“Hmph!”

Yunxiao grabbed the Thunder with his left hand and raised the sword with his right hand. A sword talisman spread out in all directions, forming a strange spatial shape that could not be seen through.

Yunxiao suddenly had an idea, as if a light had flashed through his mind. Staring at the shape of the sword, his eyes suddenly lit up.

Ever since he had fused with Qing Zhu, the five years of being a fool had allowed him to completely absorb the pure yi wood spirit power. Although his cultivation and comprehension had surpassed the realm King, that was all.

However, under Yuan’s frenzied attacks, he suddenly gained some understanding of the space within the sword. It was as if a huge door had opened and a broad path appeared beneath his feet.

“It’s indeed a profound weapon refined from the Super profound space! No wonder six-winged lost to you!”

“Yuan”’s face became abnormally malevolent, and the rune between her brows even spread to her hand, turning into a polygonal sacred object, which she suddenly slapped over!

Yunxiao’s eyes shone with a fierce light as he cried out coldly, ” “Slay the demon and eliminate the devil!”

“Boom boom boom!”

The huge sword pressed down like a mountain and fiercely hit the palm force, but it seemed to be blocked by an invisible force!

The two terrifying forces confronted each other in the air, instantly forming two distinct worlds!

The sword technique in one hand and the lightning in the other were the strongest techniques Yunxiao had learned, but he could not suppress his opponent. He could not help but be shocked.

Moreover, his sword essence had greatly improved after the Enlightenment just now. If not for that, he would probably still be the one losing.

Yuan ” was even more shocked. The sacred object in his hand had a great origin, and even the Lord of the thousand worlds would not dare to take this attack head-on, but it had been blocked by the other party.

Yunxiao’s mind continued to comprehend the sword intent. Although he was under great pressure, his heart was extremely calm, as if he were cultivating. It was hard to have such an opportunity even if one was in closed-door cultivation.

Time passed by slowly, and the two of them were covered in sweat, dripping down drop by drop.

Yi and the other two were also extremely anxious. Xiao Hong and Yi wanted to help a few times, but they were stopped by him. With the power of the three of them, if they were to break that terrifying balance, they would probably lose their lives in an instant.

Suddenly, Yunxiao’s heart stirred, and as if he had realized something again, his eyes shone with a burning light.

He transformed into three heads and six arms, and the four arms behind him quickly made hand seals. The lightning and sword gleams in front of him suddenly gathered together and turned into a vast divine light, and its power instantly multiplied!

“BOOM!”

The balance between the two of them was instantly broken, and the world that ‘Yuan’ was in shattered. He was sent flying, and he vomited a large amount of ink-black liquid.

Yuan’s face was unusually pale, but other than being injured, it was more because of fear.

“Don’t, don’t kill me!”

When she saw Yunxiao walking forward step by step with the sword in his hand, ‘Yuan’ was finally scared. Her eyes were full of horror as she kept begging for mercy.

Yunxiao suddenly sighed. Under the great pressure just now, he had been constantly enlightened, and his realm had improved a lot. Now that ‘Yuan’ had been defeated, that sense of enlightenment instantly disappeared, making him feel extremely regretful and reluctant.

“Not kill you? Give me a reason not to kill you.”

Yunxiao said coldly as he pointed his sword at Yuan's head, fearing that the man would play some tricks again.

'Yuan's' face turned pale. there's no enmity between us. Why do you want to kill me? "

Yunxiao's face darkened as he snorted. so, there's no reason for me to live? " he asked.

'Yuan' instantly felt the chill on the sword. In her shock, she hurriedly said, "I have, I have a reason!"

The expression on his face became gloomy and uncertain. In the end, he gritted his teeth, raised the strange polysided sacred object in his hand, and handed it over. He said, "I'll give you this. It's enough to exchange for my life."

What is this? " Yunxiao's pupils constricted. What is this? "

'Yuan' was silent for a moment before she said, "Since you're the king of the realm, have you heard of the 'coat of arms'?"

"What?"

Yunxiao's body trembled, and he almost lost his mind. "What tricks are you playing? Don't think I don't know where the realm emblem came from! How could you have something like that?"

'Yuan' chuckled and a cold look flashed in her eyes. She said in a cold voice, "Why can't I have one? When this King refined the devil realm, it naturally existed!"

Yunxiao was suddenly taken aback, and then an idea flashed through his mind. "You're from the old demon world, the madman who refined the old demon world? Weren't you heavily injured by ancient God Maha and the others and fled into the chaotic great cosmos?"

'Yuan' was stunned, her eyes filled with anger. She gritted her teeth and said, "Mahākā Yapa and the others have already contacted you! That's right, I'm that lunatic. However, I didn't escape into the chaos great cosmos back then. I was already seriously injured back then, so I didn't dare to run around. I used a small trick to escape back to the devil World and have been hiding here to cultivate. I also used a great formation to hide my aura so that I wouldn't be discovered by those people in the land of reincarnation. But later, I realized in despair that the resources of the demon Realm were not enough for me to return to the master of a thousand realms!"

I see, " Yunxiao said. what about six-winged? " He should also know of your existence, right?"

"Hmph, don't mention that trash!"

'Yuan's' face darkened as she gritted her teeth and said, "I didn't expect him to be so useless! I pulled him back from the brink of death and trained him to become the new demon master. He even stepped into the Lord of a thousand worlds realm, but he was still killed! Trash, trash! My original condition was for him to refine the two realms and bring me into the chaotic great cosmos. Only there can I recover my strength or even advance!"

Yunxiao immediately understood the cause and effect. "Then why do you want to take sheyuan? You can also negotiate with her and train her to become the master of the thousand worlds."

"Yuan" said angrily, "how can I have any patience? How many years has it been? I really want to kill my way back to the land of reincarnation and kill all those people! Besides, being the Lord of a thousand worlds also required talent. This woman's talent was average, and it was already a great opportunity for her to have her current cultivation. She had already reached her limit and could not go any further. That's why I took over her body and thought about what to do in the future."

Yunxiao smiled as he reached out his left hand and grabbed the seal in his palm. this thing can indeed be exchanged for your life, " he said with a smile. leave Yuan's body now and walk on your own.

"What? You're asking me to leave?"

'Yuan's' eyes popped out and she said angrily, "It wasn't easy to successfully possess this body. If you had come a few months later, the outcome of today's battle might have been different! I can't lose this body!"

since you've lost, " Yunxiao sneered, " you have to accept the fact that you've lost. Stop blindly thinking about 'hypothetically' and 'if'. I've already agreed to let you live, but I didn't agree to let you take Yuan's body away. If you don't want to leave, then I'll have to send you to your death."

"You coward! You should die!"

'Yuan' roared in anger, but under the threat of the sword, she chose to leave immediately.

In the next moment, a large number of black bubbles emerged from Yuan's body. Her bodily fluid gushed out from her body and slowly flowed to the ground. In the end, it condensed into a lump of sticky meat paste. With a " whoosh ", she flew into the air and fled into the distance.

Suddenly, a scorching flame flashed across the sky, and an extremely terrifying and Swift Flame Blade slashed over!

“Ah!”

A desperate scream came from the meat paste. With a “bang”, it shattered in the sky and was burned to nothing by the flames.

The person who had attacked was Yuan. Her face was pale, and her forehead was covered in cold sweat. Her eyes were even filled with fear.

“Hmph, you want to leave? You’re lucky that I didn’t cut you into a thousand pieces after you took over my body!”

After Yuan saw that the meat paste was completely destroyed, the fear on her face gradually dissipated and she said fiercely. After saying that, she felt weak all over and fell to the ground in an instant.

At this moment, the referee and the other two had already flown over. The referee panicked and hurriedly went forward to help Yuan up. He said with concern, “How is lady Yuan?”

The referee waved his hand and said nothing, only looking up at Yunxiao.

Yunxiao looked at Yuan, who was extremely weak, and said, “I’ve come to Xuanji.”

“You don’t have to say anything, I can probably guess why you’re here,” said Yuan. She closed her eyes in pain and said, “you killed Zhuo kun, but you just saved me.” And I’m no match for you. From now on, you and I will be strangers.”

Yunxiao smiled faintly and nodded. “That’s good,” He cupped his fists and said, “milords, I’ve already achieved the purpose of this trip, so I won’t stay any longer. I’ll bid you farewell.” If we’re fated to meet again in the future, perhaps we’ll meet again.”

“Lord li is leaving?” he asked, stunned. Her eyes dimmed slightly, full of reluctance.

all good things must come to an end,” Yunxiao said with a smile. work hard and cultivate. Maybe we’ll meet again in the future, on the road ahead.

Yi didn’t know that he was going to the land of reincarnation. He only felt very sad, with a faint sense of sadness.

After Yunxiao took his leave, he left with Xiao Hong.

The referee looked at the two disappearing figures and muttered to himself, “I really envy little sister Xiaohong.”

After returning to the Holy region, Yunxiao began to cultivate in seclusion.

In the battle in the demonic realm, he had comprehended many wonderful techniques, which were difficult to digest in a short time. At the same time, the success of the realm emblem made him extremely excited. He began to study it carefully.

Two years later, a wondrous spiritual light suddenly appeared in the sky above the entire Holy region. It suddenly spread in all directions, covering the vast sky in an instant.

The entire North Region was bathed in this magnificent holy light in an instant. All the martial artists sensed it and were suddenly moved, as if they had understood something.

This phenomenon lasted for several hours before the Holy Light transformed into a golden rain that rained down, nourishing the entire northern region.

A large number of Warriors broke through the barrier in an instant, and they were pleasantly surprised to reach a higher realm. They couldn't help but feel grateful.

At this moment, the sanctum's main palace was covered with a layer of holy light. A large number of experts had gathered around, and they were all discussing. Many people started cultivating on the spot, and they also benefited greatly.

In the Great Hall, a figure emerged in the air. It was Zhuo qingfan, who looked at Yunxiao in surprise and said, "you've actually reached the Lord of a thousand worlds. That's really shocking.

At the moment, the Holy Light around Yunxiao's body was shining and reflecting with the thousands of divine flames, giving off an extremely sacred aura.

With a faint smile on his face, he cast a hand seal to put away all the strange phenomena in the sky and returned to his normal state."Luck."

"Hehe."

'Zhuo qingfan' laughed and said, "Luck is just a humble word of success."

thank you for your praise, Lord Maha, " Yunxiao said. perhaps he has learned a lot from studying that realm heraldry.

'Zhuo qingfan' was also filled with emotion as he said, "We all thought that madman had fled into the chaos great cosmos. We didn't expect him to still be in the minor chaotic starfields. However, even if he continues to live, it will be difficult for him to recover his cultivation."

"There's no need to sigh, my Lord," Yunxiao said. This is just the cycle of the heavens, and there will always be bad karma."

'Zhuo qingfan' nodded and said, " you can go and make your preparations. The passageway has been opened since last month. The cosmic disc will arrive soon.

Yunxiao nodded, and in a flash, he appeared outside the Great Hall. Immediately, everyone came to their senses and hurriedly came forward to pay their respects. greetings, Alliance master!

Yunxiao raised his hand, and a force immediately lifted everyone up. no need to be so polite. I'm no longer the heavenly martial Alliance's Alliance leader. His gaze fell on the man in the green robe not far away and said, "Wei Qing, I'll leave the future to you."

Wei Qing was slightly moved, but he swallowed his words and only nodded.

then I'm relieved, " Yunxiao said with a smile.

At this moment, there were as many people gathered outside the hall as a mountain forest. Almost all the strong men of the two worlds had gathered here. Even bi and an had rushed over from the devil World. All of them were familiar faces.

Li Changfeng and the other members of the Li family were also there. Many of them were sad and shed tears.

Yunxiao looked at one of them and said with a smile, "Luo Qingyun, I'm afraid that our battle will be a long time later."

Luo Qingyun's body trembled with mixed feelings. He cupped his fists and said, "The land of reincarnation? There'll be A *****!"

"Haha, well said!"

Che you patted his shoulder and laughed, " you and I are both from the Dragon race. We are the most powerful beings in the world. Let's work hard together!

Yunxiao smiled faintly as he looked at his old friend, who had accompanied him for two lives. At this moment, he was completely speechless.

What are you looking at? " che you laughed. I've been looking at you for two lifetimes. I can't even eat. Now, I can finally be free.

Yunxiao strode forward, opened his arms, and gave him a big hug as he said, "Many thanks."

Che you burst into tears, huge teardrops fell from his dragon eyes, he hugged him tightly and scolded, "Two men hugging each other, disgusting! I'm the true dragon of the world, how am I supposed to live if I'm seen by others!"

'Zhuo qingfan's' expression suddenly changed as he exclaimed in surprise, "They've actually arrived so quickly." He raised his hand and formed several hand seals that scattered into the sky.

Then, a ball of light spread out in the sky above the hall. It was colorful and floated slowly like a mist.

A universe seemed to be born in the middle of the Halo. Under the resplendent stars, a silver pillar of light poured down with the universe's primordial chaos power. However, it disappeared in an instant.

At the place where the pillar of light appeared, there was a silver compass floating in the air, emitting a faint glow.

Yunxiao's eyes gleamed with joy as he reached out and took the disc into his hand. At the same time, he patted it with one hand, and a silver light immediately flowed over the disc, from which an exquisite medicinal pill emerged.

"Water deity!" He exclaimed in joy.

The water deity had already summoned ru wo Wen. On the Golden Lotus, Fei Ni's flame of life was dancing weakly.

Yunxiao pointed at the Nirvana pill, and it immediately shot out and hovered above the flame. It was roasted by the weak flame, and rings of spirit energy spread out in a spiral and circled around the flame.

Yunxiao stared at it for a while, and he could vaguely see feini's figure in the flame nourished by the pill power.

'Zhuo qingfan' said, 'don't worry, with this Nirvana elixir, feini will be able to come back to life in no time.' Don't waste any more time and go in the reverse direction along the path that the star disc fell down. The longer we delay, the weaker the path will be, and the greater the risk will be."

I want to see feini before I leave, " Yunxiao said with a frown. I want to see feini.

'Zhuo qingfan' chuckled. that's impossible. It'll take at least three to four days for him to be reincarnated. Furthermore, he'll definitely be in a coma after he reincarnates. It'll take at least a year for us to meet again. Don't tell me you're going to waste a year and a half to make the star path on the star disk disappear? that'll be extremely risky."

When qu Hongyan and the others heard that, they hurriedly urged Yunxiao to leave. "It's only been 15 years. Could it be that Feiyang doesn't plan to come back?" qu Hongyan forced a smile.

Yunxiao heaved a long sigh and looked at the faces of the few beauties. All the women couldn't help but tear up.

Yunxiao smiled faintly, then turned and left, leaving only his voice echoing in the hall. I'll be back soon.

The lone figure gradually disappeared before everyone's eyes under the infinite radiance emitted by the star compass.

It was:

The Yi River was carefree and full of clothes. He was used to buying wine with a thousand gold. The human world pass was waning. Eternal happiness in the cup. In the wind and Moon Temple. If you win, you must be happy. If you lose, you must be happy.

(This is the end of the book. Thank you, everyone!)
