

Fake Marriage 401

Chapter 401: First Meeting (1)

“Sounds good. Having a good night’s sleep is an absolute must after having your fill!” Li Meng stood up as well.

After they walked out of the dining room, Mu Huan peeked inside it through the window.

Li Meng asked, “What are you looking at?”

“See if the person sitting behind us has left.”

“Why, what’s up with him?”

“I feel like he’s been eavesdropping on our conversation.” Those last sentences Mu Huan had spoken inside were for the benefit of the person behind her.

“What?!” Li Meng was shocked.

Just as she was about to look through the window, Mu Huan grabbed her shoulder and said, “Let’s go back to the dormitory!”

“Xiao Huan... could he be a bad person?” Li Meng asked worriedly.

“Don’t worry, I’m worse than anyone else!” Mu Huan sneered.

After the analysis she’d done earlier, she’d been increasingly feeling that everything that had happened last night was meticulously planned. It was all done to make her sad and upset, to get her to make a scene with Bo Junyan, and to destroy their relationship. Ling Wei wanted to let her know that she was back and that Mu Huan had better make her retreat.

But to back out of a difficult situation? What a joke! Her husband was hers! Why would she want to back out?! She already had it in her possession, so why would keeping it be so difficult?! No matter who tried to snatch it from her, she, Mu Huan, would play along!

Very quickly, Mu Huan’s conversation with Li Meng at the canteen reached the Imperial Capital.

“She’s pretty smart,” the old man said with his eyes closed.

...

Even though she was initially angry, after thinking the matter through, Mu Huan had managed to figure out that someone had deliberately caused this situation to turn out this way. Hence, Mu Huan could calm down completely and then fall asleep.

Her nap that afternoon was still very blissful.

After she woke up, she and Li Meng went to the school’s auditorium. For this afternoon, the medical department had invited a well-known expert to be a guest professor and give a lecture.

Everyone from the pharmaceutical faculty had to be present.

When they arrived, the auditorium was almost full. She and Li Meng sat near the farthest row. Seeing that there was still some time before it started, Mu Huan took out her phone and called Bo Junyan again. Unsurprisingly, her phone was switched off. She put her phone away and picked up the booklet on her seat to read.

“I heard that the professor is really young! And that she’s a beauty!”

“I’ve never heard that she’s a beauty. I’ve heard only that she’s a very capable person. She’s got three doctoral degrees, and I even heard that she comes from a good family. Her family business is on par with the Bo Corporation!”

“Really? She’s so good! She comes from such a good background and yet she’s studying so hard?”

“It’s not hard work, it’s talent! She’s talented! Three doctoral degrees! A normal person would be older than 30 by the time they get one Ph.D. I heard that she’s not even 30 yet! Someone who’s not even 30 has not just one Ph.D. degree but three. If it’s not because she’s talented, do you think that’d be possible?”

“That’s true!”

“Sigh, ever since I saw Big Boss Qian’s autobiographies, I’ve felt that talent is the most important thing in this world. Some people are born with the ability to learn everything fast, unlike us who study hard and go almost bald with the effort. And we still have to worry about failing.”

“That’s right. She received three doctoral degrees before she reached 30, and one of those is the most difficult, which is a doctorate in medicine. Meanwhile, even with our hard work, we might not be able to even get into graduate school...”

“Stop it. If we continue thinking about this, we’d end up not wanting to live anymore!”

“Oh, right, this rumor is highly confidential, but I heard that the professor at this lecture is one of the experts invited by our school to do that medical research project!”

Chapter 402: First Meeting (2)

Because Professor Lin was bringing her to this research project, Mu Huan was a little interested when she heard that the professor was also one of the experts.

“Speaking of this medical research project, I heard that Professor Lin, who teaches pharmacology analysis, will be attending as well.”

“That’s right. Professor Lin will be attending as well. Furthermore, she was planning to get the Year One student Mu Huan to be her assistant. She has already reported this to the head of the department.”

“No way! What right does a freshman like her have to be an assistant on such a big project?!”

“What makes you say she isn’t qualified? She’d entered the school not long ago and had already entered the school’s research department. Now, she’s even experimenting on her own. I heard that it’s a very important experiment. Can you do as much? It’s not even guaranteed you won’t fail your subjects!”

“F*ck! You make it sound like you can do it!”

“Let’s not talk about it. Mu Huan can be considered someone with talent!”

“Don’t tell me the other students in the research department don’t have talent? There are so many Ph.D. students who didn’t choose her, but Professor Lin did. That professor is too biased!”

“What’s wrong with the teacher’s preferences?”

“Why do you always say such things?”

“I just wanted to tell you that it’s natural for people to have favoritism, and there’s also a wealthy husband who’s strong and powerful to take note of. He’s someone you can’t afford to offend. Don’t speak nonsense and offend others!”

“Alright...” Mu Huan was indeed someone they could not afford to offend.

Mu Huan called Bo Junyan again, but his phone was still switched off. This displeased her. She sent him many WeChat messages on her phone, all of which were pictures of her holding a knife to kill him.

Just as she was wondering what Bo Junyan’s expression would be when he saw these pictures...

There was suddenly a commotion.

“Oh my god! Is this true?! Is this true? Is it real?!”

“Quick, pinch me and let me know that I’m not dreaming!”

“Oh my god! This guest professor is so beautiful...”

“My goddess! My goddess! I’ve decided to serve her as my goddess for life!”

“From now on, as long as I can see her every day, it’s fine if I failed all my examinations!”

When Mu Huan and Li Meng heard the boys’ exaggerated words, they looked up at the same time.

A beauty in a white suit walked elegantly to the podium.

“This woman’s side profile looks so familiar. I think I’ve seen her somewhere before, but I can’t quite remember where,” Li Meng said with a frown.

“You’ve seen it in that newspaper,” Mu Huan said icily.

“In the newspaper? When? Have I seen her reports?” Li Meng thought about it carefully, but she could not recall seeing this female professor in some medical journal.

“That newspaper Huo Yuqi brought this morning.”

“I saw only the cover of that newspaper. I...” Li Meng suddenly realized something and widened her eyes in shock. “F*ck! Are you saying that this female professor is the woman who watched fireworks with God Bo last night?!”

“Uh-huh.” Although it was only a side photo last night, the side profile was very clear, and it happened to be on the side of the woman’s half-face when she walked toward the lectern. Mu Huan recognized that profile right away after looking at it so intently that morning.

“What the f*ck!” Other than cursing, Li Meng did not know what else to say.

Right then, Mu Huan met Ling Wei’s gaze on the stage and the other party smiled at her lightly.

That smile clearly showed Mu Huan that he was smiling at her. She knew.

Mu Huan smiled charmingly at once.

When she saw Mu Huan’s smile, Ling Wei’s smile deepened. She retracted her gaze and looked at everyone. “Hello, everyone. I’m Ling Wei...”

Chapter 403: First Meeting (3)

After hearing Ling Wei’s incredible self-introduction...

Li Meng said, “Xiao Huan, I know I shouldn’t say this, but I can’t help but want to say it.”

“Speak.”

“Your love rival is so powerful!” She came from a good family, was good-looking, and was so talented. What the f*ck! She was practically a diamond-king-level love rival!

Such a love rival was too terrifying!

“If she wasn’t that strong, how could she be fancied by Bo Junyan’s family? How could she have so many moronic fans? How could she have almost gotten married to Bo Junyan?” Mu Huan was not surprised by Ling Wei’s good qualities. What would have surprised her was if Ling Wei was just an empty-headed missy from a wealthy family.

After all, given the Bo family’s status, it was impossible for him to be paired with a bad person.

“Then what about you? She’s only just appeared yet she has already made Bo Junyan unable to go home on his birthday. In the future... with the support of his family, then...” The more Li Meng thought about it, the more worried she became about Mu Huan.

“Let’s wait and see. There’s no need to rush. After all, Ling Wei hasn’t yet said that she’s going to be a third party. I don’t have to do anything.” Last night, Mu Huan was very worried, anxious, frustrated, and preoccupied. Hence, she didn’t sleep at all.

But now that the situation had been settled, she did not think much of it. There was simply a woman who wanted to steal her husband. What was there to be afraid of?! If Ling Wei wanted a civil war, then so be it. If she wanted a martial competition, Mu Huan was even less afraid!

“What if she doesn’t even need to do anything to make Bo Junyan abandon you?” Li Meng asked worriedly.

“If she has that capability, I’ll admit defeat,” Mu Huan said with a smile.

“Xiao Huan, this is not the time to joke around!” Her love rival had come knocking on her door!

“I’m not joking,” Mu Huan said seriously.

Li Meng: “...”

She wanted to say something.

Mu Huan quickly added, "But I don't think she has the capability."

Li Meng's eyes lit up at once. Mu Huan had always been confident that she wouldn't make a mistake. "Why do you think she doesn't have that capability?"

"If she had such capabilities, she wouldn't have gone through such lengths. How could last night be a coincidence if Ling Wei would then come to the school to be a visiting professor? Also, the scientific research project that she's going to participate in wasn't a coincidence. It was a meticulous arrangement.

"Why don't you tell me why a person who used to work at an internationally renowned hospital and who is an honorary professor at an Ivy League school would come back to Yun University to conduct such research? Yun Cheng isn't her hometown, and Yun University isn't her alma mater. Even if she chose to return to the country to reintegrate into society, she should have chosen a famous school in the Imperial Capital, not Yun University."

"That makes sense!" Li Meng nodded her head, then continued, "It seems like she really thinks highly of you! She came to our school for you!"

"It's not that she thinks highly of me. When I looked into her eyes just now, it was obvious that she was looking down on me. She doesn't care about me at all. She doesn't even see me as a threat," Mu Huan said.

"Ah?" Li Meng was stunned. "Then why did she spend so much effort coming to our school?"

"A smart person wouldn't want to be a third party nor act like a third party. Someone like her would have to find a reasonable and high-end reason to stay here. She'd come to Yun University to conduct scientific research, and the elite overseas-educated student would return the favor to society. It sounds like she's someone to be idolized!"

Chapter 404: First Meeting (4)

Li Meng: "..."

"Her real opponent is Bo Junyan. If Bo Junyan wanted her, then she'd be with him. If Bo Junyan didn't want her, then it'd be useless even if she kicked me away. Hence, it's only Bo Junyan that she's treating as her opponent, and meanwhile, it's her fervent fans who see me as their enemy. They want to get rid of my troublesome existence for her. She just needs to focus on saving Bo Junyan's heart." A smart woman knows that if she wanted a man, she had to lay her hands on him. She knows that the only way to succeed was by snatching that man's heart.

"So, actually, I don't need to deal with Ling Wei. I just want Bo Junyan to like me." Mu Huan was also a smart woman.

"If that's the case, then I think things will be very interesting. God Bo dotes on you so much, so he must have a lot of feelings for you!" Li Meng felt that the way Bo Junyan looked at Mu Huan was very loving.

"As long as he likes me and wants to be with me, that's enough. As long as he likes me, I can kill for his sake. If he doesn't like me, continuing to fight will be meaningless, so I'll stop struggling."

Mu Huan could feel Bo Junyan's fondness for her, but she was afraid that he liked the docile and obedient her instead of the real her.

She had planned to slowly reveal her true nature so that Bo Junyan could slowly accept her. But before she could do anything, things had come to this.

Now, they could only wait and see.

In order to gain a better understanding of Ling Wei, Mu Huan did not speak further and listened attentively to Ling Wei's lecture.

Then, she realized that Ling Wei was indeed a very talented person. The three Ph.D. degrees that she had earned were truly substantial.

It was not only Mu Huan who could tell, but also Li Meng.

Hence, after the lecture ended, Li Meng could not help but say, "Xiao Huan, you have to work harder! You have to get four or five doctoral degrees!"

It looked like she had much to study!

"Sure, no problem!" Mu Huan put her arm around her shoulder and smiled.

At this moment, Ling Wei, who was already in the car, received a call from the Old Master.

"How is it?"

"Is Grandfather asking about the lecture?" Ling Wei asked with a smile.

"You know what I'm asking about." The old man played with a walnut in his hand.

"Do you think I need to worry about her?" Ling Wei raised her eyebrows.

Just as Mu Huan had surmised, Ling Wei did not see her as an opponent at all. She came from a good family, was beautiful, intelligent, and talented. All these gave her the right to look down on everyone. She would never stoop below her level and pay attention to a woman who was not like her in any way, whether it was her background, academic accomplishments, or looks.

All she cared about was Bo Junyan.

"That girl is a smart person."

"Of course, the person Junyan chose isn't bad." She knew that even if it was just a casual choice, it wouldn't been made carelessly. Someone whom he liked would definitely be good.

"As long as you know what you're doing."

"Yes."

At the pharmaceutical faculty...

Because the students from both the medical and pharmaceutical faculty were attending today's lecture, the boys in the class were excited when they returned.

“Oh my god! She’s such a young female professor! She has three Ph.D. degrees! The most important thing is that she’s so beautiful! From now on, the goddess in my dreams will have her looks!”

“That’s right, goddess! She’s a real goddess! From now on, don’t ever call other random women goddesses! Only Professor Ling can be considered a goddess! She’s really perfect, like a heavenly deity!”

Chapter 405: First Meeting (5)

“Wow, my heart still can’t calm down. I really didn’t expect there to be such a perfect goddess in this world!”

“I heard that she’s one of the experts in our school’s upcoming important research project. From now on, we can see her often at school!”

“From now on, the school’s research base will be my home! I’ll be there day and night, as long as I can take another look at the goddess!”

“I have to work hard in the future! I have to study hard and strive to be on par with the goddess!”

“Forget it! With your academic results, you can’t even say for certain that you’d graduate, much less get a few doctoral degrees! Don’t taint my goddess with your thoughts!”

“If I can’t do it, you can’t do it either! Scram to the side! What is there about you that makes you worthy of a goddess?! Look at this fellow, he’s insulting the goddess!”

“What the f*ck! Are you trying to get beaten up?!” the boy said as he stood up.

“You’re courting death!” The other party stood up as well.

Then, the two started fighting.

“Will you look at that? My Sister Ling Wei has such charm! There have been countless boys fighting over her ever since she was young!” Huo Yuqi had gone to the Long family’s residence in the afternoon, but she did not see Long Feilei. Through her connections, she found out that Long Feilei had gone overseas and realized that she had been cheated. In addition, she had to attend Ling Wei’s lecture in the afternoon, so she returned to school.

As she had not met the person she liked, she was in a bad mood and wanted to find trouble with Mu Huan.

“There’ve been countless boys who fought for Xiao Huan since she was young!” Li Meng retorted when she heard her words.

Their Xiao Huan had been the school belle since she was young!

“Stop joking. Her?” Huo Yuqi looked at Mu Huan with a contemptuous smile.

“Are you stupid? Keep smiling!” Li Meng mocked.

“Fine, I won’t argue with you. Let’s speak the truth!” Huo Yuqi’s expression was saying that if you wanted to humiliate yourself, you couldn’t blame me for insulting you!

“The truth is that our Xiao Huan is beautiful and kind. She is talented and is also young and pretty!” In Mu Huan’s eyes, Li Meng was good at everything. In Li Meng’s eyes, no woman in this world was better than her Xiao Huan!

Huo Yuqi did not respond to Li Meng’s words. Instead, she stood up and walked toward the podium. She picked up the microphone on the podium and said, “Quiet down! Everyone, quiet down!”

Her sudden action silenced the students, leaving only the two boys fighting.

“Stop the fight between those two. Otherwise, I’ll tell the dean right away! Fighting in school requires punishment!”

The two boys who were in the middle of a fight suddenly realized that fighting in school was a big mistake, so they immediately let go of each other.

Huo Yuqi waited for them to quiet down.

“I have a question that I would like to ask everyone. I hope everyone can answer honestly and let some people see the truth!

“This is the question: after today, do you think Professor Ling Wei or Mu Huan is prettier? Oh, scratch that, do you think Mu Huan is even comparable to Professor Ling Wei?”

Everyone: “...”

What kind of question was this?

“There’s no need to be afraid of Mu Huan. No matter how you answer, I’ll ensure that you wouldn’t get into trouble. You can speak freely!”

The college students were young and hot-blooded. They were not willing to let others think that they were afraid of Mu Huan. Hence, after Huo Yuqi said that, they became even more daring.

The two boys who were fighting earlier said in unison:

“Mu Huan is nothing compared to Professor Ling Wei! How can she be compared to my goddess?!”

Chapter 406: She’s Pretty Too (1)

After they finished speaking—

The other boys also raised their heads and said, “That’s right! There’s no comparison! Professor Ling Wei is so beautiful, talented, and noble! How can Mu Huan, who got married so early for money, be compared to her?!”

“Don’t compare Professor Ling Wei to Mu Huan. That’s demeaning to the goddess!”

“That’s right, that’s an insult to the goddess!”

“Don’t be so harsh with your words! What do you mean by demeaning? What do you mean by there’s no way for Mu Huan to compete? Why can’t she be compared to Ling Wei? Mu Huan is young, pretty, smart, and talented. Why can’t she be compared to that woman?!” said one girl who couldn’t stand the fact that all the boys in the class were acting crazy.

Following that, another girl echoed, “That’s right, why can’t she compete?!”

“Do you really think that Mu Huan has a basis for comparison with Professor Ling Wei, or are you just jealous that Professor Ling Wei is so perfect?”

“Exactly! Are you jealous?!”

“Compared to Professor Ling Wei’s, Mu Huan’s intelligence is nothing! It can only be considered as petty! Professor Ling Wei is a top student from Harvard! Harvard is an internationally renowned university!”

“With Mu Huan’s grades, she could have gone to Harvard but she didn’t! Why can’t she compete?!”

“Professor Ling Wei has three PhDs!”

“What’s so great about that?! She’s so much older than Mu Huan! She’s almost 30! How do you know that Mu Huan won’t surpass her in ten years?!”

“That’s right!” It was the girls’ turn to respond.

Huo Yuqi didn’t expect so many girls to come to Mu Huan’s aid. Her expression turned ugly. “Girls, don’t talk nonsense just because you’re jealous of Professor Ling Wei!”

“Who says we’re jealous of her?! There are so many perfect goddesses in this world—is there a need for us to be jealous?!”

“Exactly! We’re just telling the truth!”

“Do you think that Mu Huan is as pretty as Professor Ling Wei? Look at how she’s acting. Let her conscience speak for her!” Huo Yuqi pointed at Mu Huan.

When the students heard this, they turned to look at Mu Huan and realized that the female lead of their argument had fallen asleep on the table...

Everyone: “...”

Huo Yuqi: “...!!!”

How confident was Mu Huan to be able to fall asleep at a time like this?!

After a while...

A boy suddenly said weakly, “If you look closely, Mu Huan is also very pretty!”

“That’s right! That’s right! She’s very beautiful!” Even under such circumstances, she had a messy head of chicken’s nest and was lying on the table, sleeping in such a manner. She was so beautiful that it moved one’s heart!

They knew that Mu Huan was married and that she would come to school only when it was time for class. She would be sleeping during the most important class, and after class, she would be sleeping some more. Hence, although the students knew what Mu Huan looked like, they had never taken a good look at her.

Now that they took a closer look, they realized how good-looking Mu Huan was.

Professor Ling Wei had meticulously dressed herself up. From her makeup to her clothes, she was flawless. However, Mu Huan wasn't dressed up. Her hair was in a mess and she was slumped over the table. She was sleeping soundly, but she looked so beautiful!

"This youthful and invincible smooth face that is filled with collagen is something that can't be wiped off with any foundation! In terms of looks, Mu Huan is definitely more youthful and prettier!" said the girl who was sitting next to Mu Huan, who could see her face the most clearly.

"That's right, that's right! Time is like a pig-slaying knife. No matter how beautiful a beauty is, she won't be able to escape the knife of time. Let's not compare other things. Just based on looks alone, Professor Ling definitely won't be able to compete with the youthful and beautiful Mu Huan!"

Chapter 407: She's Pretty Too (2)

"That's right! In terms of looks, our Xiao Huan has never needed to be afraid of anyone! Take a closer look at this little face. It's so smooth and tender that even with a magnifying glass, you can't find a single flaw in it. Is there anyone who can compare to this? And take note that she stayed up and didn't sleep at all for an entire night—it'd be absolutely beautiful if she were in a state where she was fully rested. It would be so beautiful that even a woman would be tempted to pounce on her!" Li Meng lifted Mu Huan's face to let the students take a closer look.

"What are you doing...? I'm sleepy..." Mu Huan reached out to remove her hand and covered her head with her cap. Then, she lay on the table and slept.

When Mu Huan was awake, most of the time, she would use her brain at high intensity. Hence, she often needed to sleep to let her brain rest. She did not sleep last night, and today, she needed more sleep. She did not care about the shaming and humiliation that a small fry like Huo Yuqi tried to pull. Neither did she want to waste more time on her. Hence, when Huo Yuqi walked to the stage, Mu Huan slumped over the table to catch up on her sleep. Right now, she was in a deep sleep.

Everyone: "..."

Mu Huan really did exude the image of an all-rounded genius found in novels. She could be seen sleeping every time, but she would always do well in her exams.

Huo Yuqi's original intention was to humiliate Mu Huan, but who would have known that everyone would instead realize that Mu Huan was beautiful? And Mu Huan? She was humiliating her! She had actually fallen asleep!

This made her mad!

How could Mu Huan be such a weirdo?!

"What about her is beautiful?! She's nothing but ugly. Besides her youthful skin, what else is there? Are you blind? To actually say that she's pretty!" Long Feiting snorted.

Even though he had rushed to the dormitory to take a shower in the afternoon, he still felt uncomfortable.

This damn Mu Huan had been using medicine on him again and again. Just see if he wouldn't kill her!

When Huo Yuqi heard Long Feiting's words, she decided not to take him to task for lying to her.

Long Feiting's background made him someone overbearing and who did not allow anyone to offend him. All the students knew that. Hence, after he said that, no one dared to praise Mu Huan anymore. The enthusiastic atmosphere in the class quietened down.

Long Feiting saw that Mu Huan could sleep even more soundly because of this. Thinking about how itchy he was today, he got angry. He picked up a bottle of mineral water and walked toward Mu Huan.

Then, without warning, he poured the entire bottle of water over Mu Huan's head.

Li Meng was stunned by his sudden action. By the time she came back to her senses to stop him, Long Feiting had already emptied the bottle of water.

Everyone: "..."

They knew that Long Feiting did not like Mu Huan, but they did not expect him to do such a thing!

To pour a bottle of water on Mu Huan's head in public!

Seeing this, Huo Yuqi clapped her hands and cheered, "Good! Long Feiting, you've done a great job!"

However, when Long Feiting snapped back to his senses and realized what he had done, he did not feel good. Instead, he was extremely frustrated! What was he doing?!

Mu Huan, who had just woken up from the water, was still wondering what was going on when she opened her eyes. Was it raining? No, they were clearly on the first floor. Even if the roof was leaking, it shouldn't have landed on her head.

Then she heard Li Meng's exasperated voice, saying, "Long Feiting, you're too much! Don't you want to live a good life?!"

Mu Huan finally snapped back to her senses.

When she saw the empty bottle in Long Feiting's hand, she instantly understood that it wasn't raining. It was Long Feiting who had poured water on her.

Chapter 408: Inexplicable Trust (1)

Instantly, her harmless-looking black eyes turned sinister!

As he looked into her eyes, Long Feiting's heart skipped a beat. He instinctively wanted to explain himself, but how was he going to explain this?

Hence, he did not explain in the end. Instead, he said arrogantly, "Mu Huan, this is my reward for you!"

He wasn't in the wrong. The one in the wrong was Mu Huan. He had been so kind-hearted that he didn't agitate her in the afternoon and had even taken away a drumstick for her to liven up her mood. Yet she had used the medicine on him and made him itch so badly!

She had poisoned him, but he had only watered her with a bottle of mineral water. It was a bargain!

“Ha...” Mu Huan sneered.

“What the f*ck? Hit me if you dare!” Long Feiting said arrogantly.

Mu Huan sneered as she stood up. Long Feiting immediately looked at her with an expression that said, “If you dare to hit me, I’ll play along!”

However, Mu Huan did not speak to him. She only picked up her bag and walked past him before leaving.

Seeing this, Li Meng hurriedly picked up her bag and followed. Just as she was about to leave, she did not forget to give Long Feiting a fierce glare. “Long Feiting, you’re too much!”

The students saw that Mu Huan had left just like that.

Everyone thought that Mu Huan was afraid of Long Feiting. Only Long Feiting knew that Mu Huan did not do anything simply to maintain her image. In truth, she would not let this matter rest!

In the female dormitory...

“That Long Feiting is too much!” Li Meng said angrily.

“Granted, it’s been a day or two since he went overboard,” Mu Huan said as she changed her clothes.

“So we’ll just let it go?” Li Meng knew that right now was the most critical moment. Mu Huan couldn’t do anything out of line at this point in time, as that would give those who wanted to kick her down a hold over her. However, she couldn’t bear to let it go!

“How can we just let this go?” Mu Huan sneered and took out her phone to call Long Feiting.

“In one hour, there’s going to be a fight in the man-made lake at the back of the school. Do you dare to make an appointment?” When she was in a good mood, she could tolerate Long Feiting looking for her for a small matter, but now, she was in a bad mood!

“I don’t fight girls!” Long Feiting said.

“Oh, then how about a game? If you lose, you can kneel down and call me Daddy! Do you dare?!”

“A game?” Long Feiting raised an eyebrow.

“Yes, a game.”

“Why do we have to go to the man-made lake at the back? We can start now!”

“If we don’t meet, how can we kneel down and call the other Daddy?”

Long Feiting agreed.

“Alright, see you in an hour!”

After Mu Huan hung up the call, Li Meng immediately asked, “What game do you want to play with him?”

“A game of fighting.” Mu Huan sneered as she put on her coat. “Let’s go buy some food first.”

Li Meng thought that she was going to ask Long Feiting out for a PK game, so she did not probe further.

Mu Huan went out of the dormitory and bought a sandwich to fill her stomach. After making a trip to the laboratory, she walked toward the back of the school.

There was a huge man-made lake at the back of Yun University. It used to be a park, but later on, it was surrounded by Yun University while it was still being built. There weren't many people during the day, and after dark, there wouldn't be many people.

There wasn't even a street lamp here.

By the time Long Feiting arrived, Mu Huan was already standing on the highest bridge on the man-made lake, waiting for him.

As it was already dark, even though Mu Huan was standing very high, Long Feiting did not see her. He had to make a call to find her.

After arriving on the bridge, Long Feiting grumbled, "Why did you arrange a game here? It's so remote here. If the signal isn't good, who will lose?"

Also, there were only a few broken railings left on this bridge. Wasn't she afraid that she would accidentally fall into the water? Also, wouldn't she feel uncomfortable just standing there and playing games?

Chapter 409: Inexplicable Trust (2)

Right then, Mu Huan, who was initially standing a little away from him, suddenly approached him and flashed a charming smile.

That smile stunned Long Feiting.

In particular, her eyes were so similar to his Star. It was as if he was dreaming of his Star, grown up and walking toward him with a smile.

It made his heart skip a beat.

Just as he was about to shout out the name of his Star...

Mu Huan kicked him away.

Instantly, Long Feiting was plunged into cold water, causing him to regain his senses. His emotions turned into a raging fury. As he floated out of the water, he roared angrily, "Mu Huan, do you want to die?!"

F*ck! She actually launched a sneak attack! She kicked him down! She was really tired of living!

"I've always been a generous person. If you pour a bottle of water over me, I'll return the favor!"

Long Feiting: "...!!!"

This was the first time he had seen someone speak so arrogantly about revenge!

“Long Feiting, this is the last time I’m giving you a serious warning! From now on, don’t come looking for trouble when I’m in a bad mood! Otherwise, I don’t know what I’ll do next time! I’m not someone to be messed with! If you provoke me, I’ll do anything to get back at you! You’d better be sensible!” Mu Huan said coldly.

“Come, I want to see what you can do!” Playing hard with Young Master Long? He had never been afraid!

“Alright, since you want to see it so much, I’ll fulfill your wish!” As she spoke, she picked up a bag and opened its mouth. It was obvious that she wanted to pour the contents into the lake.

Long Feiting looked at the moving bag in her hand and instinctively had an ominous feeling. “Mu Huan, what’s in that bag?!”

“The piranha I took from the laboratory is even more ferocious. When I kicked you just now, I even sprayed some medicine on you. That medicine is equivalent to the best bait for the piranha in this bag. After I put them in the water, they’ll chase after you crazily and bite you! You’re at the center of the lake now. It’ll take time for you to swim to the shore. During that time, these fish will bite you a few times! The teeth of these fish are sharp. You’ll have to swim faster!”

Long Feiting’s expression changed when he heard this. No wonder she was waiting for him on this broken bridge after arranging to meet him here. So it turned out that she had planned for a good spot and specially found this broken bridge so that she could kick him into the water! And he was even furthest away from the shore!

“How dare you, Mu Huan! You...” She better not be serious! If she was serious, he would deal with her harshly!

But before he could finish speaking, Mu Huan had already upended all the fish in the bag.

Seeing this, Long Feiting turned around and swam toward the opposite shore.

*This d*mn Mu Huan! She’s even more evil than I am! She really dares to do anything! She can do anything! And she’s saying that she’s not going back on her words!*

Mu Huan had always been like this since she was young. She never looked for trouble, and she would usually tolerate things that she could tolerate. But if she couldn’t tolerate it or when she was in a bad mood, then anyone who came looking for trouble had best be careful!

She was indeed a little evil in nature.

When Mu Huan saw how desperately Long Feiting was swimming and how pathetic he looked, she happily shouted, “Long Feiting, you can do it! Hurry up and swim! If you’re slow, you’ll be done for!”

Li Meng, who was eating her snacks and watching the show from the side, put down her snacks and shouted at Long Feiting, “Long Feiting, good luck! Long Feiting, good luck!”

Chapter 410: Inexplicable Trust (3)

Long Feiting was so angry that he almost couldn’t swim. Just then, he felt something slip past his leg. It scared him so much that he immediately accelerated and swam forward.

Seeing that he had safely swam to the opposite shore and climbed up, Mu Huan said, "Let's go."

"Oh." Li Meng picked up the rubbish on the ground and followed her.

Thinking of something, Li Meng asked, "This lake is so big. How are we going to fish out those piranhas later? Won't it affect the ecological balance in this lake if we don't?"

"Those fish were just ordinary fish that were not used in the laboratory. They were meant to be released, so there's no need to fish them out," Mu Huan said.

Li Meng: "..."

When they arrived, Mu Huan made a trip to the laboratory. When she came out, Li Meng saw that she was holding a bag and asked what it was. Mu Huan said it contained fish. Hence, when Mu Huan said that those were piranha fish from the laboratory, Li Meng thought they were really piranha. Unexpectedly, they're just ordinary fish!

She seemed to have thought of something and said, "This Long Feiting might be too much and infuriating, but he's actually quite naive. He came alone when you invited him here."

He believed that it was a game.

"Yes, he's not a bad person. That's why I didn't deal with him harshly. I only pranked him a bit."

Long Feiting did not deal with Mu Huan harshly, and neither did Mu Huan. There was even an indescribable sense of trust between the two of them.

Just as Li Meng said, Long Feiting was naive. How could someone like him be so naive? He just couldn't help believing Mu Huan. Even though he was always so angry that he wanted to kill her, he knew that Mu Huan wasn't the kind of person who would really do something to him.

Mu Huan, on the other hand, had a strange sense of trust in Long Feiting. She knew that no matter how much Long Feiting went overboard, he wouldn't really do anything to her.

Both of them concluded that they had trust in each other's character and intuition.

On the other hand, they had neglected their subconscious sense of familiarity and trust toward each other.

Back then, Mu Huan and Long Feiting had been kidnapped by bad guys for five days. Both of them were 11 years old and had developed deep feelings for each other under such circumstances. It was just that Long Feiting had feelings for her and Mu Huan had developed a brotherly bond with him.

Mu Huan had such a good memory. Of course, she would remember what happened when she was kidnapped when she was young, and she did not forget the fat brother who carried her back that year.

However, the difference between Long Feiting then and now was too great!

When he was 11 years old, his face was so big that his eyes were almost popping out. Also, he was slowly growing into his eyes. When he was young, he had two slits for eyes that looked like a single eyelid.

He was also developing late. When he was 11, he wasn't even as tall as Mu Huan.

When he was young, he had the image of a short and round little fatty. Hence, Mu Huan would never associate the current campus beau Long Feiting with the little fatty back then.

Furthermore, Long Feiting thought that he had made his name clear in the past. But in fact, back then, he had almost fallen off the cliff and his face was swollen from the fall. He could not speak clearly.

He meant to say Long Feiting, and Mu Huan heard Rong Feiting.

Hence, when Mu Huan first saw Long Feiting's name, she felt that it was somewhat familiar. Later on, she also thought that this familiar feeling came from the little fatty, Rong Feiting, whom she had saved back then. It was also because Long Feiting then and now were worlds apart from each other that she did not associate the two of them at all.
