

Love Between Fairy And Devil (Completed) Chapter 6 - Chapter 4.1

Aware of what she did, Little Orchid suddenly plunged into an extreme panic for killing oneself.

She trembled and slowly crawled to her body. She extended her shivering hand, but does not know where to touch the body? Head and neck are too twisted. What to do if the head breaks when she lifts it up? Grasp the arm? It seems that the curvature of the arm is very strange ah, can she really grasp it? What about legs? Legs look okay ... but this is not okay ah! Why is the knee bent forward?!

While still trembling with fear, Little Orchid eventually clung to her waist and propped her upper body up. Sure enough—when the body was lifted, her head tilted to the back in an inconceivable angle.

It appeared that the whole cervical spine snapped...

Little Orchid's face was about to wail, "Big... big devil ah..."

No one responded her. What only responded was her face lined with blood along the hairlines that flow pitter-pattering down to the dust.

Miserable ah, too miserable. Little Orchid was sadden to the point of forgetting to cry and only muttered unconsciously, "What to do ya, what to do now oh..."

Within her chaotic state, there came echoing sounds in the distance. Little Orchid looked up, and on the horizon came Heavenly soldiers flying fast toward her.

The leader is Wu Qu Xingjun. Little Orchid recognized him—this man would invite her master to drink. But right now Wu Qu would not recognize her. He soon shouted loudly, "Do not run demon!" Before his voice ended, lightning like water hit her body.

Her mo zun body is unscathed, but her corpse has been burned several more layers.

It's already miserable enough now! Do they want to let her corpse disperse into dust?! This will not do!

Little Orchid looked around and around in panic. She thought of the direction that Chi Lin had escaped. She quickly hugged her body and in disregard for everything, she jumped onto a cloud. Within the extreme panic, Little Orchid suddenly can use Dong Fang Qing Cang's body to fly. It is precisely due to her extreme confusion that she has forgotten to look back and flew for a while. This left behind the heavenly soldiers from a far distance.

When her feet reached the ground and she has arrived in the mortal/human realm, Little Orchid saw that no one was around. Finally, her mind was at peace for a bit. She glanced at her soft and charred body. With great effort, she shook it again in a fit, "Was she not told that Mo Zun's body do not undergo reincarnation, where did he go ah? If he went to see the God of Death, then he should repair my body and then leave! Perhaps he is following besides me and is laughing at me? Little Orchid looked up and down, "Big devil? Dong Fang Qing Cang? Twee twee twee*, really is gone..."

*she was making bird calls

"Zun shang*...zun shang!" *honorable one, a respectful address of a senior

While Little Orchid was tearlessly crying, a call sounded from afar. Little Orchid quickly clung to her body, and looked vigilantly in all directions with nervousness. She saw an old white beard man gasping for air from catching up in one side. He tumbled in front of Little Orchid and rolled thrice. He has not stood up properly, yet was prostrating on the ground while breathing heavily as he cried out, "Xiao ren*... xiao ren... is Swift Walker Demon. Greetings Mo Zun..."

* addressing oneself of a lowly status, servant

"Demon realm?" Little Orchid subconsciously wanted to hide after hearing the two words. However when thinking of her current identity, she felt this is better than meeting the heavenly immortals. While she was examining the man, the old white beard man crawled with his body. He did not look up and said, "Congratulations! Esteemed Mo Zun has returned to the Three Realms!"

Seeing him pious like this, it seems as if wishing himself to lowly mesh with the earth was sufficient enough.

"Ever since the great Heaven-Demon war, xiao ren has been a spy in the heavenly realm. Today, Hao Tian tower has collapsed and its sounds have reverberated throughout the heavens. Xiao ren knew that zun shang has broke out of the predicament. Thus. has come with the intention to welcome." The old white beard man knelt down several steps before Little Orchid and seemingly wanted to lift up her feet to embrace. Little Orchid quietly withdrew her legs. He said, "Zun shang is worthy of being called the Supreme One of the Demon Realm. Along the way, aside from xiao ren who specializes in swiftness, others cannot keep up with zun shang."

The old man once again paid respect to Little Orchid, "Zun shang. Since ancient times, after zun shang has disappeared without a trace, the demon realm has been oppressed by the heavenly realm. Now that military counselor Kong Que has unified demon realm's Jiu You [Nine Remote/Barren], we only await for Mo Zun to come and lead us to regain the power of heaven and earth. In the present, after the last Heaven-Demon war, the heavenly emperor has been unconscious. The ancient dragon immortal has

returned to Thousands Heaven Ruins. Mo Zun only need to defeat the God of War Moxi to make the demon realm victorious..."

Little Orchid's head has been a mess. When listening to his speech, it felt like a fly flying around her ear until he said a familiar name. Little Orchid suddenly said, "God of War Moxi is a good person."

The white beard old man was chattering away. He suddenly heard this sentence and looked distracted. His back straightened a bit. Yet, he did not dare look up, "Zun shang?"

"God of War Moxi and his wife San Sheng gugu* are good people. Not allowed to fight them. *aunt

What did Mo Zun called God of War's wife? San Sheng... gugu? Also said she was a good person?

Ancient Mo Zun rampaged the three realms. In legends, one wave of the ancient Mo Zun can lift a mountain. Cannot expect his way of differentiating the right and wrong to be so simple?

The swift walker felt that perhaps he is too old and has a hearing problem or that Mo Zun is too old and his head has a problem. He said, "Zun shang? You..." Before he would not dare to casually look at him and now when he looked up, he saw that Mo Zun's arms are holding the tragic body of a woman!

"Oh my..." The swift walker immediately bowed his head. His body shivered a bit, and did not dare ask anything. He only echoed in agreement, "Zun shang is right."

"You" said the Little Orchid. She suddenly thought of something and asked the swift walker, "Can you see ghosts?"

The white beard old man was so scared that even his buttocks were trembling, "Can not see, can not see, xiao ren do not want to see ah!"

"You do not shake." Little Orchid said, "You raise your head, look at me, and look around me. Use the best of your ability and tell me if you can feel negative (yin) energy? Is it there?"

"There is none, none!" The swift walker repeatedly shook his head.

"It's finished." Little Orchid heavily sighed.

Dong Fang Qing Cang's soul must be in Di Yu*.

*realm of the dead; hell
