

Ex-husband Goes Money Comes Chapter 273

“Yes, I do.”

Not only did she not forget, but she also remembered it clearly. “Later, I especially investigated this matter. Ormand said that it was not sulfuric acid, but a strong corrosive agent S40.”

Todd sighed. “Mr. Hobson didn’t want you to feel guilty, so he hid something from you. In fact, something is in the strong corrosive agent S40, which is Super 404, a sort of biological virus.”

Biological virus?

Viola frowned and her heart trembled.

Even though she didn’t know much about medical research, she knew how serious a biological virus’ damage would be. It was definitely not a simple problem!

Todd continued to sigh and explained to her slowly, “This virus is very powerful and spreading very fast. There is no antidote in the lab at present...”

Ten minutes later.

Ormand, who was sitting in the middle of the meeting room, listened to Rodrigo’s report and looked at his watch.

Todd’s file hadn’t been taken back yet.

Under the ghost mask, his black eyes darkened and his displeasure floated in the meeting room.

The other directors held their breath and tried to lower their sense of existence.

Because they found that Ormand seemed to be in a very bad mood today, and

he was about to lose his temper at any time.

There was a sudden noise outside the door.

“Ms. McGraw! Mr. Hobson is in a meeting. You can’t go in!”

Then, the door of the meeting room was pushed open forcefully.

Standing at the door, Viola fixed her eyes on Ormand.

The Hobson Group’s staff knew her identity. The security guards didn’t dare to hurt her, so they felt it was difficult. “Mr. Hobson, it’s Ms. McGraw. She insisted on breaking in...”

In the meeting room, dozens of pairs of eyes were fixed on Viola.

However, Viola didn’t seem to feel their existence. She fixed her eyes on

Ormand.

Without turning his head to look at her, Ormand picked up the coffee on the

table with his bony hand and took a sip elegantly. Then he said in an indifferent tone, "Ms. McGraw, what do you want to say? Let's talk about it

after the meeting. Security, take Ms. McGraw to the office."

"Yes, Mr. Hobson."

The security guards were respectful and were about to ask Viola out, but Viola cast a cold glance at him.

Viola bypassed them and walked straight to the man in the middle of the meeting room. "Ormand, you called me Ms. McGraw again?"

Her tone was a little aggrieved and she had a lump in her throat.

Ormand's heart skipped a beat and he turned to look at her.

But when he saw her wet eyes, he couldn't help panicking.

"Viola? You..."

Viola walked quickly to him and kissed his cold and pale lips in front of

everyone in the meeting room.

Everyone in the meeting room was shocked to see this scene.

Everyone present knew the big news that they hugged and kissed at the charity

party not long ago.

They didn't expect to see this in a daily meeting at work.

After all, in the meeting room, so many directors and security guards were

watching them. In addition, Ormand had planned to break up with her, so he

didn't indulge himself in her kiss.

With a clear mind, he shrank into the back of the chair and avoided her lips.

With cold cruelty, he was about to hold her hands.

“This is the meeting room of the Hobson Group. Stop it!”

However, as soon as he took action, Viola seemed to have expected it. She

grasped his wrists first, raised them above his head, and pressed his hands tightly on the back of the chair.

Ormand struggled, but he was too weak to fight against Viola.

Viola raised her eyebrows slightly. These days, she was unhappy with

Ormand’s indifference and the way he called her. She tried to get closer to his

lips again.

But this time, it was a kiss of punishment like a rough and violent plunder. Her

teeth just tore and bit his lips.

Ormand furrowed in pain and moaned in a low voice.

Everyone in the meeting room was stunned.

Someone covered his mouth in disbelief.

Someone swallowed and felt jealous.

Someone covered his face awkwardly and peeped through his fingers.

They didn't expect that one day, they would see their boss being so weak and pounced on by his fiancée!

How exciting this was!

With the documents in his hands, Todd pretended to be in a hurry.

When he saw the scene on the host seat of the meeting room, he didn't feel

shocked and immediately asked others to leave the room.

"Mr. Hobson has some personal affairs to deal with now. The meeting was

postponed. Wait for the notice. Everyone can leave now."

People left the meeting room in order under Todd's arrangement.

When they were all gone, Todd considerably closed all the doors and windows for them.

The meeting room became quiet instantly.

The room was full of romance.

The kiss lasted for a long time. Viola didn't stop her punishment until

Ormand's very light whimper came.

Ormand's mouth was swollen because of the bite, as if he had been bullied. His

pale lips were tainted by Viola's lipstick and became bright and eye-catching.

Viola gently took off the ghost mask that covered his upper face, and still held

his hands to prevent him from moving.

Viola licked her teeth gently with the tip of her tongue, which made her look like a sexy vampire who had just enjoyed a good meal.

“Do you feel pain? You called me Ms. McGraw the whole day. It seemed that

you enjoyed it a lot. Do you dare to call me that again?”

Although her tone was fierce, her eyes were wet and she looked at him

sympathetically.

Seeing her like this, Ormand knew what was going on in his mind. With a

guilty conscience, he moved aside and said, “You... You know it so soon...”

“Yes.”

Her black hair was down, and her fingertips gently stroked his slightly swollen

lips. “If I still don’t know, are you going to hide it from me all the time and find a place to die quietly?”

Ormand avoided her gaze, his eyelashes trembling. Instead of answering her question, he asked, “Who told you that? Todd?”

Viola shook her head decisively. “No, he refused to tell me. I found it myself.

You underestimated me!”

He pursed his lips, lowered his eyes, and said nothing.

Viola recalled what she had just heard from Todd. With tears in her eyes, she sobbed, “Why didn’t you tell me about the serious virus? Are you afraid that I will feel guilty and dislike you?”

“Sorry, I’m delaying you...”

Viola felt heartache and couldn’t blame herself more. She held up his face with her trembling hands and said, “Idiot, you didn’t delay me. It’s ... it’s me who delayed you. If it weren’t for me, you wouldn’t have suffered from these diseases. I should have said sorry.”

Ormand’s heart softened when he saw her tears.

He had an impulse to hold her in his arms, coax her gently and wipe away her tears with his kiss.

However, he remembered Jerry’s words, making him restless.

Chapter 273–Punishment

He suppressed his impulse and said in a gloomy tone, "I volunteered to do this, and it has nothing to do with you. Moreover ... I don't need you to be

pitiful, and I don't need you to take care of me because of guilt."

She would get tired of it as time went by.

He didn't want to bind her in the name of guilt, nor did he want her to feel pain

when he was dying.

Viola frowned and became more and more furious.

"Ormand! What are you talking about? You are so rude to me now!"
