

Ex-husband Goes Money Comes Chapter 248

The atmosphere at the table was tense.

A depressing air surrounded the table, and it was a bit terrifying. The servants who were standing at the side waiting for orders all retreated in fear.

Bobby and Lainey looked up and glared at Lily at the same time.

Ormand frowned, his face cold, and the expression under the mask was particularly gloomy.

Lily was also frightened by the atmosphere. She arrogantly snorted and tried to look as noble and calm as usual.

“Why are you all looking at me? I was just telling the truth.”

She wanted to tell Ormand that Viola was a dirty woman!

Willard was a little unhappy and coughed lightly. “We’re eating. Why are you bringing this up? Shut up and eat.”

Lily was still very tactful. In any case, she had already achieved her goal.

Bobby, Lainey, and Ormand turned to look at Viola.

Viola was eating quietly. There was no expression on her face as if she had not heard what Lily had just said.

This was not like her usual verigetul personality,

Ormand felt a little strange. He tentatively picked up a mushroom that Viola didn't like and put it on Viola's plate **This is nutritious, and it doesn't taste bad. Try it."

Viola's hand that was holding the fork instantly stopped.

In front of everyone, she did not speak and only stared back at Ormand.

Only Ormand knew that this was a warning Viola was obviously holding back her anger,

It was not her style not to vent anger when she was annoyed.

Ormand didn't know what Viola was thinking in her mind, but he knew what he might experience when he went back at night if he let this mushroom Viola hated the most stay on her plate.

Therefore, he consciously picked up the mushroom on Viola's plate and ate it himself.

Only then did Viola's expression soften a little

Willard saw this scene His deep and turbid eyes slightly narrowed. No one knew what he was thinking.

The meal was not pleasant one.

When Willard saw that Ormand had put down his fork and knife, he asked with a gentle smile, "Ormand, does the food

bere suit your taste

*It's good. I'm already full Mr. McGraw, take your time to eat"

Willard also put down his fork and knife. "I'm old and my legs are weak I want to go to the study to find some books then continue reading: Can you push me over to the study?"

It was obvious that he had something to say to Ormand

one.

"Alright." Ormand did not hesitate. He got up and walked behind Willard to push the wheelchair.

After the letter Lily said, 'Viola, you are really lucky. You have been married once, but Ormand actually let it go and is willing to marry you. You should thank the McGraw family for their contribution... Ah!

ing. Viola picked up the half glass of juice on the table and splashed it accurately on Lily

Just as she finished

she crossed the long table

The juice splashed all over Lily's dress

her dress was wet

Lily widened her eyes "How dare you splash me"

Viola raised her eyebrows "Why wouldn't you? US Orin was here and it was his first time eating here, I told you once when that you would be stupanda mengan"

"I'm your stother!"

Viola snorted, "Other than whole in the Mew family will acknowledge your identity? Don't you know it? You always like to come out and show up It Stins that his distinctio pitant you have been in this tantiy"

Lily flushed with anger and local al Roblid

However, one of them was instinctively intend to interfere

Violence noticed Lily's eyes and model. "What are you looking at? I'll venture them to Sukup a few words for you? These are my biological mother and sister in law. They didn't help because they didn't want to embarrass you."

As soon as Willard left, Lily was isolated and helpless, and she was very depressed as if she could cry at any time,

Viola didn't want Lily to put on. She picked up the lock on the table, crossed the long table, and pressed the lock against Lily's neck

"Volal it you dare to hurt me, you won't beable to get awty as it nothing has happened!" Lily was shocked.

After all, there were so many

Kobly held Lainey's hand and motioned for her to ignore it.

Hobby and Laney watched the show silently.

Lily was very helpless She felt the forkagainst her skin, and there was a slight pain. She did not dare to move.

Sein: that Lily was territie, Viola sneered, "What else do you know other than cursing and relying on my dad?."

Lily was spechless.

"Il you keep a low profile, I can let you enjoy the last wave of wealth before I inherit the family business. If you provokeile..."

Her vole was long, her eyes sharp she whispered in Lily's ear, I will find someone to tie you up in a few days and throw you into the mountains to feed the wild boars."

"Don't you dare!" Lily's yes widened.

“Then you can try 1, Viola. I have always been bold. You can try to see if I dare to.”

Lily met Viola's ruthless and cold gaze and did not speak.

In the study.

Ormand was helping: Willard laid books on the top shelf.

“Is this one you want? Or that one?”

Willard put on his reading glasses and stared at the books. He said, “The one in the middle.”

Ormand took it off and handed it to Willard with both hands.

“Originally, I agreed to your engagement with her because I thought highly of you as you are decisive when it comes to business. How have you been living together during this period of time?” Willard asked calmly, stroking the book with his wrinkled hands.

Ormand stood obediently and listened. A trace of doubt could not help but surface in his heart.

Judging from Willard's words, it meant that he was dissatisfied with Ormand now.

“Viola took care of me very carefully. I am very grateful to her. Mr. McGraw, don't worry. Viola is the precious treasure of the McGraw family and is also the one that I want to dote on. I will take good care of her for the rest of my life.”

Ormand poured her heart out carelessly, but Willard put on a straight face, shaking his head and sighing

“Mr. McGraw?”

“It’s a good thing that you think this way. However, I have spoiled Viola since she was young. She always wants to get the upper hand when doing things. She argues when she wants to, even though she is facing her elders. Her personality might cause her trouble in the future. So I want to find a man that can discipline her and teach her well.”

Ormand pressed his lips together and did not reply immediately.

He was puzzled.

He thought, as a father, shouldn’t he want me to pamper Viola? He actually wants me to discipline Viola?

He failed to control Viola’s hor temper over the past twenty years and now wants me to take on this impossible task

Willard continued, “Viola is obedient to Bobby. Only Bobby can suppress her temper. I hope you can learn from Bobby.”

Ormand thought, does he mean that I should go to Bobby for advice?

Ormand and Bobby had been competing over the years. What’s more, Bobby had sent people to kill Ormand before. If Flot for Viola, Ormand and Bobby might have become enemies,

“Mr. McGraw, actually... Viola usually attaches a lot of attention to my opinion when it comes to important matters.”

“You don’t have to hide it. I’ve heard about what happened between you and Viola.” Willard did not even bother to expose Orland

Orland was stunned,

He thought, what had he heard?

What kind of rumors about me and Viola?

Willard saw, “I’m old and probably won’t be able to accompany my children for a few years. If you can’t fulfill my wish, I can only suspend your engagement.”

Orland instantly squalled down and looked at Willard in the wheelchair. “Mr. McGraw, don’t worry. I will discipline
