

Love Between Fairy And Devil (Completed) Chapter 117

- Chapter 84.2 (End)

Chapter 117: Chapter 84.2 (End)

In the blinding and brilliant rays of sunlight, Little Orchid suddenly heard someone from behind gritted, hissing teeth and shouted loudly, "Dong Fang Qing Cang!"

She heard. This was the voice of the owner of the demon market. From behind carried hostile energies. Dong Fang Qing Cang did not turn around and entire body radiated a fiery boundary that obstructed that person outside.

At this time, Dong Fang Qing Cang jumped into the crack under the feet. During the time when [they] jumped, Little Orchid turned head fully around to look back. She seemed to have seen the face of the person that was being obstructed above the crack.

"It's the owner of the demon market!"

"Has come well." Dong Fang Qing Cang said, "Let him see with his own eyes how this body will be stolen by ben zuo."

Hearing such words, Little Orchid suddenly understood. Dong Fang Qing Cang was taking revenge...

When almost landing down into the deepest stone room, a transparent boundary obstructed them. Dong Fang Qing Cang furrowed brows and raised sword to slice the boundary, but at this time, Chi De woman inside the stone room suddenly came over. Unexpectedly, there was a heavy energy iron chain on her legs!

"Demon king." Chi De woman peered at Dong Fang Qing Cang. Appearance was not really pitiful when imprisoned. She still had her back straightened up as she said, "You came to get this body right?" She pointed at the sword in his hand, "Then you cannot use it. If this boundary broke, then the entire mountain will collapse."

Dong Fang Qing Cang was not in a hurry and withdrew the sword. There was only the owner of the demon market above that ground who was still using every means to destroy the boundary of Dong Fang Qing Cang.

Chi De woman calmly commanded, "I cannot go out, but you can hear me. Write eight-words incantation on the boundary and used your blood to this boundary."

Dong Fang Qing Cang raised brows and probed the energies inside the body. The soul of Little Orchid was raised healthily inside. There were no obstacles. Therefore, he followed through as he wrote the incantation on the boundary and added drops of blood. The boundary has indeed been broken.

The owner of the demon market above the stone room grew more anxious. They were underneath and can feel that he was using powers that caused the ground to tremble and shift strongly.

Little Orchid peered above and then looked at Chi De woman, "Doesn't he love you, how come [he] has treated you like this?"

Hearing the voice of Little Orchid, Chi De woman was dazed, "Little Orchid?"

"It's me."

Chi De woman peered at Dong Fang Qing Cang and laughed, "Leaving outside will not put mind at ease, so you might as well placed inside body...Demon king, you got your just deserts."

Dong Fang Qing Cang sneered coldly and pointed at the heavy-energy iron chains on Chi De woman's feet, "God of War is merely like that, you also got your just deserts today."

The two eternally old enemies have now joked with one another in this stone room. Chi De woman couldn't help but laughed into sounds. Yet, after smiling forever, her voice was somewhat helpless, "He was scared that I will escape, on this chain there's also a soul-binding incantation. My disciple has waited for me too long and thus, became sick."

Little Orchid hesitantly asked, "He...has locked you for (ten) many years?"

"En." Chi De woman nodded, "But he has locked himself for ten million years." She moved the ankles and heard the iron chains echoed. She smiled and said, "You see, natural law of heavens sure enough has never avoided anyone."

Hearing this statement, Dong Fang Qing Cang snorted coldly and waved his hand. The flames that transformed into the sword's blade flew out and collided against the iron chains, but unfortunately did not caused them [chains] to melt.

Dong Fang Qing Cang furrowed brows. Within a moment, the heat of the flames passed through the iron chains and came toward Chi De woman's ankles. The skin of her ankles began to grow red. But Chi De woman did not knitted her brows.

With two additional flames, in the end the iron chains were cut loose.

Dong Fang Qing Cang peered at Chi De woman, "Natural law of heavens has what?"

"Natural law of heavens has what...for more than ten years you still have not understood the natural law of heavens has what?" Chi De woman peered at Dong Fang Qing Cang, "Demon king, currently you still aren't fearful?"

Dong Fang Qing Cang was silent. He has a fear. Translations belong to Chocolate Cosmos.

Before, Dong Fang Qing Cang has never known fear due to the lack of care for any life, but currently, his heart knows how to care for one person and to protect one person while defying life.

Therefore, the heart cannot avoid incurring fear.

The ground trembled. Raising one's head upward, Dog Fang Qing Cang's boundary above was unexpectedly torn one strip downward by the owner of the demon market.

Dong Fang Qing Cang raised the brows, "Do not bother talk rubbish, and give the body to ben zuo."

"Of course. I have waited quite a long time for this day."

Little Orchid heard such and heart suddenly sprouted a brief thought. Don't tell [me] that before Chi De woman has done one's utmost in saving her [Little Orchid] fragment of life due to waiting precisely for this day—Dong Fang Qing Cang saving her and taking back the body in exchange for Chi De woman to enter the reincarnation cycle?

If so, the plan of Chi De woman, despite having difficulties, was lacking in emotions...

Not giving Little Orchid the opportunity to ask several more words, Chi De woman slowly closed eyes, "Dong Fang Qing Cang, I have one last request. Kill A Hao. Yet, do not let his soul disperse and scatter. Tell him to find me at the River of Oblivion." The corners of her lips lightly smiled, "Previously, when [I] could engraved on Sansheng rock as one wishes, each time I pass by would write his name."

The white soul left the xi rang body.

The boundary at the top of Dong Fang Qing Cang's head ruptured. The hissing-like voice of owner of the demon market came through, "Master!"

Dong Fang Qing Cang furrowed brows and shouted in a low tone, "Go in!" Little Orchid was immediately forced out of his body by him, but on the contrary, she rapidly understood him and immediately crawled into the xi rang body.

The body of the xi rang has went through several years of tempering and no longer has the living energies that repelled Little Orchid. Her soul completely intermixed into each corner of the body. After that, she moved the fingers and opened eyes. She brought her eyes to peer at Dong Fang Qing Cang and the stone room.

After going through many matters...at last she has returned to this body.

She and this body are ultimately one.

But at this very moment, Little Orchid did not have a lot of time to be joyful. In the direction of Dong Fang Qing Cang, the owner of the demon market seemed to have become mad and charged forward while bringing along resentment of wanting to tear his flesh, "Dong Fang Qing Cang! You're impertinent!"

He made a fist and the Shuo Feng sword immediately appeared in his hand!

Little Orchid was startled. She clearly remembered that this sword have caused injuries to Dong Fang Qing Cang twice.

The owner of the demon market sliced eastwards toward Dong Fang Qing Cang. The raging flames and ice collided. The strength of contact was humongous to the point of seemingly causing Little Orchid to overturn. After one strike, Dong Fang Qing Cang does not desire zealously fighting. He shook his body and grabbed Little Orchid. He speedily pressed a blood seal on her neck, "Protect yourself well."

After he left such sentence besides Little Orchid's ears, she saw flowers before her eyes. When she reacted back again, the surrounding scenery has changed completely for a while.

The ravine flowed pitter-patter in front of her. The all around were luxuriant trees. There were no stone room and the owner of the demon market filled with hostile energies just now.

It was Dong Fang Qing Cang...[who] used the shifting spell to instantaneously bring her outside, but Dong Fang Qing Cang...

As if echoing Little Orchid's words, birds from afar were shocked and flew upward. The booming sounds transmitted. She stared blankly at the mountain's peak afar that was covered with snow slowly collapsing.

Of course.... that was the place she has stood previously...

"Big devil..." Remembering the pair of red eyes filled with hostile energies of the owner of the demon market along with his maddening facial expression, and there was even Shuo Feng sword...Furthermore, there was the last sentence of "protect yourself properly" from Dong Fang Qing Cang, the uneasiness in Little Orchid's heart slowly grew more. Under the feet there was a feeling of pain after the iron chains were melted, but at this time, Little Orchid did not mind as she ran staggering toward the direction of the collapsing mountain.

At this time, Dong Fang Qing Cang was facing the owner of the demon market who seemed to have become mad, but the color of his expression was dignified, "Your master tell you to go to River of Oblivion."

"What River of Oblivion?!" The owner of the demon market's face grew red with anger, "Ten million years of memories previously, and there's also ten million years of memories here. Everything pertaining to master I do not want to forget even a bit! We have waited like so, hoping for long like so, but you have destroyed her...How can people like you understand, how can...Dong Fang Qing Cang! If not for you...if not for you!" He hissed and howled maddeningly as if burning all pure essences and only knew how to frantically fight.

His double-edge sword's momentum was extremely rapid and was even outside the expectations of Dong Fang Qing Cang. He drew the sword to block, but did not expect that was merely an empty move of the owner of the demon market. Within a blink of an eye, Shuo Feng sword pierced toward his heart...

The mountain afar that was unhurriedly sinking could not endure the strength of the battle and suddenly collapsed. The sounds of wild beasts roared. The sounds of birds soaring up rang incessantly in the ears.

Thus, after the mountain collapsed, the four directions were peaceful again. Over there, there were no light rays of powers colliding. Little Orchid halted steps and peered at that mountain afar for a long time until after waiting, Dong Fang Qing Cang did not come over. The uneasiness in her heart became increasingly pervasive and she hurriedly went over there. She walked toward the direction of that mountain, climbed over the incessantly falling rubble, and stepped through the mud with no path remaining. She moved straight without hesitation.

"Big devil...big devil..."

She called Dong Fang Qing Cang until the color of the sky has slowly darkened. [She] did not see Dong Fang Qing Cang stepping out. In the end, Little Orchid collapsed on the fallen mountain [rocks] with her feet already slimed with indistinct flesh and blood. She glanced left and right while mouth muttered Dong Fang Qing Cang in bewildered and helpless manner like a lost child.

"Big devil!" She called out, but no one responded.

Suddenly, Little Orchid saw the fiery double-edged sword of Dong Fang Qing Cang in the pile of mountain rocks.

The sword's body was buried and only an extremely small flame was burning. Little Orchid immediately threw herself there and dug through the rocks. She originally thought [she] could see Dong Fang Qing Cang's hand underneath but there was nothing at all!

There isn't him, and only his sword!

Little Orchid picked the sword up and grabbed the sword's hilt. The warmth on the sword's hilt caused her eye rims to grow hot and her nose stung.

Who said after dying once that feelings would change? Towards Dong Fang Qing Cang, how can her feelings change? Furthermore, who can go through many life and death experiences with her unwavering like him? Even though he has harmed her, yet he has saved her many times like this. She suspected and did not trust him, but she was willing to use an unrestrained time in harmonizing with him ah!

Before to now, her heart does not hold anyone else, and there was no one who can defeat Dong Fang Qing Cang in her heart...

"Dong Fang Qing Cang!" Little Orchid burst into tears and would cry while hand lifted up wearily to dig, "Big devil!"

When heart was at the point of despairing, her feet stumbled due to something. Little Orchid immediately lunged toward there and smashed the rocks. Hand was abraded and forehead scratched. When she struggled from wanting to stand up, a black shadow squatted down in front of her.

Silver hair drooped to the ground. In the pair of blood-red pupils illuminated the dirty, smeared with tears face of Little Orchid.

Dong Fang Qing Cang raised hand to rub her cheeks. After that, used the thumb to wipe each tearstain on her face. He peered at Little Orchid and brows slightly furrowed. Face has helplessness, has acrimony and there was also consolation that cannot be said into words. As if probing and was also unsteady [he said], "Didn't say [feelings] has changed?"

Such words revealed the lack of confidence that he has hidden forever in the depths of the heart.

So the person who suspects was originally not only she. The person who is unease was not only she. The person wanting to know what the mind of the other person was thinking was also not only she.

Little Orchid in a moment was having strength completely drained from body. She sat on the ground, "Scoundrel! You have fooled me!" She howled and wept.

Dong Fang Qing Cang quietly peered at her crying. When [she] grew tired from crying, Little Orchid stood up. At this time, he said, "This is the last time."

"I don't believe you anymore!" Little Orchid grew angry and spoke loudly, "I also did not fooled you! I don't love you! I don't love you! I don't want to see you unexpectedly!"

Once again, Dong Fang Qing Cang did not bother wasting words with her. He hugged her head and kissed her lips without the slightest hesitation. Deeply, profoundly, possessively, possessing completely. This body is hers, but is also his.

From now on there is no one who can touch her, besides him.

The sunset left the mountain. Dong Fang Qing Cang piggybacked Little Orchid down from the mountain debris. Her head was placed on his shoulder and she tilted her head to ask, "Where to go next?"

"You want to go where?"

"I want to find master."

Dong Fang Qing Cang's face darkened, "This matter cannot do."

"You're not speaking reasonably!"

"Demon king speaking reasonable, little flower demon, you're joking with ben zuo?"

Little Orchid grew angry and plucked several of his hair strands. She lied on his back and disregarded Dong Fang Qing Cang carrying her away. After a while [she] said, "A few days ago you said you would find a body for me. Each day each night I would think—perhaps you're plotting something against me or not. Finding a body for me and you will make me do something next."

Dong Fang Qing Cang was quiet for a long time.

"Of course there is a scheme."

Little Orchid was startled, "Indeed you're scheming against me! What are you scheming against me?!"

"Besides giving one's heart (body) to, little flower demon, is there something else you have?"

"You! I want to go back to Wan Tian Zhi Xu to find my master!"

"No."

"You're not speaking reasonably!"

"..."

The deep, red light of the sunset dragged long the shadows of the two people on the rock debris. Their sounds of bickering each time would gradually grow farther...

Chocolate Cosmos(The Translator): Thank you so much for reading Demon King/The Parting of Orchid and Cang!!! ♥ I will leave my commentaries for this novel once we hit the epilogues, but feel free to input your thoughts!

Regarding the epilogues, we have around six epilogues with the last three being particularly shorter than the first three. The online (original) version on jjwxc only shows the first epilogue. With that, I do want to mimic a bit with the first epilogue and translate that first, but I will skip epilogue 2 and go to epilogue 3 as that is the story on our couple. This way readers get to our couple faster. I will go back to epilogue 2 after epilogue 3 as epilogue 2 shows characters that will be relevant to epilogue 4-6. Also there will be a change in format with the epilogues and adding stuff to combat aggregators that I am testing. However, disclaimer here this does not involve any payment or monetary stuff. For a quick heads up, epilogue 1 is rather lengthy (epilogue 2 is the lengthiest) and epilogue 3 is slightly less so do expect a delay in the posting of epilogues. I am estimating three-four weeks duration between each epilogue with epilogue 2 taking the longest.

[Completed]

[I will find the epilogue's and upload them here cause the translator(Real) have hidden them somewhere.]

[And you all know who the real translator is? Right? So all credits goes to them.]

[Go and search them on Google and support them.]

[Thanks for reading! Now, I'm out to search Epilogues. Wait for it or try searching yourself.]

[Edit: I have accidently changed the status of this book to completed so I am unable to update anymore chapters.]

[I will just update this chapter and give epilogues in this chapter. So come back every week to see if I have uploaded them for you to read. I will change the name whenever I add an epilogue.]

[Like: Epilogue 1, 1-2, 1-3, 1-4, 1-5, 1-6,]
