Chapter 0361

I'm now mature enough to better understand Rowan and his actions. He lost the woman *he* thought he would spend the rest of his life with. If I were in his shoes, I would have reacted the same way. I would have taken out my anger on the person responsible for my pain, just like I tried taking out my anger on him after our divorce by treating him with nothing but hate and bitterness.

"I'm so sorry it took me this long to see how much I hurt you back then" I whisper, feeling overwhelmed. "For so long I was bitter. Especially after Emma came back and I realized that I could never be what you wanted or desired. I held for so long, and maybe if I hadn't, you *and* Emma would have gotten a chance at a life together. I'm really sorry. You'll never know just how sorry I am"

I pull myself back when I feel strong hands on mine. I'm surprised to see that he'd crossed to my side and was now sitting right next to me.

He takes a deep breath and I hold on to his hand like a damn lifeline. "What I did to you was much worse. The pain that I put you through the years is something I don't think I'll ever be able to forgive myself. I too was selfish because I saw your pain but I rationalized that you fucking deserve it and for that I'm sorry Ava. I'm sorry that I took it too far. Sorry that I trampled over your love and destroyed your heart. I'm so fucking sorry I caused you so much heartache"

I couldn't listen anymore because the dam I'd been holding back, breaks and everything pours out. I couldn't hold back

my tears anymore when I saw how remorseful Rowan is and how this hurts him.

“It took seeing you with someone else for me to realize how much I wanted you. It took almost losing you to someone else to see how much I love you. I pushed you into another man’s arms, and I can’t tell you just how agonizing it was knowing that you were moving on with someone who wasn’t me. That you were actively trying to put me in your past. That the pain I caused you made you wish that you’d never met me. That you regretted ever loving.”

I try to wipe away my tears, but they just keep falling down like twin rushing rivers. They were endless.

“Knowing how much I hurt you now, breaks my fucking heart into pieces. I know you deserve better, and I should let you go so that you can find a better man, but I’ll be selfish one more time and hold on to you because I can’t imagine life without you. Please give me a chance, Ava. Give me a chance to show you that my heart belongs to you and that I love you with every fiber of my being, please?”

His words touch my heart. How did he manage to turn this around? I was the one who was supposed to pour my heart out, yet he completely flipped things on me.

“Oh, Rowan... You’ve got to realize that I love, that I’ve always loved you from the moment I set eyes on you when we were kids. I tried my best to kill that love and pretend that it didn’t exist, but I was lying because it still remained even after everything.” I tell him, swiping the tears from my face.

“Does that mean you’re giving me a chance?” His tone is hopeful, and his eyes are bright, reflecting that same hopefulness.

“A thousand times yes.”

“Fuck, Ava, I love you so fucking much,” he growls right before he captures my mouth in a scorching kiss.

Rowan.

It was meant to be a quick kiss, but she deepened it. She moans in my mouth, which sends blood rushing to my cock. I crave her. I want her. I’ve missed her.

I pull her from her position on the sofa and lift her to my lap. She immediately straddles me, without even breaking the kiss. My cock hardens as I feel her heat through her panties and it nearly drives me insane.

### **Chapter 362**

Chapter 0362

Breaking the kiss, I lean my head against her. “Please tell me you want this,” I plead with a certain desperation.

It’s been long, and my body is dying to bury myself in her warm cunt.

“Definitely,” she breathes as she rubs herself against my hardness.

The words barely leave her lips when I stand up and grab her hand, dragging her the rest of the way to her bedroom.

I don't stop when I come to her half-closed bedroom door. I just use my foot to kick it the rest of the way open. It slams against the wall, causing Ava to jump.

My body is primed and ready, and I'm impatient. There's not a damn thing that will stop me from having her now, except her telling me to stop. But there's one thing I have to make clear first

I turn to her, drag her shirt down her arms, and let it fall to the floor. She looks up at me, the brown in her eyes swallowed up by the pupils. Her breathing is heavy, causing her generous tits to rise and fall rapidly. She licks her lips, and I swear I feel it on the tip of my dick.

I swing her around and bring her back against my front. Her ass meets my hard cock, and it feels like fucking heaven. She sucks in a sharp breath. I wrap one arm around her middle and let the other grip the

material of her skirt.

I run my nose along her neck, her scent intoxicating my senses. I stop when I reach her ear.

"You want me?" I ask again, needing her to be sure.

She shivers, and I look over her shoulder to see her hands clenched into fists at her sides.

"You know I do," she whispers, wiggling her ass against my crotch.

She tips her head to the side when I nip her ear. I kiss and lick a trail from one side to the other. Her head moves forward, giving me access to the back of her neck.

Everything else is pushed to the back of my mind. The only thing I'm thinking about is how she'll feel once I have her beneath me, the taste of her cunt on my lips, the smell of her, and how tight she'll grip my cock after such a long time.

I want her too badly, and I'm sure once I reacquaint myself with her body, she'll be my new favorite desert.

Her breath hitches, and her body tightens. My heart starts beating in anticipation. It took me a while to realize my heart had been dead and cold. It's only after I allowed the love I felt for her to flow that it revived. For that, she'll forever have it.

"Please, Rowan, I need you."

I squeeze my eyes shut with her softly spoken word, trying to calm my heart against the onslaught of emotions those words cause.

I grip her hips and curl my fingers under her shirt. Her skin feels silky and warm. Goose bumps appear on her sides when I slide my hands up, taking her camisole with me. A little moan comes from her lips, and I hum my approval against her neck.

Her head drops forward again when I trail kisses from one shoulder to the other. My hands stop just below her breasts.

"Fuck, Ava." I pause, trying to control myself, but it's no use.

Chapter 0363

She reaches back and grabs my ass, pulling me more into her." Please don't stop. I want this, Rowan,"

she moans.

I move my hands and pull her camisole up, exposing her breasts. From over her shoulder, I see her

small, rosy pink nipples. They look just like cherries, and I want to lick, suck, and devour them. I pinch

and twist them until they turn into hard little nubs.

She picks her head up, only to lay it back against my shoulder.

I grab a handful of her hair that's still at the nape of her neck in a bun and twist her head to the side so I

can nip and lick her neck. I can't get enough of her taste. She tastes just as she smells. I grip both her

tits in my hands and squeeze. She shoves her chest out and digs her ass back into my groin, nearly

destroying my control.

I take a step back from her and say gruffly, "Take your skirt and panties off.

Then get on the end of the

bed on your hands and knees

in the air."

She turns and looks up with a smirk. "I've always wanted you to tak me doggy style."

I hold my ground when all I want to do is fall to my knees in front o her and worship every single inch of

her body. Her breasts jiggle with her movement, and my hungry eyes drop to them. Her body is

glorious, and I haven't even seen all of it. I haven't yet seen all the changes pregnancy has had on her

body.

"You're testing my patience, darling."

"Exactly. I want you to lose control, I don't want you to hold back like you used to. Fuck me like you

fucking mean it, Rowan."

Damn her. She knew exactly what she was doing because my cock was now painfully hard, and I

wasn't sure how long I could last.

She must have seen something in my eyes because she seductively winks and then slowly lifts her hands to her skirt and slides it over her hips.

I watch with hunger and interest. Her hands move down, taking her panties along with the skirt and exposing inch by inch of smooth, pale skin. My eyes hold for a second on the neatly trimmed brown curly hair that lies above her pussy, before following her hands as they continue their downward movement.

Once she has her skirt and panties at her ankles, she stands back up and steps out of them. I trail my eyes up her shapely legs, linger once more at the apex of her thighs, up over her stomach and tits, her neck, before meeting her gaze. She's so fucking beautiful.

She's looking directly at me over my shoulder. Her eyes and posture portray a confidence that I've never seen before in our bedroom.

I reach back between my shoulder blades, grip my shirt, and bring it over my head. I lose sight of her for only a second, but when I have back, her eyes are focused on my chest. Heat flares in their depth and she shudders out a breath. Fuck, but I want this woman something fierce!

"Release your hair."

Her eyes snap back to mine. Her hands reach back, and she pulls a clip from the back. Her thick brown hair comes tumbling down her shoulders in soft waves. Some of it falls over her breasts, leaving them partly hidden, peeking through a brown curtain. She looks like an innocent maiden from the old days, trying to cover her breasts from prying eyes.

"Bed, darling," I remind her.

She licks her lips, but moves to the bed. Her ass twitches as she walks, and I

can't wait to get my hands on it. She looks over her shoulder at me when she's standing in front of the bed. I raise a brow in question, but she just turns and climbs up. She stays on her knees, her hair trailing down her back, for several seconds, before she lowers her body until she's on her hands as well. The sight before me, damn near, has me drooling. My dick turns to stone as her cunt glistens and spreads open for me. Her lips are small and a darker pink. The puckered hole of her ass tempts me. I want to dive in and devour her and never come up for air.

### **Chapter 364**

She's fucking driving me insane.

My eyes stay locked on her pussy and ass as I walk toward her. When I'm standing with only a few inches separating my jean-covered dick from her slickness, I place one of my hands on the small of her back and run it up her spine. She's on her hands and knees, but I want her chest to be on the bed.

Her breath hitches at my first touch.

I reach the base of her neck and apply pressure. She understands what I want and lowers herself until

she's on her elbows with her cheek to the comforter.

"Spread your legs more," I tell her, pushing down on her lower back.

She does as she's told, but not enough.

"More." I grunt at her and apply more pressure.

She spreads her legs even wider. I stop her when she's at the perfect level to take my cock.

With both hands now, I start at her ass and move them up her sides until I reach her breasts that are smashed to the bed. I reach beneath, tweak her nipples, and then bring them back down her sides.

Her skin is so smooth and feels fantastic beneath my palms. She moans into the comforter and arches her back. When I reach the crease of her legs and hips, I change directions and slide them down her thighs. On my way back up, I wrap my hands around her thighs so my fingertips are right at her pussy.

I pull her back against my dick, and her warmth hits me, intoxicating me. I tip my head back and release a groan at the same time she moans. When I bring my head back down, she's gripping the sheets tightly in her fists. I pull her back again, grind her wet pussy against me, and have to fight the urge to yank open my zipper and shove my dick in her tight cunt.

I shift back and bring my hands over her ass again until my thumbs are poised right at her wetness. I look down when I pull her lips apart and watch as her juice slides down her thighs. She's fucking soaked, and my mouth waters to lap up every single drop.

I run both thumbs up and down her slit a few times, before I slip one inside.

"Fuck!" I hiss when her walls clench around my thumb, gripping it tight, and she whimpers, causing me to push in further.

Not able to stand it a moment longer, I take my hands away and take a step back.

Her protest is instant. She looks over her shoulder.

“I can’t wait anymore,” I growl between clenched jaws. “I promise I’ll take it slow after this, but I need to be inside you right now.”

+15 BONUS

“What are you-” She stops short when she sees my hands at the waist of my jeans. She breathes an “oh,” and her eyes flare wide with desire.

I keep my eyes on her as she watches me slide my pants down my hips. My dick jumps with her stare, and a pearly drop of precum appears at the tip.

“Cheek back to the bed,” I order harshly.

She bites her lip and does as she’s told.

I bend to untie my boots and then toe them off. Once I step out of my jeans, I grip my cock and give it a

few pulls. Stepping back up to Chris, I lay a hand on her left hip and feel a shiver race over her.

I can only see one side of her face, but the side I do see shows her eyes clenched tightly shut.

Still holding my dick with one hand, I take the tip and rub it along her opening. Instead of slipping it inside, I grab the base and angle it down until it meets her clit.

Her panted “Rowan” against the comforter and her backward push with her hips say it won’t take long to send her over the edge.

Thank fucking christ for that, because I sure as shit won’t last either.

I bring the head of my dick back up, trail it past her slit again.

My grip on her hip tightens as I slide inside.

She moans, and I feel the sound all the way down to my balls.

### Chapter 365

Chapter 0365

I glance down to where my dick is poised at her entrance and watch as I slide every single inch in with one smooth, slow motion.

“Fuck, Ava” I groan deeply as she cries out into the comforter.

She grips me so goddamn tight, it's a wonder I don't come as soon as I'm inside. The feeling of her wrapped around me, warm and soft, is like heaven and hell. It's one of the sweetest things I've ever felt, and I know this will be the only time I'll ever feel it.

I pull my hips back until just the tip is left inside. Seeing her wetness glistening on my cock has me biting back a groan and fighting the impulse to pound the fuck out of her. Slowly, I slide back inside and hold myself still, letting her adjust to my size. Once I feel her relax, I grab her hips and slam forward. At the same time, I pull her back to me. She's whimpering and crying and clutching the comforter in a death grip.

On my next inward movement, I keep her hips against mine and grind my pelvis into her ass, hitting something inside her that has her shouting, “Rowan!”

Hearing her cry my name has me wanting to pound my chest like a caveman.

When I pull from her again, I don't stop until I pull all the way out. Immediately, I push her ass until she has no choice but to move

up the bed. I climb up behind her and bring her hips back, fitting my cock back inside her sweet, warm pussy.

“Make sure you stay on your knees,” I grumble at her. She holds still as I bend over her back with one arm braced beside her head and one planted diagonally across her back, my hand grabbing her shoulder.

I use her shoulder as leverage to push myself forward while at the same time making sure she stays in place to take my thrusts. I surge forward and feel my balls slapping her clit. Pulling back, I slam forward again. And again. She holds her position on the bed, but with my thrusts, she’s forced to inch forward. I grit my teeth to keep from spilling inside her.

“Oh heavens,” she groans. “Please don’t stop.”

Her walls tighten around me, and I know she’s close.

I wait just long enough to feel her reach her peak. She cries out my name and starts bucking her ass against me. I have to force my own orgasm back when her tightness clenches around me in a vise grip.

I bend more at the waist until my chest is curled against her back. I take my hand from her shoulder, grab a handful of hair, and yank her head back. Once my lips are at her ear, I take the lobe between my teeth and nip, enjoying the shudder that goes through her body.

I rear back, force my hips forward, and unleash my own climax inside her, shouting, groaning her name, for everyone to hear.

+15 BONUS

I pull out of her and collapse next to her, trying to catch my breath. That was the best fucking orgasm I’ve ever gotten. It almost rivaled the first time we fucked ten years ago. I tried forgetting it,

but it always stuck to me. It's no wonder, I kept coming back to her for sex.

I'd just relaxed when I felt Ava move. I open my eyes, in time to see her moving on top of me.

"Don't tell me you're already done," she whispers against my mouth.

My mouth dries out when she rises a bit, grabs my still-hard cock, and then slides it into her pussy. It felt like heaven. I grab her hips as she starts to ride me, my eyes captured not only by her beauty but also by her beautiful breasts.

"Definitely not," I reply with a wicked smile. "We're not leaving this bed until neither of us can walk properly."
