

## Ex's Brother 201

### Chapter 201: Husband and Wife's Love, Peace on the Bed

"Miss Qi, you're here."

As another daughter-in-law of the Fang family, the second one, was present here, when Wang Lin saw Qi Yunsheng, she did not address her as Madam Fang but as Miss Qi.

Qi Yunsheng was young, so addressing her as madam would be inappropriate.

Qiao Jiusheng gave Wang Lin an elegant smile and hugged her. After they separated, she said to the girl beside Wang Lin, "Congratulations, Piaopiao." To congratulate Wu Piaopiao on her success in her studies, Qiao Jiusheng had especially prepared a teenage blue diamond platinum necklace for her. It was a trophy of her love.

This necklace was very popular among teen girls.

Wu Piaopiao accepted the gift box and opened it to take a look. When she saw what it was, her eyes lit up, and she politely thanked Qiao Jiusheng.

Wu Piaopiao was unfamiliar with Qi Yunsheng, so Madam Wang Lin greeted her politely. When Qiao Jiusheng saw other guests coming in, she found an excuse and separated from the mother and daughter duo.

Qiao Jiusheng took a cocktail from a waiter and ran to a corner to take a sip.

She glanced at the men and women in the crowd and was not surprised to see a few familiar figures.

Jiang Jie, Jiang Jie's mother, Liu Qingya, Wei Xin, and Qiao Jiuyin were all here.

Familiar faces could always be seen on such occasions. That was how the high society circle functioned. Someone unexpected could just be your friend's close friend. After going around in circles, they were all acquaintances.

Qiao Jiusheng looked at them and suddenly thought of the joke she had seen on Weibo the night before.

A class held a special meeting related to puppy love. The form teacher closed the door and turned around to say to the students, "Once this door is closed, we will be a family. Whoever dares to fall in love with another person from the class would cause chaos and mess."

Whether it was through marriage or love, these people were people from the same circle.

Qiao Jiusheng found this funny and could not help but laugh.

This smile was deep, but not a happy one.

She only felt that it was ironic.

Qiao Jiusheng stared at a handsome man who had just entered the cocktail party. That man had his arm around his wife as they attended the cocktail party. The two of them looked loving and harmonious; they politely and beautifully smiled at everyone they met. However, Fang Yusheng had gossiped to her in private that the man was actually gay. He originally had a lover, but for the sake of his family's interests, he had chosen to marry the woman.

The man's boyfriend could not accept this relationship and had kicked him out. On one hand, this man pretended to smile at his wife; on the other, he was secretly looking for his old love.

Isn't it ironic?

Isn't it funny?

“Why are you smiling like a fool?” Wei Xin walked over to Qiao Jiusheng and kicked her high heels under her dress.

Qiao Jiusheng stopped laughing and patted the seat beside her. “Sit.”

Wei Xin lifted her skirt and sat down beside her.

“How have you been?”

Wei Xin had been busy recently and hadn’t contacted her friend much.

Qiao Jiusheng nodded and shamelessly told Wei Xin, “The husband and wife are loving and are harmonious on the bed. Everything is great.” She touched her stomach and continued, “Ah, if only there were a small one, it’ll be even more blissful.”

Wei Xin cursed, “Shameless.”

Qiao Jiusheng said, “Anyway, I’m wearing a fake face. I can be as shameless as I want.”

Wei Xin stopped joking with her. She looked at Qiao Jiusheng’s face, which could not hide her smile, and seriously asked, “Are you serious with Fang Yusheng?”

Qiao Jiusheng’s smile faded.

She put her hand to her chest and said, “I’m the same as you. If I like him, I like him. If I love him, I love him. I’ll never hide it.” She tilted her head and looked at Wei Xin, regretfully saying, “I used to think that I would love Fang Mu until I was old, but he let me down. I then thought that I wouldn’t be moved again.”

She rubbed her chest harder. “However, I had thought too highly of myself. I have no self-control.” With a smile, Qiao Jiusheng resigned herself to fate. “I might be in love again.” Of course, she could tell Wei Xin this straightforwardly, but not to Fang Yusheng.

Chapter 202: As expected of the person who touched my thigh

Hearing Qiao Jiusheng's words, Wei Xin took a sip of wine. She was not surprised.

"Yes, you're a beauty. You're soaking in Young Master Fang's stunning looks every day. It's not surprising that you would rebel." Wei Xin really did not find it strange. She had already guessed that this day would come; she just didn't expect it to come so soon.

"I don't care who you're dating as long as you're happy." Wei Xin touched Qiao Jiusheng's thigh and seriously said, "I just want to see you happy. I don't care who is the person who gives you happiness."

Qiao Jiusheng shrugged. "You're so mushy. Stop touching my leg!" She slapped Wei Xin's hand away and used the skirt to cover her thigh to show her determination. "My leg belongs to my Yusheng. How can a lecher like you touch it?"

Wei Xin rolled her eyes.

"Who needs it?" She had touched more thighs than Qiao Jiusheng had seen.

In the past, Wei Xin had also lived a carefree and unrestrained life.

When comparing playfulness, even ten Qiao Jiusheng could not beat her.

She was carefree.

If she were a man, she would have ruined young ladies.

However, she was a woman, so she might not be seen as pure.

The two of them happily mocked each other. At this moment, Wei Xin suddenly patted Qiao Jiusheng's arm and mysteriously said, "Look, the show is starting!"

Qiao Jiusheng followed her gaze.

She saw two women standing in the direction of the Wu family's main staircase. One of them had worn a loose long dress that covered her pregnancy. This woman had worn flat shoes, and her long hair gently rested on her shoulders. It was Qiao Jiuyin. She was talking to an unfamiliar young woman.

The other young woman had worn a black deep V-necked dress. Her black hair was especially styled into a fresh style, and a gemstone necklace graced her neck. This woman was beautiful and dazzling.

The two of them seemed to be conversing while hypocritically smiling. A knife was hidden behind each of their smiles similar to a needle hidden in cotton.

"I've seen this person before." Qiao Jiusheng looked at the woman in the black dress.

"I saw her at the Fang Corporation's Yuanxiao banquet." Qiao Jiusheng narrowed her eyes and continued, "I keep feeling that she looks a little like me."

Wei Xin snapped her fingers. "You have good eyesight."

Without waiting for Qiao Jiusheng to question her, Wei Xin took the initiative to admit to the truth. "How is it? The person I found might not be 80% like you, but it's at least 60%, right?"

Qiao Jiusheng looked at her in shock.

"The person you found?" She was confused. "What are you planning to do?"

Wei Xin sneered and snorted. "Qiao Jiuyin has let you down. I'll embarrass her for you."

Qiao Jiusheng stopped talking.

She had heard from Fang Yusheng a few days ago that Fang Mu had a mistress outside. His problem had even escalated to the extent that everyone in the company knew about it.

It now seemed Wei Xin had a part to play in this.

Qiao Jiusheng's heart warmed. She patted Wei Xin's shoulder and magnanimously said, "You're indeed someone who deserves to touch my thigh. How loyal."

Hu Yao's and Qiao Jiuyin's voices were getting louder and louder.

"How dare you come here?"

The woman in front of Qiao Jiuyin was dressed coquettishly and sexily; she was the target of many men's secret glances. Qiao Jiuyin looked at Hu Yao with contempt and said, "How are you qualified to enter such an occasion with your status?"

Qiao Jiuyin swept her gaze across the banquet hall, and she suddenly let out an ambiguous and disdainful smile. "Did you sneak in with another man?"

Hu Yao blinked her slender fox-like eyes, her expression arrogant. "Madam Fang, don't slander me." She took out an invitation from her bag. "I can come in naturally because of the invitation."

Hu Yao was Wei Xin's person, so it was easy for Wei Xin to get an invitation for her.

Qiao Jiuyin stared at the invitation in Hu Yao's hand with surprise.

"I didn't expect you to be so scheming." She even managed to fool her way into getting an invitation.

## Chapter 203: A Sudden Change

Hu Yao did not get angry at Qiao Jiuyin's sarcastic words. She still smiled seductively.

"I can even fool your husband. What's getting a mere invitation?" Hu Yao was unafraid of offending Qiao Jiuyin.

No matter how composed Qiao Jiuyin was, these words still managed to infuriate her.

Everything and everyone had a weakness.

There were other people around the two of them. Their voices were not soft, so they naturally attracted many people's attention.

It was common for rich people to keep their lovers as models. One look at this situation, and everyone realized that the main wife had bumped into a mistress. This surprised nobody. On the contrary, they were happy to watch the show.

When Qiao Jiusheng heard Hu Yao's words, she was also impressed by her shamelessness.

"Where did you find this weirdo? These words can anger someone to death." If Fang Yusheng dared to raise a mistress outside who was so shameless, Qiao Jiusheng would definitely beat her to death.

Wei Xin was also surprised. "I didn't expect her to be so talented." Hu Yao had the talent to be a top-grade mistress.

Qiao Jiusheng and Wei Xin enjoyed the show.

Qiao Jiuyin was a daughter of a wealthy family. When she heard Hu Yao's words, she couldn't take it anymore. She gritted her teeth and thought for a long time. In the end, she only scolded Hu Yao, "You're too shameless. You're shameless!"

Qiao Jiusheng clicked her tongue and said, "If it were me, I would scold you like this: You bastard, you're so f\*cking shameless. You can only dream of my man. Who do you think you are? You're not even a fart." Qiao Jiusheng had been fierce since she was young, worthy of her nickname as the Third Dog.

Wei Xin only shook her head and laughed.

Qiao Jiuyin's scolding was nothing in front of Hu Yao.

Hu Yao turned around to leave. She was too lazy to continue arguing with Qiao Jiuyin. Anyway, her goal tonight was to embarrass Qiao Jiuyin. It seemed she had successfully done so.

Seeing that Hu Yao was about to leave, Qiao Jiuyin quickly looked around and realized that everyone was looking at her. A plan appeared in her heart.

"Don't go!"

Qiao Jiuyin suddenly reached out to pull Hu Yao's hand.

Hu Yao felt a sudden pain in her palm. She subconsciously flung her hand away. The force of her fling sent Qiao Jiuyin to the side. Qiao Jiuyin's feet accidentally twisted off the stone staircase, and she fell down the 24th step.

"Ah!"

Something unexpected happened, shocking everyone.

Hu Yao: "..."

God testified that she was more wronged than Dou E.

Seeing something strange was one thing, but seeing someone die was another.

Qiao Jiusheng and Wei Xin stood up at the same time and ran toward Qiao Jiuyin and the rest.

What entered Qiao Jiusheng's vision was Qiao Jiuyin crying in pain and bleeding from her thigh.

Qiao Jiusheng's heart tightened when she saw the blood.

Two lives were at stake.

Wei Xin looked at the stunned Hu Yao in surprise.

Hu Yao shook her head.

She felt wronged.

She had not done this on purpose.

Just now, when Qiao Jiuyin had grabbed her hand, Hu Yao had felt as if something had entered her palm. It had been so painful that she couldn't take it.

Clearly, she had not known what Qiao Jiuyin would do.

Wei Xin immediately understood everything.

It seemed like Qiao Jiuyin was directing another show.

She's ruthless to dare risk the life of her children.

It did not matter that Qiao Jiusheng could not bear to see Qiao Jiuyin like this. Whether it was as 'Qiao Jiusheng's' nominal sister-in-law' or her Qiao Jiuyin's sister, Qiao Jiusheng could not ignore the current Qiao Jiuyin.

She hurriedly ran down the stairs and carried Qiao Jiuyin, who was still crying in pain. "Sister..." Just as she opened her mouth, she realized that the word "sister" was about to escape from her mouth. She quickly shut up and changed her words. "Sister-in-law, how are you? Hang in there. I'll send you to the hospital!"

Chapter 204: Anesthesia-free surgery

Qiao Jiusheng's voice was extremely nervous, and her expression was flustered.

She was stunned.

What happened just now had happened too quickly. Qiao Jiusheng didn't have the time to think about the hatred from the past.

She could not watch two innocent lives get into an accident.

Qiao Jiuyin tightly grabbed Qiao Jiusheng's hand. She frowned in pain, and her face turned as pale as wax. "Eldest... Eldest Sister-In-Law, save... save my children." She cried.

Qiao Jiusheng quickly nodded.

"Okay, let's go to the hospital."

Madam Wang Lin had already gotten her husband to bring over a car. With the help of the Wu family's guard, the group got into the car and drove to the hospital.

Wei Xin had also entered the car.

Hu Yao was suspected of deliberately pushing down a pregnant woman, and the Wu family had detained her. She sat alone on a chair in the courtyard and looked down at her palm. A needle-sized wound on her palm was still bleeding. She recalled the pain she had felt when Qiao Jiuyin grabbed her hand. It had not been an illusion. Qiao Jiuyin had pricked her with something.

Even though she had been tricked by Qiao Jiuyin, Hu Yao was afraid.

She did not expect Qiao Jiuyin to be so ruthless as to dare risk her child. When Hu Yao thought that two lives might have been lost because of her, her hands trembled.

Just as she was feeling flustered, her phone rang.

Hu Yao took out her phone and saw that it was a message from Wei Xin.

[Calm down, I'll make sure you're fine.]

Seeing the message, Hu Yao was slightly relieved.

"Miss Hu, you're suspected of premeditated murder. Please follow us to the police station for an investigation," a police officer arrived at the scene and said to Hu Yao.

Everyone had seen Hu Yao push down Qiao Jiuyin.

Hu Yao knew that she could not argue anymore. She could only stand up and follow the police.

She could only pray that the children in Qiao Jiuyin's stomach were fine and that Wei Xin would come to protect her sooner.

On the way to the hospital, Qiao Jiuyin lay alone in the backseat of the car with a high pillow under her buttocks. Qiao Jiusheng and Wei Xin squatted in the narrow aisle that allowed them to walk. The inside of the car was extremely crowded, but the atmosphere was exceptionally heavy.

Qiao Jiuyin had been telling Qiao Jiusheng, "Sister-in-law, call, call my doctor!" She was worried about letting other doctors deliver her children.

Qiao Jiusheng could only do as she was told.

Blood kept flowing out. Qiao Jiuyin held her stomach and was scared out of her wits.

She suddenly regretted taking a bet on her children's lives.

However, the moment Hu Yao had turned around and left, a demon had suddenly jumped out of Qiao Jiuyin's heart and tempted her to risk her and her children's lives over and over again in her ears. She could not control herself. She had momentarily lost her mind and actually done that.

When she had been rolling down the stairs and blood and water kept flowing out of her, she had felt fear and regret.

How could she risk her children!

Wei Xin looked at the woman lying under her in silence with a complicated expression.

Qiao Jiuyin definitely won in terms of ruthlessness.

With her ruthlessness, it would not be a problem even if she wanted to kill a hundred concubines in the harem, let alone one Hu Yao. Wei Xin really felt sad that Qiao Jiusheng had such a vicious sister.

It felt like a century had passed when the car finally arrived at the hospital.

Qiao Jiuyin's doctor was waiting for her. When he saw Qiao Jiuyin, he quickly sent her to the operating theater. Soon, the Fang family's people, Fang Mu, and the Wu family's people rushed over to the hospital room. The accident had happened at the Wu family's house. Logically speaking, the Wu family had to come and check up on her.

The moment Fang Mu arrived, the door to the operating theater opened.

The doctor held a medical malpractice protection form and said to Fang Mu, “Mr. Fang, there is too little amniotic fluid inside your wife, and her uterus is hemorrhaging. There’s no time for anesthesia cesarean section now. If we want to keep the children, we can only perform anesthesia-free surgery.”

Everyone’s expression changed at once.

Chapter 205: Heartless Abandonment

“We asked the pregnant woman for her opinion. Madam immediately requested anesthesia-free surgery. Mr. Fang, you’re her family member. Look...”

The doctor did not dare to make any suggestions.

Anesthesia-free surgery was equivalent to fighting with the grim reaper. Even though the doctor was an experienced gynecologist, he did not dare to say that the surgery was without risks.

However, Qiao Jiuyin had refused to give up the children to protect herself...

Fang Mu stared at the list, and his mind went blank.

All along, he had chosen to ignore the existence of those two children. But now, when he heard that the children might die, he felt his heart ache.

Seeing Fang Mu hesitate, the doctor said, “Mr. Fang, the situation is urgent. You have to make a decision as soon as possible.”

Fang Mu’s parents and the others did not speak.

They had to respect Fang Mu's and Qiao Jiuyin's opinions on this matter.

The door opened again.

The midwife walked out and said to the doctor and Fang Mu, "She's strongly requesting or anesthesia-free surgery."

In the end, Fang Mu still signed the paper.

After signing, Fang Mu felt a little weak. He sat down on the iron chair and could not help but cover his handsome face with his hand to hide the confusion and worry in his eyes.

Qiao Jiuyin lay on the operating table, the blood under her still flowing out.

She felt guilty toward her children.

When the doctor had asked if she wanted to protect the children or herself, she had chosen to protect the children without hesitation.

It was her fault for letting the children get into an accident.

She could not kill them anymore.

Anesthesia-free surgery was really painful.

Qiao Jiuyin maintained her clarity. She could see the doctor holding the scalpel and cutting her abdomen. She was in so much pain that she got drenched in sweat. The midwife kept wiping away her sweat. At that moment, Qiao Jiuyin suddenly thought of Qiao Jiusheng. After the accident, Xiao Sheng had also undergone an operation in the hospital. Was she in such pain at that time?

Tears fell from the corners of Qiao Jiuyin's eyes.

She did not know if she was regretting the harm she had done to her sister or repenting for the wrongs she had committed toward her two children.

\*\*\*

"Madam."

The midwife's voice resounded in Qiao Jiuyin's ear.

Qiao Jiuyin tilted her head and looked at the midwife, her expression weak.

The midwife looked uncomfortable.

Qiao Jiuyin's heart skipped a beat. "What's wrong?" Could it be that there are problems with the children?

Her wound was still being sutured. She was in so much pain that it was difficult for her to breathe. However, when she saw the midwife's expression, she ignored the pain. "Is it the children?" She struggled to stand up from the operating table. If anything happened to the children...

Qiao Jiuyin could not accept this possibility.

"One child is very healthy. The other..." The midwife had worn a mask, but a sheen of sweat could be seen on her forehead. She hesitated for a moment before saying, "The other child is suffering from severe hypoxia. His breathing is very weak at the moment, and... and his development is not very good."

Qiao Jiuyin was stunned.

She felt like a stone hammer had struck her in the chest.

“What do you mean by not very good?”

“Your other baby has a deformity in his left foot. He only has three toes. Besides, his health is not too good. The lack of oxygen is too serious, and his breathing is very weak. We will administer emergency treatment for him, and he will have to stay in the pediatric critical care area for a while. Perhaps...”

“I didn’t miss a single checkup. Couldn’t you guys tell that the child had deformities?” Qiao Jiuyin was furious.

The midwife helplessly explained, “Madam, sometimes we can’t see their toes clearly after an aberration checkup.” It was normal for them to not be able to see a fetus’s toes clearly because of the fetus’s position in the stomach.

Qiao Jiuyin was in disbelief.

She had never thought that her child would be unhealthy.

Abnormal...

I didn’t touch anything forbidden during my pregnancy. How could my baby be deformed?

Is this really retribution?

Chapter 206: Born Dead

“Madam, we will immediately carry out resuscitation for the child and transfer him to the pediatric unit. Don’t worry too much! The child will survive—”

“No.” Qiao Jiuyin interrupted the midwife.

The midwife was stunned.

The doctor, who was suturing Qiao Jiuyin's wound, paused as well.

They all looked at Qiao Jiuyin in surprise.

There was disbelief in their eyes.

Qiao Jiuyin did not care about her life and death and wanted to give birth to two children. Now, if the other child was saved in time, he could still live, but she chose not to...

They looked at Qiao Jiuyin with complicated expressions.

Qiao Jiuyin's eyes were slightly red. Her eyes held grief, but also ruthlessness.

The two emotions intertwined, making her seem a little fierce and treacherous.

So what if they save the child?

He is born deformed. Instead of letting him live to be despised, it's better...

If something happens to the child, Hu Yao would be held responsible.

After making up her mind, Qiao Jiuyin looked up at the doctor and said to him in a cold tone, "This child was born dead because of an untimely rescue."

Everyone remained silent, feeling stunned.

Taking a deep breath, Qiao Jiuyin looked into the doctor's eyes again and said in a ruthless tone, "This child was a stillborn, right, Doctor?"

The doctor said nothing.

The two midwives remained silent.

Qiao Jiuyin clenched her fists and endured the pain in her body. She roared, "Doctor, he was born dead, right?"

The doctor hesitated for a long time before nodding with difficulty.

"Yes."

He could have saved the child, but now, he was an executioner.

Soon, the door to the operating theater opened.

The midwife stepped out.

The family members beside the door stood up and surrounded the midwife.

Fang Mu nervously asked the midwife, "Nurse, how's the situation inside?"

The midwife thought of what had happened inside and felt a little guilty. She looked at Fang Mu and said in a heavy tone, "Mr. Fang, the surgery is over. Madam's condition is fine. It's just that the children..."

Facing everyone's expectant and nervous gazes, she felt like a shark's fin was stuck in her throat.

She closed her eyes and opened them again. Then, she said, "Because the delivery was not timely, one child was seriously hypoxic and was stillborn. However, the other child is fine. He was also lacking in oxygen and had to be transferred to the Intensive Care Pediatrics Hospital."

When Fang Mu heard this, he was stunned. His heart ached.

Stillborn...

The others looked at each other with grief in their eyes.

Another two hours passed before Qiao Jiuyin was finally pushed out of the operating room. Her face was as pale as wax.

The moment Qiao Jiuyin saw Fang Mu and Fang Pingjue, she, who was supposed to be lifeless, suddenly reached out and grabbed Fang Mu's hand. She cried. "Brother Mu, our child..." The moment she spoke, tears gushed out of her eyes.

Fang Mu looked at her with mixed feelings and guilt.

If he had not messed around outside, Qiao Jiuyin would not have to prematurely give birth; his child would not have died.

"Brother Mu, Dad, Aunt Xu, I'm sorry. I didn't protect the children." Qiao Jiuyin took the initiative to show weakness and did not mention Hu Yao's mistake.

Fang Mu and Fang Pingjue could not bear to see her like this. Fang Mu consoled her, "This is not your fault. Don't blame yourself." Xu Pingfei also comforted Qiao Jiuyin.

Qiao Jiuyin cried non-stop.

Wei Xin coldly looked on, her heart turning cold.

Qiao Jiuyin is such a good actress.

## Chapter 207: The Fetus Is Missing

Translator: Atlas Studios Editor: Atlas Studios

Qiao Jiusheng had witnessed the entire process of Qiao Jiuyin and Hu Yao's argument. She was not stupid; she could see the strangeness of this matter. When she thought that this might be Qiao Jiuyin's self-directed and self-denial show of bitterness, her mouth turned sour. Using her children to exchange for an imaginary relationship, she is really...

She could not understand Qiao Jiuyin.

He's just another man. Was all of it necessary?

First, Qiao Jiuyin had caused a car accident to imprison her. Now, she used her children to drive Hu Yao away. She was even more frightening than an ambitious politician.

Qiao Jiuyin, who was crying, was pushed into the elevator and moved to the hospital floor.

After the nurses pushed her into the elevator, Fang Pingjue suddenly turned around and slapped Fang Mu..

Caught off-guard, Fang Mu was knocked into the wall.

"Pingjue!"

Xu Pingfei screamed in shock and quickly went forward to stop Fang Pingjue, who was about to hit Fang Mu.

Fang Mu remained silent after being slapped.

“Fang Mu, look at what you’ve done. I don’t care about you raising a woman, but you should know your limits! I want that woman to die with my grandson!” Fang Pingjue pointed at his forehead and sternly ordered, “Cut off all contact with that woman right now!”

Fang Mu was silent for a while, then said, “Yes.”

Wei Xin’s eyes flashed, and she turned around to leave.

Qiao Jiusheng quietly sat beside Fang Yusheng.

After Fang Mu, Fang Pingjue, and the rest went downstairs, Qiao Jiusheng weakly leaned on Fang Yusheng’s shoulder.

Fang Yusheng finally said his first sentence tonight.

“Don’t be afraid.”

He knew that Ah Sheng was afraid.

Qiao Jiusheng had been observing the entire incident tonight as an outsider.

Qiao Jiuyin’s methods had shocked her.

“Yusheng, hug me.” She was cold all over, so cold that her bones were cold.

Fang Yusheng hugged her.

The weather in March was not cold, but Qiao Jiusheng was so cold that she shivered in his arms.

\*\*\*

Fang Mu went to the Intensive Care Pediatrics Department to settle the admission procedures for his child.

After everything was done, he found the midwife from before and said, "I want to see that child." That child was his flesh and blood after all. Fang Mu's conscience was not made of stone. He could not bear to think of the child who had died at birth.

The midwife's eyes flashed with guilt.

"Mr. Fang, according to the hospital's regulations, the child has been sent to be cremated."

Fang Mu was stunned.

Did I not even get the chance to look at that child?

Fang Mu lowered his head and walked downstairs. There was no longer any fierce aura around him.

Seeing that Fang Mu had left, the midwife ran to ask the doctor who had operated on Qiao Jiuyin.

Pushing the door open, the midwife asked the doctor, "Dr. Liu, is that child going to be cremated?"

Dr. Liu shook his head.

The midwife was stunned for a moment, then asked, "Then what do we do?"

"The Medical University called and said that this child is deformed. They want to use it to make a human specimen."

The midwife's heart ached.

Could that child not even rest in peace after death?

Dr. Liu suddenly said, "Come in."

The midwife stepped inside.

When she saw Doctor Liu take out three bank cards from his pocket, her expression changed slightly. At this moment, Doctor Liu bitterly smiled and said, "These three bank cards are for the three of you." Back then, in the operating theater, other than him, the chief surgeon, there had been three nurses.

These bank cards contained hush money.

The midwife held the three bank cards with a heavy heart.

When she gave the card to the other two people, she saw that the two midwives looked different. Feeling strange, she asked, "What's wrong?"

The other two people were a little flustered.

"Xiao Hui, he's missing," the girl called Xiao An anxiously said.

Xiao Hui was confused. "What's missing?"

Xiao An was so afraid that she could not even speak. At this moment, the other slightly braver midwife said, "The fetus is missing!"

Xiao Hui's expression changed.

## Chapter 208: We Have to Raise It Even If We Sell Everything

Wei Shuyi received a call from the Medical University asking him to take a fetal sample from the First People's Hospital in City B. When he arrived at the hospital, he unexpectedly found out that the fetus was missing.

Wei Shuyi felt that something was strange about this matter, so he asked for more information.

The midwife knew Wei Shuyi. After a moment of hesitation, she told him about the fetus. Knowing that the mother had abandoned the fetus, Wei Shuyi felt uncomfortable.

He took the elevator downstairs. Just as he was about to go to the parking lot, he saw two familiar people.

"Xiao Sheng?" Wei Shuyi was surprised to see Qiao Jiusheng here.

Qiao Jiusheng and Fang Yusheng were about to get into the car and go home.

Upon hearing Wei Shuyi's voice, Qiao Jiuyin turned around and raised her eyebrows in surprise. "Big Brother Wei, why are you here?"

Through his sunglasses, Fang Yusheng glanced at Wei Shuyi.

Oh, it's the fresh meat who wore the same shirt as me.

Fang Yusheng was a little unhappy, but he did not stop Qiao Jiusheng from talking to Wei Shuyi. "Do you know him?" he asked, although he knew the answer.

Qiao Jiusheng nodded and kindly explained, "It's Brother Wei, who I met at the mall previously."

Fang Yusheng nodded and faced Wei Shuyi. He curiously asked him, "Why is Brother Wei here? What a coincidence to meet you at the hospital."

Wei Shuyi wanted to correct the way he addressed him, but after thinking about it, he gave up.

Forget it! Let him address me however he wants to. It's not like I'll lose a piece of flesh.

"My supervisor is the director of the cardiology department in this hospital. I come to the hospital to learn from him sometimes." Wei Shuyi walked toward them as he spoke.

When Fang Yusheng heard his explanation, he remained silent for a moment, then said, "The doctor should be off work by now."

Wei Shuyi chuckled and said, "Yes. I'm not here to see my mentor today. I'm here to pick up a specimen."

Qiao Jiusheng spoke before Fang Yusheng could. "A specimen?" She knew that there were human specimens in the medical school, so she asked, "Are you here to take a human sample?"

"Yeah."

Wei Shuyi added, "There was a stillborn at the hospital today. Our medical school plans to use it as a specimen."

Qiao Jiusheng acknowledged this and did not think that there was any problem.

On the other hand, Fang Yusheng adjusted the sunglasses on his nose and asked, "Binjiang Medical University is a renowned medical university in the country. It can't be that they lack a stillborn specimen, right?" He frowned and doubtfully said, "Could it be that there's something special about this specimen?"

Wei Shuyi was a little surprised.

This Young Master of the Fang family is so sharp.

Upon hearing his question, Qiao Jiusheng found it strange. When did Fang Yusheng become so talkative?

Wei Shuyi trusted Qiao Jiusheng. He recalled that Fang Yusheng and Qiao Jiusheng were husband and wife, so he did not put up any defenses. He confessed to it. "It's a deformed fetus. I was informed that he only has three toes on his left foot. He was still breathing when he was born, but his mother refused to have him."

Qiao Jiusheng thought: it was just three toes on his left foot. This is not a serious abnormality. If the mother gave up on the child because of this, she was ruthless.

She could not help but think of the equally ruthless Qiao Jiuyin, and her mood inexplicably became heavy.

If it were her child, she would never give him up. She would raise him even if it meant selling everything.

Fang Yusheng was silent for a moment before casually asking, "Was the child born today?"

"Yeah." Wei Shuyi did not notice Fang Yusheng's intentions.

Nodding, Fang Yusheng noticed that Wei Shuyi's hands were empty, and there was a strange expression on his face. Fang Yusheng was not the only one who felt strange. Qiao Jiusheng also noticed this. She glanced at Wei Shuyi's hands and asked him, "Did you take the specimen?"

Chapter 209: The Master is Nobody's Fool

Wei Shuyi clicked his tongue. "The fetus is missing." His brows furrowed, and a puzzled expression appeared on his face. "Someone actually stole the fetus. That's strange."

"There are all kinds of weird people," Fang Yusheng said.

Wei Shuyi's phone rang. The call was from the Medical University. He rejected the call, bade farewell to Qiao Jiusheng and Fang Yusheng, then called back the number.

Looking at his back, Qiao Jiusheng said to Fang Yusheng, "Who would steal a fetal corpse?"

Thinking of some rumors, Qiao Jiusheng could not help but touch her arms.

"Could anyone have... eaten it?" She felt nauseous.

Fang Yusheng patted her head. "Don't think too much."

They got into the car. Qiao Jiusheng was in charge of driving while Fang Yusheng sent Qi Bufan a message.

[Investigate how many fetuses were born and how many died in the First Hospital today. Focus on finding dead fetuses with deformed left feet.]

Qi Bufan was puzzled, but he still did as he was told.

When the car arrived at the house, Fang Yusheng's phone rang.

He let Qiao Jiusheng get out of the car and remained seated in the car to talk on the phone.

"Sir, eight fetuses were born in the hospital today, but only one was stillborn. This stillborn..." Qi Bufan sounded surprised.

Before he could continue, Fang Yusheng said, "It's Fang Mu's child."

Qi Bufan was silent for a second, then said, "That's right."

Fang Yusheng added, "The stillborn was stolen."

Qi Bufan thought that Fang Yu was crazy. "Yeah, the hospital still hid it. They only said that they brought it to cremate."

"Find out who stole that baby."

Fang Yusheng did not believe that someone had stolen the stillborn and ate it.

"Okay."

Fang Yusheng returned to the house and went upstairs to find Qiao Jiusheng.

Qiao Jiusheng was exceptionally silent tonight. She did not even take a shower and just lay on the bed, covering herself with a thick blanket. Fang Yusheng looked at her and guessed what she was thinking. His heart ached for her.

Anyone would find it difficult to comply with a sister like Qiao Jiuyin.

In less than an hour and a half, Qi Bufan returned with some news.

Fang Yusheng covered Qiao Jiusheng with the blanket and walked downstairs.

Qi Bufan saw him and handed him a stack of photos.

“This person armed herself and entered the hospital. She stole the fetus. I followed the traffic surveillance and found her address. I went to her place to investigate. She’s a witch.” Qi Bufan pointed at the old woman who was wearing a headscarf and had white hair in the photo. He said to Fang Yusheng, “I wonder what she’s going to do with the fetus.”

Some witches could make Gurman Tongs. Qi Bufan guessed that this witch was going to make Gurman Tongs.

But Fang Yusheng did not think so.

He tapped his fingers on the table and thought for a moment. Suddenly, he said to Qi Bufan, “Check if this witch has any connection to Qiao Jiuyin.”

Qi Bufan felt that Fang Yusheng was looking for trouble, but he still did as he was told.

The next day, Qiao Jiusheng woke up with a pain in her head.

She sat by the bed for a while before changing and going downstairs.

Fang Yusheng calmly sat at the coffee table under the roof. The specks of light from the trees landed on him and shone. He had worn a light yellow shirt with his sleeves rolled up, revealing a small section of his fair arms.

Men with fair skin looked feminine, but not him.

Qiao Jiusheng stared at him for a long time.

Although it was early, just staring at him made her stomach warm.

Chapter 210: Thank God You Escaped

Noticing her gaze, Fang Yusheng turned around and waved at her. "Ah Sheng, come here."

Like a puppy, Qiao Jiusheng walked over to him without hesitation and sat down beside him.

She picked up two cubes of sugar and threw them into the coffee cup, gently stirring them. When she tasted them, she felt that they were not bitter anymore. Only then was she satisfied.

"That child is Qiao Jiuyin's."

Hearing Fang Yusheng's words, Qiao Jiusheng suddenly looked up.

"Which one?" After being stunned for a moment, she realized that Fang Yusheng was talking about the child Wei Shuyi had mentioned last night. Qiao Jiusheng's expression became complicated. "Is it the one with a deformity?" If the child had a deformity, she could understand Qiao Jiuyin's thoughts.

She must be thinking that since the child was abnormal, it would not matter if he died.

She could make an issue out of that child.

Qiao Jiuyin is too scheming.

"Yes." Fang Yusheng nodded.

Perhaps because she had seen through Qiao Jiuyin, Qiao Jiusheng was calm.

However, she was sad at the thought that the child had been stolen or maybe eaten by those perverts.

Poor child!

“The child is alive.” Fang Yusheng dropped another bombshell.

Qiao Jiusheng was stunned.

“Isn’t he already dead?”

“No, the child is still breathing.” Fang Yusheng’s tone was a little stern.

Qiao Jiusheng was stunned.

The child was born alive.

But Qiao Jiuyin abandoned him!

Why?

Just to achieve her goal?

Fang Yusheng did not expect Qiao Jiuyin to be so vicious.

“She had a good plan.”

Fang Yusheng put some sugar into the soy milk and said while stirring, “The child is deformed. When he grows up, he will definitely suffer from many eye rolls. Besides, he suffered from a serious lack of oxygen. If he were saved, there would be a problem with his brain development. They hid the fact that the child was deformed and only announced to the public that the child had died because of an untimely rescue. This way, Qiao Jiuyin will not only earn Fang Mu’s heartache and guilt but also the Fang family’s sympathy. She could easily drive away Hu Yao.”

“Killing three birds with one stone.”

Fang Yusheng took a sip of soy milk and praised Qiao Jiuyin with a smile, "She's really smart." Although he was smiling, his eyes were very cold.

The saying that a woman's heart is the most vicious was true.

Qiao Jiusheng could not even drink her coffee.

She felt cold all over. There was no warmth even in her fingertips.

Fang Yusheng suddenly held Qiao Jiusheng's hand and inexplicably said, "Fortunately."

Qiao Jiusheng looked at him in confusion.

"Fortunately, you escaped from her." Fang Yusheng pinched Qiao Jiusheng's hand, his brows filled with ruthlessness. "If you didn't escape, I can't imagine what she would've done to you..." Qiao Jiuyin could be so ruthless to her own child. If she had really managed to imprison Qiao Jiusheng, Ah Sheng's outcome would be even worse.

Qiao Jiusheng looked at Fang Yusheng's handsome face, which was filled with relief. A strong desire arose in her heart to tell him everything about her previous life!

"Yusheng, I—"

"Madam, Miss Wei called."

Aunt Jin's words interrupted Qiao Jiusheng, who was about to say something.

Qiao Jiusheng turned around and said to Aunt Jin, "Just come!"

Fang Yusheng asked Qiao Jiusheng, "What were you going to say just now?"

Shaking her head, Qiao Jiusheng kissed the side of his face.

Fang Yusheng was instantly lost in her kiss.

Qiao Jiusheng stood up to answer the call.

I had almost told him.

She was glad that Aunt Jin had interrupted her. If she had really said those things, Fang Yusheng would be heartbroken. He had already suffered for more than ten years. There was no need for her to create trouble for him.
