Chapter 56: Chapter 33

Little Orchid felt it was rather strange. Dong Fang Qing Cang doesn't have any powers so how come he can fly up in this formation? She twisted her head to examine closely behind him. At this time, [she] discovered it's the bone orchid from behind him that has formed into a gigantic pair of wings. The flapping wings flew them toward the front.

Little Orchid was in a daze, "Didn't you say that this only has the usage of protection?"

"Bone orchid eat hostile energy to live. Everywhere in this place is hostile energy. Of course ben zuo can use however." Dong Fang Qing Cang's expression was still cold and detached as normal, but Little Orchid was sharp and discovered that his tone was a little taut.

She lifted head up and saw the clear angled chin of Dong Fang Qing Cang as she asked him, "Big devil, the scenery in this formation is related to you right?"

In this formation there was only her and Dong Fang Qing Cang. The scenery from the ancient times was something Little Orchid has only heard before and has not seen. But the dynamic scenery in front of them at this time seemed to happened just yesterday. Besides this formation recalling the memories deep inside his heart then there was probably no other explanation.

"You and Chi De woman..." Little Orchid did not get to ask it all as over there suddenly shone a purple light.

The memory of Dong Fang Qing Cang stirred and the wings that the bone orchid has formed from behind suddenly jolted strongly as if displaying the feelings of the owner.

Little Orchid looked toward the two people battling. Did not know when was it as there appeared a purple figure. When Dong Fang Qing Cang was still battling against Chi De woman, that person firmly sliced from behind Dong Fang Qing Cang and caused him to grew angry. He turned around and used the sword blade to pierce the ambusher's heart. Within a moment, raging flames lit up on the ambusher.

But what caused others to be surprise is that the ambusher did not die immediately at that time. That person seemed to use his entire strength to pulled on Dong Fang Qing Cang's arm back and did not allow him [DFQC] to withdraw his sword on his [ambusher's] chest.

At this time, Shuo Feng sword in Chi De woman's hand suddenly glowed with radiance and from behind Dong Fang Qing Cang it pierced through him.

Hitting the center of the heart, the cold energy of Shuo Feng sword has caused Dong Fang Qing Cang's chest to immediately formed into ice crystals, but these blue ice crystals were like the ones that Little Orchid has seen before from Kun Lun mountain's frozen cave. The temperature was extremely cold and it seemed to be like a vine that draped all around Dong Fang Qing Cang's body.

The fiery sword in Dong Fang Qing Cang's hand was loosen and the strength of the sword from congregated power disappeared within a moment. The purple clothed ambusher from within the atmosphere fell down and figure disappeared. Chi De woman appeared to desire the withdrawal of the sword and chase after, but at this time Dong Fang Qing Cang held tightly onto Shuo Feng sword that was piercing straight through his chest. [He]disregarded the cold energy on the sword that has caused his hands to form ice crystals.

Little Orchid was shocked and gaped, "Big devil...this...is this the truth?"

So this...

In the ancient times battle, it was not Chi De woman alone that has defeated Dong Fang Qing Cang. At that time there was someone else... But how come, in every single ancient book that was related to this battle, has never inscribed the existence of that person. Even her master Siming xingjun does not know this story...

Little Orchid raised head to peer at Dong Fang Qing Cang and saw that within his eyes have slight brightness and slight darkness. The wind from behind the pair of bone orchid wings was even more rampant and caused others to feel unsettled.

"Big devil?"

Little Orchid knew the formation inside formation surfaced up such scenery definitely has a reason. The hostile formation's illusory scene borrowed the gap in the deepest, darkest part of a person's heart to ambush. Then wait for the opportunity tot take action. When the person's heart has become lost then will use the chance to kill that person.

The illusory scene that Little Orchid has seen before was like that and this illusory scene is also the same.

In Dong Fang Qing Cang's life there has been only one defeat. Within his heart must discontentment, but right now Little Orchid can see that he was ambushed from behind and then was killed by an immortal. With the personality of Dong Fang Qing Cang himself, resentment and dissatisfaction of his in regards to this matter were definitely strong.

If Dong Fang Qing Cang's mind became enchanted and sink into resentment, then how can the formation be broken by relying only on her?

Little Orchid immediately used her head to knock into Dong Fang Qing Cang's waist, "Big devil, it's fine that you're locked here ah, but I have to get outside!"

Dong Fang Qing Cang ignored her.

Little Orchid only has the method of using head to knock into Dong Fang Qing Cang's waist, "Big devil, big devil, quickly return to your consciousness ah!"

Doing that for a long time, yet Dong Fang Qing Cang has no reaction. Little Orchid pondered, no more solutions. She opened her mouth and bit his waist. She gritted her teeth tightly and did not spare a single strength.

Dong Fang Qing Cang's body appeared to have felt it and faintly shook. Little Orchid spat out and lifted head to see that he was lowering his head. The pitch-dark eyes looked at her and Little Orchid grinned, "Big devil, injuries do not affect your body, but didn't expect it to be scared of being tickled ah...ugh..."

Little Orchid's face was squeezed by Dong Fang Qing Cang. His eyes were cold, "Little flower demon, you dare to bit ben zuo's body more ah?"

Little Orchid's face was squeezed to the point of changing shape. She pouted but cannot speak out any word.

However at this time, the illusory scene suddenly trembled and changed. The hostile energy within the formation weakened. The pair of wings from the bone orchid behind Dong Fang Qing Cang shook. His eyes slightly darkened.

Little Orchid struggled and turned head to the front. After then uttered in alarm, "It disappeared!"

Mo Zun and Chi De woman that was drawn by the murderous formation have disappeared.

Dong Fang Qing Cang furrowed brows, "The formation has been broken."

"Hah?"

The formation broke? But they clearly didn't do anything ah!

Little Orchid was still bewildered and then the feeling of weightlessness came forward. She anxiously turned around and saw that the large pair of wings formed from the bone orchid behind Dong Fang Qing Cang has also disappeared! They are quickly falling down. Little Orchid wanted to cling onto Dong Fang Qing Cang but she has no hands ah!

"Big devil!" Little Orchid shouted in panic, "You have to hold onto me tightly ah!"

Dong Fang Qing Cang did not respond.

When Little Orchid was scared from the weightlessness, she suddenly felt a hand encircling her neck and hugging her into embrace.

The warmth from the chest arch has the strength to make her feel relived.

She does not fear death. Little Orchid's heart abruptly stabilized and surfaced such thought. She is not scared of death because big devil is here.

There suddenly came the appearance of her dropping down. She felt herself falling to the ground, but did not feel pain. She opened eyes and when faced with darkness, she felt that her face seemed to be buried in the dirt.

From the fading light, Little Orchid can faintly discern a ray of light.

"Can still be considered in time." The voice of Qian Yin langjun reverberated in her ears, "A Lan, are you still okay?"

Little Orchid turned head and blinked eyes to focus her gaze that slowly became clear. She saw the mysterious person who was wrapped in black clothing and was carrying a lantern as the person stood aside. At this time, the person who bent down and furrowed brows as he looked at her was the owner who set up the layers of this murderous formation— Qian Yin langjun.

His face appeared extremely regretful, "I was negligent and allow you to suffer like this. Really is my fault."

Little Orchid dazedly looked at him for a while then turned eyes to the side. Here was still pure dark tunnel like before. The only difference was that the peculiar energy inside the tunnels have completely disappeared, "Where is big devil?"

She asked such words and then state of mind suddenly came back, "Where is big devil?" Her face appeared worried.

"Get away from ben zuo's body."

The low-tone of scolding under Little Orchid came.

At this time Little Orchid can feel the feeling of someone underneath her chest. The chest that was unexpectedly whole, it was pressing onto Dong Fang Qing Cang's face...

Realizing such ambiguous position, Little Orchid ended up losing color and cried in alarm, "Ah! Hoodlum!" She wanted to turn body around, but body has no feet. The only way was to use the head to stand up and shift to the side.

Perhaps such pitiful scene has caused the people standing on the side to not bear looking at it anymore as Qian Yin langjun said, "Sorry for disrespecting." After that, he took off his coat as he picked up Little Orchid and hugged half of her disabled body away from Dong Fang Qing Cang's face.

With the obstacle in front disappearing, Dong Fang Qing Cang was still lying in the dirt across from Qian Yin langjun.

Qian Yin langjun smiled at Dong Fang Qing Cang and then looked at the bone orchid on his wrist. Right away he withdrew his gaze and hurriedly used his sleeve to wipe the dirt off Little Orchid's face. His appearance displayed compassion, "Does it hurt?" His voice was soft and gentle as if even a bit of loudness will cause Little Orchid to be in pain, "Or A Lan go in the Soul Collecting Vase for a bit first?"

A Lan?

Dong Fang Qing Cang narrowed his eyes. Really can be call such way.

Little Orchid also felt the concern from Qian Yin langjun for her has caused her to feel a dilemma. Although from before he treated her well with no reason, but this time... was it an illusion of hers? How come she felt that Qian Yin langjun...

It seemed that he considered her a bit more important?

Is it due...to her identifying the treasures? Because of such, personally went in the murderous formation to find her?

While Little Orchid was still pondering quietly, Dong Fang Qing Cang who was on the side, has stood up from the dirt. Even though at this time he was messy, but his gaze was still arrogant and its effect has not lessen, "Are you the owner of Qian Yin mountain?"

Hearing such statement, Qian Yin langjun's eyes left Little Orchid's face and turned around to look at Dong Fang Qing Cang, "Correct." He examined Dong Fang Qing Cang from top to bottom, "Looking at your temperament, if I were to guess, you are someone from the demon realm."

Unexpectedly, Qian Yin langjun cannot recognize Dong Fang Qing Cang's identity?

Little Orchid turned around to look at Dong fang Qing Cang and then she understood.

Dirt all over the body and the entire self does not have any power with a look of bad luck across one's face. Anyone wouldn't be able to believe that he was the ancient demon king who rebuke the Heaven and Earth.

Little Orchid suddenly felt that during this period, it was really not easy for Dong Fang Qing Cang one bit.

"Qian Yin mountain has no relation with demon realm. Does not know why sir came here for what reason?"

"Xi rang." *

* Reminder: A magical dirt/clay that can transform into many things and is constantly "moving".

The two succinct words came out of Dong Fang Qing Cang has caused the atmosphere to become heavy a few bit. The shadow person slightly moved. The bone orchid on Dong Fang Qing Cang's wrist immediately responded. The atmosphere was more tension-filled and appeared to be able to explode at any time.

"A Ying." Qian Yin langjun faintly halted the movement of the person from behind.

The black shadow seemed to not be at ease, but after a while, would taciturnly withdrew one step. The bone orchid of Dong Fang Qing Cang was also obediently stopped.

The smile on Qian Yin lanjung was even deeper than before, "Are you the heartless jerk and lover that A Lan has told me and whom she had to find when coming to Qian Yin mountain ah?"

Little Orchid's head froze.

After that she heard that several parts angry voice of Dong Fang Qing Cang, "En, correct. I am the heartless jerk lover that she said about."

Then I...

Love Between Fairy And Devil (Completed) Chapter 57 - Chapter 34

Chapter 57: Chapter 34

Hearing Dong Fang Qing Cang simply and gently said such words like sketching in light shades, Little Orchid felt the fine hair behind the neck were standing up. She didn't need to think in order to know. Right at that moment, big devil must be thinking of ways to torture her.

Qian Yin langjun looked at Little Orchid and then looked at Dong Fang Qing Cang. He understood the relationship between them was even more complicated than what Little Orchid has described many times. Thus, he smiled with him, "Brother is friend of A Lan. Of course, Qian Yin mountain will provide hospitality and care."

Finished speaking, the black shadow from behind him started showing protest, but was not unexpected as it was quilled by Qian Yin langjun.

Little Orchid felt the black shadow seemed to always protest Qian Yin langjun's decision. From when he has brought her to the island or when he has brought her hidden treasure room. Perhaps the black shadow was always guarded and protesting when hearing the conversation between Dong Fang Qing Cang and Qian Yin langjun. But each time was suppressed by Qian Yin langjun who ignored...

Can be considered pitiful...

Little Orchid's eyes passed by Qian Yin langjun's shoulder to peer at the black shadow from behind, but under the layers of black cloth that covered, Little Orchid cannot see anything. She pouted and was about to turn around, yet she suddenly saw within the layers of black cloth, there was a pair of red eyes turning to look at her.

Little Orchid was scared to the point of her neck freezing. After blinking, she could not see the pair of eyes on the black clothed face anymore.

Was... it an illusion?

She bewilderedly looked away and heard Qian Yin langjun on the side who was continuing to exchange words with Dong Fang Qing Cang, "Xi rang is really a treasure of my Qian Yin mountain. Yet, does not know why brother has specially come here to get xi rang? From what I know, with the people of the demon realm, xi rang has no purpose."

Dong Fang Qing Cang was silent for a bit and then side-eyed Little Orchid, "In order to make a body."

Little Orchid heard such and immediately brighten up. She lifted head that was exactly across from Dong Fang Qing Cang's eyes that were attentively looking at her. Little Orchid's heart seemed to be struck by some object as there was like a wave of hot energy that pushed into her heart. It caused the body that was always cold from before to appeared as if heating up.

Big...big devil wants to create a different body for her?

Because of so he does not mind traveling thousands of miles with hardships to Qian Yin mountain and charged into the hostile five elemental formation in order to create a body

for her? Little Orchid felt she cannot stay calm. But within the fluttering, she still cannot throw out the feeling that this matter was strange.

If Dong Fang Qing Cang wanted to create a body for her by coming to Qian Yin mountain, then after receiving the news of Qian Yin mountain, why didn't he bring her along?

He wasn't scared that after the body was created and let her return, he won't be able to find her soul?

Or perhaps another way of saying is that the body he is creating was not for her?

As Little Orchid thought more and more, she felt heart has become cold. The warmth that rushed up from before was slowly cooling down. She quietly peered at Dong Fang Qing Cang. If he doesn't create a body for her then for whom?

"Oh?" Qian Yin langjun seemed to understand what Little Orchid was thinking as he spoke up and asked in place of her, "In order to create a body for A Lan?"

Dong Fang Qing Cang was silent and Little Orchid suddenly felt nervous as she looked at him. After a while, the corners of his mouth curved as he responded with a smile, "If not, then who else?"

Little Orchid heard such response and was in a daze as she looked at Dong Fang Qing Cang for a long time. She cannot imagine the current state of her mind at this time, but she felt her cheeks were getting hot. Even the current body that didn't have a heart was also warm.

Big devil toward her...is really good...

Qian Yin langjun was also calm and curved his eyes as he looked and smiled at Dong Fang Qing Cang, "It seemed brother is not a betraying lover like what A Lan has said ah. But has to caused brother to feel disappointment." Qian Yin langjun signaled for the black clothed person to light the lantern and go in the front while he carried Little Orchid from behind. It seemed that they are planning to bring them (Little Orchid and DFQC) outside of the maze.

"The body of A Lan used xi rang with the supplement of clay to mold the body. But it's a pity that despite so, cannot exceed three days as it slowly harden and cannot move anymore. It's feared that the wish of taking xi rang to mold into a body of brother cannot be accomplish."

"Clay is a dead object. The body molded after several days will naturally harden." Dong Fang Qing Cang indifferently said, "A body entirely made of xi rang can [move]."

The steps of Qian Yin langjun paused. The flame in the lantern in the front was imprinted into his eyes, "Brother does not know that xi rang is an object that grows and multiplies endlessly. If clay was not added, the figure will change and cannot mold into a human body. Even if it collected a soul, also cannot cause it to grow four limbs of the body and facial features. It will still be merely dirt."

Dong Fang Qing Cang faintly glanced at Qian Yin langjun and expression was rather arrogant, "I will have my own way of making it into a human body. Only need you to give me xi rang."

The black shadow leading the path in front halted and shouted, "Egotistical!"

Dong Fang Qing Cang only smiled and did not bother to care as if hearing a compliment.

Qian Yin langjun examined him for a long time and then said, "The amount of xi rang is limited. Even if the entire amount was used, can only make one body. If making the body is unsuccessful, then A Lan will have to live inside the Soul Collecting vase. Brother, can you completely guarantee?"

Little Orchid heard such and was nervous. She hurriedly blinked toward Dong Fang Qing Cang.

Dong Fang Qing Cang snorted coldly, "Only need to make a body. Is there really a possibility of failure?"

That's true. Compared with the many things that Dong Fang Qing Cang has done, creating a body can be heard of as something simple. Furthermore, he has the power/magic of causing objects to become human. Like before in the demon realm, she and Dong Fang Qing Cang used one body.... to take a bath where he arbitrarily toss a water droplet that turned into a human figure. Even though that person did not live long. But with his powers along with the mysterious object like xi rang, creating a person was probably easy...

Because he is Dong Fang Qing Cang.

But wait...

Little Orchid suddenly realized a very, very dreadful matter....

Dong Fang Qing Cang he....right now, have lost his powers!

The black clothed person in the front with the lantern guided to the surface.

A moment later, fortunately was able to get out of hostile formation that entrapped her and Dong Fang Qing Cang.

The sunlight of the sky from outside has shined down, Little Orchid felt that she finally can live again and breathed out a long breath.

She looked at the surroundings and discovered this was the place in the beginning that Qian Yin langjun has brought her to the island while on a boat. From behind her was Qian Yin mountain and in the front was white sand and the endless sea waves.

So it seemed that the time period she and Dong Fang Qing Cang spent was wrapped around the hostile formation on the mountain...

Qian Yin langjun finally brought Little Orchid and Dong Fang Qing Cang to a courtyard. He arranged a room for Dong Fang Qing Cang and ordered it to be clean. During this time, he came to Little Orchid's room and waited.

He placed the "body" of Little Orchid on the table and rubbed her head while comforting her for a bit, "Right now I will order someone to create a new body for you. Will try with great effort to bring it to you tonight."

Little Orchid was surprised, "Wasn't the amount of xi rang limited..."

"For the body that molded and used xi rang, not a lot of xi rang was used." Qian Yin langjun smiled and said, "Let alone from the past I have never placed xi rang in one place and have distributed them throughout the island. Finding every xi rang will perhaps take 2-3 days. For several days, Little Orchid still need a new body. Rest assured, I have my own calculations."

Qian Yin langjun rubbed Little Orchid's head for a bit and then left.

Little Orchid twisted head to look at Dong Fang Qing Cang who was sitting leisurely while drinking tea, and asked him, "Qian Yin langjun is quite gentle, isn't he?"

"Gentle?" Dong Fang Qing Cang sneered, "If you said so then it's so."

Little Orchid was shocked as she peered at him, "What does that mean?"

Dong Fang Qing Cang gave a side-eye of ridicule at Little Orchid. After that, [he] brought his gaze toward the outside of the window, "Ying Yang rock, lake water mountain. Everywhere here are treasures, but the energies of the treasures were all extremely weird."

"Energy..."

"Even though you identify these treasures, but only know the appearance and not the heart (inside). The master in the legends of yours has taught you in vain."

Little Orchid squinted face toward Dong Fang Qing Cang who was looking outside and saw the various flora and oddities that were blooming under the sunlight. Her heart suddenly has a strange feeling, "Big devil, the heart that you said...what is it?"

His gaze has once more fell upon Little Orchid's face, "Shadow."

"Shadow?"

"The shadows do not belong to them."

Being reminded by Dong Fang Qing Cang, Little Orchid brought her gaze to afar. Under the shining sunlight, the crawling shadows of the various pink flowers on the courtyard's wall were suddenly moving in a strange way. Even though the curvatures were quite small, but they've truly moved. Furthermore, at this time there was no wind and no human while the flower did not move either.

The shadow...it moved by itself...

Little Orchid felt her entire body was cold, "Big...big devil...what is that?"

Dong Fang Qing Cang was still indifferently drinking tea, "It's the treasures that your gentle Qian Yin langjun has said."

Little Orchid suddenly remembered Qian Yin langjun's words that were spoken when sitting in the courtyard as she ate pastries. After that, she felt her face has paled, "Big devil ah... what to do?"

"Silently observe." Dong Fang Qing Cang said, "Even though he has kept us with whatever reason, only need him to take out xi rang. Don't need to be fearful of other matters."

"No..." Little Orchid felt her the corners of her mouth were shaking, "I have said from before that Qian Yin langjun has told me, I was also a treasure...Say, what does he mean?"

Dong Fang Qing Cang furrowed his brows as he looked closely at Little Orchid, "Oh? Treasure?"

Little Orchid was scared and displayed wide, innocent eyes that were pleading for help to him.

He laid down the tea cup in his hand and smiled enthusiastically, "Cannot blame [he] has treated [you] quite well. Has caused me to be curious..." He narrowed his eyes, "In the end, what treasure are you?"

Little Orchid looked at the smile from the corners of Dong Fang Qing Cang's lips. She suddenly felt that she shouldn't let him know of the words Qian Yin langjun has said.

If Qian Yin langjun was a ferocious wolf, then in front of her...

Perhaps was an extremely vicious ancient beast ah...

Author's preview words:

Has to make this body properly...

What?! Who?! Dong Fang Qing Cang! You have actually made the body...!!!

Love Between Fairy And Devil (Completed) Chapter 58 - Chapter 35

Chapter 58: Chapter 35

* Note, when I inserted the word "brother", it's not donating blood relation, but a more friendly way of addressing another person.

When it was night time, Qian Yin langjun has brought a new body to Little Orchid.

But ever since Dong Fang Qing Cang has told the strange matter regarding Qian Yin mountain, Little Orchid has no way to appear normal when dealing with the mild smile of Qian Yin langjun.

She looked at the clay figure that Qian Yin langjun has brought for while and then said in a roundabout way, "Hair was also molded by the clay ah?"

Qian Yin langjun smiled gently and responded, "Yes ah, does not expend much."

"Such body is so detailed. Definitely is not easy to make, but the people of langjun are quite fast..."

"There were already human figures molded beforehand and only needed to change the details a bit."

Such straightforward response of Qian Yin langjun has caused Little Orchid to not react. She was shocked as she looked at him, "From before already has human figure? From before what did you mold human figures for? Don't tell..." Little Orchid voiced out her speculations in a lowered volume, "You also have other souls and planned to put inside them?"

Finished asking this, Little Orchid felt herself growing timid.

If it was really like what she has guessed, perhaps there are souls drifting in this world? Aren't they... ghosts...

Qian Yin langjun heard this and was briefly silent. Then he immediately smiled and said, "How can I possibly have souls to put in. A Lan think too much." He paused and then continued, "Do you like this body A Lan? Or perhaps before brother Dong Fang finished molding a body, you can temporarily stay inside the Soul Collecting vase?"

Dong Fang was a name that Little Orchid informed Qian Yin langjun. She didn't dare say the full name. Even if there were a few people in the moral realm that knew the surname of the Demon King, but Little Orchid was still careful.

She heard Qian Yin langjun said this and immediately shook head.

The Soul Collecting vase was dark and small. Sunlight was not seen much. Little Orchid doesn't want to go in there for even one bit. Furthermore, inside the Soul Collecting vase, she can possibly be carried around by Qian Yin langjun for days and she wouldn't be able to scheme whatever secretly with big devil.

Compared to Qian Yin langjun, at least Little Orchid trusted Dong Fang Qing Cang a bit more.

Comparing both paths, Little Orchid hurriedly said, "No, no. This body is very beautiful and more beautiful than the one I'm currently using." Finished speaking, she crawled inside the body like a layer of smoke.

When Little Orchid's soul crawled into the clay body, the white and gray clay begin to slowly soften. The skin has the feeling of smoothness and the eyes seemed to slowly become alive. The energy began to slowly circulate on her nose and then the fingers molded by clay moved.

Little Orchid opened up mouth, "Ah...Having hands and feet are convenient."

Qian Yin langjun has witnessed the entire process and smiled lightly, "Of course." Within his raised eyes, there were movements of strange emotions.

When Little Orchid was focusing on adapting to the body, Qian Yin langjun faintly asked, "Where is brother Dong Fang right now?"

"From before he said he will go outside for a walk." Little Orchid clenched the fists of the arms. Then she suddenly realized and turned eyes around to respond, "Rest assured, he is not a person who is greedy for treasures. Your treasure will not be...taken..." Little Orchid's forehead sweated because she was not sure if big devil will do anything weird.

Who said he was the big devil, his actions and movements do not have a single principle..

Qian Yin langjun smiled, "With brother Dong Fang's temperament, obviously does not need to worry that he will eye the treasures of Qian Yin's mountain. But..." Qian Yin langjun's eyes suddenly looked luminous toward Little Orchid, "I am curious, you are a flower immortal. How come you are with someone from the demon realm?"

Little Orchid slowly pondered and then sighed, "Because in the beginning, my body was stolen by him*."

"..."

*she used words that can also implied pregnancy lol.

Even if impassive like Qian Yin langjun, when hearing such would also be in shock.

Little Orchid saw his expression and reflected on her words she just spoke. After that, she quickly waved her hands, "It's not, you have misunderstood. It's not what you've thought. The relation between Dong Fang and I...it's quite pure."

Even though Little Orchid said pure, but her look appeared vague. Qian Yin langjun unconsciously smiled, "According to A Lan, it is not the relationship between a lover's infidelity and a lovesick lady for you and brother Dong Fang."

"Hah?" Little Orchid was dazed and suddenly the heart beat faster one beat, "Ah...That matter uh...That matter I just said for fun. He and I... Compared with that relationship, the two of us are like enemies."

"If like this...I can be at ease then."

"What?"

Qian Yin langjun bent down and gently lowered voice as he whispered into Little Orchid's ears, blowing the side hair, "Like this I still have the opportunity to keep you by my side ah, like the other treasures."

Little Orchid was in a daze and looked at Qian Yin langjun.

His words, what does it mean...

"I am...a treasure?" Her voice was shaky.

"Correct ah."

"What treasure..."

"Perhaps is a treasure that can help achieve my long-cherished wish." Qian Yin langjun rubbed Little Orchid's head, "Tonight sleep soundly. The time inside the hostile formation has definitely caused you to be quite scared."

Right now she was really scared.

She wasn't able to sleep. After Qian Yin langjun left her room, Little Orchid hurriedly ran to find Dong Fang Qing Cang. But when arriving at his courtyard, Little Orchid discovered that at this time he still has not come back. She can only fold arms and wait at the door.

Waited and waited forever until [she] has fallen asleep to who knows when.

*Note: "En" is a groaning type of sound that is often used to response. Kind of similar to replying yes, but I don't think there is an exact English equivalent.

Thus, when Dong Fang Qing Cang came back within the night, [he] saw the scene of Little Orchid leaning back to sleep.

He came besides her. Little Orchid did not noticed and was opening mouth to smack or so while sleeping as if eating something quite good in [her] sleep. Dong Fang Qing Cang halted besides her and still did not see Little Orchid wake up. He pushed the door strongly as he entered the room.

Little Orchid who was leaning against the door to sleep, tilted her head to the back and then collapsed straight into the room.

"Ah!" She cried in pain and hugged head as she woke up.

Little Orchid stood up and rubbed head. She twisted neck to look into the room. Dong Fang Qing Cang has already sat and poured a cup of tea to drink. She grew angry and then questioned, "Couldn't you wake me up and then open the door?!"

"The room is too low, cannot blame?"

Knowing exactly Dong Fang Qing Cang's personality, Little Orchid hugged head and then muttered several sentences, but was not really angry with him. She looked outside the door and then retreated into the room while also closing the door.

"Big devil, is there anyone outside?"

Dong Fang Qing Cang drank a mouthful of tea and then indifferently replied, "No."

With such response, Little Orchid hurriedly sat besides him with a distressed expression, "Big devil, things are bad. Qian Yin langjun is really planning to keep me!

Like all the other treasures of his. He said I can help him achieve his long-cherished wish or something."

Dong Fang Qing Cang turned head to look at Little Orchid, but was not in a hurry to express opinions and continued to listen to Little Orchid's ramblings, "If I were truly a treasure, then how come I didn't know? Even if I did not know, from before my master should have known ah, but master did not treat me like a treasure. Even if my master does not know, hey big devil, even you cannot see that?"

Dong Fang Qing Cang laughed, "Hurry for what. He's keeping you is something useful, when used then won't you know already?"

"How can that be?! After waiting for that time then I will definitely die unsightly." Little Orchid briefly pondered and then said, "But it's strange, if he really wanted to cause a disadvantage to us two, then how come [he] was willingly to give xi rang to us two? Having my own body is something beneficial to him?"

Hearing Little Orchid using the two words "us two" to refer to her and him, Dong Fang Qing Cang was about to speak up, yet Little Orchid has interrupted him, "But that's okay. Anyhow, after you have finished using xi rang to mold a body for me, we will leave immediately, disregarding what he wants to do." Speaking up to this point, Little Orchid curled, "Big devil, will you bring me?"

He rolled his eyes and saw that Little Orchid was opening eyes wide to look at him. The black eyes used the light shone by the candles to illuminate and sparked even more.

Dong Fang Qing Cang did not look at her anymore and shook the cup of tea in hand. [He] looked at the light that was reflected in the water fragmented and then absentmindedly replied, "En."

Little Orchid was relieved and casted her eyes to a close as she crawled on the table while mumbling, "What do you think is Qian Yin langjun's wish? In the end, what does he want to do with me? Ever since [I] followed you everywhere, each passing day has met truly strange people and matters. It has caused difficulty for my brain to turn."

His eyes fell on the bamboo leaf shadows that were inked by the moonlight outside of the window. [He] saw the bamboo shadow shook and was silent as he did not speak.

Not for long, he suddenly heard the steady breathings from besides him. He lowered head to see that Little Orchid on the table has already fallen asleep.

Dong Fang Qing Cang furrowed his brows and was not polite as he pinched Little Orchid's face while directly shooing away, "Stand up, go to your room to sleep."

Little Orchid opened eyes and naturally pushed his hands off while scooting to the side, "No, cannot sleep in my room." Thinking about how there are strange shadows outside

that are crawling about has caused Little Orchid to feel alarmed. She adjusted posture and has decided to lie on the stomach while sleeping.

"That is your matter." Dong Fang Qing Cang spoke while also pulling Little Orchid's arm. Did not get to use strength and has already saw Little Orchid furrowed brows while she begged and acted like a spoiled child, "I am not taking your bed, I will sleep here."

She added, "Your place is safe."

His place is safe?

Dong Fang Qing Cang has a feeling that he must have heard wrong.

He is the demon king that mortals feared and avoid, but according to this little flower demon, being beside him has become the safest place.

Momentarily, Dong Fang Qing Cang did not know what expression to deal with this little flower demon, but when he was about to ignore the strange feeling within himself in order to toss her out, Little Orchid suddenly rubbed face on the back of his hand and then slept soundly than before.

Dong Fang Qing Cang was motionless.

He looked at Little Orchid's head for a long while and afterwards, was not polite in withdrawing hand and returning to bed in order to lie down, but did not shoo her away anymore.

Little Orchid was startled by him and pouted lips while grumbling several sounds. She then lied down and slept.

She was truly tired and has to rest well.

But how does that relate to him? Why does he has to put up with this puny flower demon occupying his room?

Dong Fang Qing Cang felt that his brain has some sort of unknown illness.

The bamboo shadows outside the window were gently swinging back and forth, but only the bamboo shadows sway while there was no rustling sound of the wind blowing bamboo.

In the library scattered with moonlight, Qian Yin langjun tilted head upward and closed eyes to greet the moon while silently basking in the shining moonlight. From behind him, the black shadows were reporting just now the words that Little Orchid has spoken to Dong Fang Qing Cang with not a single word missing.

Qian Yin langjun curved lips and lightly smiled, "Little immortal has a straightforward personality ah." Did not hear the black shadows say anything anymore, Qian Yin langjun then asked, "Today where did that person go on this island?"

"Only went around the beach."

"Oh?" Qian Yin langjun opened eyes, "Even though cannot find any trace of power on this person, but energy is quite strange. After giving xi rang to him, has to observe more. Cannot miss any of his movements and actions."

"Yes."

"En, if there is nothing else then retreat."

The black shadow was hesitant for a bit, "Langjun, really going to give all of xi rang to that person from the demon realm? If he failed..."

"If he failed, I can just wear the current appearance. But if does not try, regardless of what, I will not be contented." He brought hand up to rub on cheek. On his face there was a skin layer that peeled off and fell to the ground, turning to clay. He bent to look at the clay under the dirt, "Let's go, I have to change into a new body."

Three days after, Qian Yin langjun has given all of the xi rang to Dong Fang Qing Cang. Dong Fang Qing Cang said that no one was allowed to come and disturb, including Little Orchid. After that, he brought the always-transforming xi rang into the room and closed the door. Within several days, his figure was not to be seen.

Little Orchid was truly curious and each day would wait at the courtyard while squatting and guarding. She was impatient and wanted to see the appearance of her new body and also wanted to know how Dong Fang Qing Cang, who did not have any power, was able to mold the xi rang into a body.

Compared to her, Qian Yin langjun was able to stay calm. He did not appeared to care what Dong Fang Qing Cang was using the xi rang for. Each day would be preoccupied with inviting Little Orchid for go visit around the island, even though Little Orchid has not accepted each time. She would rather wait each day in front of Dong Fang Qing Cang's door than go anywhere.

At the hour of the horse (noon), Little Orchid pressed her ears against the courtyard door and silently listened to the movements inside. She suddenly heard an extremely loud "boom" noise. She was startled and immediately did not bother as she pushed opened the courtyard door and charged inside the room.

On the two tables that were linked together, there was a clay figure covered in white fabric. Little Orchid was anxious and wanted to lift the white fabric, but besides her carried the sudden shouting voice, "Cannot."

Little Orchid looked to the side and at this time saw Dong Fang Qing Cang has fallen to the ground with his silver hair scattered and loose. The body was curled and hand was hugging chest while the voice was restrained as if enduring strong pain.

Little Orchid was not anxious anymore in looking at the clay figure as she hurriedly supported him up. At this time, saw that his face has returned its blood red color like before and the nails on his hands also grew back, "Big devil, you...regained your powers?"

"Ben zuo's powers...have never disappeared." Dong Fang Qing Cang said, "Merely left at the deep pond."

Right, from before when Dong Fang Qing Cang was still struck by the heavenly thunder, he also has such sudden pain like this. Even said that the people of the demon realm has casted a curse on him and forced her to carry him to the deep pond near Lu Ming mountain. At that time was able to undo the curse and stopped feeling pain. But also at that time, his face turned black, perhaps...his powers were tossed at that time?

Right now he has gotten back his powers, and so the pain from the curse has also came back...

"Are you in a lot of pain?" Little Orchid asked, "It's because of the curse? Is there a way for you to not feel pain?" She was anxious and felt guilty, "I'm sorry ah, you're like this because of having to make a body for me..."

Dong Fang Qing Cang only said, "Halt your sobbing tone for ben zuo to stand up."

Having been scolded by him, Little Orchid promptly bit mouth. She did not dare speak up anymore and obediently listen to what Dong Fang Qing Cang has ordered—supporting him to the bed.

"The xi rang body is not completely shaped yet, ben zuo...will become conscious for a bit." Dong Fang Qing Cang closed eyes with his forehead sweating as he ordered, "Within this time, do not allow anyone to enter."

Little Orchid repeatedly nodded, "Alright."

His voice slowly became weaker, "You also cannot...look..."

Little Orchid nodded, "Alright."

Dong Fang Qing Cang became unconscious. Little Orchid watched over for him, and then eyes fell on the body covered in white fabric. She didn't planned on coming over to see, but after examining for a while, she slowly discovered that despite this body having a fixed shape, it seemed a bit strange ah...

In the front of the chest, how come there are no protruding two areas ...Body also seemed to be a bit wide ah...

Little Orchid turned head to look at Dong Fang Qing Cang who was in deep sleep, and then looked at the body on the table. After that, walked around the tables one round and after coming to where the legs were, Little Orchid felt it was rather strange and then squatted down. She secretly pulled down one corner to look at the figure inside. Mind thought that seeing it a bit will be okay.

Thus, she could not compress curiosity and did so.

Little Orchid lifted one corner of the white fabric, peered inside, and then pulled face out, looking stunned.

What did she saw?

From looking up at the two feet, between the two legs was what...

Little Orchid felt her head was scorching hot, and then wind "swoosh" the fabric off.

Little Orchid saw a male body with a flat chest, crude waist with large legs, wide shoulders, and big hands in front. She was silent for a while and then gritted her teeth to death, "Dong Fang Qing Cang, you shameful poopball!"

Cannot blame he did not want her to see! Has molded her into a male ah!

Such poop bastard has ridiculed her to this point?

Little Orchid was angry. She took the xi rang between the legs and firmly pulled it down. She split it into two parts and turned them into globular shapes in front of the chest. Then she stuck out her tongue to make a mocking face at Dong Fang Qing Cang who was unconscious, "I will never wait on you anymore! I will do it myself!"

Love Between Fairy And Devil (Completed) Chapter 59 - Chapter 36

Chapter 59: Chapter 36

Little Orchid lessen the amount of clay on the figure that Dong Fang Qing Cang has already molded. She pressed small the hands and the feet of the clay figure. She molded the waist to be slimmer and molded the gentle curves on the face. After that,

she simultaneously adjusted the facial features and finally, she smiled and felt proud as she peer at her accomplishment.

The figure was quite beautiful and facial features were splendid. This will be the body of hers. Little Orchid thought that she's quite happy.

She stood besides the table while looking at "her" body for quite a long time as it was wet and slowly become dry again. Little Orchid lightly touched the clay figure with her finger and discovered that it was about to dry like the clay that Qian Yin langjun has given her.

Little Orchid thought that this body will be quite difficult to change the shape again. Perhaps this is the "becoming shape" that Dong Fang Qing Cang has said before.

She suddenly felt at ease.

But at this time, Little Orchid suddenly heard the breathing from the bed getting heavier. She woke up [returned to more alertness] as she quickly covered the figure with the white cloth. After she turned around, she has already saw that Dong Fang Qing Cang has already woken up.

He rubbed his forehead as if stabilizing his mental state. The sharp fingernails on the hands have disappeared and the pair of eyes have turned black.

Perhaps have temporarily left powers?

Therefore, he has definitely retrieved his powers temporarily in order molded the clay figure even if he has to endure the excruciating pain that even he himself cannot withstand...

In Little Orchid's heart it was truly moved several parts to the point of not speaking up as someone like him was enduring difficulty because of her. But after thinking about the matter of him molding her into a male then the feeling of being moved dissipated.

"You have woken up" Little Orchid spoke as if calling out.

Dong Fang Qing Cang circled eyes and stopped at the clay figure covered in white fabric behind her. Then he looked at the disorderly encircling eyes of her. He squinted his eyes and got off the bed. He moved several long strides to get next to Little Orchid and grabbed onto the white fabric...

At that tiem, Little Orchid pulled on his hand, "Let me go into the body first, wear clothes and then you can look?"

Speaking up to this point, Dong Fang Qing Cang can already understand. He gritted his teeth and his forehead grew green veins. Little Orchid seemed to be able to hear the blood bubbling up in his body.

Dong Fang Qing Cang pulled off the white fabric while also tossing Little Orchid to the side with the strength so strong that it has caused her to staggered and fall on the ground.

Seeing the female body with large chest, wide waist and a curvy bottom, Dong Fang Qing Cang's face was rather gloomy and dark than ever before. He used his hands to rub the belly of the figure and felt the hardness of the clay. Corner of the mouth has somewhat came down again.

He turned around to look at Little Orchid, "You still don't think much of ben zuo."

Little Orchid looked at the hostile energy simmering within Dong Fang Qing Cang's eyes. She was scared to the point of body feeling cold. She was originally going to tell him about molding her into a male with his motive being wrong. But looking into his pair of eyes, she was not able to speak out any sentences.

Thinking carefully, it really was not that few when Dong Fang Qing Cang peered with cold hostile energy like this. The strength between them was too far apart. He has never taken into serious consideration that she was an enemy, but has toyed with her like a pet...

But today, he has really....became angry.

In the end what is he mad about? Because she turned this body into a female?

Little Orchid was not able to think the result as she has been grabbed on by the shirt and then lifted up. She bewilderedly looked into his eyes and within that moment, she seemed to believed that Dong Fang Qing Cang really want to kill her.

But he did not kill her and only coldly tossed her out the room while closing the door and saying, "Do not enter." After that, he locked the door.

Little Orchid stood outside bewilderedly for a while and then suddenly was able to respond. Don't tell me that Dong Fang Qing Cang is trying to change the biological sex?

She was greatly alarmed. She quickly banged repeatedly against the door, but the room of Qian Yin langjun was too sturdy. No matter how much she banged on it, such will not damage it.

Little Orchid pressed against and hurriedly poked a hole paper cover of the window. She looked inside and this time was shocked to the point of being stunned.

Dong Fang Qing Cang was drawing a formation on the table. He took a small vase out from his sleeves. Little Orchid recognized that vase. It was when Xie Wangqing has died and he has used the vase to collect her soul.

In that vase, slowly came out a white soul. Dong Fang Qing Cang used the strength of the formation as he guided the soul into the body!

Little Orchid was shocked with wide eyes. Dong Fang Qing Cang...Dong Cang Qing Cang didn't make this body for her!

Little Orchid's heart was momentarily empty and the stomach got cold. The blood within body was also cold within the moment. She reacted later in digesting the truth—Dong Fang Qing Cang has fooled her.

He did not create this body to save her.

He wanted to save another woman!

Understanding the truth, she felt the fury of rage surfacing and was followed by unsatisfaction that even she did not understand clearly. It was like a howling wind and torrential rain in the middle of summer that swept her spirit very far away.

She was angry as her hands shook. Really cannot even understand why [she's] was getting angry like this. "Open the door!" she banged strongly on the door, "Dong Fang Qing Cang! You're a scoundrel!"

The inside of that person was indifferent.

Looking at the soul almost crawling into her body that she has painstakingly molded, Little Orchid immediately banged against the door. It caused the current body to faint and her soul escaped from the body, fluttering out of the clay body and passing through door as it charged toward the [other] body.

Dong Fang Qing Cang's eyes turned chilly. He bit the finger and dropped blood on the formation. It immediately shone brightly with light. Little Orchid's soul crashed into the boundary that the formation has created. The strength of the boundary transformed into vivid red light. It grabbed and twisted Little Orchid's soul, causing her excruciating pain. Within the voice there were sounds of cries, "Dong Fang Qing Cang, you're a liar!"

Little Orchid's voice was filled with three parts of indignation, three parts of uncontented and replaced by unclear frustations.

Dong Fang Qing Cang never looked at her once and was persistent in bringing the white soul of Xie Wangqin into the body.

Little Orchid risked herself to restrain all feelings within the heart. Forced herself to use reasoning as she quietly pondered. Xi rang was used up to create this body. If she does not gain this body, then afterwards would have to rely on the little remaining xi rang and has to live by clay figures. If not, then can only reside in the Soul Collecting vase...

Such painful days like that, she does not want!

Little Orchid gritted teeth and disregarded the vivid red light that was still shredding her soul. She was determined as she shouted and continued to charge into the boundary.

The red light winded around her soul as if wanting the soul to scatter.

Dong Fang Qing Cang heard the pitiful, unwavering, and suppressed weeps of Little Orchid.

The eyes slightly moved and he suddenly remembered that night when Little Orchid pressed onto his hands and closed eyes to sleep. The gentle voice of hers was still ringing in his ears, "Your place is safe."

He looked at Little Orchid right now who was extremely battered and exhausted and was slightly moved.

His place is not safe one bit.

He is the most evil, monstrous devil in the world.

Within the moment that Dong Fang Qing Cang was absent-minded, the various shadows in the room were suddenly moving in a strange manner. There were some that grabbed onto his legs and there were some that crawled on the table while others were covering the formation he drew on the table.

The vividly glowing boundary light was immediately weakened and Little Orchid crawled into the area of the boundary while carrying aggressive energy. Because the white soul has crawled into half of the body, she stubbornly crawled into the body as well.

After that it was an invasion and possession as one does not allow the other person the opportunity.

At this very moment, Little Orchid's desire to live was intense. She wanted to see Dong Fang Qing Cang's face become ashen.

His face becoming contorted, the better! His expression becoming terrible, the better!

He does not let her live peacefully, then he should not live peacefully!

On the contrary with Little Orchid's expectations, she has been in this body for a bit, but cannot find the location to set up position. Different from the clay figure before, after entering this body, she only saw a layer of darkness within darkness. Little Orchid felt a driving force was using its strength to push her out.

It's not the strength of Dong Fang Qing Cang. Rather, this body... is trying to fight against her.

It was as if the xi rang was telling her that it doesn't accept her and was using all its efforts to chain her. The driving force was powerful to the point of causing Little Orchid to feel like her soul was exploding.

Of course, Little Orchid has remembered what Qian Yin langjun has said before, xi rang has living energy. To speak from a different perspective, it's a living object. It's not a dead object like clay. It will definitely rebel against a living being that is trying to control its body.

The bodies from before all used clay with the addition of xi rang to form. With little xi rang, then obviously its resistance was not strong. But this body used all xi rang to form and naturally will not be easy to imposed upon.

But she will not be pushed outside.

Big devil is waiting outside ah!

If she was pushed outside, then big devil will immediately squeeze her neck in order for her soul to disperse within the mortal realm!

Between life and death, Little Orchid has analyzed the clear situation momentarily.

The time when Dong Fang Qing Cang has stored Xie Wanqing's soul into the sleeve, perhaps he has wanted to create a new body for Xie Wangqing.

He wants to revive Chi De woman.

Although does not know the reason why he wants to revive Chi De woman in a male body; however, something that is not doubtful was that he came up with a plan for the matter.

Now, his plan has been disturbed by her. If she does not fight for this body, then at that time would definitely have to deal with the unpleasant, unsightly, and angry expression of Dong Fang Qing Cang. She really cannot smile at this!

Dong Fang Qing Cang will definitely use the most bloody scheme to cause her soul to disperse!

But!

If she can take over the body, then the situation will be different.

Because right now there is only one xi rang body, and the remaining xi rang is too few. It's insufficient in forming a new body. Dong Fang Qing Cang wants to revive Chi De woman and definitely will not arbitrarily ruin this body. He can only puff up, widen eye and get angry with her. She can still put her hands on waist and smile at Dong Fang Qing fuming!

Thus, even if the xi rang body resisted her with formidable force, she can still endured it. Because if she lost here, then she will no longer have a future.

Little Orchid gritted and struggled against the force of the xi rang.

Before pain has been submerged with every other feeling, she momentarily remembered from a long time ago, Siming has once said to her, "The mortals do not live so easily ah. A little flower immortal in a vase like you is the most happiest."

Right now she has deeply realized that the many days in the vase were the most happiest.

The black shadows pressed forward. Little Orchid has no more strength to fight anymore and sunk into the darkness.

Love Between Fairy And Devil (Completed) Chapter 60 - Chapter 37

Little Orchid felt that she seemed to be dreaming.

Within the dream, she has met the ancient, destitute mo zun who was extremely vicious.

He has destroyed her body and threatened her soul. After that, exploit her, and deceived her. She dreamt that she and that big devil have met many strange people

and have gone through various strange situations. She began to trust him, and even cannot control her dependence on him. She thought that big devil had an extremely ice-cold face, but when things were dire, he had always rescued her.

In the end, he has used a red boundary and almost caused her soul to fly away and scattered.

The red, vivid light wrapped around her and wanted to tear her apart into pieces.

She felt such dream was really terrifying. After she has woken up, she must cry and complain to master. Master will definitely comfort her in a gentle voice and gently water her while meticulously clear up the weeds in her pot and then bring her out to the yard for sunbathing...

A ray of dazzling sunlight shone into the darkness.

After Little Orchid grew accustomed to it, she slowly opened eyes.

From outside, the evening rays leaned toward the west. The tilted sunlight went through the window of the room and landed on her face, causing the lines on her face to become more three-dimensional. She was lying on a stiff, wooden bed and only saw the ceiling on the top.

She wanted to turn the neck, but discovered the neck was unexpectedly stiff.

Within that split second, she truly thought that she was still an orchid that cannot move and was planted in the pot in the yard of Siming Xingjun from the Heavenly realm. She turned her eyes and saw a shadow standing besides her, "Master?"

"Hah."

The cold laugh that seemed to be like thousands of needles pierced into the temple pressure point has made her mind clear up. Little Orchid felt the entire head was exploding and was immediately awoken. Whatever imageries or illusions were dispersed within moments.

"Dong Fang Qing Cang!"

She gritted her teeth as she spoke those four words.

Dong Fang Qing Cang came forward several steps. The sunlight went through the window and shone onto his face, but it was not disappointment shown that Little Orchid had hoped to see. His expression was still cold like always. The only thing was that the pair of black eyes was radiating more frigid coldness by several parts compared to usual days.

But she doesn't need to be afraid. Little Orchid pondered, she has acquired this body and so does not need to fear anymore.

Dong Fang Qing Cang raised hand and knocked several times on Little Orchid's head,

"Come out."

Little Orchid wanted to dodge, but the neck was really too stiff. It has caused her to not be able to sit up. She has no better option than to support self and glowered at him, "You dream on!" She said, "This body is mine! Such bastard like you better not bully me!"

Dong Fang Qing Cang squinted.

Little Orchid saw his face and cannot refrain from thinking about the time when he drew the formation and was immediately furious. Her voice became stern as she criticized, "Dong Fang Qing Cang. You are a swindler that does not keep his words! You said will mold a body. In the beginning, you have an unrighteous motive and harbored sinister thoughts! You always wanted me to disperse and scatter soul into dust! Bastard!"

Dong Fang Qing Cang looked at Little Orchid and breathing was slightly heavy. He bears patiently and lowered voice to say, "Ben zuo has never wanted your soul to fly away and scatter."

"Not calling it as wanting soul to fly away and scatter, so what should it be called huh? Give me the chance to self-perish?" Little Orchid snorted, "Your belly is full of evil tricks! When there is opportunity then will play around with me. I will never believe you anymore."

The blue veins on Dong Fang Qing Cang's forehead slightly jerked, "Ben zuo will find you a body. This body won't do."

Little Orchid closed eyes as she didn't want to look sad at Dong Fang Qing Cang, "Then I will stupidly stay in this body and waited until you have molded a new body."

Thought she was foolish?

Little Orchid secretly pondered. Xi rang is almost gone. If Dong Fang Qing Cang really has a method to mold a body, then in the beginning he doesn't need to waste effort in coming to the strange Qian Yin mountain here.

"You go out. Right now I don't want to see you."

Finished speaking, Little Orchid's face was being squeezed. Dong Fang Qing Cang twisted the neck and pulled her head back.

Little Orchid glared with wide eyes and looked at the narrowly closed face of his. In the end, he has revealed his mood with his cold, gloomy gaze and a dark expression, "Little flower demon, you really think that right now Ben Zuo cannot do anything to you?"

Little Orchid was always scared of such appearance from Dong Fang Qing Cang. Each time she saw him like this, she cannot help tremble in fear. Just covering one's knees was not fast enough. But today does not know why, Little Orchid felt that there was some sort of energy surging forward from the pit of the stomach and it was not able to go up or down. Even Dong Fang Qing Cang's threats were not able to cause her to swallow the tiger-like energy down.

She blurted out, "Fine ah, you want to destroy this body then go destroy it." Little Orchid continued, "Despite that I have taken this body as a protective screen, if you disregard this body then it will not be a protective screen for me. If you considered this body to be of importance, then naturally, will not damage this no matter what. I can plead to you or not, be scared of you or not, in your mind you can calculate. Thus, I will not plead, will not be scared, and will be an unyielding Little Orchid that will not make my master lose face!"

"You can handle me whatever you wishes. At worst, go make my soul fly away and scattered. Chi De woman that you want to revive will also has no place to reside in this world anymore!"

Finished speaking, there was a moment of silence in the room.

Little Orchid seemed to be scared to the point of being dazed by her own words.

Dong Fang Qing Cang slightly frowned. The energy on the hands also lessened.

Little Orchid gritted teeth, closed eyes, and only hated that she cannot bit her tongue off.

The last sentence was like eating sour vinegar, how could she speak such ah...

When the two of them were in a deadlock, sounds of someone walking carried from outside the courtyard.

Little Orchid immediately opened eyes and her eyes lighted up. Qian Yin langjun has come. Even though he is not a good person according to her, but to Dong Fang Qing Cang, he's definitely an enemy. Furthermore, Qian Yin langjun considered her a "treasure". Even though does not know what treasure he was speaking about, but compared to Dong Fang Qing Cang, Qian Yin langjun will definitely protect her.

With him going against Dong Fang Qing Cang was better than right now with a "lying paralyzed on the bed" like her against Dong Fang Qing Cang.

Who knew whether a personality of like big devil would really destroy her body within a moment of fit and rage.

Even though has spoke with decisiveness, but she still want to live and meet master...

Naturally, Dong Fang Qing Cang has also heard such sounds. His eyes slightly darkened and let go of Little Orchid's chin. He used the white fabric to wrap Little Orchid body and tossed her on the bed. Then he used the blanket to cover. Soon came the sounds of knocking at that time.

Not waiting for Dong Fang Qing Cang to say the two words "come in", there was already someone pushing through the door. Qian Yin langjun stepped in and despite his expression not being any different than usual, but this action of his has displayed his somewhat urgency and nervousness.

"The body...was the body of A Lan made properly?"

Dong Fang Qing Cang sat besides Little Orchid and solemnly peered at Qian Yin langjun who was advancing forward, "Was able to, but at the present time the movements are still stiff and need more time to adapt."

Qian Yin langjun did not look at him even once and gaze fixated on Little Orchid. Looked at the skin that was even paler than the snow, the five distinct facial features, and the wet, lively pair of eyes, he seemed to be surprised to the point of being dazed and his mutters became words, "Unexpectedly...has accomplished."

Dong Fang Qing Cang slightly frowned, "Oh? What you meant from this was that you have determined that this matter will not succeed?"

Qian Yin langjun's expression was briefly bewildered within the moment. When Dong Fang Qing Cang finished speaking out the sentence, he has withdrew his emotion and smiled gently like before, "No...It's merely that I was rather astonished. After all...the matter of molding the body was really to the point of abstract. From the past, it was heard that no one has succeeded. Cannot expect brother Dong Fang to have such capability."

He thoughtfully asked Little Orchid, "Does A Lan feel unwell anywhere?"

Seeing his expression, Little Orchid does not know why but her body has a shivering feeling. The strong fury when facing Dong Fang Qing Cang from before has been extinguished right away. Remembering the two words "treasure" that he has gently whispered by her ears several days before, Little Orchid felt it was like a snake coldly slithering into her back and crawled up to her neck. It has caused her to feel impending danger, "There's none...only unable to move temporarily..."

Qian Yin langjun furrowed brows, "It's because the soul has not adapted well with the body?"

"Perhaps...it's that."

Qian Yin langjun nodded as if thinking about something, "If that is so then I will order someone to come in A Lan's room and arranged the bed for her. Will position and make it so that it's more soft and relaxing."

"No need."

Little Orchid did not get to speak up as Dong Fang Qing Cang has already interrupted Qian Yin langjun's words, "She will sleep in my place."

"Hah?" Little Orchid was flabbergasted, "What..."

Dong Fang Qing Cang does not bother to hear her protest and said with Qian Yin langjun, "This is the first time I have attempted to mold xi rang into a body. Does not know whether there are any problems afterwards. Thus, I have to keep her besides me in order to carefully observe. Furthermore, this bed here is too soft and isn't well suited for the spine. She will sleep on my bed."

At this time Qian Yin langjun's gaze fell on Dong Fang Qing Cang, "If brother Dong Fang say so, then it's good in keeping A Lan here." Qian Yin langjun smiled lightly, "Brother Dong Fang has to watch over A Lan ah. Right now she is an invaluable treasure of the world ah."

Dong Fang Qing Cang wrinkled his face and smiled, "Of course I know."

Qian Yin langjun left and Little Orchid withdrew within the blanket while observing Dong Fang Qing Cang, "Aren't you keeping me here in order to pull my soul out from this body and then still switch Chi De woman into it?"

"Silenced." He shouted softly and then closed his eyes. His ears moved and heard Qian Yin langjun has already left the courtyard while softly speaking, "Tomorrow evening, we will make a move on that person."

His voice was icy-cold, "He is not simple to deal with. Be careful."

"Big devil?" Little Orchid felt it was rather strange and looked at Dong Fang Qing Cang who opened his eyes. After that the corners of the lips curved upward into an insidious, evil smile. Little Orchid blinked repeatedly, "It's obvious that you still want to do something bad to me!"

Dong Fang Qing Cang turned around to look at her and then smiled vilely, "No one wants to do anything good to you here."
