

Love Between Fairy And Devil (Completed) Chapter 4 - Chapter 3.1

It's almost noon.

Dong Fang Qing Cang bit the index finger. He points it like a writing brush, and used blood as the ink. He drew incantation spells in all four directions of the tower. When each spell is written, Hao Tian tower began to dim. Up to when the fourth spell was written, the remaining light in the tower came from the pearl at the top.

Dong Fang Qing Cang stood at the center and wrote down the final major mark on the spell.

Inside the prison, Little Orchid looked at her finger in distress and sighed heavily.

The red clothed man was leaning against the cell. His eyes rested quietly upon Dong Fang Qing Cang's body and said, "Was she always so adept and quiet in making decisive actions before?" Little Orchid still hated him and snappily replied, "How should I know? What does this have to do with you?!" The red clothed man leaned his head and smiled, "She's like a woman I've used to know. She does not appear pretentious in the slightest bit like other women. She is steady, calm, brave, fearless, everything is well-thought out, and even more dashing than men..."

"How long have you known him ah?!"

It seemed obvious that Little Orchid's words did not flow into his ears, "...Such a woman, really caused people to respect and admire wholeheartedly." Yet, the most important issue is that the body is not even a woman ah! Little Orchid slapped her forehead. The original body is one who is pretentious, timid, afraid of death, cries a lot and is also a fragile woman ah! Thus... do not use that pair of eyes to look at her body, okay...

"Hey, silver-haired man." The red clothed man turned around and stared at Little Orchid. He grinned provocatively, "Regardless of which demon you are, I will certainly snatch this important woman."

Little Orchid gave him a dead-eyed fish gaze and silently asked the heavens, "Are you sure?"

"Done," Dong Fang Qing Cang called, "Come stand here."

The red clothed man brushed off the dust from his bum and went over, "Every word you say beauty is so succinct and simple yet capable of hitting into one's heart ah."

Hearing this, Little Orchid's heart became tired.

While waiting for the red clothed man to stand above the spell, Dong Fang Qing Cang said nothing. He grasped the wrist on his arm, "shua/swish" one sound and made a hole. The red clothed man was stunned. When the fresh blood on the wrist had flowed down to the spell (incantation), peacefully quiet Hao Tian tower began to have gentle breezes.

All three of their hairs moved. The red clothed man dazedly looked at Dong Fang Qing Cang, "This enchantment..." Dong Fang Qing Cang laughed and his gaze was quite impetuous, "What can a puny Hao Tian tower do to I. Only need to rely on this spell formation and even the Three Realm seal I can dispel."

The red clothed man went silent. Little Orchid who also heard Dong Fang Qing Cang's words was trembling in fear and her heart became alarmed. With just a spell formation he can explode the ancient artifact as if he was merely exploding a toy.... She suddenly felt that in this world there is nothing to bind Dong Fang Qing Cang's berserk actions. Even without this mozun body, he can still arbitrarily be insolent and cause fear to others.

The red clothed man seemed to be avoiding Dong Fang Qing Cang out of fear. He stared silently at him and did not spoke a single word.

At this time, the light outside Hao Tian tower began to move. The shadows of the four directions suddenly tilted slightly to the wall opposite of Little Orchid. As Dong Fang Qing Cang has said before, weakness of Hao Tian tower has appeared.

The red clothed man was still staring blankly at Dong Fang Qing Cang. Dong Fang Qing Cang slightly furrowed his brows and said, "Do you not want to get out ah?"

As if awoken by this sentence, the red clothed man blinked. He began to accumulate his power on his hands. The blazing flame shot "bang" at the opposing wall and Hao Tian tower violently trembled. Little Orchid's feet slipped and she quickly seized the front of the cell. When she has stabilized the body and looked up, she was surprised to find that on each of the four direction where Dong Fang Qing Cang had drawn the spells were four blood rays. Following the increasingly intense tremor of Hao Tian tower, the color of the four blood rays became even more vivid, almost as if they wanted to dye the tower in red.

The red clothed man turned around and his expression became extremely horrified. He withdrew his power on his hands, and turned to face Dong Fang Qing Cang, "This is demon spell!"

Dong Fang Qing Cang grinned and slightly exposing his eye teeth. He looked seemingly treacherous and malicious, "What, it's only now that you have found out, Chi Lin*?"

*chì (red;scarlet;bare) lín (scales as in fish scales)

Chi Lin was scared, "How did you know me... in the end who are you?!"

During this time, the pearl at the top of Hao Tian tower cannot hold up any longer. It produced a crackling, fracture shaking sound. After that, the entire tower began to sink. Little Orchid saw the bars of the cell became bent.

Dong Fang Qing Cang did not answered Chi Lin's question and only urged, "One more strike." It seems that he does not have anymore patience to stay here any longer.

At this time, Chi Lin was not willing to listen to Dong Fang Qing Cang, and he immediately retracted back. He stood outside of the spell formation and was determined to not go outside nor listened to anything Dong Fang Qing Cang ordered. Dong Fang Qing Cang narrowed his eyes. At that time, he suddenly heard a scream from the other side, "Great Devil, great devil! Save me ah!"

Chi Lin heard this and continued to be shocked, "You are a demon!"

Dong Fang Qing Cang did not answered. He only turned around to look at Little Orchid. He realized the bars of the cell are bent, fell and have pushed Little Orchid into a corner while almost crushing her.

"Help, help, help... help me ya!" It seems that she was so scared as she stammered.

Dong Fang Qing Cang gritted his teeth, and hated that the iron cannot become steel, "Hao Tian tower's environment qi has dispersed. Even if there is no magic power, there should be a little bit of strength at the least. You can push away those wooden debris!"

When he shouted like this, Little Orchid then remembered that she is now using mo zun body. Granted there is no extraordinary power, but regardless of the outcome, the body is immortal. Hao Tian tower can crash to whatever point, but it cannot crush her to death. Little Orchid stabilized her mind. She reached upward to shield against a huge wooden block that was about to fall. When she exerted her strength, she found to her sudden surprise that her nails could easily dig a deep hole into the piece of wood. Little Orchid became daring and used all five fingers to strongly claw at several pieces of wood in front of her. Within minutes, several pressuring pieces of wood in front of her were cut into several parts.

These are the pillars of the ancient artifact ah.

While Little Orchid was still sighing, Hao Tian tower suddenly collapsed. The mysterious black metal fence outside was pushed into the cell. Little Orchid saw a dark shadow flew over and directly plunged into her chest.

Then the thick huge arm-size mysterious black metal that plunged her chest began to curve.

Can even bend the mysterious black metal...

Mo Zun's body is even godlier than an ancient artifact! Before Little Orchid can continue to sigh more, a loud noise suddenly rang. The pearl at the top crashed down. Hao Tian tower incessantly shook. Right now, Little Orchid is no longer afraid of anything. She puffed her chest outward and stood among the dust while watching helplessly as Hao Tian tower fall apart.

Outside is the heavenly atmosphere (qi) that Little Orchid was familiar with. She could not help but raise her head. The feeling of the heavenly sunshine shining on the ground was good.

However when the dust settled, Little Orchid suddenly thought of a very important issue.

Now that they have escaped out of the Hao Tian tower, the big devil will want to get his body back. Thinking back to the things the devil did in the tower and his words to her in the tower, Little Orchid suddenly realized that perhaps her life would not be long.

Within the ruins came a rustling sound. The big devil from inside has crawled out. A body filled with dust and a wretched face.

Thinking so is right. Her body cannot achieve much and she is quite clear on that. Can still be fine after crawling out from the collapsing tower was already a great ability. Dong Fang Qing Cang turned around to look at Little Orchid, "Cutting a few strands of hair has already caused you to cry endlessly. Just now where were you to protect me ah?"

Little Orchid swallowed a mouthful of saliva.
