

## Every Night 77

### Chapter 77: Twenty Billion in Debt

After some thought, Seraphina said, "We can't keep Mrs. Jenkins in the dark any longer. The lawyer will announce the will, and we need her support."

Henry Charles's eyes were deep and thoughtful, "Let's not mention it for now, so as to prevent Mrs. Jenkins from being overly shocked and getting hurt. You should take Mrs. Jenkins to the temporary shareholder meeting immediately. At the meeting, she will naturally learn the news of Andrew Jenkins's demise. Seize the opportunity and it would be ideal if we can blame Olivia Jenkins for the shock this brings to the elderly."

"I'll listen to you."

"Don't worry, the Jenkins Group will definitely be ours!"

Upon seeing Olivia Jenkins, Mrs. Jenkins was so angry that she gritted her teeth, signaling her secretary to drive Olivia Jenkins out.

Martin Wallace looked sharply at Mrs. Jenkins, "Mr. Andrew Jenkins's entrustment is to invite Olivia Jenkins to the temporary shareholder meeting. You have no right to drive her out. Everyone is here, Lavvyer Hall, please read

Mr. Andrew Jenkins's power of attorney."

Hearing that her son had entrusted Olivia Jenkins to serve as his legal representative to fully manage the CEO's affairs until the inheritance took effect, Mrs. Jenkins couldn't believe it and her face turned black.

"Bring Andrew here, I don't agree with his decision." Angered to the point of being sick, Mrs. Jenkins only felt a wave of dizziness wash over her, and her body swayed unconsciously.

Lawyer Hall parted his lips and said, "Mr. Andrew Jenkins has passed away. We are carrying out his wishes while he was alive."

“I don’t believe it, I don’t believe it...”

Mrs. Jenkins shook her head in denial. Suddenly, she fainted.

Having failed to gain any benefit, Seraphina hurriedly called for an ambulance.

She fainted after just a few sentences, Mrs. Jenkins is really useless, Seraphina was furious.

If Mrs. Jenkins no longer had any value to her, Seraphina really didn’t want to deal with her anymore, nor did she want to continue pretending. She was tired of compromising and being submissive.

Henry Charles gave Seraphina a look, signaling her not to act rashly.

After the lawyers left, Henry Charles showed Olivia Jenkins a bunch of account books.

Henry Charles said solemnly, “Olivia, I watched you grow up, so I’ll tell you the truth, the group is in deep trouble. Owing to the withdrawal of funds by Champion International, heavy losses have been incurred, and the group is in debt to the tune of around two billion.” Champion International?

Olivia Jenkins had heard of it from Daniel.

Does Daniel play a part in this?

Olivia Jenkins lowered her eyes slightly, biting her lower lip lightly.

After observing Olivia Jenkins, Henry Charles continued, “Don’t worry, Uncle Charles will do everything he can to help you. Oh yes, the finance department needs the company stamp, Olivia, you should take it out first.”

Olivia Jenkins widened her eyes, looking at Henry Charles, "I don't have the company stamp, I haven't seen my father in a while."

Henry Charles coaxed, "Think carefully, where would your dad put the company stamp, think about what he said."

The sharp light flickered in Olivia Jenkins's eyes, "Uncle Charles, I really don't know, my mind is blank, I still don't understand what's going on."

"I know you are under a lot of pressure and emotional. I will go and pacify the finance department first. Olivia, I must remind you, the creditors will come to make a fuss soon, you need to be prepared for that. Look at these accounts carefully and you can ask me about anything you don't understand." Olivia Jenkins was silent and nodded.

Henry Charles had to retreat for now, not daring to push too hard,

Olivia Jenkins then opened the corporate information enquiry platform and found that Daniel was the largest shareholder of Champion International.

The group had such a large amount of debt and yet her father hadn't told her anything.

She thought her father only regarded her as a commodity to gain benefits and assumed he, like her grandmother, had driven her out of the Jenkins family. She never imagined that he would make her his legal representative.

Her tears fell soundlessly, Olivia Jenkins's face was covered with tear stains. Suddenly, Olivia Jenkins received a phone call from her father-in-law inviting her to meet..
