

Read Reincarnation: I Married My Exs Brother Chapter 6 Stealing beams and changing posts (3)

Fang Mu's people naturally did not find Qiao Jiusheng's whereabouts. He returned to the hospital in the middle of the night, but Qiao Jiuyin was still awake. Seeing that her emotions had stabilized, Fang Mu felt relieved when she saw this. But still comforted, "Don't worry, Ji people have their own heavens, and your sister will be fine."

Qiao Jiuyin smiled reluctantly, she suddenly took Fang Mu's hand and said to him, "Brother Mu, please do one thing."

Fang Mu frowned and looked at her, a little disliked her. Xiao Sheng is strange and strange, never afraid to cause trouble to him. Why is he so restrained today? Thinking that it might be because the car accident had affected her, Fang Mu didn't think much about it, but said, "You said, what I can do, I will do it for you."

Qiao Jiuyin: "My sister might have been rescued by a kind person. Please help me to check if the hospital has her registration information."

Fang Mu responded only when she refused to accept the news that Qiao Jiuyin might have died and the whereabouts of the body is unknown.

*

Qiao Jiusheng escaped from the hospital, but the anesthesia effect on her body had not completely disappeared. Every step she took, her legs were numb.

Raising his hand and beckoning to a taxi, Qiao Jiusheng got into the car, and the driver glanced at her, feeling strange in his heart. This person is wearing a hospital gown, and there are vaguely blood stains under the clothes. Just like this, he dared to run around and die?

Muttering to himself, the driver asked politely, "Miss, where are you going?"

Qiao Jiusheng was stunned.

Where to go?

Qiao Jiuyin is cruel, how could she leave room for her? She was originally from Junyang City. When she was seventeen, she went to Binjiang City to study with Qiao Jiuyin. It was also during this period that she met Fang Mu. Almost all of her college classmates, Qiao Jiuyin, knew each other.

Qiao Jiusheng found that he wanted to find a hiding place, but he couldn't find it.

There was a sense of powerlessness in his heart, and Qiao Jiusheng was already dumb.

The driver was a little impatient when she saw that she was silent, "Miss, it's not easy for us to do this job. If you don't take a car, just get off."

Qiao Jiusheng squinted his eyes, glanced at the driver, and said weakly, "Go to the Medical University."

*

In the classroom and office building of the Medical University, there is the last person reviewing the papers written by students.

After reading the essay in his hand, Wei Shuyi stretched himself out, then got up and put on his coat, turned off the lights in the house, and walked towards the parking lot. As soon as his car reached the exit of the underground parking lot, a thin girl walked slowly from the dark to the dazzling light, blocking his way.

The girl stood in the middle of the exit, raised her right hand towards Wei Shuyi and made a stop gesture.

Wei Shuyi looked at the person standing in the light, but did not step on the brake.

Qiao Jiusheng looked at the car coming towards her without slowing down, and hesitated in her eyes, but she was not timid. She still stood on the spot, with a pair of weak eyes open, looking at the man wearing glasses in the car.

Crunch!

In the end, the car stopped ten centimeters in front of Qiao Jiusheng.

Wei Shuyi helped his glasses, looked at Qiao Jiusheng for two seconds, and then pushed the car door.

Get out of the car and walk slowly in front of Qiao Jiusheng, Wei Shuyi calmly looked at Qiao Jiusheng. The two people stood face to face, clearly seeing each other for the first time, but Wei Shuyi felt that the girl's eyes looked like she was looking at an old friend who had known each other for a long time.

He felt strange in his heart, but did not show it.

Looking up and down Qiao Jiusheng a few times, Wei Shuyi frowned slightly, and said in a certain tone, "You are here to wait for me."

Qiao Jiusheng clutched his aching ribs, looked up at him, and nodded hard.

"I don't know you." Wei Shuyi said lightly.

Qiao Jiusheng's brows were frowning, and she took a deep breath, and then said with difficulty, "Your name is Wei Shuyi." You love beef most and hate eating aquatic products without scales. , You are allergic to pollen, but you like wild lilies very much. You hate showy girls, but the one you love the most loves to wear cropped clothing.

What you love most is to draw the appearance of your beloved with a pencil, and then erase them all with an eraser. You said that the reason you draw that person's face over and over again is because you are afraid that you will forget the person's appearance. The reason why I have to erase those paintings time and time again is because I can think of people when I see things.

No one knows Wei Shuyi better than Qiao Jiusheng.

After all, he was the one who accompanied her for the rest of her life in her previous life.

Qiao Jiusheng wanted to say something to Wei Shuyi, but he stopped. In the previous life, Wei Shuyi lived very lonely. In this life, she hopes that he will be happy. It is better not to tell him what has not happened.

Many people in the school knew Wei Shuyi, and Wei Shuyi was not surprised when his name was spoken from the girl's mouth. But strangely, he couldn't bear to say rejection to this girl.

Wei Shuyi took off his eyes, patted it on his palm, and suddenly said to Qiao Jiusheng, "Get in the car."

*

Wei Shuyi lives in a two-bedroom room with a size of 100 square meters. He put Qiao Jiusheng on the bed of the guest room, and cut off her gown. He frowned slightly when he saw the blood-stained bandage on his chest. "You are so badly injured, you dare to run around and don't want to live anymore?"

Wei Shuyi's tone was blamed.

After saying this, Wei Shuyi cut the bandage open with scissors and sutured her wound again.

Qiao Jiusheng clutched the sheets in his hands, sweating wildly on his forehead.

Her eyelids trembled, and she replied inaudibly, "If you don't run, you have to wait for death."

After hearing this, Wei Shuyi didn't have much reaction. He stitched up the wound for her calmly, without saying a word.

Looking at the horrific scar between Qiao Jiusheng's right thigh and knee, Wei Shuyi raised his brows and sincerely suggested, "The thigh wound is infected. If you want to get an anti-inflammatory injection, you should go to the hospital." Then, Wei Shuyi put the gloves on. Remove, turn around and call the hospital.

As soon as he turned around, his left hand was suddenly held by a delicate hand.

Wei Shuyi closed his eyes and was silently silent. A few seconds later, he turned around and stared down at the hand held by Qiao Jiusheng. Staring at that hand for a long while, Wei Shuyi looked at Qiao Jiusheng, only looking at her, without speaking.

"Please." Two short words came out from the girl's dry and pale lips.

Wei Shuyi looked at Qiao Jiusheng's face, and the girl's eyes were filled with hopes and requests. Wei Shuyi was not a good person, and did not know

where Qiao Jiusheng got his confidence, thinking that he would agree to her request.

However, Wei Shuyi did move compassionately.

"I can't go to the hospital." Qiao Jiusheng said again.

There was no sound in the room for a while.

"Hey!"

After a while, the man's low sigh sounded inside the house.

"You wait, I'll buy some medicine." After saying this, Wei Shuyi didn't look too much at Qiao Jiusheng, and walked out of the room.

Squinting his eyes, Qiao Jiusheng watched Wei Shuyi's back disappear into the room, and then he let himself fall asleep with confidence.
