

Ex-husband Goes Money Comes Chapter 287

Viola didn't say a word. Her face was serious, but she was still worried.

Ormand continued, "I've been resting at home for more than half a month. If I don't go out now, there will be suspicion outside."

"Okay." Viola compromised reluctantly. "But you are not allowed to drink at the banquet. You can only drink juice. If you dare to drink without telling me, you will suffer!"

Viola snorted and stared at Ormand with a fierce look.

She was like a wild cat stretching out its sharp claws, which could tickle her man's heart and make him unable to restrain himself.

Ormand put his slender fingers into Viola's soft black hair, gently held the back of her head, bent over, and kissed her.

After a long kiss, Ormand pursed his lips and said, "Juice and wine are not as sweet and delicious as my Viola."

Viola helped Ormand to put on the ghost mask and gently pushed his shoulder, pouting, "You're making me blush!"

The two of them chatted and walked out of the house slowly. They drove the black Shelby limited edition to the Falcon's villa together.

Rebecca's birthday party would start at seven o'clock in the evening.

Viola and Ormand arrived at the Falcon's villa half an hour in advance.

When they arrived, there were not many guests.

Seeing Ormand and Viola appear hand in hand, Rebecca rolled her eyes secretly and came over to greet them, pretending to be enthusiastic. "Ms. McGraw, Mr. Hobson, you're early."

Viola just smiled without saying anything.

Ormand didn't even take a look at Rebecca. His black eyes were deep and cold. With the ghost mask, he looked mysterious.

Being ignored, Rebecca felt a little annoyed. She turned around and chatted with her socialite friends.

Stanley sat alone not far away and drank alone. He was happy to hear that Viola was here.

However, Stanley noticed that Viola seemed not to see him at all. After greeting John and Melinda, Viola only focused on talking and laughing with Ormand.

Depressed, Stanley walked up to Viola and tried to cotton up to her. "Viola, long time no see. How have you been doing recently?"

Viola's face was calm, and her voice was distant. "Mr. Falcon, thanks for asking. I'm fine."

Stanley was very disappointed. "You don't even want to call me Stanley now? Why do we suddenly become so distant?"

Viola frowned at his words, thinking, he sounded as if we had been very close before. Was he deliberately provoking Ormand?

As expected, Ormand's face darkened, and his eyes became sharp.

Before Ormand lost his temper, Viola straightened his collar and rubbed his neck with her fingertips intimately.

Then she said to Stanley, "Mr. Falcon, I think you have misunderstood something. We are just ordinary friends. We're never close. Besides, my fiancé is very jealous right now. Mr. Falcon, don't say anything that makes him misunderstand us."

Ormand's face returned to normal after Viola comforted him. He put his big hand around her thin waist.

Get Hopeo

Stanley's heart sank.

After the troublesome Orlando was finally gone, there came this even more troublesome Ormand.

Moreover, Viola fell in love with Ormand and moved in with him in such a short time!

Stanley thought he had loved Viola for more than 10 years. He loved her most and was the most suitable man for her.

Seeing that he had no chance at all, Stanley was not reconciled. "Viola, I have a few words to say to you alone. After that, I will never bother you again. Since we are friends, can we have a talk?"

Viola refused without hesitation, "Mr. Falcon, you should know that I have been on the news with Mr. Hobson a few days ago, and we're called the sweetest fiancées from rich and powerful families. Ms. Falcon has invited many stars to the banquet today. I guess many media will also come.

"If pictures of us getting alone were photographed, it would be difficult to explain. So Mr. Falcon, if you want to say something, just say it here. It's nothing that my fiancé can't hear."

Ormand's restless heart gradually calmed down. He took the initiative to hold Viola's palm and interlocked his fingers with hers.

The two smiled at each other, showing off their love without scruples.

Stanley was irritated. "Viola, for you, I'm not afraid of angering the Hobson family. Do you know that the women that Javon arranged for Ormand before were all sent out with wounds all over their bodies? He is violent and cruel to women. Rumor has it that he likes to abuse women.

"He's pretending to be nice to you now. Maybe he just cares about the McGraw family's reputation and hides his dirty side. If you really marry him, it might be a hellish nightmare! I've known you since childhood, and I won't hurt you!" Chapter 287 Stay Away From Me

Ormand's face was expressionless. After listening to Stanley's nonsense, he was calm in his heart.

However, Ormand was also a little curious. I didn't have a good reputation back then, but why did Viola never ask?

The two men looked at Viola at the same time.

Viola was stunned for a moment. She smiled gracefully and said, "It's just a rumor. Mr. Falcon, why are you so serious? Moreover, powerful as Mr. Hobson, he might deliberately spread most of the rumors. He just wanted to keep his chastity and didn't dare to touch any other woman except me."

Stanley's expression changed dramatically, unable to say a word.

Viola continued, "Mr. Falcon, there's still some time before the party begins. Mr. Hobson and I want to take a walk alone. Excuse us."

After saying that, Viola took Ormand's hand and left, leaving Stanley standing there lonely and disappointed.

On the balcony of the second floor not far away, Rebecca looked at her brother with pity. When she looked at the back of Viola, Rebecca's face gradually became vicious.

"Bitch!"

Max, with exquisite makeup, stood beside Rebecca and patted her shoulder to comfort her. Max also looked at Viola and Ormand, with a mysterious smile on her face.

"Don't worry. You have arranged several big scenes tonight. Calm down."

In the garden, Viola and Ormand were strolling around the Falcon's yard.

Ormand said, "Viola, do you really believe me so much? Aren't you afraid that Chapter 287 Stay Away From Me

I had done that ... cruel thing to some other women in the past half a year before we met again?"

When no one was around them, Viola pinched Ormand's ear and said coldly, "It seems that you still want to do such a thing?"

LLLL

"Ouch, it hurts. I was just kidding... Be careful of being photographed. Tomorrow's headline will be the news of our family violence."

Ormand complained with his face twisted.

Although Ormand said so, he bent down almost naturally, fearing that Viola would be tired of holding her arms.

With an awkward smile, Viola let go of Ormand's hand and rubbed his ear. "If the news is true, you will be forced to admit to the public that he is a caddy husband. It seems that I won't lose anything."

Ormand said, "No, that will make me sound so awfully weak! I need to change my position in this marriage!"

“You wish.”

Of course, Viola knew what Ormand was talking about. She rolled her eyes at him and walked towards the path first.

Ormand caught up with her at once. He held Viola’s hand tightly, trying to prevent her from losing him.

Although Viola didn’t ask about Ormand’s rumors, Ormand took the initiative to tell her.

“Grandpa did send a woman to my bed before. I asked Todd to pretend to be a ghost, and she passed out, so she was carried out of the Hobson’s house on a stretcher. Later, the news was deliberately spread by Gregory, trying to ruin my reputation. As it got spread around, the plot became more and more dramatic...”

GHBO While the two were talking, the assistant for Butterfly Girls suddenly came over.

“Ms. McGraw! I finally found you. Something has happened to Sherlyn and others backstage. Please go and have a look!”
