

## Every Night 199

### Chapter 199: Taking What You Care About

Olivia Jenkins' eyes were full of sharpness, shocking Bella Thompson.

Even though Bella maintained her so-called good manners and the style of a lady from a noble family, the anger in her heart continued to burn easily and uncontrollably.

She really wanted to smash the bitch's mouth, really wanted to tear the bitch's face apart.

Almost, she was going to be pissed to death by this spiteful woman, she was going to stop at nothing to get rid of this spiteful woman.

Bella Thompson also glared at Olivia Jenkins threateningly, "If you dare touch my son, I will absolutely not let you go."

Olivia Jenkins' pretty face radiated with self-confidence and pride, exuding a queenly aura that commanded awe, her sharp, cold apricot eyes held a touch of disdainful smirk.

"I won't divorce. My goal is to cause absolute chaos in the Marshall Family. As for your son, he absolutely can't escape from the palm of my hand. If you dare to hit me, I will hit your son. If you dare to mess with me, I will mess with your son. The more you care about something, the more I'll snatch it away. Bella Thompson, you can try me."

"Insane!"

Olivia's gaze settled heavily on Bella Thompson, "So, it's better not to force me, I'm capable of anything."

A trace of disgust and hatred glossed over Bella Thompson's eyes.

That was all, Bella Thompson was so angry that she was left speechless.

Olivia got out of the car and looked at Bella tentatively, ‘What if I give the Marshall Family a great-grandson, would everything change then? A mother gains status through her son, that should work! By then, wouldn’t I be ahead of you?’

Bella Thompson’s deep eyes were filled with sharp, lethal force.

She pursed her lips and clenched her hands into tight fists, her knuckles subtly turning white.

Bella Thompson didn’t speak a word. To Olivia Jenkins’ scrutiny, Bella seemed to fear her having a son. Olivia’s eyebrows slightly furrowed, her pupils noticeably contracted.

“Bella Thompson, don’t provoke me, or else, I really will give the Marshall Family a great-grandchild!”

Glancing at Bella dismissively, Olivia slammed the car door and left.

Bella Thompson’s face was stiff, trying hard to control the anger about to burst from within.

Her gaze intensely followed Olivia’s receding figure as it gradually disappeared in the distance, as if she could burn a hole through it, as if she wanted to incinerate that small, dwindling figure into ashes.

If this bitch dared to get pregnant and have a baby, Bella would definitely make sure she wouldn’t be able to birth it.

If Olivia dared to be arrogant again, her end would be just like Charmy Bennett’s.

Seeing Leaf Fiona, Olivia warned in a stern voice, “Bella Thompson came looking for me, don’t tell Daniel. If you still want to stay in Serene City, don’t involve yourself in this nuisance.” “Madam, I’m alright. But are you going to let Beverly Hills bully you like this?”

“No, I’m going to Beverly Hills now.”

Leaf Fiona frowned, hesitantly asked, "Should we let Sir know? Better if he accompanies you?"

"I'll go by myself! You two stay at the hospital, keep an eye on Hannah Jenkins, and take good care of my grandmother."

Having said that, Olivia picked up the car keys and left in a hurry.

Daniel was in a meeting when he received Fiona's message. He handed the meeting over to Adam Howard and left Marshall Corporation hurriedly.

Daniel called Olivia but she didn't pick up.

At this point, Olivia was determined.

She didn't want too much to do with Daniel, the Jenkins Group couldn't be too deeply connected with Daniel or the Marshall Corporation either, as she was sure to divorce later on. She couldn't stake her entire life here.

Only without any ties could they part cleanly, and she wouldn't be constrained by Daniel.

Even if she knew that Bella Thompson was intentionally provoking her, deliberately creating discord, even if she knew the relationship between Daniel and Charmy Bennett, Olivia wouldn't pay any mind. But she was still shocked by everything she heard.

Why was it always her being bullied?

Olivia felt very uncomfortable..
