

Ex-Wife 1597

Chapter 1597

Anyone who paid attention to the entertainment circle would know that the so-called rich young lady was Leia. In short, Shirley made herself out to be a pitiful and innocent woman in the whole tragedy, and Leia was just a homewrecker who had snatched away Shirley's lover.

"What?" Xavier had been watching Shirley's interview, and tried to say something to infuriate Leia.

Calmly, he commented, "She's telling the truth—her first encounter with me was rather sentimental. If I didn't help her in time, she would be sold to those men. I even helped with her medical bills and saved her family, then helped her get a role in a movie with my connections . She even got a grand prize and became the best actress..." He purposely tried to make Leia jealous, because he wanted some sign that she still cared about him.

"Wow, what a touching love affair! But how did it end up like this? Is it because of that rich young lady?

Was she a homewrecker?" Leia sneered sarcastically.

"It's not the only reason, but it's one of the reasons!" Xavier answered honestly. He had been obsessed with Shirley before he bumped into Leia, and had been very much in love with her. He had wanted to

spend the rest of his life with her, but when he discovered that she had been fooling around with his father, he started to doubt everything in his life. He no longer wanted to believe anyone, let alone fall in love... until Leia came into his world. Maybe he saw it as some kind of salvation or maybe he just wanted a distraction, but Leia had undeniably helped him get rid of that ill-fated relationship. So, in a way, she had meddled in his love affair with Shirley.

"Are you out of your mind, Xavier? What does it have to do with me? You can't protect that witch like this! How dare you blame me?" Leia snarled furiously, getting to her feet to fight him.

"I was being honest. I did have a change of heart because of you, and I couldn't help it since you're so charming. Can you please stop being so attractive and seducing me?" Xavier stood up and flirted with Leia arrogantly.

"How dare you..." As expected, Xavier's words threw Leia off guard, and she didn't know what to do.

"What's wrong with what I said ? Do you think that you're not attractive? Or do you think you didn't seduce me?" As he spoke, Xavier moved closer to Leia and held her wrist. "You bewitched me, then ignored me. You're more detestable than Shirley!"

"Shut up!" Leia turned beet red and struggled to get free. "I... I don't buy it!"

Owen stared at the two of them, utterly confused. He turned to Stefan and asked him slowly, "Are they always so dramatic?"
