

Fake Marriage 491

Chapter 491: Strong, Just One Word (4)

Her accuracy and reaction speed were not what a newbie should have!

After arriving at a safe place, Bo Junyan reached out to touch Mu Huan's helmet and said, "You're really like what you said. You're a genius."

This was her first time, yet she was playing so well!

"That's for sure! I have both literary and martial arts skills!" Mu Huan said proudly.

"Do you have any special training in reaction time?" His wife's reaction speed was not what a girl like her should have.

"No." Indeed, Mu Huan had never specially trained. It was just that ever since her grandfather passed away, she had been living a tough life. She had to be careful and stay alive. This sort of reaction ability was slowly formed as she was growing up.

When he heard this, Bo Junyan's eyes darkened. So, it was just that she was born with a springy set of bones and an especially good talent. Thinking of something, he said, "I'll take you to T Country for a period of time during winter break. When that time comes, I'll train you well in this aspect. It's not that tiring or dangerous. If necessary, it'll be a good self-defense skill."

Mu Huan nodded vigorously. She liked this!

...

Mu Huan did not kill Jin Chen. Instead, it was Han Yichen who killed Jin Chen while Jin Chen was not paying attention.

And Bo Junyan had killed Meng Lichuan.

In the end, Ling Wei's team was completely wiped out.

There were only three people left in Bo Junyan's team: Bo Junyan, Mu Huan, and Han Yichen.

Of the three of them, Mu Huan was the one who'd killed the most. She had killed three, Bo Junyan had two, and Han Yichen had one.

When everyone saw the results, they let out an incredulous gasp!

Never in their wildest dreams did they expect that a newbie like Mu Huan would be able to kill three of them! More than Bo Junyan did!

"Wow, Xiao Huan, you're amazing!" Gu Qianru said in disbelief.

"It's not that I'm good, it's just that I'm lucky..." Mu Huan lowered her head.

"You're not lucky. You sacrificed my life for this result!" Long Feiting snorted. If he hadn't distracted Gong Zeye, would she have succeeded in killing him? If she hadn't killed Gong Zeye, she would have been killed!

“What do you mean I sacrificed your life for this result? You’re too stupid! I already gave you that kind of equipment, yet you still ended up dead?!” What Mu Huan had given Long Feiting was the most impressive piece of equipment — a divine shield! This divine shield could block a fatal attack!

To put it simply, the shield was as good as saying, “I’ll give you another life.”

Hence, Mu Huan felt that it wouldn’t be a problem for him to be hit in a vital spot once by Gong Zeye. Given Gong Zeye’s reaction speed, even if he could still fire back, if Long Feiting could run faster at this point, he would at most be hit in the arm or leg. Who would have thought that even with an additional chance of survival, he would still end up dead?!

Long Feiting: “...!!!”

With a look of disdain, Mu Huan said, “I didn’t even say anything about that, yet you still had the cheek to complain to me...”

Long Feiting: “...!!!”

Huo Yuqi, who had died early, instinctively said when she found out that Ling Wei had been killed by Mu Huan, “That’s impossible! How could you have killed my Sister Ling Wei?!”

Her Sister Ling Wei had received professional training and was so formidable!

Mu Huan remained silent. The truth was right before her eyes. She didn’t need to say anything more!

At this point, Ling Wei, who had always been calm and elegant, had an ugly expression on her face for the first time. It would only have been right for her to die by Bo Junyan’s hands, but she couldn’t accept dying by Mu Huan’s hands!

Especially since it was Mu Huan’s first time playing!

Chapter 492: Strong, Just One Word (5)

“Xiao Huan, your shooting accuracy doesn’t look like that of someone who was playing for the first time.” No matter how talented a person was, they shouldn’t have such accuracy during their first time!

“That’s right, little sister-in-law! You shouldn’t possibly have hit me from such a distance!” Gong Zeye felt that it was impossible as well!

He shouldn’t have been hit by Mu Huan. As a newbie, it was supposed to be impossible for her to hit him across that distance! Even if she had talent, it was still impossible!

“Brother Bo, I was more than 40 meters away from Sister-in-law. At that distance, Brother Bo must also think that a newbie like Sister-in-law should never have been able to hit me, right?”

Bo Junyan looked at Mu Huan. That distance between them was indeed a little far. No matter how talented she was, a newbie could not have done that.

“Although this is the first time I’ve played this particular game, I was the best in my archery class during high school. That’s also a shooting game, in my opinion. Other than the weapons used, there’s no difference between them. Since I’m already used to target-shooting, I’m not surprised that I was so accurate!”

Because of Yun Cheng's history, people back in the day relied on hunting as their livelihood. Most citizens of Yun Cheng had wanted to learn archery, and later on, although they stopped hunting, many famous archers still emerged from there. Yun Cheng was known as the hometown of archery, and archery was a compulsory course for Yun Cheng's schools.

And Mu Huan was the top archer in her school!

Hence, although she was a newbie at this game, she was exceptionally accurate.

"I was really too foolish! I forgot about this! I only thought that you're a newbie, Sis-in-law, so you couldn't have hit me!" Gong Zeye could now accept that he had been killed by Mu Huan. He had underestimated his opponent too much.

Despite being from Yun Cheng, he had forgotten that most people in Yun Cheng knew archery!

"Uh-huh, you underestimated your opponent too much." Mu Huan had also predicted that Gong Zeye would underestimate his opponent, which was why she had come up with such a plan.

"Little sister-in-law is really awesome!" Gong Zeye was someone who could accept failure. He gave Mu Huan a thumbs up. She had such brains and scheming abilities, and she even managed to get rid of him. She was truly formidable!

"Don't praise me like that. I'll become proud!" Mu Huan looked embarrassed.

Bo Junyan reached out and caressed her head. "You deserve to be proud."

"Yes, little sister-in-law, you can really be proud!" Han Yichen added.

Their sister-in-law's reflexes, speed, and accuracy were all something to be proud of!

This was something that ordinary people could not have!

"Yes, yes, yes! Sis-in-law, you can really be proud!" Their sister-in-law had to be proud!

Seeing how everyone was praising Mu Huan, Ling Wei, who initially thought that Mu Huan was nothing, realized that she actually had such a capability. To top it off, Ling Wei was even killed by her!

No matter how strong her heart was, she could not take this.

It was too embarrassing!

She actually lost to a little girl!

This was really getting worse and worse!

Looking at this scene, Lin Qingya could not help but feel jealous of Mu Huan. She was so jealous that she was about to go crazy. How could this be?! How could this be?!

It wasn't easy for a strong love rival for Mu Huan to come along. Why was it that Mu Huan was still the one who was in the limelight?!

She was even being praised so much just by playing a game!

Didn't they know that Mu Huan was the best at playing games and especially at shooting?!

What's there to praise?!

Ling Wei did not say anything else and turned to leave.

Seeing her leave, Lin Qingya quietly followed after her.

When Gu Chenyi noticed that the two of them had left, he did not call out to Lin Qingya, but his gaze turned darker and darker.

Chapter 493: Restoring Her Dignity (1)

As they were all experts at it, the game had taken up the entire morning. After it was over, those who were drenched in sweat were also starving. Very quickly, they dispersed and went back to their rooms to freshen up and change their clothes, preparing for lunch.

After Huo Yuqi returned to her room, she immediately called her brother, Huo Li.

"Brother, what should we do? Sister Ling Wei seems very sad and embarrassed!"

"What's wrong?"

"In today's reality CS game, Mu Huan actually killed Sister Ling Wei! Sister Ling Wei is a god-like person, but now that she has been defeated by Mu Huan, she must be very unhappy!"

"How is this possible?!" Huo Li refused to believe that his goddess would be killed by Mu Huan.

"It's Mu Huan who's despicable. While Sister Ling Wei was frozen in surprise, Mu Huan sneaked an attack on her! If she had fought Sister Ling Wei head-on, she definitely wouldn't have been able to win!" Huo Yuqi said angrily.

This was the extent of this person's bias. It was clear that Ling Wei's own sneak attack had failed, and she had been killed while in a daze due to her shock. But now, Huo Yuqi had painted the situation into a despicable sneak attack by Mu Huan.

"Wait for me, I'll be right there!" Huo Li said before hanging up.

Huo Yuqi had wanted to complain to her brother, but she didn't expect him to hang up and come over.

In this world, the person who idolized Ling Wei more than she did was her brother. Her brother's adoration of Ling Wei was even more brainless than hers. The last time Ling Wei was back in the country, she was still nowhere to be found. Hence, he did what he did and his cousin gave him a good beating for his troubles.

Now that he was rushing over in such a hurry, if he were to cause trouble, then...

At this thought, Huo Yuqi hurriedly called Huo Li.

"Brother, don't think about creating trouble. Cousin is doting on Mu Huan right now. Last time, you got beaten up. If you cause any more trouble, you might really get locked up on the island!"

"Don't worry, I know what I'm doing. I'm not stupid!" Huo Li said.

When Huo Yuqi heard his words, she was relieved. "Come on, then. Let's think about how to help Sister Ling Wei regain her dignity!"

"Yes."

...

The purpose of the gathering was for all of them to have fun and eat together.

Hence, after everyone had changed their clothes, they went to the Chinese restaurant for a meal.

As there were many people, lunch was a buffet.

Ling Wei was someone who could adjust her state of mind very quickly. She also attended lunch, and she remained elegant and refined.

"Sister Ling Wei, you don't have to be unhappy because of what happened in the morning. Mu Huan was the one who sneaked an attack on you when you weren't paying attention. That's the only way she could win. She couldn't have done it if she faced you head-on!" Huo Yuqi whispered to Ling Wei.

"This game is designed for players to try to kill one another while the other party isn't paying attention. Even if I were surprised, I lost because my reaction was not good enough. Failure means failure," Ling Wei said with a faint smile.

Huo Yuqi looked at Ling Wei in awe. She, Sister Ling Wei, had no shortcomings at all! She was elegant, noble, and refined! She could accept her failures. She was too perfect!

On the other hand... She looked at Mu Huan and saw how proud she looked! How infuriating!

At this thought, she glared angrily at Mu Huan.

Mu Huan, who was eating, was baffled by her stare.

However, she merely looked up at Huo Yuqi and lowered her head again to continue eating.

Jin Chen had chased her too closely this morning. She'd had to run as fast as she could in order to avoid his attack. Her stamina had been depleted too much that she was starving.

At this point, eating was the most important!

Seeing how much she could eat, Huo Yuqi wanted to say something that was hard to swallow, but because Bo Junyan was around, she could only say, "Sister-in-law, aren't you afraid of gaining weight? You're eating so much."

Chapter 494: Restoring Her Dignity (2)

Every time they ate together, she'd always eat so much!

"Nope," Mu Huan said with a smile as she lifted her head.

Huo Yuqi: "...!!!"

What's wrong with this Mu Huan?! In the past, she was always impatient when talking to Huo Yuqi, but now, she kept smiling so brightly! Her smile was so bright that Huo Yuqi couldn't even tell whether she was just trying hard to be obedient!

She was speechless.

Mu Huan lowered her head and continued eating.

Seeing that she was only eating dry dishes, Bo Junyan fed her some of the soup that he had just brought over.

Mu Huan opened her mouth and drank the soup he was feeding her.

Seeing the rice stuck at the corner of her mouth, Bo Junyan picked up a napkin and wiped it for her.

Mu Huan reciprocated by wiping the corners of his mouth in turn. Then, she lowered her head and continued to eat.

Bo Junyan looked at her with a dotting expression as she ate and ate.

From time to time, he would pick up the choice bits from his plate and feed them to Mu Huan. Whenever he saw rice get stuck on the corner of her mouth, he would help her wipe them clean.

Bo Junyan, who had always been so aloof and lofty that he would never be intimate with his family, was now serving Mu Huan like this.

This made everyone forget to eat.

If they had not witnessed it with their own eyes, they would not have believed that their Brother Bo would ever behave like this!

Their Brother Bo cared about his family and his brothers, but he'd never known how to express anything since he was young. Back then, the experts had said that he had an emotional barrier. In short, their Brother Bo had always been cold to everyone and could not show any enthusiasm. Even if he cared about them, he would use his own unique way to show his concern and never show it on his face.

But now...

Is this what it means to express emotions? Is this what you call being aloof and cold? This is peak performance!

He was so meticulous at taking care of a woman and making her happy that even the handful of experts in the field of love could not match up to him!

Ling Wei looked at the scene before her and suddenly lost her appetite.

The way Bo Junyan took care of Mu Huan was different from how he had taken care of her since she was young.

His love for Mu Huan far surpassed even his love for Huo Yuqi.

As Huo Yuqi was the only girl in the family, Bo Junyan was also very happy when she was born. He doted on her a lot, but even so, he never did anything like feed her.

But now...

He could actually do this without realizing it.

Mu Huan, who was only focused on eating, did not notice the atmosphere around her. She only slowed down her eating speed when she was 80% full.

She picked up some vegetables and placed them in Bo Junyan's bowl. "Hubby, have some."

Bo Junyan: "..."

He had picked up some good food for her...

While she picked up some vegetables for him.

But in the end, he still ate it.

Seeing that he had eaten them, Mu Huan picked up some more vegetables for him.

Bo Junyan: "..."

Seeing that he did not move, Mu Huan said, "Hubby, eat more vegetables. It's good for your health."

Bo Junyan: "..."

"Be good..." Mu Huan picked up the bowl and fed the contents to him.

Bo Junyan opened his mouth and ate.

Then, Mu Huan picked up some food for him. She placed them in his bowl, but he didn't want to eat those. He only ate what she fed him.

Earlier, it was Bo Junyan who fed Mu Huan. Now, it was Mu Huan who was feeding Bo Junyan.

All the brothers: "...!!!"

How can I still eat?! How?! I'm already too full from the sweetness!

Seeing how loving they were, Gu Qianru couldn't help exclaiming, "It's so good to be young!"

Bo Huaiyun, who was sitting next to her, immediately picked up her favorite food and fed it to her, telling her that she could be young as well.

Chapter 495: Restoring Her Dignity (3)

Gu Qianru's face turned red in embarrassment at her husband's display of affection in front of so many people.

All the bachelors: "...!!!"

I want to find a wife immediately! I want to find her right away!

The first person to stand up to say that he was full was Gu Chenyi. He really could not stand such a scene!

He was supposed to be the one being lovey-dovey!

He liked Xiao Huan so much that he was willing to do anything for her when he was with her! But now, not only was he unable to do anything, he could only watch her like this!

He was really going crazy!

He knew that he shouldn't be looking at her like this. He should avoid her. That way, he wouldn't be in such pain.

But...

He couldn't help but want to take another look at her, not wanting to miss any chance to see her.

This vicious cycle really made him want to die!

He suddenly stood up, and his uncontained emotions attracted everyone's attention.

Bo Junyan's gaze darkened as he looked at his back.

Bo Huaiyun knew why his son was behaving this way.

Even someone as naive as Gu Qianru could sense that something was amiss with Gu Chenyi.

After he stood up and left, she instinctively wanted to follow him.

However, Bo Huaiyun stopped her.

"I want to see what's wrong with my son. Why are you stopping me?" Gu Qianru asked in confusion.

"I scolded him just now. He's in a bad mood, so don't bother about him and let him calm down," Bo Huaiyun said.

"Why did you scold him? What did he do wrong?" Gu Qianru frowned.

Her son had been so obedient recently. Why did he scold their son like this?

"You don't have to worry about this. Come, continue eating." Bo Huaiyun fed her another meal.

However, Gu Qianru no longer had an appetite. She felt that Bo Huaiyun was not telling the truth just now.

She ate her meal absent-mindedly and then, while her husband was not paying attention, went to look for Gu Chenyi.

However, Gu Chenyi also said that he had been scolded by Bo Huaiyun. Gu Qianru had asked him what he had done wrong and why he had been scolded, but Gu Chenyi had also told her to stay out of it. The matter had already passed.

Gu Qianru was innocent, but she was not stupid. It was obvious that there was something going on between the father and son. It was obvious that it wasn't because they were at odds with each other. That wasn't why her son was being like this just when everything was going smoothly.

This made her frown and think about asking Bo Junyan what was going on.

She had never felt such an aura from her son before.

This child was still in his teens, so she had to pay attention to him at all times. She couldn't let him take the wrong path.

Just as she arrived at the place where everyone was having their afternoon entertainment and was about to look for Bo Junyan...

Suddenly, she heard Lin Qingya's voice.

"Xiao Huan, can you not agitate Chenyi like this? He likes you so much. How did you think he'll take it if you treated him like this?!"

When Gu Qianru heard this, she widened her eyes in shock and stood rooted to the ground.

Qingya... What did Qingya mean by that?

Chenyi... Chenyi likes Xiao Huan?

This... how could this be...

How is that possible?!

...

Even if Bo Junyan and the others came out to play, they had their own business to attend to. Mu Huan felt sleepy while listening to their discussion, so she came out and found a quiet place to play games. Once she'd returned to school, she would be busy with work and might not have the time to play games anymore.

However, just as she was feeling good, Lin Qingya suddenly came up and said such things.

"Lin Qingya, live your life well and stop bothering me. Didn't you give me enough warnings last time? Do you really want me to do that?" Mu Huan lifted her eyes and looked over. It would be best if she disappeared right away!

Chapter 496: Restoring Her Dignity (4)

Mu Huan really couldn't understand why Lin Qingya came here to implore her for no reason. She had long seen through what kind of person Lin Qingya was, so why was she here again to act?

"Xiao Huan, Chenyi and I got together because of an accident, but Chenyi still likes you. Just take it that I'm begging you to treat him better, alright?" Lin Qingya pleaded upon walking up to her.

"What you did just now made Chenyi feel terrible! Can't you just avoid him? You've already hurt him like that... so how can you continue to let him down? Xiao Huan, Chenyi likes you so much! He..."

When Gu Qianru heard Lin Qingya's words, she felt her head explode! She knew that there was something wrong with her son! So it was because of Mu Huan! He liked Mu Huan and could not bear to see Mu Huan being so intimate with Junyan!

Suddenly, she recalled how her son had been especially happy every day after the college entrance examination. When she asked him if he had gotten a girlfriend, he happily confirmed it. The girl whom

he had been wooing for a long time had finally agreed to his pursuit. Now that they were together, he even said that the girl was the best girl in the world. He said that after they had dated for a while, he would bring her home and introduce her. He even said that he would be with this girl for the rest of his life!

At that time, her son was really happy and elated. She had never seen him like that before and couldn't wait to see the girl he was talking about. It was just that she had caught a serious cold that day and couldn't get out of bed.

When she was feeling better and said that she wanted to meet that girl, her son said that they had broken up. He even said that that girl was not as beautiful as he thought she was. She got close to him only because he was rich. She was just like those people, pretending to be good!

Because girls used to get close to her son for money, she only cared about comforting him and bringing him abroad to relax. She did not think about investigating who he liked.

Her son really liked and adored that girl. He had been upset for a long time because of this. It was a sadness that she had never seen before.

Later on, she had wanted to investigate that girl, but it was meaningless to do so. It was for the best that the bad relationship ended earlier, so she did not investigate. It was also because of this that when her son had an accident and ruined Lin Qingya's innocence, she felt that Lin Qingya was a good girl. That was why she forced her son to bear the responsibility and wanted him to forget about the previous relationship.

In the past, she would often wonder what kind of girl would make her son like her so much. But she never thought that the girl whom her son liked so much was actually Mu Huan!

Seriously, she had never expected it to be Mu Huan!

But now that she thought about it, she should have realized something long ago. This was because her son had met with an accident at Matriarch Mu's birthday banquet. Back then, when she asked him why he had appeared at Matriarch Mu's birthday banquet, his answer was very vague. However, at that time, she was so anxious about him that she did not think too much about it. Later on, whenever he met Bo Junyan and Mu Huan, his emotions would change. But she did not think too much about it.

Now that she was thinking about it, she felt that she was really brainless! Her husband must have known that his son liked Xiao Huan, which was why he would find all sorts of excuses to stop her every time she wanted to call Xiao Huan home and nurture her relationship with her sister-in-law...

She was really...

Chapter 497: Restoring Her Dignity (5)

Gu Qianru, who had figured everything out, looked at Mu Huan with a complex expression. Through their interactions in the past few days, she had come to feel that Mu Huan was really a good girl. There was no need for further investigation. Given Bo Junyan's love for her, she knew that her son must have misunderstood Mu Huan and broke up with her because of some misunderstanding.

He then saw that the girl he liked had become his aunt-in-law yet was still looking at her that way. It was no wonder that he was behaving like this now!

As she thought of this, Gu Qianru's heart suddenly ached for her son. Her heart ached so much that she started to shed tears.

It would have been fine if it were someone else, but it had to be his uncle... this...!

Mu Huan looked at Lin Qingya and suddenly narrowed her eyes. "Do you really want me to treat Gu Chenyi better?"

Lin Qingya: "..."

Wasn't she supposed to ask Lin Qingya to get lost? Why did she suddenly say such things?!

"Can I really treat Gu Chenyi well?" Mu Huan asked again.

Lin Qingya: "...!!!"

How was she going to continue acting like this?!

Just when Lin Qingya finally thought of something to say after thinking for a long time...

Gu Qianru dashed out. "No! Xiao Huan, you can't treat Chenyi well! You can't do it! Absolutely not!"

Mu Huan glanced at Gu Qianru, who had rushed out, and then at Lin Qingya. A cold glint flashed across her eyes.

She knew that Lin Qingya had ulterior motives for provoking her into saying certain things!

Lin Qingya: "...!!!"

This Mu Huan was becoming more and more adept!

"Xiao Huan, you can't treat Chenyi well. You mustn't treat him well, understand?!" Gu Qianru stepped forward and grabbed Mu Huan's hand, telling her not to treat Gu Chenyi well. She was so loving with Bo Junyan, and her son couldn't let go of her. If she treated her son better, that hook would make her son even more unable to let go!

If Mu Huan had married anyone else, she and her son might still be able to be together. But she married Bo Junyan, so there must be no more relations between them!

"Sister-in-law, I know," Mu Huan said to Gu Qianru.

"It's good that you know... It's good that you know..." Although it would be painful and heart-wrenching for her son to see Mu Huan and Junyan being so loving, it was necessary!

Sometimes, being nice to someone meant being ruthless with them.

Mu Huan was showing kindness to her son not by treating him well but by agitating him so that he would know how well she had married and how happy she was with Bo Junyan. She wanted Gu Chenyi to give up as soon as possible.

At this thought, Gu Qianru looked at Lin Qingya and frowned. “Qingya, what’s wrong with you? Since you know about this, why did you not tell me and instead came here to beg Xiao Huan to treat Chenyi better? Are you...”

Gu Qianru almost blurted out, “Are you stupid? You’re practically begging this question!”

However, this was her future daughter-in-law after all. It was not good to embarrass her in public.

“Mom, I just can’t bear to see Chenyi suffer... I...” Lin Qingya said as tears streamed down her face.

Mu Huan frowned. Gu Qianru was a very good person, and she treated her very well. She didn’t want her to be fooled by Lin Qingya, but when she thought about Gu Qianru’s poor health and Gu Chenyi’s grandfather,

She then recalled that even though Gu Chenyi knew about Lin Qingya’s true colors, he did not expose her. If she had said something that caused something to happen to Gu Qianru’s body, the consequences would be dire. She would be an unforgivable sinner.

Hence, she held back her words.

Chapter 498: Restoring Her Dignity (6)

After Lin Qingya and Gu Qianru had left, Mu Huan was no longer in the mood to play games. She got up and went to look for Bo Junyan.

When Bo Junyan saw her return, he stopped what he was discussing and reached out to pull her into his embrace.

Seeing how he was so used to this behavior like it was his nature, everyone believed what he’d said. Love could change everything!

Love was the most magical and greatest power in this world! It could cure everything!

Look...

Their Brother Bo’s emotional disorder had just been cured!

Sensing the change in Mu Huan’s mood, Bo Junyan lowered his head and kissed her. “What’s wrong?”

“We’ll talk about it tonight,” Mu Huan whispered.

When Bo Junyan heard this, he looked at the crowd and said, “Let’s end the discussion here. Your sister-in-law is tired, so I’ll take her for an afternoon nap.”

Everyone: “...”

Mu Huan: “...”

It just wasn’t convenient for her to talk about Lin Qingya in front of so many people, not like she wanted to sleep!

But before she could say anything else, Bo Junyan lifted her up and walked out.

Mu Huan could not say anything else.

It was only when she was outside that she struggled to get down. "Hubby, I don't want to sleep. I have something to tell you."

"Let's talk in the room." Bo Junyan hugged her tightly and told her not to move.

Mu Huan had no choice but to let him carry her back.

Ever since she became pampered by him, she felt that her legs were almost useless. She was being carried around by him all day.

He wasn't getting tired at all.

When they reached the room, Bo Junyan did not put down Mu Huan. Instead, he carried her to the sofa.

After he had settled down, Mu Huan told Bo Junyan about what had happened just now. "Sister-in-law is such a good person. For her to be coaxed by Lin Qingya and believe her so much, this..."

"You don't have to worry about this. My cousin has already made arrangements." Bo Junyan lowered his head and kissed her.

Mu Huan: "..."

They were still talking yet he already kissed her!

"But I think..." She wanted to say something else.

"You don't have to be bothered by anything. Everything will be settled in time. The Gu family isn't something that Lin Qingya can plot against." Bo Junyan didn't want Mu Huan to know about certain dark things. All she needed to do was to enjoy all the good things.

"Your cousin is planning..." Mu Huan, who wanted to ask him what his cousin was going to do, was instead swallowed up by Bo Junyan.

...

Huo Li arrived in the evening. He did not see Bo Junyan, and neither did Bo Junyan and Mu Huan come out for dinner. He then heard that Bo Junyan had carried Mu Huan back for an afternoon nap and did not leave the room again.

No one dared to knock on the door and ask them to come out for a meal.

Huo Li liked Ling Wei a lot, and not in the way Huo Yuqi idolized her. He liked Ling Wei so much that he had never had any other girlfriend.

However, since Ling Wei's target was Bo Junyan, he could only step aside no matter how much he liked her.

Only Bo Junyan, Ling Wei, and Bo Junyan's grandfather knew the truth behind the breakup. Everyone else thought that it was Bo Junyan who'd wanted to get married, but Ling Wei wanted to go to the Middle East to be a humanitarian who saved lives. The two of them broke up only when their opinions did not match.

Ever since they broke up, Bo Junyan had never been in contact with women. Meanwhile, Ling Wei, who was overseas, only sent news that someone was wooing her. She did not say who she was with.

For some reason, Ling Wei was in a secret relationship with her overseas boyfriend. Other than her family, only Bo Junyan and his grandfather knew about it.

Chapter 499: Restoring Her Dignity (7)

Hence, Huo Li and Huo Yuqi thought that Bo Junyan had been waiting for Ling Wei all these years while the arrogant Ling Wei had been waiting for Bo Junyan to woo her.

They had thought that no matter what, they would eventually end up together. Who knew that Bo Junyan would marry Mu Huan and treat her so well?!

Even now that Ling Wei was back, he had no intention of divorcing Mu Huan.

This made Huo Li feel that Bo Junyan had betrayed Ling Wei!

Hence, despite what he'd done previously, he rushed over to restore Ling Wei's dignity after hearing that she had been killed in the game

And now, after hearing that Bo Junyan had returned to his room with Mu Huan in his arms, he became even angrier!

After returning to his own room, Huo Li paced around angrily. "How can he do this?! How can Cousin do this?!"

Even a fool would know what they were doing in the room, making Ling Wei feel even more terrible and embarrassed!

She had put down her pride for his cousin and came back to find him, but his cousin was treating Sister Ling Wei like this!

If he wasn't his biological cousin, he would have rushed in to kill the two of them!

Huo Yuqi suddenly thought of something and said in horror, "Brother, do you think that Mu Huan knows some kind of sorcery? She must have used sorcery to make Cousin like this!"

Huo Li's mouth twitched. "What are you thinking?! Are you stupid?! How can there be sorcery in this world?!"

Huo Yuqi, who had been scolded for having a screw loose, said angrily, "How can there be none?!"

She seemed to have thought of something and continued, "If she doesn't know how to do witchcraft, why is it that when she gives me a radiant smile, I can't bring myself to say nasty things about her?"

Today, when she was trying to look for trouble with Mu Huan, Mu Huan smiled at her so beautifully that she could not bring herself to say what she'd wanted to say.

Huo Li refused to believe that there were things like sorcery in this world. Hence, when he heard his sister's words, he narrowed his eyes slightly. "Don't tell me you fell in love with her because Mu Huan saved you? That's why when you saw her smile at you, you couldn't say any more bad things about her!"

Huo Yuqi said instinctively, "How is that possible?! How can I like her?! I only like Sister Ling Wei! I only recognize Sister Ling Wei!"

Huo Li snorted, his face full of disbelief!

In order to show her loyalty to Ling Wei, Huo Yuqi said firmly, "How about this, Brother? I'll do whatever you say we do! Let's deal with Mu Huan together! See if I can do it or not! I'll do whatever you want me to do!"

Huo Li thought about it and asked, "Did Brother Huaiyun say what activity he's going to throw tomorrow?"

Huo Yuqi said, "Horseback riding."

"Alright, I'll go out for a walk to cool down. You should go to bed early!" Huo Li stood up and walked out.

Huo Yuqi grabbed his arm instinctively. "Brother, what are you going to do?"

"Taking a walk to cool down."

"Do you think I'm stupid?" Huo Yuqi pouted.

He clearly wanted to do something bad!

"You're not stupid. You're the smartest. Hurry and go back to your room to rest," Huo Li said as he pushed her hand away and walked out.

Huo Yuqi was about to give chase.

"Don't come after me or I'll be furious!" Huo Li's gaze turned cold.

Apart from Bo Junyan, Huo Yuqi was most afraid of Huo Li. Hence, even though she was so angry that she stomped her feet, she did not dare to chase after him. She only shouted, "Brother, don't go overboard. Otherwise, Cousin will definitely not let you off lightly!"

"I know." Huo Li waved at her, telling her not to worry.

Chapter 500: Restoring Her Dignity (8)

Huo Yuqi looked at his back and suddenly regretted making that call.

The next day, at the stable.

Today's weather was even better than yesterday's. The sky was so blue that it made one's mood turn for the better. When it shone through the treetops and down to the ground, the mottled sunlight swayed along with the leaves, making one feel that everything in the world was too beautiful.

Especially when a peerlessly handsome man was standing in front of you.

Mu Huan leaned back on her chair and looked at the extremely dashing Bo Junyan in his riding attire. She could not help but sigh again. She must have saved the entire galaxy in her past life to meet him.

She couldn't help but feel grateful to those who had hurt her and wanted her to be with him.

At the thought of this, she decided to be more magnanimous and not hate them so much anymore.

Just then, Bo Junyan bent down. As his handsome face drew closer, Mu Huan's heart began to race uncontrollably.

"You're not going to ride?"

"I'll just watch you from here."

"What's wrong? Didn't you say that you were looking forward to riding a horse? Why did you suddenly change your mind?"

Mu Huan whispered something into his ear.

Looking at her small face, Bo Junyan suddenly thought of something. He lowered his head and kissed her.

Everyone: "—!!!"

Do you have to be like this?! Do you?! We're still here!

So many people are still around!

Gong Zeye and the rest felt that they could not come out to play with their Brother Bo anymore. If they joined him a few more times, they would not be able to survive!

No one would have thought that such a cold and aloof person could become so enthusiastic and passionate just like that. It looked like he wished that the two of them could stick together every day.

...

In competitions, there were no winners and losers, only people who wished to improve. Hence, today's horseback-riding competition was not purely about riding horses, but rather, sportsmanship.

After Bo Junyan and the rest left the stands to prepare, Mu Huan, who was sitting on a high spot, looked on lazily.

In fact, she really wanted to go down and have some fun, but she was really tired today. Besides, riding was also a physical activity, so it was better for her to stay in the audience to watch.

"Sister Ling Wei is good at horseback riding. She's the only one who can be on par with my cousin."

When Mu Huan heard this sudden voice, she lifted her eyes and looked over. Then, she couldn't help but sigh in her heart. There were really too many rich and handsome men around here! Her husband's friends and family were all so good-looking!

"Look at the two of them. Aren't they compatible with each other?" The boy pointed at the track for Mu Huan to see.

Mu Huan looked in the direction of his finger and saw Bo Junyan and Ling Wei approaching them. The man was handsome and dashing, and the woman was valiant.

She nodded. "Yes, they do match."

Huo Li: “—|!!!”

Is there something wrong with her?!

Didn't Huo Yuqi say that once Mu Huan hears that their cousin was a good match with Sister Ling Wei, she would explode with anger and want to kill someone?

What kind of response was this?!

She actually nodded and agreed with him!

“It's just a pity that they're not a couple. Now that one of them is married, no matter how beautiful and compatible they are, he can't accept her. No, even if they can be together, my husband only likes me and won't accept her,” Mu Huan said regretfully.

“What are you talking about?!” Huo Li could not bear to hear Mu Huan say such things about Ling Wei. It was as if his Sister Ling Wei was the mistress—that she was the third party that shouldn't have appeared!

“Just what you heard,” Mu Huan said coolly.
