Chapter 29: Receiving A Bribe

Jin Xue's laughter was a little cold.

"You're not selling the apartment. Jin Yue, are you keeping it to support a man?"

"Jin Xue, you've gone too far!" Old Madam Jin was trembling with anxiety as she pushed Jin Xue away in exasperation.

MO Xiaoyan did not say anything, but she looked at her daughter fiercely.

She could tell that Jin Xue had said it on purpose for her to hear.

Not wanting Jin Xue to continue, Jin Yue cried anxiously. "Grandma, I don't want to live anymore if I'm bullied like this."

"My dear girl, please don't do anything stupid. Grandma definitely won't sell the apartment. The apartment is yours. The person who should leave is that uneducated wild girl."

Old Madam Jin hugged Jin Yue and coaxed her, but she glared at Jin Xue.

Jin Xue found this scene quite funny. "I remember there's a term called backlash. I hope you won't disappoint me. I'm leaving. Take your time to eat."

Old Madam Jin glared at Jin Xue's back and instructed coldly, "Don't let this wild girl in again. She's not a member of the Jin family."

Jin Xue sneered in disdain and did not even turn around.

From the moment she chose to marry Jiang Yu, she had never thought of staying in the Jin family.

Jin Xue would never tolerate them bullying and scheming against her.

The food could not be eaten anymore, so the servants could only make it again.

Old Madam Jin was feeling a little unwell. After coaxing Jin Yue a little, she took her medicine and rested.

“Tell me honestly, what kind of man is in the apartment?” “Mom, don’t listen to that b*tch’s nonsense. She’s slandering me.”

“I’m going to the apartment now.”

“Mom, don’t go.” Jin Yue felt a lump in her throat and her eyes turned red. She wanted to cry again.

“Jin Xue knows that man, right? Gu Zhou?”

Jin Yue lowered her head, not daring to look at her mother. She was crying.

Seeing her daughter’s reaction, MO Xiaoyan was about to die of anger.

Instantly, her face darkened.

“Your father doesn’t want him as a son -in-law, and Jin Xue also doesn’t want this scumbag, but you took him in. Jin Yue, why are you so stupid?!”

Jin Yue cried quite sadly and argued, “Gu Zhou is going all out now. His purpose in staying in Shen City is to kill Jin Xue. He also has a grudge against Jiang Yu. Mom, I’m just using him to deal with Jin Xue. Perhaps he can ruin Jin Xue and Jiang Yu’s relationship. Without Jiang Yu as her backer, Jin Xue will be nothing.”

“If your father finds out, he’ll beat you to death.”

“Father has always been biased. Even if he wants Jin Xue, he doesn’t want us.

Mother, you don’t have to look at Father’s face anymore. Let’s snatch the Jin

Corporation back first. Gu Zhou will definitely be able to help.”

After thinking for a while, MO Xiaoyan looked at her daughter and warned her sternly, “You can’t help that man. It’s one thing to make use of him, but you have to be careful not to get yourself involved. You’re right. The Jin Corporation must be taken back. We have to deal with Jin Xue.”

After a pause, MO Xiaoyan continued, “You can keep Gu Zhou. Perhaps he’s useful. While your father is on a business trip, you have to settle this matter properly. Your grandmother is your protective talisman. Tell your grandmother about Gu Zhou later. As long as your grandmother agrees to let Gu Zhou stay in the apartment, it’s none of your business even if the sky falls.”

“Your grandmother hates Jin Xue to the core. She should be on your side.” Jin Yue nodded and stopped crying. “Mom, I’ll listen to you.”

“Don’t take the initiative to provoke Jin Xue. You have to be careful about Gu

Zhou.”

“I know. I won’t mess around.’

Jin Xue was waiting for the elevator in the hospital parking lot when the family of the patient in bed 38 suddenly handed her a stack of money.

“Doctor Jin, you deserve this. Thank you for your special care!”

“You can’t do this.” Jin Xue wanted to return the money, but the family member had already run away..
