

Ex husband Goes Money Comes Chapter 416

“Lainey, he is not hurting himself. Max should have been punished, but he’s willing to receive the punishment for her. Maybe he wants to ask me to release Max.”

Lainey was slightly stunned. She didn’t expect that Viola would have this kind of idea.

“Viola, Bobby hasn’t mentioned Max since the return banquet. He is asking for your forgiveness. What he is doing is

because of you.”

Viola kept silent for a long time.

In the hall, only Bobby’s weak and hoarse voice could be heard.

Viola cracked open the door and saw Bobby’s scarred back.

She was touched by the long, deep scars.

But that feeling only lasted for a few seconds.

After thinking for a while, she curled up the corners of her lips, and her eyes were cold. “He should ask for my forgiveness. Since he has already punished himself, just let him be. He feels guilty. He won’t forgive himself if he thinks what he has done is not enough.”

Lainey’s eyes reddened as she sobbed in a low voice, her heart aching.

“But Viola, that’s a horsewhip. He can’t stand it if he gives himself 50 lashes every day. The wounds can never heal.”

Viola thought for a while.

Though Bobby was the one who hurt her feelings the most, those things were all done by Max. His biggest fault was that he didn’t do anything after knowing the truth and was not qualified to be her brother anymore.

She always got even with people with fairness. She had never been partial to anyone or wronged anyone.

Thinking of this, Viola looked at Lainey seriously and said, “Tell him that he doesn’t need to touch me by playing the trick of having himself tortured.

“If he wants to atone for his sins and ask for my forgiveness, he just needs to say his prayers every day. I won’t have someone watch him. He can do it if he wants. If he doesn’t want to do it, it doesn’t matter. As for whether I would forgive him or not, I’ll consider it until he can make up the sins he committed.”

After saying this coldly, Viola turned around and left without hesitation.

Lainey stared at Viola’s back and could only sigh. She pushed the door open and entered the hall.

She squatted behind Bobby and checked his wounds.

The white shirt was torn by the lashes, and he had been whipped forty times. His skin on the back was split, and his flesh broke forth. The scars were web-like.

Her heart ached. She stretched out her hand, but she didn't dare touch his wound as she was afraid of hurting him.

In these few days, her eyes had been swimming with tears.

"Darling, you are badly injured. You have a fever now. Why don't you stop saying your prayers tonight? You can take the medicine first and start reading again tomorrow."

Bobby didn't say anything. He focused all his attention on the prayers and continued to whisper.

Lainey failed to dissuade him, so she could only silently stay with him, covering her mouth and crying softly.

In the countryside.

Max fainted again.

After days of torture, she had lost a lot of weight, and she was both physically and mentally exhausted.

Nina took Tyler and Toby to have dinner, and Tim sneaked into Max's room to check her condition.

This morning, Max smiled at him. That smile was warm and beautiful, and it was printed on his memory.

He didn't believe that such a pitiful and innocent girl would be the pervert his mother spoke of.

Thus, he planned to ask Max personally.

He bent down and quietly entered Max's room quietly. He saw that Max had already woken up and was leaning against the head of the bed, staring at him with her beautiful eyes.

He scratched his head awkwardly and laughed foolishly. "I just want to see if you're alright. Do you need a doctor?"

Max's voice was hoarse, and she couldn't speak aloud. She waved at him.

Tim immediately stepped forward as if he had been possessed.

When he approached, Max immediately grabbed his hand and put it on her neck. She said in a hoarse voice, "If you

want to help me, just kill me."

"You're so young! You should enjoy your life!"

He was so scared that he withdrew his hand, and his callused fingers touched the girl's warm and delicate skin. That feeling was wonderful.

Max's eyes soon became watery, and her face was full of pain and despair.

She pointed at people out of the door and continued to explain in a hoarse voice, "I'm innocent, and I was sent here. Everyone outside bullied me. I don't want to live anymore. Help me..."

Her beautiful eyes darkened, and she seemed to have lost all hope of living. Her eyes were filled with grief and sorrow.

Tim panicked when he saw her crying, but he did not know how to comfort her.

Max held his hand again and said earnestly, "I'd rather die than live in pain. Please, help me!"

"No, no. If you are innocent, there must be another way. I can find a way to prove your innocence."

Max's eyes lit up, and her eyes were quite charming. She waved at him again, motioning him to come closer, and whispered in his ears.

After Nina finished eating, he came in to check on Max and happened to see the intimate scene.

"Aah! You bastard! How dare you be so close to her! Don't you know how evil she is? You might be used by her until you're useless."

Nina was so angry that he rushed over and twisted Tim's ear.

Max wanted to stop her, but she was slapped by Nina, who was in a temper, and Max fell on the bed.

"Do you think that I don't know what you are thinking? My son is unsophisticated and can't resist your seduction. If Chapter 416 Please Kill Me

this happens again, I won't let you go!"

Max felt dizzy after she was beaten. She covered her face, unable to sit up from bed for a long time.

"Mother, don't hit her. She is very pitiful. She's innocent!" Tim struggled free from his mother's grip and tried to help

Max up.

“She’s innocent?” Nina was burning with anger, and she slapped him in the face.

“Idiot! Are you blind? You feel sorry for this kind of woman? If I don’t teach you a lesson today, you will probably come to see this evil woman!”

She twisted Tim’s ear again and dragged him out. She asked Tyler for the horsewhip that usually was used to lash

Max.

After a while, Tim’s screams came from the courtyard, and he asked for pardon.

Max listened to the screams quietly with a serious look.

She didn’t expect that Nina would see that scene, and she thought that Nina would keep a closer watch on her and might even be crueler to her.

She thought that she could only show the white feather first and be obedient for some time until Nina and the two bodyguards of the McGraw family lowered their guard, and then she could find a way out.

She hoped that Tim believed her words and would help her.

As she was thinking, the door was pushed open.

Nina, who had finished beating Tim up, walked towards her angrily. Without saying anything, she pulled her out of the bed and pulled her to the courtyard. Then Nina let Tyler lash her.

Max did not say anything and was soon dragged to the courtyard.

Whoosh!

Tyler lashed her with the horsewhip, and she fell to the ground with a flop. The pain didn't disappear for a long time.

As she had expected, after what had just happened, Tyler exerted much more strength.

Besides, this time, Tyler didn't even allow her a breathing spell. Before she could get up, he continued to whip her.

She put her hands around her head and gritted her teeth.

She gradually lost consciousness, and she couldn't feel the pain.

Before fainting, she suddenly missed Willard and Bobby.

They couldn't give her their first name, but her father and Bobby loved her and gave her whatever she wanted. Her life

had been comfortable with them.

If she hadn't hurt Viola and remained an unknown bastard daughter, perhaps she could continue to live a comfortable life as before.

She was wondering if she was really wrong.
