

Ex's Brother 1121

Chapter 1121:

when fang zicheng was sixteen, he fell in love and received the support of his entire family.

fang zikai was almost 17 years old, but he was still in a relationship when he was 16 years old. he did not get the support of the whole family. instead, he was dragged by the collar to the school's administrative office by the biological father of the girl he liked. he was severely criticized in front of all the teachers and the dean.

fang zikai's future father-in-law scolded fang zikai until he was drenched in blood. " get his parents here! how dare you bully my daughter? we're not playing this game!"

gu yiqiu did not say anything to stop him and just watched from the side.

fang zikai was in a panic.

!!

in his heart, he sang the song "cool" over and over again.

...

as the end of the year approached, qiao jiusheng and lisa were writing a new year's inventory list. fang yusheng's business deal was almost done, and he was finishing up the work. there were many things he needed to discuss with his partners.

the home phone suddenly rang.

chi boguang's research institute was also on holiday recently. he was the only idle person at home, so he went to answer the phone.

"hello, who's this?"

chi boguang's voice was different from his domineering personality. it was especially moving, like a gentleman's. fang yusheng had inherited this from chi boguang.

when the form teacher heard the voice, she thought it was fang yusheng. she said, " mr. fang, it's like this. your son caused some trouble in school and needs you to come to school. "

chi boguang then asked, " i have two children at home. which one do you mean, teacher? "

"second young master fang."

"oh, it's kaikai." chi boguang's expression was lazy. he leaned against the wall and stared at lisa and qiao jiusheng discussing the new year's goods list. he asked again, " what did our kaikai do? "

the form teacher said awkwardly, " he's in a relationship with a girl and the other party's parents saw them kissing. the other party's parents came to the school to seek justice. "

chi boguang acknowledged, " i know. "

he was quite calm.

to be honest, chi boguang wouldn't find it strange even if fang zikai slept with the son of a top political figure. he went to fang yusheng's studio and waited for fang yusheng to finish talking with his partner.

fang yusheng looked at chi boguang and asked, " dad, what's wrong? "

"your youngest son is in trouble again." chi boguang's tone was filled with gloating.

fang yusheng pinched the space between his eyebrows. he was mentally prepared before he asked, " what happened? "

chi boguang skipped a part of the teacher's explanation and went straight to the point. " kaikai was seen being intimate with a girl's parents and they went to the school to cause trouble. "

in fang yusheng's ears, the effect was equivalent to fang zikai crossing the line in love with a girl, alarming the other party's parents, and the other party's parents brought their daughter to the school to cause trouble and seek justice.

fang yusheng didn't dare to think about the extent of crossing the bottom line.

he cursed at the son of a b * tch and drove to school.

on the way, they passed by a market with a stall. fang yusheng was angry and bought a bundle of rattan. he rushed to school with the rattan.

fang yusheng was very familiar with fang zikai's school.

he went straight to the teaching office.

in the office, major general gu was sitting on the sofa and drinking tea. the head of teaching and fang zikai's form teacher were accompanying him, and they spoke in a low voice. fang zikai lowered his head, his heart quivering at the thought of his father's arrival.

gu yiqiu, on the other hand, was very calm. she just put her finger on her mouth in a daze. no one knew what she was thinking.

when fang yusheng came in, major general gu was stunned.

gu yiqiu, on the other hand, felt more at ease.

it was uncle fang.

so, this kaikai was really fang zikai.

gu yiqiu had seen uncle fang a lot when she was young. fang yusheng had left a deep impression on her. it was hard for her to forget fang yusheng even if she wanted to. after all, fang yusheng's appearance was meant to be remembered forever.

major general gu also knew fang yusheng. when he joined the army, he was in charge of a special force. he used to use a very powerful weapon, which was designed by the man in front of him.

of course, what left a deep impression on major general gu was the man's other identity.

he was chi baoguang's child.

even major general gu had to address chi boguang as dr. chi when he saw him. after learning that fang zikai was chi boguang's grandson, major general gu's anger subsided a little.

as soon as fang yusheng came in, he threw the bundle of vines on the ground.

bang!

fang zikai's shoulders trembled at the sound, and he felt even more terrified.

"teacher, i'm fang zikai's parent." fang yusheng still treated fang zikai's teacher with a pleasant expression.

the form teacher stared at the bundle of rattan, her eyelids twitching.

the head of teaching introduced fang yusheng and major general gu, " mr. fang, this is gu yiqiu's parent, major general gu tingshen. " he deliberately revealed major general gu's identity because he didn't want fang yusheng to look down on him.

then, he introduced fang yusheng to gu tingshen. " major general gu, this is mr. fang, fang zikai's parent. he is ... the chairman of the fang's group. "

"oh, it's major general gu. i've heard grandpa talk about major general gu a lot when i was a child. he said that major general gu was of the same generation as my father and that you were the most capable person of their generation. i've always wanted to visit major general gu, but i heard that he hasn't been in the country for the past few years, so i haven't been able to find an opportunity. i've finally met him today."

"this is my boy." fang yusheng pointed at fang zikai, who was standing by the wall, and said, " my boy has been naughty since he was born. it's the younger generation's fault for not disciplining him well and provoking student gu. "

"major general gu, please show some mercy and don't hold it against a child. don't worry, i'll discipline him properly. i'll never let him get within a meter of student gu again."

what kind of person was gu tingshen?

he was a fierce wolf.

he was famous when he was young, but he was also fierce. this man was very similar to chi boguang. he only liked to talk with his fists. if fang zikai were to fall into his hands, he would probably lose a layer of skin.

although fang yusheng's words were very disdainful of fang zikai, he was still his own child, and fang yusheng still loved him.

he deliberately lowered his voice to give major general gu enough face. if gu tingshen had any intelligence, he probably wouldn't stoop to his level.

gu tingshen was indeed angry at first.

however, fang yusheng's words were so nice, if he still wanted to argue with fang zikai, he would be the one to argue. his lips twitched before he said, " i'm naturally relieved to hear you say that. " speaking of which, i haven't seen your dad for a long time. brother boguang looked down on me the most when he was young, he despised me for being stupid."

this was the truth.

chi boguang was smart and arrogant, he looked down on this violent man. but gu tingshen admired chi boguang. he respected those who were smart.

Chapter 1122: liking someone isn't a reason to be impudent

gu tingshen had not seen chi boguang for too many years. he did not know that the once elegant and noble chi boguang had lived in prison for a few years and had also been transformed into a man of action who would not say a word if he could fight.

if she knew, she would probably admire him even more.

when fang yusheng heard this, he just smiled.

"this kid of yours really needs to be taught a good lesson." gu tingshen frowned and looked at fang zikai. he snorted and said, " you're full of evil. "

"yes, you're right."

!!

fang zikai was led away by fang yusheng. when he left, fang yusheng didn't forget to take away the bundle of rattan. gu yiqiu stared at the bundle of rattan and took a few more glances.

"what are you still looking at? let's go." gu tingshen brought gu yiqiu to the car. after a few steps, he suddenly asked, " why did he kiss you? " could it be that you can't beat him?"

" i acquiesced, " gu yiqiu said.

major general gu stopped in his tracks.

he turned back to look at gu yiqiu and was surprised. "what did you just say?"

"i asked him to kiss me." gu yiqiu was also an open woman. she dared to admit what she had done. she had forgotten to push fang zikai away because she had been bewitched by him.

major general gu took a deep breath and muttered, " then what did i become just now? my own daughter took the initiative to be kissed by that child, but i blamed that child for his ill-intentions. in the end, both of you are the same, and both of you are troublesome."

major general gu waved his hand in frustration and said, " let's go back and fight in the training ground. " there was nothing that couldn't be solved by a fight. if there was, then another fight would do.

gu yiqiu sat in her father's car with a bitter face.

...

on the other end, fang yusheng and fang zikai went home together. the journey was relatively peaceful.

however, fang zikai was not calm at all.

from time to time, he glanced at the vines under his feet, roaring and wailing in his heart. 'i'm done for. i'll definitely be beaten until a layer of skin is gone today.'

he began to plan in his heart. later, when he got out of the car, he would run straight back to his room and lock the door. it would be better to run out of the house and wander outside for a few days.

he couldn't hide in his room forever. at the latest, he would sneak out tomorrow morning because of hunger. it was also impossible for him to run away from home. his parents had the power to control his life and death. it would be a joke for him to run away from home.

unable to think of a countermeasure, fang zikai could only accept his fate.

back at the fang house, fang yusheng calmly took off his seat belt. before he got out of the car, he didn't forget to bring his cane. fang zikai followed her with a bitter face. he lowered his head like a turtle.

the family was all there. when they saw fang yusheng enter with the rattan, they were a little surprised.

" yusheng, you're ... " qiao jiusheng's expression changed.

this rattan was very painful when it hit the body. although fang zikai was often reprimanded by fang yusheng, fang yusheng had never really hit him ruthlessly. as a mother, qiao jiusheng was still worried about her child's health.

fang yusheng extended a hand to qiao jiusheng, his palm facing outwards. it was a gesture of rejection.

he said to qiao jiusheng, " it's not good for the child to play the good cop and the bad cop. " ah sheng, think carefully before you speak." fang yusheng did not immediately reject qiao jiusheng's offer, but instead told her what was at stake and let qiao jiusheng make the decision.

if qiao jiusheng had insisted on protecting her child, fang yusheng would not have made a move today. if qiao jiusheng respected fang yusheng's decision, then fang zikai could still be saved.

qiao jiusheng opened her mouth, but in the end, she sat back down on the sofa and decided not to care.

fang yusheng was right. when it came to educating children, one mistake could easily lead to a child like fang yu kang.

at that time, it would be too late for regrets.

seeing that qiao jiusheng had made her decision, fang yusheng heaved a sigh of relief. he pulled out the thinnest one from the bundle of rattan. the smaller the area affected, the greater the effect. often, the thinnest vine hurt the most when hitting someone.

he pointed the cane at fang zikai and said, " come with me. "

the fang family had an empty house that no one usually went in. once a child made a mistake, they would be brought to that house by their parents for education. it could be said that it was a discipline hall.

fang zikai was brought to that house by fang yusheng.

as soon as fang zikai entered the room, he felt guilty.

"you forced a kiss on student gu, didn't you?" what really made fang yusheng angry was not the fact that fang zikai was in a relationship, but the fact that he had offended gu yiqiu.

fang zikai was not young anymore. he was already 16 years old, at the age of a governor. if he could force a kiss on a girl today, he could do something as outrageous as rape in the future!

with fang yukang's case as a precedent, fang yusheng didn't dare to neglect the education of his children.

although martial education should not be advocated, sometimes, a stick was more convincing than words.

fang zikai hesitated for a moment before saying, " ...yes. "

pa!

the thin rattan in fang yusheng's hand whipped fang zikai's knee.

fang zikai was hit and knelt on the ground. his elbows were on the ground, and he was in a sorry kneeling position. fang zikai gritted his teeth and did not say anything.

"do you admit your mistake?" fang yusheng asked.

fang zikai said, " i like her! why do you support my brother's relationship with lu yinxi? you're like this when you're with me!" fang zikai still didn't know what fang yusheng was angry about.

this child was already a little crooked.

fang yusheng was glad he found out in time.

without saying anything, he whipped fang zikai's back again.

"i'm not wrong!" on the contrary, fang zikai was even angrier.

he was stubborn, but he didn't know where he had gone wrong.

fang yusheng saw that he was still unrepentant, and with a fierce look in his eyes, he directly peeled off fang zikai's coat, then used more strength.

fang zikai finally couldn't hold it in anymore and cried out. "i'm not convinced!" he was in so much pain that his expression changed, but he still refused to admit his mistake. it was not that he was unwilling to admit his mistake, but he did not realize where he had gone wrong.

"you're not convinced?" fang yu was furious. " i'll beat you until you're convinced, " he cursed.

if fang yusheng said he was going to fight, he was really going to fight.

he hit fang zikai more than 20 times in a row. fang zikai could not take it anymore. he cried, " i'm going to faint if you hit me again. my skin is going to split open! "

fang yusheng's hands stopped and his eyes turned red. he held the rattan and stood in front of fang zikai. he looked down at him and asked in a low voice, " you don't know where you went wrong, do you? "

"yes!"

"under the circumstances where the girl didn't agree, you forcefully took advantage of her. you're not respecting women! this is your biggest mistake! ask yourself, did you do anything wrong?"

fang zicheng was stunned.

he wiped the tears from the corners of his eyes and said, " but i, i like her! "

"you can force a kiss on her just because you like her? then let me ask you, if she doesn't like you and likes someone else, are you going to force yourself on her just because you like her?"

fang yusheng shouted.

just because she said she liked her, she could do whatever she wanted to the person she liked?

when the rapist committed the crime, it was also because he liked the victim's figure and appearance!

Chapter 1123: what is like?

fang zikai heard her and said, " it's not that serious ... "

"there are! how old are you? you're not even 17, yet you dare to do such a thing. have you ever thought about what your future would be like if i didn't know about this and you continued to run amok like this?"

"have you forgotten about fang yukang who is still in prison? fang zikai, you're the fang yukang in your youth now. if you continue to be like this, fang yukang's present will be your future!"

fang zikai's face was slightly pale, and the little bit of dissatisfaction in his heart disappeared, turning into fear.

he didn't want to be like fang yukang.

!!

" i ... " fang zikai was a little scared after being reprimanded by fang yusheng. he said weakly, " but i like her ... " he liked her and wanted to kiss her, was that really wrong?

seeing that fang zikai had not completely recognized his mistake, fang yusheng felt defeated. he threw away the rattan and squatted down in front of fang zikai. looking at his son, fang yusheng lectured him in a serious tone, " fang zikai, don't take it for granted that you like someone else and do whatever you want with her! "

“you can kiss a girl, under what circumstances? under the circumstances that both of you are in love with each other and she agrees! your behavior today, on the small scale, is insensible, but on the big scale, it’s a crime!”

being a hooligan was also a crime.

fang zikai was completely speechless.

he didn’t know what to do. he asked fang yusheng, “ so, i can’t see her anymore in the future? ” fang zikai really liked that girl. she was pretty, had a good temper, and had a nice name.

she had all the factors that he liked.

he would never meet a girl who was to his liking again.

the youngest son was very confused. as a father, fang yusheng had the responsibility and obligation to lead him on the right path. fang yusheng thought for a while and said, “ fang zikai, remember this. when you like someone, you can’t just do whatever you want to do to her. you should go with her to do whatever she wants to do. ”

“ to like her, you have to protect her, protect her, and grow up with her. ” he touched fang zikai’s head and his voice softened, “ fool, go and apologize to her. ”

fang zikai almost burst into tears when he heard the word “fool.”

...

qiao jiusheng and the others were standing in the corridor outside, closely watching the movements inside the house. qiao jiusheng heaved a sigh of relief when she heard the father and son talking to each other.

when fang yusheng was lecturing fang zikai, qiao jiusheng had been standing outside the whole time. in the beginning, she did not think much of this matter. it was only after hearing fang yusheng's words that qiao jiusheng realized that she had almost become the second liu yu.

she was glad that fang yusheng was not fang pingjun and their child would not be the second fang yukang.

the injuries on fang zikai's body only recovered after the new year.

on the fifth day of the new year, he and fang zicheng had a birthday cake together on their 17th birthday. fang zicheng had promised to meet lu yinxi. leaving the family behind, fang zicheng went out.

fang zikai sighed, " my brother has a wife and has forgotten about his family. "

qiao jiusheng's heart ached. "don't talk about your brother. you'll be the same in the future."

" what a joke! even if i get married, i'll still live with my parents, " fang zikai promised.

qiao jiusheng, on the other hand, began to despise them. " then you should move out. i'll find you an eyesore if you stay together. "

fang zikai was speechless.

he had forgotten that his parents were the ones who showed off their love every day. he was afraid that he and his future wife would get stabs. when fang taoran heard the conversation between the little brother and her mother, she burrowed into qiao jiusheng's arms and acted coquettishly, " then, mom, ranran will always be with you, okay? "

this time, qiao jiusheng was even more frightened.

"you plan to be an old lady for the rest of your life?"

fang taoran snorted and said, " that's right. i'll be staying at home from now on and won't get married. "

fang yusheng said, " our ran ran is so considerate. "

qiao jiusheng rolled her eyes at fang yusheng and couldn't help but say, " when she really stays at home and turns from a virgin into an old spinster, you'll be worried. "

thinking of something, qiao jiusheng laughed out loud and said, " when the time comes, you'll definitely convert to buddhism again. you'll eat vegetarian and pray to buddha every day, hoping that the heavens will give your daughter a son-in-law. "

fang yusheng couldn't laugh anymore.

parents were all like this. when their children were young, they were afraid that they would fall in love at an early age. once her children graduated, she looked forward to them getting married as soon as possible. she didn't get married for a long time, but she started to force him to get married and go on blind dates ...

it was really difficult to be a child.

after the fifth day of the new year, qiao jiusheng took the children back to her maternal family's house and stayed in junyang city for a few days.

during those few days, ji yinbing also brought yan tianci back to the ji family. yan nuo had been busy recently, so he didn't come with them.

the ji family was the home of qiao qian's grandfather. a few years ago, the few old men of the ji family passed away one after another. now, it was only ji qing and his cousins who were in charge. but qiao qian still went to his uncle's house often to play.

during the few days that qiao jiusheng and the others were staying in junyang city, qiao qi 'an brought fang zicheng and the other two siblings to the ji residence for a visit.

yan tianci especially liked to play with his three brothers and sister ranran. she would follow them around every day. yan tianci grew up in the United States and spoke fluent english. every time qiao qian and the others chatted in chinese, yan tianci would stand to the side with a confused expression.

even though he didn't understand what they were saying, yan tianci was still willing to play with them.

as the first child in the world to be born with a surrogate womb, yan tianci's body was slightly weaker than normal children. he caught a cold more easily in winter, so fang zicheng and the others were very protective of him.

due to the language barrier, fang zicheng and the rest would sometimes speak english to take care of yan tianci. one day, for some reason, fang zikai and qiao qian suddenly talked about their parents showing off their love.

qiao qi 'an said, " my dad is always jealous of my mom. he said that my mom's assistant misses her and has to send her to work every day. " sometimes, i'm so annoyed with my father. he's not like a man and is always so petty."

fang zikai said, " my mom is very wild, and my dad is wild with my mom. when the two of them show off their love, they don't care if we're around or not. " i'm just curious when they'll get sick of it. "

fang zicheng remained silent. he didn't want to participate in this kind of topic. fang taoran only nodded at the side, indicating that fang zikai was telling the truth. fang taoran then asked yan tianci, " are your parents showing off their love? "

yan tianci thought for a moment and said, " public display of affection. "

"how do i show off?"

" one day, my mother was rubbing her cheeks, " yan tianci said. " i asked her what was wrong, and she said it was a little sore. i asked dad why mom's cheeks were sore, and dad said mom had a hard time last night."

“i went to ask the butler what mom did the night before to make her cheeks sour. the butler said,”miss, you don’t need to know too much. you just need to know that your parents are very loving.””

the three older children who understood the true meaning behind these words were all silent.

Chapter 1124: an apology needs to be special

fang taoran blinked and asked her smart big brother, ” big brother, what do you mean? what does auntie bingbing’s cheeks hurting have to do with love?”

fang zicheng showed a rare embarrassed expression.

fang zikai pushed fang taoran’s head and said, ” go away, why are you asking this, kid? ”

fang taoran didn’t find an answer from his brother, but he remembered this matter. that night, qiao jiusheng and her husband brought the children along with ji qing’s family, as well as ji yinbing and the others, to a grand restaurant for a meal.

at the dinner table, fang taoran remembered that there was still something he didn’t understand, so he asked fang yusheng, ” dad, auntie bingbing’s cheeks are sore. the butler said that it’s because auntie bingbing and uncle yannuo are in love. why are they so loving? why do they feel like crying?”

!!

all the adults were speechless.

ji yinbing wanted to crawl under the table.

fang yusheng was also a little taken aback. on the other hand, qiao sen and his wife were also a little embarrassed. only qiao jiusheng, the honest one, stared at ji yinbing with a smile, as if she was looking at someone who was on the same path as her.

realizing that he had asked an important question, fang taoran fell silent.

her question still had not been answered.

fang taoran also had his own phone, and qiao jiusheng and the others only allowed him to use it for half an hour every day. fang taoran met a netizen on an international chat software.

the two of them had known each other for many years, and they would chat occasionally.

the netizen's name was he qishen. fang taoran didn't get an answer from his parents, so he couldn't help but ask online.

ran ran: [what does being in a loving relationship have to do with having sore cheeks?] fang taoran was a studious child. if there was a difficult problem she couldn't solve, she would definitely get to the bottom of it.

fortunately, he only replied after a few minutes.

[!]

[where did you hear this?]

fang taoran: [it's from a friend. the friend said that his parents are very loving because his mother's cheeks hurt a few times.]

[it's like this. maybe your friend's mother's cheeks hurt, so her father helped to rub them.] [her father is very close to her mother, so they are very loving.]

fang taoran asked, [just that?]

[you'll understand this question when you grow up.]

fang taoran replied, [alright. by the way, are you still in United States? [there are chinese people in United States who celebrate the new year too. when you celebrate the new year with them, are you still alone?]

[i'm alone.]

fang taoran replied, [you must be very lonely.]

[i'm not lonely anymore.] [you can chat with me, so i won't be lonely.]

fang taoran: " hehe ... "

"what are you talking about?" fang zicheng was surprised to see his sister smiling at her phone.

fang taoran said, " big brother, i made a friend online. we hit it off. he's very smart. although not as smart as you, he's smarter than little brother. he was the one who taught me the math olympiad questions last time."

before fang zicheng could say anything, fang zikai, who was passing by, was the first to be unhappy when he heard this. "am i stupid?" fang zikai found it hard to believe, so his brother and his sister despised him for being stupid?

fang taoran stuck out his tongue at fang zikai, giving him a look that said "you can figure it out yourself."

school would start soon.

perhaps it was because of the removal of her appendix or some other reason, when school started, wan yuting said that lu yinxi had lost weight when she saw her. lu yinxi didn't realize it herself, but when she stood on the scale, she had lost eight pounds.

lu yinxi was elated. she suddenly felt that she was one step closer to evolving into a little fairy. initially, she was quite proud of herself. however, when she went to the classroom, she met gu yiqiu at the stairs and instantly suffered a ton of damage.

gu yiqiu's body was meant to beat chubby girls like lu yinxi.

today, gu yiqiu was still fashionable and beautiful. she wore a pair of tight-fitting jeans, black shiny leather boots, a white sweater that wrapped tightly around her waist, and a cloak on the outside.

gu yiqiu's clothes did not look cheap.

she was very beautiful, knew how to dress up, and was also good-looking. it was not without reason that she was named the campus belle of no. 8 high school. gu yiqiu glanced at lu yinxi. " i heard that you removed your appendix to lose weight? "

the rumors became more and more outrageous. when gu yiqiu heard about it, it was said that gu yiqiu from the class next door had her appendix removed to lose weight.

"i'm impressed," gu yiqiu really admired her.

lu yinxi quickly defended herself. " no, no, no. i had acute appendicitis. the doctor suggested that i remove it. "

"oh."

gu yiqiu already knew that lu yinxi didn't seem like that kind of person.

she was a little hungry. thinking that it was the first day of school and the classes were self-study, she sneaked out of the school and planned to get something to eat. gu yiqiu walked out of the school gate and hesitated for a moment before walking towards the street on the right.

there were many eateries on this street.

gu yiqiu chose a fried noodle shop and was about to enter when a man's voice sounded behind her. "gu yiqiu."

gu yiqiu stopped in her tracks and her eyes widened.

her lips curled into a smile.

when gu yiqiu turned around, her smile had already disappeared. "oh, it's you." she stared at fang zikai with a calm expression. her calm demeanor was worthy of her identity as the school bully of eighth high school.

fang zikai strode over.

gu yiqiu thought fang zikai was going to kiss her again.

fang zikai walked closer and pulled gu yiqiu's hand out. he quickly stuffed something into her palm and said, "take your time. see you tomorrow." then, he ran off without looking back.

gu yiqiu was surprised.

what was he doing?

she lowered her head and looked at the piece of paper in her palm.

gu yiqiu was not in a hurry to open the paper. instead, she walked into the store and ordered a plate of stir-fried noodles. it would take a few minutes for the stir-fried noodles to be ready. gu yiqiu then opened the paper and stared at the apology letter in a daze.

to gu yiqiu:

i'm sorry. i shouldn't have placed you in my heart without your permission.

i'm sorry, i shouldn't have stolen a kiss from you without your permission.

gu yiqiu rolled her eyes.

this guy was quite particular about the format of his apology letter, and he matched it neatly.

gu yiqiu continued to read.

my name is fang zikai, i'm a second-year student at xiangjiang international college next door. of course, you may not know me well now, but in the future, i will definitely become the person you know most.

because i will be your future husband and the father of your child.

i shouldn't have kissed you forcefully, and i shouldn't have mistook your father for your grandfather. by the way, why does your father look so old? he's in his sixties.

your father is really old and vigorous, to be able to give birth to you at such an old age.

the last time i was taken away by my dad, i was beaten up by him. he told me that when you like someone, you can't just do whatever you want to her. i'm just going to do whatever she wants to do.

so i was wrong.

i'm too selfish, too willful and reckless. everything i do is based on my own feelings. i didn't consider you.

please forgive me!

i like you very much. you're good at everything. from tomorrow onwards, i'm going to officially pursue you. you can continue to hang me up, but you can't hang others up at the same time.

you can only hold my hand, kiss me, and date me.

all in all, you were reserved by me, fang zikai.

he finished writing.

Chapter 1125: do you remember who i am?

after reading fang zikai's strong and overbearing apology letter, gu yiqiu did not know whether to laugh or cry. is there such an apology? look, what kind of sh * t is written here!

after not seeing him for so many years, the little fatty was still lacking in the waiter.

gu yiqiu's heart warmed at the thought of her waiter's lack of stock.

when gu yiqiu first arrived in United States, she was often bullied by the local children. at that time, gu yiqiu did not understand the language. she was a little fat and not very tall, so it was difficult for her to integrate into the circle.

during that period of time, gu yiqiu was the happiest when she called fang zikai every day and listened to him joke around on the other end of the phone.

!!

during those dark times, fang zikai was gu yiqiu's light.

gu yiqiu did not forget about fang zikai. she did not have any new friends living in a foreign country. fang zikai was a good friend that she kept in her heart and thought about repeatedly. however, fang zikai was different. he lived in the country. without gu yiqiu, he would only be lonely for a while before he made new friends very quickly.

to fang zikai, gu yiqiu was only one of his childhood friends.

to gu yiqiu, fang zikai was her only good friend.

therefore, when she was forced to kiss him, she realized that the boy in front of her was the waiter who was in need of goods. gu yiqiu lost her focus and forgot to push him away.

you want to chase me?

gu yiqiu smiled.'let's see what you can do.'

fang zikai did what he said. the next day, he launched a fierce attack on gu yiqiu. in the morning, he had been waiting at the entrance of eighth high school with a hot breakfast in his hands. when gu yiqiu arrived, he stuffed the breakfast into her hands.

worried that gu yiqiu would reject him, fang zikai left with his breakfast and ran away.

that was not all. after the second period, gu yiqiu finished her exercise and planned to go to the supermarket to buy a bottle of water. in the end, a girl from her class walked towards her with a few cups of milk tea in her arms.

“gu yiqiu, i met a handsome guy at the school gate just now. he asked me to pass this to you. he said that it’s cold and that you should drink something warm to warm your stomach. oh, he also said that he didn’t know what you liked, so he picked a few flavors that girls like and bought a cup of each.”

gu yiqiu picked out a cup of milk tea from the pile and left the rest to the girl. gu yiqiu sipped her milk tea and smiled.

that afternoon, gu yiqiu purposely took a long time to leave the school. when she left, the parasite students were about to start their night study session. even so, when she reached the school gate, she still saw fang zikai.

fang zikai was standing under a tree near the school gate. he was carrying his school bag in his left hand and a violin case in his right hand.

seeing gu yiqiu, fang zikai quickly waved at her. “ qiuqiu, over here. ”

gu yiqiu’s expression was strange.

qiuqiu and whatnot were not as pleasant to the ears as boss.

gu yiqiu did not avoid him. she walked in front of fang zikai and glanced at the violin case in his hand. “ what violin is it? ”

“the violin.”

“when did you learn this?”

“it’s been many years.” fang zikai said proudly, “ i’m not good at anything else, but i won the national first prize in the violin. ”

gu yiqiu saw fang zikai’s arrogant look and could not help but find it funny. also, when did she admit that he was her boyfriend?

“are you going to learn zither?”

“i’ll be going to my teacher’s place later.” fang zikai’s teacher was a retired violinist, the kind of person who was very good at playing violin. fang zikai was sloppy in some aspects, but when it came to violin studies, he did not dare to take it lightly.

however, nothing was more important than his girlfriend.

“i’ll send you back first. i still have to go to the teacher’s place later.”

“my dad will come to pick me up. are you sure you still want to send me?”

fang zikai thought of major general gu and looked embarrassed. he touched his nose and asked gu yiqiu, “ your father only had you when he was in his fifties, right? ”

“yes.”

fang zikai remembered that his father had told him that gu yiqiu’s mother had passed away a while ago. of course, fang zikai would not be so uninterested as to ask about her mother. “then i’ll send you home tomorrow.”

fang zikai was a little afraid of gu yiqiu’s father.

gu yiqiu hummed in agreement.

fang zikai picked up his violin, turned around, and walked a few steps. gu yiqiu suddenly called out from behind, " little fatty. "

fang zikai stopped in his tracks.

this name ...

fang zikai turned around and asked gu yiqiu, " why did you call me little fatty? " fang zikai thought that gu yiqiu knew that he was fat when he was young. gu yiqiu did not explain. she tucked her long hair behind her ears, revealing her beautiful face.

gu yiqiu's tone was a little complicated. she asked fang zikai, " do you remember who i am? "

fang zikai was stunned.

he remembered ...

this also meant that they knew each other.

fang zikai asked doubtfully, " did we know each other? " that shouldn't be the case. if they had met before, fang zikai would remember her. fang zikai would never forget a beautiful girl like gu yiqiu.

gu yiqiu smiled.

however, the next second, she said, " when you remember who i am, i'll agree to be your girlfriend. "

fang zikai's expression froze.

gu yiqiu saw her father's car and walked straight to it. fang zikai wanted to catch up with him and ask him what was going on, but he had to stop when he saw major general gu's car.

who was she?

fang zikai frowned and thought for a while, but he could not recall anything about gu yiqiu.

fang zikai didn't want to make the teacher wait, so he took a taxi to his teacher's house and stopped thinking about it.

...

on the other hand, fang zicheng had already sent lu yinxi to the entrance of the community.

before they left, fang zicheng gave lu yinxi a gift box. lu yinxi was about to open it when she heard fang zicheng say, " i was going to give it to you last christmas, but you forgot about it after your surgery. i'll give you some now."

" what's inside? " lu yinxi asked.

" you'll know when you open it when you get home, " said fang zicheng.

lu yinxi could only resist the urge to open the gift box.

after the two parted, lu yinxi jogged home. the first thing she did was open the gift box. the golden light almost blinded her eyes. lu yinxi stared at the phoenix necklace made of pure gold in the box and was shocked.

'this ...'

putting aside the fact that this gift was too precious, how could she wear such an eye-catching thing?

lu yinxi knew fang zicheng's home address. she really couldn't accept this expensive gift, so she packed it in her bag and went to dragon harbor. lu yinxi found the security guard and explained her purpose.

the security guard personally called villa 9. lisa picked up the phone and the security guard told her that someone was looking for fang zicheng. just as lisa was about to tell fang zicheng about this, he suddenly closed his book and put on his coat.

"grandma, a friend is looking for me. i'm going out for a while." he had already heard lu yinxi's call.

Chapter 1126: brother tiedan's romance

lisa put down the phone and mumbled, " it's not bad to have a special ability ... "

fang zicheng had driven his electric scooter to meet lu yinxi. it would take at least half an hour to walk from villa no. 9 to the main gate, so he had driven faster. lu yinxi was carrying a school bag and sitting on a small sofa in the security room.

lu yinxi quickly stood up when she saw fang zicheng. she thanked the security guard and got into fang zicheng's car. fang zicheng sat in the electric car and patted the passenger seat beside him.

the seat looked very high-end. not only was it made of leather, but there was also a layer of man-made soft fur on the cushion. this cushion was prepared by fang yusheng for qiao jiusheng, but because qiao jiusheng did not like to use fur, he used artificial fur.

"it's fine to sit here."

!!

lu yinxi only got into the electric car after hearing what fang zicheng said.

fang zicheng drove around the neighborhood with lu yinxi. lu yinxi was really a country bumpkin. she had never seen such a high-end and luxurious community before. she didn't say anything for a while and just stared at the beautiful scenery in the community.

fang zicheng didn't mind her loss of self-control. on the contrary, he thought that lu yinxi's behavior was good. if he didn't understand, he didn't understand. if he didn't know, he didn't know. it was better than not knowing but pretending to know.

lu yinxi sized him up for a long time before she remembered what she was here for.

"i have something to discuss with you."

fang zicheng stopped the car by a human-shaped stone road and asked her, " what's the matter? "

lu yinxi opened her bag, took out the gift box, and handed it to fang zicheng. fang zicheng was a little surprised and asked her, " what are you doing? what do you mean by that?"

this was the first time fang zicheng had given a gift to a girl, but she had rejected it. he did not know if he was angry, but he had the urge to throw the gift box into the trash can.

lu yinxi sensed fang zicheng's anger and quickly explained, " it's not that i don't like it, but this gift is too expensive. besides, i don't have the chance to wear this. it's not suitable."

if she were to wear such an exaggerated gold necklace out, she would be scolded to death instead of being robbed.

fang zicheng was no longer angry when he found out that she had decided to return the gift because she had considered these two aspects. "who said i won't have the chance to wear it?" fang zicheng asked.

lu yinxi was stunned. "what do you mean?"

fang zicheng opened the gift box and touched the gold jewelry with his fingers. " you'll have the chance to wear this one, " he said seriously. he raised his head and stared at lu yinxi's face. " the day you married me, " he said.

lu yinxi was speechless.

bang bang bang bang

lu yinxi's heart was beating incredibly fast.

she was no longer herself.

fang zicheng pressed his hand on lu yinxi's chest and said, " don't jump so fast. i can't help but want to kiss you. "

lu yinxi gulped and asked dryly, " is a person with an emotional deficiency also so seductive when he says sweet nothings? "

fang zicheng raised his eyebrows.

he said sternly, " i'm not lying to you. i'm just telling the truth. "

after closing the box, fang zicheng said, " this is my gift to you. it's the same every year. i'll give you a necklace this year, and i'll give you earrings next year. i'll give you a bracelet in your third year. when you were in your first year of university, i gave you a ring. when you were in your second year of university, i gave you wedding shoes. i'll give you a wedding dress in our third year of university. i graduated when you were in your fourth year. at that time, all the gifts will be delivered, and i can go and marry you. "

lu yinxi was stunned.

seeing that she was in a daze, fang zicheng felt a little uneasy. he seemed to be looking elsewhere, but his eyes were on lu yinxi. he asked, " why? you don't agree to it? "

lu yinxi came back to her senses.

she snatched the gift box from fang zicheng's arms and quickly hid it in her bag, as if she was afraid that fang zicheng would go back on his word and snatch it from her.

"then i'll definitely keep it well."

lu yinxi didn't want to admit that she had been touched by fang zicheng's words.

fang zicheng's lips curled up when he saw her putting the things away.

lu yinxi suddenly asked him, " although we should focus on our studies now, i really want to kiss you right now. " do you think i'm allowed to do so?" ever since fang zicheng had said that studying was the most important thing, they had not kissed.

fang zicheng tapped the corner of his lips and said, " you can only kiss me once. " thinking of how his parents kissed him passionately, fang zicheng added, " you're not allowed to lick me. "

lu yinxi was speechless.

she only wanted to kiss his cheek.

with fang zicheng's permission, lu yinxi held his face and kissed him on the lips. the kiss stopped there. lu yinxi let go of fang zicheng and jumped off the electric car with her bag.

"i'll see you tomorrow! i'm leaving."

she held her bag with both hands and ran away as if she was carrying a baby.

fang zicheng touched his mouth and suddenly said, " i really want to graduate soon. "

...

lu yinxi ran back home in one breath. her face was red, not only from exhaustion but also from shyness.

get married ...

she quickly opened her bag and hid the gift box in the drawer in her room.

she was waiting for the fourth year.

lu yinxi was excited for a while. when she heard the doorbell ring, she went out of the room. it was lu ziai. she had come back with a bowl of stew in her hand. when she saw lu yinxi, she said, " come, let's eat together. "

lu yinxi walked over to help set up the bowls and chopsticks.

after eating the stew, lu yinxi thought of something. she took out a piece of paper from her bag and handed it to lu ziai. "auntie, our school is having a parent-teacher meeting next week. you're my guardian, so if you can't attend, can you sign here and write a statement?"

lu ziai took the piece of paper and glanced at it. after confirming that there was no problem, she wrote a line at the bottom, which stated that she was lu yinxi's guardian and could not attend due to work reasons. she asked the teacher to understand.

finally, she signed her name.

"i'll have to trouble aunt."

lu yinxi took the piece of paper and looked at it a few times before returning to her room. after her bath, she wanted to read a book, but she couldn't see it. lu yinxi opened the drawer again and took out the gift box to admire it for a long time.

after looking at it for a long time, she finally felt satisfied. when lu yinxi put the gift box back into the drawer, she noticed that there were a few delivery slips in the drawer. these express deliveries were all the gifts that santa claus had given her a few years ago, and she had kept them all.

it was strange. ever since lu yinxi moved into lu ziai's house, she hadn't received any presents from santa.

did santa claus know that she was living well?

lu yinxi took out the delivery sheet and opened it with reminiscence in her mind. she looked through it and noticed something. her expression suddenly changed. lu yinxi walked to the desk with the delivery sheet.

she spread out the piece of paper and looked at the words " recipient: lu yinxi. " then, she stared at the line of words that lu ziai had written.

the two lu yinxis had the same handwriting!

lu yinxi looked a little stunned.

santa claus is actually aunty?

Chapter 1127: on what basis

lu yinxi's eyes reddened.

since her aunt was santa claus, why did she say such nasty things when she borrowed money from her previously?

what was his aunt thinking?

what were her feelings for him?

lu yinxi had a few questions in her head, and she urgently needed answers. lu yinxi ran out of the room with the delivery form and the piece of paper. lu ziai wasn't in the living room. lu yinxi heard the sound of water in the bathroom.

!!

she strode to the bathroom door and stood there waiting for lu ziai to finish his shower.

after a moment, the sound of water stopped.

after a few seconds, the bathroom door was pulled open from the inside. lu ziai walked out with a towel wrapped around his wet hair. seeing lu yinxi standing outside the door, lu ziai was stunned.

" what are you doing here? " lu ziai asked lu yinxi. it's so late and you're still not sleeping?" as lu ziai spoke, he bent over to look for a hairdryer in the cabinet.

lu yinxi stood behind her and didn't question lu ziai. when lu ziai found the hairdryer and plugged it into the socket, she was about to blow dry her hair when lu yinxi handed her the courier slip and the piece of paper.

"aunt, is this yours?"

lu yinxi's voice sounded calm.

“what is it?” lu ziai took the delivery note and glanced at it. she finally understood what lu yinxi meant.

lu ziai fell silent.

seeing that she didn't explain, lu yinxi was certain that lu ziai was santa claus. lu yinxi said, “ auntie, you're that 'santa claus'. for so many years, you've been the one who secretly gives me gifts on my birthday, right? ” her voice was no longer calm, and it sounded like she was sobbing.

lu ziai laughed sarcastically. “ it's me. ” she put down the hairdryer and turned around. she looked down at lu yinxi and asked, “ so what if it's me? ” what do you want to ask?”

“why?” lu yinxi bit her red lips stubbornly. she remembered that her aunt had refused to lend her money some time ago. lu yinxi was really confused. she had to ask lu ziai, “ aunt, you clearly ... ” she bit her lip again. this time, her lips seemed to be bleeding.

“what is it?” lu ziai was still looking at her.

lu yinxi said, “ you clearly care about me, but you still gave me a gift behind my back. when i first moved into your house, you even helped me ask my second aunt for my savings. aunty, you're clearly very good. then last time ...”

“why didn't i lend you some money last time?” lu ziai asked lu yinxi the question that she found hard to say.

lu yinxi pursed her lips and was about to cry.

“you want to hear the truth?” lu ziai sneered.

when she smiled like that, she didn't seem happy.

lu ziai said, " i hate your grandma. i hate you too. she raised you. " but i also like you." lu ziai touched lu yinxi's eyes. " i really like your eyes, " she said.

her hand fell on the corner of lu yinxi's eye. she was clearly staring at lu yinxi, but it was as if she was looking at someone else through her.

lu yinxi didn't say anything.

lu ziai continued, " i like you, but i hate you. to be honest, i'm already being kind by bringing you home and giving you a place to stay. if you don't have money, why are you borrowing it from me?"

"do you know how i managed to survive when i ran away from home and was penniless?" lu ziai said, " i can only live in underground boxing! "

" sometimes, in order to match those people's bad taste, i have to listen to my boss 'words even though i can beat the opponent, and pretend to be weak and innocent to be beaten ... "

"lu yinxi," lu ziai took a deep breath and smiled miserably. " life isn't that smooth-sailing. when i was living a hard life, no one helped me. why do you have to ask for my hand when you're living a hard life?"

lu ziai's eyes were also red. "if i can help you, then who will help me when i need help?" is this fair?

this was not fair.

therefore, when lu yinxi asked lu ziai to borrow money, lu ziai had subconsciously rejected her, but he had not forgotten to mock her. however, when the anger in her heart disappeared, she still took out a sum of money and lent it to lu yinxi.

lu yinxi was stunned by lu ziai's words.

she did not know that lu ziai had experienced such a dark period.

she finally understood why her aunt gave her such a contradictory feeling.

she liked her, but she also hated her. therefore, when it came to lu yinxi, her aunt's attitude was always gentle and harsh. " i'm sorry, " lu yinxi apologized to lu ziai in a low voice.

i'm sorry that our family wasn't by your side when you were at your wit's end.

lu ziai waved at her. " don't say sorry to me. don't appear in front of me so often. just stop being an eyesore. " he hated her again.

lu yinxi left obediently this time because she didn't want her aunt to see her sad.

back in her room, lu yinxi was lying on the table. her heart was full of questions.

why did my aunt run away from home back then?

lu yinxi wanted to know more about her aunt's past.

who should she ask?

after some thought, lu yinxi decided to take leave from the store she was working at this week. she had to meet her second aunt. perhaps she knew about her aunt's past.

after making up her mind, lu yinxi felt more confident.

the day before the holiday, fang zicheng invited lu yinxi to go to the school bar to do her homework the next night. lu yinxi had refused. although fang zicheng did not say anything, he looked a little uncomfortable.

afraid that he would overthink things again, lu yinxi told fang zicheng that she was going to second aunt's house.

“what time are you going tomorrow?”

” in the afternoon. i still have to work in the morning, so i’ll take the subway to see her in the afternoon. it just so happens that second aunt hasn’t gone out of town yet. ” in order to pay off her debts, yan juan left her daughter and worked alone in another city.

after the new year, yan juan’s mother’s birthday was on the 20th day of the first lunar month. yan juan planned to celebrate her mother’s birthday before going to another city.

lu yinxi took this opportunity to find her.

” i’ll accompany you, ” fang zicheng said.

” no need ... ” before lu yinxi could finish her sentence, she saw the displeasure in fang zicheng’s eyes and changed her words. ” that’s great. i’ll treat you to some wonton at the entrance of our middle school. there’s a wonton restaurant there that’s really fresh. ”

“alright,” he said.

the next day, fang zicheng stayed at home for half the morning.

fang zikai had to play basketball with his friends in the morning and practice the violin in the evening. in the afternoon, he had an appointment with gu yiqiu to see the peach blossoms. the peach flowers in binjiang city had bloomed recently, and it was a good season to enjoy the flowers.

fang zicheng knew about his brother’s plan and wanted to take lu yinxi with him. however, he remembered that lu yinxi had important things to do, so he could only postpone the plan.

Chapter 1128: i have to kiss you everyday

fang zikai had gone out for the whole morning and only came back in the afternoon.

fang yusheng had gone overseas for the past few days, and qiao jiusheng felt that it was boring to stay at home, so she went to work at the jade shop. chi boguang was already so old, but the research institute still didn't let him leave, and he had to go to work every day. aunt jin had already quit her job and returned home, leaving only the three siblings, lisa and fang zicheng, at home.

lisa asked fang zicheng and his sister to help wash the vegetables. after the three of them finished cooking, fang zikai carried the ball home.

after dinner, lisa asked fang zikai to clean up the table.

they were all his grandsons, he couldn't just let fang zicheng and fang taoran help him with things, fang zikai couldn't escape either.

!!

fang zikai quickly tidied up the dishes, threw them into the dishwasher, and took his brother and sister back to their room. "give me some advice on what i should wear to the date today."

fang zikai's clothes were all very flashy.

fang zicheng's clothes were relatively simple, and the colors were also on the cold side. fang zikai's clothes were bright and colorful, with all kinds of colors. when he wasn't studying, fang zikai would usually wear a sweater and jeans, or casual pants.

today was his first date with gu yiqiu. he wanted to dress more formally.

at christmas, fang zikai followed qiao jiusheng to a party, and he had even specially ordered a young suit. after he pulled fang zicheng and the others into the room, he ran into his small cloakroom and took out the suit.

“how’s this?” fang zikai put the suit on his body and said, “ i look good in this. brother, what do you think? can i wear this to go on a date? ”

fang zicheng stared at the formal tuxedo in fang zikai’s hands. he was wearing a formal three-piece suit with a shirt, vest, and tailcoat.

last christmas, when fang zikai was wearing this suit, qiao jiusheng had even praised him for being handsome.

fang zikai did look good in this.

but ...

fang taoran said, “ brother, are you sure you want to wear a tuxedo to see the peach blossoms? ” she looked a little distressed and said, “ if i were my future sister-in-law, i would definitely prefer to get along with someone who is dressed comfortably. it’s too formal for you to dress like this, and it’ll make people uncomfortable.”

fang zicheng agreed with his sister’s words.

fang zikai had no choice but to give up on the suit.

he went to look for a leather jacket. “ how about this? ”

fang zicheng and fang taoran shook their heads at the same time.

fang zikai did not know what to wear.

“then what should i wear? if you don’t wear it, you’ll go naked?”

” then you’ll be arrested by the police for being a hooligan. then, grandpa will take a leave of absence from the research institute and go to the police station to ‘get’ you out. ” when fang taoran said this, he deliberately mimicked chi boguang, his pretty face especially serious.

fang zikai sneered. ” then i’ll wear a sweater and jeans! ”

“i think it’s fine.” fang zicheng found a navy blue sweater and a pair of gray jeans for fang zikai. “i’ll wear this.”

fang zikai believed his brother’s words.

he changed his clothes and said, ” i’m going on a date. see you tonight! ”

...

fang zikai rushed to the place where he was supposed to meet gu yiqiu.

when he saw that gu yiqiu was wearing a beautiful pink high-collared dress, a pair of high heels, and a beautiful makeup, fang zikai wanted to run away.

mom, i want to go home. i want to change my clothes!

gu yiqiu stared at fang zikai’s sweater and jeans, her smile fading.

very good, this is the first time you’re taking the initiative to go on a date with me, and you’re dressed so casually!

fang zikai scratched his head and walked to gu yiqiu’s side. ” qiuqiu, you look really good today. ”

“little fatty.” gu yiqiu pointed at her foot. “ my foot hurts. ”

fang zikai said hurriedly, “ let’s go buy new ones. ”

“no, i want to see the peach blossoms now.”

“then what do we do?” fang zikai was in a difficult position.

gu yiqiu kindly suggested, “ you can change your shoes with me. ”

fang zikai was in a difficult position, “ i’m wearing shoes that cost 40, what about yours? ”

“i’m wearing a 37.”

“i can’t fit in that.”

“ you can carry me then, ” gu yiqiu said.

“good, good!” fang zikai gritted his teeth and agreed.

there were a few acres of land on peach mountain. fang zikai was panting with gu yiqiu on his back. gu yiqiu was lying on his back as she looked at the chubby boy beneath her. a mischievous smile flashed across her eyes.

“little fatty.” gu yiqiu purposely called him by his nickname.

fang zikai grunted, his ears turning red.

what was he going to do? why did his legs feel weak when gu yiqiu called him little fatty?

suddenly, gu yiqiu stuck out her tongue and licked fang zikai's ear. fang zikai let go of gu yiqiu as if he had been electrocuted. gu yiqiu was prepared for this. she landed on the ground without tripping or falling.

fang zikai blushed and looked at her in disbelief. "you, how can you be like this!" fang zikai covered his ears. he was happy but embarrassed at the same time.

he was a man, yet he was taken advantage of by gu yiqiu!

during last year's final exam, fang zikai had forced a kiss on gu yiqiu and had been beaten up badly. why did he get beaten up? because he didn't respect girls!

then what was gu yiqiu doing?

fang zikai suddenly felt like he was being bullied. "you're taking advantage of me." the school bully of xiangjiang international college had been violated by the female school bully of no. 8 high school! the school bully was calm, but fang zikai was like a good woman who had been taken advantage of, his face red.

gu yiqiu was obviously a big bad wolf, but he had treated her like a little rabbit in the beginning!

the little rabbit sneered and made fun of fang zikai, " i'm not a good student. little fatty, you've provoked me, it's too late to regret now. "

fang zikai stared at gu yiqiu's pretty face and fell into silence.

this person was so beautiful, but her personality was really detestable!

fang zikai, the good-looking dog, finally got a taste of his own medicine.

“i’m asking you.” gu yiqiu plucked a peach and placed it in fang zikai’s ear. his ears were already red, and with that pink peach flower, he looked even more moving.

“ask what?” fang zikai pretended to pick the peach blossoms.

” do you remember who i am? ” gu yiqiu asked.

fang zikai shook his head in confusion.

gu yiqiu chuckled.

fang zikai could tell that she was up to no good.

gu yiqiu replied, ” from now on, i’ll ask you once every day. ” if you can’t remember it ... ” gu yiqiu rubbed fang zikai’s earlobe gently with her fingers. she leaned closer on purpose and said, ” i’ll kiss you every day. ”

fang zikai was speechless.

mom, the girlfriend i found is a big bad wolf. i want to return the goods! do you allow it?

Chapter 1129: the murderer reappears

after fang zikai left, fang zicheng and fang taoran watched the BBC documentary for an hour. he looked at the time. it was time to go find lu yinxi. fang zicheng told fang taoran, ” i’m going out on a date too. i won’t be back for dinner. ”

fang taoran was speechless.

i really want to grow up, i really want to fall in love, i really want to date!

fang zicheng went back to his room to change his clothes. a moment later, a young man in a white shirt and black pants, with a light blue long trench coat on his arm, walked over from the courtyard.

fang taoran stared at her brother and said, " big brother, you're so cunning! " he asked the little brother to dress casually to go on a date, but he dressed especially well to go on a date with his sister-in-law.

!!

he was really a scheming man!

fang zicheng was indeed dressed handsomely today. he was wearing a white shirt and looked as cold as ever, but he did not look as unapproachable as he usually did. in their youth, handsome boys in white shirts were all scheming men!

fang zicheng pretended not to hear his sister's words and strode out of the house.

when fang zicheng reached mansion number seven, the door opened from the inside and a volkswagen drove out. fang zicheng stood where he was, watching the car drive out.

the car window rolled down in front of him, revealing the side profile of the man inside.

he was very handsome and young, and his expression was slightly cold.

" brother dongli, " fang zicheng called out to the man.

dongli ao, who was already 22 years old, looked almost like his father.

dongli ao turned to look at fang zicheng and asked, " where are you going, xiao cheng? if it's on the way, i can give you a ride. "

" i'm going to nanshan road, " said fang zicheng.

dongli ao opened the car door and said, " get in. "

fang zicheng did not stand on ceremony with dongli ao and got into his car.

dongli ao was five or six years older than fang zicheng. he had already graduated from university and was currently an intern police officer at a nearby police station. fang zicheng sat in the front passenger seat and fastened his seat belt. he asked dongli ao, " where are you going, brother dongli? "

"i'm going to work."

fang zicheng didn't ask him why he went to work at this time. he wasn't a curious person.

however, dong li ao said, " it's a little worrying. there's been a murder in the area we're in charge of. "

"oh?" fang zicheng was not curious, but he still asked, " what kind of case? "

dongli ao's expression was a little serious. " it's a little cruel. the higher-ups are very concerned about this case." seeing that fang zicheng had no intention of asking further, dongli ao explained, " this case is a little strange. the victim is a 23-year-old woman. the time of death is estimated to be at nine o'clock this morning. the victim was living alone in a rented apartment. when he died, his body was kneeling on the ground. the deceased died from excessive blood loss, and the fatal wound was on the neck."

when dongli ao said that the victim had died on his knees, fang zicheng's expression changed slightly.

when he heard that the fatal wound was on the neck, fang zicheng's breathing slowed down.

old memories flashed through fang zicheng's mind.

seeing fang zicheng's serious expression, donglio said, " you still remember that case, don't you? "

"i remember."

"i knew it. you always have a good memory. although you were only five years old at that time, you're different from us. you've been smart since you were young and your memory is the best. i knew you would remember."

after that, dongli ao sighed and said, " boss lu is a good man. i still remember the taste of their steamed buns. i like them very much. when i was studying, i would always buy a tray of their steamed buns in the morning ... "

dong li ao was silent for a moment, then suddenly said, " if the murderer is the same person, then it's really ... " the deceased had died many years ago, but the murderer had been at large. no matter how one thought about it, it was chilling.

fang zicheng and dongli ao had the same thought.

fang zicheng thought of this when he heard dongli ao mention this. if the murderer this time was the same person who had killed lu yinxi's parents more than a decade ago, then the murderer was really capable. it was fine if he didn't hide after killing someone, but after so many years, he had committed another murder, and even the method of murder had not changed.

just thinking about it made one's hair stand up.

but ...

seeing that fang zicheng was deep in thought, dongli ao knew what he was thinking. he added, " but it's also possible that the murderer is imitating the murder this time. "

“what?” fang zicheng’s body moved.

“that’s possible.”

perhaps the murderer was just as dongli ao had guessed, imitating the crime. perhaps the murderer had heard that the murder case in binjiang city twelve years ago had become an unsolved case.

after the murderer understood the details of the murder, he deliberately imitated the murderer’s crime in an attempt to blur the police’s vision.

fang zicheng hoped the situation was the latter.

if it was the former ...

“oh, that’s right.” dongli ao thought of something and said, “ even if i didn’t see you today, i was planning to meet you. ”

“is there something you need?”

“i have something to do.” dongli ao stopped the car by the side of the road. it seemed like he was going to talk business. fang zicheng turned his head and stared at dongli ao. “ what’s the matter? ” he asked lightly.

“back then, did boss lu have a child in his house? what was his name again? boy or girl?” it had been so long that fang zicheng couldn’t really remember the situation of boss lu’s family back then. he only vaguely remembered that there was a child at his house.

“a girl.” fang zicheng’s heart skipped a beat, and his cold and indifferent face suddenly became a little more vicious. “you’re saying that she’ll be in danger?”

“ i’m just worried, ” dongli ao said.

“how could this be ...”

fang zicheng felt that the murderer was too vicious.

it had been so many years. was the murderer still not willing to let lu yinxi go?

dong li ao said, “ if the murderer is really the same person from back then, i suggest that we strengthen the protection of that girl just to be on the safe side. the murderer’s method of killing is very perverted. no one can guarantee that he won’t have the intention to kill and hurt the child.”

“besides, the murderer must be in hiding now. he killed boss lu back then, but let the little girl go. we don’t know what happened. however, the little girl from back then had also forgotten any memories related to that disaster. but this time, the murderer has committed another murder. who do you think is the person she fears the most?”

fang zicheng didn’t say anything, but his expression turned even uglier.

“ it’s not the police, ” dong li ao said. “ it’s the only survivor from the murder case back then. ”

fang zicheng felt a chill down his spine.

“i’m looking for you because i remember that you were on good terms back then. boss lu even saved your family. all of these are just my guesses. the police would not strengthen the protection of that girl just because of my guesses. if you’re still in contact with that girl, i hope you can help take care of her. she saved your life.”

Chapter 1130: hold me, will you?

dongli ao didn't know that fang zicheng and lu yinxi didn't just know each other, but they were also in love. so, his tone was pleading.

fang zicheng had no reason not to agree.

"it's not far, i'll walk there myself."

fang zicheng got out of dongli ao's car.

at this moment, his mind was in a mess.

!!

after seeing lu yinxi, fang zicheng was even quieter than before. although fang zicheng didn't like to talk much, lu yinxi could tell if he had something on his mind.

the two of them entered the subway. there were no seats, so lu yinxi was next to fang zicheng station. fang zicheng was tall enough to hold the handrail.

"what's wrong with you? is there something on your mind?" lu yinxi was shorter than fang zicheng. fang zicheng looked down at the little head below him. his heart tightened at the thought of her being in danger.

"from today onwards, if there's nothing, try not to go out." if he could, fang zicheng wanted to tie lu yinxi to his side so that he could look after her every day.

but that was impossible.

lu yinxi suddenly looked up at him, her eyes full of confusion.

"why?"

fang zicheng pressed lu yinxi into his arms.

the person's body was warm under his palm, and fang zicheng was relieved. he said, " i heard from a police friend that there was a tragic murder last night. the victim was a girl. "

lu yinxi acknowledged.

fang zicheng knew that lu yinxi didn't take his words seriously.

he had no choice but to add, " from today onwards, you have to tell me if you want to leave the house. " in the future, i'll pick you up in the morning. i'll pick you up at your house. i'll send you off to your house."

lu yinxi thought that he was making a big fuss.

"there are so many girls in binjiang city. do they have to live in fear? don't worry, i've always been lucky."

fang zicheng became even more anxious after hearing what she said.

"i am not joking with you. you listen to me. " fang zicheng's expression turned serious, and his tone was grave. lu yinxi understood what he meant. although she still thought that fang zicheng was being paranoid, she still nodded and agreed. "alright," he said.

"but i still have to work!"

"don't go to work during this time."

"why?" " don't overdo it, fang zicheng, " lu yinxi said. " i'm going to get angry if you keep doing this. " lu yinxi would not give up her job just because of a few words from fang zicheng.

although she didn't earn much money, she still had a few hundred yuan a month. she still had enough money to buy some things occasionally.

lu yinxi thought that fang zicheng was overstepping his boundaries.

lu yinxi didn't like overbearing men. they were still young and still in school, and he was already so bossy. if they were to get married in the future, wouldn't she have to listen to his every word?

fang zicheng felt a little defeated.

it seemed that if he didn't tell her the truth, she wouldn't take this matter to heart.

lu yinxi noticed that fang zicheng had wrapped her in his arms. lu yinxi blushed slightly. although they had almost quarreled just now, it didn't stop her from being moved by his little gesture.

"elk." fang zicheng lowered his head and called out to her.

lu yinxi thought he was going to say something nice to comfort her, so she nodded shyly.

fang zicheng said, " the girl who was killed had the same posture and wound as your parents when they died. "

the blush on lu yinxi's face disappeared in an instant and was replaced with paleness. a person who had been beaming with joy a moment ago suddenly seemed to have fallen into an ice cellar. his body and soul were so cold that they were trembling.

fang zicheng hugged her tightly, not caring about the occasion or how much criticism they would attract if they were to do such a thing in public.

"elk, i want you to be well."

the girl in his arms was trembling.

fang zicheng's heart tightened again.

he didn't know that this was called heartache. he could only hold her tightly and try to transfer his body temperature to lu yinxi's heart.

...

when she walked out of the subway station, lu yinxi's mind was still in a daze.

she stepped on the floor with uneven steps and almost fell several times. fang zicheng couldn't stand it anymore, so he held her arm and took her to the elevator and out of the subway station.

she stood under the sun again. the setting sun fell on lu yinxi's face, making it even paler.

lu yinxi suddenly tugged at fang zicheng's sleeve.

fang zicheng lowered his head to look at her.

in his line of sight, lu yinxi's lips were so pale that there was not a trace of red. she looked like a seriously ill patient. lu yinxi held his hand tightly. "fang zicheng, is it that person?" she asked him in a huff.

fang zicheng did not answer her.

lu yinxi continued to ask, "is the murderer that person from back then? fang zicheng, tell me."

"elk? i don't know." fang zicheng also felt helpless. "i really don't know."

lu yinxi knew that fang zicheng was not lying to her.

she grabbed fang zicheng's fingers and pleaded, "fang zicheng, can you help me walk? my legs don't seem to have any strength." it was hard to tell if he was afraid or hateful.

he was more afraid.

fang zicheng obediently helped her up. the two of them walked for another ten minutes before lu yinxi's condition improved.

for the rest of the journey, lu yinxi walked with her head lowered. fang zicheng naturally did not disturb her.

yan juan and the others were still living in the same house. she had thought of selling the house to pay off her debt, but she gave up on that decision in the end. it was easy to sell a house, but it would not be easy to buy it again.

moreover, lu jingjing's father was too useless. he definitely wouldn't be able to help his daughter in the future. yan juan was a woman, so she didn't earn much. when his daughter got married in the future, at least he would have a house. he would have some confidence.

in the past few years, yan juan had paid off some of her debts one after another. now, there was only a debt of ten thousand yuan left. after she paid off the 10000 yuan, she only needed to earn money for her daughter's school fees.

there was finally hope for the future.

she hadn't been to lu jingjing's house for two years. when lu yinxi walked into this house that had once given her warmth and hurt her, she had mixed feelings.

seeing that lu yinxi's face was pale, yan juan thought that she was still holding a grudge against her family, so she didn't ask her why she was in a bad mood. however, yan juan didn't agree with lu yinxi dating at such a young age and even bringing her little boyfriend to her relatives' house.

thinking that lu yinxi might no longer listen to her advice, yan juan couldn't help but hold lu yinxi's hand and whisper a few words to her. like what yingluo?

it was okay to fall in love, but to love oneself, one must never cross the line.

when it comes to dating, no matter what, the girl will always be at a disadvantage, so you must control your boundaries ...

lu yinxi's heart warmed a little as she listened to yan juan's nagging.
