## Chapter 2391: The last battle (1) -

549690339

Liu Qi felt his body stagnate, and his power was faintly suppressed by an extremely strong star power.

It was as if there were tens of thousands of stars shining around him.

Liu Chi's pupils contracted as he stared at the Starlight. He couldn't help but praise, "Impressive, but it's a pity that your opponent is me!"

The tens of millions of Starlight suddenly poured down like a storm, striking Liu Qi. However, they were blocked by the demonic light when they were three feet away, unable to get close.

Teng Guang's expression changed slightly to one of shock. Even though he had guessed that he would not be able to kill six-winged, he did not expect that he would not even be able to touch his body.

He could not help but shake his head. Six-winged's cultivation base had already reached a level that he could not understand. He suddenly felt infinitely small.

Liu Chi made a grabbing motion with his right hand, and the Aghan bone Cleaver appeared in his hand. He said coldly, "If you don't have a backup plan, you can go in peace."

Teng Guang raised his hand and pointed to the sky, saying, "I can only use this last move, which is to detonate the thirteen ultimate killing formations with the power of the Heavenly Star. The 13 floating-space cities all contain extremely powerful formations. I wonder if we can enter the eyes of the demon masters if we use this move."

Liu Chi's pupils contracted. The 13 sky-floating islands suddenly shone with light, as if 13 huge lotuses of light were hanging in the sky.

Yunxiao's eyes widened, and he let the piercing light Pierce his eyes like blades, stabbing straight into his heart.

His eyes had been open for a long time, and they had turned red and flickered with a fluorescent light.

"Boom boom boom!"

An earth-shattering sound came from the sky above Red Moon City. The light was like the sun, shining on the earth in all directions.

The green light swallowed Yunxiao, who stood quietly in the sky, not moving at all, letting the powerful aftermath hit him.

The thirteen cities exploded, and everyone died within.

However, the power of the array was endless and surged on the ground for a long time. It shone with the stars in the sky and the violent aura killed all the powerful enemies inside!

There were chains revolving around Liu Qi's body. No matter how the terrifying aura attacked, it could not break his Nebula boundary.

After half an incense's time, the surging force gradually calmed down.

The entire Red Moon City had long been turned into a wasteland. A huge and deep pit was impressively visible on the ground, spreading thousands of miles away.

Red Moon City, this city that once dominated the world and dominated the world, could only be left in the history books forever.

Six-winged folded the iron chain in his hand, stared coldly at Yunxiao, and sneered, "what other tricks do you have? show me all of them. Let me see how great the realm of heavenly martial arts has become.

Yunxiao's face was calm and expressionless. He made a gesture and said, "Please," he said.

He then turned around, tore open the space with his bare hands, and stepped inside.

The torn Space gradually grew larger and occupied half of the sky.

Liu Chi laughed coldly and followed closely.

He knew that what was waiting for him was the most powerful force in the realm of heavenly martial arts, but his absolute confidence made him fearless.

He believed that there was no one in the two worlds who could kill him.

One after another, the two of them traveled through space and appeared in the sky above Yanwu.

At this moment, the city of Yanwu was filled with killing intent. Under the sunlight, the cold glints of weapons could be seen in the city.

Liu Chi's eyes swept over the area and a hint of surprise flashed through his eyes. He could not help but nod and praise, "Not bad, this place is really not bad."

it's the devil Lord's grave, " Yunxiao said lightly. naturally, I'll choose the best place in the heavenly martial realm.

"Hmph, can you save your life by being talkative?"

Six-winged waved his hand and laughed, " Show me what you got. After I've had my fun, that will be your end."

A murderous look flickered in Yunxiao's eyes as he raised his hand and said in a cold voice, " since the demon Lord is from the realm of heavenly martial arts, do you recognize this formation? "

As he raised his right arm, the entire city of Yanwu suddenly emitted an infinite light, and the surrounding environment changed as well, projecting a large number of light balls that flickered in the air.

There seemed to be lightning flowing on each ball of light, and the figures inside were revealed. They were actually a formation formed by 900 people!

As soon as the formation was set up, killing intent soared to the sky. At the same time, the sky appeared to be a bright and clean Pure Land. There was a murderous aura in the peace, but there was an incomparable peace in the murderous aura.

"The great rebirth formation?" Liu Chi's eyes widened.

"It is!"

A person appeared on top of one of the light balls. He was tall and burly, dark blue in color, and had a pair of gold and silver horns on his head.

It was lingmu di, who had transformed into the true form of Huo Dou. He shouted, " Alliance master, you can go back and rest. Let us deal with this guy!

Yunxiao nodded. In a flash, he turned into a stream of light and flew into Yanwu.

Ding Ling 'er hurriedly came up to him, took out a few medicinal pills, and handed them to him. big brother Yunxiao, quickly recover your strength.

Yunxiao glanced at the pills, then swallowed them one by one. He couldn't help but be slightly surprised.

The spirit pills dissolved in his body and he actually recovered a little true essence.

At his level, there were almost no medicinal pills that could recover true essence. These pills must have been refined with the Alliance's full efforts, and their value was hard to estimate.

But at this time, he didn't put on an act. After taking it, he sat cross-legged and meditated, regulating his breath.

Liu Chi's strength was above his expectations. Although the people in the formation were all top experts, it was not enough to kill Liu Chi. In fact, it was far from enough.

Ignoring Yunxiao, Liu Chi looked at lingmu di with great interest and said with a smile, "Demon race?"

I'm sorry, " lingmu di said. I just seized this body. I'll be using it for a while. I won't need it after I kill you."

Liu Chi's face darkened and he said coldly, "Are people so bad at chatting nowadays?"

"Will there be a difference?" lingmu di smiled faintly. Stop talking nonsense and fight!"

The lingmu flute flicked its fingers, and the gold and silver horns on its forehead immediately turned into two light balls and shot out.

At the same time, a Tai Chi diagram appeared in front of him and pressed down on Liu Chi!

They were waiting at ease for the exhausted and had long been in a restless mood. Naturally, they were unwilling to let the six-winged clan delay time.

As soon as the lingmu flute made its move, the other 900 or so people also began to run in the sky.

The phenomenon of the Pure Land immediately changed. The figures of more than 900 people flickered in the phenomenon, which was difficult to capture.

A group of core experts led by lingmu di immediately made their moves. They turned into a spiritual rain that filled the sky and shot down indiscriminately.

"It's really an ugly person who does many strange things!"

Liu Chi laughed coldly and charged forward with his saber. He slashed the agama at the center of the formation!

"Swish!"

A three-meter-long gash was torn open, but it closed up in the blink of an eye.

Liu Chi's expression changed slightly and a look of shock appeared in his eyes.

Even the Daluo demon subduing formation set up by the demons of the demon world could not withstand his Dahan saber, but it had only left such a tiny mark in the formation.

Six-winged immediately understood that he was in trouble. He immediately turned his blade and waved it around his body, forming a dense barrier to block the spirit Rain.

The lingmu flute appeared in front of him in an instant. As his hands turned, the gold and silver turned into a powerful palm force and struck down!

At this moment, Qu Hongyan, the Misty Rock Lord, Hao Feng, Gu Qingqing, Beiming Nan, Perfected Lord Meng Ling, and other powerful creation realm cultivators joined forces to attack.

All the attacks turned into a half-moon domain, falling down like a giant axe!

Furthermore, the power of the huge axe was still stacking up. The divine arts of the other 800 people were being absorbed by the formation and added to the axe of light!

Liu Chi's expression changed drastically. The power of that axe actually made him not dare to take the move head-on.

"How is that possible?"

Liu Qi roared in anger. He raised his hand, grabbed the Alay Xuanzang, and swung it at the giant axe!

Although he was worried, it was impossible to dodge this axe of light that could split the heavens and earth. He could only brace himself and take it head-on!

"BOOM!"

&Nbsp; the Alay Xuan 'GE stabbed into the axe of light, and a bright light exploded, turning into countless attacks that shot toward six-winged's main body.

Six-winged's arm went numb and his body came to a stop. Unable to Dodge in time, he was struck by the ten thousand rays of light. He spat out a mouthful of blood and was sent flying.

Everyone was overjoyed. They couldn't help but open their eyes wide and their hands were sweating nervously.

Lingmu Di's hands danced in the air, and he once again displayed the sky-sealing seal, pressing forward.

The rest of the people didn't dare to be careless and entered the void in a flash, attacking six-winged from all directions.

"One of the three ancient ominous formations? You're indeed something."

Liu Chi stood up and touched the blood at the corner of his mouth. His expression was ferocious. That attack just now was the most severe one he had ever been hit since he stepped into Cang Xuan mountain.

"But it ends here!"

Six-winged immediately displayed his true fiend Dharma idol. His three heads and six arms grabbed The Fiend soldiers and attacked in all directions!

"Bang! Bang! Bang! Bang!"

As the demonic armament was waved, a person would be cut out from the void with every swing. Blood would spurt out, and the strong cultivators would be sent flying.

The sky-sealing seal was also cut in half by his saber. It turned into gold and silver light and disappeared.

At the same time, lingmu di suffered the recoil of the blade light, and the qi and blood in his body were in a great turmoil.

everyone, spread out! he said in horror. don't attack alone! Attack together!

The figures beside Liu Qi suddenly disappeared, and hundreds of figures suddenly appeared above the formation. They formed hand seals and slapped down at the same time.

Countless palm forces gathered together and pressed down like the sky, wanting to crush everything!

"That damned formation!"

Six-winged was like a ferocious beast with its hair standing on end. All the pores on his body opened, and his eyes were filled with anger. He took out five demonic weapons again. star Jade explosion!

A terrifying power spread out from six-winged's body, directly extracting the terrifying power of the five demonic weapons and striking the huge palm!

"BOOM!"

The five demonic weapons all flew through the air, and their terrifying power swept through the entire Elysium bar. Not only did the palm strike disappear, but all of the experts were also sent flying as they coughed up large mouthfuls of blood.

“BOOM!”

With the collapse of The Grand Bliss Formation, Yanwu also collapsed. All the buildings turned into ashes, and a huge black hole appeared in the sky, swallowing many people!

549690339

Yunxiao’s body trembled, and his face was filled with anxiety. He watched as qu Hongyan was also seriously injured and swallowed by the black hole.

There were also many people who were sent flying, their life or death unknown.

Suddenly, Ding Ling ‘er put her hand on Yunxiao’s shoulder and said softly, ” “Lord Alliance leader, you can’t be confused.”

Only then did Yunxiao calm down. Throwing away all the distracting thoughts in his heart, he sat cross-legged in the air calmly and stared coldly ahead.

As everyone had expected, the six wings that had unleashed the star Jade explosion had fused with the fifth clone. His appearance had undergone a major change compared to the first young master’s appearance, especially his aura. He was completely different from before.

“Damn it, this is cheating!”

Yunxiao suddenly stood up and said to Ding Ling ‘er, ” “Take everyone and leave. This is no longer a place you can stay!”

Ding Ling ‘er was a little hesitant.

what did you say just now? ” Yunxiao asked in a deep voice. what did you say? ” At this moment, he had to calm down and do his own thing. Of the 900 experts just now, at least 600 of them had died. The rest are all seriously injured. Take all the injured away immediately and leave Yanwu!”

“Yes, Alliance master!”

Ding Ling ‘er hurriedly cupped her fists and bowed, then retreated.

Liu Chi stared coldly at Yunxiao, then glanced around. As if he had sensed something, he said in a cold voice, ” “To be able to force out my five bodies as one state, it has indeed exceeded my expectations.”

merge your six bodies into one if you have the guts, ” Yunxiao replied coldly. let’s see how powerful the Lord of the thousand realms is.

“Tsk! Do you have the right to do so?”

“If you had that ability, I wouldn’t mind releasing the six-in-one,” Liu Chi said sarcastically.

I gave you a chance to live, ” Yunxiao snorted. but you didn’t want it.

Liu Chi suddenly raised the corner of his lips and sneered, ” “You’re stalling for time?”

so what if I am? ” Yunxiao said without changing his expression. so what if I am not? ”

He was indeed stalling for time. Otherwise, he wouldn’t have wasted so much time talking nonsense with the other party. In any case, six-winged was currently in a state of full blood.

He wanted to let Wei Qing and the others recover some true essence. At the same time, Ding Ling ‘er had to send people to rescue those who had been injured or killed in the formation.

“It’s not a big deal to do as you wish, but unfortunately, I don’t have the patience,” Liu Chi sneered.

The six-winged figure flickered and appeared in front of Yunxiao in an instant, then slashed down with its saber!

“BOOM!”

The place where Yunxiao was standing was cut into pieces, which scattered in front of six-winged, and there were still countless fragments of Yunxiao’s afterimages.

“Pipa!”

A few hundred feet away, Yunxiao reappeared with a flash of lightning, his face full of horror and fear.

The speed of the attack just now was too fast. If he had not been on guard, he would have been killed immediately!

“What speed,” six-winged said, surprised.

a Demon Lord can also launch a sneak attack? ” Yunxiao asked coldly. do you know how to do it? ”

“Is there any use in mocking me?” six-winged laughed. Besides, it wasn’t a sneak attack just now. It was just an ordinary attack.”

Yunxiao performed an incantation gesture with both hands and pointed in all directions as he shouted, ” “Rise!”

“Boom boom boom!”

The ground trembled, and the twelve men of gold instantly broke through the air. They stood on the ground with a boom and surrounded six-winged.

Liu Chi looked at it and sneered, ”twelve divine beings killing formation?” Not bad, you’ve almost gathered all three ancient killing formations.”

Yunxiao leaped up and landed directly on the shoulder of a golden man.

One person appeared on each of the other eleven golden men.

Liu Chi’s gaze swept across the eleven people one by one, and he could not help but reveal a surprised look.

this battle will be the final outcome of the fate of the two worlds, ” Yunxiao said coldly. If you want to refine the heavenly martial realm, just kill the twelve of us.”

Liu Chi nodded and said, ”that really saves me a lot of trouble.” The current power of the realm of heavenly martial arts is even above my estimation.”

There were six World King realm experts, including Yunxiao, Wei Qing, che you, Jiu Yuan, ye Qingyu, and Yuan.

There were also feini and Xuanyuan Yao, the two half-step world monarchs.

Ling Baiyi had even summoned the God of Slaughter with a secret technique and merged with him. His strength was infinitely close to the realm of the world King.

The only weak ones were the evil spirits, Xiao Hong and Xiao Qing. The evil spirits had bodies at the perfect creation realm, and they could enter the realm King sacred body with just one step.

On the other hand, although Xiao Hong and Xiao Qing were only at the creation realm, they both had Saint weapons.

In addition, there was another person standing in the air far away, watching them. This was the sea god Bo mu from back then. After mo PU’s death, there was no longer any power that could demonize him.

Moreover, he also had the Holy weapon Amitabha, so he would be a substitute for the twelve divine beings killing formation. If anyone couldn't hold on, he would immediately replace them.

With such a powerful formation, even six-winged felt a great threat.

“With such a lineup, they are indeed qualified to see my six bodies as one.”

Liu Chi's face darkened and the sound of his heart beating came from his body. Then, his entire body seemed to be torn apart and swelled up.

The transformation this time was greater than any of the previous times. His aura had multiplied, and his face had become detestable, like that of a monster.

Everyone's expression changed drastically. A completely imperceptible force surged out of six-winged's body and surged between the 12 golden men, making a buzzing sound.

Then, the hand above the six-winged Dharma form dragged out the ancient scroll of Avici.

Yunxiao and the others who had used the six paths demonic weapon were all staring at the ancient scroll of Avici, feeling strange and mysterious about the last of the six demonic weapons.

Jiu Yuan's eyes were full of surprise, and his eyes flickered. “Is this the power of the master of the thousand worlds? Back then, you had a great battle with Luanyu and the others, leaving behind a world pit that I have studied for hundreds of thousands of years. I have also gained quite a bit from it, so I would like to thank you here.”

“Oh?”

Liu Qi glanced at him and scoffed, “you must be the one who has been hiding in the four Seas abyss, right?”

Jiu Yuan nodded with a friendly expression and said, “Although I don't know why you want the coat of arms, the realm of heavenly martial arts is your hometown, after all. I hope you can show mercy.”

Liu Chi stared at him coldly and sneered, “Is there a hole in your brain? You want me to stop at this time? If I wanted to, I would have stopped long ago.”

Jiu Yuan smiled bitterly and shook his head. I said the wrong thing. Please don't blame me, Sir. he said.

it's fine,” Liu Qi said coldly. I see that you're rather humble. I'll kill you later.

“Then I really have to thank you, my Lord.” Jiu Yuan was extremely depressed.

“It’s fine!”

As soon as six-winged finished speaking, he didn’t seem to want to waste any more time and casually slashed out with his saber!

Yunxiao’s eyes flickered, and he immediately found that the saber beam was different from the previous one. A dark golden luster had appeared on the dark demonic light.

Moreover, the agama bone Cleaver itself became extremely terrifying in six-winged’s hands.

The other five demonic weapons were all the same. The aura they exuded even made Yunxiao feel a little strange, as if they were not the demonic weapons he knew.

is this the power of the master of the thousand worlds? ”

His heart trembled slightly, as if he had felt the sound of the hidden weapon of the divine realm tablet. Then, he saw the saber Light fall. Wei Qing, who was the closest to him, hurriedly attacked in shock.

The eyes of the giant golden man beneath him lit up, and his hands immediately slapped forward!

The other 11 golden men moved as well, each making a hand seal. Under the palm force of the Golden Man, it seemed to turn into a demonic shadow that held a halberd to meet the saber Light of handao!

“BOOM!”

As the two forces collided, the heavens and earth shattered, and the demonic shadow was instantly destroyed. The twelve men of gold immediately retreated, as if they had all been hit.

The 12 people standing on it immediately felt the strength of the power and began to estimate six-winged’s strength.

“Haha, these golden men are interesting!”

The six-winged figure flashed and appeared in front of Wei Qing again. He raised the Alay Xuanzang and stabbed it at the Golden Man!

“BOOM!”

The Golden Man also raised his hand, formed a hand seal, and hit the Alay Xuan ‘GE!

With a "bang", he caught the battle-axe in his hand. However, the battle-axe was too powerful. It instantly pierced through the Golden Man and broke it.

Not only Wei Qing, but the other 11 people's faces also changed slightly.

They did not expect the Golden Man to be able to block the six-winged monster's attack and only used it to assist them. However, they did not expect the six-winged monster to break one of them so quickly.

The power of the Alay Xuan 'GE burst out from the Golden man's body, turning into countless black rays that shot in all directions.

Wei Qing flew up in an instant, and countless devil vines appeared on his body, almost becoming one with the skeleton. He held the treasure bottle in his right hand, and divine light shone down. His left hand turned over and slapped down.

Yi's figure could be vaguely seen in the powerful palm energy.

At this moment, the Golden Man that had been pierced by the Alay Xuanzang moved again. It allowed the battle axe to pierce through its body and pounced on six-winged.

"Laughable!"

Liu Qi sneered. With a sweep of his battle axe, the powerful weapon accumulation shattered the Golden Man into pieces. Then, he blocked in front of him, blocking both of Wei Qing's attacks!

"BOOM!"

A layer of demonic light burst out of the Alay Xuanzang. Six-winged's body shook a little, but he didn't take half a step back.

At this moment, the other eleven men also flew over to attack. The eleven golden men were also extremely agile, each of them casting their own divine arts to attack.

"Azhe fansha, three thousand worlds!"

Six-winged suddenly turned around, and the metal chain shot into the sky with a clatter, turning the surrounding hundreds of miles into a Nebula boundary.

Then, a terrifying power gushed out, turning into waves of indiscriminate attacks.

The faces of Yunxiao and the other twelve people changed slightly, but they did not panic. Instead, they flew back to the Golden men and formed a formation with each hand seal. A primordial golden light emerged between the twelve of them, resisting the power of the three thousand worlds!

Liu Chi's pupils shrank and he looked slightly shocked. He was now the Lord of a thousand worlds and could fully activate Azhe fansha's power, but he was still blocked by his opponent!

549690339

As if his authority as the Lord of a thousand worlds had been challenged, six-winged shouted, "Go to hell!"

The handao suddenly slashed out, and a dark golden blade shadow appeared under the black light. Its power was completely different from before!

be careful! Yunxiao shouted. be careful!

The 12 of them immediately flew up and changed their positions in the air to avoid the power of the blade. Their formation also changed.

"BOOM!"

The afterimages of the handao's power were immediately absorbed by the formation and spread across everyone's body.

Yunxiao only felt his blood and Qi surge, while Xiao Hong, who was slightly weaker, paled, as if she could not bear it.

As for the twelve men of gold, their bodies were emitting metallic sounds, and saber Qi was constantly shooting out. They probably could not withstand it for long.

help me! Yunxiao shouted. my Lord!

His figure flickered and he rushed out of the array. The other eleven immediately changed their positions and cooperated with Yunxiao. The whole formation turned into an offensive one, and like a spinning triangle, they rushed into the barrier of achfan Sha.

"Hualala!"

The entire Nebula boundary was struck by the du Tian Shen Sha formation. The iron chain made a violent shaking sound, and a large number of runes soared into the sky, trying to mince the twelve people.

However, the formation was one, twelve in one, and it instead split the Nebula boundary. Yunxiao stepped on the iron chain with one foot, then leaped up and thrust his sword at Liu Chi!

The six-winged Dharma form was ferocious, and the agama blocked in front of it, blocking the floating sinking sword. &Nbsp; the sword stabbed forward, and large amounts of dark golden light were shaken away by the power of the wheel.

Yunxiao's face flickered, but a man immediately appeared beside him. It was Jiu Yuan, who came up to him with an iron whip in his hand, which looked like a broken ancient object, and hit the golden light of the Fortune wheel.

“Bang! Bang!”

With every knock, a ray of light exploded, and the metal whip began to take form. It was actually nine-colored, and he had no idea what it was made of. However, since it could resist the might of a mo weapon, it was definitely not an ordinary item.

The ten people behind him also took their own steps and soared into the sky within the Nebula constructed by a 'he fansha. They surrounded Liu Chi and attacked him.

Six-winged shouted in anger. He turned the black Shield in his hand and immediately formed a Shield Barrier around him.

Under the joint attack of the ten people, there was a “boom” and the sound of noise continuously rose from ah Nan's temple, as if it was under great pressure.

Liu Chi was furious. This Capital Heaven divine demon formation was exactly the same as the great rebirth formation. It could stack everyone's attacks together and separate them when they were hit. It was a completely abnormal formation.

He also realized that he had to break this formation, otherwise he would be in danger if he was trapped inside for a long time.

“Army obliteration!”

Alay's Xuan 'GE suddenly swept over, turning his axe into a spear and killing ten people.

“Bang!”

Ananda Gansha retracted his shield world. The battle-ax seemed to have a ferocious beast roaring in it as it struck the 10 of them!

At the same time, he pushed handao and AMO sword forward again, pushing Yunxiao and Jiu Yuan back.

However, the twelve of them had only suffered a slight shock and were not injured at all. They flipped in the air and joined forces to attack again.

Six-winged had a cold expression as he waved his right hand. The ancient scroll of Avici opened in the air and a dark golden light spilled out.

The twelve people's expressions changed drastically, as if they had a bad feeling.

retreat! Yunxiao shouted. &Nbsp;

Although he didn't know what kind of powerful divine ability it had, his intuition made him feel that it was unrivaled.

The twelve men retreated quickly, but they did not mess up the formation. At the same time, they let the remaining eleven golden men join forces to block the attack.

However, the 11 golden men all stopped in front of the ancient scroll as if they were shackled by some kind of force.

Liu Chi's hand seals changed and he shouted, " chaos demonic Flame Dragon!

"BOOM!"

A terrifying force rushed out of the ancient scroll and instantly broke the defense of the eleven golden men, turning them into golden water.

A flame took the shape of a demonic Dragon, wreaking havoc in the world as it chased after Yunxiao and the others.

The referee's trembling voice could be heard as he cried out, " "It's the chaos demonic Flame Dragon! How could such a thing still exist? This is the only living being that existed when the demon Realm was first born!"

The twelve people's faces all turned ugly, and they hurriedly retreated.

However, the chaos demonic Flame Dragon seemed to have a mind of its own as it chased after the twelve of them.

"What should we do? We can't split up, or else it'll keep chasing us."

"You can't!"

no! Yunxiao flatly denied. if the formation is broken by the six-winged formation one by one, there will be no turning back!

"But the demonic Flame Dragon's power is stronger than the 11 golden Pixiu," the referee said.

how can we be compared to the Golden men? ” Yunxiao cried out in a deep voice. let’s join forces and suppress this chaos demonic Flame Dragon!

The 12 of them immediately spread out, each making a hand seal, and slapped at the chaos demonic Flame Dragon. Under the suppression of the terrifying power, a fiendish God’s true body appeared and slammed his palms down with a roar!

“BOOM!”

The demonic Flame Dragon was hit by the divine fiend. It roared and crashed into the divine fiend!

“BOOM!”

“BOOM!”

A powerful force exploded, and the demonic God’s body was instantly shattered. The 12 of them suffered a huge shock at the same time, and they were sent flying.

Xiao Hong’s face paled, and a mouthful of blood spurted from his mouth. He was forced to retreat more than ten steps before he could stabilize himself, but it was already very difficult for him.

Six-winged’s expression changed drastically. He looked horrified, as if he was very dissatisfied with the chaos demonic Flame Dragon’s attack. With a muffled groan, he flashed to Xiao Hong’s side and slashed down with his saber!

“Be careful!”

Yunxiao roared as he teleported over and thrust the boomerang thrust forward.

Xiao Hong also summoned the ancient gods’ battlefield at the first moment and transformed into a figure as tall as several people to protect her.

However, as soon as the blade light fell, the already incomplete battlefield of the ancient gods was cut in half with a loud boom. The terrifying blade light fell on Xiao Hong’s head.

A sense of death crept into her heart. She felt her body turn cold and she couldn’t move.

But in an instant, two forces came from the sky, Yunxiao’s who controls the ups and downs, and Bomu’s ru you Wen, blocking in front of Xiao Hong at the same time!

“Bang!”

The agama was knocked back when it hit the two profound level weapons. After all, when he split open the battlefield of the ancient gods, he did not have much power left.

“Pfft!”

Xiao Hong spat out a mouthful of blood, and his face was abnormally pale.

Not only had she been injured by the blade energy of the handao, but the ancient gods' battlefield was also connected to her mind. The destruction of the battlefield had also affected her body.

After spurting out a mouthful of blood, his aura dropped rapidly, and his skin became pale and transparent, almost without any color.

Without a word, Yunxiao put it into the divine realm tablet.

Bo mu had been paying close attention to the battlefield the entire time, and had long since discovered that Xiao Hong Li was not able to hold on, so he had immediately come to his aid.

The 12 of them once again formed the capital Heaven Divine Evil formation and stood together in their respective positions, facing off against Liu Chi.

Now, both sides were extremely wary, as if they had lost their absolute confidence.

Yi emerged from Wei Qing's shoulder and his face appeared in a Demonic Flower. He stared at Liu Chi with knife-like eyes and said coldly, "The chaos demonic Flame Dragon was one of the first-generation creatures of the demon world. It was born with the heaven and earth. Although it was not as powerful as the Lord of the thousand worlds, it was far above the Holy demon. I'm afraid that your ancient scroll only has the previous one, and it'll be difficult for you to use the second one."

you recognize the chaos demonic Flame Dragon?" Liu Qi sneered. it seems like you're an old man in the devil World. Tsk, I didn't expect to be living so miserably, having to rely on others."

Chi sneered, "you're just talking about it, so it's clear that there's only one." The ancient scroll of avicinara was said to have been formed from the collapse of the former Demon Realm, so it was not surprising that there were some powerful creatures from the former Demon Realm inside. I'm afraid that the only way you can break the twelve divine beings killing formation is to use the star Jade explosion, but once you use it, you'll definitely suffer eight hundred losses and fall into an extremely dangerous situation."

“Hahaha, what a joke!”

hahaha! Liu Chi laughed wildly and said, " if I use the star Jade explosion now, I'm afraid the entire realm will be pierced through by me. It might even be a fatal wound for the heavenly martial realm. Do the twelve of you still wish to survive under such might?"

"You can try," Yi said coldly.

Liu Qi was slightly angry and snorted, " "The reason why I didn't want to use it was because I wanted to play with you for a while longer."

The 12 of them were all smart people and instantly saw through six-winged's concerns. Perhaps he was indeed afraid of putting himself in danger if he used it.

kill him! Yunxiao shouted in a deep voice. force him to death! He immediately grabbed whoever was in charge of the ups and downs and slashed over.

The other eleven followed closely behind. Maintaining the integrity of the formation was their first priority, while attacking was secondary. In addition, Yunxiao, Yuan, and the other six world Kings were the main force, while the rest were mainly used to assist in attack and defense.

you! six-winged was furious and shouted, " you reckless thing!

White bone blades began to appear all over his body, and he began to exude a thick demonic Qi under the influence of the demonic Qi. A strange light flashed between his eyebrows, and his Dharma form changed again, transforming from three heads and six arms to four heads and eight arms!

"What?"

The twelve men were taken aback, and Yunxiao's attack was slowed down, easily blocked by the six-winged saber beam and knocked away.

However, it was only a momentary shock. He quickly regained his senses and continued to attack. After all, they were all peerless powerhouses and had seen all kinds of strange things. Even if the six-winged beast turned into 12 or 36, they would not be surprised.

After the six wings turned into eight arms, other than the six demonic weapons, he still had two free hands. He continuously formed hand seals and used all kinds of divine arts to fight with the twelve people. Sand and stones flew, and the sky and earth cracked.

All of a sudden, a vertical eye appeared on six-winged's glabella, and it took the shape of a circular pattern in the blink of an eye.

Yunxiao's heart skipped a beat as he sensed the change. "Little Qing, be careful!"

The pattern between six-winged's eyebrows was in the shape of an armillary sphere!

Qing Zhu was shocked and saw it immediately. Just as it was about to put away the armillary sphere, it suddenly realized that a terrifying power had erupted from the armillary sphere and it instantly lost control!

[ I've just calculated. As of yesterday, I still owe 10 chapters/] As long as he released 12 chapters today, he would be able to finish all of them. I'll try my best to write Chapter 12. Eternal is almost done with the dungeon, so please follow my WeChat public account or QQ public account. Taiyis. After finishing the book, there would be a lot of new information posted. At the same time, if I have the time, I'd like to write some side stories, such as Gu Feiyang's death at tiandang mountain, the competition between the top ten martial emperors on the power ranking list, and so on.

"What?"

Little Qing was shocked, but Liu Chi sneered and pointed his finger at it. The armillary sphere suddenly made a buzzing sound, and the heaven and earth dual axis broke free from it, turning into the heaven sword and earth sword, and instantly slashed at little Qing!

"Swish!"

"Swish!"

Caught off guard, little Qing was cut into three pieces by the two swords!

However, he had an innate wood Constitution, so he recovered in an instant. However, his face was extremely pale.

Liu Chi laughed maniacally and grabbed with his five fingers. The heaven and earth swords slashed toward little Qing's sides, knocking away the others who were prepared to help. A large number of runes also appeared on the armillary sphere, forming the stars in the sky.

"Not good! Quickly retreat!"

Suddenly, Yunxiao sensed something and gave an order. The power emanating from the armillary sphere was already chaotic and violent!

"BOOM!"

The armillary sphere was instantly detonated by the six wings, and a terrifying force swept through the world, not only swallowing little green completely. Even Jiu Yuan and Xuanyuan Yao, who were beside him, were affected and sent flying.

Xuanyuan Yao was weaker and spat out a mouthful of blood. His vital essence was completely damaged, and his aura dropped rapidly.

Jiu Yuan was also forced back a few steps. In a hurry, he blocked it with his hand, and his arm was immediately covered in blood. The breath in his body was somewhat chaotic, but fortunately, it did not hurt his true essence.

haha, this ghost formation has finally been broken. Let's see what you have to fight me with!

Liu Chi laughed maniacally, and his eight faces revealed a ferocious expression as he charged toward Xuanyuan Yao in a flash!

Now that the formation had been broken, he needed to kill everyone one by one. Xuanyuan Yao, who was already weak and injured, was naturally his first choice.

“Lord Xuanyuan, be careful!”

Yunxiao's heart sank as he cried out, but there was no time.

Everyone was still shocked by the terrifying power of the explosion. Before they could react, they saw a flash of demonic light, and the Dahan saber slashed across the sky. Xuanyuan Yao's head flew off.

A few thousand feet away, there was a sudden flash of green light, and little Green's figure appeared. However, it flickered unsteadily, as if it was very difficult to even form.

Then, he gave Yunxiao a look, and with another flash, he flew into Yunxiao's body and entered the divine realm tablet, no longer able to fight.

The balance of the entire situation was suddenly broken. With only ten people left, it was difficult for them to form a formation, and the situation became even more troublesome.

“Hahahaha!”

Liu Qi laughed wildly and his eyes flashed with a cold light. His eight arms danced and turned into thousands of shadows. He chanted a strange secret technique and a dark golden demonic light appeared above the Dharma form.

“Demonic essence slash!”

Liu Chi raised his arm and pointed. The demonic light instantly split into dozens of sides and slashed toward the ten people!

Everyone's expression was grave as they hurriedly used their movement techniques to Dodge, but those devil essence slashes were full of spirituality and chased after everyone.

Helplessly, they could only each form a hand seal and slap at those attacks.

Yunxiao swung his sword and struck out three times in a row, breaking the three attacks that were chasing him. Instead of retreating, he advanced and teleported in front of six-winged in a flash, raising his sword and slashing down.

“Bang!”

Whoever struck the Agami blade with the floating sword created circles of demonic light.

With every strike, Yunxiao suffered a great backlash. As he performed an incantation gesture with his left hand, lightning flashed and Thunder rumbled, and all the thunder in the sky gathered in his palm and turned into a Thunder talisman!

“Thousand lightning tribulation-five lightning strikes!”

Yunxiao's body exuded the power of Thunder, and the divine realm tablet spread across his skin, as if all the Thunder of the world had gathered.

Six-winged wore a cold expression and suddenly frowned. He looked up and saw a Golden Lotus flying toward him. Soon after, golden light filled the sky as his eight-armed body was bound by tiny golden chains.

“The chains of law!”

what? ” Liu Chi's expression changed slightly, and he sneered. I've long surpassed the power of a world. What can these chains of laws do to me? ”

The demonic weapon in his hand spun and broke the chains of law with a bang. Then, he slashed out with his sword and swept towards the Golden Lotus.

Bo MU's figure appeared on the Lotus platform, his two palms forming a seal to receive the attack!

“Bang!”

The sword Qi of the AMO wheel pierced through Bo MU's palms and sent him flying. The Lotus platform rapidly spun in the air, and Bo MU's figure flickered unsteadily. He had actually been heavily injured in a single strike.

Although the chains of law had been broken, it had bought everyone a little time. The rest of them put everything they had learned in their lives on the line, and a terrifying power covered the sky and earth!

The power of Thunder in Yunxiao's palm was fully gathered, and nine purple divine Thunderbolts turned into Dragons behind him, spinning around him and striking down with his palm!

“Thousand lightning tribulation-nine lightning strikes!”

“BOOM!”

The nine purple lightning dragons attacked from all directions and circled around six wings. They triggered the tens of millions of lightning in the inner realm and then rushed up!

The rest of them also turned everything they had learned in their lives into magical powers and swept over the world!

“Boom boom boom!”

The terrifying power sealed the six wings in an instant and exploded!

With a deafening sound, a beam of light that was several mu thick shot up into the clouds in the nine Heavens. The entire earth was shattered, the sky was destroyed, and the earth veins were all shattered!

The entire southern region was affected by this attack, and the terrifying light spread out in all directions. Within a radius of tens of thousands of miles, all living creatures were killed, and not even grass or trees survived!

Around the space where Yanwu was, a huge phenomenon in the sky suddenly appeared.

It was the huge realm pit that had appeared after the heavenly martial realm had been pierced through!

Liu Chi still stood in the same place, but his expression was a little gloomy. The hand holding the mo weapon trembled.

“Pfft!”

Finally, he spat out a mouthful of blood. Liu Yi's eyes were filled with shock, as if he couldn't believe it. The auras of the six mo weapons also rapidly weakened.

you Pixiu can actually hurt me?!

Liu Chi looked at the blood dripping from the corner of his mouth and the complicated energy flowing in his body. His body trembled slightly, and he was extremely ashamed and angry.

Yunxiao stood with the sword in his hand and said coldly, "Injuring you is just the beginning. The next thing I have to do is to kill you!"

The rest of the People's faces were also solemn as they stared at Liu Chi with knife-like eyes.

All of a sudden, Ling Baiyi's killer God's body trembled, and the killing intent that had gathered around his body suddenly dispersed. The eyes of the killer god turned around, and an evil smile appeared on his face.

A white figure separated from it. His face was pale and there was blood at the corner of his mouth.

It was Ling Baiyi's real body. The summoning time of the killer God's body was up, but he still maintained it and finally reached his limit.

After the previous attack, his main body had been severely injured and was finally difficult to control.

The eyes of the main body of the killing God blinked, and he turned around to leave. In an instant, he disappeared from this endless world pit universe.

Jiu Yuan, who was the closest to Ling Baiyi, hurriedly stepped forward to support him. In a flash, he handed him over to Bo mu, who was in the distance, to take care of him.

Bo mu was also heavily injured, and he sat cross-legged on the Lotus platform. He caught Ling Baiyi and said, "Leave this person to me, I'll leave the battlefield to you."

Jiu Yuan nodded with a serious expression and returned to the realm pit to confront Liu Chi.

Six-winged seemed to have yet to recover from the fact that he was injured. He stood there in a daze.

Yunxiao pointed his sword at him and shouted, "Six-winged, the situation has been reversed. Don't be stubborn. Otherwise, you will die and waste your good fortune! As long as you swear not to do evil to the two worlds, we'll let you go!"

"Let me go? Hahaha! You're boasting shamelessly!"

Six-winged was enraged and roared, "Then let's see who's the stubborn one and who's the one who'll die!"

His eight arms formed seals, and the six mo weapons rose into the air. They reflected each other in the air and actually formed a barrier!

Yunxiao's face flickered as he said in shock, "You're crazy! If you use the star Jade explosion, you'll die too!"

The terrifying power of the demonic armament instantly spread through the entire pit. In the distance, Bo mu felt his heart tremble as he discovered that everyone had suddenly disappeared.

six paths of space?! he exclaimed in shock.

Although he had never experienced it before, he had heard Yunxiao talk about the six realms. At this moment, they had suddenly disappeared, and only the six realms could explain it.

Bo mu couldn't help but be shocked. Although he was anxious, there was nothing he could do. He could only control the Lotus platform to fly several thousand Zhang away and watch quietly, so as not to be affected by the sudden appearance of the strange phenomenon.

Yunxiao was the first to discover it. Countless stone pillars emerged under his feet and extended in all directions.

Demonic light flickered all over Liu Chi's body. His hands kept forming hand seals in front of him, and the six arms behind him each controlled a demonic weapon. They danced in the sky, and the terrifying pressure of the weapon's accumulation pressed on everyone's heart like a huge rock, making it hard for them to breathe.

Yunxiao could not help but feel a little frightened. He gritted his teeth and said angrily, "Six-winged, you'll die if you play like this!"

"Haha, I'll die? I'm the owner of the six paths demonic weapon, I'll only be heavily injured at most!"

"After I kill you, no one in the two realms will be able to fight me," Liu Chi said coldly. In a few years at the very least, or a dozen years at most, I'll be able to recover to my original state and even advance a level in my cultivation!"

Under his control, the demonic weapon suddenly began to hum as if it was performing some kind of ritual. It exuded a terrifying and sacred aura.

Yunxiao's face turned pale as he knew that he was in big trouble!

The previous star Jade explosion only had five mo weapons, but now it had six gathered together to have such a reaction. Six-winged was also in the complete state of

the Lord of a thousand worlds. This attack was enough to destroy the world, and it would be difficult for them to survive.

He gritted his teeth and shouted, "everyone, get behind me! We'll make the final attack together!" Life and death are determined by fate, it all depends on this!"

His skin began to be covered with all kinds of complicated patterns, the most conspicuous of which was the light blue jade-like inscriptions on the divine realm tablet. The shadow of the divine realm tablet also flashed between his eyebrows.

A terrifying power spread out from his body, and whoever controlled the floating weight in his hand poured all his strength into it!

As if affected by the six paths demonic weapon or having devoured Yunxiao's power, it had never felt so carefree before, and it let out a low buzz!

549690339

The other seven also began to use their abilities.

During the joint attack earlier, everyone had gone all out and suffered quite a number of injuries from the impact of the attack.

At this moment, they understood that they were on the line between life and death. They no longer had any thoughts of living, so they all madly raised their strength to the peak.

Yunxiao's face darkened as he shouted, " "Get behind me and attack in formation!"

The seven men could not help frowning, but they still followed the order and flew behind Yunxiao. Although the twelve divine beings fiend formation could no longer be set up, an incomplete formation was still better than nothing.

When Fei Ni flew past Yunxiao, she could not help but give him a look.

Yunxiao's heart trembled. The two of them looked at each other in silence, but their hearts were connected and they had a tacit understanding.

Soon, an incomplete Capital Heaven divine Wraith formation was laid out. The eight of them worked together and each of them displayed their strongest divine ability!

In front of Yunxiao, a giant spirit emerged, holding a blade of light. As the eight of them attacked together,

The fiendish God also struck out fiercely, slashing at the terrifying figure in front of him!

"Hmph, a Mantis trying to stop a chariot!"

Six-winged laughed hideously and slapped out with both hands, roaring, "All of you, die! Star Jade explosion!"

"Boom boom boom!"

A terrifying aura surged in the six paths space, and the countless stone pillars under everyone's feet were instantly sent flying, turning into dust and dissipating in the air.

The fiendish God's giant spirit met the terrifying attack head-on, and its giant blade slashed into the Star Jade explosion!

"Boom boom boom!"

The sky collapsed and the earth sank. Even the six paths space of the Supreme mystical beings trembled intensely. After that, the world turned dark and the entire space fell into chaos!

Yunxiao felt a great pain all over his body, and his meridians, bones, and bones were constantly being torn apart. He could even feel that the people behind him were also jolted away and had suffered a great impact.

Under that magnificent power, he had completely lost his five senses and six Senses. His entire mind was in a daze, completely blank.

The only thing left was pain, intense pain, pain that was etched in his bones and engraved in his heart!

He didn't know how long it had been before the pain gradually eased, but he could no longer feel anything in his body. He didn't know what his physical condition was, but the only thing he knew in his daze was that he wasn't dead.

In a daze, Yunxiao tried to find his senses, to find the sense of control his consciousness had over his body. It was as if he was only left with a wisp of consciousness, and he had no idea where his body was.

After a while, the feeling of his body slowly returned. He finally felt his eyes, mouth, and gradually, his four limbs.

Yunxiao tried hard to open his eyes, only to find a soft light shining on his body, slowly healing his injuries.

He lowered his head and found himself on the Lotus seat of the Lotus.

The Lotus platform expanded to half an acre in size, and a few people were lying on it in disorder.

Yunxiao's heart trembled at the sight. Your Excellency, where is feini?!

Aside from him and Bo mu, there were eight other people on the Lotus platform. Ling Baiyi was sitting cross-legged among the eight people. His face was extremely pale, and he was slowly recovering. Wei Qing, Jiu Yuan, ye Qingyu, Yuan, and the evil spirit were all lying in the Lotus platform, their fates unknown.

Che you seemed to be in the best condition among everyone, but his scales had fallen off and he was badly injured. The Dragon blood immediately condensed into a scab, like a layer of armor. It was nauseating to look at.

Among all the people who entered the six realms, feini was the only one missing.

Bo MU's expression wasn't too good either. He stretched out his hand, and a faint yellow flame appeared in his palm, flickering weakly.

Yunxiao's heart felt as if it had been pierced through in an instant, and he felt suffocated, so uncomfortable that he could not breathe.

"You don't need to despair," Bo mu said, giving him a glance. This was the fire of feini's life that had not been extinguished.

Fortunately, I discovered it in time and absorbed the power of Amitabha to nourish it. Otherwise, I would have been finished."

Yunxiao was overjoyed as he said in a hurry, "My Lord, you mean that feini is not dead yet?"

"I'm not dead, but I'm not alive either," Bo mu shook his head. The flame of her life has not been extinguished, but her physical body has been destroyed. However, she has the Nirvana body of the heavenly Phoenix, so she may be able to be reborn."

Your Excellency, " Yunxiao said with a frown. can you make yourself clear? "

"What I mean is that whether she can live or not is entirely up to her," Bo mu said. We might be able to give her some help, but in the end, she still has to rely on her own will. Otherwise, it is also possible for her to sleep for a long time in the Phoenix Fire."

Yunxiao's face was gloomy, but it was still a great fortune in the midst of misfortune. Looking at the weak Heavenly Phoenix Flame, he gritted his teeth and said, "Feini, don't worry. Even if I die, I will definitely find a way to restore you!"

"It'll be difficult," Bo mu said with a sigh.

Yunxiao felt a little depressed, and it was only then that he came back to his senses and said, "How are the others?"

“Take a look for yourself, two dead and three injured.” Bo mu pointed to the ground.

“What?”

Yunxiao’s heart twitched violently. He hurriedly looked over, and his face turned pale.

The evil spirit’s perfect creation body was completely pierced through. It was riddled with holes and had almost become a pile of mud. He couldn’t sense any aura of life from it, so the evil spirit’s soul had probably been annihilated.

Ye Qingyu’s face was also unrecognizable when he looked to the side. With a scan of his divine senses, he realized that all his bones, bones, meridians, and internal organs had been crushed. There was no chance of him surviving.

The ones who survived were Wei Qing, Jiu Yuan, and Yuan.

Yuan’s face was abnormally pale, and it was almost no different from being dead. However, the two kinds of flames in her body were still jumping weakly, as if it was for this reason that her life was not extinguished.

The Magic Tree Golden Wheel lay quietly beside Yuan. The gears on it were almost completely ground flat, and the middle was deeply sunken, almost pierced through.

To be injured to such an extent, this Saint artifact had already been completely destroyed.

Jiu Yuan also seemed to be dead. He lay stiffly on the Lotus platform. There were no signs of life on his body, but he didn’t look dead.

“This should be an extremely powerful state of suspended animation,” Bo mu said. Perhaps it had something to do with the abyssal race’s physique. Perhaps it was some kind of innate divine ability. Although he looks like a dead person, Amitabha’s power tells me that he is still alive.”

Yunxiao thought for a moment and said, “the abyssal race is one of the earliest races in the heavenly martial realm. Moreover, Lord Jiu Yuan was already an expert in the world King realm and had comprehended it for so many years. He’s the strongest among us, so he should be fine.”

The last person left was Wei Qing, who was also unconscious on the ground. His arms were crossed, as if he was holding onto something before he fainted.

From the looks of it, it must be a yin and yang air bottle.

Yunxiao frowned as he picked up a few silver fragments from Wei Qing’s body. When he held them in his hand, he immediately understood.

It was the Yin Yang Qi bottle that had saved Wei Qing's life. Otherwise, with his cultivation as a demon commander, there was no way he could have survived such a terrifying power.

Yunxiao examined Wei Qing's body and could not help but frown. Although there were still many devil vines hanging from his body, there was no devilish aura, as if he was dead.

He muttered to himself, "could it be that Master Yi is also afraid?"

An image began to automatically fill Yunxiao's mind. Under the terrifying attack, the fiendish God transformed from the array formation naturally exploded in an instant, and then all eight of them were swallowed by the power of the star Jade explosion.

In an instant, Wei Qing took out the yin and yang air bottle and protected himself. He also drew out the power of the demonic armor and put it on his body.

Demon Phoenix naturally wouldn't be willing, but at that critical moment, she couldn't care much, and could only resist with all her strength. However, the star Jade explosion was too terrifying. In the end, the treasure bottle and the demonic armor protecting Wei Qing's body both died, but Wei Qing's life was preserved.

Yunxiao grunted. Although he had some criticism for Wei Qing's approach, he did not say anything when he thought that Wei Qing was indeed such a person.

Moreover, it was better for Wei Qing to be alive than a Saint demon from the demon Realm.

Finally, Yunxiao turned to che you and said, "Old dragon, are you alright?"

Yunxiao and che you might not be the most powerful among all of them, but in terms of defense, they were well-deserved to be the best.

Yunxiao had the body of the floating and divine realm tablet, and he himself was also a dharma body of creation, as well as a body of five elements Thunder. If it were not for the fact that the Lord of the thousand realms had used the six paths demonic weapon to create the star Jade explosion, there would be almost no one in the two realms who could kill him.

Che you even had the body of a true dragon, the strongest body in the world. Coupled with the power of the world, there were not many who could hurt him.

Although he was not as good as Yunxiao, che you was still awake. Lying on the Lotus throne, he looked up at the endless sky in silence for a while, then suddenly said, "You're still carefree here. Where's six-winged? Did six-winged die?"

Yunxiao's body trembled as if he had been struck by lightning!

After waking up for so long, he had actually forgotten the most important thing!

He hurriedly turned around and looked at the endless starry sky, but he didn't see any sign of six-winged, so he turned to look at Bo mu.

Bo mu also shook his head, "I've been paying close attention to the pit ever since you entered the six paths space, but I haven't seen anything strange." This was the situation when you came out. Two are dead, four are injured, and the other two are still alive."

Yunxiao's heart trembled as he cried out, "Shit! Six-winged definitely didn't die! If he were to hide and escape, then we'll be in big trouble!"

Bo MU's face also sank, and he was filled with worry.

The battle this time had exhausted the power of the two worlds, and almost all of the top experts had died or suffered heavy injuries. Only then had they achieved such results, severely injuring six-winged. If he managed to escape, the consequences would be unimaginable. It would be a huge disaster for both worlds!

"Escape? Do you think I'm your group of minions?"

A cold voice came out from the world crater. It was emotionless and it made people's hearts go numb.

Soon after, six-winged's figure slowly emerged from the void.

549690339

The four-headed and eight-armed Dharma form had disappeared, and only the body of a great demon was left. With each step he took, the sinister face gradually calmed down.

The demonic weapon of the six paths was not in his hands either. It was unknown if he had taken it back or if there was some other malfunction.

White bones burst out of the demon's body and protected his six-winged body like an armor. However, he was also covered in blood!

Yunxiao's body trembled, and his pupils shrank into a dot as he stared at Liu Chi, his face filled with anger and gloom.

Liu Chi's aura was now a far cry from before. It seemed that he had also been seriously injured by the explosion of the star Jade.

“You actually still dare to appear!”

Yunxiao was filled with anger, but with just a slight movement of his body, he felt a sharp pain all over his body, and his face turned pale.

“I should be the one asking this question, right?”

Liu Chi also stared at him coldly and said, “You didn’t run away even though your life was saved, it’s really beyond my expectations. However, it was good that the trouble was solved. If I let you and that true dragon escape, only the heavens know how much trouble you’ll bring to me. To be able to force me into such a situation, it truly makes me feel shocked and surprised.”

Bo MU’s face was filled with despair as he muttered, “Could it be that fate really can’t be changed, and everything is still going according to the established trajectory?”

He recalled rouwei’s prophecy, and his eyes began to show despair and bitterness.

“You old fart, don’t spread such negative emotions here! I’m not dead yet!”

Che you jumped up from the Lotus platform, the wounds on his body tore open again, and dragon blood dripped down.

But, his face was still filled with killing intent, and his fists were clenched tightly as he stared at the six-winged creature. He turned his face to Yunxiao and said, “Are you confident?”

Yunxiao had no confidence, and his heart was full of pessimism. Although six-winged’s strength was far from what it used to be, it was no longer something they could compete with, given their severe injuries.

“I’m asking you a question! Say something!” Che you shouted. Answer me!”

Yunxiao’s heart skipped a beat, and his blood began to heat up.

Che you frowned and sneered, “are you in despair again?” I’ve known you for so long. Although you’re despicable, shameless, lecherous, and obscene, there’s one thing about you that I’ve always admired, and that’s your unyielding spirit. I’ve never f \* cking seen you admit defeat before! However, you changed!”

Che you’s tone suddenly changed as he said sarcastically, “last time in the Dragon Transformation pond, I was beaten to sh \* t by luanyu so I gave up and begged for mercy ..” I was really surprised at that time. Is this still the Li Yunxiao I know, Gu Feiyang?”

Yunxiao frowned and scolded, "you're the one who's f \* cking beaten up! You're the one who's begging for mercy! I was trying my best to stall for time, stabilize the enemy, and implement changes in battle strategy. I was using words and strategies to move and influence the enemy. The letter of challenge said, "attacking the city is below, attacking the heart is above," haven't you heard of this, you idiot?"

"Alright, alright, Yingluo!"

Che you felt a headache, he held his head with one hand and interrupted him with the other, "Don't talk nonsense with me. I don't want to reason with you. No one in this world can talk you out of it. Now, you just have to tell me, do you choose to give up, or do you choose not to accept your fate and die?"

Yunxiao grinned and said, "As long as it's something I've decided on, it doesn't matter if it's fate or not! Even if I die, I must do it!"

With a loud roar, all the injuries on his body opened up, and a large amount of blood spurted out.

However, he seemed to have forgotten the pain. The divine realm tablet flashed between his eyebrows, emitting a faint light.

His mind flickered, and it was only then that he realized that the divine realm tablet had also been severely damaged. The mountains and rivers inside had been shattered, and a large amount of spiritual energy had been lost.

He then made a grabbing motion with his right hand, and the master of floating and sinking reappeared in his hand. However, the spiritual light had also dimmed, as if it had lost all vitality.

"Hahaha, good, good!"

Che you laughed maniacally, he also extended his hand and the world sword appeared in his hand. He also turned it into an ordinary weapon and pointed it at Liu Yi.

Although the two's auras weren't strong, their absolute presence still stunned six-winged, and his face darkened.

"Since you insist on seeking death, then I'll fulfill your wish, you two idiots!"

Six-winged's figure flickered and he charged onto the Lotus platform. The white bone sword in his hand slashed down with a Weng sound!

Yunxiao and che you raised their swords at the same time to meet the attack!

"Bang!"

The three swords struck each other, and although they also released an extremely powerful Halo, it was nothing compared to the destructive power they had used in the previous battle.

All three of them were knocked back at the same time, but Yunxiao and che you were pushed further away.

The two men were shocked, but they could not help but be overjoyed. Yunxiao's eyes were filled with surprise as he cried out, "So weak, he can win!"

Che you nodded his head heavily. He waved the sword in his hand a few times and charged over.

Liu Chi was furious. He had indeed exhausted a lot of his energy, and he could not even maintain his four-headed and eight-armed Dharma form. Although he could still use the six paths demonic weapon, he couldn't unleash its power at all. It was just like an ordinary weapon. Instead of using it, he might as well use the bone sword that had grown from his body.

Yunxiao gritted his teeth and also rushed over.

"Bang! Bang! Bang! Bang!"

The three of them began to compete in swordsmanship in the void, and sword lights shot out in all directions like a Peacock spreading its tail.

Yunxiao and che you were at a disadvantage, and every time they wielded their swords, blood would spurt out. Their bodies had long been covered in blood, and their injuries were getting worse.

However, Liu Chi did not seem to be in a good state either. The blood on his bone armor became even redder, as if it was constantly extracting his blood essence. In contrast, his face appeared even paler.

Suddenly, che you leaped back and placed the world sword in front of him. He kept making hand seals and injected the world sword into his body. A Dragon's Roar shook the nine Heavens. The sword light flashed and turned into a Dragon Shadow that pounced towards six-winged!

"What?"

Six-winged was shocked. He didn't expect his opponent to use such an ultimate skill. He raised his bone sword and suddenly struck down!

"BOOM!"

The sword slashed at the Dragon, and its six wings were instantly sent flying, leaving a trail of blood in the sky.

The Dragon turned back into the world sword and fell into the endless void.

Yunxiao's face flickered. He knew that there was something wrong with che you at the moment, or he would never have let his sword fall.

Bo mu had also discovered the abnormality, and with a grab, he pulled the world sword and che you over, placing them within the Lotus platform.

Blood continued to flow out of che you's mouth, his eyes were still wide open, and he was mumbling something.

"Don't speak, I'll help you heal first!" Bo mu hurriedly said.

Suddenly, a layer of gold appeared on his hands and he slowly poured his true Qi into che you's body.

In fact, he was also seriously injured, but he could not care about that at this time. Protecting the true Dragon's life was more important than his own life.

Che you struggled a few more times before spitting out a few more mouthfuls of blood. He didn't say anything more, and just lay there quietly, allowing Bo mu to treat him.

Yunxiao's face darkened when he saw this. old dragon, rest in peace. Leave the rest to me.

A strong wind gathered around him and turned into a crocodile. It pounced on his shoulder and stared at six-winged coldly.

The crocodile only had the strength of a normal Blessed Realm cultivator, but at that moment, it could not care about that. It was better than nothing.

"Dammit! That damned Dragon, how dare he injure me!"

The bone armor around Liu Qi's body was cracked by the world sword. It seemed to have caused him quite a shock.

"So what if I hurt you? I still want to kill you!"

With the sword in hand, Yunxiao walked forward step by step. The crocodile roared and suddenly rushed out, turning into a huge body. It opened its mouth and spat out a half-moon shaped wind blade, slashing at Yunxiao!

even the trash is here. Are you really at your wit's end?!

Liu Chi raised his sword and slashed down. The sword light actually had blood on it, showing that his injuries were not light.

“Bang!”

The wind blade was shattered in an instant, and the sword’s momentum didn’t slow down at all as it struck the crocodile’s body, cutting it in half!

Yunxiao took the opportunity to teleport and pour what little energy he had left into the sword. A Blue Dragon Shadow emerged above the floating sword, which was the soul of the real Dragon. It roared as the sword slashed down!

“BOOM!”

In his shock, Liu Qi raised his sword to block once more. The soul passed through his bone sword and struck the bone armor, completely shattering its defense!

“Ka ka!”

The bone armor kept making cracking sounds, and six-winged was wounded again. He spat out a mouthful of blood and was sent flying back thousands of feet.

At this moment, blood was flowing down from his body, and most of the White bones around him were shattered. The rest were also full of cracks, which was a terrible sight.

However, the determination on his face kept him standing, and the bone sword in his hand was still glowing with sword light. hahaha, li Yunxiao! If you have the ability, then come at me a second time!”

Yunxiao’s energy was finally exhausted after the attack, and the light on his floating sword was gone. He was unable to draw his sword again, and Liu Chi saw through him with a glance.

“If I still don’t draw my sword, it will be my turn to kill!”

Liu Chi’s face was covered in blood, but his eyes were filled with excitement and killing intent. He walked toward Yunxiao step by step. as long as I clean up all you trash, no one in the two worlds will be able to stop me!

Yunxiao looked at him coldly as he raised his right hand, and master bobble disappeared in his palm. Then, he slowly put his palms together and performed a Thunder seal.

“Pi Li pa la!”

A bolt of green lightning appeared in his palm and slowly spread out. The lightning crackled and radiated in all directions.

Liu Chi's steps faltered, and he could not help but laugh. hahaha, the realm King of this generation. What's wrong? Was he so weak that he couldn't even form purple lightning? Only this Qing Lei is playing around, is he trying to light up an eternal lamp before he dies?"

Yunxiao felt bitter as well. He kept circulating his energy, trying to turn the green lightning Purple, but how could he afford to do so? The lightning flickered between green and purple, and it was impossible to purify it into pure purple lightning!

549690339

"Hahaha, you're really a child's play. Is this your unyielding spirit? Without the support of strength, he's just a joke, a laughingstock!"

A cold glint appeared in Liu Qi's eyes as he raised his bone sword. Monstrous demonic Qi immediately gathered around it, and a sword realm opened up!

"Brahma holy sword!"

Liu Chi's expression turned serious. He became one with the sword and turned into a sword ray. The sword ray was dyed red because there was too much blood. It was like a Red Cloud that cut across the vast universe.

It was also like the stars of fate, sliding forward on a predetermined trajectory, irreversible. Everything was fate, everything was destiny.

Bo MU's expression finally darkened, and with a long sigh, he said, the heavenly Dao is vast and everything is like an ant. It can't be changed.

All of a sudden, his hand was pulled, and a bloody hand of che you grabbed his wrist and forced him to stand up. He then cursed, " I've already said it just now, you old man, don't say it just now, don't say it just to be disheartened, it'll affect my mood.

After he finished speaking, he fell down again and continued to spit blood on the Lotus seat.

Bo mu glanced at him, then let out a long sigh. Originally, he had not wanted to treat him. After all, he would still die in the end. But with a thought, he still stretched out his hand and continued to pour his primeval essence into che you's body.

He couldn't tell why, but subconsciously, there was still a trace of unwillingness, unwillingness, and even dissatisfaction. Thus, subconsciously, he had developed a stubborn emotion, wanting to resist this unfair heavenly Dao.

Faced with the sword Qi of the Brahma Sacred Sword, Yunxiao became extremely calm. His face was expressionless as he kept trying to condense the Thunderbolt in his palm.

Even his body started to turn into lightning and was about to merge into the purple and green lightning.

At this moment, he didn't want to think about the ending, he didn't want to think about the past, he just focused on gathering lightning.

Suddenly, his heart skipped a beat and a voice rang in his ears.

Yunxiao's pupils constricted as he said in surprise, "Little Qing?"

The voice came from little Qing, who was in the divine realm tablet. "You're definitely going to die like this. Let me give you a hand."

"But you're seriously injured!" Yunxiao cried out in surprise.

"If you die, I won't be able to escape either," Qing said indifferently.

With that, without waiting for Yunxiao's reply, he disappeared from the divine realm tablet and attached himself to Yunxiao.

Yunxiao's body trembled as he felt an infinite amount of Thunder energy spreading in his body, and his sense of the Thunder in heaven and earth was raised to another level!

"Pi Li pa la!"

The dual-colored lightning in his palm turned purple in an instant. The powerful lightning energy suddenly spread out and directly condensed into a ring of lightning stars around his body. Then, it spread out in circles, showing different colors. There were more than a hundred rings!

"What?"

impossible! Liu Qi's pupils constricted as he exclaimed in shock. this, this is impossible!

Yunxiao's face was calm, and the corners of his mouth curled up into a sneer. He returned to his usual calm and composed demeanor, his face flickering under the purple Thunder. you must be very unwilling and feel very, very regretful, right? " Even the Lord of a thousand worlds will eventually turn to dust after this battle."

All of a sudden, outside the pit, Thunder roared and a strange light was emitted. It interwove into a sea of lightning, which shone with the hundred-colored lightning Star Ring inside the pit.

Yunxiao's calm and composed look seemed to indicate that the end of all this was coming.

In an instant, tens of thousands of lightning bolts gathered around him. An unprecedented and magnificent power descended, landing in the entire realm pit!

Bo MU's mouth was wide open in shock as he looked at the lightning. It wasn't just within the world crater; the entire Southern domain was bathed in a sea of lightning!

At this moment, all the experts rescued by Ding Ling 'er were gathered in the Holy region. They could still see the final battle through the water mirror, but when the twelve divine beings killing formation and the six-winged formation fought for the first time, the earth shook and all the power of the projection was destroyed, and the situation was completely unknown.

Just as everyone was feeling anxious and restless, Thunder suddenly rumbled above the Holy region. In an instant, the sky turned purple, and bolts of lightning shuttled through the sky like dragons and snakes.

Not only the southern region and the holy city, but the entire Eastern Region, Western Region, northern region, and even the four Seas were all filled with lightning and thunder. The terrifying lightning shook the earth from the sky!

It seemed to be the anger and roar of the heavenly martial arts realm, fighting against the established trajectory of fate!

Liu Chi was so shocked that he was dumbfounded. He cried out in his heart for danger, but he still didn't have time to retreat. He could only brace himself and pour all his strength into the sword, stabbing it into the lightning!

Yunxiao performed a Thunder incantation and slammed it down as he shouted, "Ten thousand lightning tribulation-heaven and earth return to origin!"

"Boom boom boom!"

Ten thousand bolts of lightning struck his body, and his six wings were instantly swallowed up. His entire body seemed to be frozen in the lightning, unable to move at all!

"Not good!" Bo MU's face was filled with shock.

The entire world pit was rumbling as if it was about to be blown to pieces. He hurriedly controlled the magnificent Dharma Lotus platform and wanted to escape into the void. However, he was shocked to find that he was surrounded by the Thunder World. There was no place to escape to. He could only brace himself and turn into a fleeing light to escape.

“Boom boom boom!”

Not long after the Lotus throne flew out of the realm pit, the entire realm pit suddenly exploded, and a terrifying deep pit spread across the land of the southern region.

Even the other three regions, the people far away in the Holy region, and even the four Seas could sense this.

Everyone only felt that the heavens were sad and the earth was miserable. It was as if the four poles had collapsed, and this world was about to collapse.

In the center of the realm pit, Yunxiao and Liu Chi were standing next to each other. They were very quiet and ignored the noise outside.

“You win,” six-winged said dumbly.

yes! Yunxiao nodded and said, ” I’m finally free.

“The heavenly Dao’s choice is you, not me,” six-winged said.

‘In fact, the heavenly Dao has never chosen anyone,’ Yunxiao said. This is our own choice.”

Liu Qi was stunned for a moment before he suddenly realized something. He formed a seal with his hands and said, heaven and earth gave birth to me. Now that fate has come to an end, I will return it to you.

Under the illumination of the lightning, six-winged’s body suddenly became bright and actually split into six balls of light. They spread out in the world pit and shot out in all directions!

Yunxiao looked at everything in front of him quietly, knowing that everything had been settled, and he was finally free.

An incomparable sense of fatigue and exhaustion washed over him. His heart felt empty and he closed his eyes in an instant. He fell into a deep sleep and then fell into the endless depths of the world pit.

A few years later, the realm of heavenly martial arts regained its peace.

However, the southern region had turned into scorched earth and lost all its spiritual energy. It had once again become a place where even birds would not want to shit. All the martial artists returned to their original sects.

The realm of heavenly martial arts began to have a new atmosphere. Except for the southern region, the other three regions were thriving and developing. However, this

had also caused many disputes, especially after the end of the era of the old seven forces and the northern and southern merchant Union. The forces of the three regions had been reshuffled.

However, the entire world was developing in an orderly manner under the guidance of an extremely powerful force. No one would interfere with these small actions.

North Region, Star Collection city, su family.

More than a dozen martial artists sat in the hall with heavy expressions. The oppressive atmosphere spread in the hall, and none of them made a sound.

“We can’t agree to this!”

An old woman dressed in white stood up and threw her red iron crutch on the ground. She angrily rebuked, “The nine yang divine body is one of the most powerful divine bodies in the legends, and it’s hard to find one in ten thousand years. It was said that only Luo yunshang, the senior Sister of the current Palace Master of shenxiao Palace, han Junting, had this body, and her future achievements were limitless. How could it be destroyed by that brat Chen Tian ‘ou!”

The other old man on the left grunted, “second sister, peiqing is my grandniece. I don’t want this either.” If we don’t agree, not only will we lose peiqing, but we might also lose our su family.”

“How can there be such an act of bullying in broad daylight?!” The old woman rebuked. At most, we’ll go to the holy city of misty snow and complain! I don’t believe that the sacred city would not do anything about such a terrible thing!”

The old man sighed, “sigh, I’m afraid we won’t even be able to walk to the holy city.” It’s not like you don’t know how powerful the Thunder faction is. They’re the leader of the entire star Luo city. When had they ever failed to get what they wanted? Moreover, do we know anyone who will report us to the holy city? Lei BA, the sect leader of the chelei sect, has been cultivating in Yanwu for more than ten years, and he has a very good relationship with many experts in the Holy region. If you go and complain, you’re just asking for death!”

“At worst, we’ll just die together!” The old woman stomped her foot in anger.

The SU family’s head, su mo, had been sitting at the head of the table the entire time and had not said a word. At this moment, he finally could not help but berate, “What stupid words are you saying!”

The old woman burst into tears, and tears streamed down her face. She sobbed, “Big brother, do you want to see that child peiqing be defiled by Lei mang? It was said that Lei mang was ignorant and incompetent. He indulged in debauchery all day. Although

he was talented, he was still only in the eight-stars Martial Emperor realm. He would probably stay in this realm forever. Lei BA wanted this useless son of his to become a martial honor and that's why he had his eyes on our peiqing. Peiqing has the nine yang divine body and his future is bright. He can't be destroyed by this wastrel!"

She cried as she spoke, causing the people in the hall to feel irritated. They were angry, but they were helpless. With the SU family's strength, fighting with the Lei family was no doubt like an egg hitting a rock.

Su mo shouted,"don't cry!" Which one of us wants peiqing to marry that bastard? But what can you do? As the clan leader, I must consider the big picture. Protecting the clan's bloodline is my top priority. However, I'll try my best to think of a way to deal with peiqing. I've already sent people to the divine cloud Palace a few days ago. I hope that the people of the divine cloud Palace can save peiqing's life on account of her nine yang divine body."

The old woman was overjoyed and said,"really?" Haha, that's great!"

Chapter 2398: Chapter 2398-fool

549690339

The old man who had spoken earlier was also smiling. He stroked his beard and said, "If shenxiao Palace knows that peiqing has the nine yang divine body, they will definitely send someone to take her away. Even if the Thunder hold sect questions us, we'll have an excuse. If you're so capable, go to the divine cloud Palace and ask for him, hahaha."

In the main hall, everyone's faces finally looked better, and they all revealed rare smiles.

don't be too optimistic about this matter for now, " su mo said. although I've had su da travel through the night, we'll probably only have a result the day after tomorrow at the earliest.

"What? Su da?"

Suddenly, one of the old men's expression changed drastically, revealing a look of shock.

"What's wrong?" su mo frowned.

The old man's face turned pale. "Are you sure you want to send su da?"

Su Mo's expression was clearly displeased, and he snorted, "Do you think I would lie to you?"

The old man suddenly slapped his thigh and stood up with a “shua” sound. He said, I saw su da coming out of the lightning sect yesterday. I thought something had happened, so I didn’t think much about it!

“What?”

Su mo was shocked, and he could not help but drop the teacup in his hand. He said in embarrassment, ” impossible! Did you see it wrong?!

The old man sighed,”ah, Lord clan leader, what are you saying?” How could I have misjudged my own brother?”

Su mo suddenly cursed,”damn it!” Su da, how dare you betray the SU family!”

A burst of laughter suddenly came from outside the hall. Under the shock of the ten-some people inside, a group of people filed in, all of them with unkind expressions and thick killing intent.

“Lei BA!”

Su Mo’s expression changed greatly, and when he looked at the person beside Lei BA, his face could not help but turn pale. He angrily rebuked, ” “Su da, it’s you! You traitor!”

“I’m a traitor?” su da sneered. Big brother, you betrayed Lord Lei BA first, and I betrayed you, right? This was called “those who get what they want have more help, while those who lose will have less help.” If you hadn’t betrayed me first, would I have betrayed you?”

Lei BA had a burly figure and a rough appearance. His angry eyes were as terrifying as a Vajra as he shouted,”Su mo, you dare to be two-faced. He promised me on the surface, but he’s secretly looking for people from shenxiao Palace to deal with me. If he can’t give me an explanation today, there’s no need for the SU family to survive!”

Su Mo’s expression greatly changed, and the ten or so higher-ups ‘faces were ashen.

“You’re going too far!” The old woman roared angrily. I’m going to kill you all!”

The old woman waved her metal walking stick and arrived in front of Lei BA in a few steps. Then, she pointed it at his throat.

Lei BA laughed wildly and said,”haha, old woman, you’re looking for death!” Fine, I’ll use you as an example to prevent others from betraying me in the dark!”

He clenched his fingers and immediately, a thunderous sound rang out as he slapped the iron crutch. With a ” boom “, the old woman spat out a mouthful of blood and was sent flying. She fell to the ground.

This time, the SU family was even more silent, and no one dared to make a sound.

Lei BA didn't give up and immediately stepped forward to deliver another palm strike to take his life. Su mo suddenly shouted, "stop!" This person is peiqing's third grandma. If you kill her, peiqing will hate you and it won't be good for your Lei family."

Lei BA's body came to a stop. After thinking for a moment, he retracted his hand and coldly snorted, "I'll let you off this time!"

Su mo went up and helped the old woman up, saying, "Isn't your goal for peiqing? I'll let peiqing go with you."

The old woman vomited a few mouthfuls of blood and coughed non-stop.

Lei BA sneered and said, "hehe, no need." I'm afraid of an accident, so I'll take her away myself. My son has already gone to the backyard to find peiqing, it's good to let them improve their relationship first."

"You dare to barge into my su family!" Su mo said angrily.

Lei BA said coldly, "if your su family is honest and well-behaved, I will naturally follow the rules. If you play tricks, don't blame me for using my lightning-like methods!"

The old woman coughed up blood as she cursed, "You'll get your retribution sooner or later for what you've done. I'll definitely find a way to report this matter to the sanctum and let them judge you!"

"Hahaha, a Saint-level judgement?"

Lei BA's eyes flashed with a hint of ridicule as he coldly snorted, "Don't forget that I've been cultivating in Yanwu for twelve years, and even the Yunxiao Alliance master has seen me several times from afar. Those on duty in the Holy region are all my best friends. If you go to the Holy region, you'll only be seeking your own death."

When the SU family members heard this, their faces turned ashen.

Suddenly, a disciple of the Lei family ran up and cupped his fists, "Sect leader, we've searched the entire back courtyard but we didn't see miss peiqing. According to some maidservants, young miss went out shopping early in the morning."

"Shopping?"

Lei BA was stunned for a moment. He then waved his hand and said, it's getting late. Even if he's out shopping, he should be back soon. Let's just wait.

"Yes."

“The young master also hopes to wait,” the disciple cupped his fists and said.

At this moment, outside the SU family’s courtyard, su peiqing had no idea what had happened at home and was happily walking back. Behind her was a yellow-clothed maidservant and a silly-looking manservant.

The manservant walked unsteadily and laughed non-stop. His appearance and demeanor were very silly.

Su peiqing’s steps were light and quick. ‘I’ve finally bought the spring stalactites. Next, I can find an Alchemist to refine eighth-tier heart-nourishing pills for third grandma. With the heart-nourishing pill, third aunt can break through to the rank of a Nine Heavens martial sovereign!’

“If the third elder knew that miss is so considerate, I wonder how happy he would be,” the maidservant said with a smile.

The servant also laughed foolishly, then suddenly said, “level eight heart-nourishing pills aren’t good. In fact, Level Seven Qi-protecting pills are better than heart-nourishing pills. It’s just that the level of heart-nourishing pills is one level higher, so it seems more valuable.

Su peiqing blinked and smiled.”Xiao Sha, you’re talking nonsense again. These are things that only great alchemists know. How could a little fool like you know about them?”

“Hehe, hehe,”

The manservant scratched the back of his head and laughed foolishly. He didn’t know how he knew, but he just blurted it out.

The maidservant glanced at the manservant and said,”miss, I feel that this fool is strange. He seems to know a lot of things.” Why don’t we write down what he said and ask an Alchemist another day?”

Su peiqing knocked the servant girl’s head and laughed. “You can’t joke about this. What if you make some great Alchemist unhappy? Third aunt will scold me to death.”

The maidservant thought for a moment and said,”that’s true.” Sigh, I don’t know where this fool came from, but I feel that there’s something strange about him.”

“Who cares about his background? he’s with me now, so he’s a member of the SU family.”

Su peiqing touched Silly’s hair and smiled. “Don’t worry, with this Baobao here, I definitely won’t let anyone bully you.”

Three years ago, when they were shopping, su peiqing saw a disheveled little fool wandering the streets. Many children were throwing stones at him. She felt that he was quite pitiful, so out of kindness, she brought him back.

He didn't expect that after a shower, this little fool would still look handsome and delicate. If it wasn't for the thick foolishness on his face, he would have looked like a Prince.

But unfortunately, a fool was still a fool. He didn't know anything when asked, but he would say some strange things from time to time.

Su peiqing even found a few doctors to treat him. The conclusion was that he had damaged his brain and lost his memory.

After many unsuccessful attempts, su peiqing had basically given up.

After all, the SU family was considered to have some status and influence in star Luo city. Those who could invite a doctor were not ordinary people. It was likely that there were not many people in this world who could cure this fool.

Five years ago, Yunxiao, the leader of the heavenly martial League, and six-winged, the devil Lord, had a world-shaking battle in the southern region. After six-winged died, it turned into six streams of spirit energy and scattered across the vast land.

One of them landed near South Fire City of the North Region, which instantly caused the spirit Qi in South Fire City to flourish, becoming the core of the North Region.

On the other hand, star Luo city was not far from South Fire City. Similarly, because of the spirit primordial energy that had scattered into the earth, they had also received many benefits. This caused the originally ordinary place to become popular.

In the past five years, more than a hundred forces had squeezed into star Luo city. Among them, the Thunder hold sect had become the champion with the help of their sect master's power as a peak nine-stars Martial Emperor Lei BA.

Not far from the courtyard, su peiqing's sharp senses noticed that something was amiss in the house. The courtyard seemed to be surrounded by many people.

The maidservant also exclaimed, "the Lei family?" Young miss, look at their clothes."

Su peiqing's face darkened. "Let's go. We'll enter from the back courtyard. I don't want to see the Lei family."

Her originally happy mood instantly turned bad, as if a stone was pressing on her heart.

Silly seemed to sense her mood and hurriedly said, "Miss, don't be unhappy. If the Lei family dares to be rude to you, I will chase them away!" He raised his fist and waved it a few times.

Su peiqing smiled bitterly and shook his head slightly.

The servant girl giggled and said, "you still want to chase them away? be careful not to get beaten up by them." Last time, I heard a few people from the Lei family say that you're an idiot who follows the young miss around all day. They've long found you an eyesore and have long threatened to beat you up."

"Hit me? I'm not afraid!"

Little fool had a fearless expression on her face as she proudly raised her head.

"You're not afraid?"

"The Lei family is really mean. If you don't handle things well, they might even kill you," the servant girl said viciously.

Su peiqing's expression changed slightly and he shouted, "Bi 'er, don't scare little fool!"

"You want to kill me?"

The corner of Silly's lips suddenly curved up, and she smiled teasingly. She seemed to subconsciously blurt out, "Nowadays, all those who have said these words are already dead."

Su peiqing and the servant girl's hearts trembled. They were inexplicably infected by little fool's aura.

Su peiqing was even more stunned. She looked at little fool and was speechless.

The young man, who was usually a fool, had lost all his foolishness when he spoke just now. He actually had a feeling of looking down on the world!

//A lot of people sent me messages asking if I'm going to finish today. I'm a little confused too. I don't know. The rest of the plot is in my mind, so I'm not sure how much I can write. There was a higher chance that they would finish the game tomorrow, but they were not sure about today. Both of his hands were numb from typing, and he could no longer feel his wrists.

Chapter 2399: Chapter 2398-struck by lightning

549690339

“Young miss, young miss.”

The maidservant nudged su peiqing a few times and waved her hand in front of her face, saying, “Miss, are you dumbfounded? Hehe.”

The maidservant laughed strangely and teased, “don’t tell me you’ve taken a fancy to this fool?” Tsk, tsk, but other than being a fool, this fool is indeed quite handsome.”

Su peiqing knocked on her head a few times and said, “Who asked you to make fun of me! Take a closer look at Xiao Sha. I didn’t notice him before. Don’t you think he looks like someone?”

“A person? Who is it?”

The maidservant stared at little fool for a while, tilted her head, and thought for a moment. “Eh, now that young miss has said it, it’s a little true. It’s just that I can’t recall who he looks like at the moment.”

Su peiqing’s expression suddenly turned serious, his face filled with respect. Li Yunxiao, the leader of the heavenly martial League!

“Ah!”

The maidservant couldn’t help but cry out in shock, “Now that you mention it, miss, they do look a little similar.”

five years ago, ” su peiqing said, a little moved. li Yunxiao, the leader of the heavenly martial Alliance, and six-winged devil Lord had a shocking battle in the southern region. After that, the six wings turned into six streams of spirit energy and scattered into the boundless earth, from which the six super sects were formed. All of them were nourished by the power of spirit energy, and strong cultivators emerged in large numbers. Over the past five years, the heavenly martial League has been putting up portraits all over the world to look for him, even in the four Seas, but there has been no news of him.”

I’ve heard a lot of people talking about this, ” the maidservant suddenly said in a low voice. they all say that li Yunxiao must be dead.

Su peiqing’s expression changed slightly. She glared at her and said, ” you can’t say that. The people of the heavenly martial League respect Yunxiao like a god. If they hear you, the entire su family will be destroyed because of you!

The maidservant stuck out her tongue with some lingering fear and giggled, ” “Don’t worry, I’ll only say this to miss.”

Su peiqing's face darkened and he scolded, "And you're not allowed to tell me. In my heart, li Yunxiao is an existence higher than a God. If you talk to me, I'll beat you up every day until you die!"

Seeing that she didn't seem to be joking, the maidservant was so frightened that she hurriedly covered her mouth and didn't dare to speak.

Su peiqing glanced at little fool, who was still smiling foolishly. He sighed and said, "it would be great if you were the Alliance master. Unfortunately, you can't be.

She sighed resentfully, and the three of them sneaked into the SU family's backyard and went to su peiqing's own courtyard.

In the end, the moment she entered her courtyard, she was caught red-handed by the Lei family.

"Ah, you are?"

Su peiqing panicked and immediately recognized the man with a wretched face. He was the young master of the Lei family, Lei mang.

Lei mang's body was fat and swollen, and his pig-like face was full of vulgarities. When he saw su peiqing, his small eyes lit up and he laughed, "Wifey, I'm here to take you home."

"What wife? You're so shameless, let me go!"

Su peiqing panicked and struggled with all her might. However, the two people who had grabbed her were both at the peak of the Martial Emperor realm. Under their suppression, she could not break free at all.

The maidservant and Xiao Sha were also captured.

"Hahaha, what are you shouting for? How could a wife scold her husband?"

Lei mang laughed lecherously. I know. It must be that our relationship is not deep enough. Let's go to the nuptial chamber immediately and improve our relationship.

"Hahaha."

The people around them laughed wildly, their faces full of lust. They sized up su peiqing, while some stared at the pretty servant girl.

Su peiqing's face turned ashen. She had always been smart and quick-witted, but these people had appeared in her courtyard so brazenly, and there were so many people surrounding the SU family's Gate. Furthermore, Lei mang and the others were laughing

so loudly, but there was no movement in the clan. It was obvious that something had happened!

you hoodlums! she shouted anxiously. what have you done to my su family?!

Lei mang clicked his tongue and laughed. so you're a filial and obedient baby. Actually, it's nothing much. My father went to talk to your parents. The two families have discussed and asked me to take you away today. However, in order to enhance our relationship, it's better to consummate the marriage first before leaving with me. "

"Send him to the room," he laughed and waved his hand.

The two martial artists who had restrained su peiqing immediately understood and hurriedly dragged su peiqing into her boudoir.

Su peiqing's face turned pale in an instant. Her weak body trembled in fear and large tears fell.

She knew that she was powerless to fight back, and even her entire family was powerless to fight back. This was her fate. Although she was still crying and struggling, the power of two peak martial emperors was not something she could resist.

"Ah! Let go of miss!"

Silly didn't know where she got the momentum from, but she broke free from the two warriors who were holding her and rushed forward. He leaped into the air and pounced on a peak-stage Martial Emperor, knocking him to the ground.

Xiao Sha stood up again and pounced on another peak-stage Martial Emperor.

"It's this idiot!"

Lei mang's face darkened as he cursed, "I've long found this fool an eyesore. He's always following my wife around." Damn it, especially when this silly face is even more handsome than mine!"

His expression turned even more unsightly as he stared at su peiqing with a Vulture-like gaze. He said coldly, "You're not having an affair with this fool, are you?"

Su peiqing couldn't stop her tears from flowing. She was angry, angry, and embarrassed.

Xiao Sha didn't know where she got the strength from, but she hit the other peak Martial Emperor with her head and pushed him away. Then, she went to help su peiqing, who had fallen to the ground, and kept saying, "Miss, run! If you run, they won't be able to hit you!"

Su peiqing immediately got up from the ground and wanted to run out.

The two peak-stage martial emperors flew into a rage out of humiliation after being knocked away by little fool. They both roared and rushed over. They wanted to kill little fool and smash her into pieces.

“Bang!”

Xiao Sha’s back was hit twice, but it was fine. It only staggered forward and fell to the ground, pressing su peiqing, who was about to get up, down.

The two of them were sprawled on each other, and little fool was even on top of su peiqing.

ah ah?!!

Lei mang exploded in anger. He held his head and his eyes turned red. He shouted, ” “Fight! Kill this fool! Kill this idiot!”

Su peiqing was also a little stunned. Her body was stiff as she lay on the ground, being pressed down by Xiao Sha. That feeling was too strange, not to mention in such an occasion.

When little fool saw the crowd rush over to hit him, he immediately hugged su peiqing tightly and protected her under his body. He shouted, ” “Don’t hit miss! If you want to fight, then hit me! You’re not allowed to hit miss!”

Su peiqing felt Xiao Sha hugging her tightly. Their bodies were so close to each other that it was difficult to even breathe.

But when she heard what little fool said, she felt a little touched and even a strange sense of security.

Countless punches and kicks landed on Xiao Sha’s back, but he still hugged su peiqing tightly and kept shouting, ” “If you want to hit me, don’t hit miss!” (Author’s words: I suddenly feel that this fool is not stupid at all.)

Lei mang saw that the two of them were hugging even tighter and felt his head turn green. He shouted, ”

“I’m going to kill you!”

He roared and rushed over, and everyone immediately made way for him.

Lei mang raised his palm and conjured a spell with his left hand. A ball of green lightning appeared in the palm of his right hand and he struck it towards little fool's back. Thunder palm!

Su peiqing was shocked and quickly pushed little fool away. "Quickly run! You'll die from this palm!"

But little fool held her tightly and could not move her at all.

"Bang!"

A palm hit Silly's back. Suddenly, where Lei mang's palm landed, a lightning pattern appeared and scattered around Silly's body.

In an instant, little fool's entire body seemed to be charged with electricity. However, su peiqing, who was lying under him, was completely unharmed.

Lei mang was also dumbfounded. He had never seen these Thunder patterns and electric arcs before.

And he was stunned.

His pupils shrank, thinking that he had seen wrong. Hundreds of lightning talismans of different colors appeared on little fool's back.

All of a sudden, there was a loud rumble in the clear sky. A bolt of lightning fell from the nine Heavens and struck Lei mang's head. With a "bang", he was blown into pieces. Not even his flesh and blood were left.

"Ah?"

This scene immediately left everyone dumbfounded. If it wasn't for the fact that there was a twenty to thirty feet wide pitch-black pit left in the courtyard, they would have thought that they were seeing things or dreaming.

"Not good! This is bad! The young master has been struck by lightning!"

The subordinates from the Thunder hold sect immediately panicked and ran all over the place to report to the hall.

Lei BA only had this one son, and he loved him very much. Otherwise, he wouldn't have personally come to help his son snatch a woman. This was big trouble.

"Quickly get up, quickly get up!"

“Ah!”

Lei BA suddenly clutched his head, his eyes red as he roared, ” “Impossible! Why did the heavenly lightning only strike my son and not you? It must be the SU family who plotted to kill my son!”

Lei BA suddenly turned his gaze towards su mo and glared at him.

Su mo had already asked about the matter, and he hurriedly cupped his fists and said, ” “Sect master Lei, you've misunderstood. It's like this ...”

He immediately explained the reason and pointed at little fool, ” “It's all because of this fool that your son was accidentally struck by lightning. It really has nothing to do with my su family.”

“A fool?”

Lei BA glared fiercely at little fool and pointed at him, ” “You're the one who killed my son!”

Su peiqing's expression changed drastically. She knew what the clan leader meant. He wanted to push the blame on the fool and clear the SU family of their relationship.

“No, it's not Yingluo.”

Su peiqing had just said a few words when she felt a tap on her back. It had actually sealed her throat, making her unable to make a sound.

Then, an old hand grabbed her and made a gesture of supporting her. “Peiqing, you're tired. Have a good rest.” It was the old woman.

Su peiqing was anxious, knowing that third aunt had the same thought. Although third aunt cared about him, she didn't care about this fool. In the face of family interests and the fool, she would naturally choose to sacrifice the fool without hesitation.

Lei BA pointed his finger at little fool as he stepped forward and said in a cold voice, ” “You fool, how dare you kill my son!”

Xiao Sha said arrogantly, "who asked him to bully miss!" I'll beat up whoever bullies miss!"

The people around sighed secretly, while the people of the SU family were beaming with joy. This fool was indeed a fool. He admitted his crime in one go. He was dead for sure.

"Good! You caused my son to be struck to death by heavenly lightning, so I'll also strike you to death with lightning!"

Lei BA howled madly, and the aura on his body instantly exploded.

The power of a peak martial Supreme gathered in his palm and triggered a celestial phenomenon. The sound of thunder rumbled.

Little fool was a little scared and stepped back.

But how could he escape? Lei BA jumped up, and the Thunder in his palm was instantly activated, striking towards little fool's head!

"Lightning palm!"

"Bang!"

Xiao Sha's head was chopped off by a palm. Su peiqing's face turned pale. The power of a peak martial Supreme was not something Lei mang could compare to. Moreover, under Lei BA's palm, he triggered a celestial phenomenon. Similarly, lightning flickered in the sky above the SU clan.

The faces of the SU clan members all turned pale. They couldn't help but be shocked by Lei BA's strength. They were all secretly rejoicing. Fortunately, they didn't have a direct conflict with the Lei clan. Then, a fool came and killed Lei mang. It was really killing two birds with one stone.

Lei BA's expression changed drastically, and his eyes widened!

The fool in front of him was actually not killed by his palm strike. His head did not explode with a " bang " as he had expected.

Furthermore, the lightning in his palm had all been injected into the fool's brain, but there was no reaction.

Then, the heavenly Thunder rumbled, and countless thunderclouds gathered. They also turned into bolts of lightning and struck at the fool.

Lei BA was shocked. The lightning was actually purple!

He cultivated Lightning God art, so he naturally understood what purple lightning was. He retreated in shock and flew away, not daring to get close to that fool.

A purple lightning struck the fool's mind, followed by a second one, and then a third one.

The people in the courtyard were all stunned and their brains couldn't react at all. Although they didn't understand the power of the purple lightning, the aura emitted by the lightning was enough to make them shiver as if they had fallen into an ice cave.

However, with so many bolts of purple lightning striking directly into that fool's head, ordinary people probably wouldn't even be able to withstand a single blow. Yet, that fool actually didn't die. He was only standing under the lightning, his body trembling violently.

However, the trembling also gradually stopped.

The fool raised his head and looked at the sky. His eyes became clear and bright, and he no longer looked like a fool!

"Ah? You're Yingluo!"

Su peiqing suddenly cried out. The silly look on his face disappeared, and he looked exactly like the picture scroll on the city gate!

At this moment, not only did the thunderclouds in the sky not disperse, but more and more of them gathered.

Finally, a destructive force descended from the sky and turned into a purple dragon!

Not to mention the people in the SU family's courtyard, even all the martial artists in the entire star Luo city were dumbfounded at that moment. Their brains had crashed!

Some of the experts who knew their stuff were so shocked that their jaws dropped. Shangqing Zifu Brahma world destroying divine Thunder?!

The people of the Lei and su families were completely dumbfounded. They couldn't think at all. If this kind of lightning fell, who could survive within a thousand feet?

However, just as everyone's face was filled with despair, the purple dragon did not land directly in the courtyard. Instead, it soared into the air and circled around the fool's side. It used its head to touch the fool's body, as if it was acting coquettishly.

Everyone,"hehe."

The fool patted the head of the purple Thunder and said, "I'm fine, you can go."

The purple dragon nodded and circled in the air for a while before turning into boundless lightning and dissipating. It disappeared into the sky in an instant, like fireworks that bloomed in an instant. It was unusually beautiful.

Everyone in the courtyard took a long time to recover from their shock.

Many of them immediately recognized Yunxiao, and they knelt on the ground, trembling and not daring to look up.

All the people of the SU family turned pale, but none of the senior officials recognized Yunxiao. On the contrary, su peiqing's maidservant reacted and hurriedly whispered in the third elder's ear.

The third elder's expression changed drastically. With a "clang," his iron crutch fell to the ground, and he knelt down.

Su mo and the others' expressions became even uglier, and they hurriedly gave the maidservant a look. Only then did the maidservant go over one by one and tell them the identity of this fool.

Only now did everyone react. As if struck by a giant hammer, none of them could come back to their senses.

In fact, they had seen Yunxiao's portrait before, but who would have thought that the leader of the heavenly martial Alliance, who had been missing for five years and had saved the lives of the people of the two worlds, would be a fool in their family, hanging around with su peiqing every day?

"Plop, plop, plop!"

Suddenly, everyone in the courtyard knelt down. Many people were still in a daze, but when they saw that everyone was kneeling, they also knelt down subconsciously.

Lei BA was completely dumbfounded. He had seen Yunxiao from a distance before, but he did not recognize him just now because he was angry. Besides, he could never have thought that the man in front of him was Yunxiao.

At this moment, his mind was completely blank. He knelt there in a daze and kept kowtowing and begging for mercy.

Although his son had died, he could not give up on such a large sect. Moreover, he still had a wife and daughter, so he could have another son.

The entire courtyard was filled with the sound of people kowtowing, and no one dared to speak.

Su peiqing and the maidservant did not want to kneel at first, but seeing that the clan leader had knelt down, they could only follow suit. However, when she bent her knees, she found that she could not move at all. She could not kneel even if she wanted to.

She knew that it was Yunxiao, but she could not help but feel very embarrassed when she and Yunxiao were the only ones standing in the hall, and her cheeks turned red with anxiety.

Yunxiao did not look at her, but at Lei BA. He cupped his fists and said, "You must be the sect master of the lightning hold sect. You said you were going to kill me with lightning, right? Come, come, let's have a good talk."

Lei BA's face was sullen. He cried out loud as he desperately kowtowed and begged for mercy.

if you don't come, " Yunxiao said, " I'll go over now.

Lei BA's legs had actually gone soft from fear. He couldn't stand up at all and could only cry, "Spare me! Lord Alliance leader, please spare me! I was also a member of the heavenly martial League back then. Please spare my life, League Master! This lowly one had eyes but failed to see!"

At that moment, everyone knew Yunxiao's identity.

The word " Alliance master " struck everyone's heart. The SU family and the Lei family were all drenched in cold sweat as they knelt there, trembling.

you think you're worthy of being a member of the heavenly martial Union? " Yunxiao scolded. Was he just making a living? You're actually a bully and you want to kill me, motherf \* cker!"

He was so angry that he suddenly went over and kicked Lei BA's body. Immediately, he heard the sound of bones cracking, and Lei BA spat out a mouthful of blood.

Although Yunxiao did not use his spiritual power, he had a body that was close to a Holy body, and no one could withstand his kick.

Lei BA continued to spit out blood. He spat out a few catties of blood all over the ground. Yunxiao suddenly felt bored, so he waved his hand and said, "Get lost! Take your people and get lost! From now on, you're not allowed to say that you're a member of the heavenly martial Union. I can't afford to lose this face!"

"Yes! Yes! Don't mention it, I definitely don't dare to mention it! Thank you, Lord Alliance leader!"

Lei BA suddenly laughed happily. He knew that he had managed to keep his life. After hurriedly kowtowing a few more times, he ran away with his subordinates.

Yunxiao had wanted to take his life, but when he thought of how the strong were respected in this world, and how bullying and overbearing things happened every day, he felt that even killing Lei BA would not help. Moreover, his only son had already died. It could be considered as karma.

Only then did Yunxiao turn around and walk toward su peiqing. When their eyes met, su peiqing's heart almost jumped out of his throat, and his face turned red with shyness as he quickly lowered his head.

Yunxiao suddenly smiled foolishly, just like how he had been when he was a fool.  
"Miss."

"Pfft!"

The maidservant could not hold it in and laughed out loud. However, she immediately felt the murderous gazes of su mo and the others and hurriedly covered her mouth, not daring to make a sound.

Su peiqing's heart was in a mess, and she didn't know what to do. The fool who had been following him was actually the number one person in the world, the heavenly martial Alliance's leader!

After a while, she said in a low voice, "let everyone get up first, it's not good to kneel here"

Yunxiao smiled and said, "no need. Let them kneel a little longer. They will naturally be able to get up after I leave."

Su peiqing's face turned ashen. "You're leaving?"

Yunxiao nodded and said, "of course. I've lost my memory for five years. I'm going back."

[/] a few readers cried and told me that they had never seen the protagonist act tough after following him for a few years. They begged him to act tough once before the end of the book. I've said it, I'll help everyone.
