“What do you want from me?” In the luxurious presidential suite of the five-star hotel, Calvin Harvey, bushy eyebrows slightly twisted, sat lazily and casually on the leather sofa, with his perfect long legs folded. Noble as a king, he asked coldly, no expression could be seen on his handsome face.

Belle Morris had long used to his indifference and alienation, but her heart still ached as if it had been cut by a knife!

With no light in her eyes, she curled up the corners of her mouth into a faint smile, uttering, “I agree with the divorce.”

Her answer surprised Calvin. His cold and dark eyes narrowed slightly, looking up at her.

Belle dressed in a deep neck white chiffon off-the-shoulder skirt, which was close-fitting, setting off her body shape in a perfect way. Her long hair draped over her shoulders, which made her look elegant, coupled with a bright smile on her face.

How could a woman smile so brightly when she said she agrees to divorce?

Flame of fury flickered in Calvin’s eyes and a cold smile was on his face!

“But I have my request.” Belle licked her red lips, as if she had made up her mind, “I want 50 million for compensation.”

Sure enough, she was ambitious!

Calvin gave a cold smile, and his handsome face was full of contempt and disgust. He had been expected that she would ask for money!

He lit a cigar and took a drag. Among the smoke, Belle could only see his expression hazily!

Since when did he start smoking? Belle was secretly shocked at this, for he never smoked before, and there was a light fragrant scent of mint on him that charmed her!

Gradually she felt heartbroken, as if a needle was stuck in her heart and the pain densely surrounded her!

In order to have the courage to raise this request, she had been constantly persuading herself since she came out of the hospital.

Three years ago, Calvin proposed a divorce, but she didn't agree!

When she was still very young, Belle had been in love with this indifferent yet handsome man. For many years, loving him seemed to have become a part of her life. Even if he was fed up with her, showing her cold shoulders, she had never thought about getting a divorce. Instead, she went to America alone to avoid the divorce.

But a few days ago, she received a phone call from the hospital and got the news that her father died in a car accident and her mother was still lying in the hospital.

The disdain in Calvin's eyes made her heart hurt. But at the thought of the huge amount of medical expense for her mother, she had no way out!

An uneasy and impetuous atmosphere enveloped them.

Calvin silently put out the cigarette, and his keen eyes rested on her bare cleavage.

Belle was away for three years. He wondered how many men had she been with in the past three years. Now she dressed horny to seduce him. She was really shameless to this extent for money.

The anger in his heart was like boiling lava. His eyes were cold, but his sexual desire was aroused, which made him feel thirsty and hot.

It seemed that since she came to his sight, he had been aroused!

"Sure, but I have to fuck you first." His long arm on the back of the sofa, he tilted his head slightly, and gave her a cold gaze, with a scornful smile on his thin lips. Calvin had an innate domineering temperament.

What did he take her for? Belle gasped and shivered!

It had been three years, and the resentment he held for her got stronger!

Belle felt ridiculous. Her face turned pale, and she felt all her efforts were all in vain, all expectations had vanished from her mind.

Yes, he would never fall in love with her. She was in her one-side love, and she deserved it!

After three years of hard work in America, she became transigent!

“Deal!” Belle raised her head slightly, took out the signed divorce agreement from her bag and handed it to Calvin, “Mr. Harvey, here is the divorce paper. After tonight, we have nothing to do with each other.”

The veins on Calvin’s forehead twitched. He smiled coldly and crooked his finger at her.

Belle endured the humiliation and took a small step forward, with a smile on her face as always, charming and lovely!

Calvin stared at her with his harsh eyes. At that moment, he seemed to see her sadness and helpless, and he could feel a hint of heartache, which surprised him.

It must be an illusion. Because within a second, Belle’s face full of charming smiles annoyed him!

How could he care about such a woman?

Belle saw her fear in his dark and cold eyes!

Her heart was beating fast. At this moment, she really wanted to turn around and run away, but this idea was denied by herself in a flash!

“Please me.” Calvin’s voice was cold and overbearing. He leaned against the sofa, his head slightly raised and his collar unbuttoned. He was so cold the Belle dare not approach.

Please him? Belle was at a loss.

After being married for so many years, he was always moody and cold to her. The marriage between them had already existed in name only! If it weren’t for the fact that he was drunk that night after they got married...

“No? Since so, please go out of here. I am not that available.” Seeing Belle standing still, Calvin said coldly.

Fine! Belle gritted her teeth, bent over and pressed on his lips, blushing.

Her red lips pressed against his cold lips, the faint fragrance left Calvin stunned for a moment.

This was the first time she had taken the initiative to kiss him since they got married. But this was not a kiss. It was as if she was gnawing at a bone. When he thought that she was pretending to be innocent, he felt an unknown anger. He jerked up his head, and Belle slipped and fell into his arms.

“You are that eager to throw yourself at me, huh? Calvin’s voice was cold. He was full of hormones and his hot breath sprayed on Belle’s face. Before she could get away, he lifted her up and threw her on the soft bed.

Calvin tore off her dress soon.

Her fair and smooth skin and perfect figure showed up in front of him with a fatal temptation!

“You asked for this.” Calvin gave a sneer, and he suddenly bent his head and kissed her!

He had experienced how good it felt as early as that night. However, the more beautiful a woman was, the more she was good at disguise. He did not like that!

It was almost impossible for her to get his tender treatment.

This night was just a deal! Belle knew it very well!

Since there were some things that must be paid, then she should be happy, so she tried to bare it with joy! What’s more, she had always loved this man!

When Belle gradually regained consciousness, it was already dawn, and Belle felt a tearing pain all over her body!

She put on her clothes. She frowned in pain, but she disguised with a fake smile.

Belle had bright eyes that arched when she smiled, which was adorable.

Just like now, although her family was in a mess, even she pleased Calvin, who she had loved before, by having sex with him, she still smiled brightly.

Calvin was standing by the floor-to-ceiling window. With the faint yellow light shining on him, his tall and straight back looked lonely, and his eyes were deep and hollow!

Was it finally over? Belle felt relaxed, but she felt her heart was so heavy that she could not breathe! The road ahead would be tough, and all this was just the beginning, there were still many things ahead of her.

“Can I leave now?” Belle asked Calvin, expressionless.

After a few steps, she turned around, raised the check in her hand and smiled at Calvin, who was staring at her with no expression on his face, “Goodbye, my ex-husband!”

Belle waved at him gracefully and left in hurry steps.

Calvin’s body was stiff, and his eyes were very gloomy!
