### Chapter 46: Chapter 27.2

"It's a pity that the stolen treasures, for many years I have searched for and was not able to find them all back."

Little Orchid swallowed the piece of pastry and looked around, "But your place has a lot of treasures already." She pointed to the incense pot on the table, "The fragrance can tell the twelve hours, and the Ying Yang rock can tell the weather in this pavilion. From before, along the path to here, I saw water moat in your lake... but such thing should be made less. Putting it on eyes will see unclean things."

Qian Yin langjun heard what Little Orchid said, and the smile on the face slowly extinguished. The smile had several parts of staring blankly, "You...know them?"

Little Orchid nodded, "En, know a few but your place has several strange ancient stuff. I cannot know all, merely..."

Qian Yin langjun suddenly grabbed Little Orchid's hands with a burning gaze, "You follow me." It seemed that he was excited. As if receiving a precious treasure, he pulled Little Orchid from the pavilion, but not several steps in, there was a black shadow that halted them.

"Cannot langjun."

Little Orchid recognized this voice. At Lin Hai city, Qian Yin langjun wanted to bring her to Qian Yin mountain and this voice also stopped them. At that time she only saw a black shadow. At this time, only saw...a black shadow.

This person used black fabric to cover the whole body from the bottom and even the face cannot be seen clearly.

Qian Yin langjun avoided and pulled Little Orchid several steps forward, "It's okay, it's okay. This little spirit's nature is simple/pure."

"Lang..."

The person from behind wanted to say additional stuff, but Little Orchid cannot hear clearly.

In the end, Little Orchid did not get to eat anything and was pulled by Qian Yin langjun into a room. He pressed a spot in the book shelves and the book shelves moved. A secret door appeared.

Little Orchid quickly covered face, "I will not look, I will not look. Master has said seeing a secret will die fast."

Qian Yin langjun laughed, "I will protect you and guarantee you will not die." He said it out quite naturally and caused Little Orchid to be shock. Within that time, he grabbed her hands to take away, "Come, I will lead you."

He led Little Orchid under the ground and inside was quite dark. Only the light of Qian Yin langjun's lantern was the source of light. The path in front has several forks. At first Little Orchid was able to remember the right fork or left fork, but after her brain got confused and let Qian Yin langjun lead the way.

Qian Yin langjun was extremely mindful. After walking a while, [he] would turn around and spoke with Little Orchid, "Are you scared? If you are then hold onto my arm."

Naturally Little Orchid does not hold, but she was touched by his thoughtfulness.

Walking up to the end of the path, Qian Yin langjun opened a door. Precious jewels immediately lighted up the area brilliantly.

Little Orchid's face was also illuminated up by the light and gaped for a while whilst looking and speaking, "Wow..."

The place was looking like a mountain full of treasures, and its strong imposing manner was even more than the Heavenly palace. There were stuff that Little Orchid knew, but there were also things that even her master has never seen. Little Orchid surprisingly peered at Qian Yin langjun, "You...how can you get so many things like this?"

Qian Yin langjun faintly smiled, "Thus, I've said that I really like collecting treasures ah." He entered, "The things in here, half of them I do not know, but perhaps of natural-born intuition, treasures have their own energies. When I was traveling in the mortal realm, would see such and thus collect." He turned around to look at Little Orchid, "If you know something, can you tell me? Each day I will ordered someone to cook something delicious for you to eat."

Little Orchid's eyes shone.

Thus on that day, Qian Yin langjun has given her a brush and a notebook to write down the name and history along with the usage of the many identified treasures. In the beginning, he was excited as his eyes followed the treasures and would be extremely joyful for a while after a treasure was identified.

But after more into it, Qian Yin langjun did not look at the treasures anymore, but looked attentively at Little Orchid and lips would purse up a smile.

Right at that time, Little Orchid was holding onto a pearl and was pondering for quite a while, "This pearl looked quite familiar, what's its name?"

Qian Yin langjun smiled lightly, "You stay here and try to figure it out first. I will order people to make food for you." Little Orchid bit the head of the brush and nodded. Does not know whether brain has listened to what he has said. Qian Yin langjun smiled lovingly and then carried the lantern/light outside, leaving Little Orchid to contemplate from all angles inside the treasure cave.

With the door closing, the black shadow appeared in front of Qian Yin langjun, "Qian Yin langjun, how come you allowed her to be alone in there?"

The light from the lantern shone on the warm expression of Qian Yin langjun, "Obviously has to place a treasure along with other treasures, there's nothing wrong with that." He said, "This lady falling into the hands of another will be a pity." He then walked away.

The black shadow looked at the stone door for a while then disappeared.

Little Orchid was still sitting inside the treasures and painstakingly racking brain to remember. She held onto the brush and stood up. She would walk and then muttered, "What is its name..." She came to the wall and then head leaned against the wall, "Ai...Looking at so much has jumbled up everything."

Suddenly Little Orchid felt the wall from behind began to move.

She temporarily sensed nothing out of the ordinary until under feet "ka" one sound. Little Orchid spit out the head tip of the brush, "Done for..." The two words did not finished as [she] felt fierce loss of gravity has arrived.

Little Orchid felt the atmosphere was changing until she felt her butt was in pain. She then realized that she has been thrown to the ground. But at this time, she finally remembered the bead's name— Ye Guang Zhu\*. But normally Ye Guang Zhu was only as big as a thumb. This pearl here was as big as a fist. Cannot blame her for holding onto it for a while as [she] felt familiar but does not know the name...

\* Meaning luminous pearl.

Little Orchid brushed off her butt and stood up. She rubbed Ye Guang Zhu over her head and discovered that the secret cave area was dark. The beginning of it was covered by a rock and the path she fell through was not seen, "What is it again..."

She waved Ye Guang Zhu out and its glaucous light was suddenly shining hazily at someone's face. Little Orchid was suddenly frozen and was scared as she breathed in the cold air. She tossed the Ye Guang Zhu away and hugged her face while screaming repeatedly, "Ghost, ghost, ghost!"

Little Orchid hugged face shakily for a while and did not hear movement. Thus, she pointed toward that direction.

Within the hazy light of the Ye Guang Zhu, there was someone there who was standing. That person's gaze was examining her from bottom to top. Still was that pair of clothes/gown, still was that long hair, and was still that unchanging, condescending expression.

"Big....big devil!" Little Orchid shouted in alarm.

Dong Fang Qing Cang coldly snorted and moved his lips to smile sinisterly and hatefully, "So it's you ah, little flower demon."

Little Orchid pointed at him, "You,you,you...how come you are here?"

"This question should ask at you." Dong Fang Qing Cang said, "How come you can still live as if your soul did not disperse?"

He obviously knew that body had a problem! Little Orchid gritted teeth with a creaking sound, "You are the soul that does not disperse!"

Ye Guang Zhu fell and produced a cold illumination that caused the faces of the two people to appear mysterious.

Dong Fang Qing Cang squinted his face and examined Little Orchid.

When Little Orchid was on the boat with Qian Yin langjun to Qian Yin mountain, Little Orchid has described in details for Qian Yin langjun her appearance from before. Thus, Little Orchid's appearance from before and her current are not completely the same, but resemble at least ten parts. Dong Fang Qing Cang has seen Little Orchid's body before and naturally remembered her appearance, "Where did you get this body?"

Little Orchid hugged her chest in caution and retreated afar with one step, but face was still in rage, "You ask me where did my body come from and does not feel ashamed! You found me such a body and I haven't held you accountable with that yet!"

Dong Fang Qing Cang laughed coldly and proceeded one step forward, "Good ah, let's see how you would hold me accountable."

Little Orchid swallowed saliva and retreated one step. She secretly gritted her teeth and despised him.

Dong Fang Qing Cang chuckled, "The lesson ten days before you seemed to have not remember still."

Ten days before, before they went separate ways, Little Orchid has plotted for the boar lord to slice Dong Fang Qing Cang. After that he would teach her to think about the result after boar lord died. Today Little Orchid has placed herself at risk by coming to Lin Hai city and went to Qian Yin mountain to find Dong Fang Qing Cang. But still has not thought about the result after his debt/account with her.

Does not need him to ridicule, she has known that her brain seemed to be really simple, doing stuff and not thinking of the consequences...

Find mozun (demon king) to hold accountable? Joking ah...

Looking at Little Orchid's dispirited expression, Dong fang Qing Cang then proceeded forward one step, "Speak, where did your body come from?"

Little Orchid then retreated one step and then pressed against the stone of the cave, "I...I have been lucky and met a miracle! In this world, there are good people more than bad people like you."

Dong Fang Qing Cang slightly moved his brows, "Met Qian Yin langjun already huh." Little Orchid was astonished and looked at Dong Fang Qing Cang. She heard him say, "Using clay and xi rang to mold your figure. Can be considered a good method, but it's a pity that in the end is still an object that can hold a soul and move, but cannot prolong for several days."

How can you...

How can he know about this matter?! Perhaps mozun has a spell to read minds?

When Little Orchid was still shocked, Dong Fang Qing Cang has already stepped in front of her and pressed forward to the point that Little Orchid felt extremely oppressed. She unconsciously raised her hand onto his chest and pushed strongly, "You...you continue to move closer and I won't be courteous."

"Oh? If you won't be courteous then let ben zuo look." Finished speaking, he pulled on Little Orchid's cheek and pulled the chubby skin on her face with his thumb. He poked several times, "Material is rather good. Not that different from a human body."

He twisted Little Orchid's face to look. It seemed as if [he's] studying an delicate craft object and preparing to learn craftsmanship.

Little Orchid's cheeks were pulled with strength by Dong Fang Qing Cang for a while and the facial expression was completely lifeless.

Dong Fang Qing Cang was close to her, close to the point of being able to feel the heat from his body and can examine the length of his eyelashes. When he turned his head to examine the sides of her hair, his lips seemed to glide past her face with his breath and caused her to feel ticklish.

Little Orchid was in a daze and unconsciously redden.

After that she returned and instantaneously pushed him away, "Scoundrel!"

But that bit of strength of Little Orchid cannot push Dong Fang Qing Cang. As if she was only reminding him that this owner of the body really hated his scrutinizing gaze.

Thus, Dong Fang Qing Cang squinted his face and grabbed the skin without hesitation by using strong strength to suppress.

### **Chapter 48: Chapter 28.2**

His large hand grabbed onto Little Orchid's wrist and locked her tightly like a shackle. Then pushed closely into the wall, and carried Little Orchid who was sticking to the wall up, causing her to only use the tips of her feet to touch the ground. The entire strength was placed on the tip of the foot to support the body weight, but cannot resist.

Little Orchid was terrified and shouted, "Dong Fang Qing Cang! What are you doing! Let me down! Scoundrel demon!"

The apparent unpleasant screams of Little Orchid has caused his ears to hurt. He temporarily halted his condescending eyes and look closely at Little Orchid, "If you continue t scream then ben zuo will break your arm."

Little Orchid bitted her lips and frustrations congregated inside. The eye socket was red from one round to another, but the clay body right now of hers cannot shed any teardrops. She can only scold in a lower voice, "Bastard demon! Flower picking thief\*\*"

\*\*Another way of saying pervert.

She bit with one teeth mark on her lips. Dong Fang Qing Cang was not courteous and pulled down her lips to look at the teeth mark turned shallow and slowly disappeared. In his mind he secretly calculated something completely. He lifted his head and was facing a pair of accusing eyes that wanted to cry of Little Orchid. Inside of him suddenly came four words...

"Is also quite pitiful."

He suddenly let Little Orchid down a bit for the base of her feet to touch the ground and she does not need to support painstakingly.

"Turn head over here," His expression was still cold.

Little Orchid's heart was unmoved in hundred ways or more, but since she was still under his roof/strength and thus, cannot avoid turning head. Therefore, she has to followed his words to turn around. Dong Fang Qing Cang tilted head to examine the hair behind Little Orchid and then suddenly plucked a strand.

Little Orchid was in pain and turned head around with anger, "Look so look. Cannot use hands!"

Just when she was finished speaking, she saw the strand that Dong Fang Qing Cang just plucked turned into clay and fell to the ground.

Little Orchid blinked for a while and mind was rather surprised. Even the hair from this body was made from the clay and was meticulous, but within one day unexpectedly such thing was already made?

"How long has your body been made?" Dong Fang Qing Cang obviously has also thought like her.

Little Orchid bewilderedly responded, "One day..."

Dong Fang Qing Cang cupped his eyes and dusted off the dirt on his hands. He pondered for a while and then suddenly smirked with his cold gaze, "Qian Yin langjun has caused ben zuo to be more curious."

Finished speaking he let go. Finally, Little Orchid was able to touch the ground and she breathed in a sigh of relief. She rubbed her wrist and looked up. Dong Fang Qing Cang has unexpectedly minded his own business as he turned around and left.

Little Orchid was shocked, what...what, was he going to leave her?

She saw that all four directions were getting dark and Dong Fang Qing Cang has went a distance away from the illumination scope of Ye Guang Zhu. Little Orchid has no time to think of other stuff and hurriedly hugged Ye Guang Zhu on the ground as she ran to catch up to his steps.

But once [she] caught up, she was still scared and retreated a distance from behind. She was scared that Dong Fang Qing Cang would think of something and then grabbed her to examine. But was also scared that being too far away will not see his shadow anymore.

Within the current darkness, the two people were still better than one person. Thus, she would follow behind Dong Fang Qing Cang a distance that was not too far and not too close.

After following for a while, Little Orchid discovered that Dong Fang Qing Cang has no intention of harming her or else he would have made a move with her already. Thus, Little Orchid secretly got closer a step. After walking for a while, Little Orchid turned around to look at the darkness from behind. She felt that from behind her seemed to be someone following her. She then got closer to the demon one more step.

### **Chapter 49: Chapter 28.3**

The comparison gradually came from the subconscious mind and so Little Orchid supposed that Dong Fang Qing Cang was not as terrifying as the shadow from behind. She, with bravery, paired together with him (got closer) and even at times would bumped him with shoulder.

Dong Fang Qing Cang glanced at her once, but did not get angry and shoo her away.

In regards with the matter that Little Orchid can still live up to now, he cannot avoid thinking that even he was rather astonished.

This little flower demon obviously has no ability. Even life was threatened, but it seemed as if really fortunate. Every time there was an urgent situation, the misfortune will turn to blessing.

"Why did you meet Qian Yin langjun?" Dong Fang Qing Cang asked this and he became shocked at first. He thought more and thus added, "How come he saved you?"

"He is a good person." She turned her head to glared at Dong Fang Qing Cang, "Unlike a particular scoundrel. Going back on one's word. Breaking faith. Has never kept [his] promise."

Dong Fang Qing Cang heard this and laughed, "When did ben zuo not keep promise?"

"You said you would find a body for me!"

"Did find."

Little Orchid choked on words, "Has found, but obviously has a problem!"

"Have I ever promise to find you a body that has no problem?"

Little Orchid felt choked to death.

Seeing Little Orchid become frustrated and grinding teeth, the corners of Dong Fang Qing Cang's mouth curved upward, "Little flower demon, ben zuo is the demon king. You think coming into contact with mo zun will have any benefit?"

"Coming into contact with you for so long and has not seen any benefit." Little Orchid snorted and said, "We are no better or worse than each other, let me win on this one."

Turning around and looking back at the time they have known each other, Dong Fang Qing Cang really cannot deny Little Orchid's statement.

The two people were silent and walked in darkness for a while. Little Orchid seemed to remember something and spoke to him, "Big devil, in the end why did you come here? From before I've heard that Qian Yin langjun said someone charged into the maze of Qian Yin's mountain. Are you that person? Right now have you destroyed the maze of Qian Yin mountain yet?"

Dong Fang Qing Cang looked at Little Orchid and impassibly responded, "You are in the maze."

Little Orchid was stupefied, "What?"

Da Ren Mo Zun looked at her, "Ben zuo has thought it was strange. Qian Yin langjun has saved you yet, how come he let you fall into the maze trap." The smile on his lips contained hint of mockery, "Or was it perhaps you are so stupid that you accidentally fell into the maze and did not know?"

Little Orchid looked at Dong Fang Qing Cang, but big waves and winds were surfacing one by one on the inside.

It was just her arbitrarily leaning against a wall inside the treasure room only ah! How can [she] fell in the maze? Such dangerous mechanism, why didn't Qian Yin langjun tell her? Qian Yin langjun has said that no one has been able to defeat this battle formation for a long time and he [DFQC] was not able to get out. How can she go in ah?! This

body of hers has to change after three days. This time will really be finished. Perhaps she will become a wandering soul and live forever here until soul has dispersed.

Or maybe mo zun can be gracious. When it's that day and when the body cannot be used anymore, tell Dong Fang Qing Cang to scoot a spot in his body for her to temporarily stay?

Nonetheless they have been living in one body for many days already, adding a few more shouldn't be an issue!

She lifted her head to look at Dong Fang Qing Cang with a shining gaze.

Dong Fang Qing Cang looked at her shining eyes and seemed to have read every thought inside her head. Only slightly moved his mouth and revealed his crooked sharp teeth while smiling evilly, "What do you think?"

## **Love Between Fairy And Devil (Completed) Chapter 50 - Chapter 29.1**

She felt that big devil's demeanor seemed to be rather condescending.

Simply taking joy in calamity and delight in disasters of others.

But Little Orchid did not dare anger him. She silently followed him for a bit and then pulled on his sleeve.

Dong Fang Qing Cang turned around to look at her. Little Orchid's eyes shone as she looked at him, "Big devil, for the many times living with you, I know your eyes are steadfast and pure compared to a lot of others. You are not as bad as in the legends. Inside your heart you have hidden a gentleness that no one has seen..."

"You're crazy. Where did such delusion come from of this matter." Dong Fang Qing Cang flatly exposed the lies of Little Orchid, "Save your strength, and treasure the time that isn't much anymore."

Little Orchid, "..."

Dong Fang Qing Cang began to step forward. Little Orchid almost wanted to hug his thigh, "Big devil, you cannot just see suffering and not save ah! Nonetheless, we've been through life-threatening situations for so many times! Can consider the common friendship from suffering through obstacles together!"

"Friendship?" Dong Fang Qing Cang picked two words from Little Orchid's words to repeat and tone was rather mocking.\*

\*It's two words in Chinese text but one word for English meaning.

Little Orchid gnashed her teeth and rolled eyes, "Fine, you don't help me, I won't help you. Don't dream about getting out of this maze!"

Dong Fang Qing Cang heard a funny situation. He laughed into sound, "Little flower demon, you are so scared to the point of speaking nonsense?"

Little Orchid responded, "I have heard master has told stories about you. In the legends would say that when born, you have a pair of devil eyes. Proclaimed that in this world there was nothing that you cannot see through. According to logic, you fell into this maze. Should have been able to quickly see through this maze and break through it. But from before I have heard from outside that a guard reported with Qian Yin langjun about a person who has charged into the maze of Qian Yin mountain. Besides you there is no one else. From that time to now, for such a long period of time like this, but you still cannot see the center of the maze\*, big devil..."

Little Orchid paused. Those words she has spoke are speculations inside her mind and she is not definite. But wanting Dong Fang Qing Cang to save her, she then has to risk with death and pretend.

Pretend to be profound and unperturbed.

\*T/N: Although I put center of maze, it's referring to the eye of the maze (kind of like the eye of the storm where it's calm and all). The eye is referring to the area where you aren't necessarily trapped in the maze and can be used to escape the maze or be destroyed to exit out of maze. Translations by Chocolate Cosmos

"I have thought definitely that you have not seen the center of the maze. As for the reason why [you] cannot see is for sure...you have lost your powers..."

Dong Fang Qing Cang's eyes grew cold and side-eyed Little Orchid one glance. This glance was filled with hostile energy hidden in the eyes that has caused Little Orchid to retreat toward the back.

But he has not made a move at her and only coldly look at her as if waiting for her to continue.

Anyhow, Little Orchid in regards with the matter of lying to someone, she's lacking in confidence. She spoke several nonsense sentences to gain confidence, "If not then you think about it. With your current situation, if your powers were still here then Qian Yin mountain would not be like how it is now. It's just if the mountain and ocean were overturned by you like those three thousands soldiers, you would flap your sleeve and others would disappeared than let yourself suffer as you go slowly step by step into the darkness."

"It's seldom that there is intelligent moment."

It seemed that what she speculated as nonsense were correctly guessed. Little Orchid was rejoicing inside and seriously continued, "Thus you will save me!"

Dong Fang Qing Cang furrowed his brows.

"I know where the center of the maze is."

After that Dong Fang Qing Cang laughed, "Little flower demon, do you considered ben zuo as a three year old?" He coldly spoke, "From before ben zuo has told you this place was the maze and you appeared to be so naïve to the point of not realizing that you have fallen into the maze. Ben zuo would believe such rubbish words of yours?"

"I'm speaking rubbish or not, you have heard, alright." Little Orchid spoke, "I have been brought here to Qian Yin mountain by Qian Yin langjun. Qian Yin langjun loves to collect treasures and my master was Siming Xingjun in the Heavenly realm who has written fates while researching some on rare treasures of the world. I am influenced by the light and have known quite a few treasures. When chatting with Qian Yin langjun, has caused him to become interested with the matter that I can recognize the treasures. Thus, [he] has brought me into secret room in the library."

Such stories were the truth. Little Orchid has spoken calmly and Dong Fang Qing Cang has no commentaries.

"From before when going to the secret passage from library to the hidden room that held the treasures, he has carried a lantern and brought me along a path that was dark and long." Little Orchid pointed to the front, "Like right now."

Dong Fang Qing Cang folded arms and eyes were faintly pensive.

"When arrived at the secret treasure room and I was identifying the treasures, he has said he will bring stuff for me to eat and left. I was looking at the treasure in the secret room and was unlucky when touching the mechanism, falling into the place where I've met you."

Little Orchid looked at the eyes that faintly lighted up of Dong Fang Qing Cang, "You have already guess it. The place that I was in was on Qian Yin mountain; furthermore, is a place of extreme secrecy with the inside even holding treasures. Fundamentally cannot place the maze there and the only reason is that it's the center of the maze. Those treasures have to be kept at a place of extreme secrecy and the center of the maze obviously has to be hidden at an extremely secretive place. Therefore, it's clear in hiding these two things in one place."
