When Little Orchid fell into the predicament of not knowing who to trust with no solution, the demon realm has welcome a traditional festival. It was the day of holy, the day where demon king was born in the legends.

On this day, the people of the demon tribe would honor the ancestor and worship the statue of the demon king and narrated the troubles that one has caused over the year for the heavenly realm which created many blessings for the people of the demon tribe. It was like the day where the new year has begun in the mortal realm.

Annually, this day was used to honor/offer sacrifice to the demon king, but currently, due to the existence of Dong Fang Qing Cang, everything has to be restrained.

Dong Fang Qing Cang has built his own palace on the debris of the old sacrificial hall. On the outside the palace still exuded black, biting cold hostile energy with no change whatsoever even for a festival. Only needed just the black plaque in front of the palace that still hung Kong Que to cause the people of demon realm to follow the customs and kowtowed in fear then leave.

Even though the vestige of Dong Fang Qing Cang and beauty Kong battle on the path in front of the palace from before has been restored, but the people on the two sides of the main stress was naturally still afraid.

Did not see any celebratory energy welcoming the festivity in front of the houses. After all, the people that can live on the two sides of the street were a few that has a relation with the demon realm imperial court. Dong Fang Qing Cang has settled both prime minister and military counselor. Someone was being hung on the stone plaque in front of the palace while someone else has never went outside from start to finish.

Whereas Dong Fang Qing Cang merely cared about his own matters and does not bother about the mundane matters of the demon realm. The entire main hall sank into paralysis. No one in the demon capital city has the mood to congratulate the day "demon king was born" anymore.

Little Orchid peered at the painted pitch-black sky of the demon capital city. Her heart felt that the people of demon realm in present probably wished that they could stuff Dong Fang Qing Cang back into the stomach of [his] mother.

But it's a pity that Dong Fang Qing Cang was born by the sky-earth and raised by the sky-earth. Even his mother was someone that no one knew, perhaps even he [doesn't know]....

It's not easy for him to die first time, but was saved by the people of the demon realm...

Inside the palace, it was extremely silent. Or rather [one] has to say that it was always deathly silent like usual. At night, Little Orchid wore bathing robes after she finished washing up. At this time, the hair was wet and it was not easy to sleep. She felt that recently she has become really repressed with her emotions. The head did not have any single moment where she didn't think about her own fate. Temporarily, [she] has the urge to go outside the palace.

On the steps up to the door, Da Yu was curling besides the door and sleeping. He saw Little Orchid pushed the door out and lifted its head. He looked at her with confusion and appeared as if asking her what she wants she is doing.

Little Orchid told Da Yu to place its head on the ground and then she stepped on its face to climb onto its head, "Da Yu, can you fly me up high to catch the breeze?"

Even though Da Yu felt that this sentence was very strange, but it did not refuse Little Orchid and its snake body flew upward, carrying Little Orchid above the palace.

Standing up high, Little Orchid brought her gaze afar. During that, she saw in several small surrounding towns there were still people who were celebrating the festival. From afar, one by one the fireworks bloomed. Even though her place was far to the point that [one] cannot hear sounds, but can still see the glittering rays of light there.

The breeze blew each strand of her wet hair. Little Orchid crawled onto Da Yu's back and used the two hands to support the head up while muttering, "Really beautiful."

"Such a mediocre game like this is pleasing to the eyes?"

Hearing such voice, Little Orchid became dazed and turned around to look. She saw Dong Fang Qing Cang standing unexpectedly on the tail of Da Yu since who knows when.

Little Orchid hurriedly sat upward and pulled on her clothes as she was lying down in a crawling position and so it was a bit ruffled. After that she smoothed out her wet hair as meeting Dong Fang Qing Cang in the atmosphere with such wet hair has caused her to feel a little shy...

She shot a glance at him and then peered afar while muttering, "If such game is not pleasing to the eyes then how come [one] is standing high up here for what?"

"Ben zuo wants to know what type of game you are playing."

Little Orchid was dazed and then pouted, "Under your gaze, what game can I play. You are daren demon king, you're difficult to deal with, it is you who are playing a game for me to see ah."

Although these words are ridiculing, but Dong Fang Qing Cang heard such and was not angry. On the contrary, his lips curved, "Then play for you to see then."

Finished speaking, within his hands flared up a flame that charged straight toward the horizon. It exploded in the atmosphere like the fireworks from afar, except it was different than the fireworks fading within a moment as the flame dispel the clouds across the sky. After that, gathered the various lights in the sky to transform into a figure of two dragons!

The two huge, fiery dragons were vibrant, lifelike like real ones and chase one another in the atmosphere while roaring out flames. The sounds were like the roars from the legends of the past.

Little Orchid peered at the night sky attentively and mouth gaped while forgetting to close. She peered to the point of one's soul leaving the body.*

* Figure of speech; her soul isn't really leaving the body. Rather she's so surprised and it appeared like her soul was leaving the body.

Dong Fang Qing Cang peered at her. Her face was painted by the light of the flames. He suddenly thought of the moment when he has woken up inside the void of darkness. He thought that he would have wandered in such scenery for an endless time, but at that time, he saw this little flower demon. The face was steadfast and she hugged him while still waiting besides him as she said, "I will be here with you."

The pupils of Dong Fang Qing Cang's eyes slightly moved.

He snapped his fingers and the two dragons merged unexpectedly together. Within the blink of an eye, has transformed into a phoenix and made one long cry sound. The phoenix flew up high and took a pearl of flame in the atmosphere while turning around. Within the blink of an eye, it flew in front of Little Orchid, but its figure turned smaller. When it landed in front of her, it has already become smaller like an ordinary pigeon. It placed the fiery pearl in the palms of her hands. After that, it transformed into flames that disappeared in the wind. While the fiery pearl in the palms of Little Orchid also quickly transformed into a budding orchid. From a flowering bud into a blooming flower, it also turned into dust at the end, whoosh whoosh as it dissipated in the sky.

The night sky returned to its quietness as if nothing has occurred before.

Within the quiet atmosphere, it was not for long when Little Orchid heard the cries of astonishment below. The people of the demon capital city also saw the "game" of Dong Fang Qing Cang.

Little Orchid withdrew her hands. The palms of the hands still have a bit of the warmth from the blooming orchid.

"Big devil." She said, "If you're willing to, perhaps you can also be a perfect lover in this entire world that my master has said before."

Dong Fang Qing Cang raised his brows, "Lover?" He shot a glance Little Orchid, "You're mocking ben zuo?"

Little Orchid did not respond to him. She lowered her head and sat for a long time. The breeze blew gently by and each strand of hair slowly turned into several fluttering strands. It seemed she was determined and lifted head up to peer at Dong Fang Qing Cang while standing up perfectly straight, "Big devil, you tell me the truth. Are you trying to deceive me about something?"

The gray clouds in the sky were dissipated by the flames of Dong Fang Qing Cang. She and he were standing on the back of Da Yu, bathing in the silver moonlight.

The hair of Dong Fang Qing Cang fluttered and the pair of red blood pupils did not have anger in any part, "Hasn't."

The words were still stable like the usual tone of his. Little Orchid looked up and within the pair of black eyes, reflected the glowing silver hair, "If you said there is none, then I will believe you."

At this time, Little Orchid was sitting upright and Dong Fang Qing Cang was peering into her eyes. He suddenly thought that in this world there was no pair of female eyes that can create a deep impression to him like this little flower demon's eyes.

Whenever he looked at her, there seem to be a light of water in the eyes. She was miserable and provoked others to feel tenderness. In the beginning, he loathed that because she was using his face to make such expression. After that, it turned into something that [he] was used to and up to now, there were times where he really felt that she was pitiful. But she was not pitiful all the time. Occasionally this little flower demon would be strong and there were times when [she] caused him to not be able to suppress...

Being moved.

Just like this moment.

When she said she believes him.

"I know that a big devil like you is not a good person."

Dong Fang Qing Cang, "..."

Little Orchid lowered her head, "Speaking truthfully to you, you should not mock me." She said, "I felt that after going with you for a while, despite falling out between us several times during the journey, but up to now, in the bottom of my heart I felt that you will truly not harm me. Thus, right now I hope from the bottom of my heart that you will not deceive me even though you have done many misdeeds from before... Yet this time, big devil, you said you will not deceive and I will believe that you won't deceive me."

Dong Fang Qing Cang silently peered at Little Orchid.

Little Orchid gathered the hair, "The hair has dried, I want to return to sleep." She tapped on Da Yu's head and signaled for it to go down.

When the demonic snake landed on the ground with a thump, Little Orchid jumped down. Dong Fang Qing Cang jumped down as well from its body, "Little flower demon." He suddenly called, "In the demon realm you don't need to wear the bone orchid."

Hearing this sudden statement caused Little Orchid to feel a bit distracted. She turned head and wanted to ask him why, but after she turned around, Dong Fang Qing Cang has already disappeared.

Little Orchid tilted her head to think for a while, but still cannot think of the reason. But when she lied on the bed, she hesitated a bit and still followed Dong Fang Qing Cang's words as she took off the bone orchid. There was no place to put it on the bed and so Little Orchid conveniently placed the bone orchid under the pillow.

She closed her eyes and pondered that she has to speak with Chi De woman.

Not for long, Little Orchid has fell into dream scenery. The dream was still dark like usual, yet at this time she felt that her sense of direction was quite clear. She walked toward the darkness and called in a gentle voice, "Chi De woman?"

Suddenly, she felt neck was in pain like there was something piercing and she immediately enclosed her neck. She knew that she was pierced by some object, but cannot wake up from the dream. Inside the dream there was a voice that traveled straight to her ears.

"Don't believe him."

It was the voice of Chi De woman.

Little Orchid turned head around to search everywhere, but in the end, she saw a wave of energy slowly congregating into a figure toward the front. Yet, it was merely a figure with no face appearing in the darkness.

"Little Orchid, don't believe him."

Today the voice of Chi De woman was the most clear and in the voice carried faint anxiousness and worry more so compared usual by a lot, "He is deceiving you."

Little Orchid shook her head, "Dong Fang Qing Cang said he won't deceive me. I am willing to believe him this time."

The white silhouette slightly swayed, "He is merely using you." Chi De woman said, "It's because you can make this body become lively."

Little Orchid froze and then remembered when the bone orchid pierced into her wrist she bled. There was also her face slowly becoming like her previous appearance. Little Orchid nodded, "I can figure so." She said, "But big devil has said, he wants me to stay in this body for a little long, perhaps...he wants to give me this body..." Speaking up to this, even Little Orchid herself is not so sure because there was no one besides her who clearly knew how pressing the desire to recreate the battle with Chi De woman of Dong Fang Qing Cang was.

"You staying inside this body in the end will turn into a thread of energy fragment inside this body."

Such words of Chi De woman have caused Little Orchid to become stupefied. After a while [she] did not understand the meaning in it, and in the end, it was Chi De woman who exposed it herself, "Little Orchid, sorry, but Dong Fang Qing Cang really wants to kill you."

Little Orchid's heart suddenly grew cold like the Shuo Feng sword transforming into a needle that pierce through, leaving behind thousands of holes on her body while the cold rustling breeze blew strongly into the clothes.

She was stunned for quite a while and then asked bewilderedly, "But just now he has said he did not deceive me. I believe him..."

"When molding the xi rang body, he has already deceived you once."

Little Orchid tightened her fists. If inside the dream [one's] facial expression can pale, Little Orchid felt that her facial expression at this time was extremely unsightly to look.

In truth, Chi De woman did not know that this wasn't the first time that Dong Fang Qing Cang has deceived her prior to creating the xi rang body. It was before when he said he will find a body for her to used was deception as he deceived her. He did not plan a body for her and merely wanted to take the soul of Chi De woman. After that, conveniently inserted her into a body and allowed her to perish on her own.

Little Orchid shook her head, "I have not met you before, I also cannot believe you."

Chi De woman was silent for a while. "We have met before." She said, "A long time ago, I have met you and you have met me. Right now there is no time to tell you in details. If Dong Fang Qing Cang really did not deceived you, you can ask him the real identity of yours."

Little Orchid was stared foolishly. She saw the white silhouette in front slowly began to become blurry and slowly disappeared with merely the voice of Chi De woman still weakly resonated in the darkness, "Dong Fang Qing Cang has placed me inside the bone orchid..."

Finished speaking, the white silhouette completely disappeared with only the darkness remaining. Little Orchid opened her eyes.

In the front were the bed curtains and she was lying slanted.

The neck carried the feeling of throbbing pain. Little Orchid furrowed her brows and rubbed on the place that aches. The fingers unexpectedly felt wetness. Taking the hands out to see, there was a bit of blood on the tip of a finger.

Little Orchid immediately lifted the pillow up.

The bone orchid on the pillow was still peacefully there; yet, on the bone orchid there was one strand of rattan vine like needle where it also has wisps of blood.

Chi De woman wasn't tricking her.

Dong Fang Qing Cang has really placed the soul of Chi De woman inside the bone orchid...

Perhaps this was not a large discovery, but the strangest thing, Little Orchid felt the back exuded a layer of sweat.

After leaving Qian Yin Mountain, Dong Fang Qing Cang gifted the bone orchid to her. Is this due to learning from Qian Yin langjun that placing a soul in the bone orchid will conserve it or what...After she wore the bone orchid, she then began to slowly dream. At that time, Dong Fang Qing Cang gave her the bone orchid not because of her protection. Rather, it was due to him wanting to hide Chi De woman's soul in there and let the soul of Chi De Woman and her body to be like a shadow that follows the body...*

*Refers to the soul and body becoming like one

Dong Fang Qing Cang...

Little Orchid gritted her teeth, and felt that one could not refrain from having the coldness exuded from the back. In her head, she repeated the words of Chi De woman sleeplessly.

"He really wants to kill you."

Little Orchid could not fall asleep anymore. She sat on the bed in the corner while hugging the knee and burying her head into the pillow.

This kind of curling of hers has made her to feel safe, especially since the surroundings were made entirely by Dong Fang Qing Cang's energy.

She felt her head was about to explode. She has to link the matter heard this night with the matters that occurred at an earlier period in order to sort things out. Even though the matter of Dong Fang Qing Cang wanting to harm her has caused Little Orchid to feel grief, but she tried to prevent her mind from being disturbed by it.

She has said to herself, him doing that is quite like the true Dong Fang Qing Cang. Treacherous, devious, deceitful and enticement are all familiar games to him. During the beginning, Dong Fang Qing Cang has no qualms in displaying such trick in front of her. He really is that kind of devil.

It's her who is wrong. From the period of time in day to day interactions, she has thought too well of Dong Fang Qing Cang...

Little Orchid bumped head into the knees to toss away this matter. She did not want to waste time thinking about Dong Fang Qing Cang anymore. Yet, thinking of other matters has caused her to be affected by multiple parts...She discovered that her own self isn't exactly the person that she has thought...

Earlier Qian Yin langjun has said, her soul in truth was very strong. She can mixed into the xi rang body like this. After speaking with Qian Yin langjun, everything immediately became something beyond the control, but she did not have the time to think back carefully at that time. Of course, there are matters that Chi De woman has said, she can cause this body to become lively....

Thinking carefully, perhaps a long time ago she has already displayed the extraordinary.

An example is that she can dwell inside the body of Dong Fang Qing Cang and was not afraid of Dong Fang Qing Cang's threats while stubbornly taking up half of his body and really causing him to be unable to squeeze her out.

Also the other time, she and Dong Fang Qing Cang came to Kunlun Mountain. Their souls have separated from the physical bodies in the mountain and he wanted to kill her. She took the ice crystals on the path and tossed them at his face.

At that time, she was a soul, but can hold onto something from the mortal realm. Even though at that time her hands were frozen by the ice crystals to the point of being ruined, but in the end, still withstood them [and healed].

What is she?

Little Orchid cannot figure it out. In her memory, she was merely an orchid flower that Siming xianjun of the Heavenly realm grew in the garden.

There were even times when her careless master was too busy and forgot to water her. At times would not converse well and even threaten to pluck her for pigs to eat. [She's] merely a small ordinary flower and slowly grew from being treated crudely like this. She wouldn't dare think of herself as a startling celestial treasure...

But Chi De woman has said, they have met before.

Has to know that when the Heaven and Earth War God did not disappear from the three realms, the world was still the ancient times ah!

Little Orchid thought that she was a young, and cannot imagine that she.... has greatly aged* like this already...

*It uses the word for change but I opt for age

The next day, Little Orchid wanted to go outside to bathe in the sunlight. After pushing the door out, she met the eyes of Dong Fang Qing Cang by accident. The entire night she did not sleep soundly and mentality was already tired, but the moment when [she] saw him, it was like being pierced once and immediately raised her head.

Little Orchid did not want him to figure out the matter inside, but the exhaustion on the face was brimming and cannot hide.

Dong Fang Qing Cang shifted his eyes to her wrist and did not see any trace of the bone orchid. At this time, the eyes landed on the face of Little Orchid, "Last night you met a ghost?"

She didn't just see a ghost last night, the past several days it seemed that every night also met a ghost...

But such words of hers cannot let him know.

She felt that right now her mood was not settled and inside her heart, she has told herself thousand of times that she has to be calm. When she sees Dong Fang Qing Cang she has to appear as if nothing has happened and has to be calm, but after hearing the sentence "Dong Fang Qing Cang really wants to kill you", her heart could not refrain from feeling coldness and pain, and cannot refrain from frustration and discontentment.

Restraining for a long while, Little Orchid shifted her eyes and did not peer at Dong Fang Qing Cang anymore. She lowered her head in order to reluctantly maintain her calm as she said, "Big devil, from before you have said I have to be by your side..." She paused, and then remembered the feeling when she heard Dong Fang Qing Cang said such. She felt that she was being mocked and was in pain. Besides wanting to slap herself several times, she wanted to slap Dong Fang Qing Cang several times.

This swindler...

Little Orchid breathed in one breath and then asked, "If I said I do not want to be by your side and I want to return to the Heavenly realm, want you to help me find a body...Then will you find for me?"

Dong Fang Qing Cang did not respond. Little Orchid waited for a while and then lifted head to look. She saw him blinked and seemed to have withdrawn some sort of feeling as his facial expression grew cold like usual and then he said coldly, "Won't find."

Little Orchid's heart rose up and there was a little bit of uncompressed emotion, "How come won't find, didn't you said you would. How come does not want to anymore now?"

Dong Fang Qing Cang did not respond. Instead, he asked back, "How come you are must return to the heavenly realm?"

Little Orchid choked on her words and then turned head away, "It's because of wanting to find my master."

So it's the master (again)!

Dong Fang Qing Cang's pupils congealed and peered at Little Orchid for a while. Then he crossed his arms and facial expression was rather arrogant, "What Siming xingjun, ben zuo will go capture [him]." *

*Note: Siming is a female, but in this particular context, DFQC is referring to Siming as a male due to the previous indications of a neutral pronoun used by Little Orchid.

Little Orchid immediately jumped up like a cat having its tail stomped, "You dare!"

She furrowed her brows and scowled as if wanting to jump up and bite him.

Seeing the protective appearance for another person from Little Orchid, Dong Fang Qing Cang felt that at the bottom of the heart, there was the "screech" of a burning flame. He narrowed his eyes dangerously and voice was hard to distinguish anger, "Oh? You don't think ben zuo will dare?"

After traveling with him for so long, naturally Little Orchid knew that there was nothing that this big devil wouldn't dare do.

She gritted her teeth and in the end, compressed her anger down. She knew, cannot let Dong Fang Qing Cang attack the heavenly realm at this time...

Little Orchid lowered her head and said, "In short, you want me to stay.... by your side?" Inside this body, like what Chi De woman has said, turned into a piece of life fragment inside this body and then dissipated from this world.

Dong Fang Qing Cang nodded, "That's correct."

Frustrations and anger inside the heart billowed and surged, but was immediately pressed down by Little Orchid. Within this moment, she felt that her face has begun to heat up.

Little Orchid tightened the fists for a while. Then she turned around and voice was somewhat gloomy and cold after obviously tossing away the anger, "I will go outside to sunbathe."

Dong Fang Qing Cang did not halt her and looked at Little Orchid who went away. His face darkened as if there was some sort of anger that one cannot say out loud. He merely snorted coldly and then went toward the main hall. He has many things that he has to deal with. Underground waves billowing under the peacefulness of the demon realm. Prime minister Shang Que closed the doors and did not step outside. There is also Kong Que who hung on the black plaque outside. They are scheming something, it's not like he doesn't know.

What Siming xingjun...

The steps of Dong Fang Qing Cang halted. Within the blood-red eyes, faint hostile energy appeared.

Little Orchid left the palace main hall with the black stones and angrily stepped on Da Yu's head as she sat down and said, "I want to go to a tavern!"

The demonic snake stuck out its tongue and appeared somewhat hesitant. Little Orchid hit on its head, "Even you want to go against me!" Overbearing to the point of causing others to be unable to imagine the fearful appearance of hers when she first saw it.

Da Yu was hit but was not in pain. Yet, it was scolded and so felt wronged. It took Little Orchid toward the wine ward in the market.

At the wine ward, when Little Orchid has just gotten off the back of Da Yu, the people in the wine tavern in succession withdrew their tails and ran. Even the owner and the server also hid and did not dare look at her.

Little Orchid saw such and heart was even more annoyed. Remembering back in the heavenly realm, she was a little orchid flower loved by all. Right now, she was turned into someone that demon people become stiff from due to Dong Fang Qing Cang. Dong Fang Qing Cang wanted to take her life and even threatened her reputation! The more Little Orchid thought the more she couldn't think clearly. She pounded on the table to call someone to bring two bottles of wine. At the beginning would use the cup to pour, then thought that the cup was too small and thus, held the bottle to drink. After that, felt that the bottle was too small and so hugged onto the wine jug. She hugged onto the wine jug that was bigger than her entire head and gulped it down into the stomach.

The head of Da Yu was too large and thus, was outside and cannot go past the door. It pressed its face close to the door and peered. After that, it stuck its tail inside and secretively poked at Little Orchid's back.

Little Orchid tossed its tail out while saying, "Leave! You're on the same side with big devil. You go far away from me!"

Da Yu withdrew its tail and curled itself at the door. It placed its head on the doorsteps and peered at her worriedly.

Little Orchid drank the first round of alcohol until she was full. She hiccupped once and then placed the wine jug down. Her head began to become dizzy. She angrily scolded, "Bastard big devil! Big devil that caused others to feel annoyed! Hateful one! Disgusting! You scoundrel! Hoodlum!"

She was stirred emotionally and scolded incessantly. She tossed the wine jug on the ground and then told the trembling scared server to bring up another wine jug.

She opened the lid, but this time the hand was softened and could not hold the wine jug. Thus, she plugged her face into the wine jug and drank until she could no longer drink.

After that, she wiped her mouth and merely pointed toward the ceiling as she scolded, "You're a bastard! Heart of a wolf! Simple-minded!"

Seeing her like this, the demonic snake was also scared and withdrew back.

Little Orchid was frustrated at Dong Fang Qing Cang who was heartless and unworthy to her. She was angry with herself for not thinking of a way to resist him. She poured the wine into the small bowl. Pour in one half and then pour out another half. The clothes on

the body were wet thoroughly. After that, [she] carried the bowl of wine and disregarded whether the wine jug will fall on the ground or not. In the end, discovered that the wine on the table was completely out, Little Orchid did not call the server anymore. She went straight into the wine cellar herself. She would walk and whisper, but does not hear clearly what she was whispering about.

Da Yu blocked at the door's path. It did not see Little Orchid and was secretively worry. It was about to turn around to find Dong Fang Qing Cang, but after turning around, it discovered that Dong Fang Qing Cang was standing in front of the wine tavern with a darkened expression.

The appearance of Dong Fang Qing Cang immediately brought forth a large force to the wine tavern.

But he did not look at anyone else, and only followed the steps of Little Orchid into the wine cellar.

The wine cellar was pitch-dark like the night. When Dong Fang Qing Cang saw Little Orchid, she was inserting her face into the wine jug. Half of the body crawled inside and splashing water was gurgling upward. He saw such and slightly paused. The feet stepped lightly to the front and pulled her out.

Her face was red and drenched all over up to the hair and face. The wine has caused Little Orchid to not be able to open her. Dong Fang Qing Cang blew on her face and her face immediately became clean. Yet, there was the matter of the wine smell in the entire body and won't dispersed.

He mockingly said, "You want to turn into a sweet fermented rice wine?"

Little Orchid tossed head and did not want to respond. The figure collapsed toward the front and threw into Dong Fang Qing Cang's embrace.

The body was soft. Does not have the stiffness of the clay. Cannot expect that she was molded by several clay components...This body was molded by Little Orchid meticulously, concaving delicately, extremely alluring that even he...

Little Orchid in his embrace suddenly rubbed against his chest. After that, suddenly jumped up and the head hit his chin.

He did not cry out in pain, but Little Orchid hugged her head with two hands and cried out loud, "So deathly painful.... Huhu..."

Dong Fang Qing Cang, "..."

Little Orchid hugged her head and squatted down. She wept grievously.

Dong Fang Qing Cang breathed in one breath and said, "Stand up."

"It's dented..."

Dong Fang Qing Cang was briefly silent and then abruptly stooped down. He was not polite in pulling the hand that was hugging her head, but the strength of the hand was not strong as [he] did not see Little Orchid crying in pain. He peered at the tip of her head and asked, "Where?"

Little Orchid cried for a while and continued until he lost his patience and asked the second time. She then pointed at her chest, "Heart is dented. Deathly painful..." Dong Fang Qing Cang immediately furrowed his brows, "You drank wine to the point of becoming crazy?" Little Orchid lifted her head and the pair of eyes gleaming with tears that hung sparkling droplets peered at him. Dong Fang Qing Cang was dazed in front of this gaze. Suddenly, he remembered the beautiful moonlight the night before that imprinted in her eyes. Last night, she also peered at him like this as if in her eyes there was only his figure and she said she believed him.

In this entire world, there was never a fool who had told him that [she] believes in him.

But this fool has said so, but it seemed at that moment he also turned into a fool unexpectedly. He suddenly softened in a way that was never been before.

Currently, this fool did not say any words to him and only used this gaze to peer attentively at him. Dong Fang Qing Cang withdrew his cold, stuff tone and softly said, "You have drank too much, follow me home."

Little Orchid pouted and was stubborn as she peered at him like a child who felt wronged, "I won't follow you back."

"Why?"

She sobbed spasmodically, and the tears fell down like pearls, "It's because you have fooled me, you're not a good person, you want to harm me."

Dong Fang Qing Cang narrowed his eyes, "Who told you that?"

Little Orchid did not respond to the question in the cold tone of Dong Fang Qing Cang. Her two hands enclosed the face and sounds of cries and voice filled unclearly through the fingers.

Dong Fang Qing Cang peered at Little Orchid's head. Each calculation and plan in the heart has turned somewhat indistinct. He could not think clearly of the moment anymore. Dong Fang Qing Cang stabilized the mind by temporarily setting aside that. He grabbed hold of Little Orchid's arm and pulled her to stand up, "Follow me and return first."

Little Orchid swung the arm away and heard the sharp, clear "pop" sound. She did not hesitate as she threw his hand away.

Dong Fang Qing Cang was slightly dazed. He has lived for so long. This was the first time his hand was tossed by someone like this, but the strange thing was that inside his heart there was no anger...Yet, the stranger thing was despite grip being tossed away, he has placed his hand on her arm and he said patiently, "Don't make yourself like this."

Finished speaking this sentence, Dong Fang Qing Cang froze and became stupefied from the words he has said.

Perhaps he has met a ghost? A puny flower demon, when she threw away his hand ought to prepare [herself] for death. But he was unexpectedly still tolerant toward her and said, "Don't make yourself like this"?

He's actually ...coaxing her?

Consciously realizing this matter, Dong Fang Qing Cang who has never been fearful of anything was really scared...

The wine cellar was extremely quiet and the smell of the surrounding alcohol on the caused others to feel a little intoxicated. The entire room in the cellar only hears the cries of Little Orchid. Her body shook due to sobbing. At times would not be able to breathe and so breathed in several times and appeared quite miserable.

The two people thus remained foolishly in the wine cellar for a while. In the end, Dong Fang Qing Cang felt that continuing like this was truly too stupid. He stood up and was about to immediately use powers to caused Little Orchid to walk, but when he stood up, his long sleeve was pulled tightly by a hand.

The direct force was strong to the point of causing the flap of the robe to fall down from the shoulder and reveal the collarbone.

Dong Fang Qing Cang lowered head to look down. Little Orchid's pair of eyes swelled and puffed up like a poor rabbit peering at him.

Dong Fang Qing Cang felt that his heart was immensely powerless, "What is it?"

Little Orchid pouted and mouth produced a crying sound, "You have to take responsibility with me."

Hearing this sentence, it appears there is something that is not right...He peered at her, "Ben zuo has to take what responsibility with you?"

"You have seized my body!"

"..." Dong Fang Qing Cang was silent for a long time and then said, "That matter has already passed."

"You have caused everyone to hate me, be scared of me, even when I go drink, they would also avoid me." Little Orchid wept and said, "From before when I was in heavenly realm, did not have to suffer this, huhu..."

Dong Fang Qing Cang furrowed his brows, "If you want that, in a little bit ben zuo will tell them to kneel in front of you and look at you drink wine."

Little Orchid was only concerned with telling her part and did not listen to him. She shed tears while criticizing, "You have bullied me."

"Right now, have not."

"You have fooled me."

"What did ben zuo fool you?"

"You want me to stay by your side."

"Correct."

"You said you like me."

He paused and his gaze peered at the large wine barrel on the side. He did not look straight at her face, "That is something you merely have guessed about."

Little Orchid bit her lips and peered at him for a while. After that, as if appearing to be quite angered, she pulled his sleeves by using strength to stand up, but her body lost its balance and dug into his chest.

Dong Fang Qing Cang did not get to do anything as she has already supported herself up with his chest and then hugged his neck while angrily scolding, "How can you be so terrible like this! How can you use this matter to trick me?"

"Ben zuo did not trick you, simply conceal..."

The words did not get to finish as Little Orchid appeared to be quite angry and opened her mouth to bite him.

Before she pulled his sleeves while right now [she] has bitten him.

The gaze of Dong Fang Qing Cang retracted, but the body still stood there.

The teeth of Little Orchid were not that sharp. Right now, [she] has drunk wine and thus, they were even more soft and did not have strength. Biting like this to Dong Fang Qing Cang was more like licking and did not carry any feeling of pain to him. On the contrary, they were soft and tickled, causing him to feel that the places she has bitten were like flames—slow, but there was no way to resist them and they burned into the depths of his heart.

Cannot hold up and was stronger than any offense that he has faced in his life.

Little Orchid did not know the feeling of Dong Fang Qing Cang at this time. She gnawed and bit down his collarbone like a rabbit eating grass and was using all her strength she has from her body.

In the end, besides her ears carried a light, soft sounding sentence, "Little flower demon, are you trying to seduce ben zuo here? En?" The voice was hoarse and low, which she did not often hear from the usual times.

"You're a scoundrel." Little Orchid wanted to speak and so, did not use strength to bite anymore. She pressed her face into his neck and whispered, "Scoundrel..."

The gentle breathing that carried the wine fragrance wafted onto his neck. Dong Fang Qing Cang lowered his head to peer at her. Little Orchid has placed hand behind the neck and passed through the silver hair as it hugged the head. The pair of hazy eyes was intoxicated with wine. The color on her lips under the dim light of the candles on the wall of the wine cellar appeared beautiful than the usual days.

Dong Fang Qing Cang peered at his silhouette in Little Orchid's pair of black eyes. He discovered his gaze could not refrain from turning soft.

"Big swindler..." Little Orchid said, "You don't know that when you said that, how happy I was...happy to the point...of causing me...to not be able to forgive myself."

The light in Dong Fang Qing Cang's eyes darkened. Little Orchid's lips pressed onto his lips as she muttered, "But you have tricked me."

Dong Fang Qing Cang felt that the bright teardrops in Little Orchid's eyes still carried warmth. They fell on her lips and then flowed from her lips into his mouth.

Salty, bitter, and acrid.

Such taste was not sweet one bit. He furrowed his brows.

He felt that it appeared that he does not this kind of occurrence to happen on this little flower demon's face.

"How can you be like this..." The tears on Little Orchid still fell pitter-pattered. In reality, she could not stand properly, but the lips still pressed onto the lips of Dong Fang Qing Cang. Due to being helplessly intoxicated, Little Orchid did not know that behind her back, there was a pair of hands that was silently holding her, perhaps... even Dong Fang Qing Cang himself did not consciously realize that...

"I have come to like you, how can you still treat me like this..."

She was felt wronged, but the words did not get to finish as every sound has submerged into the mouth of another person.

It was not contact, it was not just passing, it was not gentle and touching, but was filled with the flavor of possession and aggression from Dong Fang Qing Cang.

Besieging, arson and looting, not allowing Little Orchid a path to retreat.

Even appeared to have deprived her of breathing. Penetrating deeply and more deeply while not allowing her to refuse nor struggle.

Love Between Fairy And Devil (Completed) Chapter 84 - Chapter 61

It seemed that once this kiss began, it was unable to end. Dong Fang Qing Cang was in charge completely, but Little Orchid was little orchid flower who was not satisfied with one's lot.

When he temporarily halted the offense, she then tiptoed and did not allow him to leave. She followed her way as she bit and chew carelessly. At times would bite his lips and at other times would demand his tongue. In the end, she bit her own tongue. Little Orchid still knew pain and she snorted one sound then began to retreat in drum-like way.

She wanted to retreat from behind, but Dong Fang Qing Cang would not spare the "opponent" who provoked him to retreat. He hugged her tightly and fixated her head, restricting her from moving smoothly. Little Orchid wanted to retreat to the rear, but when she retreated one step, he then took one step further. Each step [of theirs] was like this. In the end, Little Orchid's back was pressed against the rough wall of the wine cellar.

There was no path to retreat.

The corners of Little Orchid's eyes squeezed out tears. Dong Fang Qing Cang can sniff the smell of tears. After that, he appeared to have completely loosened and slowed down the tempo. He licked Little Orchid's wounds and used powers to close the opening of the wounds. He halted the pain for her. The kiss in the beginning was like invading, while the kiss from before was like revenge and at the last moment, it became gentle.

They slowly enjoyed the flavor of each other.

Little Orchid's smell of blood slowly disappeared into the smell of alcohol. In the end, the smell of alcohol invaded every sensory of the two people as if turning sweet. It caused others to not want to stop, but continue to enjoy the taste.

The energy of Dong Fang Qing Cang lingered beside Little Orchid. She felt that the world began to slowly, slowly turned hazy. His kiss slowly stirred her entire world.

It was like the beginning when Dong Fang Qing Cang first appeared in her life. [He] was not polite in inserting [himself] into her life and then disrupted her peaceful life. [He] overturned the harmonious and incomparably sunshine world of hers.

He was like poison—clearly he has caused her get used to reeking of blood and killing, lies and betrayals, but she was still addicted to him.

Love him.

"Big devil..." Crackling in sounds, Little Orchid muttered, "Scoundrel."

Dong Fang Qing Cang did not fight back against her scold at all. He knew he was someone who was terrible. But he did not know starting where when he wanted to become a bit better in front of her.

At least, let her think that he was good.

Little Orchid felt that her consciousness seemed to have escaped to another world. She slowly closed her eyes and then fainted.

Dong Fang Qing Cang once again, controlled his mind and stopped. Little Orchid in his embrace has completely lost her consciousness and became soft/limp.

He peered at the peaceful sleeping face of hers. The color on the lips was freshly red. Dong Fang Qing Cang was briefly silent. He was drunk-like as the mouth still has the taste of alcohol as if merging with the energy in the wine cellar and causing one to become intoxicated.

He felt that he seemed to...have turned insane.

He has never forgotten the original goal for creating this body. If not for Little Orchid's meddling, this body right now would have been a complete male body and an opponent of his.

But right now what is he doing to this body...

Cannot control the restlessness in his heart and cannot restrain the desire in the heart. His body was stirred like the many mortal youths that he would usually despise. But the matter that Dong Fang Qing Cang could not explain for himself the most was that... unexpectedly, he felt that doing this...was quite good.

Really is...

Meeting ghosts.

Dong Fang Qing Cang peered at Little Orchid for a while then hugged her waist and raised her up. He was going to subconsciously carry her on the shoulder, but suddenly remembered previously when he carried her on the shoulder, it seemed that she was not very comfortable. The movement of Dong Fang Qing Cang suddenly paused and then the hand slightly used strength as one hand passed through Little Orchid's hair and hugged her back while the other hand passed below the knees and carried her up.

Took large strides out of the wine cellar.

The owner and the server of the wine shop were still squatting and trembling behind the register. When Dong Fang Qing Cang passed by the register, the steps slightly halted and then he turned around to peered at the owner and server. The two people were

stared at which felt like being pierced by needles and they immediately retreated their heads and got down to the register as if hating that this life one cannot become an ant.

Dong Fang Qing Cang said, "The brewed wine is quite good ah." His voice was hard to distinguish any anger and caused others to not know whether he was really complimenting or was ironic. After all, there was no one who can guess the temperament of the ancient demon king.

The owner and the server trembled and did not dare respond.

Dong Fang Qing Cang then said, "In a bit, carry everything to ben zuo's palace." Finished speaking, he stepped out from the wine shop and stepped on Da Yu's head. [He] let Da Yu bring them back to the palace.

After Dong Fang Qing Cang has already left for a while, the server and the owner were still muddle-headed. That means...really liking the wine of theirs?

At this time, no one saw that Dong Fang Qing Cang sitting on Da Yu's back was licking his lips.

Little Orchid was unconscious until the morning of the next day when she has awakened. After sleeping the most peaceful sleep in the longest period of time, she felt that this morning she was truly filled with spirit. While lying on the bed as she stretched, she peered at the sunlight from outside that shone through the room.

Everything was beautiful as if she was still in the heavenly realm.

Opening eyes would see master to the side and the sunlight mixes with crystal-clear droplets that cleanse her sleepiness and muddled-head.

Little Orchid yawned, sat up, and then discovered...

"Hah?"

How come she...was only wearing a dudou to sleep ah...

Little Orchid grabbed the dudou string and was bewildered for quite a while. After that, she remembered carefully and the memories from last night were like a door that was slowly pushed opened. The various vivid sceneries and even the bizarre sounds—everything was like a wild horse that entered the widely opened door of hers.

The expression of Little Orchid was like stomped by a horse and was completely frozen. After that, does not know what to do...

She...yesterday it seemed she has said something dreadful to Dong Fang Qing Cang, and after that did something dreadful ah...

She...

Little Orchid grabbed her hair and was a bit crazy as she said, "Oh Heavens! Yesterday ... I...in the end what did I do...How can I..." Her head began to buzz.

She said to Dong Fang Qing Cang, "I like you already, how can you treat me like this..."

She has liked him already!

Good gracious! Little Orchid hugged her chest. She opened her mouth and stabilized the breathing, but when she opened mouth and was able to breathe in, she can smelled the breathing of Dong Fang Qing Cang from within the chest. In the nose, it was completely filled with the taste of the kiss that he has given to her.

Little Orchid felt that she could not stand anymore and she fell backwards toward the bed.

She has confessed to him, he has kissed her, and then the next day she is merely wearing a dudou while lying on the bed...

It seemed that she has...

The thoughts of Little Orchid were completely chaotic and head was in throbbing pain. After a long time, she was not clear-headed until she heard the room door produced a "creak" as Dong Fang Qing Cang stepped in.

Little Orchid peered at the door and then the entire body immediately becomes alert.

She hugged the blanket and rolled herself to the corner.

Dong Fang Qing Cang would step in and saw that Little Orchid was like a maiden who was bullied as she shook and crouched in the corner of the bed. She pulled on the blanket and facial expression showed panic and fear.

He did not get to say anything as the corners of Little Orchid's eyes have already become filled with tears.

Dong Fang Qing Cang spoke up and voice was helpless to the point that even he was truly surprised, "What? What is it again?"

"Scoundrel!" Little Orchid's tears fell down from her cheeks, "You speak, what have you done to me! You!" Little Orchid bit her lips and appeared embarrassed as if wanting to die, but the scolding came out soft with no strength, "Scoundrel!"

Dong Fang Qing Cang raised his brows. Within the moment, he understood what she has misunderstood. He coldly said, "Ben zuo has never been a good person, you should know that."

When he said that, it caused the color of Little Orchid's expression to become green and the tears fell faster.

Seeing Little Orchid cry like this, Dong Fang Qing Cang immediately has no mood to tease her anymore. He furrowed his brows and pointed to the side, "Yesterday, became a good person for once and yet, you have misunderstood ben zuo to that extent?"

Following the direction that he has pointed, there was a pile of clothes on the ground and carried the strange smell of wine on them. After one night, the pleasant fragrance has completely disappeared and turned into the sweaty wine smell. Little Orchid peered briefly and then became quiet.

She touched herself and felt that there was nothing unusual. After that, she wiped her tears. She returned to her normal appearance and uttered some sentences, "Did not misunderstand you, when someone was drunk you..."

Recalling this matter, the atmosphere in the room was briefly silent in a strange way.

After that, Little Orchid lowered her head and buried face.

"Little flower demon." After the brief silence, Dong Fang Qing Cang coldly spoke up, "Waiting for ben zuo to return your feelings is very illusory. Even I do not believe."

Little Orchid lowered her head and did not peered at Dong Fang Qing Cang's expression, but she heard from his voice that he was serious. As for what he has said, she herself also knew clearly.

According to Dong Fang Qing Cang, the seal of the three realms, and the natural law he does not care. Let alone, it was merely a small kiss from yesterday, to him, perhaps...was just in the mood?

The damp lines on the face slowly withdrew and the feeling of not being calm in Little Orchid's heart after one statement of Dong Fang Qing Cang has immediately turned calm again.

"Today ben zuo came is to ask you." Dong Fang Qing Cang continued speaking, "Yesterday you said ben zuo wants to harm you. Who let you know something?"

She lowered her head and attempted to remain calm.

Like what he has said, the nonsensical matter inside her heart she just need to know it herself. She cannot wait for him to reciprocate and even she knows that in the

beginning that [she] should not cause trouble. She wants to live while Dong Fang Qing Cang right now wants to take her life.

He wants her to make this body become lively and then turned into a fragment of life inside the body. She does not want this and definitely has to toss this body away. In the demon realm, under the view of Dong Fang Qing Cang, [she] cannot. Thus, she has to escape from him and cannot hope that he will help with anything. She has to begin to move her plan forward.

With only her strength, perhaps there is no method of escaping the view of Dong Fang Qing Cang, but right now she does not have just herself ah.

The enemies of Dong Fang Qing Cang are far too many—Chi Lin and Shuo Feng sword in the hall, the billowing underground of the demon realm, and even Chi De woman...

Dong Fang Qing Cang still does not know that Chi De woman can enter the dream-like scenery of hers. As for who Chi De woman is... it's the heaven and earth God of War ah. She cannot go against him, perhaps Chi De woman can go against him...

Therefore, right now she has to protect Chi De woman in the bone orchid and not let Dong Fang Qing Cang take the bone orchid away. Even cannot let him discover that the soul of Chi De woman in the bone orchid is playing a hiding game. She has to hide the secret weapon in order to fight against wits and strength with Dong Fang Qing Cang. When she has won, escaped from the demon realm, and returned to the heavenly realm to find master, master will definitely has a way to rescue her. Then she can...

Overturn herself from the dire situation.

Little Orchid arranged the thoughts in their head and lifted their head to peer at Dong Fang Qing Cang as she said, "You want to harm me, is there anyone else who can tell me that?"

Hearing Little Orchid say this, Dong Fang Qing Cang narrowed his eyes.

Little Orchid did not bother to look at him and merely lowered head to peer at the decorative design on the blanket as she said, "This is the body you have molded for Chi De woman. At that time, we were in the darkness and have met your resentment spirit. I know that your attachment with Chi De woman is deep to the point, but currently, you want me to stay inside this body. [You] did not find another body for me and did not allow me to leave here while demanding me to stay by your side..."

Little Orchid hugged the knees. She said such words in order to assert for him to listen; yet, she continues to speak on, even when she could not refrain from feeling frustrated. She placed her chin on her knees and facial expression looked somewhat listless.

"I like you." Little Orchid whispered, "Because I am naïve and so like you."

The light in the pupils of Dong Fang Qing Cang's eyes slightly moved and peered at the hair strands in front of her forehead that were sliding down and covering her eyes. His fingers subconsciously moved up slightly and suddenly there was a desire to pull the naughty hair strands behind the ears.

But he was not in time as Little Orchid has already pulled back her hair.

She continued, "But you're not naïve, you're the ancient demon king—imposing and hegemonic. Naturally, you will not be naïve to the point of really liking me. How can you let me use this body."

Dong Fang Qing Cang tightened his fist, and did not retort Little Orchid's words.

"Therefore ah, everything you have done, it can be seen that aside from you wanting to harm me, scheme against me, used me then there is nothing else." She glanced and pouted, "Big devil, I have seen through you now."

Despite the last statement being really short, but it was filled with resignation and disappointment.

In the past to now, Dong Fang Qing Cang still thought that he was poisonous to invaders, but suddenly hearing Little Orchid say such statement and peering at the disappointed eyes of hers with no light in them, while looking at the lowered head, he felt that his heart was being pierced by needles.

There was a part of the heart that softens inside the chest and was cut "ripped" by Little Orchid's statement. It tears and blood flowed out, carrying the feeling of stinging pain.

He suddenly remembered the night before. She peered at him with a pair of sparkling eyes and an intense, heated, and luminous gaze at him. She said she believed him. Arbitrarily, he does not know why he was a bit angry and crossed his arms coldly while peering at her. He used a condescending gaze to side-eye her, "Oh, wasn't it the day before yesterday that ben zuo was told someone trusted ben zuo?"

When he finished speaking, Little Orchid was like being hit by a stick and body became rigid. She lifted her head.

The four eyes met. Little Orchid did not say anything and merely peered at him. Within the eyes there was no criticism, but this was the first time in his life that Dong Fang Qing Cang felt that he spoke wrong. Despite how large his strength was, powers were high to where, above the heaven and the land under heaven, in this three realms, the one thing that he cannot do was make the time go back even if it was a short, mere moment.

Therefore, the words that he has spoken cannot be retracted back.

Little Orchid peered at him for a while and then lowered head, "Correct ah." She said, "I have said that I have believed you, but after I have calmly pondered, [I] have discovered that [I] have believed in the wrong person. I am foolish..." The fingers of Little Orchid drew a circle on the forehead, "Therefore, I then like you, and trusted you. But a human can become intelligent. Right now I have began to become intelligent. I do not believe you anymore and after that, definitely will also slowly, slowly, slowly not like you anymore."

Dong Fang Qing Cang was silent.

"But big devil...how can you be so terrible like this..." Little Orchid buried head down. Dong Fang Qing Cang did not see her facial expression, but heard the emotions inside the vague voice that travelled from the blanket. She was extremely hurt and even produced the sounds of sobbing, "Unexpectedly terrible to the point of using the matter of trusting you to mock..."

Temporarily, Dong Fang Qing Cang felt that he could not think of anything to say unexpectedly.

In the room there was silence for while. In the end, Little Orchid spoke up, "You go outside." Her voice was weak, but she was really trying to shoo him away.

Thus, he went outside as said and there was no opposition. Obedient to the point that even he felt startled himself...

When Dong Fang Qing Cang has gone outside for quite a while, Little Orchid then started to move. She slowly crawled inside the blanket to lie down. After that, she wiped her tears and breathed deeply in to stabilize her emotions.

She covered with blanket and secretively rubbed the bone orchid under the pillow.

The bone orchid still remained as Dong Fang Qing Cang did not take it away.

Little Orchid was relieved and then closed eyes to force sleep on her.

She wanted to find Chi De woman. Even if it's staying by Dong Fang Qing Cang's side or staying in the demon realm, she does not want to stay anymore.

She has had enough.

Does not know how many rabbits were counted after closing eyes as Little Orchid was able to slowly sink into the dreamland in the end.

In the dream, it was still dark like before. Little Orchid did not call Chi De woman immediately, but followed the hovering energy in the darkness for a while. After that, her neck was in pain and the feeling of bleeding came.

Little Orchid knew that Chi De woman has come herself.

Of course when looking up, the white smoke in front of her slowly congregated. The figure of Chi De woman was not illusory like before, but was clearer. Even the five facial features also slowly appeared a little clearer.

"Little Orchid." Chi De woman called her, "Have you decided?"

Little Orchid nodded, "I will hear you and leave this body. I am willing to join you..." Little Orchid paused, "To deal with Dong Fang Qing Cang."

Chi De woman was briefly silent and then spoke up, "I do not need you to join me in dealing with Dong Fang Qing Cang." She said, "I only wish to not return to the mortal world."

"Why?"

"The ancient matters will not be mention anymore."

Little Orchid peered at her calm face and said, "Then today, if you have time, can you let me know in the end what treasure am I? Previously, you said I should ask Dong Fang Qing Cang, but I was afraid you will be revealed and so did not dare ask."

Chi De woman said in a soft voice, "In the ancient times, everywhere in the world there were orchids that grew in every field, but there was a type of orchid that was not like the others. It was afraid of life energy. Unfortunately, everywhere there were people and that orchid [type] will become extinct. After that, the world slowly became lively and that type of orchid completely disappeared in the three realms."

Little Orchid nodded, "From before, it seemed that master has told me that there was such an orchid from a long time ago."

"But one does not know that even though this type of orchid was afraid of life energy, but it has the mysterious effect of treating/restoring (injured) souls. Souls rely on this orchid and even if the soul is about to disperse, then it will slowly heal. This was a type of flower that was the weakest, and the most thin in the world."

Little Orchid was baffled, "That's...me?"

"That is your original [physical] body." Chi De woman responded, "It's due to various matters and so I have taken a few ancient orchids back, but even when I have given so much effort and used so much power, cannot touch any pot of orchid. Only you, Little Orchid, only you were successful."

"I am... the ancient orchid you have planted?"

"Correct. After I have entered the reincarnation cycle and journeyed for many years, does not know within that time you have shifted from how many places to transform into a spirit like right now. Currently, being able to meet you and having a relation can be considered fate between us."

Little Orchid lowered her head, "In the past, you planted so many orchids like that in order to treat whose soul?"

"For my disciple."

Little Orchid nodded, "So my purpose in the beginning was to treat the soul of someone else." Little Orchid shook her head, "Regardless of the time before, what use I was, but right now my master has turned me into a spirit. I am considered a living being/life. Dong Fang Qing Cang does not have right to make me turn this body lively and pave a path for you to return to the three realms. You also do not have the right to turn me into medicine for your disciple."

Chi De woman laughed, "Naturally, I am not the ancient demon king. How can I possibly use a life to save someone else."

Little Orchid nodded, "You know the logical reasoning better than big devil by far."

Chi De woman was briefly silent, "Dong Fang Qing Cang is not a good person. Remember clearly, do not give your heart to him."

"I know. I have endured difficulties already. I am not stupid anymore. Enduring difficulties two to three times, how can [I] wait to endure once more with the fourth time..."

Little Orchid calculated it carefully. From the beginning to the end, she was fooled three times by Dong Fang Qing Cang. Her master would often say that a thing should not be attempted more than three times. Regardless of what, she will not get fooled a fourth time.

"Therefore, I want to leave the demon realm and when I returned to the heavenly realm, I will find master. She will be able to get you out from this body and can bring you to the reincarnation cycle. The next time, will definitely prevent Dong Fang Qing Cang from discovering you and cause troubles to your reincarnation. Chi De woman, can you help me?"

Chi De woman laughed, "Of course."

Chi De woman was the ancient God of War. Even now when the body is in jail, her valorous energy would not lessen.

Chi De woman withdrew her smile and began to discuss with Little Orchid, "Currently, ancient demon king still does not know that I can enter your dream scenery. Later on, do not let him find out as with the ancient demon king's strength, he will know where I will go. Even when arriving at the door of the boundary scope, I cannot get out."

Little Orchid bit her lips, "That is what I am worried about, right now cannot do anything about the demon king's boundary or leave it. The demon boundary was casted and there is also the seal of the heavenly realm. With the demon boundary that is everywhere, he will know what I am doing. Will know right away and thus, I cannot leave."

"The seal of the heavenly realm is nothing worrisome. The spell formations of the descendants emulate the spells of the ancient times. Mortals have the spells of the heavenly realm that I can undo/solve. As for the powers of demon king..." Chi De woman pondered for a while and then continued speaking, "Military counselor Kong Que of the demon realm is hung on the plaque in front of the palace and still has a bit of weak breathing. He is an opponent of Dong Fang Qing Cang's. Right now even though the demon realm appears peaceful, but under the oppression of Dong Fang Qing Cang, undercurrents have arose. I predict that not for long the demon realm will definitely become chaotic. At that time, will definitely scatter the focus of Dong Fang Qing Cang. During that time, bringing the bone orchid and escaping will be a success perhaps."

Little Orchid frowned, "But we do not know when and how long the people of the demon realm will oppose Dong Fang Qing Cang ah. How long will we have to wait? You also said that I would slowly turn into a fragment of life inside this body. Right now I have caused this body to become lively like a regular person. If the time is too long..."

Chi De woman smiled, "Then has to see whether you can become a femme fatale."

Little Orchid did not understand, "Femme fatale? Femme fatale what?"

"In the eyes of the people of the demon realm, you are the female of Dong Fang Qing Cang. If in that time, you become unruly and overbearing then one, you will cause the people of the demon realm to seethe in resentment and two, will caused the officials of demon realm to be dissatisfied." Chi De woman smiled, "You go ahead and do everything a temptress will do to cause the downfall of nation. Watch and see how long the demon realm become chaotic."

Little Orchid became threatened and was bewildered as she blinked, "You want me to become an insider?"

"I want you to become a femme fatale."

Femme fatale*, these four words she has seen in the written fates of her master many times. Each time [she] saw the four words, accompanying those were definitively four other words– overturning nation and city.

*I used femme fatale because its English meaning fits the Chinese meaning but it's a four words.

Little Orchid rubbed her face and spoke as she was a bit vexed, "Originally I wanted to mold this face to be beautiful, but later on each day it would become more like my face. I am afraid I am not beautiful enough, so what to do?"

Chi De woman chuckled, "The matter of becoming a femme fatale does not relate to the appearance. The most importance is how much unruly and difficult you are, causing others to hate to what extent and bring forth hatred and cursing."

Little Orchid was briefly silent, "I felt that no matter how much hateful I am, it's not as hateful as Dong Fang Qing Cang, but if you said so, due to this plan, I will try my best to become a hateful female."

She has no face to become a temptress, but she has the heart to become a temptress at least!

What Dong Fang Qing Cang, what demon realm, if [one] wants to play, then let us play largely!

Here is another chapter for today cause of the two reviews I received.

Happy reading!
