

Ex's Brother 1212

Chapter 1212 the fox and the white rabbit

this shop was opened by an extremely handsome young chinese boss, but there were many european and american customers in the shop. those who could come here to play were not short of money.

the dynamic dance floor and the top-notch sound system combined the loud music and lighting perfectly. the men and women who were dancing on the dance floor were all demons.

fang taoran was also a playful person, but she had a sense of propriety.

in a foreign country, even if fang taoran wanted to play, he wouldn't let himself get drunk. she only drank half a glass of wine before she took off her coat and entered the dance floor in a tight black sequined skirt.

!!

fang taoran was dancing with two girls from her company. she liked to tease girls, and it was far more exciting to bump into young and hot bodies of the same sex than to lean against the hard bodies of men.

fang taoran twisted for a while before the lights suddenly dimmed.

every time this happened, someone on the dance floor would reach out their lecherous hands to tease people.

fang taoran knew what would happen if she continued to stay on the dance floor. just as she was about to leave the dance floor, someone suddenly grabbed her hand. then, her body spun around and in the next second, she fell into the chest of a man.

fang taoran raised his head in surprise. under the dim light, only the tall figure of the man could be seen.

he seemed to be looking down at her.

fang taoran then asked him, " are you trying to flirt with me or sleep with me? " fang taoran spoke in english.

the man chuckled, his voice making fang taoran's ears heat up.

" hehe ... " he tightened his arms around fang taoran and said, " i want to sleep with you, i want to tease you, and i want to marry you. is that okay? " this person spoke chinese, which was very standard.

the lights were on again.

fang taoran narrowed his eyes and looked at the man again. he saw a smiling face. this person didn't look young. he should be a few years older than her. she was only ... he might be thirty.

"you want to marry me?"

fang taoran deliberately made things difficult for him. " you can't prove it with words. show me your ring. " she thought to herself,"if you can take it out and the size is just right for me, i might really consider taking you as my fiancé."

"what's wrong? if i take it out, you'll marry me?" the smile in his voice seemed to have deepened.

fang taoran thought for a moment before saying, " if you can take out the ring, i can go on a date with you and give you a chance to pursue me. if your ring is suitable for my finger size, then i can consider kissing you tonight."

the man continued, " if i can call out your name accurately, can you consider sleeping with me tonight? " he had so brazenly said something like "in bed," but fang taoran didn't feel offended at all.

when a handsome man said such things, it was not sexual harassment, but flirting.

fang taoran, however, narrowed his eyes.

“you know me?” she wasn’t stupid. since the other party said that, he definitely knew her. fang taoran stared at the person in front of him and suddenly said, “ what a fortunate thing. ”

the man’s gaze became deeper.

“ranran, you deliberately told me your location, didn’t you?” he lifted fang taoran’s waist, forcing him to stand on his tiptoes, and their bodies were pressed tightly together.

” i called out your name. how about it? do you want to sleep with me? ”

fang taoran, like her little brother, was a little obsessed with looks. she stared at he qifeng’s handsome face and her breathing quickened. suddenly, she said, “ don’t talk to me. turn your head and talk to me. ”

although he felt that fang taoran’s request was a little ridiculous, he was fortunate enough to do as he was told.

he tilted his head and said, “ i went to China to look for you eight years ago, but you hid. eight years later, you came to philadelphia to find me, and i came to meet you. so, do you want to have a one-night stand or a one-month stand with me?”

fang taoran stared at the side profile of the lucky man, his breathing still slow.

damn it, how could someone be so good-looking from the side?

she was immersed in the man’s beauty and did not hear his words clearly. she asked, “ what did you say? ”

he blinked his eyes and asked, “ first or second, which one do you choose? ”

fang taoran didn’t even think about it and said, “ i’ll choose the third option. ”

if there's no third one, i'll see what you can say.

he was so lucky to be able to answer fluently. he said, " oh, so you want to have a love of a lifetime with me. "

fang taoran was speechless.

"wait, what are the first and second?"

"a one-night stand and a one-month stand," he was so lucky to grab one of fang taoran's hands, put it to his mouth, and kissed it. his eyes were full of her, looking at her with deep love and no regret. he was so lucky to have his high-pitched, hoarse voice that fang taoran could hear. he said, " you chose the third. " alright, i agree."

fang taoran rolled his eyes.

"you're cheating."

they had known each other for too long on the internet. after hugging and cuddling earlier, fang taoran was no longer nervous. she pushed he qitian away and walked out of the dance floor. he was so lucky to be able to follow her.

the two of them walked to the bar and ordered a glass of wine each.

fang taoran had just taken a sip when she saw how lucky she was to take out a velvet box from her pocket and casually throw it into her arms.

fang taoran caught it subconsciously.

when she held the box, she said, " since you took my ring, you must be my bride. "

“tsk.”

fang taoran didn't believe that he had already bought the ring.

she opened the box casually and was dumbfounded when she saw that there was really a ring in the box. she raised her head and looked at how lucky she was. her expression was a little stunned. “ you ... ”

“i'm single. my bachelor certificate is under the box.”

hearing this, fang taoran subconsciously opened the lid of the box. sure enough, there was a folded piece of paper under it. fang taoran took out the piece of paper and opened it. it was written in english, and the name was Abel, He.

fang taoran felt like the piece of paper in his hand was a hot potato.

was it too late for her to throw it away now?

suppressing the agitation in his heart, fang taoran put the paper and ring together and placed them on the table. she stared at he qifeng's face for a moment before asking, “ how old are you? ”

“32?”

“he's eight years older than me,” fang taoran tilted his head and looked at him. suddenly, he said, “ you knew me before. ”

before he qi could speak, fang taoran added, “ i'm not talking about the internet. ”

his fortunate smile deepened.

“yes, i know you.”

he stared at fang taoran’s beautiful and charming face. he thought of something and sighed, “ when you were young, your face was toot. who knew that you would be so beautiful when you grew up? ”

“who are you?”

“heyu,”

fang taoran frowned. he did not match the name with the identity of the person in front of him. “i don’t know him.”

“you do, but you’ve forgotten.” he qi had the honor to say, “ my name is he yu. we met in tz city 20 years ago. ” when you were four years old, you scared your parents by running away from home. your mother will bring you to the streets to see the beggars and let you know the consequences of being kidnapped.”

” your parents were very kind people. they made a lot of contributions to China’s efforts to crack down on human trafficking, and i was the child they saved. ” he was lucky to see the doubt in fang taoran’s eyes. he was afraid that fang taoran wouldn’t believe him, so he opened his phone and found fang yusheng’s phone number.

“this is mr. fang’s phone number.”

fang taoran took a closer look.

it was indeed her father’s phone number, and it was a private number that he usually didn’t give to strangers.

fang taoran took a deep breath. “ you like me, ” she said.

“i like it.”

“what do you like about me?”

“i really like your body, i really like your appearance, and i really like you.” when he said this, his expression was a little more serious and solemn.

however, fang taoran said, “ men love to lie, especially outstanding men like you. ”

“i’m very happy that you acknowledge my excellence.” he yu picked up the ring and gift box on the table and played with it in his hand. ” ranran, you can’t claim that you’ve met all the men in the world just because you’ve met a scumbag. ”

“i’m different from that person. i don’t like to blush, and i don’t have a messy ex.”

fang taoran’s expression didn’t look so good after his sad past was exposed. “you sure know how to talk!”

“my mouth is also very suitable for kissing.” he yu invited her. ” we have a lot of time to verify my love for you. so tonight, you can test my kissing skills in advance ... ”

as soon as he said this, fang taoran leaned in front of him. fang taoran looked up at him and said, “ don’t be so glib. ” if you really like me, we can register our marriage directly.”

“he yu, you marry me and announce it to the world. come home with me, pay my respects to my parents, and hold a wedding with me. i’ll believe you then. otherwise, this is all nonsense.”

fang taoran didn’t believe he yu would really agree.

however, she had once again underestimated he yu.

“alright!”

he yu smiled and said, "tomorrow will be a warm and sunny day. i'll bring all the necessary information and return to china with you to register our marriage. after we get married, we can stay in binjiang city for a while, and then move to philadelphia for a while. "when we have children in the future, it'll all depend on the children's thoughts. if they want to live in China, then i'll shift the focus of my work to china. if they like philadelphia, then i'll have to trouble you to stay with me in philadelphia ..."

fang taoran listened to he yu's long-winded speech as he imagined their future, and she was completely stunned.

i'm just scaring you, and you even f*cking planned out how many children i'll have in the future and where the children will go to school?

...

a month later, fang taoran put on her wedding dress, held fang yusheng's arm, and walked on the red carpet.

at the end of the red carpet was the man named he yu.

she felt that this month had been like a dream. after they met that night, he yu really took a break and returned to China with her the next day. he was like a piece of plaster that could not be thrown away.

he yu was also extremely capable. in just a week, he had formed a good relationship with everyone in the fang family. even fang yusheng, who was very picky about his son-in-law, was full of praise for this young man called he yu.

he even patted fang taoran's shoulder and praised her, "ranran, you've finally brightened your eyes this time. the kid you found this time looks pretty good."

lisa also said, "this grandson-in-law is really tall. his eyes even look a little like your grandfather's. a man who looks like your grandfather is definitely not wrong."

qiao jiusheng said, " he yu is a child who knows how to be grateful. he has a successful career, a clean love life, and he is a few years older than you. when you get married in the future, he will definitely dote on you ... "

with the full support of the fang family, fang taoran and he yu got closer and closer, and somehow, they got married.

after exchanging rings, the two of them kissed each other for the first time in front of all the guests.

it wasn't fang taoran's first kiss, but she was even more nervous than before. her hands clenched the bouquet so tightly that the veins on the back of her hands were protruding. when the two of them parted, fang taoran heard he yu call her, " ranran. "

knowing that he yu had something to say to him, fang taoran leaned over to listen.

she heard he yu say, " i came to binjiang city to look for you back then, but you stood me up. at that time, i swore that i would marry you in this life. after i marry you, the first thing i have to do is to make you unable to leave the bed for the entire night ..."

he was a good child who was grateful, but also a bad child who held grudges.

fang taoran was stunned. " is it too late to regret now? " he asked.

he yu's smile was elegant and charming. " what do you think? "

fang taoran stared at he yu's smile.

she said, "mom, i saw a fox smiling at me."

his mother said, "nonsense, how is he a fox? he's clearly a kind, loyal, and sensible puppy."

he yu's gaze was deeply fixed on fang taoran. back then, he had earned his first bucket of gold in his life and couldn't wait to fly back to binjiang city to see the little girl from the fang family. he wanted to tell her that he was working hard to become stronger and that he would definitely become an even more outstanding person in future.

but she had stood him up.

eight years had passed, and he was glad that she was still alone.

he had finally become strong enough to give her a good living environment.

you saved me 20 years ago. i'll marry you in 20 years.
