

Love Between Fairy And Devil (Completed) Chapter 7 - Chapter 4.2

Chapter 7: Chapter 4.2

Was it not agreed that he would not reincarnate?! Little Orchid became anxious as she does not want to be killed by Dong Fang Qing Cang. Yet, she does not want to stay as a man her entire life who does not age or cannot get hurt ah, "Cannot do, I must see the God of Death!"

The old white beard man was shocked and stunned. He peered at Little Orchid. He saw that Little Orchid was holding the woman's body and was turning around to go. Not knowing where the courage came from, he flung forward and clung onto her ankles while shouting, "You cannot die zun shang! Cannot die! You are the hope of the demon realm ah! If you cannot figure out things, xiao ren will take care of it! You cannot die ah!"

"Let go. Let go." Little Orchid shook her legs to shake off the swift walker and said, "Who said I am going to die, I only want to see the God of Death."

When her mind is muddled, reaching the goal becomes firmer than usual. Little Orchid remembered what master had said before, the Three Realms seal maintains the order of the Three Realms. It is the pathway of the heaven and earth. When mortals die or the immortals go through reincarnations, they all must pass through the netherworld. Currently, she wants to use the undead devil to go to the netherworld. Therefore, the only way is to break the Three Realms seal.

But breaking the Three Realms seal...

"What can a puny Hao Tian tower do to I. I only need to rely on this spell formation, and even the Three Realm seal I can dispel." These crazy words suddenly appeared in Little Orchid's mind.

This is what Dong Fang Qing Cang had said when he created the spell formation in Hao Tian tower.

How did he create the spell? Little Orchid shifted her eyes to recall carefully. Her memory has always been very good. When she was still an orchid bud, master would often write life fates next to her. Sometimes the life fate would be so long, and master would forget what she has written in the front. Then Little Orchid will proudly say what she has remembered. Then confidently shook her leaves while waiting for praise.

Bit by bit, the characters of the spell appeared in Little Orchid's mind. She excitedly grabbed the swift walker and asked, "Where is Ye city? Quickly take me there!" That is the place with the most negative/yin energy/qi in mortal realm. It is the closest place to

underworld. Placing a spell there to break the Three Realms seal is the most convenient.

When Little Orchid seized him, the swift walker continued to shiver, "Aaa-at there. Let xiao ren take you, xiao ren will take you."

The speed of the two people were extremely fast; in less than half an hour they have already arrived at Ye city. It was noon and there are still a lot of people on the streets. Little Orchid's sharp nose suddenly smelled a distinct, unusual qi. This is yin qi.

Since noon there was already yin qi on the streets. It really was worthy of being ghost town.

She searched all along the way, and finally found the most heavy yin qi place. Seeing the dilapidated yard of the house, she really does not want to step even the slightest bit in.

This is the junction of the Three Realms. In the dark crevice inside, it hides the dirtiness of the human world— power, desire, resentment, evil qi, and anger that manifest into ugly demons and monsters creeping within the corner. It waits for someone to pass by and drag that person in, gnawing the person clean.

The old white beard man hid behind Little Orchid and pulled his sleeves, "Zun shang. Even though these words are somewhat disrespectful, but we must not approach any closer to this place. I have heard people say that this is the most unclean place of the ghost town."

Such cowardice, is this really a person of the demon realm?

Little Orchid glanced at him, and then turned around. Inside the dilapidated door is gray qi of a strange shape creeping out. The swift walker is unable to see it. So he only looked around and behind in alertness.

This must be special condition that only the body of Mo Zun can have. Being able to see all the ugly and evil in this world...

Little Orchid swallowed. She whispered to herself that is she can, she was not willing to step into this place. But right now, she does not have the power of Dong Fang Qing Cang in the legends who can break the Three Realms seal at every turn. Of course, she can only find this place to place the spell ya.

Little Orchid lifted her legs. While embracing her body, she stepped into the yard.

The emptiness of the body provoked uncleanliness from east and west. In a quarter of an hour, she has entered the small courtyard and was surrounded by raging black qi

hidden in the corner. The qi screamed into Little Orchid's ears and carried intense pain that almost tore her eardrum.

These demons and monsters are coveting her dead body.

Little Orchid is very scared, but her master is currently not here. Even Dong Fang Qing Cang is not here. Outside there is only an old white beard man who is even more useless than her. She has no choice but to rely on herself.

Little Orchid kept herself calm. Her mind repeated a hundred times, "I am Dong Fang Qing Cang". Her eyes closed and opened. The blood inside the pupils flashed out. Gaze shifted toward the imposing black qi in front of her. However, after hearing one sound of the sharp cry, the black qi suddenly dissipated.

Little Orchid's eyes stabilized and she continued to go inside the dilapidated house.

She is now very strong, and her heart is more determined than ever. She is most afraid of death, thus this time she must use every bit of effort to live on.

Author's words: Occasionally Little Orchid will get her way, seemingly warms the heart, and delights the eye ah ㄟ (͡ ▽ ͜) ㄟ
