

Ex-husband Goes Money Comes Chapter 246

They thought they were wrong.

Would Ormand personally peel an orange and feed a woman?

Was this gentleman in the video the coldest and most ruthless person who was in charge of the Hobson Group?

Even Todd was stunned. He forgot that he was reporting the data.

In front of the screen, the man who was stared at by everyone in the conference room did not notice anything inappropriate.

Whenever he fed the orange to the woman, who wasn't on the screen, there would always be a hint of doting in his usually cold eyes.

The smell of love filled the conference room through the screen.

Noticing, that Todd had stopped speaking. Orinand frowned in displeasure and resumed his cold expression, "Ga altead."

Todd looked at the file in his hand again

He was suddenly dumbfounded.

Damn it! Due to the loving scene, he forgot where he was.

Ormand reminded him seriously with a serious face. "The profit margin of the project."

"Right, the profit margin.."

Todd quickly found the data and continued to report.

Just as Ormand fed her with the seventh piece of orange, Viola moved her face to the side, not opening her mouth.

After failing to feed her, Ormand withdrew his hand and was going to put it into his own mouth.

Viola stopped him. "No, you can't eat it!"

It wasn't that Viola was stingy, but that people in the recovery period couldn't eat too many oranges. Ormand had #nif=t1 thirdi today,

He had to control himself!

Ormand stopped and turned to glance at the side.

at the time and whispered. It's

Violiknitta her eyebrows and treat him with ihreitendur eyes. She then look thr tolake your medicine."

Therefore, all the board meinbers looked at lie bly screen Viol yelled at Ormand, and Ormand's face was gloomy as

Everyone held their breath, thinking that the next second, they would set Ormand smash the cups beliad done to them in the past.

However, they didn't expect Ormand to be like a child who failed to get candy.

After a brief moment of unhappiness, he put down the orange obediently and took a tissue to wipe his hands gracefully.

After that, he took the pills that Viola handed over from outside the screen. He took the pills with some water and continued the meeting as if nothing had happened.

Holy shit!

Ormand was totally under her control.

Was Ormand, who was usually domineering afraid of his wife?

If they hadn't seen it with their own eyes, they would never have believe that the man who listened to his wife in the video call was ormand!

As for Ormand, he did not know that all the board membershud sein wat he had done in front of the camera

After the tiring meeting, he closed his laptop and pressed the woman, who was still leisurely looking at her phone, onto the sola.

"What are you doing?

Looking at the phone on the side, Viola struggled to move her wrist, but Ormond held her tightly.

Ormand's dangerous breath gradually approached her, and she could feel his warm breath

Ormand rubbed her nose gently and complained in a cold voice, "Since you don't let me eat oranges, then I can only eat you."

Viola felt that she was turned on, and her face instantly turned red. She swallowed hard and tried to calm down. "You are still recovering you can't exercise violently. You have to restrain yourself!"

Ormand was very depressed.

However, he could not argue with it.

If he said that his injuries were already healed, then Viola might pack her things and go home tomorrow.

If he said that his injuries weren't healed, then he would be restricted in every way and wouldn't be able to have her.

Both ways were painful.

He was angry for a while and thought of an acceptable way. "I can let you go, but since I'm about to recover, will you sleep in my room tonight?"

Viola shook her head. "No, I'm used to sleeping alone at night."

"Habits can be changed. You will get used to it in two nights at most."

"Do you think that I don't know what you are up to? No way!" Viol. stuck out her tongue at him and refused firmly.

Her provocative look had successfully ignited the fire in Omund's heart,

Orriand held her by the waist and placed her on his shoulder. His other hand grabber her legs to prevent her from falling down.

"Today. you started it. You can't refuse! You turned me on, so you have to be responsible for it."

"Ormand! Put me down!"

With her lets locked, Viola could only wave her hands to struggle.

However, she was afraid that she might hurt him if she hit him too hard on his back

In the end, Viola could only spank him.

She clenched her fists and punched himn in the butt!

She muttered, "You are bullying me! i'll kick your ass! Let go of me! Let me down!"

After being hit in the butt, Ormand was completely annoyed.

He did not fight back and only roared, "Viola McGraw!"

This was the first time Viola had been called by her full name, so she was stunned for two seconds,

It was not until the phone rang that the fight between them ended.

It was Viola's phone, and it was from Willard.

Ormand had to put her back on the sofa and let her answer the phone first.

"Dad, what's wrong?" She asked after catching her breath

"Baby, has Ormand gotten better recently?"

"Yes."

"Bobby shouldn't have done that. Since Ormand is much better, why don't you take him back for dinner tonight?

After all, they were already engaged, and Ormand had yet to return to the McGraw's house with her. Willard had only seen him a few times.

Viola thought about it and felt that it was indeed inappropriate.

"OK, Dad. I got it. I will bring him to dinner on time tonight."

"Good girl..."

Willard chatted with her for a while more before hanging up the phone.

Silence returned to the living room.

Viola looked at her phone and lowered her head, not looking up at the man standing in front of her.

Ormand couldn't see her expression and felt a little strange.

He squalled down by her feet, only to see that her eyes were rul and tears were shining in her eyes, like a shooting star

in the night sky

"The tears caused Ormand's heart to skip a beat,

"What's wrong?" He asked in a soft tone, unable to bear lo see her feeling wronged.

Viola pursed her lips and turned her lace away, not even looking at him. "You yellalat me."

Viola was even more areneved.

Get Bora

It was only after today's incident that she understood.

Ormand was always a domineering and proud man.

Moreover, he was stronger and more skilled than her.

Normally, Ormand would give in to her, but when they argued, she was no match for Ormand.

Viola didn't know what Ormand would do if she really annoyed Ormand. As a result, Viola was scared.

She could not let Ormand suppress her arrogance. She was not willing to be his soft and sweet woman forever!

She wanted to turn things around.

She had to completely crush Ormand's idea of controlling her!

It seemed that she had to give Ormand the little surprise she had prepared ahead of schedule.

she had to find a chance to teach him a lesson and find her dignity back.
