The judge was taken aback. What Yunxiao said did make sense. If Yuan insisted on revenge, she would be the one who suffered.

The judge did not know that Yunxiao was about to leave, and he thought that there were several powerhouses in the realm of heavenly martial arts, while Yuan was probably the only one in the devil realm. Moreover, their main fighting force was all buried in Cang Xuan mountain. Once the two worlds start a war, the devil World would probably be the one to die.

“Good! I’ll Take You There, but I don’t know what the outcome will be. I hope there will be a good result.”

The referee finally sighed and had no choice but to admit defeat.

Soon, the Super teleportation formation was activated, and the few of them went straight into the desolate ancient fearsome region.

A few days later, a passage appeared in a wild area, and the four of them appeared one after another.

Yunxiao scanned it with his divine sense and said in surprise, ” “This place is the Archaeus region?”

The referee nodded,”Lord li has good eyes indeed. It’s within the Archaeus region.” However, Liu Chi is already dead, and this region has also declined and withered away. It will gradually integrate into the entire desolate ancient fearsome region, and there will no longer be an ancient region.”

The referee used the astrolabe to identify the direction and led the way.

Two days later, the four of them finally arrived in front of a group of buildings. These buildings looked very old, but there were also many new buildings mixed in, clearly built later.

it seems that the Archaeus region was already occupied before six-winged entered it, ” Yunxiao suddenly said.

yes, " Shang replied. it seems to be a very ancient tribe. I'm not too sure about the details.

Back then, Liu Chi had manifested the Saint Devil Hall here. Now that the Saint Devil Hall was gone, the buildings were indeed scattered all over the place, as if they were lacking the core Hall.

The four of them stood in the air. The referee made a hand seal and sent it into the space below. A demonic light spread out like water ripples. He then sent a voice transmission,"Yuan, I'm yi." Yunxiao asked to see you."

He called out several times, but there was no response. He couldn't help but frown.

did something happen? " Yunxiao asked. what happened? "

how is that possible? " Yi laughed. with Yuan's strength, it's hard for anything to happen to her.

Yunxiao nodded slightly. Without saying anything, he spread out his divine sense and began to sense the land.

Suddenly, his expression changed slightly. In a flash, he landed on a broken building. The building occupied a vast area. Although only broken walls and ruins were left, one could still vaguely see the magnificence of the past.

Yi and the others also flew over. Yi said in shock, " "Looking at the scale, this should be the original main palace, right?"

Suddenly, Yunxiao raised his hand, and a purple Thunderbolt flashed at his fingertip, cutting forward like a knife.

The space was cut open by his two fingers, and a secret passage that seemed to be extremely deep gradually appeared.

"This is a Kasaya."

Richard was also surprised. I didn't expect there to be a secret room. Yuan is most likely inside. No wonder she couldn't hear me.

The crack was about one person wide, and the four of them entered in a line.

The passage was simple and crude, and as the four of them entered, the wall lamps on both sides automatically lit up. All of them were terrifying beast heads that were extremely ferocious.

Yunxiao suddenly stopped and said, "Master Hu, do you recognize the beast head carvings on these two walls?"

Yi shook his head. I don't know any of them. It's a little strange. Perhaps they've been extinct since ancient times? "

Yunxiao pointed at a huge statue in front of them and said, "Guys, look at that."

The three of them looked up and saw that they had reached the end of the passage. In a space of half an acre, there was a ferocious-looking statue with a beast's head and a human body. It held a saber in its right hand and a shield in its left hand, which was placed beside it.

"Aghan bone Cleaver! Ah Nan gan Sha!"

ah! Xiao Hong cried out involuntarily. The Sword and Shield forms in the hands of the beast-headed human statue were none other than the agama bone Cleaver and the Ananda Gansha.

However, it was a little awkward.

Xiao Hong was stunned. He stared at the shield and then at the statue. "So the beast head on the shield originated from this kind of demon."

The beast head on Ananda Gansha was exactly the same as the statue in front of him.

this statue is called Gansha, " Yunxiao said while stroking his chin. it's said that he's an ancient demon God, a powerful man who dominated the old demon world. As for the six paths demonic weapon, it was a heavenly Saint weapon, an existence that existed with the heavens and earth when a world was created. From the looks of it, the six paths mo weapon should be a heavenly Saint tool that was created when the new mo world was born, but it had absorbed a lot of the elements from the old Mo world. That's why there's a Nangan Sha."

The referee's forehead was covered in sweat as he said awkwardly, "Then could this place be a relic of the old demon world?"

'Impossible,' Yunxiao said. The old demon world no longer exists." &Nbsp; ancient God Maha had said that the old demon world had been refined into a realm heraldry that had been taken to the primal Chaos great cosmos by a madman.

"Then how do you explain all of this?" the man asked in frustration. The beast heads on the wall lamps in front of him seemed to be creatures from the old demon world. No wonder I don't recognize any of them."

Yunxiao's expression was a little solemn as he said, "Let's go in and talk. Maybe Yuan knows better than us."

They walked around Gan Sha's statue and continued to walk in. Suddenly, a fierce aura came out of it, and all four of them trembled. Except for Yunxiao, the other three could not help but step back.

"Yuan, it's me!" Richard said hurriedly.

In response, a ray of demonic light suddenly shot out. It was extremely powerful, and the four walls were all shaken open, turning into fine powder with a "rumble."

The statue of Gansha also shattered.

Yunxiao's eyes flickered, and the space around him flickered as he teleported out with the four of them, appearing in the sky thousands of miles high.

Yi and the others looked down in shock.

The attack just now had destroyed the entire secret room. The ancient building that was already in ruins had now collapsed.

A shocking scene appeared below. There was actually a huge formation on the ground, as if rivers and mountains had been placed on the earth. The corners of the formation extended to the mountains and rivers in all directions. It continued to extract demonic energy from the surroundings and pour it into the formation!

"A living formation?"

The corner of Yunxiao's eye twitched as he saw a few Thrones placed in a circle in the center of the array, and a judge was sitting cross-legged on one of them.

Opposite Yuan, there was also an unfamiliar-looking devil sitting cross-legged. He was currently casting all sorts of incantation seals into Yuan's body.

Both of their auras were extremely powerful, forming a frequency resonance on the array. The array also fluctuated with the frequency of the vibration, and many of the arrangements were shaken into the air and destroyed in an instant.

"Who's that?" the referee asked in shock.

Yunxiao was also shocked. Suddenly, he seemed to have noticed something and said in shock, "possession?!"

"What?"

Before the judge and the other two could react, Yunxiao's figure moved, and a terrifying sword beam shot out of his hand and slashed down!

"Boom boom boom!"

The formation was split open in an instant, and the thrones on it were destroyed. The entire ruins were destroyed by the sword, leaving no trace behind.

Yunxiao snorted coldly, his eyes as clear as water as he looked straight ahead.

In the midst of the flying sand and stones, a figure slowly appeared. It was Yuan, and she was staring at the four of them with eyes full of killing intent.

Richard was surprised, "Yuan, you're so silly!"

she's no longer Yuan, " Yunxiao said. her body has been taken over by the friend I saw just now.

"Possession?"

Yi and the other two were dumbstruck. There was actually someone in this world who could possess a Holy demon?

you have sharp eyes, " " Yuan " said coldly. you almost ruined my plan! He seemed to sense his body and frowned. He said unhappily, " "If only I had a few more days to get used to this body, it would have been even better. What a pity."

There seemed to be a look of hatred on his face as he stared at Yunxiao fiercely.

you are also a Saint demon, aren't you? " Yunxiao said calmly. how dare you take advantage of someone's crisis to possess him? "

"Yuan" snorted,"of course I have to take advantage of her. If she is not 'in danger', how can I successfully possess her?"

more shameless than me? " Yunxiao was completely speechless. you're really rare in this world.

'Yuan' laughed and said, " "Interesting. However, I can see that your body is quite good. You're also a Holy demon, and you're a man. Just give me your body, I don't want this woman anymore."

you think I'll give it to you just because you say so? " Yunxiao sneered. If I tell you to die, will you?"

"It's not up to you,""Yuan" laughed hideously.

With that said, a long cry suddenly rang out from within Yuan's body, and countless demonic lights surged around her body. All kinds of strange images of demonic beasts and birds appeared around her, and upon closer inspection, they were actually somewhat similar to the ones on the walls of the secret chamber.

what? " Yunxiao was taken aback. who the hell are you? "

haha! " Yuan " laughed weirdly, " you don't need to know.

After those golems danced in the air for a while, they once again surged into 'Yuan's' body. Soon after, a vast and mighty force erupted from 'Yuan's body'!

"Rising sun Palm!"

Yunxiao was shocked. The strength of the man in front of him was above the Holy demon! Although he had not become the master of a thousand worlds, he was not any weaker than him.

He immediately struck out with his large sword, using the 'sword quaking the demons' move!

"BOOM!"

The sword energy rushed into the palm and exploded. The entire sky shattered and the earth cracked.

Yi and the other two were all shocked and immediately retreated tens of thousands of feet away.

"What?"

'Yuan' was taken aback, and she looked incredulous as she stared at the sword in Yunxiao's hand and cried out, " mysterious space? "

Yunxiao performed a sword incantation gesture and said coldly, " "You're indeed not that simple. This young master is very interested in your identity!"

A large number of divine realm tablet talismans gushed out of his body. At the same time, he grabbed with his left hand, and purple lightning immediately appeared in the sky. He struck out, " myriad Thunder tribulation-origin of heaven and earth!

Under the endless surge of purple lightning, Yuan's face turned pale and she exclaimed, " "You are the realm King of the heavenly martial realm! The person who killed six-winged?"

Although Yuan was shocked, she did not panic. She pointed at the space between her brows with one hand, and a strange multi-sided rune appeared on her forehead. The aura on his body instantly rose again. His right hand also grabbed in the air, and a wave of demonic light struck towards the purple sky like thunder!

“Bang! Bang! Bang! Bang!”

&Nbsp; the four poles of heaven and earth were constantly being shattered by the collision of these two powers.

Yunxiao felt his spiritual energy flowing away quickly. Under the opponent’s divine ability, he felt even more pressure!
