

Love Between Fairy And Devil (Completed) Chapter 76 - Chapter 53

Chapter 76: Chapter 53

Little Orchid was still in a daze. Dong Fang Qing Cang waved one hand and can lead them outside of that place? She peered left and right at the surroundings and discovered unexpectedly that they are standing in a large hole. It seemed that this hole was created by him when they have escaped.

Little Orchid subconsciously lowered her voice as she asked softly, "Big devil, where is this?"

"Where we came in is where we leave from." Finished speaking, Dong Fang Qing Cang began his steps. Underneath his feet was a piece of broken glass. The face of the glass was no longer there as only the rim of the glass remained.

He did not look at the broken glass rim even once, and grabbed onto Little Orchid's waist. She was pulled along and jumped above the hole. Naturally like what Dong Fang Qing Cang has said, they were still in the demon realm. On the paths, the streets were almost destroyed completely by him. From afar, there were the sacrificial hall and silver statue overturned by him previously.

In the front and not far from Little Orchid and Dong Fang Qing Cang, assassins used ropes to tie Da Yu and restrained it tightly on the ground.

The tail of Da Yu shook incessantly as if struggling for the last time. Hearing movement over there, it swung its head. When it saw Dong Fang Qing Cang, its large tail that was still struggling immediately started to bang up and down as if it was saying, "Save me..."

Little Orchid saw that Da Yu was like and secretly muttered, the humongous ancient snake of the demon realm when terrified was not one bit that different from her...

But aside from Little Orchid, no one else paid attention to Da Yu anymore. All the assassins of the demon realm on the path stared bewilderedly at them as all have focused their attention on Dong Fang Qing Cang.

Kong Que sat down and coughed. The prime minister Shang Que stood beside Kong Que. They peered attentively at Dong Fang Qing Cang with expressions that did not hide fear. Kong Que with a lost voice said, "Cannot be...How can he..."

"Hah." Dong Fang Qing Cang coldly laughed and expression was like an evil god.

Rather, can say that he is the evil god.

"The younger generation is so daring, causing ben zuo to be more surprise compared to the predecessors of the demon realm."

At this time, the injury from Dong Fang Qing Cang's fiery sword piercing Kong Que's stomach was still bleeding. One hand held the injury as if expending all of one's strength to stop the bleeding. He gritted teeth and raised hand toward the back as if wanting Shang Que to support him up.

Not letting Shang Que make a move, Dong Fang Qing Cang's silhouette shook and within a blink of an eye has already landed in front of Kong Que. No one saw clearly how he made the move as Kong Que was pushed by some sort of energy force in mere seconds and felled onto the wall on the other path. [He] went through the wall and then fell on collapsing brick house. The sounds disappeared as Kong Que was squeezed by the neck and carried up by Dong Fang Qing Cang.

The palm of Dong Fang Qing Cang's hand flared up a flame.

The lovely face of Kong Que grew a deathly pale and was filled with beautifully pained color.

"You dare with such recklessness to scheme against ben zuo. Have [you] ever thought of the consequences?"

Kong Que did not have any energy to respond. But Little Orchid from behind Dong Fang Qing Cang secretly startled herself. If [she] seriously thought about it, it seemed that she has also schemed against him not-so-few times...

Currently, Dong Fang Qing Cang has retrieved back resentment spirit and the mishmash desires of his into the body. Emotions of love and hate of his have definitely reinforced. Despite the previous times where he has no intentions of collecting old debt with her in the future, but speaking currently, he has the intentions ah!

She currently carries the body of the clay he needed. There is nothing to worry about, but later on...Little Orchid squeezed her chin as she reflected. Perhaps need to take advantage of the upcoming time and ingratiate him...Say, can possibly make him happy and later on will not regard old debts with her anymore.

At the time that Little Orchid was still inwardly pondering, Kong Que over there struggled in Dong Fang Qing Cang's hand and said, "We have resurrected Your Greatness...it's not...for Your Greatness...to indulge in the matters of ancient times..."

"How ben zuo act does not need someone else to interfere." The bloody eyes of Dong Fang Qing Cang surfaced biting cold hostile energy and the smile on the lips was mocking and arrogant, "If you're dissident then battle with ben zuo."

Finished speaking, he raised hand and tossed Kong Que out.

At the end of the road on the silver steps in front of the sacrificial hall, there was a long, black plaque that suddenly sprouted from the ground and pointed toward the sky like a sword.

The figure of Kong Que was like an arrow—tossed strongly onto that black stone plaque. When the body of his was going to approach the plaque, several sharp thorns suddenly sprouted from the plaque and penetrated through Kong Que's body while hanging him up.

Fresh blood fell pitter-patter and promptly flowed into a blood imprint on the black plaque.

Kong Que lowered head and [one] does not know whether [he's] dead or has fainted.

Little Orchid was looking astonished with her opened mouth while Dong Fang Qing Cang has already stepped toward the front. He lifted head to speak and voice was not loud, but carried to every corner of demon realm, "Ben zuo has returned to the world. The authoritarian seat of demon realm is ben zuo's. If there is any discontentment, kill."

The scene was silent like sheets.

No one on the streets dare to move.

When the eyes of Dong Fang Qing Cang glided across, the pressure from the gradual heavy atmosphere has everyone bending knees and simultaneously prostrated on the ground.

The ropes that tied Da Yu seemed to be sliced by the blade of the knife from the atmosphere and produced a "pop" sound before coming apart. However, Da Yu did not get up as it also prostrated on the ground like others, bowing head to their king.

Dong Fang Qing Cang strides forward and each step of his caused the ground of the demon realm's sacrificial hall from afar to shake.

Sharp rocks underneath the ground grew up like the black plaque from before. Rock by rock surfaced up and pushed away the stone bricks of the collapsing sacrificial hall while turning over the gold statue of Dong Fang Qing Cang that had fell. Each row of sturdy black rocks combined and transformed into a black palace on the ground of the old sacrificial hall.

Little Orchid gazed with astonishment until body became dazed.

If she has guessed right, the various black rocks were definitely congregated from Dong Fang Qing Cang's powers...

Using powers to create a palace, the various things Dong Fang Qing Cang does are really...completely not within the imaginative scope of regular people ah!

Dong Fang Qing Cang raised hand and the gold statue that was knocked over on the side has turned into fine powder that flew haphazardly. He indifferently said, "Ben zuo does not desire for your faith. Ben zuo only need everyone's absolute submission.

The entire demon realm seemed to be quiet.

He stepped across the dust and proceeded forward.

Little Orchid looked at the drifting silver hair and the fluttering sleeves of his. She was in a daze for a while and then remembered she ought to be tactful and followed after. But perhaps the force from before was too large, and also that in her heart she was thinking about a matter.

She stalked her body upward and the left leg became entangled with the right leg, falling "splat" onto the ground.

Little Orchid looked at the ground for a while and was about to stand up, but the strange thing was she has discovered her legs were softening...

...Due to the previous actions from Dong Fang Qing Cang...scared to the point of legs softening...

She struggled and wanted to stand up, yet a black shadow suddenly came in front of her. Little Orchid was dazed and lifted up to see that Dong Fang Qing Cang with a solemn expression was silently turning the body back.

"What...what is it?" Little Orchid bewilderedly asked.

He did not respond, and merely spread out fingers in front of her.

Little Orchid was shocked.

Dong Fang Qing Cang furrowed eyebrows, "Don't want to stand up?"

Little Orchid hurriedly shook head, "No, no, does want to." She extended her hand out and placed her hand nervously on the palm of his hand. The palm of the hand grew warm and Dong Fang Qing Cang pulled her up.

Seeing that Little Orchid has stood up, Dong Fang Qing Cang waved hand and left, but when he let go, Little Orchid was still staggering. Because of that, he did not let go of his hand anymore.

He lowered head to peer at Little Orchid who did not want to admit that [she] was scared to the point of legs softening. [He] slightly breathed in and in the end, grabbed hold of her hands and pulled toward the front.

After walking besides Da Yu, the demonic snake poked its head in the front of Dong Fang Qing Cang, but he didn't bother paying any attention to it.

Unexpectedly, Little Orchid's heart softened. Before being pulled along by Dong Fang Qing Cang, there was still time for her as she rubbed on Da Yu's face. There was no time to comfort, but that was enough to caused it to be really happy. Its tail wagged left and right as it crawled on the ground with satisfaction.

When he was across from the assassins, Dong Fang Qing Cang halted and raised voice to order. Voice did not become gentle one bit even if [he] was pulling a staggering flower spirit, "At the horse hour (11 am to 1 pm) tomorrow, the various officials of the demon realm has to kowtow in front of ben zuo's palace."

After finishing giving out orders coldly, he pulled Little Orchid as he stepped inside the palace that he has recently made.

When the shadow of Dong Fang Qing Cang has disappeared, Da Yu lifted head to the front and peered at the various assassins. Then it wiggled itself toward the palace.

After Da Yu left, the assassins on the ground then begin to move. Everyone peered at one another in dismay and after discussing for a while, ultimately [they] have dispersed in four directions.

The news spread across the demon realm.

This night Dong Fang Qing Cang has returned to the demon realm. After leaving the predicament, [he] has immediately settled the two people in charge of the demon realm. The bloody schemes of Dong Fang Qing Cang have caused everyone in the demon realm to become alarmed and terrified.

This night, dwelling in Dong Fnag Qing Cang's self-constructed palace has cause Little Orchid to trembled with fear. Because everywhere in the palace was Dong Fang Qing Cang's powers and that every spot was where Dong Fang Qing Cang can see, Little Orchid fell into an incomparable perplexed situation.

At night, she ran in despair to find Dong Fang Qing Cang and said, "I want to bathe."

Dong Fang Qing Cang, who at that time has found books somewhere one doesn't know how, was lighting a lamp. After hearing the words Little Orchid has said, he raised his eyebrows and peered at her, "Purposely came to say such words with ben zuo, you want ben zuo to bathe together with you?"

Little Orchid's face reddened and then was so ashamed that it turned into anger, "I cannot bathe inside your palace!"

The gaze of his turned to look at the book page while he indifferently said, "There is a bathhouse."

"I know."

"If know then go."

Little Orchid gritted her teeth, "You're deliberate! Everywhere you can see everything. How can I bathe?"

Dong Fang Qing Cang gave her a side-glance. Using the words from a very long time that Little Orchid has said to him as he replied to her, "On your body there isn't a place that ben zuo hasn't seen."

"..."

"Ben zuo has no interest in you."

Knowing that she cannot win the dispute with Dong Fang Qing Cang, Little Orchid gritted her teeth and left in anger. Ultimately...she still bathed.

Wearing clothes to bathe...

Author's Preview: Chi Lin...who? How come this person's name sounds a little familiar?

Love Between Fairy And Devil (Completed) Chapter 77 - Chapter 54

Little Orchid finished bathing and lied on the bed.

The bed was clean and tidy. Compared to the time sleeping on the reef stones at the island, one does not know how great it and by how much it is. But Little Orchid thought about how this place was congregated by Dong Fang Qing Cang's and entire body was not at ease.

It seemed that lying on the bed was exactly like lying under the gaze of Dong Fang Qing Cang.

But she was too sleepy. Little Orchid lied on the bed and was not uneasy for long as she hazily slept.

When she almost entered the dream stage, Little Orchid felt the bone orchid on the hand seemed to poke gently, but she was truly sleepy and did not bother to open eyes and peer. She went into a dizzy state and slept.

Before falling into the dream, her mind suddenly sprouted out a strange thought. If there is no mishap occurring, perhaps she will see Chi De woman?

However, in this night she did not get to see Chi De woman as she has imagined so.

She was in chaotic darkness. At this time, she would hear the helpless, raspy voice of a female that would say, "A Hao, A Hao!" There would be times where she heard from afar someone saying, "I am willing to toss away this body and go into the reincarnation cycle, permanently go through hardships and to fall and wither along a bump road..."

In the end, all of the sounds transformed into the sounds of a sigh as if not quietly calling Little Orchid besides the ears, "Celestial orchid spirit, celestial orchid spirit..."

Who?

Little Orchid heard such the entire night, but does not know whom.

When it was tomorrow and eyes opened, the clear bright sky has turned into the morning.

Little Orchid lied on the bed and felt that her heartbeats were fast compared to usual by several parts. Body also seemed soft and limp. Aside from the previous days where [she] began to crawl inside the xi rang body, she has never experienced such feeling.

Little Orchid placed hand on chest and felt strange. Perhaps the night before... her soul has left the body?

Dong Fang Qing Cang has already found the powers back. Thus, did not keep the promise of finding her a body and so, plotted deviously as [he] wanted to chase away her soul from the body when she was still sleeping?

Little Orchid peered at the surroundings, but did not find any energy that showed Dong Fang Qing Cang has appeared.

She draped herself with a coat and went outside her palace hall. By chance, she saw Dong Fang Qing Cang stepped out from the room across.

Inside this black stoned palace, he put his room across from her room. Little Orchid cannot predict what are his intentions, but after going through the tiresome events this morning, her gaze peering at Dong Fang Qing Cang was filled with even more suspicions.

"Big devil!" She loudly scolded, "Speak! Yesterday night did you do anything to me?!"

Dong Fang Qing Cang, who fixing his shirt calmly in the midst of a chaotic situation, turned around to look at Little Orchid. He saw that the outfit on her was messy and hair was unkempt. He shifted his eyes up and down. After that he snorted coldly.

Not bother to criticize, and contrary to that, has clearly displayed the desire of wanting to criticize even more.

Little Orchid was startled from the cold snort and then she angrily said, "Don't you dare rebuttal, if it was incorrect, then how come this morning I am this tired?"

Hearing this, Dong Fang Qing Cang shifted eyes and voice was still indifferent, but was not as scornful as before, "Very tired?"

Little Orchid nodded, "Correct ah, as if soul was being pulled out..." The gaze of Dong Fang Qing Cang slightly circled. He did not say anything and heard Little Orchid said, "...Perhaps at the time that I was sleeping you have done something that you should not have?"

Dong Fang Qing Cang withdrew the feeling and withdrew his gaze, "Right now you speaking with ben zuo and every sentence are rather ambiguous. Not embarrassed?"

Little Orchid felt foolish; after recalling...it seemed...as so.

At the time she has reddened her face, Dong Fang Qing Cang has adjusted the clothes and stepped outside the palace hall with large strides while disregarding whether Little Orchid was still following after as she wanted to say something.

At this time, it was the horse hour (11 am-1pm).

In front of the palace that Dong Fang Qing Cang has built, officials of the demon realm followed the order. Before Dong Fang Qing Cang appeared, the officials peered at Kong Que who was still pinned on the stone plague. The expressions of everyone were looking unpleasant and scared while cold sweating.

The style of this palace was distinct from the sacrificial hall and thus, caused the officials to feel that there was some sort of invisible force. They were in front of the palace and could not help be cautious with words. Occasionally, there would be two or three people that meet and dared to discuss close to the ears in low voices.

Standing in front of the officials on silver steps of the palace was Prime Minister Shang Que of the demon realm. Shang Que was standing in the front of the left side. According to the reasoning, he was someone who was the chief of the officials. Standing on the left was a normal matter, but at this time what caused everyone to be stunned was that in spite of Shang Que standing, there was a surrounding wave of

black energy twisting underneath his feet. His face grew deathly pale and the corners of the mouth still have bloodstains. There were several bureaucrats who were courageous and stepped toward to discover that Shang Que was in a state of chaos!

He was being kept stationary by the wave of black energy underneath the feet...

The officials were surprised.

At this time, everyone suddenly heard "creak" sound. Dong Fang Qing Cang has opened the palace hall door. He wore a black robe as he apathetically stepped out from inside.

No one can hear the sounds from each of his step, but each step has caused the ground of the demon realm to tremble.

The people subconsciously submitted under the imposing force of Dong Fang Qing Cang. In multiples, they kneeled down and kowtowed. Shang Que's spirit with the loss of intelligence was also pulled by the black energy to kneel on the ground.

"Welcome Demon King/Mo Zun." The officials called.

Everyone prostrated on the ground and kowtowed. Thus, no one has discovered that after Dong Fang Qing Cang has left the main hall, there was the shadow of someone hiding from behind the palace hall door. [It] poke its head out and used a pair of curious eyes that examined everyone under them.

Dong Fang Qing Cang naturally realized the gaze behind him, but he did not bother to pay attention and merely peered at the people of the demon realm kowtowing. Did not wait for them to stand up as he coldly said, "Starting from today, the people of the demon tribe has to listen to ben zuo's orders. If there is someone who is dissident then stand up."

The entire palace hall was completely silent like a place with no one. Dong Fang Qing Cang curved his lips and displayed out the appearance of arrogance and vileness, "If there is no one who is dissident, then naturally ben zuo ought to keep the authoritarian rule of the demon realm. From now on, only need an illicit plotter and the result will be like this traitor."

He finished speaking and the condition of several sharp dark stones pierced through Kong Que's body on the plaque changed. Everyone did not dare lift head to look at what the scenery would be like in the end, but only needed the sounds of flesh ripping and pitter-patter sounds of blood dropping that already have caused others to imagine repeatedly.

This scenery of the chilling death is something no one dares to look and even the occasional breathing of theirs were withdrawn with effort.

Little Orchid who hid from behind also could not endure it and held breath in as well.

When the sounds of the blood on Kong Que's body slowed down, Dong Fang Qing Cang then continued to speak. The words that were spoken have caused the people to not adjust their minds, "Several months ago, escaping the Hao Tian tower of the heavenly realm with ben zuo was a fallen immortal named Chi Lin who was an armor that turned into a spirit."

The people heard such and looked at one another. They do not know why Dong Fang Qing Cang has suddenly mentioned this person.

"Starting from today used all the efforts of the demon realm will be to find the whereabouts of this person in the three realms for ben zuo." Dong Fang Qing Cang swept his eyes and immediately, there was a force from the atmosphere that hit down onto the prime minister who was kneeling.

The prime minister was being hit to the side, but also did not dare lift head to look at Dong Fang Qing Cang. He merely crawled up quickly and obediently kneeled while body was shaking like a sieve.

"This matter you will be in charge of."

Dong Fang Qing Cang arbitrarily said, and slightest tone did not hide the fact that he has really selected someone randomly...

The prime minister was terrified and hurriedly kowtowed, "Your...your highness...this official...this official has no virtue to do such a large matter like this ah! Furthermore... the authority of official has limits, has no authority to move the military of the demon realm ah. Still hope Your Highness pick..."

"What authority you want, today ben zuo will give you that authority. Anyone from the demon tribe/realm has no permission to prevent you from acting." Dong Fang Qing Cang said, "But you must remembered carefully. After three days, if you cannot find the person ben zuo need, ben zuo will take your head."

The prime minister was scared to the point of legs softening and kneeled on the ground while sweating until Dong Fang Qing Cang, "You've heard that?"

At this time the prime minister then replied shakily, "Yes, yes, this official ...accepts order."

Dong Fang Qing Cang waved hand, "Go."

Finished speaking, he flapped his sleeves and unexpectedly returned inside the palace. The door closed and the officials outside were in a daze for a long time. Then they

began to react again, this... this is the first time of Dong Fang Qing Cang's admonishments have finished like this?

Appeared authoritative that was simple and rough along with a mission one doesn't know when [how it came about]?

Compared with demon king that always changed in the sunny mornings and rainy afternoon from before, this demon king seemed to only change the style of becoming sick....

Compared to the present, they like the Dong Fang Qing Cang who grew angry and cannot predict from before. At the least, would have not caused people to feel like they can lose their necks anytime like right now...

Inside the palace, Dong Fang Qing Cang stepped toward his hall. Little Orchid ran blindly followed suit and then pondered for a bit. In the end, does not a roundabout way and thus, she spoke straightforwardly, "You want to find Chi Lin because he was related to Chi De woman? He was the armor of hers that turned into a spirit ah?"

Dong Fang Qing Cang did not bother listening to her speak. But Little Orchid was already accustomed with him ignoring her words. Thus, she willingly followed besides him and said to herself, "But that's not correct. The items of Chi Den woman all have immortal energy. The armor absorbing the immortal energy, how come he turned into a fallen immortal? You must have been mistaken." She peered at the expression of Dong Fang Qing Cang and then said, "Alright, I know that I am too much. But how come he was in Hao Tian tower? Shouldn't Hao Tian tower only lock up a big devil like you, right?"

The steps of Dong Fang Qing Cang halted. Little Orchid did not halt in time and crashed into his back.

Little Orchid has gotten used to the matter of collision like this. She retreated a few steps as if nothing had happened. She lifted head to see that he was using a pair of blood-red pupils to peer attentively at her. Little Orchid blinked and asked, "What's the matter?"

He narrowed his eyes, "You don't detect the hostile energy in ben zuo's eyes?"

"There is ah." Little Orchid said, "Your gaze when looking at me always has hostile energy."

Dong Fang Qing Cang raised his eyebrows, "Not afraid?"

"Got used to it." Little Orchid said, "You look. Even the bone orchid you have gifted me has also gotten used to it. Does not show a defensive position with you anymore. This proved that you truly do not want to kill me."

He peered at Little Orchid who raised the hand up and gaze shifted to the bone orchid on her hand. The blood-red pupils somewhat darkened.

In the end, was still silent as he turned around.

Love Between Fairy And Devil (Completed) Chapter 78 - Chapter 55

Chapter 78: Chapter 55

Even though Dong Fang Qing Cang did not do anything to her, but day by day and on each night she could not sleep soundly.

There were would be the incessant sounds of female voice calling her in dreams, "orchid flower spirit, orchid flower immortal spirit...."

Even when lying on the bed, the consciousness was still awake and Little Orchid still hears a voice that was gently calling her beside the ears, "Little Orchid..." Each time would be clearer, and each time would be more real.

It was strange to the point of resembling the matter of meeting ghosts that master has told her before.

But this is the demon realm and was the palace of Dong Fang Qing Cang that he has used his powers to congregate. Does not need to mention ghosts as even the lord of the underworld would not dare get close to a palace with overflowing biting-cold hostile energies.

On the third night when Little Orchid closed her eyes, the voice would appear again. She really cannot endure it anymore and wanted to get out of bed. She wanted to find Dong Fang Qing Cang and reason it out. It's granted that during the day he showed contempt toward her, yet at night if [he's] still torturing her and preventing her from sleeping, this is clearly going too far!

But at the time when she intended to use the hand to lift the blanket, Little Orchid discovered unexpectedly that her hand could not move!

She wanted to open eyes, but on the eyelids there seemed to hang a mysterious thousand-iron catty. This caused her to not become awake regardless of how much she has struggled.

This...perhaps this is the sleep paralysis in the legends?

"Do not find Dong Fang Qing Cang." The female voice stirred inside the mind and did not call her like the various nights it did. Instead it said something else, "He will harm

you..." The voice was clear and steady. Hearing such, unexpectedly there was no sinister energy but rather it was filled with upright/proper energy.

Little Orchid was startled and did not struggle anymore. She restrained the fear surfacing in her heart and asked in a small voice, "You..who are you? You want... to do what?"

But the female did not have a response.

As if the two statements from before have already taken up all the energy of the female, the surroundings became completely tranquil. Even the voice that called "Little Orchid..." daily did not remain anymore.

The hands and feet loosen and Little Orchid opened her eyes.

This was still her room and she was still covered in a blanket while lying on the bed. There was no one in the surroundings.

Using the moonlight outside that shone through the window of the room, Little Orchid peered through the curtains and heart was filled with suspicions. Up until now, she did not discover the peculiarity of the person in the dreams and it would be such a waste of the difficulties she had to endure during the various days of following Dong Fang Qing Cang and running to various places.

That was not an illusion of hers. It was really someone communicating to her through some sort of method.

According to what the person has said, "Dong Fang Qing Cang wants to harm you" and predicting, perhaps this person was not someone who sided with him. If this person hid inside the palace that Dong Fang Qing Cang has used powers to construct, then how come he does not know?

Little Orchid raised her hand up and peered at her wrist using the moonlight. The bone orchid has no reaction, which proved that there was no hostile energy before. The person in the dream did not want to harm her. In the end, who was that person? What did that person want her to do...

In the early morning, Little Orchid languidly pushed open the room door. She wanted to go outside to bask in the sunlight, but when she arrived at the main door, she has already seen the shadow of Dong Fang Qing Cang blocking the main door.

He stood with folded hands and the back was straight like before.

Little Orchid walked closer and heard human noises coming from outside. It was the prime minister that Dong Fang Qing Cang has arbitrarily selected who has returned to report after three days. Does not need to hear the contents of his as [she] only needed

to hear the degree of shaking in his voice and Little Orchid knew that this prime minister has failed the task that Dong Fang Qing Cang has entrusted to him.

"Even though this lowly official has found the place where Chi Lan has resided, the difficult matter was a boundary congregated from the earth and sky. Even if this lowly official used all kinds of methods, but cannot break through. Therefore...therefore..."

"Oh, where is that place?" The voice of Dong Fang Qing Cang was still indifferent and did not seem angry, but like so would cause others to not be able to discern his mood. Does not know when speaking out various words will cause Dong Fang Qing Cang to kill you.

Naturally, cannot prolong the matter in the end. Under the gaze of Dong Fang Qing Cang, the prime minister thus slowly said, "In...in the southwest direction of the demon realm, on the grasslands.

"Oh." Dong Fang Qing Cang spoke up and hand halted congregation of the powers. At this time, he suddenly heard the sounds of exhaling.

It was Little Orchid who was behind him and could not endure it anymore as she produced a sound. It was not due to the hostile energy surrounding Dong Fang Qing Cang as it was due to her wrist suddenly feeling pain. Thus, she could not endure and breathed out a cold breath.

She lowered head and discovered that the bone orchid has sprouted a branch and its sharp tip has pierced her hand while she was walking. This time the piercing has caused blood to trickle out.

Little Orchid covered the wrist and lifted head to look. The four eyes met. Dong Fang Qing Cang did nothing, but in Little Orchid's head, there suddenly surfaced the sentence that she has heard in the dreams last night, "He wants to harm you."

This sentence seemed like it was biting away the pit of her stomach. It caused Little Orchid to cannot help but shiver as she looked away. She bit her lips and subconsciously retreated a step. Then she peered at Dong Fang Qing Cang while not daring to produce any movement.

Seeing the fear in Little Orchid that she attempted to hide with all her efforts in her eyes, inside Dong Fang Qing Cang's head an absurd thought suddenly occurred, "He has scared her". He felt that such thought was absurd as during the ancient times, Dong Fang Qing Cang has never had such thought before.

Isn't scaring others something that he would often do...

Reverence out of fear was the manner everyone should show toward him.

Even if Dong Fang Qing Cang thought such, at that time he cannot help but admit that he was in no mood to kill others. Dong Fang Qing Cang turned head away and tone of voice was still cold, "Ben zuo has remembered saying that if the person was not found, then has to bring [your] head here."

The figure of the prime minister trembled, "This...this...this lowly official is incompetent..."

"Indeed is incompetent. Lead the way for ben zuo. Let ben zuo see the boundary that the sky and earth has formed together."

The prime minister became dazed and his figure was not shaking anymore, but it appeared that he did not understand the words of Dong Fang Qing Cang as he kowtowed his head on the ground and did not lift up.

Dong Fang Qing Cang narrowed his eyes, "Compared to leading the way, you seemed to want your head to fall?"

The prime minister immediately kowtowed, "This lowly official is stupid. This lowly official is stupid. This lowly official will lead the way for your Greatness."**

**The original text uses (was in Chinese so I deleted) which relates to honor, respect, and could refers to your honorship, but that sounds weird and so does your venerable. So I went with your greatness

Dong Fang Qing Cang nodded and stepped out from the main palace hall. After walking forward several steps, he halted. He suddenly turned head around and gaze indifferently peered at Little Orchid. He saw that her fingers were bleeding. He narrowed his eyes and finger flicked.

Little Orchid felt the wrist heat up and unexpectedly, Dong Fang Qing Cang has already used powers to heal the wound completely for her.

She peered bewilderedly at him and heard him indifferently said, "Stay still inside the palace. Do not run around carelessly. When there is no ben zuo, the people of the demon realm will not be courteous with you."

Words...such words purposely did not want bring her along?

Little Orchid was dazed.

"Da Yu will guard at the entrance of the palace." Finished speaking, Da Yu from the door poked its head out to look at Little Orchid and nodded. If it can express it, Little Orchid thought that it would definitely smile in a flattering way...

"If there is any changes then hiding inside ben zuo's room will do."

When he said such words, the prime minister on the side really could not hide his curiosity. He lifted head to secretly examine Little Orchid, but he did not get to see her head clearly as there was an invisible force that firmly pressed his head down and pressed him against the surface of the ground, not allowing him to lift up.

Dong Fang Qing Cang stepped down the stairs and Little Orchid subconsciously followed several steps.

Even though he criticized and even though the time between him and her was not that great by much, even though the warning words of the female in the dream was still resonating besides the ears, despite all he has also saved her life many times. To Little Orchid, there was a feeling of reliance that she could not describe on Dong Fang Qing Cang's body, especially in uneasy environment. The reliance of hers with him seemed to be more and was unable to break away.

She felt that her mood appeared as if she was ill, but even if she has such mood, there was no other way.

"Big devil..."

She spoke up and Dong Fang Qing Cang immediately halted.

"When...when will you return?"

He peered at the uneasy eyes of Little Orchid and only said, "Tomorrow."**

Translator note: In the text it said he spoke in two words, but the English equivalent has only one word so I will stick with that.

Does not know the route. Does not know the situation. But the response of Dong Fang Qing Cang was clear and strong. Furthermore, it has caused others to not become suspicious.

"Then...I will stay in your room then."

"Good." He finished speaking and immediately left without turning around.

Not hearing any sounds of refusal, Little Orchid considered that he has agreed.

Her eyes followed the silhouette of his back until she can no longer see him anymore. After that, she turned to the door and rubbed Da Yu's face, "You carefully guard the door."

Da Yu obediently snuggled in the palm of Little Orchid's hand.

That night, it was really Little Orchid inside the room of Dong Fang Qing Cang.

His room was clean except on the bookshelf there was a display of a few old books. Little Orchid came to peer at them and discovered that she could not read the words on there, but she roughly knew that this was definitely a book of the ancient times because there were several of them inside Siming's room.

Big devil read many of these because...fond remembrance of the past?

Little Orchid crawled onto the bed of Dong Fang Qing Cang and was not polite in the least bit as curled her legs to sleep. After all, she has occupied the body of Dong Fang Qing Cang before, the others matters does not have to be embarrassed anymore...

That night, even if it's inside Dong Fang Qing Cang's room, Little Orchid still dreamed. Inside the dream there was not only the voice of the female appearing, but the hazy face of that person as the person said, "Little Orchid, you have to leave this body."

The voice was like before, repeating only this sentence back and forth.

The next day when Little Orchid woke up, she felt that her heart was beating fast. She put on her clothes and went to the main hall of the palace. She discovered that Dong Fang Qing Cang has unexpectedly returned.

Furthermore, kneeling in front of his throne was a male wearing red clothes. She remembered this person. This was the male that they have met in Hao Tian tower—Chi Lin.

Dong Fang Qing Cang has really used one day to capture the person.

Chapter 79: Chapter 56

When Little Orchid remembered, she saw Chi Lin was speaking to Dong Fang Qing Cang, "Want to kill or slice is up to you. I will not work for a monster like you."

Dong Fang Qing Cang heard and laughed coldly, "Who said ben zuo want to kill you?" After he finished speaking, his five fingers curved into a claw and waved once. Underneath Chi Lin's feet were ten bars as huge as a thumb that was like a cage entrapping him inside.

Dong Fang Qing Cang waved his hand and the cage immediately shifted to the corner of the hall. Little Orchid turned head to look and discovered that the cage also has Shuo Feng sword.

Chi Lin saw Shuo Feng sword and was extremely surprised. He looked at Dong Fang Qing Cang and the scoffing facial expression revealed a rare seriousness, "In the end what do you want to do?"

"What ben zuo wants to do does not need to tell you."

"Taking Shuo Feng sword, capturing me..." Chi Lin sneered, "Perhaps... the entanglement of demon king is hard to dissipated and remembers forever the battle of the ancient times. Thus, today still want to revive my master and battle once more to cleanse the shame of the past?"

Dong Fang Qing Cang was exposed completely, but was not angry. Instead, he curved his lips, "If so, then what?"

Chi Lin saw that Dong Fang Qing Cang easily admitted his speculation. At first he was a bit bewildered and then immediately became serious, "You will not succeed."

"Oh?"

"In ancient times, master has tossed away her identify and power as she disappeared from the heavenly realm. Right now wants her to return to the Three Realms, only need one part of master's consciousness existing in this world, she will not let you succeed."

Dong Fang Qing Cang laughed, "Then ben zuo has to try and see whether it will succeed or not."

When he finished speaking, he suddenly saw the shadow of someone across the door. It was Little Orchid standing at the door and her expression was rather strange. Dong Fang Qing Cang frowned and examined her.

In front of him, the words and actions of this little flower demon in the past have been clearly straightforward like a piece of paper. Even he does not need to guess as he knew what she thought, and what steps she would take, but today the strangest matter was that he cannot understand her facial expression.

She was standing at the door, but did not look at him. Unexpectedly, the gaze was on Chi Lin.

Chi Lin turned around and saw Little Orchid. He raised his brows, "It's you?"

Little Orchid was dazed and the corner of the mouth moved, but after glancing at Dong Fang Qing Cang, she stayed silent and did not speak.

The gaze of Dong Fang Qing Cang slightly moved, "What is it again?"

Little Orchid lowered her head, "I am only confirming that you have returned. The people of the demon realm outside have been peering at this palace like tigers watching their prey. This caused one to feel unease...If you have returned, then it's fine. I will return to the room." Finished speaking, she hastily ran to the room.

The facial expression of Dong Fang Qing Cang slightly darkened. In the palace that he has used to powers to build, each brick and tile contains his godly powers. He can lightly and loosely see that she has returned to the room, closed the doors, and then sat in front of the dresser where she began to brush the door. It seemed that it's really just confirming that he has returned.

He withdrew his godly powers and did not pay attention to Little Orchid anymore. He was also sure that this little flower demon couldn't ignite any wave or wind. After that, he peered at Chi Lin, "Ben zuo is quite curious. What is the reason that caused the magnificent God of War to give up powers and toss away the immortal body, falling into the reincarnation cycle of the Three Realms and become a puny mortal?"

The gaze of Chi Lin grew darker and he did not respond.

Dong Fang Qing Cang moved his finger, "It's fine if [one] does not say. To ben zuo, these various reasons are not important."

Little Orchid returned to the room and peered at herself in the mirror. She was slightly dazed.

Owing to the time when Dong Fang Qing Cang molded a clay body into a male initially and how she was very angry, Little Orchid remembered clearly when fixing the clay body that she has taken quite a bit of effort and has molded the face of someone whom was different than her.

But each day when peering at the mirror, she discovered that unexpectedly her face began to look more like herself from before.

If not from before when Chi Lan immediately saw her and said the two words "It's you", perhaps until now Little Orchid still does not know. A face that each day looks like "her", one has to be acute to discover such.

Furthermore...

Little Orchid touched her right wrist. Yesterday, she was pierced by the bone orchid and even bled from the pierce...After that, [she] was healed by Dong Fang Qing Cang, but from before when the wrist became injured, it clearly did not bleed and merely became gray like clay.

Because the soul of hers existed in this body, and so slowly has changed this body bit by bit...

This body was made by Dong Fang Qing Cang to resurrect Chi De woman. But he has turned a blind eye to this body that is slowly turning into a different person in front of him and does not respond.

With his personality, if not due to illness then he has already begun to calculate something with her...

Realizing this point, Little Orchid felt the heart hurting. Since the period of time she felt she has become close with Dong Fang Qing Cang. She felt even if he does not like her but at the very least will not harm her.

But right now it seemed that this was merely an illusion...

Yet, there is another matter that Little Orchid began to become suspicious of. Perhaps the female voice inside her dream was Chi De woman. The soul of Chi De woman was hidden by Dong Fang Qing Cang. If that is the God of War, cannot blame in being able to avoid the probe of Dong Fang Qing Cang in this palace.

But the strangest thing was that Chi Lin has said that Chi De woman tossed away immortal body and fell into reincarnation with no intention to the mortal realm. If that voice was Chi De woman, how come she has told her [Little Orchid] inside the dream to leave the body and how come [she] said Dong Fang Qing Cang will harm her...

If she did not want to resurrect, she should have told her [Little Orchid] to grab tightly onto this body and infuriate Dong Fang Qing Cang.

Little Orchid pondered inside her head and felt that even when thinking back and forth, she should definitely find the person and asked straightforwardly.

She placed the comb down and took off the outer-coat. She lied down on the bed and closed her eyes because she wanted to sleep. Indeed she felt asleep because when she woke up, it has already been the afternoon, but she did not hear the voice of the female in the dream.

On the contrary, when it was evening, Dong Fang Qing Cang was impolite and pushed the door into her room.

He went besides the bed and slightly furrowed his eyebrows as he asked her, "Sick?"

Little Orchid was trying to sleep, yet heard his voice and immediately opened eyes. She grabbed tightly onto the blanket and retreated to the side of the bed while guarding like a rabbit. She blinked her eyes as she peered at Dong Fang Qing Cang, causing him to be silent for a while.

Until a while later, when she saw that Dong Fang Qing Cang has made no movement, Little Orchid then angrily loosen the blanket a bit, but only revealed half of the head as she looked at him. She asked him in a low voice, "What...what is it?"

Dong Fang Qing Cang folded his arms, "You're scared of ben zuo?"

"En..." Little Orchid replied in response, but seeing Dong Fang Qing Cang raised his eyebrows, she immediately said, "This is fear!"

He laughed and did not bother revealing the flattery of Little Orchid as he only said, "You have lied on the bed for a whole day."

"En."

Dong Fang Qing Cang waited for a bit and did not let Little Orchid responded after the following as he furrowed his brows in displeasure, "You have lied on the bed for a whole day."

Little Orchid did not understand from start to finish, "Right, right..."

He side-eyed her and expression was scornful, "If you don't feel so good, then doesn't know to report voluntarily to ben zuo?"

Little Orchid pulled the blanket and voice was low and falteringly, "I don't have any feeling of illness..."

Dong Fang Qing Cang did not bother listening to her words. He suddenly bent down and flipped her eyelids. After that, he brought his hands to touch her neck and in the end, reached hands inside the blanket and pushed hands against her heart (chest).

Little Orchid knew that any struggle will be useless, but right now it was not due to compromising that she did not struggle, rather she was... dumbfounded and so has forgotten to struggle... Little Orchid obediently lied on the bed. When Dong Fang Qing Cang pressed his hands against her chest, Little Orchid felt that her heart was suddenly beating somewhat faster by several parts.

She was a bit panicking and lifted head to peer at Dong Fang Qing Cang. She was afraid that he would discover a bit of her heart/feelings that she did not dare say, but clearly...

Dong Fang Qing Cang has discovered it.

It's because at this time Dong Fang Qing Cang also lifted his eyes. The four eyes intersected and Little Orchid widened her eyes. She was so embarrassed to the point of forgetting to shift her gaze.

But Dong Fang Qing Cang did not do anything after pressing for a while. The emotionless expression withdrew his hands and pulled the blanket for her. He coldly said, "This body has no problem."

This body of hers, how can there be a problem.

Little Orchid felt that right now her brain is the one that has a problem.... If not, then how come when knowing Dong Fang Qing Cang has some sort of scheme with her, heart still beat very fast when interacting with him.

"I only wanted to sleep." Little Orchid pulled the blanket and she peered at the curtains of bed headboard. She did not want herself to be across from Dong Fang Qing Cang's gaze. After waiting for a while and she saw that he did not intend to leave, Little Orchid bit her lips and gritted her teeth. In the end, she could not hold it as she asked, "Big devil, you said you will find me a body. Right now we are not running around various places and you have found Chi Lin already, when will you find me a body?"

Dong Fang Qing Cang did not say anything.

Little Orchid endured for a while. Despite it, her age is also young and cultivation is low. The anger couldn't help but rushed forward as her gaze landed on Dong Fang Qing Cang's face and she asked with a somewhat feeling of being wronged, "Are you trying to scheme up something with me and does not want to find a body for me?"

Perhaps Little Orchid is not aware of this herself as when she felt wronged, the mist in the pair of eyes and the curvature of the corners of the mouth will caused those to become softhearted.

Dong Fang Qing Cang sat besides the bed and he peered at her. Within the pair of bloody eyes reflected that silhouette, "You want to leave ben zuo?"

No denial, no sneer, no ridicule.

Rather...this sentence.

Little Orchid was shocked.

Dong Fang Qing Cang used his hands to push aside the scattering hair strands on her forehead, "Stay inside this body for a while, cannot so?"

Perhaps it was an illusion of Little Orchid as she felt that the voice of Dong Fang Qing Cang was unexpectedly...gentle and soft. Perhaps it was not him becoming gentle and soft. It's merely that the person listening hoped that the other was speaking gently....

"Big devil..." Little Orchid peered attentively at Dong Fang Qing Cang for a long while and then became dazed as she asked, "You are...having an illness?"

The gaze of Dong Fang Qing Cang slightly moved and he immediately squeezed her face with no politeness as it was dragged to the side, "Ben zuo said such words with you and then you said ben zuo has an illness? Stupid to the point of not understanding. En?"

Little Orchid did not struggle and was not bother about him pulling onto [her face] for a bit. She said while foolishly staring, "It's not because of no understanding, I merely... did not understand the words coming from your mouth."

He let go of Little Orchid's face and facial expression was cold, "Stay by ben zuo's side."

The six* words, with no hint of emotion, Dong Fang Qing Cang was using a commanding tone and did not allow any path for discussion.

*It was six words in original text, but translating it to English resulted in five words.

Little Orchid widened her eyes and inside the black pupils was the entire silhouette of Dong Fang Qing Cang.

"Has understood after hearing that?"

"Understood."

"But..." Little Orchid attempted to keep herself clear-headed, but the face already began to unable in controlling lethargy, "How come?"

There's no reason why." He said, "You only need to know, ben zuo wants you to stay."

Little Orchid peered into the eyes of Dong Fang Qing Cang and became dazed for a while. After that, she said in a low voice, "You're saying this way really is crafty and vile." She grabbed the blanket and covered her mouth. Being able to wrap into the blanket naturally can cause her to have a bit sense of security. Because of that and

being covered by the blanket, her voice turned vague and even has a bit of helplessness, "You're being like this...will caused me to think that you likeme."

Dong Fang Qing Cang paused, "Ben zuo did not say that you could not think like that."

Little Orchid heard this and widened eyes as her expression was in disbelief, "Big...big devil...you..."

Is it like? He said such was really admitting that he likes her?

Dong Fang Qing Cang, this ancient demon king likes...her?

"Don't sleep forever on the bed. Ben zuo has returned to the demon realm. You can be at ease and be brave in going outside. Take Da Yu and go anywhere." Finished speaking this, Dong Fang Qing Cang then stood up and went to the door. He paused there, "If the bone orchid often pierced you then you can take it off."

Yet, at this time, Little Orchid was not concerned with the matter of the bone orchid anymore. She bewilderedly peered after until he has left the room and has not returned [sobered/awakened up].

Dong Fang Qing Cang likes her? Dong Fang Qing Cang.... wants her to be by his side...

Little Orchid hugged her chest and was embarrassed as she whispered, "Don't jump [beat] anymore..." She said, "Jumping anymore will be heard..."

Two days after that, completely inside Little Orchid was the face and tone of Dong Fang Qing Cang when speaking to her. This matter takes up too much brainpower and so during nighttime when Little Orchid slept, she did not see that female again in the dream.

Following Dong Fang Qing Cang's words, she took Da Yu outside of the palace and onto the streets of the demon realm. The path toward the palace has been repaired, but Little Orchid only went about for halfway and then went toward a different path—this was the demon realm's place of goods exchange.

This place is not bustling like the demon market and was even not as gentle as the mortal market. Everyone wore a mysterious black coat and rarely greet anyone. Everyone went alone. With no exception, the people who saw Little Orchid there, there wasn't anyone who did not avoided her. **

** To clarify, the text indicate that everyone avoided her

Perhaps it's not because they're scared of her, but rather they were scared of Da Yu.

Thus, Little Orchid let Da Yu be apart from her a bit so that she can stroll around more comfortably and happily.

She went into a stall with carved wooden items. She peered at the various goods carved by hand and it appeared that the owner was about to carve a flower.

Little Orchid poked her head in and asked, "Shopkeeper, you are about to carve an orchid?"

He raised his head, merely glanced at Little Orchid, and said, "Correct, you want to see?" Finished speaking, he spread out his fingers and brought forth the object that was being carved in front of her face. Little Orchid poked head to look and suddenly the object shone a bright dark light. She became dazed and suddenly felt there was some sort of force pulling in directly from that object.

Little Orchid wanted to avoid, but the hair has already been sucked in. Da Yu, who followed from behind saw such, and grew angry, but did not wait for it to make its way as the energy of the atmosphere has stirred. A fiery sword from the atmosphere fell down. Only need to hear one "shua" sound and the sword pierced through the head of the person selling wooden carvings. The flames grew and immediately burnt the person into ashes.

Such occurrence was within a flash of light and the surrounding people did not get to react.

Little Orchid was still grabbing onto the hair while being bewildered. The voice of Dong Fang Qing Cang suddenly vibrated across the atmosphere, "Who dares to be unbridled again?"

Dong Fang Qing Cang did not appeared, but the voice of his has caused everyone to become fearful. It caused them to know that the powers of the demon king was extended everywhere in the demon realm. Yet, Dong Fang Qing Cang was using such strength from every place to protect a female who has no power.

Everyone kept a distance from Little Orchid a little bit more.

Little Orchid peered left and then right. She immediately did not have the mood to go anywhere.

She sat on the head of Da Yu for it to bring her back to the palace.

Perhaps due to that, Dong Fang Qing Cang has told her that he has already returned to the demon realm and she can go any place. It's due to him protecting her complete during the whole journey? If one only looked at from this angle, for her own good, Dong Fang Qing Cang has done many things that one cannot imagine. It seemed that he really likes her.

Little Orchid pondered calmly and each thought felt that this matter...has some sort of oddness...

Several days have passed and during this time, Dong Fang Qing Cang has stayed in his room entirely. One does not know what he is researching. Little Orchid was scared of leaving the palace to stroll outside where some disturbance might happen. Thus, she also stayed inside the palace to stroll.

But the palace only has that much and after strolling for a while, Little Orchids shifted her thoughts to the place Chi Lin has been trapped in the palace main hall. Just in time—she has matters that she wanted to trick him into saying.

Actually, towards the previous matter with Chi Lin pressing her chest from the previous body in Hao Tian tower, Little Orchid still minded.

But wanting to demand something from someone, one has to bribe. Thus, Little Orchid brought along a chicken leg as she went to him.

Standing in front of the cage that trapped Chi Lin, she felt that feng shui can really alter situation. From before in Hao Tian tower, she was the person who was trapped inside a cage.

Chi Lin saw Little Orchid coming toward and he side-eyed her once. Then he closed his eyes and was silent.

Little Orchid brought the chicken leg inside the cage, "Not eating?"

Chi Lin sneered, "I need such thing?"

Little Orchid pouted. Since he's not eating, she gnawed on the chicken leg in front of him. Lips smacking, the gnawing is quite good. Chi Lin furrowed his brows and opened eyes to scold Little Orchid, "Previously, you were clearly a celestial immortal. How come has become associated with this devil, how come has to learn demonic powers and currently, caused one to lose all one's powers. Perhaps it's due to one's own doing that one has to bear. Serve you right."

Such words of his have no damaging effect on Little Orchid. She tossed the bone down and said, "Then, you're clearly an armor of a war god, how come has turned into a fallen immortal?"

Chi Lin snorted several times, "I had no choice but to step on this path." Little Orchid responded, "I also have no choice but to step on this path, but I am walking better than you. I am outside the cage."

"..."

Little Orchid scooted closer to Chi Lin a bit and then said to him, "You obviously do not want to stay inside this cage, I can save you." Little Orchid's facial expression did not change colors as she lied, "As long as you answer three questions for me."

Chi Lin peered at her and then lips curved mockingly, "That's right, from when inside Hao Tian tower, that devil has already enchanted you and jumped in glee like a monkey when [he] saw you being manipulated by me a bit." Little Orchid scolded, "You're like a monkey!" Chi Lin smiled coldly, "Doesn't like hearing others scold hah? If you're on good terms with Dong Fang Qing Cang, wouldn't need to know information from my mouth to exchange conditions with me?"

Little Orchid cleared throat, "You disregard the reason. I only need to ask three things. The first thing, how does Chi De woman appear? Number two, in the battle between Chi De woman and Dong Fang Qing Cang in the past, who was the person that hit from behind Dong Fang Qing Cang? The third thing, what is Chi De woman is like [as a person]? Only three questions, you respond to me, perhaps...uhm uh, I can free you."

Chi Lin heard such and bewilderedly peered at Little Orchid, "How can you know ancient times..." He has bit his lips before finishing and did not speak anymore.

After that, despite how much Little Orchid try to coerce, Chi Lin did not bother saying another word.

She became discouraged and was going to return to her room. When coming toward the door of the room, suddenly the door of Dong Fang Qing Cang's room across opened. He shot her a cold glance, "How come [you] suddenly have an interest with Chi De woman?"

Up until now, Little Orchid did not dare peer straight into his eyes. She shifted her eyes toward the left and then the right. After that she twisted her hands, "Only wanted to know the charm of a female war god. Later on will tell master about it." Finished speaking, she pushed the door to go into [her] room.

Little Orchid knew that the door could not halt the gaze of Dong Fang Qing Cang, but not needing to face him has caused her to feel better.

That night, Little Orchid dreamt a dream that she hasn't seen in a while.

In the beginning, the dream did not have any sound of human speaking, but Little Orchid knew she was dreaming. Thus, she began to inquire, "Are you Chi De woman?"

The sounds reverberated in the darkness for a long time, but did not hear a response and so, Little Orchid was about to give up. Yet, a response suddenly rang in the darkness, "Yes."

Little Orchid immediately continued to ask, "In the end, what do you wanted to do?"

"Dong Fang Qing Cang is tricking you." Chi De woman said, "Little Orchid, leave this body. He is tricking to you."

The heart of Little Orchid grew cold, but in the end even if she asked something, Chi De woman in the dream merely said only one statement that he is tricking her."

That morning she has woken up and the entire body of Little Orchid transpired. The hair on the temples were soaking wet.

She was dazed as she peered at the bed headboard.

Dong Fang Qing Cang wanted to resurrect Chi De woman, but he wants her to stay. Chi De woman does not want to resurrect, but in the dream she told her to leave this body.

This matter...seemed to have turned a little bit impossible to unravel.

But regardless of what, between Dong Fang Qing Cang and Chi De woman, there has to be someone who is lying to her.
