

## **Fake Marriage 1531**

### **Chapter 1531: Dreams Come True (6)**

In the end, Long Feilei was still beaten up badly by Meng Yueying and sent back to the Long residence.

This made his trick very successful.

Huo Yuqi visited him every day and made supplements for him personally. He thought that if this continued, they would be together soon.

However...

No!

Huo Yuqi and Qi Rui were still getting engaged!

The engagement party between the two families was still in full swing.

No matter how hard he confessed to Huo Yuqi, no matter how much he loved her, no matter what he did to please her, she did not cancel her engagement with Qi Rui.

The night before Huo Yuqi and Qi Rui's engagement, Long Feilei went to look for Huo Yuqi and handed her a beautifully packaged box.

"What's this?" Huo Yuqi asked.

"It's an engagement gift for you," Long Feilei said with difficulty.

Huo Yuqi: "..."

She was about to say something.

But Long Feilei reached out and lightly caressed her face. With reddened eyes, he said, "Yuqi, is it really impossible between us?"

Huo Yuqi: "..."

She shouldn't feel heartache, but looking at him like this, she couldn't help but feel heartache.

She looked down as she could not bear to look into his eyes anymore.

She thought that Long Feilei would say something else, but he did not say anything. He only caressed her face reluctantly, cherished her, and...

Huo Yuqi's heart ached so much that she was about to cry.

However, she still did not say anything. From the time he had officially confessed to her until now, her mind had been in a mess. She did not know what she should do...

Not to mention that her mother was against her being with him.

Even she couldn't and didn't dare.

Being with him and marrying him was her greatest dream obsession. Now, this dream and obsession could be easily obtained, but she didn't dare...

This was something she could never have imagined in the past.

Time quietly flowed by. This silence made it feel as if a century had passed.

Just as Huo Yuqi was about to turn around and leave...

"Yuqi, I originally wanted you to chase after me. It should have been my turn to chase after you. But now, I don't even have the right to do so." If she were single, he could chase after her for the rest of his life. But if she didn't love him anymore and wanted to marry someone else, no matter how much he loved her, he couldn't chase after her.

Love had always been one's own business. He could not realize that he loved her in time, so he had no right to disturb her life.

"But I'll always be waiting for you. No matter when you want to turn back, I'll always be waiting for you!"

"No one will always wait at the same spot, just like me." In the past, Huo Yuqi had never thought that she would give up on Long Feilei one day. She had never thought that he would confess to her like that and say that he loved her. She was clearly moved, but she still refused to be with him.

This was clearly what she had dreamed of. When she heard him say those words, she should have been overjoyed and should have immediately agreed to be him!

But she did not.

She loved him so much that she had changed.

Not to mention him.

There was no forever in this world.

Even now that he had put it so nicely, he would at most wait a year or two for her. Then, he would forget her and start his new life, get married, and have children...

As she thought of this, Huo Yuqi's heart ached. She couldn't imagine him marrying and being with another woman.

Even though she had still decided to give up on him, she couldn't bear to think about it.. She couldn't accept it and her heart ached.

### **Chapter 1532: Dreams Come True (7)**

This made her really scared... really scared...

She was afraid that if she turned back, she would no longer have the courage to let go of him. If she were injured one day and couldn't bear the pain, she might take things too hard and might do something crazy.

She was afraid... really afraid...

She had loved so deeply and had been so obsessed, and her decision to give up had made her feel as if her bones had been dug out and her heart had been dissected. Such pain made Huo Yuqi afraid.

Even though she knew that she might not be able to let go of him in the future, she was still afraid and did not dare to turn back.

"You'll see forever in me." Long Feilei looked at her affectionately.

Huo Yuqi did not speak further.

Long Feilei did not speak further.

...

Huo Yuqi and Qi Rui's engagement banquet was held very grandly. It was so grand that all the famous people in the Imperial Capital came. Of course, except the Long family.

Qi Rui looked at Huo Yuqi, who was dressed up, and could not take his eyes off of her. He had always known that she was a beautiful woman, but he was still stunned by her.

Actually, Qi Rui had many ways to get the inheritance, but he chose this method. This was because even though he told himself at first that there was someone in Huo Yuqi's heart and he shouldn't fall in love with her, he was still attracted to her. He wanted to use this method to get Huo Yuqi.

He could get the family business and the beauty with one stone.

However...

Now, he felt that this wish might get dashed.

To be able to catch Bo Junyan's eye, Qi Rui must be an extremely smart person. A smart person would never need anyone to say anything. Just by looking at her eyes, one could see the change in her mental state and everything else.

However, not only did he not say anything, but he was even more gentle and made Huo Yuqi happy twice over. He even pretended that he needed to get engaged to her to get the inheritance.

Love was selfish. After Long Feilei had recognized his heart and confessed to Huo Yuqi, he knew that his chances of winning were very low. However, he didn't want to give up until the last moment.

He knew what Huo Yuqi was afraid of, so he made use of her fear to lure her into rejecting Long Feilei.

Now, she had chosen to get engaged to him.

However, he saw that he had completely lost.

It was in her eyes. Even if she knew that this was only a fake engagement, her expression said that she could not bear it...

He could not bear to let this engagement party continue.

It was time for this matter to end.

He reluctantly retracted his gaze from Huo Yuqi and turned to look in his father's direction, his gaze turning colder.

Right at this moment...

"Old Qi, what's wrong?! Don't scare me! Old Qi...!" Qi Rui's stepmother supported his father and shook him crazily, wanting him to wake up.

"Call the ambulance! Call the ambulance!" Following his stepmother's scream, the scene was in a mess.

However, before the ambulance could arrive, Qi Rui's father passed away.

Qi Rui's father had passed away, so his engagement banquet naturally could not continue.

Just as Huo Yuqi was about to step forward to follow Qi Rui and help him deal with this situation, her arm was suddenly grabbed. She turned around and saw that it was the second son of the Long family.

The second son of the Long family looked at her and panted. "Yuqi, hurry! Come with me to the hospital!"

"What's wrong?"

"My eldest brother couldn't take the shock of your engagement, so he went for a drink. Then, he got into a car accident while drunk.. Now... now, he might be... Hurry up and meet him for the last time! The person he wants to see the most now is you..." the second son of the Long family said with reddened eyes.

### **Chapter 1533: Dreams Come True (8)**

His words exploded in Huo Yuqi's ears like thunder. Her mind instantly went blank, and her face turned pale. She looked like she would collapse at any moment.

No, it didn't look like she would collapse at any time. It was just that if it weren't for the fact that the second son of the Long family was grabbing her, she would have collapsed long ago.

Huo Yuqi didn't even know how she got into the car. When she snapped back to her senses, she was already at the hospital with tears streaming down her face.

When she arrived at the ward and saw Long Feilei lying on the bed with his eyes closed and his face pale, her legs went weak and she almost fell to her knees.

She had never thought... never thought...

She...

Huo Yuqi didn't know how to describe her current feelings. She only knew that if Long Feilei died, she wouldn't want to live anymore...

Some people could not let go no matter what.

She said that there was no forever.

But even now, she had never stopped loving Long Feilei.

Just as she stumbled to Long Feilei's bed and was about to hug him and cry...

Long Feilei suddenly opened his eyes.

Huo Yuqi was so sad about having to confirm if he was dead, but she was suddenly struck.

She was...

His expression was indescribable.

Long Feilei looked at her and frowned. He sat up and reached out to support her, who looked like she was about to collapse. He asked with concern, "Yuqi, what's wrong?"

Why was she looking at him like that?

Also...

Long Feilei swept a glance at his surroundings.

Why was he in the hospital?

Long Feilei only remembered that he had drunk a lot last night and ended up unconscious.

Huo Yuqi looked at Long Feilei, who was alive and well. After looking at him for a while, she found her voice. "You..."

"You're still alive? You're still fine...?"

Long Feilei: "..."

Why was she asking this? Of course he was still alive and well!

Suddenly, he thought of something. Hence, his sharp eyes shot toward the second son of the Long family, who was standing at the door.

The second son of the Long family immediately turned around and slipped away.

Just as Long Feilei was about to say something, Huo Yuqi suddenly threw herself into his embrace and hugged him tightly. "Boohoo... You're still alive... You're still fine... You're still fine..."

Huo Yuqi was not stupid. When she saw Long Feilei sitting up, she knew that she had been played by the second son of the Long family. However, at this moment, she did not blame the man at all. Her heart was full of gratitude.

She was grateful to the heavens that everything was just a prank courtesy of the second son of the Long family and was not real.

In the face of life and death, nothing else mattered.

This was also why such an old move could always salvage people's hearts.

Of course, the premise of using this move was that this person's heart was still with you. If someone really fell in love with someone else, even if you really died, the other party would not turn back.

Hence, the most important thing was not the move, but love.

As she hugged him like this, Long Feilei, who had wanted to go down and catch his brother and beat him up for daring to scare Huo Yuqi, instantly became grateful to him.

Long Feilei thought that after this incident, he and Huo Yuqi could be happy and blissful together because her love for him was still there.

But...!!

The truth was not what he thought.

He still had a long way to go.

This was because his future mother-in-law had a deep grievance.

His future wife also wanted him to woo her for a while more so that she could salvage the face she had lost all these years.

What else could he do? He could only be sincere!

The happiest thing in this world was being with the person you loved, where he also loved you, and the two of you had gotten together...
