

## Ex's Brother 1051

### Chapter 1051: She's My Baby

Kid, not saying anything when you see through someone is basic respect.

He rubbed his heart that had been crushed by Fang Zikai and recomposed himself. Fang Yusheng seemed to be smiling calmly, like an expert. There was an unfathomable smile on his face. He said, "Experts never show their true culinary skills easily."

Fang Zikai really believed his father.

He cupped his hands into a heart and blinked his starry eyes. He said to Fang Yusheng, "Dad, you're really amazing. You have to cook more for us in the future. Let me tell you, Mom's cooking is actually not good, but it's not bad either. Your cooking is better than Mom's."

Fang Yusheng quickly looked out and did not see Qiao Jiusheng in the dining room or living room. He raised his eyes to look at the red vines in the courtyard in front of him. Qiao Jiusheng was playing in the Chinese wisteria with Fang Taoran in her arms.

!!

Fang Taoran was wearing a yellow cotton dress and was hugged by her mother. She stretched out a small hand and was playing with the Chinese wisteria. Even though Fang Taoran was still very young, it was obvious that she looked like Qiao Jiusheng.

Her two sons looked very similar to Fang Yusheng, but their eyebrows and eyes looked more like Qiao Jiusheng's. As for his daughter, Fang Taoran, she looked 70-80% like Qiao Jiusheng. When she grew up, she would be a little demon.

His wife and daughter were far away. Fang Yusheng was relieved to know that Qiao Jiusheng could not hear Fang Zikai's words.

He looked down at Fang Zikai with a serious expression.

Fang Zikai looked at his father in confusion. “What’s wrong, Dad?” His father was so serious. He didn’t seem to have done anything wrong.

Fang Zikai was searching his mind for any mistakes he had made recently. Other than loving to fight, he didn’t seem to have done anything else wrong. Could it be that his father knew about his fight?

Fang Zikai felt very guilty. He was about to take the initiative to admit his mistake and ask for Fang Yusheng’s forgiveness when he heard Fang Yusheng say, “People can’t be all-rounders. Your mother knows how to carve very beautiful jade pieces. She’s very good in that area.”

Fang Zikai did not understand why his father started to praise his mother, but he still followed Fang Yusheng’s words and said, “It’s very good.” He had gone to his mother’s jade shop and her studio to take a look. The things his mother carved looked realistic and especially beautiful.

Fang Zikai admitted that his mother was indeed very outstanding.

Fang Yusheng added, “Your mother has been pampered since she was young. There were always people who doted on her. Whatever she wanted to eat, there were people who made it for her. She used to live a happier life than you, her brother, and her sister.”

Fang Zikai did not understand the main point of his father’s words and asked, “What exactly are you trying to say?”

Fang Yusheng rolled his eyes at him. “You’re impatient.” Fang Yusheng sighed and said, “Mom worked hard to cook for the two of you. No matter how terrible her food is, you have to eat every meal she makes with gratitude.”

“Why?” Fang Zikai felt that his father’s request was very domineering.

Can’t he say that it’s not delicious?

Fang Yusheng’s expression became serious and domineering. He said, “Because she’s my baby. My baby will do anything for you. You have to be grateful.”

Fang Zikai opened his mouth but could not retort.

His father was so domineering.

“Then... then I won’t despise Mom’s cooking in the future.”

“Yeah.”

Annoted that Fang Zikai was in the way, Fang Yusheng chased him out.

Fang Zikai had just come out of the kitchen when he heard his mother shout from outside the house, “Kai Kai, can you help me get some wet tissues?”

“Oh.”

Fang Zikai ran out with a wet tissue. It was especially hot in the summer, but it was very cold around the wisteria. Qiao Jiusheng took the tissue and wiped Fang Taoran’s hands. After wiping her hands, Qiao Jiusheng carried Fang Taoran and sat down on a small stone stool.

Noticing that Fang Zikai seemed to have something to say, Qiao Jiusheng asked him, “Why are you hesitating? What do you want to say? Tell me directly.”

Fang Zikai then said, “Are you Dad’s baby?”

Qiao Jiusheng was speechless.

In front of Fang Yusheng, Qiao Jiusheng was an experienced person, but in front of the children, Qiao Jiusheng had the reservedness of a woman. She blushed slightly and asked Fang Zikai shyly, “Why are you suddenly asking this?”

“Dad said just now that you’re his baby.”

“Oh...” Qiao Jiusheng’s face seemed to turn even redder.” Is that so? ”

“Yeah.”

Qiao Jiusheng’s heart melted.

Fang Yusheng, this old slut. Why did she say this in front of the children? It was embarrassing.

Fang Zikai stared at the blush on his mother’s face and felt even more puzzled. Why was she blushing?

“I want to know.” When Qiao Jiusheng looked at him, Fang Zikai continued, “Why are you Dad’s baby?”

Qiao Jiusheng could not tell Fang Zikai that she could sleep with his father and give birth to his children...

She coughed before saying, “Because he loves me and I love him. We’re husband and wife, so I’m his baby.”

“Oh.”

Fang Zikai asked with a yearning expression, “Then when will I have my own baby? I have to treat my baby well in the future.”

Children nowadays were really mature.

Qiao Jiusheng thought of a joke and said to Fang Zikai, “When we were children, we were always worried that when we grew up in the future, was it better to study at Tsinghua or Peking University? Later on, when we grew up, we realized that our childhood thoughts were just a joke, because neither Tsinghua nor Peking University had anything to do with us.”

Fang Zikai knew Peking University and Tsinghua University and understood what Qiao Jiusheng meant.

Then the question was, why was his mother talking about Tsinghua and Peking University?

Qiao Jiusheng added, "Instead of thinking about how to treat your baby well, why don't you think about whether you can get a wife first?" After Qiao Jiusheng said that, she saw that Fang Zikai's expression was ugly and laughed out loud. "Fang Zikai, girls don't like little fatties."

She patted Fang Zikai's stomach and smiled even more unrestrainedly.

Fang Zikai pulled a long face and turned around angrily. He ran into the house and roared at Fang Yusheng, who was still cooking, "Dad, control your baby! Your baby said that I won't be able to get a wife in the future! She bullied me!"

Fang Yusheng's hand slipped and he almost threw away the spatula in his hand.

He held back his laughter and replied, "Then marry a wife for her to see in the future."

"Of course."

Fang Zicheng looked up at his bickering brother and father. He thought of something and revealed a curious look. Marry a wife... He thought of what Fang Zikai had once said to him. He said that his personality was bad and he easily offended others.

Then could he get a wife in the future?

"What are you thinking about?"

Seeing that his brother was in a daze, Fang Zikai sat beside Fang Zicheng.

Fang Zicheng said, "I'm thinking if I can get a wife in the future."

Fang Zikai was stunned.

He probably did not expect his brother to think of such an inappropriate question.

Chapter 1052: I Want to Marry Three Wives

Fang Zikai felt that his brother might not be able to get a wife in the future. If he was a girl, he would definitely not marry someone like his brother.

Boring, dull, and overwhelmingly intelligent.

Fang Zikai thought about it and patted his chest. He said in a heroic tone, "Brother, don't worry. It doesn't matter even if you can't get a wife in the future. I'll get three wives in the future. One for Dad, one for me, and one for you."

Fang Zicheng was actually touched.

However, Fang Yusheng shivered when he heard this. He turned around and happened to see Qiao Jiusheng carrying Fang Taoran over. Coincidentally, Qiao Jiusheng heard Fang Zikai's words.

!!

A faint smile suddenly appeared on her lips.

Fang Yusheng felt that something was wrong.

Qiao Jiusheng carried her daughter and walked towards Fang Zikai. She placed her daughter on the sofa and her two sons immediately changed their sitting positions. They pressed their sister, who had already turned over, against the sofa to prevent her from falling to the floor.

Qiao Jiusheng sat opposite the siblings.

She stared at Fang Zikai with a smile and negotiated with him. "Then do you want to ask for three husbands?"

Fang Zikai quickly explained, "Men can only get a wife, not a husband." He thought about it again before saying, "I'm the husband."

Qiao Jiusheng held her laughter but looked very serious.

She added, "Then what should we do? Who will help your sister and mother get a husband?"

Fang Zikai instantly felt that he had a heavy responsibility.

He thought about it for a moment before saying, "Then when I grow up, I'll help you and sister get a husband."

Qiao Jiusheng added, "Your sister wants a husband." She pointed at herself with her index finger and said, "I want two."

"W-Why do you want two?" Fang Zikai could not understand his mother's thoughts.

Qiao Jiusheng said matter-of-factly, "One on the left and one on the right."

On the opposite sofa, out of a strong desire to survive, Fang Zicheng chose to bow his head and keep his eyebrows low, so as not fan the flames and be hated by his mother. Fang Zikai didn't know that his mother was already angry. He thought about it seriously for a while before saying, "It can be done but..."

He still had something to say.

Qiao Jiusheng raised her eyebrows slightly and hummed in confusion.

Fang Zikai then said, "If you have one on the left and one on the right, then where will my father stand?" His father was also his mother's husband.

In the kitchen, when Fang Yusheng heard Fang Zikai's words, he was so touched that tears streamed down his face.

Good son, you still remember that you have a biological father.

Qiao Jiusheng turned around and looked at the man's busy back view in the kitchen. She said darkly, "Aren't you looking for three wives? Won't they just share you? If your father has a new wife, what do you need me for?"

Fang Zikai finally realized that his mother was angry.

He seemed to have done something wrong.

Fang Zikai looked at his brother pleadingly.

Fang Zicheng sighed and said to Qiao Jiusheng, "Buy him a popular science film and let him learn what monogamy is."

Qiao Jiusheng felt that her eldest son's suggestion was very good.

"Let's do that."

The child was already more than four years old, so he had to understand this basic knowledge. Qiao Jiusheng really went to buy some enlightenment discs for Fang Zikai to watch. During that period of time, Fang Zikai did not have the time to go out to fight and take in underlings. He was locked at home by his mother to learn the marriage law, family system, ethics, and five constants.

After being forced to receive more than a month of education, Fang Zikai finally knew how he had offended his mother.

Was it too late for him to apologize now?

School finally started on this day.

Fang Zicheng had already recovered and could go to school. They were in a senior class this year, and their classmates were still the same. Although Fang Zicheng had taken a few months off school, there was still the legend of his Brother Iron Egg in school.

Fang Zikai had been learning martial arts from Qi Bufan recently. When he arrived at school, he naturally had to show off and get praised in front of all his classmates.

On the first day of school, the class held a class meeting. All the students could display their talents.

Fang Zikai went up and performed a set of punches. This group of brats had never seen real martial arts before, so they could not help but clap and cheer. Only Gu Yiqiu clicked her tongue, thinking that Fang Zikai had not learned enough.

However, Fang Zikai was her underling after all. She could not embarrass her underling in public.

After receiving the admiration of all the students, Fang Zikai was so happy that his teeth were about to rise to the sky.

Every semester, they had to introduce their dreams. The children's dreams were strange. Last semester, Fang Zikai's dream was to lose ten pounds. This semester, his dream had changed.

Fang Zikai stood on the podium and said solemnly, "I have to work hard and be a capable person in the future to be qualified to choose a wife I like."

The group of childish children was stunned by Fang Zikai's dream.

Gu Yiqiu walked onto the stage and glanced at the people in the class coolly. She said domineeringly, "I will become a boss. Only I can bully men in the future. No man can bully me!"

Her father had said that if she did not want to be bullied by men in the future, she could only bully men.

Gu Yiqiu would work hard to pursue this wish.

Next, a few more children said their wishes. Compared to Fang Zikai and Gu Yiqiu's ideals, theirs were much more normal. When it was Fang Zicheng's turn to speak, he leaned lazily against the blackboard and said, "To earn money."

Then, he said five more words. "To earn a lot of money."

Only by earning money could he support his prodigal mother and father who loved money as much as his life. On television and in books, women were creatures who spent money. If he did not work hard to earn money, how could he have the capital to support his wife in the future?

All those dreams were nonsense. Earning money was the truth.

The form teacher looked at Fang Zicheng in admiration.

There were so many people in the class, but only Fang Zicheng knew the true meaning of his dream. It was obvious that this child could do big things.

The parents could check everything that happened in the classroom remotely. On the first day of school, it was also the first time Fang Zicheng returned to school after taking a few months off.

Qiao Jiusheng and Fang Yusheng were a little worried, so they turned on the remote surveillance.

Through the surveillance video, the couple saw this scene in the classroom and fell silent. This silence lasted for nearly a minute. Qiao Jiusheng turned off the video and said, "The two children's ideals are quite... realistic."

One wanted to find a wife, and the other wanted to earn money. These were really the most realistic problems in society.

Fang Yusheng felt embarrassed.

He held his forehead and leaned his elbows on the table. He chuckled a few times before saying, "What should we do? I think our two children are funny. Ah Sheng, quickly go back and save the video just now. When they grow up, let their wives see it."

This would definitely make her future daughters-in-law laugh to death.

Qiao Jiusheng quickly did as she was told.

Chapter 1053: Good Brothers Trick Each Other

A few days after Fang Zicheng and Fang Zikai started school, Zhuang Long suddenly called.

Fang Yusheng was going to the toilet later. They were not allowed to bring their phones with them when they went to the toilet. If they did so, they would sit in the toilet for a long time. His phone was on the sofa, and Qiao Jiusheng was playing with Fang Taoran. When she heard the phone ring, she picked up the phone and saw that it was Zhuang Long.

“Yusheng, Zhuang Long called.”

Fang Yusheng said, “Help me answer it.”

“Okay.”

!!

Qiao Jiusheng picked up the phone.

Thinking that it was Fang Yusheng who answered the phone, Zhuang Long said excitedly, “Virgin, I’m a father. Hahaha, Ah Li gave birth to a daughter. She’s six kilograms and eight kilograms. She’s so cute!”

“I’ve already sent my daughter’s photo to the OK group. You can take a look.”

Only then did Qiao Jiusheng find an opportunity to speak. “It’s me. Congratulations, Zhuang Long.” Qiao Jiusheng was really happy for Zhuang Long.

Hearing that it was Qiao Jiusheng’s voice, Zhuang Long quickly stopped being indecent and became more serious. “Ah Sheng, our Ah Li has given birth.”

“Yes, I know. She gave birth to a daughter. You just said that.”

“Hehe...” Zhuang Long smiled foolishly. He was really silly.

Qiao Jiusheng could not imagine Zhuang Long’s silly smile. Ever since he recovered from his mental illness, he had become mature and steady. In the past year or so, Zhuang Long had never been so excited.

One could imagine that having a younger daughter was indeed a joyous occasion for him.

“Fang Yusheng has something on now. I’ll tell him about this.”

“Okay!”

After Zhuang Long hung up the phone, Qiao Jiusheng walked to the toilet door. She knocked on the toilet door and said to Fang Yusheng, “Xiao Li gave birth to a daughter. She weighs six kilograms. Zhuang Long is overjoyed.”

Fang Yusheng said, “Wait.”

Soon, the sound of the toilet flushing could be heard.

The door opened and Fang Yusheng walked out wiping his hands. He threw away a tissue and subconsciously held Qiao Jiusheng’s hand. Qiao Jiusheng took a step back reflexively and revealed a disdainful expression. “Those who just went to the toilet, stay away from me.”

Fang Yusheng’s smile froze.

“You despise me?” He sounded dangerous.

Qiao Jiusheng was not afraid of him and replied, “Yes, I despise you. Can you bite me?”

“It’s impossible to take a bite.” Fang Yusheng laughed strangely and said, “I can consider a kiss.”

“Shameless!”

Qiao Jiusheng turned around and left.

Fang Yusheng followed behind. He said, “That fellow has a daughter. He will definitely hold a 100-day banquet for her on her 100th day. We have to go then. We have to think about what gift to give his daughter.”

Qiao Jiusheng said, "A girl's gift is very easy to give. I don't have much at home except for jewelry." She planned to give jewelry.

Fang Yusheng was silent for a moment before saying, "Your family is rich."

When Qiao Jiusheng heard this, she wanted to curse.

What did he mean by her family was rich?

Their Fang family did not have money?

"Then what are you planning to give her?"

Fang Yusheng snorted and said, "Can't I just give her a set of clothes?" A stingy person would not bear to give expensive gifts to others. Fang Yusheng would even spend it on himself, let alone others.

Qiao Jiusheng really believed Fang Yusheng's words.

The next day, Fang Yusheng decided to fly to Germany personally. Qiao Jiusheng asked him what he was going to do, but he refused to tell her mysteriously. That made Qiao Jiusheng wonder if he had a lover in Germany behind her back.

Three months later, Qiao Jiusheng finally knew what Fang Yusheng had gone to Germany for.

He had actually ordered two Maybachs. The colors were the one he had specified. One was yellow, and the other was red. On the door handle of the sports car, there were the words "Beautiful—Sherry."

Zhuang Long's daughter was called Sherry.

The day before the 100-day banquet, Fang Yusheng brought Qiao Jiusheng and his younger daughter, Fang Taoran, to America. On the day of the 100-day banquet, the three of them appeared together. The car Fang Yusheng gave to Little Cherry was sent to Zhuang Long's house by the staff early in the morning.

Zhuang Long smiled when he saw the gift.

He patted Fang Yusheng's shoulder hard and said with a smile, "Virgin, you're finally generous to me." He was a little touched. Zhuang Long was still moved when the iron hearted Fang Yusheng softened.

"You're my good brother!" He decided to be Fang Yusheng's good brother for a minute.

Fang Yusheng frowned. "Be gentle. My heart is still bleeding." Spending money made his heart bleed.

Zhuang Long's smile faded.

"The gift has been given, you're not allowed to take it back!" Zhuang Long quickly got someone to drive the car into the garage.

Qiao Jiusheng stared at her pocket.

Zhuang Long smiled gentlemanly at Qiao Jiusheng. His expression changed so quickly that it was like flipping a book. Zhuang Long hugged Qiao Jiusheng before hugging their younger daughter to tease her.

"Ran Ran, this is the first time we meet. I'm your godfather."

Just as Zhuang Long finished speaking, Fang Yusheng mocked, "Who said that! I won't admit it."

Zhuang Long replied, "Cheng Cheng and Kai Kai both acknowledge me as their godfather. Why won't Ran Ran acknowledge me?" He smiled playfully and said meaningfully, "They're born from the same parents. Shouldn't they acknowledge someone as their godfather? Could it be..."

Could it be that this child is not yours?

Of course, this was a joke. Fang Yusheng and Qiao Jiusheng also understood Zhuang Long's joke. Qiao Jiusheng was not angry and waited to see how Fang Yusheng would deal with it. Fang Yusheng glared at Zhuang Long and said, "Is it that easy to recognize a godfather? It's your first time meeting, but there's no greeting gift?"

Zhuang Long's smile froze. "You really love money as much as your life."

Although he said that, Zhuang Long still took out a gemstone necklace from his pocket. Zhuang Long placed the necklace in Fang Taoran's hand and said, "Ran Ran, hold it well. This thing in your hand is the favorite ring of a princess in the R Nation's royal family."

Zhuang Long never lied.

If he said that a certain princess had worn it, then it was definitely true.

Qiao Jiusheng's expression changed slightly. This gift was too expensive. Even though the material was not expensive, its art collector value was too high. Qiao Jiusheng was about to reject it when Fang Yusheng said to Fang Taoran, "Ran Ran, quickly, call me Godfather."

In the face of absolute benefits, Fang Yusheng was willing to let Fang Taoran call Zhuang Long anything other than mom or dad. If Fang Taoran could understand human language and put on an expression, she would definitely roll her eyes at her father.

Zhuang Long was also stunned by Fang Yusheng's shamelessness.

He was stunned for a moment before saying, "Virgin, you're really amazing. You sold your daughter for glory."

"That's not how you use idioms."

“As long as you know what I mean.”

Seeing that these two bad friends were getting more and more ridiculous, Qiao Jiusheng quickly said, “Alright, Zhuang Long, go and greet the other guests. Yusheng and I will go see Sherry.”

“Okay.”

There were many guests today. They were all famous people, so Zhuang Long was naturally very busy. Qiao Jiusheng and Fang Yusheng found Xiao Li. She had successfully recovered after giving birth and was as thin as a bolt of lightning, but her chest and buttocks were still very perky.

Qiao Jiusheng stared at Xiao Li’s voluptuous figure and clicked her tongue. She thought to herself, If I were a man, I would chase Xiao Li.

Chapter 1054: If There’s a Next Time, I Will Still Do That

Of course, this was just a bold idea.

She could only think about it and not act on it.

When Xiao Li saw Qiao Jiusheng, her eyes lit up. The two of them met and hugged first. Realizing that the necklace around Qiao Jiusheng’s neck was very beautiful, Xiao Li touched the gemstone necklace and her eyes revealed fondness.

“This is the new product of Crown for Love, right? I saw the advertisement before. This is the main product of this year’s Christmas series, right?”

“You have good taste.” Qiao Jiusheng leaned close to Xiao Li’s ear and said softly, “I brought a few more when I came to America this time. Pick them later and see which color you like.”

!!

The gemstone necklace had three colors, pink, blue, and purple. Qiao Jiusheng brought one for Xiao Li, Ji Yinbing, and Suzanne. The three women could choose the three colors themselves.

Xiao Li smiled when she heard this.

She smiled flirtatiously. “Erza, you’re really my sweetheart.”

A long time ago, Xiao Li and Qiao Jiusheng had become friends because they had attended a few fashion shows together. Of course, that kind of friend was different from their relationship now.

In the past, Xiao Li had always called Qiao Jiusheng by her English name. Later on, after Qiao Jiusheng married Fang Yusheng, their relationship became really close.

Xiao Li was overjoyed and hugged Qiao Jiusheng again.

Qiao Jiusheng glanced at Xiao Li’s good figure.

“You’re recovering quite well. How did you recover after giving birth?”

Xiao Li said, “The personal coach I hired strictly abides by his body-building training method. He has a good figure.” Xiao Li felt that Qiao Jiusheng’s figure was not bad either, so she said, “Your figure is not bad either.”

“Sigh, I’ve put in a lot of sweat to lose weight.” At the thought that Fang Yuqing was pregnant and would have to undergo postpartum rehabilitation in the future, Qiao Jiusheng said to Xiao Li, “Introduce your personal coach to me too. Yusheng’s cousin is giving birth next year. When the time comes, I’ll get her to find that coach too.”

“Sure, I’ll give you his contact details later.”

While Qiao Jiusheng was talking to Xiao Li, Fang Yusheng was hugging Fang Taoran and feeding her warm water with a milk bottle. When he was done, he looked up and saw the two women in front of him pinching each other’s waists.

Fang Yusheng was speechless.

His expression changed slightly as he quickly walked over and separated Qiao Jiusheng and Xiao Li.

“We can make pastries there. Ah Sheng, let’s go make pastries.” Qiao Jiusheng and Xiao Li finally separated.

After being pulled away by Fang Yusheng, Qiao Jiusheng said to Fang Yusheng, “Xiao Li’s figure is really sexy. Zhuang Long is really lucky.”

Fang Yusheng was speechless. “Ah Sheng, don’t be such a hooligan.” Fang Yusheng was shocked by Qiao Jiusheng’s shamelessness.

Qiao Jiusheng also felt that she was a little shameless just now.

Fang Taoran leaned on Fang Yusheng’s shoulder and sucked on her fingers as she listened attentively to her parents.

Qiao Jiusheng took Fang Taoran from Fang Yusheng’s arms. She touched Fang Taoran’s small butt and had high hopes for her. “Ran Ran, fight for me in the future. You must get your Auntie Li’s figure. Let others be envious of your devilish figure.”

Fang Yusheng felt a headache coming on. He quickly said to Qiao Jiusheng, “She’s still young. Don’t instill this knowledge into her.”

“She’s not young anymore. You have to start raising children when they are babies.”

Qiao Jiusheng always had a lot of twisted logic.

As the two of them spoke, Yan Nuo and Ji Yinbing's car arrived.

The two of them stopped in their tracks, then turned around tacitly and walked towards Yan Nuo and the rest. Zhuang Long could not leave now. He gestured to Fang Yusheng and the rest, meaning to ask Fang Yusheng to help entertain Yan Nuo and the rest.

Fang Yusheng nodded at him, indicating that he could rest assured.

Yan Nuo was wearing a pure black shirt and black pants today. His face was still cold. Qiao Jiusheng complained to Fang Yusheng, "Yan Nuo's family definitely doesn't need an air conditioner in the summer."

Fang Yusheng was stunned for a moment before understanding what Qiao Jiusheng meant.

She was saying that Yan Nuo was a walking air conditioner.

Fang Yusheng smiled and tapped Qiao Jiusheng's head. "Cheeky."

Ji Yinbing was actually wearing a red strapless dress today. It was a little sexy. Ji Yinbing's hair had become shorter, but it was black. Qiao Jiusheng was a little surprised, but she did not know if Ji Yinbing's hair was a natural color or dyed black.

Upon seeing Fang Yusheng and Qiao Jiusheng, a faint smile appeared on Ji Yinbing's cold face. "An and Ah Sheng."

Yan Nuo greeted them.

The little princess, Sherry, was lying in the baby cradle and sleeping beside Xiao Li. The four of them walked towards Xiao Li together. Fang Yusheng suddenly reached out and touched Ji Yinbing's hair.

Ji Yinbing stopped in her tracks.

She tilted her head and looked up at Fang Yusheng. Her smile seemed to deepen. "This grew naturally," she said.

Fang Yusheng and Qiao Jiusheng were delighted.

"That's great."

In the past, when they saw Ji Yinbing's white hair, Fang Yusheng and Qiao Jiusheng's hearts ached for her. They were worried that Ji Yinbing would never grow black hair in her life. They did not expect her to grow black hair again after a few years.

Fang Yusheng glanced at Yan Nuo. Ji Yinbing had a head of black hair again. Yan Nuo was the happiest.

Yan Nuo nodded slightly at Fang Yusheng's gaze, his eyes clearly relaxed.

The cold man used gentle actions that did not match his cold personality to gently touch Ji Yinbing's black hair. Yan Nuo lowered his head and kissed Ji Yinbing's black hair. Ji Yinbing was a little embarrassed.

Yan Nuo said, "Don't do anything stupid in the future."

That year, Ji Yinbing tested the poison with her body and her hair turned white overnight. Yan Nuo still remembered how sad he was when he woke up from his coma and saw Ji Yinbing's white hair.

At that moment, he knew that this woman loved him to death.

He could not live without her.

Later on, Ji Yinbing dyed her black hair, but every once in a while, Ji Yinbing's white hair would appear from the roots of her hair. Every time he found new white hair appearing on her head, Yan Nuo felt terrible.

Ji Yinbing understood what Yan Nuo meant.

However, she said, "If there's a next time, I'll still do that."

Chapter 1055: You're a Pig's Trotter

Yan Nuo's expression froze.

His heart tightened and he could not say another word.

When Qiao Jiusheng heard Ji Yinbing's words, she was very moved. She was so envious of Yan Nuo. He was really lucky to be loved by Ji Yinbing.

When she was envious of Yan Nuo, she was also envious of herself.

Ji Yinbing tested herself for Yan Nuo. Fang Yusheng sacrificed his life for her, and she was also a lucky person. Qiao Jiusheng suddenly said to Fang Yusheng, "Yusheng, after some time, I want to give you a gift."

!!

"Huh? What is it?"

"It's a secret for now."

Qiao Jiusheng smiled mysteriously. The more she acted like this, the more curious Fang Yusheng was. "Then when can I receive your gift?"

Qiao Jiusheng said, "Next month."

"Okay."

...

After getting Xiao Li's agreement, Ji Yinbing bent down and picked up Sherry, who had just woken up. The child lay in Ji Yinbing's arms. Her fingers ran through Ji Yinbing's hair, occasionally making sounds.

Seeing this, Xiao Li said, "She likes you."

Ji Yinbing also liked children.

She rubbed her cheek against Sherry's. The baby's face was smooth and pink like an egg. The more she liked the child, the more lonely Ji Yinbing's smile became.

"Yan Nuo, do you want to give her a hug?" Ji Yinbing hugged Xueli and asked the tall man beside her.

Xueli opened her light blue eyes and stared at Uncle Yan Nuo, who was at a higher altitude. Yan Nuo's expression was as cold as ever, without a hint of life. However, Xueli stared at him for a long time before smiling.

This smile stunned Yan Nuo.

What was she laughing at?

Yan Nuo was puzzled.

Ji Yinbing burst out laughing and placed Xueli into Yan Nuo's arms. Yan Nuo froze. He grabbed Xueli's butt with his big palm and panicked. "This..." Yan Nuo wanted to return the child.

The adults took a few steps back in unison.

There was no one around Yan Nuo.

Yan Nuo glared at them and could only hug the little fellow tightly with a serious expression.

Xueli rubbed her head against Yan Nuo's neck happily. Yan Nuo had only been so intimate with Ji Yinbing in his life. For a moment, he was so stiff that he did not dare to move.

Qiao Jiusheng, Ji Yinbing, and the rest stared at this funny scene and held in their laughter.

Zhuang Long walked over.

He snatched his daughter away from Yan Nuo's arms and warned him, "This is my daughter. Don't take advantage of her."

Yan Nuo straightened his neck and replied, "She wanted to stick to me."

Yan Nuo sounded a little aggrieved.

Zhuang Long snorted and scolded Yan Nuo, "You pig trotter, you should feel honored that my daughter is willing to get close to you. How dare you despise her!" His eyes shifted, and the playful smile on his face instantly faded, turning into a steady and calm expression.

“Let’s have lunch first. Everyone, stay at my house tonight. I have a surprise for everyone.” When he said the word surprise, Zhuang Long seemed to take a few more glances at Yan Nuo and Ji Yinbing.

However, everyone was staring at Yan Nuo and Xueli and did not notice.

They ate French food for lunch. After the meal, everyone else left, leaving only Qiao Jiusheng and the rest behind. Qiao Jiusheng accompanied Fang Taoran for an afternoon nap. Fang Yusheng, Yan Nuo, and Zhuang Long went to the private golf course under Xiao Li’s name for the entire afternoon.

When Qiao Jiusheng woke up, Fang Yusheng and the rest were not back yet.

Xiao Li had promised to pick Zhuang Qilin up from school today. She was not at home now and had gone to pick up the child.

Only Ji Yinbing was at home in the huge manor.

When Qiao Jiusheng found Ji Yinbing, Ji Yinbing was on a video call with Suzanne. Qiao Jiusheng walked into the camera and was discovered by Suzanne. Suzanne called her over to talk.

“Where are you?” Qiao Jiusheng looked at the view behind Suzanne. It looked like she was at the airport.

Suzanne said, “I’m in America. I’ll be at your place later.”

Suzanne naturally had to attend Zhuang Long’s precious daughter’s 100-day banquet.

“Just you?”

Suzanne turned the camera around and a woman with long legs, a thin waist, and a domineering aura appeared in her vision. It was Wei Xin. She was still high-profile today. She was wearing a black slim-fit blazer with a bright red dress. Her black hair was tied into a ponytail, and her aura was very strong.

On the other hand, Suzanne was wearing a pair of dark blue jeans and a light blue silk short shirt. These two people had completely different temperaments and personalities, but they could get along in life.

The relationships between people were really wonderful.

“Oh, there are reporters. I’ll hang up first.”

Perhaps Suzanne quickly hung up the video call because a reporter recognized Wei Xin.

The phone screen turned black. Ji Yinbing put away her phone and said to Qiao Jiusheng, “Wei Xin is wearing such a high-profile outfit. It’s hard not to be noticed.”

Upon hearing Ji Yinbing comment on her bad friend’s dressing style, Qiao Jiusheng said, “She has such a personality. She likes to be high-profile and attract attention. She doesn’t want to be mediocre.” Wei Xin was proud, and she had the ability to do so.

“I used to imagine what kind of person Suzanne would live with in the future. In my imagination, her lover was most likely a gentle man. In the end, reality hit me hard. She found a flamboyant and arrogant person, and she was a woman. It’s really...”

Ji Yinbing shook her head and laughed. She still remembered the shock and surprise when she heard from Suzanne that she was going to marry a woman. Those few days, Ji Yinbing felt that she was walking on stilts. It was unreal.

“To be honest, when I found out that Wei Xin had actually wooed Fang Yusheng’s good friend, I was especially afraid.”

Ji Yinbing looked surprised. “What were you afraid of?”

“I’m afraid that Wei Xin and Suzanne will part ways. Then it will be very difficult for me to be sandwiched between them.”

“Then you’re overthinking. I think they’re very close.”

“I wasn’t sure at that time.”

“That’s true.”

Thinking of something, Ji Yinbing suddenly held the blue necklace around her neck and said to Qiao Jiusheng, “Thank you for your gift. It’s very beautiful.” She really liked it and could not wait to put on the new necklace.

Qiao Jiusheng waved her hand and said, “I don’t have much at home, but many of these things. It’s nothing.”

“I remember that An likes to collect canes. He has many gemstone canes, and your family has a lot of jewelry and diamonds. The two of you are really generous.”

“But Fang Yusheng is a miser. He’s extremely stingy.” Anyway, Fang Yusheng was not here, so Qiao Jiusheng could criticize Fang Yusheng to her heart’s content.

Ji Yinbing smiled happily.

“An is like this. Although he’s stingy, he’s really sincere to us.”

“You’re his friends.”

Ji Yinbing nodded. Seeing that Fang Taoran was playing with the rattle, she took the rattle from Fang Taoran’s hand and teased her. “Ran Ran looks more like you.”

Chapter 1056: He Created Another Miracle

Seeing Fang Taoran smile, Ji Yinbing said, "Her smile looks more like yours, like a little fox."

Qiao Jiusheng raised her eyebrows and pretended to be angry. "So in your eyes, I'm a little fox."

"Yes, cute and cunning. Isn't that a fox?"

Qiao Jiusheng complained in her heart. Fortunately, she was not flirtatious.

Ji Yinbing did not know that Qiao Jiusheng's inner thoughts were so imaginative. Fang Taoran quickly lost interest in the rattle. Ji Yinbing clapped her hands at Fang Taoran and asked her, "Ran Ran, can Auntie hug you?"

!!

Fang Taoran was not afraid of strangers and immediately reached out for her to carry her.

Ji Yinbing hugged Fang Taoran.

She smiled happily. Qiao Jiusheng looked at her and hesitated.

Ji Yinbing suddenly said, "I want to adopt a child." In the past, she thought that since she could not have a child, adopting was meaningless. But now that she saw that her friends had their own children, she suddenly wanted to raise a child.

In the future, if she passed away first, there would be someone considerate to accompany Yan Nuo.

Qiao Jiusheng was a little surprised. "You used to say that you didn't want to adopt a child."

“Thoughts change.”

“Is Zhuang Long’s research still not progressing?”

Ji Yinbing shook her head and said, “I stopped participating in that research a long time ago. My mentality is wrong and I’m not suitable for this project. I don’t know how the results of his research are, but I guess he definitely didn’t succeed. If he did, he would have long been like a peacock spreading its feathers and showing off to the entire world.”

“You’re right.”

Qiao Jiusheng also understood Ji Yinbing’s thoughts.

She wanted this research to succeed too much. Such an urgent mentality made it impossible for her to calm down and do research seriously. Her heart was in a mess.

Qiao Jiusheng wanted to make mashed food for Fang Taoran, so she asked Ji Yinbing to help take care of the child.

When Yan Nuo and the rest returned, Ji Yinbing was walking around the living room with the child in her arms. Such a cold person was especially patient with the child.

Yan Nuo stood at the door and took a few more glances.

He suddenly had the thought of adopting a child, but he was afraid that Ji Yinbing would be sad when he mentioned this idea, so he suppressed this thought.

At night, Xiao Li personally cooked. Qiao Jiusheng and Ji Yinbing helped make dinner together. When Suzanne and Wei Xin arrived, the banquet officially started.

During the meal, Zhuang Long picked up his wine glass and thanked everyone. “Thank you for taking the time to come all the way here to attend my daughter Sherry’s 100-day banquet, my friends.”

“This toast is to our friendship.”

When Zhuang Long was serious, he was quite elegant and charming. Qiao Jiusheng was not used to it. Everyone raised their glasses and drank a glass of wine. Even Zhuang Qilin secretly took a sip of fruit wine.

Zhuang Long did not sit down. He clearly had something to say.

Everyone looked at him, curious about what he was going to say next.

Zhuang Long smiled mysteriously and said, “I said this afternoon that I want to show everyone a surprise tonight.” Zhuang Long’s smile deepened. “Everyone, eat first. After dinner, rest for a while. I’ll reveal that surprise to you.”

He sat down.

Everyone finished the meal with a stomach full of doubts.

Zhuang Long’s house had many stories. There was a private theater and a private wine cellar. Zhuang Long brought them to the wine cellar to drink for a while before playing a movie for them.

The movie was a very unpopular Iranian movie called “Little Shoe” or “Children of Heaven.”

After the movie, the lights in the screening room suddenly lit up.

The door suddenly opened. Zhuang Long, who was wearing a black suit, appeared elegantly.

Staring at his clothes, everyone seemed to fall into a strange silence.

What was going on?

He was dressed as if he was going to get married. What was this man doing? Not to mention Qiao Jiusheng and the rest, even Xiao Li was puzzled. Under everyone's curious and puzzled gazes, Zhuang Long walked to the front.

He snapped his fingers.

Yan Nuo could not stand it anymore and said, "Speak your mind."

Zhuang Long was speechless.

"Boss Yan, can't you let me successfully show off?" Zhuang Long glared at Yan Nuo.

Yan Nuo muttered something crazy and stopped talking.

Fang Yusheng leaned back in his chair and stared at Zhuang Long. He suddenly asked, "What do you want to announce?"

"Virgin is smart."

Zhuang Long turned around as if he was performing a musical. After turning around, he cleared his throat and said exaggeratedly, "My dear friends, tonight, you will witness the birth of the most magical creation of the 21st century!"

Upon hearing this, the expressions of the people present suddenly changed.

Fang Yusheng's sitting posture became upright. Yan Nuo suddenly widened his eyes, and Ji Yinbing gripped her dress tightly with both hands. Suzanne also widened her eyes slightly. Just like them, Qiao Jiusheng's breathing became faster.

A thought that made their mouths dry appeared in everyone's hearts.

Zhuang Long smiled and said, "My dearest Bing, are you ready to accept the gift I'm going to give you?"

Ji Yinbing suddenly stood up.

"You succeeded?" Her voice was trembling. She was no longer as calm as she usually was.

Zhuang Long smiled brightly at his closest companion and friend and said, "Fortunately, I didn't disappoint you."

Everyone's breathing froze.

The next second, everyone in the theater gasped.

Zhuang Long stopped smiling. He looked at his watch. It was almost midnight. "Alright, let's not talk anymore. Everyone, come with me to see our little angel."

...

Zhuang Long's laboratory was on the mountain behind the manor.

Tonight, there were many more guards on the mountain.

Xiao Li had long realized that there were more guards on the back mountain, but she did not think too much about it. Now that she thought about it, Zhuang Long had probably succeeded long ago. Zhuang Long brought them into the laboratory on the lower floor.

In the middle of the largest laboratory was something covered by a black veil.

Everyone entered the laboratory in sterile clothes.

In the room, an instrument beeped.

Everyone's footsteps were very soft, afraid that they would alarm someone.

Zhuang Long walked to the front of the black veil. He turned to face everyone and said softly, "Look carefully. Don't blink." He suddenly turned around and pulled off the black veil.

The ethereal soft gauze was very smooth and he pulled it off easily.

Under the light gauze was a dense array of instrument tubes. The ends of the instrument tubes were all gathered on the center table. On the table was a large sealed box filled with some kind of liquid.

In the middle of the liquid was a small bag of unknown material. The bag seemed to be very soft, and inside the bag was some clear liquid. Perhaps it was not liquid, but something like amniotic fluid.

Surrounded by amniotic fluid was a human-shaped fetus the size of a honeydew melon. The fetus's head was upside down. The fetus's umbilical cord was connected to a blue tube with some liquid in it.

Everyone widened their eyes and looked at the unbelievable scene in front of them.

They had seen a miracle.

Zhuang Long saw everyone's reactor and was not surprised at all. "Look carefully, her chest is beating."

Upon hearing this, everyone looked at the fetus's chest. It was indeed beating slightly.

This was indeed a miracle.

Zhuang Long was the person who created miracles.

He had once again created a miracle!

Chapter 1057: F\*cking Awesome

Ji Yinbing stared at the baby girl, her breathing slowing down.

“Whose... whose child is that?” She actually already had a bold guess in her heart, but the greater the expectations, the greater the disappointment. If the truth was different from what she guessed, she would despair.

Therefore, she urgently needed to verify it with Zhuang Long.

Zhuang Long did not answer Ji Yinbing’s question.

He turned slightly to look at the fetus that was growing quietly in the nutrition bag. His eyes became passionate as he said, “I gave her a name. It’s Tianci.”

!!

He tilted his head slightly and his gaze landed on Ji Yinbing’s face. He said, “Yan Tianci.”

Ji Yinbing’s body went limp and she almost fell to the ground.

Yan Nuo stepped forward in time to catch her weak body. Holding Ji Yinbing, who was so excited that she almost fainted, Yan Nuo’s eyes were also filled with shock and disbelief.

He looked at the small fetus through the glass and could not say a complete word.

Fang Yusheng, Suzanne, and the rest were also dumbfounded.

Xiao Li was the first to recover. She gently walked to Zhuang Long's side and looked at the fetus in the glass cover in front of her. Xiao Li asked Zhuang Long in an unbelievable tone, "Is she healthy?"

"Her vital signs are normal at the moment."

Zhuang Long walked to the front of the glass cover. He quietly stared at the masterpiece he was most satisfied with in his life and said slowly, "At the end of last year, this experiment achieved initial success. Actually, this is not Boss Yan and Yinbing's first child."

Ji Yinbing and Yan Nuo finally regained their ability to speak.

They asked Zhuang Long at the same time, "What do you mean?"

Zhuang Long explained, "Before Tianci, there were a few failures." Those failures were all fertilized eggs formed by Yan Nuo and Ji Yinbing's sperm and eggs.

"The first one has no fetal heartbeat. The second one suddenly stopped developing after more than three months. The third one had no fetal movements. His vital signs were normal, but his neurological reactions were abnormal. Only this one is the most perfect and healthy."

"She's like an ordinary child. She can grow, move, and turn over." Zhuang Long looked at Tianci with a gentle gaze. "At the moment, this technology still has many undeveloped areas, and the success rate is too low. Even so, it's still a very impressive research and development!"

Zhuang Long's fingers gently slid across the glass cover. "You can imagine that once the news of this research and development success spreads, my research and development will be seriously threatened..." At this point, Zhuang Long's expression suddenly became serious and cold. He turned

around and stared at Yan Nuo. He said, "Boss Yan, I'm not afraid of death, but I'm afraid that something will happen to my wife and children."

Yan Nuo made a promise in a solemn tone. "From now on, I will protect Xiao Li and her children 24 hours a day."

Ji Yinbing also said, "I'll bring people to personally protect you and this laboratory."

Seeing this, Zhuang Long was finally relieved. "Before Tianci is born safely, this matter has to be kept a secret. When Tianci is born, I will announce the success of this research and development to the world."

"Okay."

"It's not appropriate to let the child see strong light. Her development needs a quiet environment. Let's go." Zhuang Long was about to hide the glass cover again with the black gauze when Ji Yinbing suddenly said, "I want to see her again."

Zhuang Long looked at Ji Yinbing deeply.

Ji Yinbing said, "I want to see what she looks like."

"... Okay."

Accompanied by Yan Nuo, Ji Yinbing walked to the front of the glass cover. When she was close, Ji Yinbing finally saw the child's appearance clearly. Her appearance was like all normal fetuses. She had hands and feet, and her facial features could be seen very clearly. Ji Yinbing seemed to see a light layer of eyebrows and a few strands of hair on her head.

A strange feeling connected her to Tianci.

Ji Yinbing gently placed her fingers on the glass cover, as if she was touching her child's skin. The child remained asleep quietly, completely unaware of the disturbance of these outsiders.

“Hello, little angel...” Ji Yinbing choked as she said this. She suddenly turned around and bumped into Yan Nuo.

Yan Nuo hugged her tightly, but his gaze was on the little cutie in the glass cover.

That was their child.

That night, no one was in the mood to sleep.

Zhuang Long’s guest room was also decorated very luxuriously. Qiao Jiusheng and Fang Yusheng had their own rooms. They lay on the big bed in the guest room with their hands under their heads.

Fang Taoran was lying in the crib at the side. She was already asleep.

Qiao Jiusheng turned around and faced Fang Yusheng from the side so that she could see the child in the crib. She could not help but speak. “Zhuang Long is f\*cking awesome!”

She said something especially vulgar.

However, this time, Fang Yusheng actually agreed with her. “Yes, he’s f\*cking awesome.”

Qiao Jiusheng shook her head and sighed. “Impressive, he’s really impressive. I still remember when I was studying when the AIDS virus was completely conquered. The entire world was reporting on Zhuang Long for a long time. At that time, Zhuang Long was really glorious.”

“Yeah.”

Qiao Jiusheng added, “Once his research results are announced, it will definitely stir up world-class praise.”

"I can imagine."

"I feel especially amazing to be friends with such an awesome person." Qiao Jiusheng pinched her thigh hard and hissed in pain.

"Stop pinching yourself. It's true. Zhuang Long is indeed your friend," Fang Yusheng said with a muffled smile. Clearly, he had already discovered Qiao Jiusheng's secret pinching of her thigh.

Qiao Jiusheng simply turned over and lay on Fang Yusheng.

"What?"

Fang Yusheng pretended to push her off his body, but his actions were very gentle.

Qiao Jiusheng said, "No, I have to do something. I urgently need to vent before I can believe that this is true."

Fang Yusheng smiled helplessly. "If you want me, just say it. Why are you finding these reasons?"

"Then are you going to give it to me?"

"Sure."

Fang Yusheng cooperated with Qiao Jiusheng and took off his clothes himself. He helped Qiao Jiusheng take off her short-sleeved pajamas, but Qiao Jiusheng was still not wearing her underwear. The two of them kissed for a while, and just as they were about to go into battle, Qiao Jiusheng suddenly shouted for them to stop.

Fang Yusheng's expression changed when he heard Qiao Jiusheng ask to stop.

"What's wrong?" His gaze was a little unhappy and he despised Qiao Jiusheng for being slow.

Qiao Jiusheng pointed at the crib.

Fang Yusheng turned his head and met a pair of black eyes.

Fang Taoran was already awake. She turned over and lay on the bed. She was looking at her parents, who were all over each other on the bed, curiously.

Fang Taoran made a rhythmic sound as if she had seen something especially interesting.

Chapter 1058: The Worries of Being a Mother

Fang Yusheng suddenly lifted the quilt and covered his and Qiao Jiusheng's bodies.

Fang Taoran nodded again and laughed.

Qiao Jiusheng held her forehead and smiled, letting Fang Yusheng coax Fang Taoran.

Fang Yusheng hid under the blanket and put on his clothes. Then, he got out of bed and rocked Fang Taoran to sleep. Fang Taoran quickly fell asleep again. Fang Yusheng put her down and covered her stomach with a thin blanket before getting into bed again.

Fang Yusheng glanced at Qiao Jiusheng, who looked back at him with a smile in her eyes.

!!

"Sleep? What are you laughing at!" Fang Yusheng flew into a rage out of humiliation and fell asleep.

Qiao Jiusheng also hid under the blanket and laughed like a pig.

This time, Fang Yusheng and the rest did not stay in America for long. There were still two little fellows at home, and they would video call them every day. They rarely left the children but still missed them.

Suzanne planned to stay in America for a while this time. She was clearly very interested in Tianci and planned to accompany Ji Yinbing and wait for Tianci's birth. Wei Xin had her own house in New York, so she brought Suzanne back to her house to stay.

After staying at Zhuang Long's house for two more days, Fang Yusheng returned to the country with his wife and daughter.

After returning to the country, their pace of life remained the same.

Qiao Jiusheng officially threw herself into work. She woke up on time every day and went to work in the shop. Fang Yusheng had not taken on any new jobs recently, so he learned how to cook from Boss Lu every evening.

In more than a month, Fang Yusheng's culinary skills improved by leaps and bounds. His family praised his cooking.

This satisfied Fang Yusheng's vanity the most.

These days lasted until December. Late at night, Fang Yusheng was woken up by the earth shattering news in the OK group. He opened his eyes in a daze, turned on his phone, and entered the OK group. He saw that other than him and Qiao Jiusheng, everyone else was online.

Everyone was congratulating Yan Nuo and Ji Yinbing.

Could it be...

Fang Yusheng quickly scrolled up the photo and saw that Yan Nuo had posted a photo two minutes ago. In the photo, there was a small baby with slightly red skin wrapped in a white soft cotton cloth. She looked very sturdy and her eyes looked a little blue.

It seemed that Wu Tianci had inherited her father's eyes.

Fang Yusheng quickly shook Qiao Jiusheng awake.

"Ah Sheng, wake up. Tianci is born!"

Qiao Jiusheng was still a little confused when Fang Yusheng shook her awake. She almost grabbed his head and beat him up. After hearing Fang Yusheng's words clearly, Qiao Jiusheng woke up. She shook her head and rubbed her eyes before staring at Fang Yusheng's phone.

"Oh my god, she's so cute."

Qiao Jiusheng enlarged the child's photo and said, "This child looks like Bingbing."

"I think she looks like Yan Nuo."

"She clearly looks like Bingbing."

The two of them argued for a while and looked at each other. They both felt that they were quite childish. They stopped arguing and congratulated Yan Nuo and Ji Yinbing in the group.

Zhuang Long said: [The child is very healthy. The organs in her body are fully developed. This child is the same as a normal child.]

Seeing Zhuang Long's words, everyone's doubts were completely dispelled.

Zhuang Long said: [Looks like I'm going to be a godfather again.]

Yan Nuo: [Yes.]

Ji Yinbing: [Thank you.]

Zhuang Long sent a flaunting emoji.

Fang Yusheng asked Zhuang Long: [When do you plan to announce the news?]

Zhuang Long: [After a while, let's observe Tianci's condition first.] Tianci was the first child born through an artificial uterus. Even Zhuang Long could not guarantee that Tianci would grow up healthy and safe.

The existence of this child was a miracle. Zhuang Long had to ensure that she was healthy before he could announce the research results. Once this technology was announced, Tianci's existence would definitely be known by a portion of people. At that time, it would not be easy to protect this child from being beaten up.

Zhuang Long told Yan Nuo about his worries in private. Yan Nuo said domineeringly, "I'll kill whoever dares to have thoughts about hitting Tianci."

Zhuang Long even gave Yan Nuo a thumbs up.

Yan Tianci's existence could not be hidden. To the public, Yan Nuo said that Tianci was a child born from a surrogate. Everyone believed this. After all, no one would have thought that there was such a black technology like an artificial uterus.

Fang Yusheng and Qiao Jiusheng flew to America in mid-December. This time, they left Fang Taoran at home.

They saw Yan Tianci with their own eyes. The little fellow could eat a lot during her confinement. When Fang Yusheng and the rest saw Yan Tianci, Yan Tianci could already drink 80ml of milk in one go.

The little fellow was especially strong. She was much stronger than Fang Taoran when she was young.

Ji Yinbing revealed an anxious expression.

She said, "I'm very worried that Tianci will be too strong. You know, girls who are too strong actually don't look good." Ji Yinbing frowned and said, "If she's too strong, she can only lift weights in the future."

Qiao Jiusheng was speechless.

Was this her mother's worry?

"She's not very strong. In a few months, Tianci will stop gaining weight. When she grows faster, she won't be so fat anymore."

Ji Yinbing quickly asked, "Really?"

"Really, I've been a mother of three children." Qiao Jiusheng said confidently.

However, Ji Yinbing said, "Your Kai Kai is still very strong."

Qiao Jiusheng was speechless.

Ji Yinbing was really annoying as a mother.

"Our Fang Zikai is too greedy. He likes to eat snacks. He knows how to love beauty now and is already losing weight."

Ji Yinbing really believed Qiao Jiusheng's words.

This was the first time she was a mother, and Ji Yinbing and Yan Nuo were at a loss. Ji Yinbing was originally a person of few words, but this time, when Qiao Jiusheng came, she actually had endless things to say to her.

Qiao Jiusheng listened quietly to Ji Yinbing tell her about the embarrassing things that happened when she and Yan Nuo were taking care of Yan Tianci.

Through Ji Yinbing's recounts, it seemed Yan Nuo was extremely different. He was no longer the man Qiao Jiusheng knew. He would be flustered by a baby's cries and no longer calm.

He had become very timid and did not dare to bathe his daughter. He was afraid that he would hurt his daughter's delicate skin if he used too much strength. As Yan Tianci was drinking milk powder, the water temperature should not be too high, but it should not be too low either. For this, Yan Nuo had trained himself into a human thermometer. With a casual touch, he could accurately feel the water temperature...

Ji Yinbing told Qiao Jiusheng about such trivial matters.

The once cold and serious man finally revealed his weakness after having a daughter. He was also a human and had areas he was not good at.

Ji Yinbing's mouth was dry.

In the past, Qiao Jiusheng could not believe that Ji Yinbing would be so talkative. Ji Yinbing took a sip of water and started to share her experience taking care of the child with Qiao Jiusheng. They were all small things, but when Ji Yinbing spoke about those things, the corners of her mouth were always smiling.

Chapter 1059: There's Nothing Wrong With This Answer

Qiao Jiusheng knew that Ji Yinbing and Yan Nuo were really satisfied now.

They finally had the child they had dreamed of. With their lover by their side, nothing was more romantic than their current lives.

Yan Tianci started to fall asleep. When she was sleepy, only Ji Yinbing could coax her. Ji Yinbing said to Qiao Jiusheng, "Let's not talk for now. I'll go coax her."

"Okay."

Qiao Jiusheng watched as Ji Yinbing walked towards Yan Nuo.

!!

Yan Nuo was more than 1.9 meters tall. The contrast was especially obvious when he hugged the half-meter long baby girl. Qiao Jiusheng saw Ji Yinbing take the child from Yan Nuo's arms.

When the two of them moved the child over, they were especially careful. That reminded Qiao Jiusheng of when Fang Yusheng paid for the items using his bank card at the branded shop.

"I didn't expect Boss Yan to be like this when he's a father." Fang Yusheng watched as Yan Nuo circled Ji Yinbing and Yan Tianci with a complicated expression.

Qiao Jiusheng nodded.

"He's different now that you're a father."

Fang Yusheng recalled the first time he became a father. At that time, when he carried Fang Zicheng and Fang Zikai, his actions were as careful as Yan Nuo's.

He was quite emotional. When he first met Yan Nuo, they were still children in their teens. In the blink of an eye, they were both fathers.

Fang Yusheng suddenly heard Qiao Jiusheng say, "Follow me to a place tomorrow."

"Where to?" Fang Yusheng thought that Qiao Jiusheng had something to do and wanted to bring him there.

Qiao Jiusheng chuckled. She recalled a game they had played many years ago. Qiao Jiusheng told Fang Yusheng, "Do you still remember that we played a game one year? It's called hide-and-seek. Let's split up early in the morning. I'll leave clues for you. When you find the clues, you'll find me according to the clues..."

"Of course I remember. I even helped an old lady sell sweet potatoes." Many years had passed, and Fang Yusheng still had a deep memory of that matter. At the thought of that headache-inducing game, Fang Yusheng felt troubled. He asked Qiao Jiusheng, "Don't tell me you want to play the game with me again?"

"Yeah."

Qiao Jiusheng said, "Come and find me tomorrow morning." Qiao Jiusheng stood up and was about to leave, as if she was going to Yan Tianci's room.

Fang Yusheng grabbed Qiao Jiusheng's hand and asked, "Give me a hint."

Qiao Jiusheng blinked mischievously and said, "The hint is a gift."

Fang Yusheng was stunned.

A gift?

He was confused.

It was fine if Qiao Jiusheng did not give him a hint, but Fang Yusheng was even more confused.

That night, Fang Yusheng and Qiao Jiusheng slept together. Before they slept, Fang Yusheng pestered Qiao Jiusheng to share more hints, but Qiao Jiusheng refused to say anything.

Fang Yusheng asked again and again, and Qiao Jiusheng could not stand it anymore. She said, "If I explain, this game will be meaningless. Yusheng, you're so smart. You'll find me."

Fang Yusheng turned over and slept alone. Qiao Jiusheng heard him mutter something about being petty and meaningless.

Qiao Jiusheng smiled but did not provide him with any other clues.

The next morning, when Fang Yusheng woke up, he realized that the bed was already empty.

He was a little confused.

Was she serious?

When did Qiao Jiusheng wake up?

"Boss Yan, do you see our Ah Sheng?" Fang Yusheng came to the dining room with a dark expression. He saw Yan Nuo, who was wearing a suit and preparing to go out, and hoped that he could give him some clues.

Yan Nuo's handsome face was cold as he said in a heartless tone, "Ah Sheng said that no matter what you ask, I'm not allowed to reveal her whereabouts."

Fang Yusheng asked him, "Are you my brother or hers?"

“Of course it’s you.” Just as Fang Yusheng was about to say something, Yan Nuo said, “Although we’re brothers, you’re a wife slave. Ah Sheng’s words are more important than yours.”

Fang Yusheng was speechless.

“Who said I’m a wife slave?” Fang Yusheng sneered and said, “What a joke. I’m such a big man. Why would I be afraid of her?” Fang Yusheng’s voice was very loud. As he spoke, he became even more energetic.

Anyway, Qiao Jiusheng was not here, so Fang Yusheng could do whatever he wanted.

He added, “You don’t know, right? Ah Sheng listens to everything I say. No matter what she does, she will respect my opinion and never disobey me. She’s cute for me. You don’t know. One time, when I went overseas to play, she couldn’t sleep at home alone thinking about me.” Actually, Qiao Jiusheng and Fang Yuqing went overseas together. Fang Yusheng missed Qiao Jiusheng at home and couldn’t sleep at night.

Yan Nuo suddenly shouted behind Fang Yusheng, “Ah Sheng, are you ready to leave?”

Fang Yusheng, who had been boasting about how happy his life was a second ago, suddenly changed his expression when he heard Yan Nuo’s words. Fang Yusheng quickly turned around, but there was no one behind him.

Realizing that Yan Nuo was playing with him, Fang Yusheng wanted to scold him.

Yan Nuo added, “Look, you only dare to talk behind her back.” Fang Yusheng did not dare to say a word in front of Qiao Jiusheng.

Fang Yusheng was so angry that he did not want to eat breakfast.

The arrogant Mr. Fang turned around and returned to his room.

He packed his luggage and planned to return to the country to take a look. Fang Yusheng packed his things and realized that there was a flier on the small table where he was drinking tea. He remembered that before he slept last night, the table was still clean.

Fang Yusheng quickly picked up the piece of paper and looked at it carefully.

The flyer was made by a travel company. It introduced a travel guide to Greece. Fang Yusheng stared at the flyer and his eyes lit up.

This was smart!

Fang Yusheng did not hesitate and immediately bought a flight to Greece. When he left Kennedy Airport and arrived in Athens, it was already the next afternoon. At this time, it was only two days before Christmas.

When they arrived at the airport, Fang Yusheng was a little confused.

Where should he go next?

After walking around the airport and confirming that there were no clues at the airport, Fang Yusheng could only go to a hotel to stay. He had a black bank card and could stay in a designated hotel for free in every city.

Fang Yusheng was so stingy, so he naturally would not spend extra money.

He showed his black card and successfully stayed in a hotel that claimed to be six-star, but his real evaluation was that it was only five-star. The people here spoke mostly in Greek. Fang Yusheng did not understand Greek, but the locals seemed to understand English.

In the hotel, all the rooms were labeled in English.

Fang Yusheng tried to call Qiao Jiusheng, but no one picked up. Fang Yusheng did not give up and called again. This time, Qiao Jiusheng hung up on him.

Qiao Jiusheng sent him a WeChat message: [Mr. Fang, you're so smart. You can't cheat.]

Fang Yusheng: [Where are you?]

Qiao Jiusheng: [In your heart.]

There was nothing wrong with this answer.

Chapter 1060: The Spoiled Fang Yusheng

Fang Yusheng: [Give me more clues.]

Qiao Jiusheng: [If I really give it to you, there's no point anymore.]

Fang Yusheng wanted to curse.

He poured himself a glass of wine. It was very little, and it would not hurt his stomach if he drank it. Fang Yusheng wrapped himself in a bathrobe and walked to the balcony to look at the city below. The buildings in this city were not as tall as the clouds in other countries. This city was filled with humanity.

Fang Yusheng lived on the fifth floor of the hotel. There was a very wide LCD screen hanging on the wall opposite him.

!!

There were always advertisements on it. Sometimes, the advertisements were in English, and sometimes in Greek. Fang Yusheng stared at the billboard. There was a lipstick advertisement on it.

He took a sip of wine and Qiao Jiusheng's fiery red lips flashed across his mind.

He swore to himself: When I find her, I have to bite her mouth until it swells to vent my anger.

The lipstick advertisement ended and became a promotional video for the next auction. Fang Yusheng thought that it was another auction for jewelry and antiques. Surprisingly, it was an auction for a few uninhabited islands.

Fang Yusheng found it novel.

They knew how to play like this?

Rich people nowadays really know how to play. In the past, rich people paid attention to playing with cars, watches, and celebrities. Now, it was actually popular to buy islands. At the end of the advertisement, the slogan was—Buy an island and give it to someone.

Fang Yusheng stared at that sentence in a daze.

Buy an island for a person?

He suddenly had a scary thought. He also wanted to buy an island, but not to give it to someone. He wanted to use it to hide someone.

He wanted to buy an uninhabited island and lock up Qiao Jiusheng, this little demon. She could not go anywhere. There was the sea in all directions, and he would be her everything. Fang Yusheng shook his head. He could just think about this idea and not dream of realizing it.

Fang Yusheng turned around and was about to enter the room.

The cold wind was bone-chilling, and the wind blew his long hair.

Fang Yusheng suddenly stopped in his tracks.

He turned again and stared at the billboard.

Buying an island for someone...

“A gift!” Fang Yusheng’s eyes widened.

The hint Qiao Jiusheng gave him yesterday was a ‘gift’. Fang Yusheng felt that his idea was a little bold. Would Qiao Jiusheng buy one for him? Fang Yusheng felt that it was not impossible.

However, this possibility was a little small.

He was not Big Qiao or Xiao Qiao, so he did not need the Copper Sparrow Pavilion. However, Qiao Jiusheng was a little crazy. She could do whatever she wanted. There was nothing she could not do.

Fang Yusheng returned to his room and called the Greek Municipal Bureau to ask them about the first batch of island buyers. The other party read out a few names. When Fang Yusheng heard the name Erza in the names, his heart beat faster.

“May I ask which island Erza is selling?”

The other party said the name of the island.

Fang Yusheng hung up the phone, opened WeChat, and sent Qiao Jiusheng the name of the island.

Qiao Jiusheng replied: [You really stayed in that hotel.]

Qiao Jiusheng had long expected that Fang Yusheng would definitely stay in a free hotel. Only the free hotel had an advertising screen opposite it. Coincidentally, the advertisement for the island auction had been broadcasted on that advertising screen.

Seeing Qiao Jiusheng's answer, Fang Yusheng finally calmed down.

That Erza was really Qiao Jiusheng.

Fang Yusheng: [Where are you now?]

Qiao Jiusheng: [I'm waiting for you.]

Fang Yusheng jumped out of bed without a word. He took off his pajamas and changed his clothes. He took his luggage and went downstairs to check out. Late at night, Fang Yusheng called a taxi and rushed to the harbor.

He was preparing to rent a boat.

At the beach, a local man was holding a photo in his hand and comparing it to Fang Yusheng's face. Fang Yusheng realized this person's actions and found it strange. He walked up and asked him, "Why are you staring at me?"

Could it be that he was so handsome that even foreign men could not help but peek?

The local man quickly asked him, "Is it Mr. Fang?" He spoke English, but Fang Yusheng understood.

"It's me."

The man quickly said, "Miss Qiao asked me to wait for you here."

Fang Yusheng doubted the truth of his words. He immediately called Qiao Jiusheng. After getting an affirmative answer from Qiao Jiusheng, Fang Yusheng followed the man.

Fang Yusheng thought that the man was a shipmaster, but he was actually a pilot.

Fang Yusheng felt that this man looked like he was a shipmaster and did not trust his skills. After getting into the helicopter, he secretly took out his life jacket and placed it within reach.

After the plane took off, Fang Yusheng's heart was fluttering.

What was Ah Sheng doing?

The sound of the propeller sounded in his ears, and it was a little deafening. Fang Yusheng stared at the sea below. The sea was dark and a little scary. The plane flew for more than half an hour before the man who flew the plane said, "We're almost there."

"That's it!" The man pointed in a direction.

Fang Yusheng looked down in the direction the man was pointing.

It was dark below, and Fang Yusheng did not see anything. The man said, "It's night now, it's normal not to see anything..." Before he could speak, his voice stopped.

Fang Yusheng, who had been staring down, suddenly widened his eyes.

He saw that thousands of small lights suddenly lit up on the dark sea. The small lights should be hanging on the tree. All the small lights lit up, and the island below was actually heart-shaped.

Fang Yusheng held his breath.

He gripped his pants tightly with both hands and stared at the suffocating scene below, unwilling to blink.

The pilot was also stunned.

He turned around and looked at Fang Yusheng. He said in an envious tone, "Sir, you're really blessed."

The blissful Fang Yusheng was speechless.

Why did he feel like he had been spoiled by Qiao Jiusheng?

The captain added, "This island is a naturally produced heart-shaped island. Among the islands auctioned more than three months ago, this island sold for the most expensive price."

Fang Yusheng did not ask Brother Cheng how expensive the so-called most expensive was. He was afraid that his heart could not withstand that number.

The helicopter could not land on the island, so the driver lowered the landing rope. Fang Yusheng carried his luggage, put on his gloves, and slid down the rope. He landed on a patch of grass.

There were colorful lights on every tree. Fang Yusheng saw a stone path in front of him and walked forward.

The path was built according to the shape of the island. After walking for a few minutes, Fang Yusheng saw a two-story house at the end of the road. The house should have been built not long ago. The main entrance of the house was on the other side. In front of Fang Yusheng was the side of the house.

Someone had drawn a picture on the smooth wall.

The concept of the painting was strange. It was a young monk and a rose. The red rose branch was very long. The young monk stood below and looked up. Fang Yusheng was very familiar with this painting. It was the tattoo on Qiao Jiusheng's leg.

However, this tattoo was different from hers. On the rose painted on the wall was a naked woman. The woman had long black hair. She sat on the rose drawing board with her legs hanging in the air.
