

## **Fake Marriage 1091**

### **Chapter 1091: Don't Challenge My Bottom Line (4)**

When Mu Huan saw this scene, she immediately took out her phone and recorded it. As she recorded, she smiled and said, "Young man, you're quite hardworking! You're sweating all over from running."

Long Feiting: "..."

Was she here to laugh at him?

Long Feiting, who had wanted her to stop recording, suddenly thought of something and assumed a cool pose.

"Xiao Huan, look at me. Look at my muscles! Isn't my figure super good?! When you see me like this, your heart can't help but beat faster, right!"

Mu Huan: "..."

"Is your heart beating so fast that you can't speak?" Long Feiting asked as he ran toward her excitedly.

The corners of Mu Huan's mouth twitched slightly as she threw the blanket at his face. "My heart is racing? I told you to be careful. You're still in the mood to act cool after being caught in such a sorry state!"

"No matter how careful I am, it's useless against him..." Long Feiting said aggrievedly.

Bo Junyan's methods and connections were something that rendered everyone else unable to cross his bottom line. They did not know how strong he was. Three years ago, for instance, when they felt that Bo Junyan would be eliminated. At that time, no matter how they looked at it, Bo Junyan had already been cornered. However, he had reversed the situation at the critical moment!

He had received strong support from the G Group!

After such a devastating war, not only did the Bo Group not collapse, but it even went up another level.

He was probably the only one who could perform such a divine reversal!

"From what you're saying, he's someone important. You even know him and have some connections?" Mu Huan raised an eyebrow.

The Long family was a very powerful family. If the other party dared to deal with Long Feiting like this, they must be even more powerful than the Long family. If the two families were not related, Long Feiting would be in an even worse state.

The two families probably had some connections, which was why, although the other party had taught Long Feiting a lesson very well, it had not caused any substantial harm to him.

Long Feiting: "..."

Why did she always guess things so accurately!

“Aiyah... Aiyah... If I don’t move, I’ll die from the cold. Let’s get in! Let’s get in!” As he spoke, he ran toward the car.

She knew he was trying to change the subject. He didn’t want to talk to her about that man.

“By avoiding it like this, you’ve made me more interested in that man.” She felt that Long Feiting really did not want her to know anything about that man.

It felt like she had something to do with that man.

Upon hearing her words, Long Feiting stopped in his tracks. He turned around and said anxiously, “You can’t be interested in him! Absolutely not!”

Now that she’d lost her memory, she must never fall in love with Bo Junyan again.

“Why not?” Mu Huan raised an eyebrow.

“Because I want to woo you. You can’t be interested in other men!” Long Feiting said righteously.

Mu Huan: “...”

After pausing for a while, she said, “I don’t like people like you. You’d better stop thinking about it. Otherwise, we can forget about being friends.”

It was probably because Mu Huan had said a lot of similar things to Long Feiting that he had long been immune to her words and would not feel upset over them. “What type do you like?”

He would transform into whatever type she liked!

Her subconscious was not focused on love. “I like the single type. I’m a singleton. I just want to play games, do research, make money, eat good food. Love isn’t part of my life plan.”

“Look at me. Look at how handsome I am. You can’t abandon such a handsome man like me and remain single!”

### **Chapter 1092: Don’t Challenge My Bottom Line (5)**

Mu Huan sized him up from head to toe and said with disdain, “I don’t think you’re handsome.”

“What the f\*ck! Am I not handsome? Then who’s handsome?!” Wasn’t he handsome? He’s so handsome!!!

“My beautiful senior brother. You are far beneath him. And also...” Mu Huan instinctively wanted to say something else, but when the words reached the tip of her tongue, she could not recall the name she wanted to say.

She kept feeling that there should be someone more handsome than Long Feiting in her mind, but she couldn’t think of who it could be.

Thinking that she had injured her head before and that this was a normal side effect, she did not think much about it.

"In any case, you'd better look for other girls as soon as possible. There are so many beautiful young ladies in this world. Wouldn't it be wondrous if you found someone to fall in love with?" There was no need to be single-minded!

Long Feiting: "..."

Even though this person had lost her memories, her nature was still the same. She still said similar things.

Suddenly, Long Feiting looked at Mu Huan seductively and slowly approached her. That devilish charm...

Although Long Feiting was usually very silly, he was really charming when he was serious.

The aura he exuded was like a dense net that enveloped people, making it impossible to escape.

He felt that even if girls did not like him, they would still blush when facing him. He especially liked seeing Mu Huan blush.

Alas...

Mu Huan suddenly flashed him a bright smile.

Then, while he was lost in her sudden, dazzling smile, she reached out and pushed him away.

The defenseless Long Feiting stumbled back a few steps.

Long Feiting: "..."

"I'll give you ten seconds to get in the car," Mu Huan said and got into the car. She would leave immediately if he did not come up.

When Long Feiting came back to his senses, he hurriedly threw himself into the car, afraid that Mu Huan would really abandon him.

His Xiao Huan was really ruthless. She threw him away just like that.

After getting into the car.

Feeling aggrieved, he said, "Xiao Huan, why can't you like me a little..."

Mu Huan: "..."

"Don't even think about being a singleton anymore. Just date me! It's good to be in a relationship. Every day will be sweet and beautiful. When you're sick, I'll take care of you. When you're angry, I'll comfort you. When you work overtime, I'll send you supper. When it rains, I'll pick you up..." Long Feiting told her about the benefits of being in a relationship.

"Even if I don't want to be single, I won't like you. You're really not my type," Mu Huan said.

"Then what type do you like?" Long Feiting asked again, then added, "Don't talk about your type being single!"

Mu Huan did not want to answer his question at first, but for some reason, she suddenly had an answer in her mind. She said, "I like tall, mature, cold-faced people who smile only at me."

Long Feiting: "..."

Wasn't she referring to Bo Junyan...

Didn't she say that she would forget Bo Junyan and her love for him?

"Didn't you say that you don't like old men? Why do you say mature..." Didn't she say that she didn't like old men?

"Just because one is mature doesn't mean that they're old. Look at how mature I am. Look at you. You're like the silly son of a landowner. When you're not talking, you look cool and handsome, but when you open your mouth, you're ruined," Mu Huan said in disdain.

Long Feiting: "...!!!"

Mu Huan drove back to where she lived.

She saw a person directing people to place roses in front of her door.

She pressed the whistle twice and the other party looked over.

When she saw who it was, her lips twitched.

### **Chapter 1093: Don't Challenge My Bottom Line (6)**

"Who is it?" Long Feiting looked over and saw Gu Chenyi in a black trench coat standing in the light.

He felt that Gu Chenyi's dressing style was becoming more and more like Bo Junyan's.

He did not know if it was because Gu Chenyi had grown up or if he was just imitating Bo Junyan, wanting to use him to regain Xiao Huan's favor.

When Gu Chenyi walked to the car, Long Feiting rolled down the window and revealed his bare arms. Showing a certain expression, he asked, "Gu Chenyi, what are you doing here?"

Seeing that he was not wearing a shirt, Gu Chenyi's eyes darkened. "Why are you in Xiao Huan's car?"

"I'm in this state, and I'm going back to Xiao Huan's house with her so late at night. Do you still need to ask me why?" Long Feiting raised an eyebrow.

*You obviously look like you need to ask what happened to us.*

Gu Chenyi looked at Mu Huan with an ugly expression. "It's not like he said, right?"

Even if Xiao Huan had lost her memory, she would not have done anything with Long Feiting so quickly!

Compared to Long Feiting, Mu Huan disliked Gu Chenyi even more. She only wanted him to get as far away from her as possible.

Mu Huan's memory of Gu Chenyi was now stuck on when they had just broken up.

She would never eat this kind of grass that was worse than glass. Yet he seemed to not know what rejection was. Even if she kicked him away, he would still appear in front of her for no reason. Now, he appeared in front of her house in the middle of the night and arranged these flowers. He must be crazy!

"It's just like what he said. Now that I'm with him, there's no possibility between us. Please disappear from my sight immediately and never appear in front of me again!" He was someone who couldn't understand anything no matter what was said. It really made people want to beat him up.

"Did you hear that? Hurry up and leave!" Long Feiting waved Gu Chenyi away.

"Xiao Huan, I don't believe you." Gu Chenyi gazed at Mu Huan affectionately.

Even after three years, he still wanted only her.

"Suit yourself," Mu Huan said as she stepped on the accelerator and entered.

Her car crushed the roses that Gu Chenyi had asked someone to arrange earlier...

Gu Chenyi looked at the delicate flowers on the ground. As he looked at their broken-up state, his eyes were darker than the night.

Meanwhile, on the second floor of the villa opposite Mu Huan's.

A man looked up and said, "The person who snatched your wife doesn't even look strong. Why don't I join in so you could have some fun?"

Bo Junyan looked at him coldly.

"Forget it, it's better to accompany my cute little kitten." The man lowered his head and gently caressed the kitten in his arms.

The kitten purred in pleasure at his touch.

"Why don't I go kill your grandfather and let this matter end earlier?" the man suddenly said.

Bo Junyan did not say anything. He only lit a cigarette and watched Mu Huan go upstairs to her room.

Just as Mu Huan was about to draw the curtains to change her clothes, she saw a flash of light from upstairs. She narrowed her eyes slightly before drawing the curtains.

Seeing that she had drawn the curtains, Bo Junyan turned around and returned to his room.

"I'm going to T Country tomorrow. If anything happens, call this number," he said as he handed the man a piece of paper.

The man took it and put it away. "This trip is very risky."

"Yeah."

"Don't worry, go ahead. If you don't come back, I'll marry Xiao Huan and take good care of her. Anyway, we have to carry on the family line."

Bo Junyan: "..."

### **Chapter 1094: Feeling Empty (1)**

"I'm going to bed now. Finish your ginger soup and drive the white car away." As Mu Huan spoke, she threw a key to Long Feiting.

“It’s already so late. I’ll sleep here.” Long Feiting consciously wanted to stay behind.

“You want me to knock you out and get someone to send you back?” Mu Huan raised an eyebrow.

Long Feiting: “...”

She always rejected him so mercilessly, leaving no room for negotiation.

“Xiao Huan, from tomorrow onwards, the me you see will be the mature me.” She liked mature people, so he would be mature from here on.

Mu Huan: “...”

It was late at night.

Mu Huan lay on the bed but did not feel sleepy at all.

For some reason, she had been feeling strangely empty lately. She felt as if something was missing from her heart, but she clearly had everything now...

She didn’t know why she felt this way. This feeling made her feel incomplete.

She tossed and turned, unable to fall asleep.

She sat up and opened the information on Rui Hui Pharmaceuticals.

Yun Cheng...

Fu Siye reported to Shangguan Yu’s cafe as usual.

He looked at her, who used to have long, flowing hair and was as gentle as water. Now, with her pretty short hair, the smile on her face was no longer reserved and gentle. Instead, it was sunny and confident. He suddenly did not know if she was her in the past or the current her.

However, he knew that no matter who she was, he liked her more and more.

Wasn’t that strange? Other people would slowly let go after they had no hope, but he could not let go, even if he could only look at her like this every day.

The smile on Shangguan Yu’s face faded when she saw Fu Siye.

In the past, when she wanted to see him, no matter how many calls she made, she could not see him. Now that she did not want to see him, he appeared in front of her almost every day.

Initially, she thought that he could not accept it and would just accept it slowly, but...

Three years had passed.

He still would not let go.

She thought of something and walked toward Fu Siye with two cups of coffee.

Fu Siye saw that there was no need for him to say anything. The coffee she brought was the coffee he liked. The corners of his lips curled up slightly, and his smile was like the winter sun that could melt people’s hearts.

Seeing his smile, Shangguan Yu tightened her grip on the coffee cup.

However, she soon returned to normal. She put down the cup of coffee in her hand and looked up at him. "I've already submitted a divorce application to the court. We've be living separately for three years. Even without your consent, the court will still approve our divorce."

Fu Siye's good mood instantly hit rock bottom.

"Siye, after the divorce, we should start a new life. Please don't come here again in the future. I like this place very much. Don't force me to disappear from here." Shangguan Yu really liked this cafe. The environment on this street made her want to stay here. She wanted to cook sweet delicacies every day and watch the customers eat happily. When she had nothing to do, she would sit down and listen to music and read a book.

Or just stare out the window in a daze, watching the flowers in spring, the rain in summer, the leaves in autumn, the snow in winter, and then slowly grow old.

She did not want him to appear in front of her again. This kept disturbing her heart and she could not let it go completely.

Although time had passed and Shangguan Yu was no longer in as much pain as she was in the beginning, that pain did not disappear completely. Instead, it was buried deep in her heart. Just thinking about it made her heart ache.

And whenever she saw him, she would think about things.

## **Chapter 1095: Feeling Empty (2)**

She didn't want to blame anyone or hate anyone. She just wanted to let it go and hope he never showed up in front of her again.

Before Fu Siye could say anything...

Shangguan Yu continued, "Siye, seeing you really hurts me. You make me unable to forget the pain of the past. I really want to forget everything."

Fu Siye's heart ached when he saw Shangguan Yu like this. He didn't want her to be in so much pain, didn't want her to live in the past and be unable to walk out of it. But should he let go? Should he let go and let her walk out of his life completely so that she could belong to another man in the future?

No! He couldn't!

He would rather die than do that!

Thinking of that possibility, he reached out and grabbed Shangguan Yu's hand tightly. "Xiao Yu, can we start over? I know you still love me!"

She could not let go of that pain, which meant that she could not let go of her love for him.

Although she didn't have eyes only for him like before, she still loved him.

Shangguan Yu looked at him for a while. "I don't want to love you anymore. Siye, let go."

She couldn't say that she didn't love him anymore. Her love for him was too deep. Even though she was covered in scars, she had only him in her heart. She loved this man alone. However, she didn't want to love him anymore. Right now, she only wanted to live well by herself. She didn't want to be with him and didn't wish for happiness anymore.

"I won't let go! If you want me to let go, I'll have to die!" Fu Siye told her. He would never let go. Only death could make him let go.

"Then just wait for the court's verdict." Shangguan Yu didn't want to say anything else. In the past three years, she had tried persuading him to let go so many times. Now, whether he was willing or not, the court would still grant them a divorce.

Fu Siye looked at her determined face and said in pain, "Why? Xiao Yu, why are you so heartless when you're still in love with me?"

"Because a divorce is all I want," Shangguan Yu said.

"Xiao Yu..."

"I'm very busy," Shangguan Yu said as she withdrew her hand and stood up to get busy.

Fu Siye did not stand up to chase after her. He knew that it was useless even if he did.

Not long after Shangguan Yu walked to the bar counter, several men came over and chatted with her. Fu Siye had seen one of them many times before. The other party's intentions toward his wife were very obvious, but unlike in the past, he did not drag that person away, beat him up, and throw him into a dark alley so that he would never dare to appear in front of her again.

Because if he did that, his wife would be very angry. He had already made her very uncomfortable. He didn't want to make her angry anymore. Besides, there were many other men who wanted to chase this man away. His wife was so outstanding, and there were too many men who wanted to woo her.

It was impossible to kill him. The best way to get rid of him was to make himself the only person in her eyes.

If only she could only have eyes for him like before...

He had once been sick of it and didn't want it. Now he knew how precious it was.

He was willing to pay any price to return to the past so that she would still be the same person who had eyes only for him.

At this thought, Fu Siye suddenly thought of something. His hands trembled with excitement at first, then he stood up and walked out.

Although Shangguan Yu had returned to the bar counter and no longer cared about Fu Siye, as long as Fu Siye was in the coffee shop, he would constantly affect her, making it impossible for her not to notice him.

Hence, when he left, she instinctively looked over.

Usually, when Fu Siye came, he would stay in the shop for at least an hour or two. But today, he left so quickly.

### **Chapter 1096: Feeling Empty (3)**

This surprised her.

However, she didn't think too much about it and continued working.

When Fu Siye was about to get into the car and leave...

Gu Lingyin came out from next door and folded her arms in front of her chest. She mocked, "Why, you haven't given up?"

In this world, there were people who would keep finding trouble for themselves. For example, Gu Lingyin. Three years ago, she had caused Fu Siye and Shangguan Yu to end up in that state. She felt at ease and did not leave them to start her own life. Instead, she used the money Fu Siye gave her to open a cafe next to Shangguan Yu's, wanting to disturb Shangguan Yu every day.

However, no matter what she did, Shangguan Yu ignored her. Not only did she not upset Shangguan Yu, but it was Gu Lingyin instead who got upset.

Because the two of them had not divorced even after three years!

From time to time, she would see Fu Siye looking for Shangguan Yu to beg for forgiveness. Her coffee shop's business was much worse than Shangguan Yu's. It really made her feel disgusted and frustrated. She really wanted the two of them to get a divorce quickly so that they could live in pain for the rest of their lives!

However, up until now, not only did Fu Siye not give up, but he was also coming more and more frequently. She really wanted to pry open his head and see if he was sick. He was being treated like this by Shangguan Yu and he was still lapping it up!

Fu Siye ignored her and opened the car door.

"I don't have any money left." The rent on this street was very expensive, and Gu Lingyin's cafe business was very poor, so she had spent most of the money Fu Siye had given her.

"Am I your ATM?" Fu Siye raised his brows coldly.

Three years ago, Fu Siye had felt a strong sense of guilt toward Gu Lingyin, who had just returned. But these three years, she'd been wanting to disturb Shangguan Yu. Also, she often asked him for money, which made his guilt toward her disappear.

What did she think Fu Siye was?

Was he a fool?

If you don't have money, ask him?!

"If it wasn't for the fact that I can't be a mother anymore, why would I need to ask you for money?! How many men do you think are chasing after me?!" Gu Lingyin was filled with hatred at the thought of this.

With her appearance and methods, even if she couldn't find a good man like Fu Siye, it was definitely not a problem for her to find a rich man to marry. However, she couldn't give birth!

Who would want a woman who couldn't give birth?

Ordinary families wouldn't want one, let alone rich families!

"You've ruined my life and made me unable to be happy for the rest of my life. Now, you still have the cheek to despise me for asking you for money! Can money make up for the hurt I've suffered? If I give you money and make you lose all your descendants in exchange, will you be willing to agree?!" Gu Lingyin felt that Fu Siye owed her more than he could ever repay!

She had asked him for money, and she was willing to spend his money. He should be grateful to her for giving him the chance to redeem himself.

"You were also at fault for what happened to Shangguan Yu. It's only for the sake of our past relationship that I'm not settling scores with you. Don't push your luck!" Fu Siye said coldly.

"Relationship? Do you still have feelings for me? If you did, why would you treat me like this? You caused me to be like this! How can you still say such things!"

"Yes, you're right. I don't have any feelings for you anymore, so if you know what's good for you, hurry up and close the cafe. Go away!" Fu Siye said impatiently.

"Fu Siye, how could you do this! I can't be a mother because of you. I can't have a happy life that normal people can have. How could you..." Gu Lingyin didn't expect Fu Siye to admit it directly.

How dare he say such things!

#### **Chapter 1097: Feeling Empty (4)**

He caused her to be like this! He ruined the rest of her life!

He should use his entire life to atone for his sins! He should feel sorry for her forever!

"Is this how I treat you? Leaving aside the fact that you were at fault back then, even if you didn't do anything wrong, so what if you were harmed by me? I can still kill your entire family now and make you suffer even more in the future. Do you want to try me?" Fu Siye approached her menacingly.

Gu Lingyin took a few steps back in fear.

Fu Siye's guilt toward Gu Lingyin and his indulgence toward her had made her forget the gap between her and Fu Siye. She forgot that Fu Siye was someone who stood at the top of the pyramid and could easily kill her. He felt guilty toward her and wanted to make it up to her. That was the only reason she could get compensation from him.

If he did not feel that he had let her down and did not have any feelings for her, just like what he said, so what if he was the one who'd harmed her? He could make her suffer even more!

What could she do to him?

Nothing.

This was the difference between heaven and earth.

This was the tragedy of the poor.

She could have become a rich person and stood at the top, easily controlling a person's life and death. However, she was harmed by them to this extent.

Gu Lingyin was sad and her tears fell. "Fu Siye, when I rejected you back then, it was you who said that you would give me the best. It was you who made me give up the chance to study in a famous school. It was you who destroyed the life that I could have lived on my own. Now, you want to kill me..."

The more she spoke, the angrier she got. She shouted, "Fine, kill me! Let me see how much worse off I can end up!"

Fu Siye was speechless.

The reason why he felt so guilty toward Gu Lingyin was not only because his family had caused her to be unable to be a mother anymore but also because he was the one who'd chased after her back then. He was a person who kept his promises, but he did not fulfill any of the promises he'd made to her. Therefore, he indulged her so much. Even though he knew that she resisted so desperately because the child was not his and did not go to the hospital, he still indulged her hatred.

Now that he heard her words, he could not help but feel guilty toward her again.

"I can give you money, but you should close your cafe! No matter how much money you put into it like this, it won't be enough." His wife was pretty and sweet, and the desserts she made were something even those blue-belt chefs couldn't make.

Even if Gu Lingyin could hold on for her entire life, she would never be able to win.

Country Y...

"Senior Brother, if you have any missions, give me one!" Mu Huan sat down at her senior brother's table, looking bored to death. Give me a mission to play with.

Stargate, where her senior brother was a member, was an organization that accepted all kinds of missions as long as the money was paid well. It was similar to the Know-All Agency, which was a small branch of Stargate. However, Know-All accepted the jobs from ordinary people and was more down-to-earth. Meanwhile, Stargate accepted high-end missions such as protecting world-class politicians or saving the big shots of a country to settling the mercenaries in warring countries.

Simply put, it was more dangerous and exciting, with more money paid.

Yu Hansheng looked up at her. "You're doing scientific research, so why should you take on missions? You're not doing your own job properly."

"Right now, I just want to go out and have fun. I don't want to engage in scientific research." In the past three years, Mu Huan had been either practicing martial arts or working in a laboratory. She faced dense data every day, which made her not want to look at data at all.

## **Chapter 1098: Feeling Empty (5)**

Besides, the few projects she had on hand were almost all about terminal illnesses. Medicine for treating terminal illnesses could not be developed in a year or two. If she wanted to start a project, she would have to devote many years to it. Therefore, she did not want to start a research project for the time being and wanted to relax.

“I’m just going out to have fun. If I want to have fun, I’ll go out to have fun. Why else would I accept missions?” The missions in Yu Hansheng’s hands were all very dangerous. He could not let someone’s wife do them.

“I’m looking for some stimulation to my brain.” Actually, there was another important reason why Mu Huan did not want to enter the laboratory. It was the empty feeling in her heart that made her unable to lift her spirits. She felt that there was no point in doing anything. It was meaningless and she did not want to do it. She felt that she needed some stimulation.

“Just wait and see. I don’t think the Liu family will let you inherit the family fortune so easily. They might do something,” Yu Hansheng said.

“I’ll renegotiate the terms with them. Everything will be fine after that.” Mu Huan didn’t want to have any conflict with the Liu family. Liu Changfeng was a good person who treated her quite well.

Although Mr. Liu had pocketed a lot of Rui Hui’s assets during the years he controlled the company, he had indeed done a lot for Rui Hui. It could be considered as a reward for his hard work.

If she gave them more, they should be able to coexist peacefully.

“Then go ahead and talk about your inheritance.”

“The inheritance is already underway.” What Mu Huan meant was that she won’t be delayed even if she took on a mission.

Yu Hansheng was about to respond, but he suddenly thought of something and changed his mind.

“Alright, I’ll give you a mission.”

The next day at the airport, in the VIP lounge.

“Initially, when we went overseas to take on missions, we couldn’t even bear to take the high-speed rail. We all took the hard seats in slow cars. Now, we’re taking the first-class cabin to do missions. This is something we couldn’t have imagined in the past. Now that I think about it, it feels like a lifetime has passed...” Li Meng sighed.

Li Meng came to Country Y to study as a graduate student and worked part-time as Mu Huan’s assistant.

If she came, so would Wu Xingye.

Mu Huan felt that this mission was not very dangerous, so she brought the two of them along to reminisce about their youth.

“Look at what you’re saying. It’s as if we’re old. We’re clearly only in our twenties,” Wu Xingye said. A lifetime? Their lives had just begun!

“We’re in our early twenties, but you’re in your mid-twenties!” Wu Xingye was two years older than the two of them. After the new year, he would be in his mid-twenties.

The corners of Wu Xingye’s lips twitched. “What’s wrong with being in one’s mid-twenties? That’s still considered young!”

“Young my foot! Your classmates are already fathers!” *You still want to be considered a beautiful youth? What are you thinking!*

“I want to be a father too, but you have to let me be one!” He couldn’t give birth to a child.

Mu Huan burst out laughing.

Li Meng: “...!!!”

After regaining her senses, she said angrily, “You want to be a father...”

Seeing that the two of them were getting more and more addicted to bickering, Mu Huan idly swept her gaze around. Just as she was about to retract her gaze and look at the information, she suddenly froze as if she had been struck by lightning.

When Li Meng asked her something, she did not respond. Li Meng noticed her abnormality and shook her. “What’s wrong, Xiao Huan?”

“I don’t know,” Mu Huan replied.

Li Meng was stunned.

*You don’t know?*

What was wrong with her? Why did she not know?

She followed Mu Huan’s gaze and what she saw made her eyes widen in shock.

### **Chapter 1099: Love at First Sight (1)**

Wu Xingye looked over and widened his eyes in shock.

Bo Junyan...! It was actually Bo Junyan!

Bo Junyan was actually here!

Just then, Bo Junyan seemed to have sensed something and looked over.

Their eyes met, and the feeling that hit her soul made her heart jump indescribably. She had never felt this way before!

This feeling was too indescribable!

So she didn’t know. Didn’t know what was wrong with her.

Why did she feel this way when she saw this man?

The man quickly looked away and stood up to leave.

Mu Huan only returned to her senses when she saw him disappear from her sight.

“Could it be because he’s too handsome?” She clutched her chest, unable to comprehend the feeling she’d had just now. After thinking about it, she could only conclude that he was too handsome.

She had originally thought that her beautiful senior brother was already the most beautiful person in the world, but who would have thought that there would be a man who was more... beautiful than him? She could only say that they were both very good-looking and flawless, but they each had their own unique characteristics.

Then, she looked at Li Meng. “Xiao Meng, do you find him especially handsome? Do you have that feeling? It’s... it’s...”

“It’s like your soul had been struck,” she finished. “That might seem exaggerated, abstract, but it’s actually not exaggerated. I’ve never felt anything like this before...”

Suddenly, Mu Huan thought of something. If it was because of his beauty, why didn’t she have such feelings for her beautiful senior brother?

Li Meng: “...”

Wu Xingye was speechless.

Was this love? Xiao Huan had clearly forgotten about Bo Junyan, but just seeing him made her feel this way...

This...

It made their hearts ache.

How deep was her love? She had not forgotten about it after three years. She could not consciously let go of that hatred. Now that she had forgotten about it, she ended up feeling this way when she saw that man!

“What’s wrong with the two of you?” Mu Huan sensed that something was off between the two of them.

“Nothing,” they both said.

Mu Huan raised her eyebrows slightly. It was written on their faces that something was going on, but they said that they were fine.

“We were just stunned. I didn’t think you’d feel that way about a man,” her friend said incredulously.

“Yes, yes! We were just too surprised. The feeling you described sounded like love at first sight! I didn’t expect that you, who has always been single, would actually...”

Before Wu Xingye could finish speaking, Li Meng knocked into him.

She glared at him. What did he mean by love at first sight? It was not easy for Xiao Huan to have forgotten Bo Junyan in order to walk out of that dead end. He said love at first sight. Did he want Xiao Huan to fall in love with Bo Junyan again under such circumstances?

Old Master Meng was still alive and well. What if Xiao Huan fell in love with Bo Junyan again and remembered everything?

Wu Xingye was speechless.

Li Meng quickly tried to salvage the situation. "However, when I think about that man's face, I don't think there's anything strange about what you felt. My heart was racing when I saw him!"

Wu Xingye quickly added, "Yes, that kind of man can indeed make any woman's heart race and make them want to be with him!"

Mu Huan thought about it. "That's true."

"Alright, let's not talk about him. Let's talk about our mission." Li Meng changed the topic.

At this moment, Bo Junyan, who was in another place, looked in Mu Huan's direction with a dark gaze.

PA Wang, who was standing at the side, truly felt sorry for his CEO.

### **Chapter 1100: Love at First Sight (2)**

His wife had forgotten in order for her not to feel pain, and his CEO remembered everything. His beloved wife was right in front of him, and not only could he not go forward to hug and kiss her...

But he also had to look away immediately and pretend to be a stranger. Then, he hid in the corner to watch.

*I really can't imagine it.*

At the thought of this, he couldn't help but tear up!

When Mu Huan began to sense something, Bo Junyan looked away and called Yu Hansheng. "What happened?"

Without needing him to ask clearly, Yu Hansheng asked, "You met Xiao Huan?"

"Yeah."

"The two of you are really fated to meet each other. You were late for a day, yet you still managed to bump into each other." Bo Junyan should have arrived in Country T yesterday, but because he'd had something to attend to at the last minute, he went there today. It was already a coincidence that the two of them went to Country T on the same day, but they actually bumped into each other at the airport.

Bo Junyan asked, "Why is she here?"

"She came to me for a mission, so I gave her one. She's going to Country T too."

Bo Junyan frowned. "What mission?"

"This is confidential."

"You should know about Country T's current situation."

“I know.”

“It’s her flight.” After hearing that Mu Huan was not on the same flight as him, Bo Junyan did not say anything else and hung up the phone.

...

It would take more than seven hours to fly from Country Y to Country T. Mu Huan and the other two chatted for a while. When night fell, they didn’t want to disturb others, so they closed their eyes and rested.

Mu Huan initially thought that she had gotten over that feeling. However, the moment she closed her eyes, the man’s face appeared in her mind.

It was the first time she had seen that man, but for some reason, she felt a sense of familiarity. Subconsciously, she seemed to know who he was.

But if she knew him, how could she forget?

Such an outstanding man, whether she liked him or not, she would never forget him after meeting him once.

Also, the man probably didn’t know her.

It was because he only looked at her once before looking away. His expression was very indifferent, a normal reaction when people saw a stranger.

Since he did not know her, it was impossible for her to be familiar with him.

No matter how she thought about it, she could not think of a reason why she would feel this way. Then, she fell asleep.

After she fell asleep, she had a dream. An indescribable dream.

When she woke up from that dream, her face was flushed red.

She never thought that she would have such a dream!

Especially.

The male lead was the man she had only met once today!

Damn...

Was it really as Wu Xingye had said, that she fell in love with someone at first sight?

Otherwise...

Why was she having such dreams!

As the plane was about to land, Li Meng and Wu Xingye woke up.

Li Meng, who was sitting next to Mu Huan, saw that her face was red. Thinking that she had a fever, she instinctively reached out to touch her head. However, her forehead was cold. "You don't have a fever. Why are you so red?"

"It's stuffy," Mu Huan replied.

"Stuffy?" In the past, they had never seen her in such a tight place.

"Yeah, it's stuffy."

Li Meng: "..."

Well, she was pretty. Whatever she said goes.

After a while.

"Tell me, is there really love at first sight in this world?" Mu Huan felt that it was impossible for her to know that man. If she did not know him, then it could really be love at first sight. She had fallen for him because of his good looks!
