"When the accident happened, the one who was in the same car as me was my sister named Qiao Jiuyin."

'Qiao Jiusheng' pointed to himself and explained to the female traffic policeman, "My sister and I are twins. We look alike. She is wearing a pair of black jeans and a light blue short coat today. Comrade traffic police, you must help me. Find my sister..."

With that, the eyes of 'Qiao Jiusheng' were filled with tears again, and there were more sobbing in the words. This scene can be very moving.

Fang Mu glanced at the girl beside her, saw the rain falling from her coat, and couldn't help frowning. "Xiao Sheng, I'm here to watch, you first go take a bath and change your clothes, and then go to the hospital for an examination."

'Qiao Jiusheng' naturally refused, but Fang Mu forced him into the car.

Fang Mu pressed on the shoulder of 'Qiao Jiusheng', turned around and said to Lin Miao, who arrived a step behind, "Secretary Lin, take good care of her, don't leave her alone."

Secretary Lin naturally nodded.

Seeing "Qiao Jiusheng", it seemed that he still had something to say, Fang Mu cast a look at the driver, and the driver hurriedly activated the accelerator, and took away "Qiao Jiusheng" who was crying heartbreakingly.

Looking back, Fang Mu walked to the side of the highway. He glanced at the rolling river on the cliff and felt bad.

I'm afraid, that Qiao Jiu's sound is too bad.

*

"Ahem!"

"Ahem!"

Opening his eyes, a rough man's face appeared in Qiao Jiusheng's sight. The man wears a traffic police uniform, but looks a bit fierce. Qiao Jiusheng recognized this face. In the previous life, this person pretended to be a traffic policeman and salvaged her from the river, and then personally sent her to the prison that Qiao Jiuyin prepared for her.

His true identity is actually the desperate gangster found by Qiao Jiuyin.

Seeing Qiao Jiusheng wake up, the middle-aged man breathed a sigh of relief.

Spit out the water in his lungs, Qiao Jiusheng heard the man ask, "Miss Qiao, are you okay?"

Qiao Jiusheng did not speak, and heard the man say again, "I'll take you to the hospital. Your sister and they learned that you are still alive, but they are so happy."

Qiao Jiusheng nodded slightly.

The man masquerading as a traffic police helped her up and took advantage of the strength to stand up. Qiao Jiusheng realized that his body was in pain. I don't know how many ribs were broken. It was so severe that it hurt even to breathe. Not only that, she also suffered an injury to her right thigh. There was a 20 cm long scar. At this time, the blood was drained and the wound was also infected. .

There was a sound of footsteps, and Qiao Jiusheng looked up and saw several men in white coats approaching with a stretcher. Qiao Jiusheng was carried on a stretcher by them and taken into an ambulance. Looking at the roof of the car, Qiao Jiusheng's eyes were desperate.

She still remembers that she was taken into the hospital by them in her last life. After the emergency operation, she was taken away by Qiao Jiuyin's people before she woke up, and she was imprisoned. And Qiao Jiuyin arranged a completely ruined female corpse early, waiting to be discovered by the police.

At this point, 'Qiao Jiuyin' completely disappeared from this world.

Relive again, this time, Qiao Jiusheng would never allow himself to be Qiao Jiuyin's caged bird again.

When she arrived at the hospital, Qiao Jiusheng was sent to the emergency room. She watched the anesthesiologist give her anesthesia. She could only hypnotize herself over and over again, and be sure to stay awake.

Human will is really terrible. Throughout the operation, Qiao Jiusheng remained somewhat awake, and the pain of the knife cutting on the skin was very much tolerable. But Qiao Jiusheng, who pretended to be unconscious, didn't even frown.

In the last life, she was cut off by Qiao Jiuyin's tongue alive. The pain was a hundred or thousand times worse than it is now.

*

"How long does it take for her to wake up?"

"I will wake up in about four hours at the latest."

Hearing the doctor's answer, the man nodded, waiting for the nurse to send Qiao Jiusheng into the ward, then the man picked up the phone and dialed the employer.

"The operation has been completed and it was successful. She was awake in about four hours."

"Where should I send people?"

"Don't worry, there will be no mistakes, but what you promised me..."

Hearing the affirmative answer from the woman on the other end of the phone, the man was satisfied. After hanging up the phone, he went to the car and took off the traffic police uniform and put on a normal black jacket before returning to the ward.

Pushing open the door of the ward, the man was stunned when he saw the empty bed. Then, his expression changed drastically.

Fang Mu left the scene of the car accident and rushed to the hospital. Qiao Jiuyin had already completed the examination.

She was lying on the hospital bed, with multiple minor injuries on her body, and she was already on medicine. When Fang Mu arrived, Qiao Jiuyin was looking out the window with his head tilted, his eyes were inexplicable, and no one knew what she was thinking.

Seeing Fang Mulai, Lin Miao hurried forward and told him Qiao Jiuyin's examination. "There are no internal injuries, mostly skin injuries, just a good life and cultivation for a period of time."

Nodding, Fang Mu waited for Lin Miao to leave, then cast his gaze on Qiao Jiuyin.

Seeing Qiao Jiuyin staring out the window in a daze, his mind was slightly sinking. "Xiao Sheng." Fang Mu walked to stand between the hospital bed and the window, blocking Qiao Jiuyin's line of sight from the window.

Helpless, Qiao Jiuyin had to lift her eyes to look at Fang Mu. She moved her lips, and the first sentence she asked was: "Brother Mu, have you found my sister?"

Staring deep at Qiao Jiuyin, Fang Mu hesitated for two seconds before telling her the truth. "No, they searched for two kilometers along the river, but still didn't find your sister." Seeing Qiao Jiuyin's face paled again, Fang Mu fell silent in a timely manner.

Qiao Jiuyin hasn't spoken for a long time. Fang Mu wants to comfort her, but he is a reticent person and is not very good at comforting others. Thinking about it, he finally just took a step forward, sat down on the stool, held Qiao Jiuyin's hand, and gently patted her back as usual.

Qiao Jiuyin stared at the hands of the two people close together, his eyes a little complicated.

Just then, the phone on the bedside table rang.

As soon as Qiao Jiuyin raised his hand, Fang Mu picked up the phone first. He glanced at it and frowned. "I don't know the number, do you want to pick it up?" he asked Qiao Jiuyin. Qiao Jiuyin thought about the matter in his heart, and said, "Call me, maybe it's the traffic police's situation."

Without saying anything, Fang Mu handed her the phone.

Qiao Jiuyin stuck the phone to her ear and said first, "Is it a traffic policeman? Is there any news from my sister?" She was eager, as if afraid that the other party would say something wrong.

There seemed to be quiet on the other end, not knowing what was said, Fang Mu saw a flash of panic on Qiao Jiuyin's face. Look closely, but there is no panic, but desperate. Fang Mu didn't think much about it, but thought that he had made a mistake.

"what's happenin?"

After listening to Fang Mu's question, Qiao Jiuyin squeezed the phone tightly, and his lips trembled. "The traffic police made me prepare for the worst."

Fang Mu didn't speak, this situation was completely in his expectation. But seeing that Qiao Jiuyin's face was really ugly, he suddenly stood up and said, "Don't worry, I will send some people to look for it."

Upon hearing this, Qiao Jiuyin looked at him gratefully, "Brother Mu, thank you."

The softness flashed across his face, Fang Mu glanced at her again, and then strode out of the ward.

As soon as Fang Mu left, the sadness and despair on Qiao Jiuyin's face disappeared instantly, replaced by deep fear.

Qiao Jiusheng disappeared from the hospital!

Qiao Jiuyin was up and down in his heart, and was very anxious. How could Qiao Jiusheng disappear? If she reappears and tears her disguise in front of Fang Mu, then...

Just thinking about the situation, Qiao Jiuyin felt scared.

Over the years, Qiao Jiusheng has been talking to her every day that Fang Mu is good, and over time, Qiao Jiuyin also admired the other side's thoughts. For many years, she has always stood by and watched Fang Mu treat Qiao Jiusheng wholeheartedly. She was mad with jealousy in her heart, but she could only watch.

Good cake, who doesn't want to have a bite?

Really delicious, one bite is addictive. If a man like Fang Mu gets it, who is willing to let it go?

On the back of his hand, Fang Mu's temperature still remained. Qiao Jiuyin gritted her teeth, and she secretly said: Never let Xiao Sheng appear again! She obviously loves Fang Mu more than Xiao Sheng. They look exactly the same, so why would Fang Mu refuse to look at her more?
