I don't want to say anything. However, there is one thing that all of you have to take note of, and that is that within that one year, I have a feeling that with the six-winged's divine ability, it would definitely not drag on for a year before it arrived at Cang Xuan mountain."

Chapter 2387: Chapter 2387-Demon Lord

549690339

Richard did not agree with this view and retorted, "Even if he's fast, he can't be here alone. However, if Liu Chi was planning to act alone, he wouldn't have summoned a large number of primordial fiends. Therefore, I believe that there will definitely be a year's time."

'The accuracy of time judgment is of utmost importance,' Yunxiao said calmly. Don't forget that Liu Chi still had a demonic weapon. He didn't know if he could control the mysterious six paths space. If he could control the six realms, he would be able to bring more primordial fiends with him. Even if the six DAOs space is mysterious and he can't control it, have you forgotten how the eldest young master used the Avici ancient scroll to Capture the Saint demon Bai in the ancient region?"

The judge and the others were shocked.

They had never thought of this possibility. They all looked at each other, not knowing what to do.

so, if six-winged uses the ancient scroll of Avici to bring the primordial fiend here, how long will it take? " Yunxiao continued. have you calculated it? "

"I'm afraid it won't be more than three months," Yi said in a deep voice.

alright, " Yunxiao nodded. then I'll take two months as the minimum time frame, and we'll enter a highly-prepared state in two months.

“You’re right. We can’t be careless about this.” Any negligence could lead to a complete defeat. The three of us will have to get used to our joint efforts within two months.”

A heavy atmosphere spread in the hall. The possibility of the time being guessed in advance put a stone on everyone’s heart. Although a few more months would not make much sense, the thought of the impending war made their palms sweat.

“It’s just a battle, why are you so nervous?” the referee glanced at everyone. You may all disperse.”

Everyone then took their leave and left.

“Sir Tong, I’ll leave everything to you. Don’t disturb our cultivation before six-winged arrives.”

“Don’t worry,” the referee quickly said.

Yuan nodded slightly, then glanced at Yunxiao and Wei Qing, and the three of them disappeared from where they were.

The next moment, the three of them were in a demonic Valley, standing in a corner.

“The three talents formation is the simplest formation for three people, but the great Dao is the simplest. The less complicated it is, the more extraordinary it is,” Wei Qing said.

Yuan nodded. this formation looks simple at first, but it can control heaven, earth, and man. It’s truly an impressive formation.

The comprehension of the laws of heaven and earth of the three of them was rarely better than that of the two realms, so they were able to quickly integrate them. The only thing they lacked was cooperation between them.

Yunxiao had a deep understanding of this, just like how everyone knew Vajra fist, but it was the master of all fists, and could manifest all kinds of fist intent. When trained to the extreme, it was not even below the Luan Yu’s Dragon Fist.

The three of them threw away all distracting thoughts and began to cooperate with each other in attack and defense.

The entire Cang Xuan mountain range became filled with demonic smoke, and all kinds of dispatch came in an endless stream. Many people knew that they were doing it for nothing, but it was better than doing nothing.

As the two months flew by, the pressure that had accumulated in everyone’s heart was getting bigger and bigger. A kind of anxious mood spread throughout the entire Cang Xuan mountain.

All of a sudden, a rumbling sound rang out in the sky. The wind and clouds changed, accompanied by lightning and thunder. A strange phenomenon appeared in the vast sky. A strange green light shone down, dazzling the entire mountain range.

“Not good! The demon Lord is here!”

Cang Xuan mountain was suddenly filled with shouts and a large number of demons ran around to spread the news. In an instant, it was a mess.

The referee was shocked and couldn't help but be furious. A sound wave came out of his mouth and he roared, “Everyone, take care of your subordinates! Anyone who dares to mess up the morale of the Army will be killed!”

The sound waves spread out and destroyed a large area of the forest. Many Hills were also shattered.

Many of the demon soldiers were so frightened that they didn't dare to move. The various leaders calmed down under that roar and began to control their subordinates. Only then did Cang Xuan mountain return to its previous orderly state.

Dozens of lights flickered in the mountains and gathered in front of the main hall in an instant. All of them looked up at the sky in horror.

Yunxiao and the other two were also alarmed, and they teleported to the top of the mountain at once.

Yunxiao's eyes were bloodshot as he stared at the sky and said, “is this tearing the space of the demon world and performing ultra-long distance teleportation?”

Yi carefully sensed it and said in a deep voice, “what a powerful spatial fluctuation. All the spatial nodes have been shattered. What a terrifying force!

Oh?” Yunxiao's heart stirred. is there no way to give him a heavy blow before he arrives?”

The referee's face was filled with guilt as he shook his head, “We didn't think that he'd actually tear space to come here. After all, doing so would consume a great deal of our strength. It seems that Liu Chi is extremely confident in himself. I don't know if this is a good thing or a bad thing.”

While everyone was talking, the strange phenomenon in the sky began to slowly fade away. Only in front of the black hole in the passage, there was an additional white figure floating down.

young master?!

The house trembled. The person in front of him looked exactly like the eldest young master, not the ultimate Six-winged being that he had seen in the shooting Sun Star City.

“Could it be that something went wrong with his cultivation and he failed?” Wei Qing was pleasantly surprised.

Yunxiao rolled his eyes at him and said coldly, ” “Do you think that’s possible? How could he have such unrealistic thoughts at such an important juncture?”

Wei Qing immediately agreed with him. He gave Yunxiao a somewhat ashamed and resentful look, then snorted and turned his head.

“Very good, all of you are gathered here. It saves me the trouble of running around the entire demon world.”

Liu Chi’s eyes turned and a light blue color appeared around his pupils, taking in the entire scene of Cang Xuan mountain. His lips curled up into an evil smile and he said, ”

“There’s a total of 147630 people lying in ambush here. Adding on some of the underlings in Cang Xuan mountain itself, there’s a total of 161440 people.”

His words were like a sudden clap of thunder, and everyone’s faces changed greatly, as if they had been seen through, all of them sucking in a cold breath.

Yunxiao was also in disbelief. Even with his eye technique, it was impossible for him to see the situation inside the mountain in an instant.

Although Yuan knew it was true, she still retorted sarcastically, ” you’re pretending to be mysterious. I have 200000 experts lying in ambush in this mountain. If you don’t act tough, maybe we can still be friends.

Liu Chi didn’t refute him. He smiled faintly and said, ” “It’ll take a lot of time to kill too many people.”

He suddenly raised his right hand and held the ancient scroll of avicinaraka in his palm. Then, the ancient scroll flew up and opened up in the air.

In the golden light, golden runes overflowed from the scroll and turned into the power of thousands of laws that fell like rain.

Within these runes, primordial fierce demons began to appear one after another. Their bodies emitted a terrifying aura as they roared and rushed down from the sky.

“Roar! Roar!”

All sorts of sounds shook the sky, and the entire mountain range trembled.

don't panic, everyone! Wei Qing shouted. no matter how strong the primordial fiend is, there's bound to be a limit to its numbers. We have 200000 troops. We can even flatten the primordial fiend!

The referee shouted, "that's right!" First and second Army, get ready! Kill!"

"Kill!"

The entire Cang Xuan mountain suddenly let out an earth-shaking battle cry. The densely packed demon Army flew up into the sky and attacked those primordial fierce demons.

The entire formation was divided into ten armies, each with at least ten thousand people, and some with magic pets were close to twenty thousand.

The scene of the two armies soaring into the sky was extremely spectacular. Even six-winged was stunned, and the corner of his eye twitched for some reason.

The remaining 100,000 or so people on the mountain were also shocked by this Grand scene. All of their eyes lit up, and the fear from before disappeared, leaving only the impulse to fight.

The hundreds of primordial fierce demons that had been condensed by the ancient scroll of avicinaraka were annihilated in just half an incense's time.

The two armies were even more aggressive as they flew toward six-winged.

Outside the main hall, the judge and the other leaders all widened their eyes and looked carefully.

"I wanted to have some fun with you, but I didn't expect you to be so violent," Liu Qi sneered coldly. Then, all of you, explode on the spot!"

He raised his right hand and made a hand seal in front of his face.

Yunxiao, Yuan, and Xiao Hong's hearts trembled as they saw a 'he fansha' appear around him, turning into a boundless Nebula that bound the Army of more than twenty thousand soldiers!

"Six paths demonic weapon, he really refined it!"

Yunxiao's face turned unsightly as he gritted his teeth and said, "He's indeed the new demon master!"

The 20,000 demons struggled in the air in anger. The sky was filled with the sound of broken metal, and it was chaotic.

Richard swallowed his saliva and said in horror, " even if the six paths demonic weapon is extremely powerful, even a demon master wouldn't be able to kill so many people at once, right? "

Yunxiao gave him a cold look and said, " "Wasn't it your plan to consume six-winged's devil essence? Isn't this exactly what you wanted?"

"This Kasaya is a Kasaya."

The judge was at a loss for words, and the rest of the commanders turned pale as well. They felt as if their hearts had been locked up as they watched the fansha lock down more than 20000 demons.

The corners of Liu Chi's mouth curled up into a mocking smile. He formed a hand seal and said, " 3000-worlds!

"Bang! Bang!"

"Boom boom boom!"

Under the Nebula chains, a terrifying power spread out and turned into rings of light waves that swept in all directions.

More than 20000 demons didn't even have the chance to wail before they were crushed into pieces and turned into dust.

With the six wings as the center, the area within tens of thousands of feet became dark. It was all the demonic Qi formed by the dead demons. It was so thick that it seemed to be solid.

The six wings stood quietly in the center and retracted the Ali fansha. It spun around a hundred feet around him and looked down at the earth with disdain like a god.

The entire Cang Xuan mountain was silent. Everyone was shocked by that attack and couldn't come back to their senses for a long time.

"Six-winged is attacking our momentum. Although the attack just now was terrifying, I can clearly sense that his aura has weakened." Yuan's face darkened as she said coldly. "The third and fourth Armies, kill!"

Her voice echoed clearly in the mountain range.

Yunxiao gave her a complicated look, knowing that her words were half true and half false. Six-winged was indeed a blow to their confidence, but it was impossible to say that it had sensed the weakening of the other party's aura. Even with his powerful spiritual sense, he could not sense anything at all.

[there's only one update today.]

what? do you all want to disobey my orders?!

"Who still wants to retreat at this moment?" the referee shouted. If we lose this battle, the devil World will be annihilated, and no one will Live!"

Although Yuan had lied to everyone, the scene just now was too shocking. The hundreds of thousands of soldiers were so shocked that their minds went numb. Some of them moved, but most of them were still stagnant.

hahaha, looks like you're all scared out of your wits. Did I mess up your plans? " Liu Qi laughed.

After the attack, six-winged was not in a hurry to attack. Instead, it continued to stand in the sky, enjoying the thick demonic Qi.

Small vortexes appeared beside him, and in the blink of an eye, hundreds of them appeared. They were absorbing devil Qi to replenish themselves.

The judge's pupils suddenly shrank as he shouted,"he's injured!" The third and fourth Armies immediately charged forward! Whoever dares to disobey will be killed immediately!"

everyone is responsible for their own subordinates, " Shang said coldly. kill anyone who disobeys!

The two of them issued a death order at the same time, and only then did many demons fly up from the mountain range, their numbers increasing. At the same time, there were many who were scared out of their wits and wanted to escape, but they were killed on the spot by the commander of the upper level.

In this dilemma, the tens of thousands of people charged into the sky. They were going to die anyway, so they might as well brace themselves and charge at six-winged. He shouted hysterically to encourage himself and dispel the fear in his heart.

Liu Chi looked on with a cold gaze and actually began to count, " 29726 people, 29960 people, 30000 people.

The people from the two armies were blocked by a barrier when they were a thousand feet in front of six-winged Army, unable to take even half a step forward.

More than 30000 people madly attacked the invisible barrier. The barrier was like a lake that had been wrinkled by rain, rippling with thousands of ripples.

Six-winged frowned. Although it was like an ant's bite, many ants could bite an elephant to death.

He raised his hand and made a hand seal. The iron chains around him scattered with a clang and appeared at the edge of the enchantment, turning the area into an iron wall.

“Huala”

When all the demons saw the iron chain, they were so scared that they sucked in a cold breath and shivered all over.

“Hmph, trash is indeed trash!”

Liu Qi sneered and raised his hand. He shouted, ” “Azhe fansha, three thousand worlds!”

“Boom boom boom!”

The iron chain rushed out of the boundary and attacked in all directions.

“Bang! Bang! Bang! Bang!”

A large number of Explosions in the Sky were like harvesting leeks. In the blink of an eye, large numbers of demons were killed in the explosion. It was a scene that would be unforgettable for the rest of their lives!

If there was a hell, this would be it.

The entire mountain range was in an uproar. Some people were even wailing like ghosts and howling like wolves. They knelt on the ground and were scared out of their wits.

Yunxiao's eyes flickered as he stared at the sky and asked suspiciously, ” the power of the six wings doesn't seem to be as strong as I imagined.

“You sensed it too?” Yuan was stunned.

yes! Yunxiao nodded and said, ” although these two attacks are extremely terrifying, they are only slightly stronger than ordinary Holy fiends. Earlier, six-winged had condensed over a hundred small formations to absorb devilish Qi around him,

concealing his own aura. However, the second time he attacked, it was completely exposed and the power had indeed weakened. He had already attacked twice, and judging from the power of the two attacks, he was afraid that the situation was not good. However, the confidence on his face right now, that condescending attitude, is definitely not an act.”

“I don’t care, just follow the plan!” Wei Qing said coldly.

Yunxiao and Yuan both nodded.

After six-winged used his second attack, he looked down coldly and laughed, ” “Your strategy is to carry out continuous suicidal attacks? If that’s the case, then in order to save you all trouble, I’ll directly split this mountain range and send you all to the West!”

“Since the demon Lord has said so, it seems that I have to change my strategy a little and come up with something new to play with you, Sir.”

Wei Qing’s cold laughter rang out on the mountain peak. Then, he flew up into the air and confronted the six-winged devil Lord thousands of feet away, not daring to get too close.

The demonic Qi on Wei Qing’s body surged out and the vines began to spread out. In an instant, they had filled the entire space within a thousand feet.

Yi’s figure also appeared behind him and grew to a height of 70 to 80 feet. He began to chant a secret technique and his hands began to form hand seals.

The demonic Qi that filled the sky seemed to have suddenly frozen, and it was out of control as Yi’s hand seals were formed.

huh? ” six-winged’s expression changed slightly. that sounds interesting.

“Is that so?” Yi laughed nastily. The more interesting part is yet to come!”

At this moment, the demonic Qi that filled the sky was like flowing water, divided into two distinct streams.

At the same time, Wei Qing shouted and summoned the yin and yang Qi bottle from his hand. It appeared in the sky above the six wings and grew to a height of more than 100 feet.

A majestic force spread out from the bottle, and the demonic aura suddenly turned into an array with the bottle as the center. There seemed to be a Tai Chi fish rotating around it, and the pattern of the eight trigrams appeared.

Liu Qi’s expression changed and he said in shock, ” the yin and yang dust formation?!

Chu Weiwei was slightly surprised. She chuckled. you're quite impressive indeed. You can even recognize such a long-lost and peerless formation!

"It's indeed this formation," six-winged said. I saw it when I was reading the ancient scroll of avicinaraka, but I didn't pay much attention to it. This formation should have been passed down from the old demon world, but it has been lost for a long time. I didn't expect you to be able to restore it. It's really amazing."

He praised sincerely without any pretense.

The referee saw his indifferent appearance and anger rose in his heart. He sneered, "I don't have that kind of ability. This formation was directly engraved on the yin and yang Qi bottle. I merely set it up."

I see," Liu Qi nodded. I'd like to try the power of this formation too. I'd like to see if it's really as powerful as the legends say.

He raised his hand, and a large black light appeared. It immediately formed a barrier around him to resist the power of the formation.

"As you wish!" Yi sneered.

He made a grabbing motion in the air, and a huge seal flew into the Yin Yang Qi bottle.

Wei Qing also cooperated by casting spells repeatedly. Because he was the owner of the yin and yang Qi bottle, although the referee was exerting his strength, he was only acting as a subordinate.

"Open!"

Wei Qing's face was ferocious as he shouted.

Silver light immediately appeared on the treasure bottle, and the demonic Qi that filled the sky suddenly turned into a clear silver-white color. The faint sound of wind and thunder could be heard from within.

Wei Qing's five fingers clenched, and the silver light seemed to be strangled by an invisible giant hand. With a "boom," it exploded into tens of thousands of fireflies, rolling towards the six wings in the center!

Yunxiao was pleasantly surprised. Those silver lights gave him the feeling of Thunderbolts, and at this moment, they were like a shower of rain, hitting the barrier and causing demonic light to explode.

The Yin Yang Qi bottle was like a holy artifact, firmly hovering above the formation and refining everything within it with its silver light.

'This step was carefully planned, wasn't it? We'll use the demonic Qi from the 50000 dead soldiers to set up the yin and yang dust formation.'

"That's right," the referee replied without any hesitation. Otherwise, the devilish Qi required for the formation would be too great, and devilish essence stones wouldn't be enough. This is also one of the important reasons why we set up 150000 cannon fodders."

The referee saw that he did not look too good and said coldly, "At a time like this, isn't it only right for everyone to display their abilities? These people are only used as cannon fodder to provide energy for the formation. This is considered as doing their best."

Yunxiao's face was livid, and he did not say a word. He could not refute this. Because he was also counting on this great formation to suppress the enemy.

The barrier around six-winged's body began to cave in like a beehive under the attack of the silver light, and its diameter rapidly decreased.

On the peak of the mountain in front of the main palace, all the higher-ups looked on excitedly, and they could not help but clench their fists. can we kill him?!

Six-winged's condition clearly began to decline rapidly, and its resistance to the formation's refinement power became weaker and weaker.

All of a sudden, Liu Chi's hand seals changed and he seemed to be chanting a secret technique. Demonic light fluctuated from his body, cleansing him.

His tired face suddenly became energetic and even more handsome than before. His entire person instantly glowed and his temperament was completely new!

"What's going on?"

Everyone was shocked, and their eyes widened in disbelief.

Yunxiao's face suddenly changed as he cried out in surprise, "Not good! Do you still remember the battle between six-winged and Mo PU in the shooting star City?"

The faces of those who had experienced that battle suddenly changed, and their expressions became unusually ugly.

you're saying that Tao Wu's six wings were just a clone? " Yi asked in shock. and now, he's fused with another clone?!

Yunxiao also felt his hands and feet go cold. "His current appearance is exactly the same as when he fused with one of his clones! In this case, Zhenzhen "

The rest of the people also understood it, and their scalps suddenly went numb.

Yi's voice trembled. you mean he still has four incarnations that haven't merged yet? and he already has such terrifying power?!

Yuan's face was also pale. this isn't the most terrifying thing. The most terrifying thing is that after that fusion just now, he actually recovered with full blood and full demonic power! she said.

In the sky, after six-winged fused with a clone, he made a hand seal, and the barrier immediately expanded outward, returning to its previous size.

The dents on it also disappeared, becoming smooth and even. All the silver light that shot at it could only leave tiny marks on it, which were instantly erased.

Wei Qing and Chi's expressions changed drastically, and they hurriedly strengthened their seals, causing the silver light to spin even more violently.

"Fifth, sixth, and seventh armies, charge!" Yi suddenly shouted.

The mountain range was in an uproar. Everyone's expression changed. Under such a terrifying scene, wouldn't charging forward be a dead end?

549690339

The referee's gaze swept across the crowd as he announced loudly, " with the protection of the yin and yang dust formation, you don't have to worry. You'll be safe in the formation.

Many demons cursed in private, " if it's safe, why don't you do it yourself? " but no one dared to say this out loud. If they disturbed the morale of the Army at this moment, they would probably be killed immediately.

However, the Army was still mobilized under the orders. Deafening roars rang out as they desperately encouraged themselves and braced themselves to charge into the great formation.

Everyone who entered was immediately wrapped in a layer of silver light, as if they were covered in armor. It calmed them down and dispelled all their fear.

"Sure enough, it's safe!"

Some of the demons were overjoyed. They immediately regained their fighting spirit and charged toward the six-winged creature in the middle.

“They’re sending so much ‘energy’ to replenish the formation’s power when it’s starting to run out?” six-winged asked coldly.

The Devils rushed out of the barrier and attacked with all their might. Tens of thousands of attacks hit the barrier. Even in Liu Chi’s current state, he felt pressured.

Although these people couldn’t threaten him for the time being, he still had a headache. If they were killed, these cannon fodders would immediately turn into demonic Qi and be absorbed by the formation, replenishing the Yin Yang Qi bottle and increasing the formation’s power.

If he didn’t kill them, he wouldn’t be able to withstand the attacks of these cannon fodders.

Liu Qi’s eyes turned cold and he said with killing intent, ” too many flies are really annoying. I’ll send all of you to the West!

With a flash of black light in his hand, a violent Qi force spread out. The agama bone Cleaver landed in his hand and he slashed at the yin and yang air bottle!

“BOOM!”

The wind and clouds in the sky surged, and a large number of demons were killed by the saber Qi. An extremely deep crack immediately appeared in the formation, and all the silver light poured in!

Wei Qing’s expression changed drastically. The yin and yang air bottle buzzed from the impact of the saber Qi. Although a large number of demons died and instantly turned into silver light, the foundation of the formation was still shaken!

Six-winged laughed hideously as he raised the agama bone Cleaver in his hand again and slashed down!

“BOOM!”

Heaven and earth trembled, and the silver glows were actually shaken off by the saber Light, turning into silver needles that shot in all directions.

Wei Qing only felt an abnormal pressure on his chest, and there were faint signs that he couldn’t bear it.

Fortunately, a large number of demons were also killed by the gleam of the agama. They instantly turned into the energy of the formation and maintained it.

However, anyone could see that if the six-winged skeleton were to be slashed a few more times, it would definitely shatter.

Wei Qing! Yunxiao cried out in a hurry, " don't take it head-on! Preserve your strength!"

"Haha, what a joke!"

When Liu Chi heard this, he laughed wildly and said, " "You want to preserve your strength in front of me?"

He raised his hand, and the agama bone Cleaver hummed and immediately turned into thousands of blade shadows, slashing in all directions!

"Bang! Bang! Bang! Bang!"

The saber Qi crisscrossed like a spider's web, covering the sky. The yin and yang Qi and the eight trigrams golden talisman in the formation began to shatter.

The 30,000-strong Army was almost completely wiped out by the saber Light.

Wei Qing's face turned pale, and his hands quickly formed a seal and entered the treasure bottle. The mouth of the Yin Yang Qi bottle suddenly turned, and a white light poured out, as if a divine light had descended.

Liu Chi's expression changed slightly. His body suddenly became sluggish under the white light, as if he was being suppressed.

"Attack!" Wei Qing shouted at the same time.

Yunxiao and Yi understood what he meant. In a flash, they appeared in the sky and attacked six-winged with their Supreme techniques.

Without saying a word, Yunxiao shot out an extremely powerful sword intent. Yuan's two flames merged into one, forming a giant blade in the air, and suddenly slashed over.

One saber slashed horizontally, one sword slashed vertically in all directions!

The Yin Yang Qi bottle's light suddenly grew brighter, and the light covering the six wings became several times thicker. Six-winged's body finally moved, and he transformed into three heads and six arms, each of which formed an incantation gesture to unleash a divine ability.

"BOOM!"

The terrifying power of the sword and saber slashed into the White light, causing an earth-shattering boom. A destructive aura surged out from six-winged's body and swept across the universe!

The Yin Yang Qi bottle in the sky instantly dimmed. It retracted all of its radiance and flew towards Wei Qing's hand.

Yunxiao and Yuan each stood in a corner of the three talents formation, looking warily at the center.

Although the attack just now was powerful, six-winged had taken it head-on.

After the demonic light faded, blood trickled down the corner of Liu Chi's mouth, and his eyes were cold. Other than his left hand, each of his six arms held a mo weapon.

The attack just now had been blocked by the barrier created by the five mo weapons!

"It's really a little dangerous, Yingluo."

Liu Chi wiped the blood from the corner of his mouth and said coldly, "If I'm careless, I might really be killed by you guys."

Yunxiao's heart stirred as he frowned and said, "Blood? Don't you have a demon body? Why is there still blood?"

"You'll have to go to hell and ask the king of Hell about this!" Liu Chi laughed coldly.

A burst of turbulence spread out from his body, as if a powerful force was being poured into him. Yunxiao and the other two, who were closest to him, immediately felt it, and they could not help but be shocked. did the third clone merge?!

if you want to conquer Mount Cangxuan with just the fusion of three avatars, you are underestimating the heroes of the world! Yunxiao said coldly.

"Hmph, if I fuse six bodies at once, the game will become monotonous. What fun is there to speak of if the two worlds are destroyed in an instant?"

After six-winged merged with a clone, his strength increased once again. A wild and unparalleled aura spread out, causing one's heart to sink slightly. What made Yunxiao and the other two even more depressed was that with the improvement of his strength, his injuries had also completely healed.

If this went on, wouldn't six-winged have three more chances to be resurrected with full blood?

"Then I'll just die at the third level of fusion!"

Yunxiao's face darkened. sword quaking demons! he said, sending out a surging sword intent.

A domineering move surged out, forming a huge sword shadow. The sword momentum alone had the power to split the sky and earth as it slashed down from the sky!

“What a joke!”

The six-winged blade light turned, and the agama appeared. With a demonic sound, it slashed at the sword shadow!

“BOOM!”

As the sword shadows crumbled, a human figure suddenly appeared in front of six-winged and struck down with his sword again!

“Bang!”

One of six-winged’s arms turned around. It was the AMO Lun Bao, and it blocked in front of him, holding the master bobble in place!

The power of the twelve fortune wheels spun rapidly, cutting through the protective sword Qi around Yunxiao and striking his body.

Yunxiao did not move. He only performed an incantation gesture with his left hand, and a golden light flashed between his eyebrows as he was covered in the divine realm tablet’s inscriptions.

Then, he formed a hand seal and the demonic Qi in the sky suddenly surged and rotated around his body!

“I’ll take the wind and cloud!”

The great wind Cloud Palm gathered around his left hand and struck down with all his might!

what?! Liu Chi’s expression changed. you refined the divine realm tablet and became the realm King?!

He couldn’t help but think. Anananda Gansha suddenly stepped forward to block the attack. The shield turned into a ray of demonic light that was as strong as a barrier!

“Bang!”

The great wind Cloud Palm struck the shield, and countless golden runes came down with the palm force, shattering the layers of shield light!

Six-winged actually couldn’t help but take a few steps back from his full-force attack!

In just two moves, he had already shocked everyone. Especially the group of demons in Cang Xuan mountain, each and every one of them had their eyes wide open and their mouths wide open.

They had all seen with their own eyes how powerful the demon master was. Now that he was being suppressed by a man in two moves, they could not help but be overjoyed!

“So strong! He’s really strong!”

The referee was also so excited that he stomped his feet and said, “I can win! We’ll definitely win this battle!”

But, Yunxiao was not so optimistic. Even his strongest sword and palm strikes could only force six-winged to retreat, and at this moment, six-winged only had three clones. If he were to transform three more times, his strength would probably more than double.

Moreover, the power that the divine realm tablet could exert in the devil realm was limited. Fortunately, whoever controlled its ups and downs was not affected.

Li Yunxiao, you really are a man who can surprise me!

One of the six-winged, three-faced Dharma laksana was furious. It glared at him and said coldly, “You’ve been suppressing me and toying with me all along! If it weren’t for you, I would’ve stepped into the Saint Demon Realm, refined the two realms, and traveled through the universe!”

Yunxiao looked at the face and said in surprise, “Li Yi?”

“Hmph! Go to hell! All the shame and hatred of the past will be returned to you today, a hundred times more!”

Six-winged howled in anger and raised his arm. The Alay Xuanzang turned into a demonic light and shot down!

“Demon master, die!”

Suddenly, Yuan’s shrill voice came from behind her, and two divine flames appeared in the air. They spun in front of Yuan and turned into a Dragon and a Phoenix. the Dragon flies and the Phoenix dances!

The two flames chased each other in the air, like spiritual creatures, and attacked Liu Yi.

When Yunxiao saw the Alay Xuanzang coming at him, he transformed into a flash of lightning and dodged it.

“Demon slaying!”

However, with a flash, the sword Qi rose again and slashed down together with Yuan's attack!

The faces of the six-winged apparition changed at the same time. A 'he fansha' let out a 'Hua Hua' sound and formed a barrier. At the same time, a 'Nangan Sha' rotated and formed a shield!

"BOOM!"

The two of them attacked together, pressing down on the barrier created by the two mo weapons. The sword Qi and fire power slowly seeped in.

Liu Chi was also struggling. Suddenly, he moved and appeared outside the enchantment barrier, then grabbed the agama and slashed at Yunxiao. The speed was so fast that in the blink of an eye, he was caught off guard.

But, Yunxiao's divine sense was probably the most sensitive in the world, and no one could beat him.

Whoever wanted to float up and down quickly retracted it and blocked in front of him!

"Bang!"

He was immediately sent flying after blocking the attack from handao.

Liu Chi seemed to have seen through the three's joint attack. With a cold expression, his figure flickered, and the sky was filled with afterimages. It was impossible to recognize his real body.

Yunxiao's face flickered as he felt an extremely dangerous aura coming from all directions.

He stood with the sword in his hand and formed a sword spell with one hand. He shouted, "Nine Dragons sword, thousands of bodies!"

In an instant, the sky was filled with illusionary shadows that fought with the six wings. It was impossible to tell them apart. Under his gaze, there were only sword shadows and demonic light that filled the sky, as well as terrifying power that surged out from time to time. Every time they fell into the mountain range, a large number of them would die.

Chapter 2390: Chapter 2391-retreating in defeat

549690339

The two of them fought at a speed that was hard to catch, and the sky was filled with the glint of blades and the shadow of swords.

In just a moment, Yunxiao was at a disadvantage, and he was forced to combine his movement techniques into one and retreat.

The six-winged blade shadows crisscrossed, constantly chasing and slashing in the air.

At this time, Yuan finally recovered from the extremely fast speed of the two people. A golden light lit up on her body, and she instantly moved to six-winged's side, slashing out a sharp golden blade.

A buzzing sound came from the golden light. It was the Golden Wheel of the Magic Tree. The shadow of the tree swayed in the air.

"You're looking for death!"

Liu Chi's saber paused for a moment, then he decisively gave up on Yunxiao and slashed at the judge.

Just as the two Saint weapons were about to collide, a beam of heavenly light suddenly descended. It expanded to half an acre in the air and directly shone on the six wings.

Wei Qing held the treasure bottle in his hand, and from the mouth of the bottle, yin and yang Qi spewed out, turning into the light of chaos.

His left hand smacked down, and the devil vines that filled the sky instantly scattered down, binding his Dharma form. The six arms that were holding the mo weapons were also covered in vines.

Yuan's Magic Tree Golden Wheel instantly surged like lightning and struck six-winged's body!

"Bang!"

On one side of the six-winged Dharma form, there was a shadow of a Dancing Tree. Although it disappeared in a flash, it injured him and even sent him flying.

Yunxiao also caught his breath and shouted, "Everyone, attack!"

The bodies of the upper echelons on the mountain peak trembled, and their spirits were roused. Their battle prowess also became braver, and they suddenly transformed into streams of light that shot into the sky.

"All of you, die!" Liu Qi's face was filled with gloom.

His left hand formed a seal and layers of stars and clouds spread out. The five mo weapons flashed in his hand.

Then, the weapon's shadow in the demonic clouds bobbed up and down, exuding a terrifying power that shot straight to the sky!

Yunxiao's face flickered as he cried out, "Not good! Quickly run!"

The senior executives had just taken flight and had not yet realized what was going on, but when they heard Yunxiao's words, they turned and left without hesitation.

There was nothing wrong with listening to Yunxiao's words. Besides, he was asking him to escape, not to rush up. Therefore, he flew thousands of feet away at once!

"Minions, leave all of you behind!"

Liu Chi put his hands together in front of him. Instantly, demonic light flashed from the demonic clouds and turned into a terrifying air wave that attacked in all directions!

"Boom boom boom!"

The heavens and earth instantly collapsed, turning chaotic and lightless. One could faintly see Cang Xuan mountain being torn apart, and a large part of the mountain, along with the bodies of the demon race people, was jolted into the sky, then annihilated in the air wave.

Although all the demons' upper echelons had run away first, they were still caught up in the shock wave. They had to rely on their own powerful strength to resist.

Those who couldn't take it instantly received their bento box. Within a radius of several hundred li, all of them suffered from the impact, and the entire Cang Xuan mountain was completely destroyed!

The terrifying blast even rushed into the crack between the two realms and directly shot into the sky of Red Moon City, making all the people of the realm of heavenly martial arts extremely nervous.

Around the red moon City, there were 13 floating cities, arranged according to some rule. All of a sudden, they had entered a tense state of preparation.

The Warriors on each sky-floating island were staring at the crack nervously, waiting for the next step.

In the demon world, Cang Xuan mountain had turned into a Wolf's Den. The entire mountain range had turned into ashes under that one attack!

Of the 100,000-strong demon Army, less than 1000 survived, and all of them were injured.

At this moment, all the survivors were dumbfounded as they looked at everything in front of them. It was as if time and space had changed, and they couldn't recognize the land at all.

Yunxiao and the others were all pushed back thousands of feet as they looked at the figure in the distance with gloomy faces.

What six-winged had just displayed was the demon master's strongest attack-star Jade explosion. Its power was so terrifying that it made everyone's faces turn as white as paper.

However, six-winged also suffered a backlash and immediately fused with the fourth clone. At this moment, he stood between heaven and earth, full of blood and demons. His aura was even stronger than before, and he glanced at everyone with an aura of disdain.

"Damn it!"

six lives! Yunxiao gritted his teeth and cursed. as expected! And each of them is stronger than the last!"

Yi's face was also pale and bloodless. He said in a trembling voice, "What do we do now?"

since he has six lives," Yunxiao said in a deep voice, "we'll force him to give us six lives! According to the previous plan, wasn't there still the Daluo demon subduing formation? This formation can be activated no matter how many people there are. We will force out his fifth clone and escape into the realm of heavenly martial arts!"

"The fifth clone, Tao Wu."

Yi's eyes were filled with fear. The current six-winged already gave him a feeling of invincibility. In addition to the combat strength he had displayed earlier, he had almost lost all confidence.

"At a time like this, don't tell me you're still not prepared to die?" Wei Qing sneered.

Yi's heart trembled, and his fear instantly dissipated. He gritted his teeth and said, "that's right. I've already resolved myself to die. What's there to be afraid of now?"

"The Daluo demon subduing formation!" He shouted. All survivors, attack!"

"Attack!"

let's go! Yunxiao shouted and rushed out.

Figures appeared in the surrounding void one after another. They were all pale and each of them was using their own divine arts.

Everyone knew that they would die if they retreated. They could only fight!

In an instant, hundreds of figures appeared and circled around six-winged's body. Each of them took a step forward and attacked.

"Childish!"

Liu Chi sneered. A cold light flashed in his eyes. Demonic light flickered in the air, and in the blink of an eye, an Dahan saber appeared, killing more than ten people.

The rest of the People's expressions changed drastically, and they suddenly retreated, not daring to move forward.

Yunxiao was also shocked, knowing that he had misjudged Liu Chi's current strength. "Retreat!"

Without any hesitation, the group of people immediately rushed into the crack.

"Tsk! Was it surprising that a group of ants had become stray dogs? This is the ending you should have!"

Liu Chi's face was full of sarcasm. He held the agama bone Cleaver in his hand and walked toward the crack step by step. "It's been a million years. The realm of heavenly martial arts, I have finally returned!"

Yunxiao, Yuan, and a few others brought up the rear. Only after they saw all the Devils enter the crack did they turn around and fly in.

Liu Chi was not in a hurry. He walked into the crack in a few steps, like a king who had returned. His face was full of pride and contempt.

As soon as they entered the realm of heavenly martial arts, someone immediately came to greet them. It was Ning Kewei and her father.

"My Lord," Yunxiao said, "take these friends from the devil realm to Yanwu! After that, you don't need to come back."

Ning Kewei waved his hand and asked Ning Keyun to do it. He stroked his long beard and said, "This old man's life is coming to an end, I swear to live and die with Red Moon City!"

Their faces changed. Ning Yunjing said, "Father!"

Ning Kewei pushed him away. stop being so long-winded! he shouted. get it done!

Ning Keyun's face was full of grief, but she knew that her father had made up his mind. She hurriedly knelt down and kowtowed a few times, then led the referee and the others to the teleportation formation.

Yuan, Xiao Hong, and Wei Qing were all very used to the realm of heavenly martial arts, so they stayed in the red moon City.

Ning Kewei said, "Alliance master, what about the six-winged Suan ni?"

Yunxiao's face was solemn as he said in a deep voice, "He's much more powerful than I expected!"

Just as they were talking, an extremely powerful aura slowly spread out from the crack. Everyone in the entire Red Moon City sensed it.

Ning Kewei's mind was stunned, and he was also shocked by the aura, but then he laughed and said, hahaha, to be able to witness the might of a demon master before I die, my life has not been in vain.

Yunxiao heaved a long sigh and said, "It's a pity that all the hot-blooded people in the city will also be buried here."

Ning Kewei said resolutely, "in such an unprecedented battle, there will always be people who are prepared to sacrifice themselves in all aspects." Our mission is to delay the demon Lord and let Yanwu get the news and prepare for war. And if possible, heavily injure the demon masters!"

that's right! Yunxiao nodded. your spirit of sacrifice for the heavenly martial realm will surely shine on the future generations like the stars in the sky.

As he spoke, six-winged had already stepped into the rift and appeared in the sky above Red Moon City. He looked coldly at the 30 floating cities.

"They're here!" Ning Kewei's face changed and he shouted.

Then, his figure flickered and disappeared from Yunxiao's side.

Yunxiao's face was filled with sadness as he said to Wei Qing and the others, "you guys go to Yanwu first. I'll stay here and watch the battle.

Wei Qing said coldly, "remember, don't let your emotions get the better of you. Sacrifice yourself to delay the six-winged clan and act as a buffer for Yanwu before the war. It's their choice. Furthermore, ning Kewei had said that in such a great battle, there would

definitely be some who would sacrifice themselves. The people of the realm of heavenly martial arts are lives, and so are the lives of the 100000 demons who just died.”

Yunxiao sighed and said, ” I understand. You can go back to Yanwu first. I’ll be there in a while.

“I’ll stay with you,” Xiao Hong said.

Yunxiao hesitated for a moment before he refused, ” “You can follow Wei Qing, you can’t disobey!”

Xiao Hong pursed her lips, but she still turned around and followed Wei Qing and the others.

Liu Chi looked at the floating city as it rotated in the sky. His eyes flickered and he suddenly praised, ” “What an interesting formation.”

“This one feels extremely honored to receive the praise of the demon master.”

A familiar voice rang out. Yunxiao looked up in shock and saw a man standing on a floating city with his hands behind his back, looking very calm. It was none other than the throne, Teng Guang.

Liu Chi looked at Teng Guang and said,”you set up this formation?” Although he’s weak, his array Dao does have its merits. He’s a talent.”

Liu Chi was also proficient in the art of magic back then, and the armillary sphere was something he had refined. Naturally, he could see the clues of this formation at a glance, and he praised it in his heart.

Teng Guang smiled. I’ve poured in all that I’ve learned in my life to comprehend this thirteen ultimate killing formation. I’ve stepped on the position of heavenly stars and earthly fiends. I’ve directly extracted the power of the stars in the sky to battle with Lord Demon master!

“Hahaha.”

hahahaha! Liu Chi laughed wildly. this formation is indeed good, but you’re joking if you say you can fight me.

“Oh, really? Demon Lord, you are too arrogant.”

Teng Guang smiled and raised his hands. Immediately, a seal flew out from his hands and shot into the thirteen sky-floating islands.

Suddenly, a divine light appeared on the island, and pillars of light shot up into the sky. There were also 13 light pillars in each sky-floating island, forming a small 13 ultimate killing formation.

In an instant, hundreds of green lights shot into the clouds. Under the originally clear sky, they actually turned into stars that illuminated the earth!
