

## **Ex-Wife 1905**

Chapter 1905

It felt quite reassuring since Renee now had nothing else to lose.

Adie, however, wasn't as understanding as Renee.

He couldn't figure out why his parents didn't want to be together even though they loved each other.

"Daddy, did you make a mistake? Are you being punished for it?" Adie scrutinized Stefan, his eyes narrowed.

"Why can't you be with Mommy? Isn't it more painful to be away from the person you love?" Although he was just a child, he knew that being together with your loved ones meant happiness.

For example, he loved to spend time with his parents, Abby, and Tiffany, and would miss them when he didn't see them.

It didn't make sense to him that Stefan wanted to suffer such misery when he could just live happily with Renee.

"Yeah, I made a mistake, so I have no right to be with her." Stefan smiled regretfully as he looked at Adie.

"If I only bring her harm, would you still want me to stay with her?" "What do you mean?" Adie pouted, refusing to give up. "You should adore Mommy since you love her.

Why would you want to harm her? Daddy, you're contradicting yourself.

I don't like you when you're like this!" "Adults are very complicated, and sometimes, things happen the way they're meant to.

It's hard to resist fate...

You'll understand when you're older." Stefan kept his head low, sounding miserable.

"I don't understand, and I don't want to.

All I know is that people should be together if they love each other.

If you love Mommy, you should be nice to her.

If you can't do that, then don't say that you love her.

You have no right to love her!" Adie didn't believe Stefan's words, he just found him to be hypocritical.

I'm going to ignore you, and so will Mommy!" Adie turned away from Stefan and jumped out of bed angrily.

He walked to Renee and held her hand, patting it comfotingly.

"Don't be sad, Mommy.

Daddy is a coward and a liar.

He has no right to be with you, so don't kiss him again." "Adie!" Renee smiled in amusement.

It was time to give up on getting their family back together and rekindling her and Stefan's romance.

"You don't have to worry about me, I know what to do." Renee glanced at Stefan and shrugged casually.

"Mr.

Hunt, relax.

Something got into me earlier, but I've come to my senses now.

I'll no longer pester you, so you can pursue the person and life you want stefan was at a loss for words.

He clenched his fists tightly, his expression mournful.

"we've escaped death, and there's nothing more important than life.

Just follow your heart and live the life

you want!" Renee sounded casual and easygoing far from the

desperate person she had been

earlier when she kissed him

That was what Stefan wanted, but it pained him terribly when she treated him like that.

"Anyway, the kid is hungry." Renee looked around.

"Is there any food on this yacht? We

should have lunch shouldn't we she looked outside

After the hurricane had passed, the sky had become a bright blue.

She let out a soft breath, wondering where this path was going to take her.
