

## Ex's Brother 1191

### Chapter 1191

1191 a wedding night

fang zicheng stopped thinking.

“i'm going to take a shower.”

his usually cold voice sounded a little more hoarse and irritable today.

lu yinxi blushed and her heart raced as she nodded.

!!

fang zicheng walked past her and entered the bathroom. lu yinxi turned around to stare at him. she saw him cross the door in two or three steps and enter the bathroom. those steps were really urgent. lu yinxi was particularly nervous and wanted to do something to calm herself down.

qiao jiusheng and the others had probably helped decorate the new house. with qiao jiusheng around, fang zicheng and lu yinxi could find props to play with however they wanted.

lu yinxi sat by the bed and picked up her phone to play. she saw that qiao jiusheng had sent her a few wechat messages.

lu yinxi opened her wechat and saw that qiao jiusheng had sent her a message: [ elk, there's a box under the third door of the closet for you. [ may you have a wonderful wedding night. ]

lu yinxi did as she was told.

she ran to open the box and found that there were some sex toys and sex toys inside.

lu yinxi sneaked a glance at the bathroom. the water was still running, so fang zicheng would not be coming out anytime soon.

like a thief, lu yinxi looked around and finally picked a small box with a foreign language written on it. the words on the box were written in english. the name of the product should be 'high every night'.

what the hell?

lu yinxi opened the product and found the instruction manual. she only knew its use after reading it. this thing was like an aphrodisiac. there was no work that could make a girl more open to that kind of thing.

lu yinxi hesitated for a moment, but she still put down the box. for the first time, she still hoped to feel fang zicheng's enthusiasm on her own.

fang zicheng came out after a while.

when lu yinxi heard the door open, she looked up. her eyes widened, and her entire body turned red. "hooligan, why aren't you wearing any clothes!" he wasn't even wearing his underwear!

was this still the refined and serious fang zicheng?

fang zicheng furrowed his brows. " why are you putting on your clothes? you'll have to take them off soon anyway. "

lu yinxi had nothing to say, because what fang zicheng said made sense.

of course, he was going to take it off anyway, so why did he need to wear clothes?

it was unnecessary!

lu yinxi thought for a while and said, " you're right. i'll take it off too. " at this point, lu yinxi could also let go. she was about to take off her clothes when fang zicheng's eyes narrowed. " you're not allowed to take them off! "

lu yinxi looked at him in shock.

fang zicheng strode over to the bed and stood there. he looked down at lu yinxi who was sitting on the bed. lu yinxi could clearly see fang zicheng's adam's apple move up and down.

" i'm the only one who can take off your clothes, " said fang zicheng.

"then ... then take it off. why are you still taking your time?"

fang zicheng laughed at lu yinxi's complaint. "alright," he said.

fang zicheng was not an idiot. when he was young, number 199 would speak in his head when he was bored. no. 199 was not a serious person either. sometimes, she would complain that fang zicheng was too serious, so she would keep repeating those dirty jokes in his mind.

from a young age, fang zicheng knew what it was like between a man and a woman.

it was just that he had no desires and never had any thoughts about any girl. later on, he fell in love with lu yinxi and spent a few years with her. fang zicheng had already slept with lu yinxi countless times in his mind.

if he still didn't know the steps and how to please lu yinxi when it was time to put it into practice, he would be stupid.

fang zicheng held lu yinxi in his arms. he sat on the bed and lu yinxi sat in his arms. the two of them were face to face. fang zicheng was not wearing any clothes, and lu yinxi could see his every reaction.

even though fang zicheng had already prepared for this, he still knew how to restrain himself in order to please lu yinxi.

the dense kisses were like boiling water splashing out of a pot and onto lu yinxi's skin. it was so hot that it made her scalp numb and her whole body shiver. lu yinxi liked to tighten her toes when she was nervous.

she placed her legs on the bed, her toes tensed up, and the back of her calves was almost in a straight line with the back of her feet.

sensing lu yinxi's nervousness, fang zicheng suddenly opened his eyes. he stared at the beautiful face in front of him, whose eyes were closed. his heart softened, and he said gently, " open your eyes and look at me. "

lu yinxi's eyelashes trembled before she opened her eyes.

she stared at fang zicheng in front of her, her legs still stiff.

" i'm nervous too, " fang zicheng said.

lu yinxi could tell that fang zicheng was nervous. his muscles were in a tight state, and there was a thin layer of sweat on his head before he even started. " are you nervous too? " lu yinxi asked him.

"of course."

" it's my first time doing the most intimate thing with the person i like the most, " fang zicheng replied. " of course i'll be nervous. "

it turned out that fang zicheng could be nervous too.

"so, it's our first time, and we're all nervous." fang zicheng's palm caressed lu yinxi's back. " relax. you're nervous, but i'm even more nervous. "

fang zicheng's palm had a magical power that could make lu yinxi calm down and relax quickly.

lu yinxi's body relaxed slightly.

she took the initiative to kiss fang zicheng.

fang zicheng took the opportunity to hug her head and deepened the kiss that lu yinxi initiated.

"kiss me," fang zicheng said to lu yinxi.

lu yinxi understood what he meant.

she kissed fang zicheng's neck. as expected, fang zicheng was very nervous. his right hand on lu yinxi's back suddenly clenched into a fist. sensing that fang zicheng had suddenly tensed up, lu yinxi found it funny.

so silly.

she chuckled and lowered her head to bite fang zicheng's chest. "alright, i'm really not nervous anymore."

"yes."

lu yinxi suddenly noticed a knife scar on fang zicheng's abdomen. it looked like it had been there for many years. she touched the knife scar, and there was a bit of heartache in her eyes. "is this the injury you got when you were young?"

"yes."

“it must have been very painful.”

“it does hurt.”

lu yinxi was about to kiss fang zicheng’s scar again, but fang zicheng held her head. “ stop kissing. if you keep kissing, there won’t be an end to it tonight. ” he turned over and put lu yinxi on the bed.

he said, “ let’s do it first. we’ll kiss later! ”

it was already a great test of his endurance for a young man like him to endure for so long.

he couldn’t wait any longer.

he had waited for more than a thousand days. was it easy?

fang zicheng had imagined this ‘sex’ countless times. when he really had lu yinxi and saw her frowning in discomfort, he should feel sorry for her, but he also felt a little satisfied and happy.

this person finally belonged to him from the beginning to the end, from inside to outside.

his elk.

...

fang zicheng insisted on three times, not one less.

however, lu yinxi claimed that she was tired and couldn’t take it anymore. she said that if he continued to torment her, she wouldn’t be able to get out of bed tomorrow.

## Chapter 1192

### 1192 getting rich overnight

seeing lu yinxi's tired face, fang zicheng let her go in the end.

lu yinxi wasn't lying. it was true that she couldn't stand being tormented for the first time.

she and fang zicheng got out of bed and went to the bathroom to wash up.

because it was their wedding night, neither of them wanted to wear condoms, so the cleaning time was a little longer. in addition, these few days were a safe period, so the chances of getting pregnant had been reduced to the lowest. lu yinxi didn't take any medicine after the incident.

!!

fang zicheng did not allow her to take medicine either. she was already in her third year of university anyway. if she was really pregnant, it would not matter if she gave birth. fang zicheng's original words were, "we're going to have a baby anyway. it doesn't matter if we have one earlier or later."

even though she said that, lu yinxi still didn't want to get pregnant while she was in school. it would be embarrassing if word got out.

the bedsheets looked quite festive and weren't dirty, so lu yinxi couldn't bear to change them. the two of them lay on the bed together. she leaned into fang zicheng's arms, still feeling that this was not real.

in just one day, she had gotten married and turned from a girl to a woman.

she moved her body.

fang zicheng saw that she was not asleep, so he asked her what was wrong.

lu yinxi still told him. " i keep feeling uncomfortable. "

"where do you feel uncomfortable?" fang zicheng became nervous, thinking that she was injured and thinking about taking her to the hospital. lu yinxi didn't know whether to laugh or cry when she saw how nervous fang zicheng was. " it's not that serious. it's just your first time. my body feels weird. i'll get used to it. "

"tell me if you feel any other discomfort."

"yes."

the two of them were a little excited and couldn't fall asleep.

lu yinxi didn't remember exactly what time she went to bed.

anyway, when she woke up the next morning, the sun had already come out. she was covered with a blanket and the air conditioner in the room was already on. fang zicheng wasn't in the room. lu yinxi rolled around on the bed. although she felt better than last night, she still felt a little uncomfortable.

she climbed out of bed and heard fang zicheng's footsteps.

she turned around and saw fang zicheng coming back in a sports outfit. he was sweating profusely, so he must have exercised.

"you went for a run?"

"he went to practice his martial arts." even though it was his first day of marriage, fang zicheng did not miss a single day of training.

lu yinxi stared at fang zicheng's straight body and praised him from the bottom of her heart. " that's amazing, hubby. " they had already done it twice last night, and he could still get up on time to practice boxing this morning.

great physical strength!

she called fang zicheng 'hubby' on purpose, and after that, she saw his ears twitch.

" speak properly, " fang zicheng reprimanded her with a straight face.

" oh, " lu yinxi replied. she blinked and asked, " hubby, what do you want to eat for breakfast? "

fang zicheng rubbed his ears and said slowly, " can i have tomato and egg noodles? i bought some eggs, tomatoes, and a handful of vegetables. i bought the vegetables at the entrance of the neighborhood. the granny sold them and said that she grew them herself."

"sure,"

" we have our own vegetables in the backyard. we'll go back and pick some every few days. "

"alright," he said.

fang zicheng was silent for a while. " forget it. let's go back and eat. it's so troublesome to cook. "

lu yinxi was tempted.

" then what's the point of moving out? "

fang zicheng felt that lu yinxi's words made sense.

they had already moved out, yet they still ran back to eat. they were like two parasites.

fang zicheng thought for a moment and said, " how about this? i have to work and you have to go to school on monday to weekend. we'll have dinner at home and eat out in the morning. we can hire a cook to prepare the meals on monday to friday. " we'll cook on saturday, and we'll have dinner at home on the weekend."

then, he asked lu yinxi for her opinion. " what do you think about the elk family? "

"sure."

after breakfast, they took their household registration booklet and single certificate to do a physical examination, and then went to the civil affairs bureau to get their marriage certificate. the wedding photos were set to be taken during the summer vacation, and the honeymoon could only be made up during the summer vacation.

the next day, lu yinxi and fang zicheng got up together, got dressed, and left the house together.

his new home was closer to fang zicheng's workplace, so it only took a ten-minute drive.

however, lu yinxi was further away from the school, so it was faster to take the subway. in the morning, fang zicheng drove lu yinxi to the subway station and watched her enter the station. he received a wechat message that she had gotten on the subway and then drove to the research institute to work.

the days before and after marriage did not seem to be much different. the frequency at which they met was about the same as before. in any case, fang zicheng did not work overtime at night, and he had to take weekends off.

in the entire research institute, he was the most idle.

when other young people first entered the workplace, they would still know how to act obedient and hardworking. fang zicheng, on the other hand, would come to the research institute to clock in and get off work on time every day. he would not stay in the research institute for a second longer.

not only that, he didn't like to talk in the courtyard. when he saw those respected elders, he would at most greet them to show respect and then ignore them.

with his personality, he was destined not to make any friends.

if he had been a young man with an ordinary background, he would have no future if he continued like this.

his grandfather was the leader of a secret research team at the national biological research institute, his grandmother was the most famous physics professor at the university of birmingham, and his father was not only the head of the fang family but also a world-renowned weapon designer. her mother's background was not small either. she had the behemoth qiao family behind her and was also a jade sculptor.

no matter how he looked at it, this person's background was not to be trifled with.

in addition to his own strength, although he looked young, in some aspects, his comprehension and insight were comparable to those seniors in the upper house. although some people didn't like his personality, the people who could work in this courtyard were all proud and intelligent people. their personalities were more or less strange.

there would always be a group of people who were interested in your real talent and not your social skills. fang zicheng's personality was the most suitable for the central physics department.

because in this place, strength was everything.

the days passed. lu yinxi's previous comic had finished, and a new one had begun. just as she had said, the main character of the new comic was based on fang zicheng, who was also a young and intelligent scientist. lu yinxi was the female lead.

in the comic, lu yinxi's name was lu manman, and she was an eccentric girl.

the story of the comic began with lu manman moving into a mysterious residential building by chance. the introduction of the comic was written like this:

the lease had expired. lu manman had been searching for half a month before she finally moved into her new home. the new residential building was very strange. the neighbors in the building never came out during the day, but at night, there were many strange sounds in the corridor, like something scratching the wall.

her neighbor was a scientist who always liked to wear a mask.

one day, she discovered that scientists could fly on roofs and walk on walls.

one day, the scientist's mask was accidentally removed, and lu manman saw a face that had appeared in her dreams for thirteen years ...

once the manga was serialized, it became popular due to the mysterious plot and the delicate and charming style of the characters. within a month, lu yinxi received an invitation from the largest publishing firm in the country ...

the comic artist elk was completely on fire.

on the day that the first volume of elk comics was published, she finally felt a sense of pride. lu yinxi ran to the mall and bought a few suits for her husband, a scientist.

when fang zicheng got home, lu yinxi stripped him of his clothes.

he thought that lu yinxi was going to press him on the ground and beat him up. he was hesitating whether to obey or resist. lu yinxi threw a few shopping bags at him and said in the tone of a bossy president, "hubby, go and pick the best outfit. i'll take you out for a big meal."

fang zicheng carried the shopping bags and was stunned for a while. oh, so she wasn't going to f \* ck him. he had become rich overnight and was stimulated.

## Chapter 1193

1193 “fang lu, welcome to your arrival.”

fang zicheng slowly changed into his new clothes.

after sleeping for more than a year, lu yinxi knew his body size very well. the clothes she had bought were perfect for him.

if lu yinxi said that she would treat him to a big meal, it would really be a big meal.

after they got married, they would go out for two meals a week. occasionally, they would have a big meal, and occasionally, they would choose a restaurant with good reviews. most of the time, fang zicheng was the one paying. he thought that he was a man and had no reason to let his wife pay.

!!

lu yinxi also acted like a parasite.

this time, she had earned the first big sum of money in her life, and she felt that her back was straighter when she walked. when she said she wanted to treat fang zicheng to a meal, he did not rush to pay the bill this time.

as a man, he had to give his wife a chance to show off.

after dinner, lu yinxi suggested that they go to the movies.

fang zicheng agreed.

this year, the second movie of a new big production by marvel was out. the theme was about outer space. lu yinxi only paid attention to the cool images and exciting and shocking fighting scenes. fang zicheng, on the other hand, stared at the screen and thought of number 199.

it had been fifteen years since no. 199 left him.

no. 199 should have returned to his hometown.

when fang zicheng thought of room 199, he couldn't help but feel sad. under the deliberate guidance of lu yinxi and his family, fang zicheng could already feel many emotions that ordinary people could feel.

now that he thought back to the night when he left on the 199th, his feelings should be called reluctance.

fang zicheng was a little regretful.

he regretted not being able to say goodbye to number 199.

the movie was only one hour and fifty minutes long. after the movie ended, fang zicheng and lu yinxi walked out of the cinema together. lu yinxi said, " i think that alien is quite cute. "

"aliens are cute."

"how do you know?"

"i know."

"oh, our scientist fang has seen it before, hasn't he?" lu yinxi teased fang zicheng on purpose.

fang zicheng gave it some thought and gave a soft hum.

lu yinxi asked him again, " what do aliens look like? does it have three eyes, one nose, and only 1.4 meters tall? does it walk like a duck?"

fang zicheng shook his head and said, " the alien doesn't look like a human. the only similarity between him and us is that we are both intelligent beings. they might just be orbs of light, but they had intelligence. they have all kinds of personalities, some are lively, some are slow, just like us humans."

hearing fang zicheng's words, lu yinxi almost believed that he had really seen aliens.

"then, do aliens also talk about love?"

"i can."

"can you have children?"

fang zicheng was silent.

this question ...

he had never asked no. 199, so he didn't know.

"i don't know,"

"alright, i'll stop teasing you." lu yinxi's heart softened when she saw fang zicheng's brows furrowed, looking as if he was trying hard to find an answer but was still confused.

"i don't know if aliens can give birth." lu yinxi suddenly reached out her left hand and tightly clasped fang zicheng's right hand. she said, " but i will have children. "

she placed fang zicheng's right hand on her stomach.

lu yinxi smiled at fang zicheng. in a gentle voice, afraid of disturbing the angel, she told him, " fang zicheng, i'm pregnant. "

fang zicheng's hand trembled.

lu yinxi's eyes were filled with tears.

"it's been eight weeks. the baby is already in bed. the fetal position is very good, and you can even hear the heartbeat." after lu yinxi had gone to the hospital for a checkup the day before, she had been very excited. she had held it in for a day and a night before she finally decided to tell fang zicheng this heartwarming thing at this moment.

fang zicheng's expression was calm, but his eyes were bright.

he let go of lu yinxi's fingers and placed his palm on lu yinxi's abdomen, touching it gently. "there's really a little fellow inside." fang zicheng hadn't paid attention to lu yinxi's abdomen before, but when he looked carefully, he could see that there was indeed a small embryo sac in lu yinxi's stomach.

the child was still like a little tadpole with a body and a tail. after a while, this little tadpole would become a fetus with hands and legs.

he was not even 24 years old and was about to be a father.

fang zicheng couldn't explain what he was feeling.

happy?

there were some.

was he excited?

he wasn't too excited.

this didn't mean that he didn't like the child. he was just born with a cold heart. lu yinxi was a little nervous. she wasn't sure if fang zicheng was looking forward to the birth of the child.

however, she also knew that even if fang zicheng did not like children, he would still let the child be born out of responsibility and take care of him with all his heart.

however, lu yinxi hoped that fang zicheng also loved the child deep down.

lu yinxi stared at fang zicheng's face carefully, not wanting to miss any of his true expressions. lu yinxi smiled when she saw fang zicheng.

there were many people on the street, but fang zicheng slowly squatted down in front of her.

his squatting action attracted the attention of many passersby.

fang zicheng put his head on lu yinxi's stomach and whispered to the baby inside, " there are so many women in the world. you chose an elk as your mother. you're the same as me, we like the same person. i have to say, you have a good eye."

he kissed lu yinxi's belly through her clothes and said to the baby in a sincere tone, " welcome, fang lu. "

hearing fang zicheng's words, lu yinxi's heart ached and she cried on the spot. "fang zicheng, don't make me cry."

fang zicheng raised his head and looked at her. after a moment of silence, he stood up and patted lu yinxi's head. he said, " pregnancy is hard. elk, are you ready to embark on a new journey? "

“of course.”

lu yinxi was a little superstitious. she had promised fang zicheng that she would only tell her family when the child was three months old.

however, qiao jiusheng and the others were all smart people. during the weekend dinner, qiao jiusheng noticed that lu yinxi, who usually preferred a simple vegetable diet, had actually eaten a lot of fish and meat.

not only was she a big eater, but she was also a big sleeper. she could sleep for more than three hours in the afternoon.

qiao jiusheng and the others did not ask directly, but they had a vague idea in their minds.

the next week, lu yinxi was still able to eat, but she didn't like to eat big fish and meat. she preferred spicy food.

on the third week, qiao jiusheng and lisa specially made food suitable for pregnant women. lu yinxi didn't notice anything unusual when he ate. after eating his fill, he ran back to his room to sleep.

this ever-changing taste was very much like her when she was pregnant.

after lu yinxi went to her bedroom, qiao jiusheng called out to fang zicheng.

“come here, tiedan. i have something to ask you.”

1194 the fang family is strong

fang zicheng sat down on the sofa obediently.

other than fang zikai, who was studying abroad, everyone else in the family was there. the family members surrounded fang zicheng in a circle, as if they were afraid that he would escape. even a calm person like fang zicheng was shocked by their display of power.

“what are you doing?” his entire body tensed up.

lisa nudged qiao jiusheng’s arm. since her mother-in-law was urging her, qiao jiusheng could only be the first to charge into the battlefield and kill the enemy. qiao jiusheng cleared her throat and said to fang zicheng, “ what do you think? should we buy blue or pink clothes for the baby? ”

!!

fang zicheng was silent for a while. “ don’t try to bluff me. i don’t know anything. ”

did he think that he was fang zikai? he was so easily fooled. he wouldn’t say anything that the elk didn’t allow him to.

qiao jiusheng glared at him and said, “ be good! then i’ll just ask directly, is there an elk?”

fang zicheng looked at the floor and said gloomily, “ i don’t know. the elk won’t allow me to tell you. ”

everyone was speechless.

the elk didn’t allow her to say anything, which meant that it was indeed pregnant.

qiao jiusheng chuckled. she turned her head to look at fang yusheng and said to him, " i've been a grandmother since i was 49. yusheng, i'm afraid i'm the youngest and prettiest grandmother in the world. "

fang yusheng nodded and said, " i'm also the youngest and most handsome grandfather in the world. "

" then i'll be the most elegant and noble great-grandmother in history, " lisa said.

chi boguang did not want to fall behind either. he said, " i'm the oldest and strongest great-grandfather. " fang taoran laughed and fell into qiao jiusheng's arms, " then i want to be the cutest and prettiest little aunt. "

"sure."

fang zicheng looked at his childish family and felt bored. "elk won't let me tell her. she said that she'll tell me after three months. just pretend you don't know."

"sure,"

however, when lu yinxi woke up, she walked over from her dormitory and passed by the courtyard. there was water on the cobblestone path beside the ditch. she had just stepped on it when she heard chi boguang say loudly, " elk, be careful. there's water on the ground. don't fall. "

lu yinxi quickly retracted her foot and walked away.

before she had eaten, lisa brought her a bowl of bird's nest. lu yinxi said that she wasn't hungry, so lisa said, " this is good for you. eat more. if you have children in the future, they will be smarter than others. "

lu yinxi's hand that was holding the soup spoon paused, and her face blushed silently.

during dinner, lu yinxi took the initiative to ask everyone, " do you all know that i'm pregnant? "

the fang family shook their heads.

“we didn’t know you were pregnant, really.” this was said by fang taoran.

lu yinxi laughed when she heard this. she said, “ if you really didn’t know, you wouldn’t have reacted like this when you heard me say this. ”

the fang family was speechless.

an elk is an elk, not a muddled or difficult to fool.

fang yusheng said, “ we saw it ourselves. it’s not what chengcheng said. ”

“it’s okay, i don’t blame him.” lu yinxi said, “ i’m sorry for hiding it from everyone. i’m really pregnant. i’ll be three months pregnant in two or three days. ” lu yinxi touched her stomach and said, “ i’m going for my first prenatal examination next week. if you’re free, you can come with me. ”

“alright,” he said.

on the day of the prenatal examination, lu yinxi put on a dress and flat sandals to go to the hospital. fang zicheng went to get the car, and lu yinxi walked to the entrance of the community to wait for him.

as soon as she reached the entrance of the community, she saw two cars parked by the road. other than fang zikai, all the members of the fang family were dressed up and stood in a straight line beside the car, looking at her.

in the group, the old man was elegant, the middle-aged couple was beautiful and handsome, and the sister-in-law beside him was also cute and beautiful. she really attracted everyone’s attention.

fang zicheng drove the car to the entrance and was about to ask lu yinxi to get in when he saw a row of men and women, young and old. he was stunned for a moment. lu yinxi had never thought that her simple " if you're free, you can come with me " would get everyone in the fang family to come.

since everyone was already here, lu yinxi naturally couldn't chase them away.

as a result, the most eye-catching and strongest team of prenatal checkups in history was born.

when they arrived at the hospital, the other pregnant women, their family members, and the hospital staff were all shocked to see such a large group of people. the pregnant women who came alone for the prenatal examination saw this lineup and their hearts were full of sourness.

lu yinxi felt embarrassed even when she was lying in bed and doing an ultrasound. to be honest, she felt embarrassed to bring so many people for a prenatal examination.

fortunately, the results of the prenatal examination were normal. chi boguang held the ultrasound results slip in his hand. from the blurry light and shadow, he managed to glean some unbelievable information. chi boguang said, " this little grandson is obviously a mischievous one. look at how long his legs are. "

lu yinxi was blind, but it was just a blurry image. she couldn't see the fetus 'hands and feet clearly.

the ultrasound report was passed from chi boguang to fang yusheng. by the time it was passed to fang zicheng, almost an hour had passed. even though he could usually see the condition of the fetus in lu yinxi's womb with his naked eye, fang zicheng's heart still couldn't help but flutter when he held the child's ultrasound results in his hand.

at the beginning of the third month, lu yinxi started to have mild morning sickness. fang zicheng had to go to work and had no time to take care of lu yinxi. at qiao jiusheng's and lisa's invitation, lu yinxi and fang zicheng discussed it and finally decided to move back home for a while.

when the children grew up, they would move out again.

after lu yinxi moved back home, qiao jiusheng corrected her mentality of becoming a grandmother. she learned to cook with lisa and take care of qiao jiusheng. she had not put in as much effort as she did now when she gave birth to fang zicheng and the rest.

lu yinxi continued to publish her comics while she was pregnant. she was in better health now, and she was touching electronic products. her family members were not pedantic people, and they all understood that ordinary electronic products would not have any adverse effects on the fetus.

the fetus entered the womb at the 38th week, and after the 40th week, it was already full term, but there was still no movement. another week passed. the mothers who were pregnant at the same time had already given birth, but their children still refused to come out. lu yinxi was a little anxious.

seeing that she was anxious, fang zicheng had no choice but to squat down at lu yinxi's feet and say to the baby in his stomach, "fang lu, come out. if you don't behave like this, dad will spank you every day after you're born."

fang zicheng had said this in the evening, but lu yinxi felt a stomachache at around 12 that night.

the things to give birth had already been prepared. hearing lu yinxi's groan of pain, fang zicheng opened his eyes and carried her immediately. he ran out of the room in big strides while shouting, "the elk is going to give birth! " the delivery bag is still in the room!"

## Chapter 1195

1195 fan yi is an idiot

he carried lu yinxi and rushed to the parking lot.

fang yusheng and the others followed closely behind, carrying large and small bags.

the position of the fetus was normal, and lu yinxi's physical condition was also good. lu yinxi obtained fang zicheng's pain and chose to give birth painlessly.

after lu yinxi arrived at the hospital, she was in pain for more than five hours before she went into the delivery room. in less than half an hour, a nurse came out with the baby to take a look at them. then, she took the baby back and said that she wanted to stay with lu yinxi for two hours to observe the situation.

!!

fang zicheng already knew that the child was a boy.

he had also come up with a name. he would be called fang lu.

when fang zicheng saw the child, although he was happy, he was not agitated. he saw that the nurse was carrying the child back, so he asked, "elk ... how is my wife?"

"he's pretty good. he even said he wanted ice cream." the nurse did not know whether to laugh or cry.

hearing this, fang zicheng was relieved. "please tell her that i'll go get her ice cream now."

the nurse was a little surprised. "pregnant women can't eat cold food."

fang zicheng said that it was fine and that he would only eat one. after lu yinxi got pregnant, the weather had turned into summer for a few months, and she hadn't eaten ice cream. it wasn't easy for her to give birth, and she couldn't even have a bite of the ice cream she had been longing for. how aggrieved would that be?

fang zicheng turned around to buy ice cream, but fang yusheng stopped him. "didn't you say that you can't eat ice during your confinement? fang zicheng, don't go and buy it."

but lisa said, " after i gave birth to you, i gave you an ice cream every day. " lisa pointed at herself and said, " i don't see any discomfort. "

fang yusheng had nothing to say.

qiao jiusheng did not participate in this topic. every country had its own ways of doing things after giving birth. the China used to think that women should not go out or wash their hair during their confinement.

some people also said that europeans and americans did not go through confinement, so they aged quickly. however, these words did not work on lisa. what really made people age quickly was not the cold water and cold wind during their confinement, but poverty and hardship.

their families were poor, and women worked hard enough to survive. how could they have the energy to care for skin care and beauty care? why didn't stay up all night to take care of their children?

the more pitiful ones were the women who came from average families. they had to work in the day and take care of their children after work. they had to cook and clean up. it was the same as not having a husband. they were the ones who truly worked hard in this world.

men worked hard because they had to support their families. it was hard for women because they had to support their families and children. the ones who really didn't suffer were those heartless, self-righteous scumbags.

there was no gender difference between scumbags.

in the end, lu yinxi still had ice cream. when she ate the ice cream, she was so excited that she almost cried.

the hospital's obstetrics department was short on beds, and there were no vip rooms. lu yinxi was living with another pregnant woman. the pregnant woman was still wearing a hat in the summer. when she saw lu yinxi sitting on the bed and eating ice cream, she didn't even blink as if she had seen something strange.

lu yinxi generously gave her an ice cream. " do you want some? "

the pregnant woman next to her quickly shook her head, smiled awkwardly, and said, " i don't want to eat. "

lu yinxi seemed to be relieved.

that was great. this way, she would have an excuse to eat two ice creams.

when qiao jiusheng saw her eldest grandson, she thought of her youngest son. she took a photo of fang lu and sent it to fang zikai. due to the time difference, when fang zikai woke up in the morning and saw the news, a few hours had already passed.

he replied with two words, [ owwwuu. ]

qiao jiusheng was probably busy, so she did not reply.

fang zikai continued, [ so cute! ] it's so cute! [ i want to give birth to one. ]

seeing that his mother had not replied to his message, fang zikai called fang zicheng to congratulate him on having a son. he even made a fuss over the phone that he wanted to come back to attend his eldest nephew's one-month-old party.

" when are you going to get gu yiqiu back? " fang zicheng asked.

fang zikai was dispirited.

it's easy to court death, but hard to court a wife!

during fang lu's one-month celebration, fang zikai came back a day earlier.

he had given fang lu many things, all of which he still could not play. fang zikai did not find it strange that his cold-hearted brother would hug the child and coax him to sleep, and even mumble " baby, sleep " and " baby, be good ". he was only touched.

he rubbed his eyes and looked down at the table in front of him. he cursed, " damn it, it's so different when you have a child! "

that night, he had gone home to stay. at night, his sister, fang taoran, snuck into his room and asked him if he had a new girlfriend.

fang zikai snorted and did not speak.

"that means there's no one else." fang taoran chuckled slyly. she walked to fang zikai's side, bent down, and whispered into his ear, " little brother, i'm in love. "

fang zikai raised his head and looked at her.

it was no small matter that the little barbarian was in love.

he turned serious and asked fang taoran, " do mom and dad know? "

"of course i don't."

fang zikai frowned. "that's not right. it's not a shameful thing to like someone. why don't you tell your parents? they trust you so much, so you should tell them about your relationship."

fang zikai didn't agree with fang taoran's approach of secretly dating.

fang taoran said, " we just talked about it. i'll tell my parents later. "

“what kind of person is the other party?”

fang taoran, who was still a few months away from turning 20, was still a young lady. when she heard her brother ask about the boy she liked, she felt especially embarrassed.

the little barbarian blushed and said shyly, “ he’s just a ... well, he has good grades and looks very shy. ”

” tsk! ” fang zikai snorted. ” what’s the point of being a weakling? ”

“he’s not a weak chicken!” fang taoran was a little angry.

she said, “ he’s really cute and looks like a celebrity. when he smiles, he has two dimples. when i tease him, he blushes. a boy who blushes easily can’t be that bad.”

“forget it!” “ believe it or not, he’ll blush when i tease him, ” said fang zikai. maybe she’s too bored and just blushes.”

“i believe in my judgment!” during her first love, fang taoran was like every other silly girl, trusting the boy she liked with all her heart.

fang zikai looked at fang taoran, who was defending the boy he liked, and thought that the more he said, the angrier she would be.

little girls at this age were the most rebellious. he had said too much and touched her reverse scale. she originally only liked that boy a little, but after being provoked by him like this, it might turn into a life-and-death pledge.

fang zikai sighed and told her earnestly, “ you can be in a relationship, but you have to know your limits. when people were young, it was easy to be blind and not see people clearly. our mom is such a smart person, but she has also suffered in relationships in the past, not to mention us. when it comes to love, it’s always the girl who’s at a disadvantage.”

fang zikai looked like a silly guy, but he was actually very clear about the situation.

hearing this, fang taoran retorted fang zikai, " sister gu is the girl who was blind when she was young. otherwise, why would she like an idiot like you? "

"get lost!" fang zikai said.

he opened the door and pushed fang taoran out.

outside the door, fang taoran was scolding him for being heartless.

fang zikai said, " i'm so heartless. in less than half a minute, mom and dad will find out about the good things you've done. " it suddenly became quiet outside the door.

fang zikai walked to his bed and sat down. he could not help but think of the stupid thing he did a few years ago to test and provoke gu yiqiu. he sneered and said, " yeah, i'm an idiot. "

in the past, there were still people who treated him as a treasure, but he didn't cherish it.

if he wasn't an idiot, what was he?

Chapter 1196

1196 will she forgive me?

that night, fang zikai couldn't sleep.

he had to return to the country the day after tomorrow. fang zikai was not willing to leave just like that. the next day, he didn't even eat breakfast and got the driver to send him to the airport. fang zikai took a plane to C city.

gu yiqiu's school was located in the suburbs of C city and it covered a large area. the national defense university of technology that she studied in had several colleges.

even though they had already broken up, fang zicheng still paid attention to gu yiqiu's news. he knew that gu yiqiu was still single. he also knew that gu yiqiu had taken the master's degree and was currently studying at the no. 1 hospital.

!!

fang zikai called for a taxi and asked the driver to send him to the gate of the no. 1 hospital in the suburbs. all the students in this school enjoyed the same treatment as the soldiers, and they even received a monthly salary.

however, the school's management was stricter.

gu yiqiu was majoring in computer science, which was one of the most popular majors in the school. back then, the college entrance examination's cut-off score was also insanely high. in order to get into this university, gu yiqiu almost did not have a good rest in her third year of high school.

her family was a family of soldiers. her brother had taken a political career, but she had a special interest in joining the army to serve the country.

fang zikai stood at the entrance of the school, looking at the graduate students, master's students, and ph.d. students in military uniforms.

back then, she was childish and always made trouble out of nothing. she thought that gu yiqiu did not care about her when she ignored her. after breaking up with gu yiqiu, fang zikai found out that they would have to go through three months of military training as soon as school started. they had to train every day, so why would they have to train in the summer ...

winter and summer breaks were also shorter than other schools.

in short, this was a hellish school.

after so many years, fang zikai finally realized how ridiculous he had been at that time.

there were very few girls in the military school. fang zikai had seen a few girls but none of them was gu yiqiu. he had wanted to ask the security guard to help him find gu yiqiu.

however, when he really arrived at the main entrance of the school and saw the students walking with their heads held high, fang zikai was scared again.

he was the one who sought death, so how could he still be qualified to see her!

fang zikai lingered at the door for a long time, and finally decided to leave quietly. he had only taken a few steps when his back was suddenly hit by a hard object. fang zikai turned around in shock and saw the girl standing behind him.

it was gu yiqiu. her long hair was tied up and she was wearing a military uniform. her valiant and heroic appearance was so dazzling that people could not take their eyes off her.

fang zikai was stunned and thought that he was hallucinating.

otherwise, why would he see gu yiqiu?

gu yiqiu's expression was cold. she asked fang zikai, " are you here for me? "

it wasn't an illusion, she could talk.

fang zikai's lips moved but before he could say anything, gu yiqiu continued, " or are you here to find a new girlfriend? " gu yiqiu clicked her tongue and said, " tell me, what's your new girlfriend's major? is she pretty? i might even know her. "

fang zikai's heart was in turmoil, but his eyes were almost dull.

when he came back to his senses, he scanned gu yiqiu's body with a greedy look.

gu yiqiu let him look at her with a calm expression.

" yes, i'm here to find a girlfriend, " fang zikai said.

gu yiqiu's expression did not change, but her hands behind her back suddenly tightened. "oh, who is it? there are very few girls in the military school to begin with, and even fewer in the main division, so i definitely know her. tell me about it and i'll know if you're worthy."

fang zikai said, " she studied computer science and was the same age as me. she was my first love and i've liked her for many years. " tears welled up in fang zikai's eyes, and he said, " but i was young and insensible, and i liked to let my imagination run wild, and i liked to do whatever i wanted. i lost her. "

"i like her very much, really. i can't stop myself from liking her."

fang zikai's vision started to blur.

he thought of his childish and absurd self at that time and wanted to slap himself a few times. "i'm here to find my first love."

"who is it? your first love." gu yiqiu still had that cold and distant expression.

fang zikai's voice started to choke up. " her name is gu yiqiu. "

gu yiqiu's gaze wavered.

her eyes finally met fang zikai's.

fang zikai told gu yiqiu, " she is gu yiqiu, the prettiest girl in this school. she is my favorite girl. " i want to get her back." fang zikai cried and asked her, " miss, do you think i deserve to ask for her forgiveness? "

gu yiqiu's lips moved but she did not say anything.

" do you think she'll still accept me? " fang zikai asked after wiping his eyes.

" if she says that she already has someone she likes, " gu yiqiu said. gu yiqiu noticed that fang zikai's pupils had shrunk and her body tensed up. " what are you going to do if she doesn't want you anymore? " she asked.

fang zikai's heart throbbed painfully.

it was as if an embroidery needle had mercilessly pierced through it. the wound was so thin, but it was so painful.

fang zikai nodded dejectedly. he said, " i, i know. " he had really lost his boss. fang zikai rubbed his face hard and repeated himself, " i know ... "

he wanted to cry, but he also felt embarrassed, so he turned around to leave.

gu yiqiu suddenly said loudly to him, " so, when i saw you take out a photo of you and that girl that year, i'm sure you can understand how much my heart hurt. "

fang zikai stopped in his tracks.

he did not dare to turn back.

he was afraid that gu yiqiu would see the tears on his face.

" i understand, " fang zikai said. just like how he was now. he loved gu yiqiu to death, but he did not have the right nor the courage to say the word 'love' to her.

because he was no longer worthy.

fang zikai said, " i'm sorry. i shouldn't have scared you like that. i was insensible. " he finally had a taste of the pain that gu yiqiu had gone through. he finally realized how cruel he had been that day.

"i'm really sorry to have bothered you for so many years." after fang zikai finished speaking, his body suddenly twitched. gu yiqiu could hear his sobs. " are you crying? " she asked fang zikai.

fang zikai hiccuped again and said, " who's crying! i'm not crying! which eye of yours saw me crying!" he cried as he spoke, and he was very stubborn.

gu yiqiu found it unbelievable.

if she, the person who was hurt, didn't cry, what was he crying for?

after not seeing him for-few years, he didn't seem to have any other skills, but he had learned sister lin's unique skill-yingluo.

he cried.

gu yiqiu felt a little annoyed when she heard his sobs.

fang zikai was already crying and he was already in such a miserable state. however, gu yiqiu still refused to let him stay. fang zikai's heart turned cold.

he was really done for. gu yiqiu would not want him anymore.

fang zikai's heart was like dead ashes when he realized the truth. he lifted his heavy feet and prepared to leave.

" wait for me at the four seasons hotel tonight, " gu yiqiu suddenly said.

fang zikai was speechless.

## Chapter 1197

1197 fan yi tiedan said,"hate is also a kind of feeling."

he turned around in shock, his handsome face full of tears. " waiting for you at the hotel? " his tone was filled with disbelief.

it was not a good place to meet. should they meet at the hotel or at night?

fang zikai was still in despair a moment ago, but now, he had come back to life.

" mm. " gu yiqiu replied, " i still have a study program to do. i'll only be free at night. wait for me at the four seasons hotel. "

!!

"alright!"

...

the night arrived as promised.

fang zikai stayed in his room the entire afternoon. at night, he went to the hotel restaurant to have a simple meal before returning to his room to wait for gu yiqiu's arrival.

fang zikai could not help but try to figure out gu yiqiu's intentions when she arranged for the meeting to be held at a hotel.

he felt that something was definitely going to happen if they were to meet at a hotel so late at night.

however, he also felt that this was unrealistic.

based on his relationship with gu yiqiu, they should be like fire and water.

if gu yiqiu could forgive him for his insensibility back then, fang zikai should go burn incense and thank the buddha. he didn't dare to think too much. he was afraid that the more he thought, the more disappointed he would be.

however, fang zikai still washed himself carefully.

he had to be prepared.

in a flash, it was already nine o'clock.

fang zikai was chatting with his brother on wechat, and he had told fang zicheng about what had happened today. fang zicheng also felt that there was hope for them to get back together.

fang zikai did not understand one thing.

he asked his brother humbly, " she asked me to meet her at a hotel so late at night. brother, do you think gu yiqiu still has feelings for me? "

fang zicheng replied, [ of course. ]

fang zikai, [ really? ]

even her brother had said so. it seemed that boss still liked her.

he was happily thinking about this when he saw fang zicheng send another message. " [ she must hate you. hate is also a kind of feeling. ] brother tie dan was a straight-forward man who never lied.

fang zikai was speechless.

fang zikai was thinking about how to scold his brother so that he wouldn't be at a disadvantage, when the doorbell rang. fang zikai quickly dropped his phone and stood up from the bed.

the first thing he did was to tidy up his shirt. as he walked towards the door, he passed by the vanity mirror and stood in front of it for a few seconds.

he looked at himself in the mirror, hoping that he could look exquisite and perfect in every aspect.

he was very nervous. he always felt that his hairstyle was not handsome enough, the pimple on his cheek was not clean enough, and his pants did not match his clothes ...

the doorbell rang again.

" he's here, " fang zikai said loudly.

he quickly walked to the door and stood there to ask the person outside, " who is it? " it's always good to be more careful when you're outside.

outside the door, gu yiqiu's mocking laughter could be heard, " hehe ... "

gu yiqiu asked him, " who do you want to see? " if you want to see mu zitong, then i'm sorry, you'll be disappointed."

the mu zitong that gu yiqiu was talking about was the girl who had taken a photo with fang zikai.

fang zikai's scalp went numb.

why did you bring this up?

he had only taken a photo with mu zitong before she left the country. they had not contacted each other since then. fang zikai quickly opened the door. outside, gu yiqiu had taken off her uniform and put on her own private clothes.

it was a loose white t-shirt that revealed half of her shoulder. her collarbones were sexy, and she wore a black bra with shoulder straps under the shirt.

she was only wearing a pair of black super shorts and a pair of flat sports shoes on her straight and slender thighs. she was dressed simply, but she looked good.

fang zikai's gaze lingered on gu yiqiu's long legs for a moment before he looked at her face. he smiled at her and said, " you're here. "

" mmm, " gu yiqiu replied.

she went straight into the room, and as she walked in, she said to fang zikai, " did you secretly apply a mask? when you left, your eyes were still red. i remember that your eyes are very swollen after crying, and you'll only feel better after you put on a mask."

fang zikai touched his head in embarrassment, and his tone became nostalgic. he said, " you still remember ... "

“how can i not remember? after all, you’re a little fatty who likes to cry.”

fang zikai was about the same height as fang zicheng, with a big bone structure. he was tall and big in clothes, and his figure was the standard sexy man’s figure, which was not fat at all.

however, the title of little fatty might accompany him for the rest of his life.

this was a tag. as long as gu yiqiu was by his side, this tag would follow him like a shadow.

fang zikai smiled bitterly, “ i haven’t heard you call me little fatty for many years. ”

“what, you’re reminiscing?”

“yup,”

since fang zikai had admitted it, gu yiqiu did not say anything else.

fang zikai quickly poured her a glass of water and asked if she wanted green tea, black tea, or coffee. the hotel had them all. “ i’ll drink white wine, ” gu yiqiu said.

fang zikai, who was about to tear open a packet of green tea, paused when he heard the answer. he turned around and stared at gu yiqiu’s sexy figure under the light. “ white wine is strong. stop drinking. ” he said to her.

“i’ll drink this.” gu yiqiu laid down on the bed in a seductive position. “ it’s better to be drunk. ”

fang zikai’s throat was a little dry and hot.

he was sure that gu yiqiu was seducing him on purpose.

seeing fang zikai's innocent reaction, gu yiqiu felt a little better. this guy was still a clean one.

gu yiqiu was a carefree person, but when it came to men, she was extremely picky.

she disdained to touch an unclean man.

fang zikai felt guilty too. if he wanted to do it with gu yiqiu, then she would acknowledge him.

with bad intentions in his heart, fang zikai tried to persuade gu yiqiu.

gu yiqiu insisted on drinking white wine, so fang zikai pretended not to agree and opened a bottle of white wine for her, pouring a small glass.

fang zikai offered to drink with her but was rejected by gu yiqiu.

gu yiqiu drank a glass and poured herself another. " how did you know that i was outside school this morning? " fang zikai asked after she finished three glasses in one go.

"ran ran and your brother called me." gu yiqiu was not a god and would not know how to predict.

fang zikai secretly gave his brother and sister a thumbs up in his heart.

he saw that gu yiqiu had already drunk three glasses and seemed to want more. he frowned and took her glass away. "don't drink anymore, three glasses is already too much." drinking too much white wine was bad for her health, and fang zikai did not want gu yiqiu to get hurt.

gu yiqiu snorted but did not snatch the glass away.

they sat on both sides of the coffee table, facing each other.

gu yiqiu stared at fang zikai from a distance of half a meter away, as if she was looking at an object. fang zikai was also looking at her. after not seeing her for three to four years, gu yiqiu had become more mature and charming. she looked tough in her uniform and charming without it.

fang zikai was a good-looking man, and he really liked the woman in front of him. in the dead of night, it was inevitable that fang zikai would be tempted.

## Chapter 1198

1198 i'll get used to it after a few more beatings.

gu yiqiu saw fang zikai's adam's apple moving up and down and found it funny. she could see that fang zikai was a little nervous, a little expectant, and a little forbearing.

"little fatty, come!" gu yiqiu suddenly said.

fang zikai's expression changed. "what?"

did i really hear wrong?

!!

" stand up. we should start, " gu yiqiu said.

really?

fang zikai was embarrassed. he said, " i, i'm not ready yet. "

hearing this, gu yiqiu's expression was unfathomable. she had a faint smile on her face. she asked fang zikai, " what else do you need to prepare? "

fang zikai blurted out, " i don't want my first time to happen in a hotel. "

hearing fang zikai's words, gu yiqiu laughed out loud. she laughed joyfully, as if she had just heard the funniest joke in the world.

fang zikai was confused by her laughter.

what was she laughing at?

"what's wrong?"

gu yiqiu did not answer fang zikai's question.

gu yiqiu stood up and walked around the table to fang zikai's side. " fatty, stand up, " gu yiqiu said to fang zikai.

fang zikai was very excited.

he suddenly stood up, like a hamster that suddenly popped out of a hole in a game of hamster. he was so fast that his head almost hit gu yiqiu.

gu yiqiu quickly dodged.

"why are you so excited?" gu yiqiu glared at him.

fang zikai also felt that his behavior just now was too embarrassing.

fang zikai pursed his lips in embarrassment and explained, " it's my first time, so i'm a little excited. "

"i'm fine." " it's normal to be nervous for the first time. you'll get used to it and you won't be nervous anymore, " gu yiqiu replied honestly, like an older sister in society.

hearing this, fang zikai was a little smug.

"yiqiu, i will treat you well for the rest of my life ..."

before fang zikai could finish his sentence, he saw gu yiqiu raising her fist and walking towards him.

"oh!"

fang zikai's head fell backward and two streams of blood came out of his nostrils.

his nose was bleeding, not because gu yiqiu was too sexy, but because gu yiqiu was too cruel!

fang zikai fell on the sofa behind him, covering his nose as blood flowed out.

fang zikai was dumbfounded. he stared at gu yiqiu blankly and asked her in a daze, "why did you hit me?"

gu yiqiu walked over, grabbed his hair, and pressed his head against the back of the sofa. she looked down at him and scolded him coldly, "who do you think i am! you can have it whenever you want, and you can throw it whenever you want!"

"i didn't ..." before fang zikai could finish his sentence, gu yiqiu punched him in the stomach again.

fang zikai frowned in pain. "let '@@ s ... talk ... nicely ..."

" i remember that your pig head was quite close to mu zitong's head in that photo, right? " this was bringing up old scores.

fang zikai finally understood that the first time gu yiqiu was talking about and the first time he was thinking about were two completely different things.

"i'm sorry," she said. that incident was indeed fang zikai's fault. his anger quickly subsided and he admitted his mistake voluntarily. "you can hit me, as long as you can vent your anger ..."

as soon as he finished the last word, fang zikai felt the world spinning.

he was lifted up by gu yiqiu and thrown onto the carpet.

gu yiqiu caught up to him, lifted her sneaker foot, and started kicking him. when gu yiqiu said that she was going to beat someone up, she meant it and never played any games.

fang zikai felt like his lungs were about to burst from her kick.

but he still didn't fight back. he just couldn't stand the pain and couldn't help but scream a few times.

gu yiqiu was still kicking him, with more force than before.

just as fang zikai was about to faint, he heard gu yiqiu say, " fang zikai, no one can bully me like this except you! don't think that just because i like you and dote on you, you can do whatever you want!"

gu yiqiu finally retracted her foot.

she covered her face with both hands and squatted beside fang zikai, crying.

fang zikai opened his eyes slightly and saw the warm and piercing light above his head. he also heard gu yiqiu sobbing beside him, " i can fight, i can endure hardships, and i have a strong personality. " "but i'm also a girl. i like people, i get hurt, i feel sad, and i'm afraid of betrayal ..."

she finally couldn't help but cry out loud. gu yiqiu scolded him as she cried, " you're not human. you're bullying me. you only know how to bully me ... "

fang zikai felt very upset.

he was the one who had been beaten half to death by gu yiqiu. he was also the one who felt sorry for gu yiqiu. he remembered that during their high school gathering, his friends had joked with gu yiqiu.

"sister qiu, you're so good at fighting, no one can hurt you. even brother kai has to admit defeat when he's up against you."

"how can i?" gu yiqiu glanced at fang zikai, who was eating chocolate beside her. she said half-jokingly, " isn't your brother kai the one who hurt me? "

fang zikai had even said, " how could i bear to hurt you, boss. "

in the end, he had hurt her.

fang zikai struggled to get up. he was in so much pain that he gasped. however, he still knelt on the carpet and held gu yiqiu in his arms. fang zikai pressed her against his chest and gu yiqiu's tears wet his shirt.

fang zikai regretted all the ridiculous things he had done the last time they had met. "i'm sorry boss. i'm sorry, i won't intentionally make you angry anymore, really."

"little fatty." gu yiqiu grabbed his sleeve and said, " if you dare to treat me like this again, i will no longer protect you. "

“i won’t,”

## Chapter 1199

1199 sleeping with someone without getting engaged was being a hooligan.

it was inevitable for two people who had reunited and made up to be lovey-dovey.

gu yiqiu said that she wanted to go back to school, but fang zikai did not agree. “ i’m going to United States tomorrow. you’re going back to school tonight ... ” fang zikai tried to keep gu yiqiu. “ boss, you’re not going back, right? ”

gu yiqiu leaned against the wall and glanced at the injured fang zikai. she suddenly laughed out loud, “ little fatty, you want to sleep with me? ”

fang zikai’s face turned red.

!!

gu yiqiu pulled down her shirt that revealed half of her shoulder. this time, even her underwear was exposed. gu yiqiu’s head was leaning against the wall with her head slightly tilted. her exposed neck had a beautiful line and her collarbones were fair.

after staying in the military school for so many years, gu yiqiu’s skin was still so fair that it was almost pink. she looked like she would not get tanned.

“i’ll let you sleep.” gu yiqiu saw fang zikai’s eyes widen. she added, “ as long as you still have energy. ”

fang zikai was still sitting on the ground.

he tried to stand up, but just standing up had almost used up all his strength. he leaned against the bed frame and said, " oh no, i might not be able to sleep. " he said, " it hurts ... "

gu yiqiu noticed that fang zikai's face was pale. " does it hurt? " she asked.

fang zikai gasped but did not nod.

"let's go to the hospital!"

"no," fang zikai said. he had been beaten up by his girlfriend and was hospitalized. if this got out, how could he face others?

gu yiqiu scoffed. " then forget it. i'm leaving. "

"don't!" fang zikai suddenly reached out and grabbed her hand.

gu yiqiu stopped and looked down at him.

fang zikai said, " i'll go. isn't that enough? "

"this is more like it."

gu yiqiu personally brought fang zikai to the hospital for an x-ray. the doctor took fang zikai's report and asked him, " who injured you? one of your ribs was broken. this person was merciful and didn't cause hemomothorax. " who did it? did you call the police?"

hearing the doctor's words, gu yiqiu's eyes darted around.

fang zikai said, " i'll take care of this. how do you want me to take care of my injury? "

” the ribs are not displaced. conservative fixation and bracing, coupled with anti-inflammatory and bone-reconnecting medicine, will do. it’s not a big problem. ”

“you don’t need to be hospitalized, do you?”

“no need. go back and have a good rest.”

“oh.”

because of his injury, fang zikai had to delay his departure. he could not bear to leave gu yiqiu, so he stayed in a hotel in C city. gu yiqiu felt good about beating up fang zikai, but she still had to take good care of him.

after qiao jiusheng found out about fang zikai’s injury, she immediately dropped everything on hand and rushed to C city. over the phone, qiao jiusheng knew the reason why fang zikai had been beaten up. she also knew that the person who had hit him was gu yiqiu.

as a mother, qiao jiusheng’s heart naturally ached for her son who had been beaten.

it was inevitable that she did not like gu yiqiu.

when she arrived in C city, she was not angry anymore when she saw her son smiling like a fool even though he was beaten up. an idiot like fang zikai should be punished by a girl like gu yiqiu.

qiao jiusheng had booked another room in the same hotel, on the same floor as fang zikai.

she stayed at the hotel for three days. during these three days, gu yiqiu would come to the hotel to accompany fang zikai whenever she was free. she even cooked soup for him. qiao jiusheng saw everything in her heart and was finally completely at ease.

she was not afraid that gu yiqiu would hit fang zikai, but she was afraid that gu yiqiu would not feel hurt after hitting someone.

it seemed that gu yiqiu was also feeling bad.

qiao jiusheng could understand gu yiqiu's actions. she left on the fourth day. the day after she left, two nutritionists came to C city to take care of fang zikai's basic needs.

with their help, gu yiqiu would not have to work so hard.

after recuperating for half a month, fang zikai's injuries were much better.

he should go back to school.

the evening before he left was a saturday. fang zikai asked gu yiqiu to ride a bicycle with him and they went around the school. that day, fang zikai was dressed very handsomely, like a moving hormone.

wherever fang zikai went, he attracted countless gazes.

gu yiqiu only drove him around the school once. half an hour later, almost all the students in the school knew that gu yiqiu, who majored in computer science, had a boyfriend. gu yiqiu was good-looking. after she went to university, she was also the campus belle of their school.

all these years, gu yiqiu had never had a boy around her. there were many people who had a crush on her. now that they knew she had a boyfriend, they had to give up.

fang zikai was only satisfied after he had declared his sovereignty in the school.

gu yiqiu was not stupid, she knew what fang zikai was thinking. but she liked him and was willing to indulge him. that night, fang zikai used the perfect excuse that he was injured and couldn't be injured again to press gu yiqiu down on the bed and kiss her all over.

to gu yiqiu's surprise, fang zikai did not actually go all the way with her.

gu yiqiu was not bothered by this matter. she touched fang zikai's hand when she saw that he had stopped.

fang zikai was shocked by her touch.

fang zikai quickly took her hand away, " don't touch it. " his voice sounded depressed.

gu yiqiu pouted as she thought of the huge object she had touched earlier. " you obviously want it. why are you still pretending to be a gentleman? "

fang zikai said, " i do want it, but now is not the time. "

gu yiqiu could not understand what fang zikai meant by 'not the right time'. "then when will it be?" gu yiqiu laughed and mocked fang zikai, " do you have to pick a time to make love? then why don't we take our birth characters and ask the fortune-teller which year, month, time, and time are suitable for us?"

fang zikai blushed and said, " that, that's not necessary. "

gu yiqiu gave him a sidelong glance. " then what do you mean by 'not at the right time'? "

"after i propose to you." fang zikai said, " he slept with her without proposing or signing a marriage contract. he's like a hooligan. "

gu yiqiu was speechless.

she stared at fang zikai, and could not help but stroke his soft black hair, " little fatty. " the way she called him "little fatty" sounded especially pampering and loving. gu yiqiu thought of something and suddenly laughed. she said, " when i was in my first year of high school, we were still strangers. you even dared to hug and kiss me. why is it that the older you are, the more backward you are?"

“i was young and insensible at that time. i did a lot of wrong things.” fang zikai tidied up his hair in embarrassment. “ when i come back for christmas, i’ll go to your house and propose to uncle, ” he said.

gu yiqiu was stunned. “ my dad likes to drink the god of poetry’s white. ”

“then i’ll bring a few more bottles.”

“ a few bottles is too little. get a few more boxes. that stuff isn’t expensive. ”

“it’s not good for your health to drink too much.”

gu yiqiu thought for a moment and said, “ then we can install an automatic vending machine at home. he can only drink one bottle every half a month. every time he takes out a bottle of wine, he will need a special sale coin that i gave him. ”

## Chapter 1200

### 1200 a marriage proposal

fang zikai looked at gu yiqiu with starry eyes. “ you know how to design? ”

“who am i?” she pinched his face again on purpose. “ i’m your boss. there’s nothing i don’t do except peeing. ” these words sounded crude, but the logic behind them was not.

fang zikai was speechless.

i don’t believe that you can also get hard ...

!!

they had agreed to meet gu yiqiu on christmas day to propose marriage. fang zikai and gu yiqiu hugged each other and whispered to each other through the night. the next morning, gu yiqiu sent fang zikai to the airport.

she watched as fang zikai carried a small luggage bag and left without looking back. she felt a lump in her throat and turned around to leave as well.

fang zikai did not dare to turn around, afraid that gu yiqiu would see his eyes reddened again. fang zikai felt that he had been given birth to the wrong gender. he loved to cry like a little girl, so he should have changed his gender with fang taoran.

...

as promised, on christmas day, fang zikai, dressed in a tight suit, brought his father and grandfather to gu yiqiu's house to propose marriage.

gu tingshen was originally very dissatisfied with fang zikai, who asked him to bully his precious daughter.

in the end, before gu tingshen could throw a tantrum at fang zikai, he heard the old man standing behind fang yusheng call out to him, " xiaoshen. "

gu tingshen raised his head and saw chi boguang.

gu tingshen had been a rascal when he was young. at that time, chi boguang was a god in the eyes of the group of children in binjiang city. he was smart, handsome, and polite. he was the 'good child' that all the adults talked about.

gu tingshen had been a devil's incarnate since he was young. he had done a lot of stupid things when he was young, but he had always admired cultured people, especially big brothers like chi boguang who were cultured, meaningful, and good-looking.

however, gu tingshen was not qualified to be chi boguang's little sidekick at that time.

chi boguang's popularity was too high, and there were too many people following behind him as underlings. it was not gu tingshen's turn. gu tingshen and chi boguang weren't close, but that didn't stop gu tingshen from admiring him.

when chi boguang had gone missing, gu tingshen had been sad for quite a while.

who would have thought that after a few decades, chi boguang would still return?

this time, he had transformed into a 'highly intellectual' that even the chairman respected. as soon as he returned, he became the leader of a special research team in the biological research institute.

as for how mysterious the research team was, even gu tingshen didn't know the specific project even with his current status.

it could be seen how secretive chi boguang's actions were.

big brother would always be big brother.

hearing chi boguang call him xiaoshen, gu tingshen was stunned at first, then an unnatural expression flashed across his dignified face. gu tingshen said awkwardly, " brother boguang, you're already so old. don't call me by that name. "

"oh, then i'll call you shen shen."

gu tingshen,"as long as you're happy."

gu tingshen invited bo guang into the house enthusiastically. as for fang yusheng and fang zikai, he said, " who was that? what the hell was that? she could go wherever she wanted to cool off.

fang zikai tugged at fang yusheng's sleeve and whispered into his ear, "dad, i'm right. it'll only work if we bring grandpa along." if the two of us were to visit him alone, gu yiqiu's father would definitely give us the cold shoulder."

fang yusheng's mood was complicated.

he took a deep look at his father. he had to admit that the piece of ginger called bo guang was spicier.

gu tingshen invited chi boguang to sit in the courtyard. the sun was still warm today, and the two of them drank tea and talked about the past. it wasn't cold. they were talking about the interesting things that happened when they were young, and neither of them asked about the other's work.

gu tingshen was really curious when he thought about the years when chi boguang had gone missing. he asked him, "brother boguang, where did you go all those years?"

chi boguang's past had already been erased by that person. other than the people involved and those who knew the truth, no one else knew about chi boguang's past.

chi boguang turned to look at gu tingshen. he smiled and said, "xiaoshen, there are some things that you shouldn't ask too clearly."

this sentence was full of warning.

gu tingshen could naturally tell.

he laughed and did not say anything else.

he didn't speak, but chi boguang didn't forget why he had come to the gu residence today. chi boguang coughed and took a sip of tea, as if to moisten his throat. "xiaoshen."

"hey, brother boguang." gu tingshen hurriedly looked up at chi boguang. seeing that chi boguang probably had something to say, he asked, "brother boguang, do you have something to ask me?"

“i’m here because i have a favor to ask.”

“oh?”

chi boguang touched his nose and said, “ my grandson likes your qiu girl. i brought him here today to ask you for a person. ” seeing gu tingshen’s eyes narrow, he braced himself and said, “ i hope you can part with your precious girl qiu and give her to the fang family ... ”

gu tingshen said, “ brother boguang, this matter ... ”

chi boguang happened to be holding a teacup in his hand. just as gu tingshen was about to say that he still needed some time to consider this, the blanket in chi boguang’s hands suddenly split into pieces.

the teacup fell to the ground, along with the tea and the porcelain pieces.

gu tingshen’s eyelids twitched.

he stared at the broken pieces on the ground and changed his tone. “ this ... of course, it depends on gu yiqiu’s opinion ... ” gu tingshen felt wronged! is this how you propose marriage?

damn it, chi boguang was threatening him!

a naked threat!

hearing this, chi boguang’s tense old face suddenly relaxed. he smiled and patted gu tingshen’s shoulder, saying, “ xiaoshen, you’re a good father. if little qiu knows what you’re thinking, she’ll definitely be very touched.”

gu tingshen chuckled.

in the afternoon, chi boguang brought his son and grandson to the gu residence for lunch. after lunch, the fang family struck while the iron was hot and told them about the engagement. gu tingshen listened quietly to chi boguang and responded occasionally. he was very unhappy, but he still had to put on a happy expression.

by the time the fang family had settled everything, the sky was about to turn dark.

gu tingshen was not in the mood to ask them to stay for dinner.

he sent the three men from the fang family off as if he was sending off the god of plague. he turned around and pointed at gu yiqiu the moment he entered the house. " do you see this? this is the in-laws you found. they're like a group of bandits! "

to be able to make gu tingshen, a bandit, admit that the fang family were bandits, it could be seen how brutal the bandits of the fang family were.

seeing that her father was angry, gu yiqiu asked him, " father, do you really dislike fang zikai that much? there's nothing wrong with fang zikai."

gu tingshen was silent for a moment before sighing. "what do you know?"

gu tingshen sat down on a solid wood chair.

he said, " i'm just worried that you'll be bullied after we get married. i can't win against brother boguang and will let you suffer. "

hearing this, gu yiqiu suddenly lost her ability to speak.
