

Ex-husband Goes Money Comes Chapter 346

Viola turned her face away and ignored him. A drop of tears fell from the corner of her eyes and silently flowed into her hair.

She could never or would never give what Jerry wanted!

She would only love Ormand for the rest of her life!

Jerry sat on the side in defeat. He cried and laughed, but the corner of his eyes caught a glimpse of Viola lying on the sofa behind him. There was a dark red swollen mark on her neck, which was very obvious.

It was pinched by him just now.

Jerry gradually came to his senses.

“Sorry, Viola. I didn’t mean to hurt you.” He reached out and wanted to touch the red mark on her neck.

Viola dodged and turned her back to him.

Jerry’s fingers froze. In the next second, his expression turned cold again. He forcefully pulled back her shoulder and let her look at him.

He regained his usual cold and sinister aura.

“Viola, I’ll give you another choice. Do you want the life of the child in your belly or Ormand?”

“Jerry, why do you always force me to make a choice?” Viola gritted her teeth and glared at him.

He raised his eyebrows and smiled, “Because it’s very interesting, isn’t it? Viola, if you choose Ormand, you can obediently abort this child tomorrow. We will continue our wedding according to the original plan. And I’ll handle the matter of making those nobles shut up!

“If you choose this child, I can let you go and cancel the wedding. But Ormand must die!”

He smirked. He just wanted to see how important Ormand meant to

her.

Viola glared at him hatefully, but she also noticed that Todd was secretly climbing in the window not far behind Jerry.

“Jerry, I want both of them!” she said with a cold trace in her eyes.

The moment she finished her words, there was a muffled thud in the

room.

Todd grabbed a golf club in the corner and hit Jerry on the back of his head.

Jerry fainted on the spot and fell to the ground.

Noticing the wound on Viola’s neck, Todd immediately threw the golf club and ran over to check on her condition.

“Sorry, I came late!”

Viola tried to comfort him with a smile, “It’s okay. I’m fine.”

Todd let out a sigh of relief and glanced at Jerry, who was lying on the floor. “Now that Jerry knows you are pregnant, what are you

going to do next?”

Viola was also looking at Jerry, who was unconscious and deep in thought

“Miguel told me that the Super Serum is in Jerry’s hands. Where do you think he will hide it?” –

Todd lowered his head and pondered.

Viola was also pondering. “He has been living in Alez Palace. Compared with other places, the palace must be the safest place. Maybe he hid the medicine in his palace. Maybe tonight is a good opportunity! I will steal the medicine!”

“Tonight?”

“But the court banquet is being held tonight. There are too many people!” Todd was worried.

“It is more convenient for us because there are many people. Normally, the palace is heavily guarded. We can’t approach.”

Although Todd had mixed feelings in his heart, he knew that this was the only chance for Viola!

Jerry knew that she was pregnant, so he would only restrict her even more in the future. After tonight, it would be difficult to get the serum with other methods.

“Okay, but stealing is too dangerous. Besides, you are pregnant. I’ll go!” Todd looked at her firmly.

“You?”

Viola frowned and refused, “No! Cristina announced the wedding in public. Everyone knows my relationship with Jerry. I can enter Alez Palace in a justified manner. No one dares to stop me, but you are different. If you do it personally, it will be inuch more dangerous!”

“But Ms. Zumthor, have you ever thought about what Jerry will do? I just knocked him out. He has been trained and has a good constitution. Maybe he will wake up soon. If you are not by his side, he will immediately find it out!”

“But...” Viola hesitated, worrying about Todd’s safety.

“It’s okay. With you stopping Jerry, I’ll succeed. Don’t worry, I will do my best. Even if I have to risk my life, I must get the serum!”

“No! If you are discovered, you are not allowed to risk your life! As long as the serum is still here, we still have a chance to find another way even if we can’t do it tonight. So you must take good care of yourself!”

Todd looked at her and was deeply sucked in by the seriousness of her gaze. He was very moved.

LL

“Thank you. You are the one who treats me the best except Mr. Hobson,” Todd said, his eyes full of tears.

Viola was especially serious when Ormand was mentioned. “Orin has always treated you as his family. I believe he would also care more about your safety if he knew.”

Todd lowered his head and wiped his nose with his fingers, suppressing the urge to cry. Chapter 3461
Want Both of them

Get Hortul Viola patted him on the shoulder and carefully planned. “Once you get the serum, you must find a way to go back to the United States and bring it to Salt Lake City. And you don’t need to take me with

you!”

Todd was shocked by her decision. “Then what are you going to do? You are already under house arrest, and now you are pregnant! Jerry is a madman. Once he goes crazy, he will do you harm!”

“He won’t hurt me. The wound on my neck was an accident. Jerry ... will never kill me.”

Todd didn’t reply, feeling extremely conflicted.

Viola didn’t give him the chance to continue thinking, saying, “Hurry up and go! Be careful!”

“Alright!”

Todd pulled back his thoughts and climbed out of the window.

After sleeping for three days, Ormand finally woke up.

He wanted to blink in a daze, but his eyes were wrapped in bandages. He touched it with his hand and found that his head was also wrapped in thick bandages.

“Don’t move!”

Russell’s voice came from the side, “You’re taking an intravenous drip! Don’t touch it!”

Gut Bonus

Ormand put his hand back and sat up. After his mind became clear, he immediately asked, “How long have I slept?”

“Three days. You haven’t woken up and can’t take the medicine, so Bentley has changed to transfusion. Do you have a headache?”

Ormand felt it seriously and shook his head. Then, he asked, “How is Viola doing?”

Russell was stunned.

Today, a series of international news was released from Portugal.

One of them was about Cristina's adopted son, Carlos. He and Viola would hold the wedding in seven days.

Russell had already banned the news from being spread in the

country.

After all, Viola was engaged to Ormand, and now she was going to get married abroad. If people in the country knew about it, Viola would be terribly criticized!

As for Ormand... It was hard to explain to him.

"Russell? Why aren't you saying anything?"

Ormand waited for a long time but did not hear a reply. He felt uneasy and asked, "Did something happen to Viola? I want to leave the hospital! I will fly to Portugal today!"
