

Ex Convict 2871

Chapter 2871

She quickly lunged forward, pressed his hand, and said, "Stop drinking. You've had enough drinking for today."

1/4

He looked blankly at her. After a moment, his eyes finally focused on her. "Valda..."

"It's me," she said.

He suddenly gave a bright yet seemingly sad smile. "How nice."

'Nice? What's nice?' She was puzzled.

"I didn't expect to see you when I'm drunk. Will you say we're not breaking up anymore if I drink more?" Brian said with a smile.

She knew he was very drunk when she heard this.

He would never say such a thing if he were sober. How could a proud man like him say such a thing? "Brian, don't tell me such things even if you're drunk, okay? You know what? You'll give me the wrong impression and make me think you like me when you say things like that," Valda Theller murmured both to him and

herself.

One should never take a drunk person's speech seriously. There would only be more pain if one did.

Chapter 2871

2/4

"Like... I like you..." He looked at her obsessively. "Valda Theller, I finally made myself fall for you, but you're breaking up with me... You love me... but you have to break up with me?"

"Sorry, I was wrong to think I could wait until you fell for me," said Valda Theller. She forgot to consider the issue of jealousy.

It was natural to get jealous when you loved someone.

The deeper the love and the more you could not attain it, the deeper the feelings of jealousy.

"Sorry?" Brian suddenly sneered and staggered to his feet. "Between you and me... Who owes the other an apology?"

Valda Theller said nothing because she did not know the answer.

“Valda Theller, tell me... you don’t want to break up. Tell me that and I... I can give you the right to get back together!” His hands pressed her shoulders as those drunken phoenix eyes of his stared closely at her.

Valda Theller felt the urge to cry. If people told the truth after getting drunk, could she fantasize that he liked her more than she thought now that he was saying such words?

However... just liking was not enough. The problem between them was that Brian loved Grace too much.

Chapter 2871

Perhaps this love had deepened over the years.

3/4

This love was rooted in his heart, and no one else could change it.

No matter how hard she tried, she would be the abandoned one when he had to choose between her and Grace.

The feeling of being given up by the one you loved the most was really... upsetting.

“We broke up, so I don’t need the right to get back together,” Valda Theller said darkly.

However, as though he refused to hear her say that, he only stared at her and said, “Say it. Say you want to get back together! Say it!”

“Let me help you to the bedroom. Have a good sleep. You won’t feel that way anymore when you wake up,” she said.

“I won’t?” he murmured.

“Yeah, you won’t. I’m not important enough for you to say that to me,” Valda Theller said while taking one of his arms and putting it on her shoulder before helping him toward the bedroom.

Most of his body weight was on her body. People were especially heavy when they were drunk.

Chapter 2872

Valda Theller was already out of breath even though it was just a short distance from the living room to the bedroom.

After helping Brian to the bed in the bedroom, Valda Theller looked at Brian’s clothes while feeling troubled. Finally, she decided to help him take off the outer coat. She gave up the idea of helping him take off his shirt and pants.

Brian was lying on the bed with his eyes closed as if he had fallen asleep.

Valda Theller leaned over and started unbuttoning his coat with her fingers.

Just as she was about to undo the last button, his eyes popped open, and his hand caught hers.

“Ouch!” Valda Theller shouted.

He squeezed it so hard it was as if he was going to crush her hand.

“Does it hurt?” he murmured and released his grip. However, he drew her hand to his lips instead of releasing Valda Theller’s hand.

Her thin lips pressed the back of her hand as he peppered it with

Chapter 2872

kisses.

2/3

“Valda, don’t leave me, okay?” His husky voice rang in the silent room.

Valda Theller instantly felt a clench in her heart as mixed feelings spread.

It was not that she wanted to leave.

She left because she did not want to be someone he hated!

“You know what, Brian? I regret knowing you so late,” Valda Theller murmured as she lifted his other hand and caressed his

face. “How great would it be if I was the one who saved you on the hills? That way, you wouldn’t have unrequited feelings for Grace and experience such a difficult love. You and I wouldn’t be

in this situation today either.”

She only said it because he was drunk.

“Why? Are you... Are you leaving me too? You said... we’re dating on the premise of marriage... So let’s get married. Let’s get

married now... Would that make you want to stay with me?” he stammered.

“We’re not getting married,” said Valda Theller. It was because he had never loved her.

“Yes, we’ll get married. We’ll get married...” He suddenly rolled

Chapter 2872

over and pinned her under him.

“Brian, what are you doing?” shouted Valda Theller. Her female instinct seemed to tell her what would happen next.

No, no!

3/3

Valda Theller tried to push Brian away, but his hands pressed hard against her wrist.

“Valda... Let’s... get married...” His lips fell on hers when he finished speaking.

The drunken kiss was so intense that it seemed to burn her soul...

They had a night of passion!

Valda Theller did not expect to sleep with Brian after she broke up with him.

She left his mansion in a hurry afterward.

Back in her apartment, she entered the bathroom and saw the marks he had left on her skin.

Chapter 2873

All her struggles ended in sorrow.

‘Why didn’t I fight to the end?’ she asked herself. Brian was so drunk that she could not find the opportunity to escape even if she wanted. She finally chose to give up.

Maybe... she wanted one last fling.

She wanted to feel him!

He was drunk, and perhaps he would not remember anything. However, Valda Theller was sober and remembered every detail.

“Valda, why are you in a trance?” The next morning, Camille

Strickland came to see her best friend. Due to what had happened at the comic fiesta, she would accompany her best friend whenever she was free.

“It’s... It’s nothing.” Valda Theller came to her senses and shook her head quickly. She recalled the night before again.

“By the way, the news about what happened to you at... uh...

the comic fiesta has been deleted. You can no longer find them online. Do you think Brian did this?”
Camille Strickland

speculated. After all, few people in Emerald City could do that in
such a short time.

www

Chapter 2873

“I’m not sure,” answered Valda Theller. The mention of Brian’s
name made her nervous for some reason.

2/4

Camille Strickland said emotionally, “Oh, I wonder what your uncle’s family will do next. They’ll do
anything for money! By the
way, your cousin said that your uncle is hospitalized. Is it true?”

Valda Theller said, “Whether it’s true or not, they won’t stop at nothing. We’ll find out if it’s true
eventually.”

“You’re right,” said Camille Strickland. Suddenly, she stared at a spot on Valda Theller’s neck. “Wait, did
you get a bug bite or your
neck? It’s so red.”

Valda Theller froze and saw her best friend leaning over to look
closer.

“Ah. It’s... It’s probably a mosquito bite!” Valda Theller immediately yanked the collar and covered her
neck.

She recalled the redness her best friend said. It was the hickey
Brian had left on her body last night.

“Why is your face suddenly red?” Camille Strickland asked again.

“It’s hot,” said Valda Theller.

“You’re right. It’s quite hot today. You even wore a semi-high collar top. Do you want to get a
heatstroke?”

Chapter 2873

”

3/4

“...” Valda Theller was speechless. She would not be able to hide the red marks on her neck if she did not wear this.

Valda Theller said, “I’ll change my clothes later. Also, you don’t need to keep accompanying me. I’ll be okay. If you accompany me every day, I’ll feel as if something’s wrong with me.”

“Are you sure you’re okay?” Camille Strickland looked at her best friend carefully.

Valda Theller smiled nonchalantly. “I just got mobbed, became famous online, and had a breakup. Maybe I won’t think it’s a big deal when I look back years later. Don’t worry. My parents risked their lives keeping me alive. I’ll cherish it and live a good life so I won’t do them wrong.”

Camille Strickland was a little relieved to hear her best friend say that.

“Alright, I’ll stop by less often, but be sure to call me if you need company,” she reminded.

“Got it,” replied Valda Theller.

After Camille Strickland left, Valda Theller cleaned up and left the apartment with her phone.

When she reached the entrance of the pharmacy, she took a deep breath as if she was mentally preparing herself before finally

Chapter 2873

stepping into the pharmacy.

Chapter 2874

“May I help you?” The store assistant asked politely.

Valda Theller hesitated for a moment before finally saying, “The morning-after pill, please.” These few words seemed to have

explained everything.

The store assistant glanced at Valda Theller and said, “Please follow me.” He led Valda Theller to the relevant medicine shelf and handed it to Valda Theller.

The store assistant kindly warned, “It’s effective up to 72 hours after intercourse, but it’s an emergency treatment. Don’t take too much of it. It’ll hurt your health if you take too much of this

medicine. You'll have trouble getting pregnant when you want a baby."

"Thank you," said Valda Theller. She saw compassion in his eyes.

Taking the medicine box, Valda Theller paid for it and walked from the pharmacy to her apartment.

Since they had broken up, it should be a clean break-up. Even though getting pregnant was a slim possibility, Valda Theller still wanted to be safe.

Even though... she used to wonder what their child would look

Chapter 2874

like.

2/3

However, she would be selfish if she gave birth to the baby and left them without a father. She would be putting shackles on Brian

as well.

If he ever met a woman who could rescue him from his messy relationships, the child would only give them trouble.

Therefore, it would be best if she and Brian had no children together.

She would consider everything last night a dream. Everything would be forgotten after waking up.

However, Valda Theller suddenly stopped in her tracks when she reached her apartment entrance. A familiar figure was leaning against her apartment entrance.

It was... Brian!

Valda Theller's plastic bag suddenly slipped from her hand and fell to the floor. The contents of the bag also slipped out.

"You're back," said Brian.

"What... What brings you here?" Valda Theller asked in a mutter as her heart kept beating. Just hearing Camille say his name had

made her nervous, let alone now when she was meeting him

face-to-face.

Chapter 2874

"Can't I come?" he asked instead of answering her question.

3/3

She turned away, not daring to look at his face. What they did in bed the night before kept stirring her nerves, and her heart felt as if it was about to leap out of her throat.

"We've broken up. There... There's no need for you to come here," she said as she crouched down to pick up what she had dropped.

However, a hand picked up the medicine faster than she did.

It was the morning-after pill she had just bought from the pharmacy.

Valda Theller's face instantly paled while Brian stared at the medicine box in his hand and read the description on the medicine box.

"You bought this medicine. Did something really happen between you and me last night?" he asked, suddenly closing in on her.

"No. Nothing happened!" Valda Theller denied it almost subconsciously.

However, he did not believe a word she said.

Chapter 2875

When he woke up this morning, he had no recollection of what

had happened when he was drunk. However, the mess in bed was a silent indication that something might have happened.

He later learned from Patrick that Patrick had invited Valda Theller to his mansion.

He was here to confirm the events of the night before. The sight of the pills confirmed his speculation. Something did happen

between him and her last night.

However, when he confirmed this, he had no regrets and was even faintly happy.

Brian said, "Valda Theller, do you know what your expression looks like right now? You look like you're trying to hide something."

She was speechless.

"Alright, I think we should talk it out," said Brian.

“We have nothing to talk about. I already said what I had to say that day at the hospital,” she said, trying to back away to put

some distance between them.

However, his hand grabbed her waist and stopped her.

Chapter 2875

2/4

“Shouldn’t we talk about last night? Valda Theller, no one in this world can take advantage of me and walk away,” he said.

She was red in the face. ‘Come on. I’m getting the short end of the stick here! I even got the morning-after pill!’

“I didn’t ask for it!” she said.

His phoenix eyes narrowed. “So I made the first move, did I? Then why didn’t you say no? I should have been very drunk last night.

Did you really have no chance to escape?”

His remarks were straight to the point.

She froze, not knowing how to answer for a moment.

“Valda Theller, you’re reluctant to leave me, aren’t you?” His face closed in on hers. Her frightened face was reflected in his black

pupils.

Valda Theller’s heart trembled. Did he know what he was saying was bewitching her into changing her mind?

Breaking up was a decision she made with great difficulty because she did not want to be abandoned. She had no idea

what she would become if she kept feeling jealous.

Him not loving her turned out to be more painful than she had imagined.

Chapter 2875

She could not handle it anymore.

3/4

She met his eyes and said, “I wouldn’t have bought this medicine if I was reluctant.”

The air seemed to freeze at that moment, and his face turned ghastly pale!

Brian forcibly took Valda Theller to his mansion.

"Brian, what are you doing?" Valda Theller struggled to get her hand out of his hand.

"You're not the only one involved if you've gotten pregnant. And it won't be up to you to decide whether you want the baby!" Brian said.

"I... I have the right to decide if I want the baby, and I alone can decide if I want this baby!" When she finished speaking, she felt the pain of his grip on her wrist grow stronger. It was as if her bones would be crushed.

"Really?" He stared at her, a feeling of uncontrollable irritability sweeping through him.

Her every word seemed to imply that she could not wait to get rid of him.

Chapter 2875

4/4

"Then we'll see if you can decide on your own whether you keep the baby or not!" he said coldly.

Chapter 2876

She froze slightly. 'What does that mean?'

20 minutes later, Valda Theller figured out what it meant.

Staring at the two female bodyguards, Valda Theller looked at Brian in disbelief. "Are you locking me up?"

"You'll be staying in the mansion. They'll be looking after you, so don't try to escape. Don't secretly take any medicine either. I'll set you free if you're not pregnant in a month. If you're pregnant..." His voice stopped as he stared at her with his dark phoenix eyes. "You'll give birth to the baby!"

She was shocked. She knew Brian was not joking!

However, the problem was... "We've broken up. Why do you want me to give birth to the baby?"

"Because you love me!" he said.

Valda Theller was speechless. Then, she showed a hurt look on her face. "Brian, you bastard!" She suddenly shouted at him.

It was the first time she had called him names since they met. She had not even said anything bad to him when they broke, yet she was now calling him names!

Chapter 2876

2/4

He turned to say to the two female bodyguards. "Look after her. Forget about having an easy life if anything happens to her."

The two bodyguards quickly replied in acknowledgment.

Brian then hurried away as if he was fleeing from something.

Walking out of the house, he got into his car and leaned heavily against his seat.

He did not mean to hurt her, but he did.

Her love for him seemed to be all he had left.

He had never liked children, but maybe the baby would bring them back together if she was indeed pregnant.

He knew he had acted impulsively and selfishly today, but he just could not get her to cut off the last possibility between him and her.

'What the hell is wrong with me? Since when did I care so much about Valda Theller?'

Shaking his head, Brian straightened up, started the car, and sped away from the mansion.

Valda Theller and the two bodyguards looked at each other in the mansion.

Chapter 2876

Valda Theller did not expect Brian to lock her up in the mansion and assign two bodyguards to her,

She took out her phone after some consideration.

3/4

One of the bodyguards said, "Miss Theller, it'll be pointless to call the police. With Mr. Hart's influence, he can keep you here in many ways."

Valda Theller knew that! "I'm not calling the police. I'm only calling my friend to tell her my work arrangement and where I've gone. Otherwise, she'll be worried."

With that, she called Camille Strickland.

"Camille, I'll be staying at Brian's mansion for the time being, and I won't be going to the studio either. Call me or email me if you have anything work-related to tell me. I'll email you the comic manuscript."

"You're staying at Brian's mansion?" Camille Strickland was shocked. "Didn't you guys break up?"

"Yes, but something came up, so... Uh... Anyway, I might have to stay over there for a while and take care of things," Valda Theller said vaguely.

Camille Strickland was confused. What else did she need to take care of after breaking up?

Chapter 2877

Since her best friend did not want to be too explicit, she would not probe further either.

"Alright then. Take good care of yourself," said Camille Strickland.

"Okay," replied Valda Theller.

Then, she called her two assistants and told them the work arrangements.

After these two calls, Valda Theller said to the two bodyguards, "Some of my work stuff is still at my house and studio. I want to pick them up."

The two bodyguards glanced at each other and said, "Miss Theller, you can make a list of what you need and we'll pick up the things for you."

Valda Theller stared at the bodyguards, immediately feeling speechless.

Brian drove to Patrick's place.

Patrick raised his eyebrows when he saw him. "Why are you here

Chapter 2877

all of a sudden? Do you want me to call Valda Theller out?"

Brian snapped, "She's in my manalon right now."

2/4

Patrick was stunned. "She's in your mansion? Then what are you doing here?"

"What am I doing here? I don't even know what I'm going to do!"

Brian said, "There's a possibility that she could be pregnant."

"Pregnant?" Patrick froze before understanding what was going on. "The night I called her over when you were drunk, did you..."

The rest was self-explanatory.

"And now that she's at your mansion, does that mean you're taking responsibility?" Patrick asked.

"I said I would marry her if she's pregnant and she could give birth to the baby, but she refused and decided to take birth control."

Patrick froze. Many women wanted to marry into the Hart family,

but Valda Theller refused!

What surprised him more was that his best friend even thought of getting married. "If she's indeed pregnant, do you plan to marry her for the sake of the baby? It's not worth it!"

Brian pressed his thin lips together before saying, "There's

Chapter 2877

nothing bad about marrying her."

3/4

He had thought about marrying her before. Even if he could not fall for Valda Theller, it would be nice to grow old with her if he had to choose a woman to be with for the rest of his life.

"I didn't think it was true when you said you loved her, but now it seems to be true," Patrick said emotionally.

Brian froze. 'I love Valda Theller?

'No, I haven't fallen for Valda Theller. I just like her. Grace will

always be the one I love.

He would not have dated Valda Theller if it were not for Grace's peace of mind.

Looking at his silent best friend, Patrick patted him on the shoulder. "Brian, if you love Valda Theller enough to marry her, why don't you pursue her again? Women are soft-hearted. Besides, didn't you say she didn't break up with you because she didn't love you but because she loves you? Move on from your feelings for Grace and there'll be no conflict between you and

Valda Theller."

Brian looked down, his long eyelashes hiding the agony in the bottom of his eyes.

'Move on? How should I move on?

Chapter 2877

'Should I forget her or stop loving her? Which one can I do?'

Chapter 2878

He used to hope Valda Theller could save him from his messy love life, but she let him go before he could move on.

When Brian saw Valda Theller again, Valda Theller was lying in bed, already asleep.

With a gentle hand wave, the two bodyguards quietly exited the room.

He went to the bedside and quietly looked at her sleeping face.

She had a pretty face, a delicate nose, and pale pink lips. She seemed so quiet and gentle, but she was frowning slightly in her sleep as if she was having a bad dream.

Brian leaned over and gently touched the slight frown.

He wanted to care for and protect the woman. He seemed to crave seeing her smile.

The more he understood what she had experienced, the more his heart broke for her.

He wanted to build a safe wall for her so that no one could hurt

her, but now, he was the one hurting her!

Suddenly, her head moved, and her eyelashes fluttered twice

Chapter 2878

before she opened her eyes.

Their eyes met each other.

"Bri Brian?" Valda Theller was surprised.

2/4

Brian withdrew his hand calmly and straightened up. "I woke you up. You can stay in this room and use everything in the mansion. If you need anything else, you can tell the two bodyguards. They'll do the shopping for you."

"But I can never leave the mansion, right?" she asked.

His gaze fell darkly on her face." Yes."

She bit her lip slightly and lifted the thin blanket before getting out

of bed. "I think we need to talk. Can we talk?"

He was silent for a moment before moving to the couch and sitting nonchalantly. "Okay, tell me what you want to talk to me about."

Valda Theller took a deep breath and said, "First of all, we've broken up. Second, it'll be unfortunate for the baby to be born if I'm really pregnant."

"How can our child be unfortunate?" he asked.

"Do you think they can be happy growing up in an unhappy family?" she retorted.

Chapter 2878

"Do you think our family will be unhappy if we get married?" He stared at her with a gaze that was imperceptibly pressuring.

3/4

Valda Theller chuckled bitterly. "If we get married and I still love

you, my love might be twisted by jealousy over the years and become hatred. The child will be affected by my hatred. If I stop

loving you, we'll only treat each other like strangers. Our marriage

will only be a shell. Will our child be happy in an indifferent

family?"

He frowned. Valda Theller saying she would stop loving him

irritated him.

“Do you think you’ll be able to stop loving me?” he asked coldly.

She had no idea. Perhaps she could not. After all, how could she fall in love again after falling for a man like him?

Meeting his eyes, she did not want to admit it. “Yes, I can do it. If I can love you, I can stop loving you too.”

His expression turned ghastly before he got up and walked up to her, his height making the pressure all the more intense.

“Valda Theller, you can’t do it!”

“You’re not me. How do you know I can’t do it?” Valda Theller said defiantly.

Chapter 2879

“Because I’ll only make you love me more,” he said before suddenly bending over and kissing her lips heavily.

1/4

The kiss was domineering and forceful, not allowing her to reject him.

She tried to push him away, but he pressed her hands behind her back so that her body had no choice but to press closer to him and accept the kiss.

The kiss reminded her of the night he had gotten drunk. He was also this forceful, not allowing her to refuse.

If she had gotten away that night, would they not have been entangled with each other like this? However, she could not help longing for his touch and half-willingly spent the night with him.

She was furious at his forcefulness but more furious at herself for submitting without putting up a fight. Even then, she still loved

him!

Her tears ran down her cheeks and fell on her lips as well as Brian’s.

The slightly salty taste made him freeze and stop the kiss.

Chapter 2879

She... was crying!

2/4

Brian suddenly felt helpless. He raised his hand and wiped away the tears on her face. "Don't cry. I won't force you like this anymore!"

However, his words made her cry even harder. "Booohoo... Brian, you don't keep your word. You said we could break up any time I wanted, but look at what y-you're doing now!"

"I just..." He paused.

Just what? I just don't want to break up with her and become strangers?'

When he told her she could decide when they broke up, he had no idea he would be reluctant one day.

She sobbed. "Just what? Do you think I'm a pushover? Brian... I... I love you, but so what? I... I have the right to choose. I can choose what path I want to take in the future, what kind of life I want to lead, and whether I want to have children! You... You have no right to choose for me!"

She stammered as she sobbed. Her every word was like a sharp needle stabbing at Brian.

"I'm sorry, Valda. I'm sorry..." He held her in his arms like a treasure he did not want to let go of. "I just don't want us to end like this. Give me one more chance, okay? You said you would make me

Chapter 2879 fall for you."

3/4

There was no way she could do it! She was silent. When he left the comic fiesta without looking back, she knew she did not stand a chance.

He loved Grace so much that his fondness for her was nothing in front of that love.

Valda Theller had no idea how long she cried. She fell asleep when she was exhausted from crying. When she woke up the next day, Brian was already gone, and the two female bodyguards

were looking at her.

Valda Theller sighed. It seemed Brian had not changed his mind. If

she was really pregnant, everything would be a mess.

Even with the morning-after pill, it was too late. Valda Theller could only go with the flow.

After turning on her laptop, she started working.

In the hospital ward, Brian sat in a chair while the three members of the Theller family stood in front of Brian. On either side of the

three were several burly men.

Brian looked through the information in his hand, and his handsome face was full of indifference.

Chapter 2879

4/4

The three members of the Theller family looked uneasy and afraid. Especially Wynne, who was even trembling.

Chapter 2880

"Speaking of which, you've raised Valda, but I never came to visit you. I didn't expect my first visit to be in the hospital," said Brian as he looked at Ferris in a hospital gown.

"I heard you're seriously ill and need a lot of money for an operation. What you have on your medical record is a serious illness. In this case, I'll call some specialists and have them perform an operation to cure you of your illness," Brian said nonchalantly.

The Theller family instantly turned pale at this.

Ferris was not seriously ill. They falsified it by colluding with the doctor.

They would be in trouble if they had a real operation. "Uhh... No thanks, Mr. Hart," said Ferris.

Brian said indifferently, "It's no trouble. It's just that I don't know whether you can get off the operating table with such a serious illness, Mr. Zhong."

Ferris's legs instantly gave way, and he slumped down to the floor when he said that.

Rowena Santiago and Wynne even trembled.

Chapter 2880

2/3

"Take Mr. Zhong to the operating room," Brian ordered his men.

Two burly men approached Ferris to pull him up.

Ferris suddenly said, "Mr. Hart, I... I'm not sick. It's a fake illness.

These two told me to fake it to get Valda to give us money!"

"Oh? Is that so?" Brian's eyes turned to look at Rowena Santiago and Wynne.

They looked frightened. "Ferris said Valda's rich. He said she's a member of the Theller family, so she should give the Theller family money to spend!" Rowena Santiago said quickly.

"I... I said that, but... but it wasn't my idea to fake an illness!" Ferris was quick to plead his innocence.

"If it isn't because you're useless and not making much money, would we need to do this? You can't even afford to buy your son a house."

"Didn't you and our son spend all the money? My younger brother and sister-in-law left behind a large inheritance, but you spent all of it. No matter how much money I make, it'll never be enough for you!"

"You gave me the money. You said we couldn't let your niece take advantage of it and that she would become someone else's wife in the future. You also said your son is the foundation of the

**

Chapter 2880 Theller family..."

The couple began to go over their debts with each other.

3/3

Brian's gaze fell on Wynne, the person responsible for the comic fiesta chaos that day.

"Tell me, why did you go to the comic fiesta the other day and make a scene like that?" Brian asked Wynne coldly.

Wynne winched. "I only wanted to ask Valda for some money. I... I didn't expect it to cause such a commotion."

"You didn't expect it?" Brian sneered. "Did you not think you would have an extra three million dollars in your bank account too?"

Hearing this, Wynne immediately turned pale and knelt on the floor while Rowena Santiago and Ferris froze.

Neither expected their son to suddenly have an extra three million dollars in his bank account.
