

Fake Marriage 411

Chapter 411: Going to Her House (1)

It was just that there were many people in the country who shared the same name.

Hence, the two of them somehow did not recognize each other.

However, the inexplicable sense of familiarity between the two was palpable.

It was only because they had fought many times that neither paid attention to this feeling of familiarity.

After returning from the man-made lake, Mu Huan packed her things and headed home.

“Haven’t you still not gotten through to God Bo? Why don’t you sleep in the dormitory tonight?” Li Meng was afraid that she would overthink when she got back, making her unable to fall asleep again.

Mu Huan looked at her bed and couldn’t help sighing. “I can be so fickle sometimes. Back when I couldn’t sleep in the dormitory, I wanted to do so very badly. But now that I can do it, I just want to go home.”

It was just like how she used to hope that Bo Junyan wouldn’t return home at night and how she used to think that it would be best if he didn’t contact her for half a month. Now, he had been away for only one night and had not contacted her for a day and a night, yet she already felt so upset!

Sigh. It would be great if, for only this time, things could go back to how it was in the past. When one had no one to love, one was the most carefree.

Not knowing how to comfort her, Li Meng could only say, “Xiao Huan, don’t think too much.”

“I’m not thinking too much. Don’t you think I’m already very rational and clear-minded?”

Li Meng thought about it and agreed. She would probably cry if something like this happened to her. Not only did Xiao Huan not cry, but she also managed to understand clearly that this was a scheme. She did not suspect anything and did not misunderstand Bo Junyan.

“It’s just that I can’t control myself and feel a little upset. When a person is in a bad mood, it’s easy for them to lament about some things. That’s why, in this world, the word ‘love’ is the most torturous. It makes one less like oneself. The heartless are the most powerful, and as the saying goes, if Heaven were sentimental, Heaven would also feel sad and old.” Once a person develops feelings for someone, they can no longer be controlled by rationality. Her present situation was the perfect example. Despite knowing that this was all part of someone’s scheme, that someone had gone through such lengths to make Mu Huan feel uncomfortable and to cause a rift between her and Bo Junyan, and that she shouldn’t and wouldn’t fall for it, she was still only human. Even though humans know that they shouldn’t feel upset over some things, they would still be.

He went to see fireworks despite the meticulous preparations she had made at home, then he not only did not return but also did not even call back. She really could not fathom what kind of situation he’d have to be in to not call her, under conditions where he wasn’t in danger!

Especially when Gong Zeyu knew about it.

Why couldn't he reveal to her something that Gong Zeye knew about so that she wouldn't let her imagination run wild?

Seeing her like this, Li Meng could not help but hug her, wanting to give comfort. "Xiao Huan..."

"I'm fine. I'm just sighing a little. If I didn't sigh at all and didn't feel uncomfortable, even a little, that's as much as saying I'm only pretending to like Bo Junyan," Mu Huan said with a smile.

"Do you really not want to stay in the dormitory?"

"I'd rather not. It's easy to go from frugal to extravagant. It's hard to go from extravagant to frugal. I'm used to having my big bed and eating my delicacies. I can't sleep well on this hard bed, and I can't eat breakfast here either," Mu Huan said with a smile.

Li Meng knew that she was looking for an excuse. She knew that Mu Huan wanted to go home because she still wanted to wait for Bao Junyan to return tonight.

"Then you don't have to study tonight. Go to sleep. When you can't sleep, play games and relax. If you want to play games, you can contact me at any time. I'm always here."

Chapter 412: Stay at Her House (2)

As she insisted on going back, Li Meng did not try to dissuade her anymore.

"Thank you, my little baby, xoxo!" Mu Huan gave her a flying kiss.

Mu Huan bought some desserts on the way home. When the sweet taste melted in her mouth, her mood became much better.

After that, she advised herself not to fret over it and stop thinking about it. If she could not figure out the reason, then she should stop thinking about it. After all, Bo Junyan definitely did not have an affair. It was not worth it for her to be upset over such a photo.

She was still unable to get in touch with Bo Junyan today, but Ling Wei was already glamorously gracing the lectern. This made her even more sure that he had something important to do. He was so busy that he didn't have the time to call her. She really didn't have to feel upset at all!

She had to control her emotions and not let them control her rationality. She had to appear sad and upset as the enemy wished.

As she walked, she worked hard to bolster her heart. Finally, when she reached her doorstep, she was mentally prepared. However, when she saw the situation at home...

Her initially solid mental state collapsed!

Because she saw it.

Ling Wei was actually at her house, and she was even ordering the butler around. Behind her were two middle-aged women who looked like servants. She was even wearing home slippers, as though this was her home!

Mu Huan's eyes instantly darkened. Her chest was burning with anger, and it quickly engulfed her entire body!

The butler, who was recording Ling Wei's instructions with his head lowered, looked up and saw that Mu Huan had returned. He immediately put away his pen and notebook and walked toward Mu Huan. "Madam, you're back."

Ling Wei frowned slightly at his behavior, but she did not say anything.

The angrier Mu Huan was, the less she would reveal herself. She looked at the butler and said innocently, "Butler, is my husband bankrupt and wants to sell the house?"

Huo Yuqi, who was standing next to Ling Wei, became furious when she heard this. What did she mean by her cousin going bankrupt?! How could her cousin go bankrupt?! Just as she was about to say something, the butler said in all seriousness, "Madam, Master did not go bankrupt. He's not selling the house."

"Then why is there a stranger at my place? What did she ask you to note down? Didn't she ask you to remember that our belongings needed to be taken away?" Mu Huan asked curiously.

"Madam, let me introduce you. This is Ms. Ling Wei. Master's grandfather has instructed that Ms. Ling will be staying here for a few days."

When Mu Huan heard this, she looked enlightened. Then, she looked at Ling Wei and asked, "Ms. Ling, why do you want to stay at my place for a few days? Do you not have the money to stay in a hotel or something?"

When Huo Yuqi heard this, she could no longer hold it in. "Mu Huan, why are you pretending to be muddle-headed?! And how can my Sister Ling Wei not have the money to stay in a hotel?! My Sister Ling Wei's family is on par with Cousin's!"

When Mu Huan heard those words, her expression became even more perplexed. "Since you're so rich and can just buy a house and live as you please, why can't Ms. Ling just stay in a hotel?"

"Mu Huan, don't pretend to be stupid! I don't believe that you don't know why. You'd better..." Huo Yuqi did not get to finish speaking.

She was stopped by Ling Wei. "Xiao Qi."

She didn't know how Huo Yuqi managed to get to this age yet still not have a brain. Mu Huan, who was the same age, had suffered a disappointment last night. After today's events, she had been letting her imagination run wild all day, and her thoughts were tormenting her. And now, she had to deal with Ling Wei's appearance at her house.

Chapter 413: Stay at Her House (3)

In the face of the final attack on her fort, Mu Huan did not break down from such a heavy blow. She did not fly into a rage and could still calmly drag them into the pit. Meanwhile, Huo Yuqi was speaking without thinking.

She was really spoiled.

Just like what Mu Huan had said, a smart woman would never do something as obvious as being a third party if she wanted to steal a man. She had to find a good reason to make that steal. Ling Wei was here for Bo Junyan, but the reason for her staying in his house was definitely not because of him. She had to stay here for a very important and secretive matter!

If Huo Yuqi continued speaking, she would as much as say that Ling Wei was a third party who wanted to steal someone else's husband.

After all, regardless of Ling Wei's relationship with Bo Junyan, whether they used to be in love or not, and whether they were still in love with each other or not, Mu Huan and Bo Junyan were legally married!

No one had the right to enter the house and say that she should give up her seat.

No matter who it was, anyone who wanted her husband would be a third party!

Huo Yuqi, who had been reprimanded, snapped back to her senses and realized that she had almost said the wrong thing. Her Sister Ling Wei had indirectly told her that if her cousin's feelings did not change, there was still a possibility that they could be together. However, her Sister Ling Wei had a very important matter to attend to after she returned, and she had to move in to this house because she had no choice.

Even if her Sister Ling Wei had more than enough money, what she wanted was to get closer to her cousin.

However, she was definitely not the kind of third party who would steal someone's husband. And just now, she had almost called Sister Ling Wei, who was so perfect, a third party!

Huo Yuqi lowered her head and apologized, "I'm sorry, Sister Ling Wei. I always speak without thinking."

"You've been spoiled. You can't be like this in the future," Ling Wei lectured.

"I won't." Huo Yuqi never listened to her parents since she was young and listened only to Ling Wei.

Ling Wei did not say anything else. She retracted her gaze and looked at Mu Huan with a faint smile. Then, she extended her hand toward Mu Huan and said, "Ms. Mu, we met at the Grand Auditorium."

Mu Huan looked at her outstretched hand, took out a pair of gloves from her pocket, and put them on. Then, she shook hands with her. "Sorry, I'm a clean freak. I hope you don't mind."

"It's alright." Ling Wei was still smiling elegantly.

Mu Huan had always been polite to others, but now, she was being overly polite.

It was time for the military to arrive. "Ms. Ling, it's possible that Grandfather did this because he doesn't understand our family's situation. Actually, my husband and I don't like it when outsiders move in. We used to be alone. Look, we don't have many servants, so I'll help you arrange for another place to stay, alright?"

"Mu Huan, who do you think you are?! You actually want to chase my Sister Ling Wei away?!" Huo Yuqi, who had just said that she wouldn't lose her mind, went back on her words.

Mu Huan's gaze turned colder as she looked at her. "I'm not a thing. I'm a human, and I'm the owner of this house. I have the right to invite people in, and I have the right to invite them out! Because you're my husband's cousin, I treat you as my family and have tolerated you over and over. But you're so disrespectful. If you can't learn and respect people no matter what, then please leave as well!"

"Mu Huan, are you crazy?! How dare you chase me away?!" Huo Yuqi felt that Mu Huan was courting her own death. How dare she chase them away?!

Mu Huan really wanted to throw the two of them out.

However, her current image did not allow that. She could only resist the urge to throw them out.

Chapter 414: Stay at Her House (4)

"Ms. Ling, you're a smart person. I don't think you'd want to force someone to invite you out." She actually wanted to enter Mu Huan's house and live here? Did Ling Wei think she was dead?!

As she met Mu Huan's hard gaze, Ling Wei continued to smile elegantly. "Ms. Mu, I have to move in because of personal reasons. Junyan has agreed to it. He probably hasn't finished his work and didn't have the time to tell you."

Mu Huan's expression suddenly changed. Her hands, which were hanging by her sides, clenched into tight fists. She knew that if Ling Wei said that Bao Junyan had agreed, it meant that he had really agreed. Because Ling Wei was a smart person, she would not easily be torn apart if Mu Huan threw a tantrum. However, she said, "It's useless even if he has agreed. If it's about family matters, I can also make the decision. I don't like outsiders staying in my house. Please pack your things and leave immediately. Don't let me get someone to help you clean up!"

Mu Huan's words became even more forceful! It could be said that she didn't give anyone any face and directly fell out with them!

Not only was Ling Wei not angry at her harsh tone, but she even smiled even more elegantly.

On the other hand, Huo Yuqi couldn't take it anymore and rushed forward. "Mu Huan, you're too much!"

"Yes, I am going overboard!" Mu Huan said coldly.

Then, she turned to look at the butler.

"Butler, please have them leave! I'll bear the consequences!"

"Madam..."

He really wanted to listen to his madam, but if he did, not only would he be in big trouble, but the madam would be as well.

Mu Huan knew that the butler was in a difficult position, so she did not make things difficult for him. "I'll spend money to find someone to come in. May I invite them here?"

If they didn't leave, she would pay a huge sum of money to hire someone to chase them away! See if they didn't find that embarrassing!

“Madam...” This was the daughter of the Ling family! If she was chased away like this, then...

Just as the butler was about to turn white from embarrassment...

“What’s wrong?”

Upon hearing that familiar voice, the butler rushed forward as though he had seen his savior. “Sir, you’re back!”

As soon as he entered the house, Bo Junyan could feel the tension in the air. Frowning, he walked forward and reached out to hug Mu Huan out of habit. However, Mu Huan avoided his big hand.

It didn’t matter that he didn’t return on his birthday since it was only her effort that was wasted. He might really have been busy with something important. She didn’t blame him, and she understood him! If he didn’t call her, the reason could really have been that he was too busy. She didn’t blame him for that! She understood him!

However, no matter what his reason was for agreeing to let Ling Wei move into their house, she would not be able to understand it. She could not help but blame him!

Ling Wei was his ex-fiancee, and even his family wanted them to be together again. The other party’s return was obviously for her ex-fiancee’s sake! But he wanted her to stay in their house. What was he thinking?! Was there a trap or something?!

Did he consider Mu Huan’s feelings at all?!

Do you think I’m dead?!

Bo Junyan, who did not manage to get hold of her, frowned even more. “What’s wrong?”

“I heard from her that you agreed to let her move in,” Mu Huan said as she pointed at Ling Wei.

“Yes. She has something on and needs to stay at our place for some time. I didn’t have the time to tell you since I was busy last night.”

“No matter what important matter she has, I don’t want her to stay at our house! I want her to leave!” Mu Huan’s tone was firm and there was no room for discussion.

She had never been afraid of anything, nor was she afraid of fighting. However, home was the last fortress of a person. If the enemy had already moved into your home, then you would have been directly defeated. What was there to fight for?! How could the fight even continue?!

Chapter 415: Stay at Her House (5)

Also, now that Ling Wei was poised to move into Mu Huan’s house, the next step would be to climb into her husband’s bed!

“Be good and stop fooling around.” Bao Junyan reached out to hug her again.

He had already made it very clear that Ling Wei had something important to do and needed to stay in.

However, Mu Huan dodged again and refused to let him hug her.

*Be good and stop fooling around? Are you stupid?! You're already in this state, yet you still want me to be obedient?! Why the f*ck are you being obedient?!*

Bo Junyan's expression darkened when he failed to get hold of his wife twice.

Mu Huan's expression turned even uglier!

Not only was he letting his ambitious ex-fiancee stay at their house, but he was even making her accept it obediently. But if she did accept it, it would be as a joke!

So what if she was still making a fuss?!

"Come over here!" Bo Junyan reached out with a dangerous tone.

If it were any other time, Mu Huan would have immediately run obediently into his embrace. However, not only did she not run over today, she even pointed at Ling Wei aggressively and said, "If you want me to go over, make her go!"

"You can choose between us!"

Huo Yuqi was amused by Mu Huan's words!

Her cousin hated unreasonable women the most, especially those who choose to say such things to him. In the past, whenever her aunt was making a scene like this, her cousin would be merciless to his own mother. What more Mu Huan?!

"Stop fooling around. Come over here!" Bo Junyan's tone became more serious.

"I want to make a scene! I just don't like her! I just don't want her to stay at my house!" Mu Huan shouted angrily.

Bao Junyan felt a headache coming on as he looked at her. He didn't know what had happened to her, who had always been docile and obedient. Why was she making such a fuss today? Why was she being so fierce and disobedient?

He pinched the space between his eyebrows.

Usually, during such a situation, a white lotus would appear between the couple and behave magnanimously.

Saying*, Junyan, don't quarrel with your wife over me. I can stay somewhere else.*

In this way, retreating as a way to advance would make her appear much more magnanimous than the unreasonable Mu Huan!

But Ling Wei was no ordinary white lotus.

Seeing this situation, not only did she not say that she wanted to leave, but she even went ahead and invited herself.

"Junyan, have a good chat with her. I'll go upstairs to rest first." With that, she headed upstairs. She did not at all care about Mu Huan, the mistress of the family. She did not feel awkward at all.

On the contrary, she was being like a magnanimous big shot who did not mind Mu Huan's unreasonable behavior.

"Yes."

Mu Huan exploded in anger at his reply!

She pointed at Bo Junyan's nose and said fiercely, "What the f*ck?! Why the f*ck are you saying yes?! Didn't you hear me say that I won't let her stay at our home?! She said she's going ahead upstairs to rest, and you're still saying yes?! She can give it a f*cking try!"

Bao Junyan: "..."

Was she scolding him or scolding her?

What happened to his wife today?

Huo Yuqi: "F*ck! Mu Huan, you're actually scolding my cousin?!"

No one had ever dared to say that her cousin was disobedient, let alone point at his nose and scold him!

This Mu Huan was too arrogant!

A look of surprise flashed across Ling Wei's eyes as she was about to head upstairs. She did not expect Mu Huan to scold Bao Junyan.

When she thought about how Mu Huan had dared to scold Bao Junyan even though she had never dared to say a word to him before, her eyes darkened. She stopped in her tracks and wanted to see what Bo Junyan would do.

Ever since he was young, his parents had never dared to say anything bad about him. Even his grandfather did not dare to scold him, but Mu Huan... did.

Chapter 416: Stay at Her House (6)

Mu Huan turned around and glared fiercely at Huo Yuqi. "So what if I'm scolding my own husband?! It's none of your business! If you continue to talk rubbish, I'll get someone to throw you out!"

Huo Yuqi: "...!!!"

"Mu Huan!" Bo Junyan's face had turned completely black. The dangerous aura he exuded made Ling Wei shudder involuntarily.

Huo Yuqi, who was about to dash forward to teach Mu Huan a lesson, subconsciously hid to one side, not daring to breathe.

The butler wished he was not here.

Mu Huan, on the other hand, was not afraid at all. She glared back even more fiercely than Bo Junyan did.

Bo Junyan's expression darkened further when he saw this.

From last night until now, he had had to maintain high-intensity concentration and did not take a rest. He was already very tired. After he returned, he not only did not even manage to hold his wife, but he even developed a headache from her unreasonable behavior. Now, she was even making a din!

This pushed him into being a little more hostile.

Just as Ling Wei and Huo Yuqi felt that if Mu Huan continued to be in a deadlock with Bo Junyan, Bo Junyan would surely teach her a lesson...

Mu Huan suddenly burst into tears!

Right!

She cried!

Bo Junyan: "..."

The butler: "..."

Ling Wei: "..."

Huo Yuqi: "..."

Are you kidding me?! Was the atmosphere so tense that she ended up crying?!

Did she think she was a three-year-old?!

As Mu Huan cried, she looked at Bo Junyan and complained, "You're bullying me! You're actually bullying me! For your birthday, I slaved all day and bought a gift that I thought you'd like. I even rehearsed the program and prepared a table full of good food. But you didn't come back last night and went to watch fireworks with Ling Wei! You didn't even call me! And now, you even asked your ex-fiancee to stay at our house. Why didn't you just ask me to move out directly?!"

"I'll be good! I'll stop fooling around! It doesn't matter how obedient I'll have to be, because I'll lose my husband otherwise!"

When Mu Huan mentioned last night, Bo Junyan's anger due to her lack of obedience instantly subsided. No matter what the reason for her tantrum was, it was all his fault for letting her prepare for nothing and making her wait for him for the entire night. Actually, Bo Junyan was also very angry because he couldn't come back last night. He was so looking forward to the surprise his wife had prepared for him!

Anyway...

"What's that about watching fireworks with Ling Wei? I didn't watch fireworks with her." From last night until now, Bo Junyan had had no idea what was happening outside.

"If you didn't watch fireworks with her, how could someone have taken such a photo and even put it in the newspaper?! What do they mean by the captions 'the most beautiful you' and 'watching the most beautiful fireworks'?! Others even said that you were the one who set those fireworks for her!"

"Who's spouting such nonsense?!" Bo Junyan's expression darkened.

"That's what those who read the newspaper said!"

“Bring that newspaper over.” Bo Junyan looked toward the butler.

The butler immediately went to get the newspaper.

“It’s useless to use the newspaper to explain. In any case, you didn’t have the time to call me, yet you went to watch fireworks with her. I don’t like that she was in that photo, and I don’t want her to stay at our house!” Mu Huan sobbed.

Bo Junyan couldn’t do anything to Mu Huan, who was pretending to be crying. He couldn’t bear to part with her, not to mention that she was really crying today. She cried so, so pitifully.

“Be good and stop crying. I’ll get to the bottom of this.” Bo Junyan stepped forward and pulled her into his embrace.

“I can’t figure it out! No matter what, I can’t! I just can’t let her stay at our house!” This time, Mu Huan did not avoid Bo Junyan.

Chapter 417: Stay at Her House (7)

There were many things that needed to be explained, but Bo Junyan was not used to explaining things when outsiders were present. Hence, he said, “Let’s go to our room first.”

“Hug!” Feeling wronged, Mu Huan spread her arms wide open and placed her legs on his lap, letting him carry her upstairs.

Bo Junyan immediately picked her up.

Mu Huan, who was being carried up, was still sobbing on his shoulder.

Without another word, Bo Junyan carried her upstairs.

As she passed by Ling Wei, Mu Huan, who was slumped over Bo Junyan’s shoulder and sobbing, lifted her head to look at the other woman. With a smile, she extended her middle finger and turned around.

The move was full of contempt and provocation!

What could be so important that I’ll allow her to stay in my house? If I don’t kick her out, I’ll no longer be called Mu Huan!

Ling Wei narrowed her eyes. It looked like this Mu Huan was deliberately making a fuss out of nothing. She wanted to tell her, so what if they had put in a lot of effort? Even if she, Mu Huan, were to cause a scene with Bo Junyan, he wouldn’t do anything to Ling Wei, not even if Mu Huan were to scold him.

She wouldn’t. She didn’t really lose control of her emotions and just wanted to turn the world upside down with Bo Junyan.

At such a young age, she already had such brains, control of emotions, and schemes.

It looked like Ling Wei could not ignore her anymore.

After Bo Junyan carried Mu Huan upstairs, he asked, “What did you do to Ling Wei just now?”

Mu Huan was stunned for a moment before she realized that he might have sensed her action and was asking her what she had done in the stairs. Hence, she sneered and gestured with her middle finger!

Bo Junyan: "..."

After returning to her room.

"You don't have to be hostile toward Ling Wei. Although we were in that kind of relationship before, it's now impossible for us to have any relationship. Don't overthink it."

"Ha..." Mu Huan sneered at him.

Bo Junyan: "..."

Previously, she only knew how to pretend to cry, but now, not only did she know how to fake it, she even dared to sneer at him and point at his nose to scold him. She had really become spoiled by him!

Many a time, Bo Junyan had seen through Mu Huan's petty tricks on purpose. However, he would never expose her and would always give in to her.

"Ling Wei came back and moved in because of other reasons. It's not because of me, so don't cause trouble."

"What's the reason?" Mu Huan really wanted to know his reason for letting Ling Wei move in!

"This matter isn't about me. It's about someone else and Ling Wei. You don't have to know about other people's matters. It's enough that you know this much. Anyway, she'll leave after staying for a while. She doesn't have any ulterior motives toward me." If it was about him, Bo Junyan could tell Mu Huan everything. If it was about someone else, and he had even made a promise, he wouldn't say anything about it.

"Why are you so sure that she has no ulterior motives toward you? Could it be that she dumped you back then? You were so certain before that she had ulterior motives toward you, but in the end, you're now saying she has no ulterior motives toward you?"

Bo Junyan laughed and reached out to caress her head. "What nonsense are you thinking about all day in your little head?"

"Don't change the subject! Is that what happened?!"

"Who said she dumped me?"

"Huo Yuqi said that when you begged Ling Wei to marry you, Ling Wei instead wanted to be a Bodhisattva like the one who saved her life, so she dumped you. And you were so obsessed with Ling Wei that you waited for her all these years. When Ling Wei returned, she said you'll go back to being in love with her!"

"You believe her words too? Are you stupid?"

"Then tell me, why did you break up with her back then? Why did you break up when you liked her so much that you were about to marry her?!"

Chapter 418: Stay at Her House (8)

Mu Huan's expression was one of disbelief. *Alright, I don't believe Huo Yuqi. I'll believe whatever you say.*

"I wanted to get married because of Dad. After Dad's car accident, his health was getting worse by the year. Hence, he was in a hurry to get me married. The reason I broke up with her was that we had different ideals. What she wanted was different from what I wanted. If I liked her a lot, I wouldn't have broken up with her. So, you don't have to worry about this at all. Do you understand?"

"Even if you don't have any feelings for her, it doesn't mean that she doesn't have any feelings for you! I feel that she's using this matter to get back together with you!" Could it be that even the most intelligent person has a blind spot? Ling Wei had clearly come back for him, yet he said that Ling Wei had no ulterior motives toward him and was so sure!

"You're thinking too much. Ling Wei has a boyfriend, and he has everything that she has always wanted in a partner. She's back only because she has something on. Don't let your imagination run wild from now on." Bo Junyan caressed her head.

Mu Huan: "...!!!"

How was this possible?!

The way that Ling Wei had looked at her. Everything that had happened from last night to today, especially when Ling Wei moved into their house. All these clearly indicated that Ling Wei had returned for Bo Junyan, but he actually said that Ling Wei had a boyfriend!

She seemed to have thought of something. "Have you met her boyfriend?"

"I've met him before. Their relationship is not bad. I'm very sure that they're dating." Bo Junyan knew what she was thinking and gave her an affirmative answer.

Mu Huan: "...!!!"

*F*ck! This Ling Wei is really formidable!*

"Can you stop worrying now? You can't cause trouble in the future," Bo Junyan said as he reached out and pulled her into his embrace.

Mu Huan: "..."

Just then, the butler knocked on the door and said that he was sending the newspaper over.

Bo Junyan asked him to come in.

When the butler came in and saw Bo Junyan carrying Mu Huan, he thought the atmosphere between the two of them was not bad. He was completely relieved. He had been worried that their relationship would be broken because of Ms. Ling.

After passing the newspaper to Bo Junyan, the butler quickly retreated.

As Bo Junyan and Ling Wei's photo was on the cover, Bo Junyan saw it at first glance.

“This was snapped randomly. I didn’t come back last night because I wanted to operate on a very important person. At this time, I was waiting for a car. I stood there for less than a minute,” Bo Junyan said.

“You performed surgery on an important person?” Mu Huan was stunned when she heard this.

“Yes. I was on my way home yesterday. When I received the news, I rushed over to perform the surgery. On my way there, I forgot to call you. After that, I started the surgery. I didn’t have the time to call, so I left my phone outside the operating theater. Ling Wei came in to tell me when you called, she said she told you that I was busy tonight and couldn’t come home. Furthermore, there was an accident during the surgery and the situation was very urgent, so I couldn’t call you. I stayed in the operating theater for 20 hours and called you when I came out. You didn’t pick up.”

“Because my phone was switched off after I called you. I got angry, so I turned off my phone and did not hear anything.”

“Oh.”

“But, Hubby, why were you doing the surgery?”

“Before I took over the Bo Corporation, I was a surgeon. At present, I occasionally operate on important people,” Bo Junyan said lightly.

Mu Huan: “...”

*F*ck! Is there anything my husband doesn’t know?*

Suddenly, she thought about how Ling Wei was also a doctor.

“You’re the heir of the Bo family, yet you studied medicine. Did you become a doctor because of Ling Wei?”

Chapter 419: Stop the Nonsense (1)

“How can you think that everything is about her? Back then, I only wanted to challenge her.” Everyone is once young and frivolous.

“But Long Feiting said that you studied medicine for Ling Wei.”

“You believe him and not me?” Bo Junyan narrowed his eyes.

Mu Huan immediately replied, “Of course I believe you! Hubby, I believe whatever you say!”

Bo Junyan couldn’t help but burst into laughter. It was a very noisy scene, and when it came to nice words, he could say them fluidly and with flair.

Mu Huan looked at Bo Junyan and suddenly sighed. She didn’t expect that the unthinkable reason would be this!

As a medical student, she could be considered half a doctor now. Furthermore, her family members were all doctors. She could understand that when a doctor was busy with surgery, he wouldn’t even

have the time to make a call. Hence, what happened last night had completely passed. Not only did she not blame him, but she also felt heartache for his hard work.

But...

“Hubby, you said that you and Ling Wei were waiting for the car there for less than a minute. But look at this photo. It’s so defined and clear, and the angle is so good. Does this look like a picture taken by a reporter from the newspaper?”

“This was my grandfather’s handiwork. He has always liked Ling Wei and wanted us to be together. Now that Ling Wei is back, he’s trying his best to get us together. You don’t have to worry about him. After doing all these useless things, he’ll eventually stop.” Bo Junyan could tell what the problem was with the photo. He was sure who did it.

“If Ling Wei doesn’t have such intentions, would your grandfather do these things?” Mu Huan had guessed that it was Bo Junyan’s family behind it. Hence, it wasn’t surprising to her that it was his grandfather who did this. However, she didn’t believe that his grandfather would do these things involving the two of them if Ling Wei didn’t have such intentions—one had a boyfriend and the other had a wife. He’s out to destroy their relationship and family!

Just because he liked Ling Wei, he was forcing the two of them to be together!

Unless his grandfather was a fool!

But how could someone who was able to make use of Bo Junyan’s sudden need for emergency treatment so thoroughly, someone who’d managed to arrange for someone to take such a photo in less than a minute, ever be considered foolish?

How was this possible?!

Bo Junyan frowned. He had already explained his relationship with Ling Wei so clearly, but she was still able to bring Ling Wei into it.

Sensing that she did not trust him, Bo Junyan was displeased. “Are you saying that Ling Wei has an ulterior motive for me? Don’t make a fuss out of nothing, alright?”

Bo Junyan was really angry. The coldness he exuded was different.

Even though he had a dark expression downstairs earlier, Mu Huan wasn’t afraid and knew that he wouldn’t do anything to her.

But now, she knew that he was really angry. The aura he gave off made her feel a chill down her spine. She knew that if she continued, she would not be able to bear the consequences.

What else could she say?

It could only be said that Ling Wei was really too formidable.

On the one hand, she had made Bo Junyan feel that she had no ulterior motives and had made him so reassured that he refused to be on guard against her. On the other hand, she made his grandfather make a move to let Mu Huan know that Ling Wei had come back for Bo Junyan. She not only made her

feel down and upset, but she also made her unable to accept Ling Wei's existence and made her look unreasonable in Bo Junyan's eyes.

When looked at this way, it seemed useless for her to fight. It was unreasonable. But if she didn't fight, she could only watch as Ling Wei continued to pester her husband.

Chapter 420: Stop the Nonsense (2)

Ha...

Real tears fell.

She lowered her head, her tears rolling down her face and dripping onto the back of her hand.

She was truly upset.

When Bo Junyan sensed her abnormal behavior and was about to lift her chin, Mu Huan stood from his lap.

"If you think I'm being unreasonable, then I'm being unreasonable."

Bo Junyan frowned. "Stop fooling around. Be good."

"Alright, I won't kick up a fuss. I'll be good." Mu Huan turned her face away to control her emotions. After wiping away her tears, she turned around, showing a gentle expression. "Hubby, you've been busy for so long. You must be tired. I'll help you fill the bath water. You'll have a better rest after taking a bath."

Under the light, her reddened eyes that could not be concealed even when she wiped away her tears made Bo Junyan's brows furrow into a dead knot. "Don't do this."

"Alright, Hubby, I'll do whatever you want me to do." Mu Huan gave her a sweet smile obediently. She looked at him with a face that said, "If you want me to be obedient, I'll be very obedient. I'll do whatever you want."

When Bo Junyan saw her in this state, he was suddenly enraged! "Mu Huan!"

"Yes, I'm here," Mu Huan replied immediately.

"I'm saying this for the last time, don't do this!" Bo Junyan's expression was extremely cold.

"What do you want me to do, then? Do you want me to continue being unreasonable?"

"You've always been sensible. Why are you so upset over this matter?" Bo Junyan frowned.

Mu Huan looked at him silently.

His unreasonable tantrum just now had hurt her heart and made her not want to treat him sincerely anymore. But... was she going to let him go just like that? Was she going to anger him and give Ling Wei the chance?

She knew that if she continued like she did earlier, she would anger Bo Junyan and drive him away.

She was silent for a long while.

“Hubby, you know that Wu Xingye really likes Li Meng, right?” Mu Huan had casually asked Wu Xingye to pretend to woo Li Meng, but later on, she realized that Wu Xingye actually liked Li Meng. She believed that Bo Junyan could tell as well.

Bo Junyan was stunned. He didn’t know why she would suddenly say something, but he still replied, “Yes.”

“Since you’re so sure that Wu Xingye likes Li Meng and doesn’t like me, then can I invite Wu Xingye over to our place to stay? I don’t have any secrets that I can’t tell you. I can tell you very directly that I just want my good friend to come over to our house to eat, drink, and enjoy. Every day, I’ll eat at the same table as him and have a casual chat and play games with him. Do you think that’s alright?”

Bo Junyan: “...”

“If you think that’s alright, then I was the one who was being unreasonable just now. You can let Ling Wei stay at our house. I’ll ask Wu Xingye to stay here. From now on, I’ll definitely not tell Ling Wei to leave!”

Before Bo Junyan could say anything, Mu Huan quickly added:

“Hubby, I know that from last night until now, you’ve had to do a surgery. But on my end, a lot of things have happened since last night. I’m such a good sleeper, yet I couldn’t sleep last night and didn’t sleep for a while.”

“What’s wrong? Didn’t you sleep well when I wasn’t at home?” Bo Junyan frowned.

She didn’t sleep last night?

“Because I like you, I put in so much effort to prepare a birthday gift for you. It was a surprise. Not only did you not return, you even got another woman to pick up your call. As your wife, I’ve never even taken a phone call for you!”

Bo Junyan was about to say something when...
