Chapter 51: Chapter 29.2

"The place I fell was probably the center of the maze. In the maze, missing one step is as good as missing a thousand. The closer one is to the center of the maze, the harder it is to find. The path that we took was unfortunately far from the center of the maze. Compared with the center of maze, big devil, the path when you entered the maze is definitely easier to find."

Dong Fang Qing Cang;s eyebrows moved, "Thus?"

Little Orchid mimicked the occasional profound, unpredictable appearance of Siming when writing fates, "According to the properties of the cave, this place has the exact feeling like the path that Qian Yin langjun has brought me from before. It's like a hidden path inside a mirror. Therefore, big devil, you bring me to the entrance door. I can conveniently find the path to the secret room as I follow along."

The voice of Dong Fang Qing Cang was slightly strange, "You remember the path?"

Little Orchid responded with definite, "I remembered."

"Little flower demon, there has never been someone who has the courage to fool ben zuo."

Isn't that wanting to live! Who wants to fool you!

Little Orchid's heart was bitter and almost choked with emotions, but expression was still very calm and collected as she smiled and spoke, "Big devil, the immortals in the sky are kindhearted. Furthermore, the other half are honest."

In the darkness and between the two people, there was a deadlocked silence. Suddenly, came the breathing-like sound in the front.

The expression of Dong Fang Qing Cang was rather heavy. Little Orchid also hurriedly fixed the current state and subconsciously hid behind his back, "What noise is that?"

Dong Fang Qing Cang slightly furrowed his brows, "The hostile energy in the maze has stirred."

This maze also has hostile energy ah! Little Orchid muttered inside, Qian Yin langjun is extremely vicious and merciless! This isn't just a maze, but also a murdering formation ah! Cannot blame there is no one that has ever left...

"Bang" one sound, at the corner in the front appeared the flickering of flames. A strong flame immediately flared up and headed toward the direction of Dong Fang Qing Cang and Little Orchid who was shocked.

Out of the five elements, the demon king's element is fire. In this world, there is no other flame as dreadful as the demon king himself. Dong Fang Qing Cang saw such and was not in the least bit alarmed. As for Little Orchid, she was scared to the point of dying. The speed of the flame was extremely fast and even did not allowed her time to find the opportunity to grab him as it has already burnt her skirt.

She cried out in alarm repeatedly and believed as if oneself was burnt to death, but bearing it for a bit, [she] did not see the body carried the feeling of burning.

Little Orchid was shocked for quite a long time and then was able to react a moment later. That's correct, the current body of hers was made by clay. During the process of molding the body, does not know how many times excessive fire was used to mold. Thus, does not need to fear this flame. Qian Yin langjun has instructed her to be careful of water only.

Little Orchid knew she will not die and was relieved. She lowered face to look down and her heart that was peaceful then was immediately ripped critically apart 180 times.

The clothes! The clothes!

The outfit of hers was not made out of clay! Also cannot let big devil of the demon realm kind to consecrate*! It was merely regular clothing ah! This time it's burnt all the way!

Skirt, gauze stocking, top and bottom undergarment, and even the dudou was not spared!

Big devil is still here!

Even though this body was made out of clay! But forcing her to be naked and faced big devil is very embarrassing! She did not have preparation for her mind when a male will look! Burnt! Burnt! Ah!

Dong Fang Qing Cang, "Are you trying to seduce me ah?"

Little Orchid, "..."

Chapter 52: Chapter 30.1

The fiery flames were like waves coming forth. When they were about to sweep it all, on Little Orchid's body seemed to not have a single fabric remaining to cover self.

She was terrified and "waa" while hugging her chest.

Dong Fang Qing Cang stood in front of her and heard such movements. He was about to turn around, and Little Orchid was not a bit hesitant in greeting him with a slap, "Cannot turn around." Such slap was so strong to the point of causing the head to completely slant to one side.

Blue veins appeared on Dong Fang Qing Cang's forehead.

At this time the raging flames have already passed and the cave has returned to its deathly stillness. Dong Fang Qing Cang coldly turned his head around, "Little flower demon, day by day you increasingly become forward..."

The gaze of Dong Fang Qing Cang suddenly stopped and the voice vanished gradually.

Little Orchid was naked and shivering while squatting on the ground. The two hands tightly covered the chest. Can be seen that she was trying with all her strength to cover her body. But even so, Dong Fang Qing Cang can still see the white clean skin from the back with the faintly discernible butterfly bone (sphenoid). Because of squatting down, the outline of the backbone was drawn into an extremely beautiful curve with the line clearly hidden under the backbone.

Does not know whether it was due to cold or stress, the back outline of hers was faintly trembling.

Little Orchid bit the lips rigidly and after a while would wept, "Said cannot turn around..."

Dong Fang Qing Cang looked at her and tone was cold, "Ben zuo has no interest with you."

That's correct ah. Does not need to say with this body that was molded by clay, even the actual body of hers was "used" by Dong Fang Qing Cang already. Yes, he has no interest. Also, within the demon realm, naked demons were seen everywhere. Have heard that during ancient times, the female demons were opened without reservations. Dong Fang Qing Cang has become accustomed to such sight. Today, even if [she] allowed him to see all of her body, it's improbable that he will become a wolf to do something terrible with her.

But...

She's very embarrassed ah!

Little Orchid lowered her head, "Big devil, you take off your clothes..."

Dong Fang Qing Cang furrowed his brows, "Are you trying to seduce ben zuo?"

"I only want your black robe!" Little Orchid curled herself into a ball and extended her hands out to Dong Fang Qing Cang, "Robe..."

Dong Fang Qing Cang spoke dimly, "If ben zuo does not give then what will you do?"

The hand of Little Orchid froze in the atmosphere and then retreated. For a long time, did not produce a sound.

Dong Fang Qing Cang looked at her body that continued to shake even more and was curled even tighter. The head was buried deeper and was like a hedgehog being teased. Only knew to hug tightly the body with such pitiful state and unsettling panic.

He turned around and did not look at Little Orchid anymore.

Little Orchid felt that Dong Fang Qing Cang will definitely mock when he saw her like this. The unsettling feeling was mixed with humiliation and embarrassment inside the heart and continued to spread incessantly. But suddenly, a piece of cloth with remaining warm was draped over her head like Jing Shen incantation as it pushed down the negative emotions in her heart.

She subconsciously grabbed hold of the sliding outfit on her head.

It's the robe of Dong Fang Qing Cang.

Little Orchid does not dare believe that bastard mo zun can be so kind at this time. She opened her eyes widely to look up at him. The four eyes merged and within the pure dark maze, there was only the light from Ye Guang Zhu* that produce a faint light. While within his pitch-black eyes was reflecting only the the outline of her figure.

"Does not want ah?" He said.

Little Orchid hurriedly grabbed onto the robe, "Want!" She was being courteous with Dong Fang Qing Cang. As if afraid that he will mock, [she] hurriedly took the coat and wrapped it tightly around self, disregarding whether the sleeves were put on as the chest and butt were covered first.

Chapter 53: Chapter 30.2

It wasn't until her hands and feet were encumbered and it was extremely difficult to finishing wearing the robe that she lifted up to look. Dong Fang Qing Cang was standing on the side with his back turned, and does not bother looking at her once.

Little Orchid suddenly felt embarrassed in comparing that person's personality to that of gentleman's. She hurriedly fixed the robe and cleared throat, "Big devil..." Dong Fang Qing Cang did not respond and she continued, "Thanks."

"Go then..."

"I need your belt also..."

Dong Fang Qing Cang's steps halted and turned around to look at Little Orchid who was wearing his robe. The robe that fitted him was draped over her like an extremely large block of black fabric. Does not need to mention that the fabric of the robe was spread on the floor with even the sleeves also being spread on the floor.

Dong Fang Qing Cang with no hint of politeness scorned, "Short person."

Little Orchid's forehead also popped up blue veins, but in the end, still gritted teeth to endure. Grabbing hold of the extra part of the outfit on the waist, she said, "I cannot carry while also walking ah...Your belt..." Little Orchid glanced at Dong Fang Qing Cang. He was wearing an inner layer of black clothes and the strip of belt was used to tie the pants inside. If it was taken off then big devil will definitely bare naked buttocks while walking...

Even thinking about such scenery has made Little Orchid silence...

"I will carry then..."

Little Orchid did not finished speaking as in the front carried the "rumbling" sound.

Little Orchid's expression paled and she closely listened to the sound. It's...the sound of water flowing ah!

After the lesson of the flames burning from before, this time Little Orchid dived toward Dong Fang Qing Cang's place. She grabbed onto his hand, "What to do, big devil!" Disregarding his frowning, she said in a panic, "Qian Yin langjun said this body of mine is made out of clay and cannot touch water as will scatter!"

Dong Fang Qing Cang heard this and was still somewhat tense "Is that so ah, let ben zuo find how it will turn out."

Little Orchid was horrified, "How can your heart be so ruthless?!"

During the argument, the sound of water rumbled closer and closer. Little Orchid was terrified to the point of her whole face not containing a bit of color. She hugged Dong Fang Qing Cang's neck and climbed onto his back. The two legs clamped around his waist. Dong Fang Qing Cang's face darkened, "Come down immediately!"

No matter how much he howled at Little Orchid she will not climb off!"

In that minute of survival, she disregarded whether hands held onto the robe or not as [she] only covered the back with the robe. The entire naked body stuck onto Dong Fang Qing Cang's back and was hugging him as tightly as an octopus while shouting, "One is that you let me go inside your body or else has to think of another way!"

At such position and saying such dark statement like this will unexpectedly caused distant imaginations from others.

If faced with another person on Dong Fang Qing Cang's neck and said such words then that person will not see his/her reflection a long time ago. But Little Orchid said such and the feeling of helplessness inside Dong Fang Qing Cang's heart was stronger than even anger. He lifted face and raised his hand to pull off the hands that were hugging his neck, "Come down!"

But hands did not get to touch onto Little Orchid as [he] heard her shrieked in alarm, "It broke, it broke!"

Little Orchid's head pressed onto his face and buried into the hollow of his neck. The torrential water in the front has already crossed the fork and was like a tiger, wolf that pressed toward Dong Fang Qing Cang.

In the water there was magic.

Dong Fang Qing Cang's eyes grew colder and shook the bone-orchid on hand. A tree branch immediately sprouted and formed a large circle like a boundary surrounding him and Little Orchid. Inside the tree, it continued to have more and more branches, separating the inside and the outside. Outside, a coarse branch spike pierced into the rocks on the side with a firm fixation on the rocks from the dried rattan sphere.

"Bang", the bone-orchid underneath Dong Fang Qing Cang's feet wobbled— it was the water outside that bumped into the outside part of the bone-orchid.

Little Orchid did not felt that the body was wet. It was then that she dared to lift head up and look at the surrounding environment. After looking, [she] immediately became dazed, "Big devil, how unexpectedly strong is that bracelet..."

Dong Fang Qing Cang didn't bother looking at her and only said, "This place is the murderous formation five elements. It uses the power of the five elements to kill those inside the maze. The longer one is in the maze the stronger the murderous formation's

five elements will become. The flames from before were only regular flames, but this water was mixed with magic. The following offense will be more difficult to deal with."

Little Orchid heard such and was dazed out.

"Little flower demon, it's best that you prayed for yourself to really remember the path to the eye of the maze."

Love Between Fairy And Devil (Completed) Chapter 54 - Chapter 31

Chapter 54: Chapter 31

After the flooding, the bone orchid slowly withdrew and disappeared. It turned back into a docile bracelet on his left wrist. At that moment, one could not see in the least bit, the powerful bursts that arose from it.

Dong Fang Qing Cang's feet landed on the ground. He heard the voice of Little Orchid who cried out in alarm. She hugged his arm and jumped up. He then had to use the back of his foot to step. It seemed that he was afraid he would lose her and promptly hugged her waist. He's now leaping from behind to jump downward. Currently, has the impertinence to come directly to him, this monkey-like little flower demon really thought that he would not do anything to her? Dong Fang Qing Cang pinched the face of Little Orchid with one hand and squeezed the mouth of Little Orchid. She "chirped" out a cry and the pair of eyes was gleaming with tears as she peered at him.

Dong Fang Qing Cang narrowed his eyes, "You with ben zuo, is unexpectedly becoming more and more unbridled."

"Toot, the magical...water..."

Dong Fang Qing Cang shot a glance at the ground. After the flooding, there amassed a lot of water on the bumpy ground filled with holes. Little Orchid shook her head and let Dong Fang Qing Cang loosen his hand. She innocently said, "There is water on the ground and I am like this. You take me past this section first, then I will come down."

Dong Fang Qing Cang glanced coldly at Little Orchid and then reached out to her waist. Little Orchid did not have the time to react as his arm forcefully picked up Little Orchid, and then...raised her on one's shoulders.

"Big devil!" Little Orchid exclaimed and struggled, "This is very uncomfortable ah!"

"Well, do you think lying on the ground is more comfortable?"

Little Orchid peeped at the ground and after that, she became silent for a moment. Without any better option, she compromised, "The night pearl*, bring that night pearl along..."

*She's referring to the Ye Guang Zhu, but the original text put Night (Ye) Pearl (Ming Zhu).

In the end, Dong Fang Qing Cang held onto Little Orchid while Little Orchid held onto the night pearl as they went through the waterlogged path.

After taking a few turns, Little Orchid held the night pearl up and the ground was shown to be clean. She was just about to bend and come down from Dong Fang Qing Cang's body when she suddenly heard a thunderous "ka" sound that echoed from one side. White rays of light flashed in the cave. Little Orchid was scared and trembled. Her mind immediately shifted to what Dong Fang Qing Cang has just said.

This is the five elements killing-formation, and the formation force is getting stronger and stronger. Since fire and water have occurred, now it should be metal...

Little Orchid peered dazedly at the ground that the thunder had struck and there was a hole in a stone. She felt that this body was truly in imminent danger...

Yet, right when Little Orchid was still staring blankly with an astonished expression, she suddenly felt that her body was going down. Dong Fang Qing Cang threw her to the ground with no courtesy. Little Orchid's back was hit by a protruding heavy stone and got scraped. She wanted to curse from the soreness.

As soon as she looked up and was about to criticize Dong Fang Qing Cang for his coarseness, she saw that Dong Fang Qing Cang's body was slightly bent and resembled a protective screen that was covering her. He peered at her attentively and did not speak. Just at that time, a clap of thunder ripped through the hollow cave and suddenly slammed at Dong Fang Qing Cang's back. The jolting sound was so loud that it almost shattered the eardrums of Little Orchid. The glare of the light was so dazzling that it could burn her eyes, but she does not know why as under such glaring rays of light, Little Orchid unexpectedly peered attentively at Dong Fang Qing Cang with a lost expression, and even forgetting to blink.

The white light vanished gradually in Dong Fang Qing Cang's body. As if nothing has happened, he straightened his body and was unscathed.

Assuming this—how powerful the formation force is and also how powerful the thunder is, Dong Fang Qing Cang's body is too convenient/sturdy to be afraid of a few bursts of thunder, which to him, perhaps were merely a slight brush and not worth a mention.

But Little Orchid was very amazed as this is the first time that Dong Fang Qing Cang did not have to hear her requests, lamentations, hugging the thigh, and every kind of shameless begging. He had taken the initiative to save her.

Although the movement was coarse, it was almost natural.

"Big devil..."

When this phrase was called out, suddenly there was a strange fragrance coming to the nose.

Little Orchid peered at Dong Fang Qing Cang who furrowed his brows as he said, "Hold your breath." Yet, Little Orchid has already breathed in two mouthfuls of this tempting fragrance.

The fragrance was smelled in the nose at first and was nothing surprising, but gradually, Little Orchid felt that this fragrance was like the scent of master she had smelled a long time ago.

At that time, she was still an orchid in a flowerpot that her master Siming Xingjun has raised by the windowsill. She couldn't speak and could not turn into a human figure, but earlier on after birth she was able to gain knowledge quickly. Siming discovered she can quickly gain knowledge and treated her well from that day. She (Siming) always likes to chat with her (Little Orchid), discuss fate rulings, and shared one's experiences.

She (Siming) taught her (Little Orchid) a lot of things. In the time period when she couldn't move, Siming Xingjun was the only companion in the life of a little orchid. She really likes her master.

The fragrance seemed to have slowly entered the bones. Little Orchid seemed to see the sun that shone in the heavens. Siming is bending over her desk and writing fate rulings with a concentrated expression. She looked at herself and Little Orchid was honestly in her own flowerpot while quietly accompanying her (Siming).

Suddenly! Siming suddenly raised her head and coldly stared at Little Orchid, "I've heard that you have followed the demon king of the demon realm?"

The smile on Little Orchid's face turned rigid, "Master..."

"You and he went out to do wrongdoings to the world, in spite of Heaven's law, causing disorder to the world and reincarnation order, is it not?!"

Little Orchid has never seen Siming loudly reprimanded her and immediately got scared to where the legs softened. She tumbled from the windowsill and abruptly fell down to the ground. The scenery suddenly changed. The sunshine in the heavens was not there

and the breeze was not there. The residence of Siming Xingjun was gone and there was only a frightening darkness.

In this darkness, does not know where Siming pulled out a sword and pointed at her, "I have raised you. Did not allow you to go around disrupting those that I worked hard to write a good life."

"I didn't, I didn't." Little Orchid 's hand that was propped on the ground desperately moved back, "Please listen master I can explain, this is all done by Dong Fang Qing Cang!"

Siming coldly snorted, "He did so, you are with him, you are also an accomplice. Today, I'm not afraid of taking you to feed the pigs!"

As soon as her voice ended, the wild boar demon that previously died at the hands of Dong Fang Qing Cang immediately appeared.

Little Orchid was horrified and breathed in cold air, but the wild boar demon was lying on the ground and its face and mouth was filled with blood. He appeared hungry and thirsty as he peered at her. Its nozzle seemed be saying something sullen and frightening. Little Orchid was almost kneeling and crawled to the feet of Siming. She hugged her thigh as she pleaded, "Master do not feed me to the pigs. Hey master, do not kill me. I was forced into this situation and had no choice but to foolishly stay with him ah! I guaranteed you that I will wait for the right time and then I will immediately kick Dong Fang Qing Cang away. If he begs me, I will not look for him!"

"Oh? Is that so?" The figure of Dong Fang Qing Cang suddenly appeared to the side of Little Orchid. He crouched and poked between Little Orchid's eyebrows. The pair of beautiful eyes coldly stared at her, " Ben zuo has saved you so many times. This little flower demon unexpectedly does not want to return to ben zuo, and also wants to run?"

"You didn't save me, you've been trying to kill me. It's due to my own cleverness that I've escaped from you."

"If ben zuo was going to ruthlessly kill you, did you think your own little cleverness was really going to help you escape?"

Little Orchid became dazed. At this time, Siming, who did not speak during that time, suddenly opened her mouth, "Great ah, you and this heinous devil really commit such adultery love!"

Little Orchid became alarmed, shook her head and waved her hands, " No no no, it's not what you've thought!"

Siming did not listened to her (Little Orchid) finish speaking as she (Siming) wielded the sword, "Look at me, I won't kill you!"

When her voice ended, her sword was like a cold that instantly passed through the unguarded heart of Dong Fang Qing Cang.

Little Orchid's eyes widened.

Dong Fang Qing Cang's face paled and blood poured out from his mouth. He coughed and fell to the ground. Siming took back the double-edged sword without any mercy and the blood from Dong Fang Qing Cang's chest flowed out faster.

Little Orchid suddenly felt her head become empty and her heart became alarmed. She almost couldn't help but screamed, "Big devil!" She thought she should crawl to Dong Fang Qing Cang's side right away. She watched the warm blood dripped out from his chest. She promptly stretched out her hand to cover his wound, but where could she possibly hold it as the blood of Dong Fang Qing Cang immediately dyed Little Orchid's hands.

Siming's eyes were ice-cold, "Do you dare say that you have nothing with him?"

Little Orchid quickly explained, "No, no, nothing. But he has saved me many times and helped me many times, I...I..."

"You unexpectedly don't want him to die?" The blood on Siming's sword trickled down and made the ground red. "But he is the demon king and should not return to the three realms. He must die." Siming's sword pointed at Little Orchid's heart, "You towards him, is an enemy of the heavenly realm. You must also die!" Little Orchid's face became miserably white in reaction to Siming and watched as her sword rapidly flew. Her eyes were able to get pierced by the sword.

However at this time, a hand suddenly stretched out from the side! Holding Siming's sword, in a split second the sword changed into a wooden branch when it broke. Yet, when the "ka" sound echoed, the wooden branch snapped into two pieces.

Due to the sound being so crisp and that Little Orchid saw the scene in front of her eyes, she suddenly jerked back.

The wild boar demon to the side disappeared, the dead Dong Fang Qing Cang disappeared, and Siming in front became a dummy made up of several tree branches and vines. It slowly fell apart and turned into a dried up rattan vine that dispersed.

The darkness faded and the light rays of the night pearl appeared once more in the eyes of Little Orchid.

There was a hand in front of her holding onto a sharp rattan vine that was about to be inserted into her heart, but was broken into two pieces.

Little Orchid was dazed and then a moment later, looked up at Dong Fang Qing Cang in front of her. His expression was cold and detached as he snapped the rattan vine and threw it on the ground. After that, he turned his head and criticized her, "Couldn't you hold your breath? This botched up illusion actually tricks you in?"

"Big devil..." Little Orchid dazedly said. "You're still alive..."

Dong Fang Qing Cang's brows faintly rose up.

Little Orchid touched her face, "I'm still alive, and master did not kill me..." She seemed to have become relieved, "Master is not going to kill me..."

Dong Fang Qing Cang peered at Little Orchid's legs that were softened and couldn't stand up. The night pearl was picked up from the ground and thrown into her arms.

The light drove the darkness away and made Little Orchid's less scared of the illusion. Little Orchid foolishly stared at Dong Fang Qing Cang and he turned his head away as he said, "Stand up". He turned and took a step, "Let's go."

Love Between Fairy And Devil (Completed) Chapter 55 - Chapter 32

Chapter 55: Chapter 32

The darkness seemed extremely endless as Little Orchid didn't know how long she has walked in here. But she was in no mood to complain about tiredness and was also not in the mood to ponder whether in this five elemental hostile formation has what following offense. She followed the shadow of Dong Fang Qing Cang in silence and did not speak a single word.

Perhaps her gaze was so attentive that it caused Dong Fang Qing Cang to not be able to speak up. He lifted his head and glanced at Little Orchid. Little Orchid also did not avoid his gaze and faced him with sparkly eyes.

Dong Fang Qing Cang turned around.

Little Orchid looked intently at him.

Dong Fang Qing Cang tried to restrain but could not, "What do you want this time?"

"Big devil." Little Orchid seriously said, "I asked you this— you try to say that we have been together like this already. If you wanted to kill me, I definitely cannot escape. How come you don't mercilessly kill me?"

Dong Fang Qing Cang's steps paused. She turned around to look at Little Orchid with deep eyes, "So you want to die?" He said, "Ben zuo will grant your wish." He raised his hand and the sharp fingernails shined with murderous energy underneath the light of the Ye Guang Zhu.

Little Orchid looked until her eyes popped out and hurriedly waved hands, "No no no, you are mistaken, stay calm..."

Little Orchid retreated once to the back, but felt that the sturdy piece of land from before was a bit soft. She was fazed and lowered head to look down. She discovered the path she went has been as soft as mud. It was soft like cotton and the tips of her feet have sunk into the swamp.

It's earth! Earth in the five elemental hostile formation!

Little Orchid did not dare shout anymore. The first response was pulling on Dong Fang Qing Cang's hand, "Big devil, pull my hand up!"

Dong Fang Qing Cang spoke up, "From before didn't you criticize that ben zuo was not merciless enough?"

"At that time was at that time. Calculating such chicken feather garlic skin* matter?" Little Orchid was at the point of going insane, "How come these days you calculate so detailed?" Her gaze looked toward Dong Fang Qing Cang and said with horror, "You don't pull me up then you will also sink as well!"

* idiom for a small matter

Dong Fang Qing Cang looked below and eyes darkened. The bone orchid the hand moved and sprouted out clouds like a spider web with several branches as it pierced into the rocks on all four directions.

He grabbed Little Orchid's hand and pulled her up but could not.

Little Orchid's feet have sank deeply into the mud. Furthermore, the limp mud has caused Little Orchid's feet to become soft like being mixed into the dirt.

Little Orchid was terrified while crying out in alarm repeatedly "Harder, harder."

Dong Fang Qing Cang used hands to pull harder and "plop" sounded as he has pulled out Little Orchid's hand. (He separated her hand completely from body)

Everything was stilled within the moment.

Even Dong Fang Qing Cang who was used to large winds (large obstacles) was also shocked. He looked at the color on the arm with white jade turning into the color of dirt as it slowly hardened into a gray color and dispersed in the dirt underneath feet.

Little Orchid was surprised for a while and after a while she seemed to be able to respond. She used the other hand to cry the broken hand while crying out in pain.

But in the split second of delay, half of Little Orchid has dispersed into the dirt. She already knew herself that she cannot crawl out and even cannot crawl at all. The body with no hands and feet of hers cannot be of use ah! She hurriedly spread her hands remaining toward Dong Fang Qing Cang with unsettling fear as she looked at him, " Big devil, hurry hurry hurry, let me inside your body..."

If there was water then surely she would have been filled with tears and mucus flowing profusely. Dong Fang Qing Cang looked at Little Orchid's face and thought so.

"You cannot see one suffer and not help ah! Didn't [you] come to an agreement on the eye of the maze and that I will take you to see the maze eye of the maze? I am really found the eye of the maze ah! You let me in your body! I only need a bit and later when I'm out Qian Yin langjun will mold me a different body..."

Was speaking and then her chest sank into the mud.

"Big devil..." She felt that this time Dong Fang Qing Cang definitely see one's dying and does not save.

That's correct, how can the ancient mo zun like him let a puny flower demon arbitrarily control his body. He definitely does not want to endure another time of those unexpectedly embarrassing events from before...

The mud has already filled Little Orchid's nose and mouth. She hopelessly closed eyes.

Because of that she wasn't able to see that Dong Fang Qing Cang's hand slightly raised up...

But at this time, Dong Fang Qing Cang felt that the bone orchid carried an abnormal movement. He lifted up to see. The rocks in the entire cave transformed into mud and pressed onto his head like snow avalanche. The bone orchid didn't get to form into a defense formation as Dong Fang Qing Cang has been buried inside.

The icy cold mud transformed into a sturdy ground as if nothing has occurred.

Little Orchid heard an extremely loud sound like a mountain landslide cracking, like large rivers collapsing, and like living creatures that were shrieking in pain. She

furrowed her brows and opened eyes, but things before her eyes have caused her to be shocked endlessly.

It seemed as if she was pulled by some sort of strength up in the air. The ground was shaking underneath her feet, but was completely different from the things she has seen before. The mountains and rivers shattered, creatures wept in terrible situations, and the land was filled with nearly deep penetrated subterranean scars. Surging lava that flowed underneath can be seen clearly and was like the land bleeding out. It caused others' eyes shocked and hearts astonished.

Little Orchid did not get to recover as a large burst of wind suddenly surfaced. Within the wind seemed to have a knife that sliced the atmosphere; it beheaded the black clouds in the sky and then disappeared from the sky. From the wind direction carried the figures of two people who were endlessly fighting. Little Orchid knew one within there and that was Dong Fang Qing Cang.

But Dong Fang Qing Cang was different than the one Little Orchid saw.

The color of his eyes were like blood, and between his brows has a blood-red trace like a sword. He was battling against a female with his entire body emitting murderous energy. On the face was a savage smile that did not seem to care for the breaking of the mountains and rivers. Compared to Dong Fang Qing Cang that Little Orchid has seen, this person was even more cruel and sinister.

The red, raging, fiery sword in Dong Fang Qing Cang's hands carried a thousand pounds of lightning and thunder. It sliced toward the female in front with his scream. The female lifted sword to fend off. Little Orchid knew in the female's hand was Shuo Feng sword.

When the two swords clashed each other, a humongous wave swept the living creatures/spirits in all four directions, causing Little Orchid to awake/realize suddenly. That female was heavenly war god in the legends. At this time, the scene she saw was definitely the battle of distant past between Dong Fang Qing Cang and Chi Di woman from the dawn of time.

But...how come she can see such scene?

Wasn't she in the hostile five elemental formation under Qian Yin mountain? Wasn't she covered and pushed downward by mud in front of Dong Fang Qing Cang who stared blankly? Why can she...

"Come here."

Little Orchid did not have time to ponder the reason as suddenly the back was tightened. She was pulled to the side. When [she] left the place, over there swept murderous energy and ripped a large hole in the atmosphere.

Little Orchid was surprised and turned around. She saw Dong Fang Qing Cang from behind her.

"Big...big devil?"

Little Orchid was completely unsure about the circumstances. She looked at the Dong Fang Qing Cang that was battling against Chi Di women from over there. Then [she] looked at Dong Fang Qing Cang with a darkened face and white hair who wore only black inner clothes from behind, "In the end, what happened?"

"Formation inside a formation." Dong Fang Qing Cang spoke, "Earth in the hostile formation is formation inside a formation."

Little Orchid was in a daze, "Formation inside formation... How come I saw the scene of you battling with Chi Di woman from the ancient times? What formation is this? How to break it?"

Dong Fang Qing Cang's face darkened and when answering, he purposely ignored the first two questions of Little Orchid, "Magical formations in the world, regardless of which formation there is always the eye of the formation. Finding the eye/center of the formation then this formation will obviously self-destruct."

"Then where is the eye of the formation?"

The eyes of Dong Fang Qing Cang fell upon the area where the two people were battling. Little Orchid also followed his gaze and then paled in complexion, "You said...the two people who are endlessly battling one another is the eye of the formation?"

Dong Fang Qing Cang did not speak, but he seemed to agree tacitly.

Little Orchid looked around, "With it like this, how to approach them? Just now, you pulled me to the side, is it because the murderous energy inside the formation can really cause an injury right?"

Dong Fang Qing Cang nodded, "The hostile energy appeared to come from the battle with one another, but in reality it's not. It is the hostile energy that the formation has produced." He arrogantly said, "The battle between Ben Zuo and her from ancient times does not merely have such little power like this."

Hearing such... it seemed that he was still very arrogant...

"But the hostile energy of this formation cannot cause injury to me. As for you, hold tightly to this body. Ben Zuo will definitely not let you die so fast."

This body?

Little Orchid felt it was strange. She lowered head to look down and then suddenly understood. Right now she then felt the horrible feeling. Cannot blame from before she always felt limbs were dead-like! It's because the hands and feet of hers were all gone, only the chest and the head were lugging a piece of ripped fabric while being carried by Dong Fang Qing Cang's hand.

The icy cold mud transformed into a sturdy ground as if nothing has occurred.

Little Orchid heard an extremely loud sound like a mountain landslide cracking, like large rivers collapsing, and like living creatures that were shrieking in pain. She furrowed her brows and opened eyes, but things before her eyes have caused her to be shocked endlessly.

It seemed as if she was pulled by some sort of strength up in the air. The ground was shaking underneath her feet, but was completely different from the things she has seen before. The mountains and rivers shattered, creatures wept in terrible situations, and the land was filled with nearly deep penetrated subterranean scars. Surging lava that flowed underneath can be seen clearly and was like the land bleeding out. It caused others' eyes shocked and hearts astonished .

Little Orchid did not get to recover as a large burst of wind suddenly surfaced. Within the wind seemed to have a knife that sliced the atmosphere; it beheaded the black clouds in the sky and then disappeared from the sky. From the wind direction carried the figures of two people who were endlessly fighting. Little Orchid knew one within there and that was Dong Fang Qing Cang.

But Dong Fang Qing Cang was different than the one Little Orchid saw.

The color of his eyes were like blood, and between his brows has a blood-red trace like a sword. He was battling against a female with his entire body emitting murderous energy. On the face was a savage smile that did not seemed to care for the breaking of the mountains and rivers. Compared to Dong Fang Qing Cang that Little Orchid has seen, this person was even more cruel and sinister.

The red, raging, fiery sword in Dong Fang Qing Cang's hands carried a thousand pounds of lightning and thunder. It sliced toward the female in front with his scream. The female lifted sword to fend off. Little Orchid knew in the female's hand was Shuo Feng sword.

When the two swords clashed each other, a humongous wave swept the living creatures/spirits in all four directions, causing Little Orchid to awake/realize suddenly. That female was heavenly war god in the legends. At this time, the scene she saw was definitely the battle of distant past between Dong Fang Qing Cang and Chi Di woman from the dawn of time.

But...how come she can see such scene?

Wasn't she in the hostile five elemental formation under Qian Yin mountain? Wasn't she covered and pushed downward by mud in front of Dong Fang Qing Cang who stared blankly? Why can she...

"Come here."

Little Orchid did not have time to ponder the reason as suddenly the back was tightened. She was pulled to the side. When [she] left the place, over there swept murderous energy and ripped a large hole in the atmosphere.

Little Orchid was surprised and turned around. She saw Dong Fang Qing Cang from behind her.

"Big...big devil?"

Little Orchid was completely unsure about the circumstances. She looked at the Dong Fang Qing Cang that was battling against Chi Di women from over there. Then [she] looked at Dong Fang Qing Cang with a darkened face and white hair who wore only black inner clothes from behind, "In the end, what happened?"

"Formation inside a formation." Dong Fang Qing Cang spoke, "Earth in the hostile formation is formation inside a formation."

Little Orchid was in a daze, "Formation inside formation... How come I saw the scene of you battling with Chi Di woman from the ancient times? What formation is this? How to break it?"

Dong Fang Qing Cang's face darkened and when answering, he purposely ignored the first two questions of Little Orchid, "Magical formations in the world, regardless of which formation there is always the eye of the formation. Finding the eye/center of the formation then this formation will obviously self-destruct."

"Then where is the eye of the formation?"

The eyes of Dong Fang Qing Cang fell upon the area where the two people were battling. Little Orchid also followed his gaze and then paled in complexion, "You said...the two people who are endlessly battling one another is the eye of the formation?"
