

Fake Marriage 501

Chapter 501: Is There Something Wrong? (1)

“Mu Huan, it’s you who’s the third party—a third party that shouldn’t have appeared!” Huo Li looked at Mu Huan with a dark expression.

“Ha...” Mu Huan had no other response except a snort.

“Mu Huan, which part of you do you think can match up to my Sister Ling Wei?” Huo Li was the same as Huo Yuqi. He felt that Mu Huan should feel inferior when facing Ling Wei. Even if she could hold on for a while, she would soon hide in a corner, feeling inferior and uncomfortable, and secretly cry.

But she was actually so arrogant!

“Uh-huh, I’m nothing compared to her,” Mu Huan agreed.

“Then why aren’t you withdrawing?”

“What am I supposed to withdraw from?” Mu Huan’s expression was unreadable.

“You’re supposed to divorce my cousin!” Huo Li was not going to let her put on an act. He was very direct.

“Why should I divorce your cousin?”

“Mu Huan, don’t play dumb!”

“No, I’m not acting dumb. I’m really stupid. I really don’t know why,” Mu Huan said seriously.

Huo Li: “...!!!”

After a while, he said, “Mu Huan, don’t think that you can just pretend to be a fool and get away with it! There’s no way you can compare to my Sister Ling Wei. You’re not good enough for my cousin at all! If you know what’s good for you, then quickly quit. Don’t make us make a vicious move!”

Initially, Mu Huan didn’t want to say anything more, but now she couldn’t help but say, “I think it’s really strange that the two of you are chasing me away before Ling Wei even mentioned Bo Junyan. You don’t want me to say that Ling Wei is the third party, but you’re also setting her up to be a third party. Are you guys sick?”

Huo Li: “...”

“Don’t be too anxious. Look at the blue sky and breathe in the air here. Life is so beautiful. Enjoy this beautiful life!” Mu Huan was very polite to him as he was Bo Junyan’s relative.

Huo Li: “...!!!”

Right at this moment, Bo Junyan and Ling Wei had finished running a few rounds.

Just as Huo Li had said, only Ling Wei could be on par with Bo Junyan at horse riding.

Bo Junyan arrived at the finish line first, and Ling Wei arrived shortly after. There was hardly any difference.

“Look, the two of them together appear so good!” Huo Li looked at the two of them who had arrived at the finish line. He was very envious, and he really wanted to be the one standing next to Ling Wei. However, he knew that he couldn’t catch up to his cousin no matter what. His goddess was so perfect that she was compatible only with a perfect man!

Strictly speaking, what Huo Li felt for Ling Wei wasn’t entirely a love between men and women. If it was pure love between men and women, he would be jealous and want to have it for himself. Instead, he was thinking of ways to help her get together with another man.

He should be hoping that it was impossible between Ling Wei and Bo Junyan, because only then would he have the chance to be with Ling Wei.

Mu Huan narrowed her eyes. Even though she had adjusted her mentality, she could not bear to see such a scene!

No, it’s only natural that there was no woman in this world who could bear to see that her man was a perfect match with another woman.

“If you don’t go down to play, you’ll have to watch this scene all morning! Or do you not know how to ride a horse?” Huo Li raised an eyebrow.

“You’re so hung up on wanting me to go downstairs to play. Are you waiting to see me embarrass myself?” Mu Huan turned to look at Huo Li and raised an eyebrow.

Huo Li: “...!!!”

Just as his sister had said, Mu Huan was really smart!

“What nonsense are you spouting?! I’m not that kind of person! I just feel that your equestrian skills must definitely not be as good as Sister Ling Wei’s, and that’s why I want you to go down and have fun. It’s only you who thinks it’ll be embarrassing!”

Chapter 502: Is There Something Wrong? (2)

“Now that you’ve said that, I really do want to go down and have some fun!” The scene of the two of them riding their horses was too eye-catching!

“Hmph! You were purely lucky yesterday to have been able to get rid of Gu Chenyi before he’d even prepared himself to fight. Gong Zeye had also underestimated his opponent. If Sister Ling Wei were to face you head-on, you’d definitely not be her match! Just looking at you being chased by Jin Chen, I know you don’t have that capability!” After Huo Li arrived, he’d watched the video recording.

He felt that it was purely because of luck that Mu Huan could kill three more enemies than his cousin!

“There’s nothing better than luck nowadays! For example, if you weren’t born to a wealthy family, you probably wouldn’t have been able to earn money for a watch at your age. Therefore, luck is the most important thing. It’s enough that I have good luck,” Mu Huan said with a smile.

Huo Li: “...!!”

Wasn't she studying medicine? And she was a top student. Usually, such a person would be a bookworm. Why was she so good at talking?!

Just as Huo Li was about to say something...

Mu Huan had already stood up and was walking down.

Seeing that she was planning to go on a horse, Huo Li did not say anything else and followed her down.

When he got down, he saw Mu Huan standing at the finish line.

"Why aren't you picking a horse?" Didn't she say she wanted to come down to play?

Mu Huan looked at him with an expression that said, "I am picking a horse, and I happen to take a liking with you."

"Mu Huan, don't judge a gentleman by his narrow-mindedness! Also, you said you wanted to play, but how can you if you don't ride a horse?! Why don't you return to the stands and just watch the match?!"

Mu Huan remained silent.

Just as Huo Li was about to say something else, Bo Junyan and Ling Wei arrived at the finish line.

When Mu Huan saw Bo Junyan's horse stopping, she immediately took a bottle of water and went up to him. "Hubby, have some water."

After Bo Junyan had finished drinking the water...

She reached out with her hands and tiptoed. "Hubby, I want to play too!"

Ling Wei frowned.

Huo Li: "Mu Huan, my cousin is competing!"

Mu Huan did not even look at him. Instead, she looked straight at Bo Junyan and asked, "Hubby, do you think adding me will affect your competition?"

Bo Junyan responded by reaching out to pull her onto the horse.

Then, he whispered into her ear, "Didn't you say it was uncomfortable?"

"That's why I'm riding with you. Since you're the one moving, I won't have to. If I don't use any strength, I'll still be able to enjoy the feeling of being in the wind. Aren't I smart?" Mu Huan turned to look at him.

Bo Junyan did not speak and only smiled as he kissed her.

Huo Li: "...!!!"

How could this Mu Huan be like this?!

He'd assumed that Mu Huan would never be able to bear to see such a beautiful scene where his cousin and Ling Wei were together. As such, she would definitely want to go down and ride a horse and cause trouble. Hence, he had tampered with the remaining horses that looked pretty good. This way, Mu Huan would be embarrassed if she picked one!

And if it had turned out that she didn't want to play and thus didn't choose a horse, then she could only watch his cousin and Ling Wei being together and painting such a beautiful picture, and hence feel upset.

Never would he have thought that Mu Huan would resort to this!

She actually got on his cousin's horse and got him to bring her to the competition. This way, not only would it not be embarrassing, but it would also ruin the beautiful scene of his cousin and Sister Ling Wei together!

Despicable, crafty!

This Mu Huan was really too despicable and crafty!

As though she knew what he was thinking, Mu Huan looked into his eyes and made a face at him.

This infuriated Huo Li even more!

She did it on purpose!

Chapter 503: Do You Dare to Challenge Me? (1)

Mu Huan became even happier when she saw his angry face.

Bo Junyan, who could not see her expression, could only sense the change in her mood. "Why are you suddenly so happy?"

"I'm happy because I can gallop with you, Hubby! I'm especially happy!"

Bo Junyan thought that she was saying this to anger Ling Wei, so he smiled and did not speak.

And now, the match was about to begin.

"Junyan, you're going to lose to me this time with someone riding with you!" Ling Wei looked at Bo Junyan and raised an eyebrow.

Let him indulge in Mu Huan!

"Really?" Bo Junyan smiled faintly.

"Come then!" Ling Wei provoked.

Mu Huan looked at the dashing Ling Wei and thought to herself, *If it weren't for the fact that she is coveting my husband, I would have appreciated her.*

Sigh, seriously, she's such a good-looking girl. She's talented and has everything she wants. There must be many men who are wooing her. What's the point?!

Mu Huan hoped that after some time, Ling Wei would be able to see Bo Junyan go forth with a heart as firm as steel and continue to succeed with her life.

...

Ling Wei had always thought that her speed was about the same as Bo Junyan's. It was only after the competition had ended that she realized that there was a huge gap between them.

Her equestrian skills were second only to his, but the difference between them was too great. The racecourse was so short, yet she had been left behind by him for such a long time. What more if it was a long-distance race?

On top of that, this time, he was bringing someone with him, which affected his speed!

"So you were always giving in to me in the past!" Ling Wei looked at Bo Junyan.

In the past, there was never such a huge gap between them.

Bo Junyan lowered his head and glanced at Mu Huan. "No. It's because I had the motivation to win today that my full potential was stimulated."

Ling Wei: "...!!!"

The faces of Long Feiting and Gu Chenyi, who were following behind, darkened when they heard Bo Junyan's words!

They did not expect Bo Junyan to say such things!

Such sweet words shouldn't come from someone like him!

"Hubby, I love you!" Mu Huan turned to kiss Bo Junyan.

Everyone present: "..."

Those bachelors were so agitated by this love that they wanted to blacklist the two of them.

Not to mention those who were interested in the two of them.

All of their faces darkened.

It felt like they were looking for torture when they were with these two!

When Huo Li saw the gloominess in Ling Wei's eyes, he reckoned that she must be feeling upset. Hence, he looked at Mu Huan and said, "Sister-in-law, didn't you say that your riding skills were good? Do you want to compete with me?"

Huo Li had won a big prize for a riding competition. He felt that if he were to race against her seriously, he would not be much worse than Ling Wei. Only his cousin could win against his Sister Ling Wei's riding skills, and Sister Ling Wei's and Cousin's riding skills were top-notch!

Other than them, no one else could beat him!

He had investigated Mu Huan beforehand and knew that she had been kicked out of the family when she was young. Given her living conditions after that, it was impossible for her to have received professional riding training. Hence, he felt that even if she knew how to ride a horse, she was still an average person. No, even if she wasn't an ordinary person, she wouldn't be able to defeat him! Hence, he wanted to compete with Mu Huan in riding so that he could restore Ling Wei's dignity.

Mu Huan raised an eyebrow. Since when did she say that her riding skills were good? Furthermore, he didn't even know if she knew how to ride a horse, which could only mean he was provoking her. It seemed that his personality was similar to his sister's. He was a spoiled and naive boy.

"Sister-in-law, are you afraid of me?" Huo Li's face was full of provocation.

Chapter 504: Do You Dare to Challenge Me? (2)

Bo Junyan warned coldly, "Huo Li."

"Sister-in-law, if you don't dare to compete with me, just tell me. It's not like I have to compete with you." Even if Huo Li wanted to retreat, he had to find a way out for himself.

"Why wouldn't I dare to compete? I'm just thinking about what we're going to compete on. How about we make a bet? The only way to spur people on is if there's something at stake," Mu Huan said as she stroked her chin.

When Bo Junyan saw what's happening, he lowered his head and whispered into her ear, "Xiao Li's riding skills are comparable to Ling Wei's. At most, it's just a little bit worse."

"I see. But I'm not afraid."

Bo Junyan did not say another word.

"Do you dare to compete with me?" Huo Li did not expect Mu Huan to fall for his provocation.

"Yes, but we have to make a bet first!"

"Sister-in-law, let's bet whatever you want!" Huo Li said magnanimously.

"Remember what you said!" Mu Huan was waiting for his reply.

"I said it!"

"But will you keep your word?"

"I will keep my word! I, Huo Li, will never go back on my words!" Huo Li's expression was that of a man who could hold up the heavens and earth. He would definitely keep his word after he'd spoken!

"Alright, then, let's bet. If I lose, I'll promise you one thing. If you lose, you have to promise me that you won't say anything about your Sister Ling Wei and my husband in front of me again! Your Sister Ling Wei is such a perfect goddess and has such a good reputation. Don't make anyone misunderstand her!" Mu Huan looked at Ling Wei as she spoke.

"Sister Ling Wei, aren't I right?!"

Ling Wei's expression darkened. She didn't expect Mu Huan to say that.

"Mu Huan, what are you saying?!" Huo Li did not expect Mu Huan to say this in front of so many people!

"Tell the truth. Just now, when we were watching on the stands, weren't you saying all sorts of things about Sister Ling Wei and my husband being compatible? It made me very uncomfortable. So, do you want to compete?" Mu Huan raised an eyebrow.

Huo Li said with a darkened expression, “Mu Huan, can you not speak nonsense?!”

Mu Huan had never liked to speak too much to others, so she said directly, “If you accept the conditions I laid out just now, let’s compete. If you don’t want to, we’ll just play according to your wishes. But in the future, don’t tell me things like what you said on the spectators’ stand!” Initially, she didn’t plan to fuss over the things he had done behind people’s back, but she still wouldn’t let him off so he could continue chasing after her and torture her.

Huo Yuqi no longer spoke nonsense in front of her now. Likewise, she didn’t want him to continue speaking in such a manner. Since he wanted to torture her, then she would also torture him until he stopped speaking nonsense!

Huo Li was young and full of vigor. Furthermore, he wanted to make things difficult for Mu Huan, so he had to accept the challenge! “Alright! Go pick a horse, I’ll wait for you!”

“There’s no need to pick. Hubby, you may leave. I’ll use your horse to compete with him!” Mu Huan said as she looked at Bo Junyan.

“This horse is too big and has a strong temper,” Bo Junyan whispered.

The horse that Bo Junyan was riding was his personal horse, and it had a very difficult temperament. When Mu Huan was riding it just now, the horse was unwilling to let her stay and tried to fling her several times.

If it weren’t for Bo Junyan, she might not have been able to suppress it and would have been thrown off by it.

Mu Huan said, “After riding two laps, it’ll be well-behaved already. I’m not afraid.”

“Are you sure?”

“Yes,” Mu Huan said affirmatively.

When she came down from the stands, she’d looked around at the other horses beside her. Most of them had been tampered with by Huo Li, while the rest could not run fast. Although this horse was difficult to handle, it was not a problem for her to settle it. At most, it would take some time. Most importantly, it was fast enough, giving her a chance to win.

If it were any other horse, she wouldn’t even have a chance to win.

Chapter 505: Do You Dare to Challenge Me? (3)

Bo Junyan did not say another word and immediately got off the horse. He knew that Mu Huan would do things only if she was feeling confident.

Everyone knew that Huo Li’s riding skills were good, but they also knew that if someone like Mu Huan had average riding skills, she wouldn’t have provoked Huo Li like this and wouldn’t have agreed to compete!

Furthermore, Bo Junyan must have told Mu Huan about Huo Li's capabilities. Under his instructions, Mu Huan had Bo Junyan to draw on in terms of horsepower!

This meant that Mu Huan's riding skills were good!

This made the competition very interesting!

Hence, the people who were originally on the field stopped at the finishing point and watched the two of them.

Huo Li wasn't stupid either. Since Mu Huan dared to accept the challenge and provoke him like this, even if he didn't find out that she was good at riding, he believed in his own riding skills! However, he wasn't underestimating his opponent at all. He focused and meant to go all out.

However, the moment it saw Bo Junyan, the horse beneath her started to shake vigorously. There were even a few times when it almost threw Mu Huan off.

He relaxed a little. "Are you sure you don't want to change horses?"

If she couldn't even tame the horse beneath her, what was there to compete about?

Mu Huan looked at him with a look that said, "I won't pick among those horses as you wish!"

Huo Li: "..."

Why was she so sure that he had tampered with those horses?!

Initially, Huo Li did not want to compete with Mu Huan. He only wanted Mu Huan to go on a horse riding trip and let others see how ugly she was. Hence, he'd fed the horses medicine. After they went on the track, they would only run around and not run in the right direction. It would make people think that her riding skills were bad.

However, she could not have found out anything about the medicine he had fed the horses. He was sure that no one had seen him feeding them medicine. How could Mu Huan be so sure that he had laid a hand on those horses?

Right then, Gong Zeye asked, "Little sister-in-law, why don't you ride this horse of mine?"

"There's no need for that. I'll be able to settle it right away!" Mu Huan was a person who became braver as the battle progressed. This horse was not for her to ride and wanted to shake her off, so she had to ride it even more!

But after she said that, the horse swung even harder!

Just as Bo Junyan was about to say something, he saw Mu Huan coming up with a few vicious moves to make the horse completely obedient!

When Huo Li saw her moves, his relaxed state of mind instantly tightened again. He did not dare to look down on Mu Huan anymore!

However, he couldn't help but ask, "You've never learned horse taming before, so how did you do that?"

“I’ve worked at the best horse farm in Yun Cheng. I should be able to do it after seeing those horse trainers reprimanding them like this,” Mu Huan said happily after she had tamed the horse and it stopped moving.

Huo Li: “...”

She wasn’t undergoing professional training, but she was working!

“Little sister-in-law is really formidable!” The more Gong Zeye interacted with Mu Huan, the more he felt that she was a very talented person. She had learned dice during the summer vacation and had learned it from someone else since she was young. Now, she was able to tame a fierce horse in such a short period of time while playing games at the racecourse! She couldn’t be any better!

It was no wonder that their sister-in-law was not afraid at all when Ling Wei came back so aggressively!

“I’m so-so!” Mu Huan said modestly.

Gu Chenyi looked at Mu Huan with a complex expression. “How many places have you worked in?”

As far as he knew, she had already worked in many industries, and now it turned out she had worked at a stable! And she had even learned such a technique from there!

Chapter 506: Do You Dare to Challenge Me? (4)

It wouldn’t be good if Mu Huan didn’t respond to him, so she casually said, “Not many.”

In fact, ever since she was young, Mu Huan had practically worked in all kinds of illegal businesses in Yun Cheng. Besides, there was another reason she worked such jobs. She didn’t have the time or money to especially study those things outside of her classes. Hence, she’d had to find such places in which to work. For example, if she wanted to learn musical instruments, she would work at a place where she could learn music. If she wanted to learn Taekwondo, she would work at a place where she could be taught Taekwondo.

When she was younger, she would work for others for nothing. When she got older and would not be considered a child, she would work for whatever she wanted to learn, no matter how much money she had to pay. When she was willing to endure hard work and not bear grudges, employees would naturally be willing to use her. Most people in this world loved talent. Furthermore, Mu Huan was very good at talking. All the masters who worked at her workplace liked her very much. When they saw that she did not have the money to study, they would teach her for free. Hence, after working there, she would eventually learn the essence of that place.

She knew a lot of things. They were all very complicated and useful.

Gu Chenyi instinctively said, “I already know of a lot, so how can you have only a few?!”

Everyone instantly turned to look at Gu Chenyi. He was well aware of Mu Huan’s matters?

Gong Zeye and the rest only knew that Mu Huan had been chased out of the family since she was young and had had a tough life. She depended on her granny and relied on her work to survive. However, they did not check on her any deeper.

Hence, upon hearing Gu Chenyi's words, they were all curious. They were curious as to how he had found out about Mu Huan's troubles. Furthermore, from his tone, it seemed like he was very familiar with Mu Huan.

Seeing this, Mu Huan hurriedly said, "I've been classmates with Chenyi for three years."

Everyone broke out into a cold sweat upon hearing this. Their student lives were so far in the past that they had forgotten that the two of them were high school classmates! Having been classmates with her for three years, he naturally knew a lot about Sis-in-law.

Gu Chenyi's gaze became even more complex and gloomy as he watched Mu Huan explain their past relationship.

"Where did you find so much time to work so hard?" When she was in school, she often slept on the table. He thought that she was bored with class, but now, it seemed to him like she had spent all her sleep time on work.

Mu Huan didn't expect Gu Chenyi to ask such a thing. "There's always a way to squeeze more time here and there!"

In fact, it was just as Gu Chenyi had thought. Mu Huan had used all the time that she should have been sleeping to work. After she turned 14 years old, as her grandma's suppression of her granny became more and more vicious, her granny's outpatient consultation did not have many patients coming in. Let alone earning money, she could barely afford the rent. Mu Huan could only sleep for four hours a day and spend the rest of her time earning money to maintain her life.

Just as Gu Chenyi was about to say something...

"Alright, alright, Huo Li, we can compete now!" Mu Huan changed the subject.

Seeing this, Gu Chenyi did not probe further. If he continued, it would only make him feel even more regretful and even more foolish! He had always said that he liked her and wanted to give her the best of everything, but he did not pay attention to her predicament. He had only pushed her away because of what others had said...

The more he thought about it, the more upset he felt. In the end, he couldn't stand it anymore and got off the horse.

Gu Qianru, who was watching from the stands, felt her heart ache when she saw her son coming up. She had always felt that her son had not let go of his feelings for her, but now, it seemed that not only did he not let go, but he was also still deeply involved.

But it was impossible between him and Xiao Huan.

Chapter 507: Do You Dare to Challenge Me? (5)

Being unable to love was the most painful thing in the world.

She seemed to have thought of something and looked at Lin Qingya, who was sitting beside her. "Do you know why they separated?"

Lin Qingya was stunned by her sudden question and did not know how to answer it.

Just then, Gu Chenyi walked over.

“Qingya, come here.”

Although she felt that it wasn't a good thing for Gu Chenyi to call her at this time, Lin Qingya still hurriedly stood up. “Mom, Chenyi is calling for me.”

“Go over first.” Gu Qianru patted her arm lightly.

Actually, after asking that question, she felt a little regretful. The fact that her son had another woman in his heart was already making Qingya feel terrible, yet she still asked her that question.

It was a good thing that her son had interrupted this conversation. Otherwise, it would have been awkward.

After Gu Chenyi had called Lin Qingya away, the competition was about to begin.

Gu Qianru looked at Mu Huan, who was riding on a horse with such confidence and heroic spirit. She could not help feeling a little regretful.

Unfortunately, this was not her daughter-in-law. But just think, if her son liked her and she liked him, how wonderful would that have been?!

Initially, Gu Qianru liked Lin Qingya very much, but as they spent more time together, she felt that she had gotten to know more and more about Lin Qingya's life. There was no way she could like Lin Qingya as much as she did in the beginning.

On the other hand, every time Mu Huan met and interacted with her, she would always like her more.

The sound of the whistle snapped Gu Qianru back to her senses.

Then, two figures shot out like a beam of light!

Huo Li focused all his energy and fought with all his might to save his Sister Ling Wei's face!

Mu Huan, on the other hand, knew that Huo Li was very strong, and she was trying her best to raise her spirits.

After the two of them started, Bo Junyan and the rest went up to the viewing platform to watch the match.

The track was very long, and one could only see the end through a pair of binoculars.

The rules were simple: run three laps in a single competition. The first person to run three laps to the finish line would be the winner.

In the first round, because Mu Huan and her horse were still in the midst of synchronizing, Huo Li was in the lead. However, Huo Li did not dare to relax and continued to do his best in the second round. Even so, Mu Huan was almost catching up to him in the second round. She had fallen so far behind during the first round, yet she was about to catch up with him in the second round. This proved that she was faster than him!

This made Huo Li slap his horse even harder, wanting it to run faster!

When Huo Yuqi, who was watching from the side, saw this, she felt that something was amiss. Hence, she took the opportunity to ride her horse when no one was paying attention. She wanted to cause trouble on the track so that her brother could win this match.

However, when she found the right opportunity to dash out, not only did she not disturb Mu Huan, but she also did not slow down her speed. On the contrary, because Huo Yuqi's horse was frightened, it suddenly got a shock and started to shake violently!

"Ah... Ah...!" Huo Yuqi screamed in fright.

When Huo Li heard her scream, he turned around and saw that Huo Yuqi was about to be thrown off the horse. He was so shocked that he was frozen!

Under such circumstances, if one was thrown off lightly, one would suffer a fracture, and if one was thrown too heavily...

At this point, everyone watching the match on the platform had stood up in shock. Even Bo Junyan, who had always been as calm as a mountain, suddenly stood up.

However, even if he had the ability, he could not save Huo Yuqi at this moment!

Just as he was about to order his men to get ready for emergency treatment and he was about to dash over as well...

Chapter 508: Do You Dare to Challenge Me? (6)

Mu Huan, who had just dashed ahead, turned around, bent over, and dashed toward Huo Yuqi. When she was close enough, she reached out to grab Huo Yuqi, who was about to be thrown off, and pulled her onto her horse!

The timing was perfect!

Everyone was stunned!

Their hearts were pounding furiously!

"I can't take it anymore! I can't take it anymore! I'm about to kneel down and worship Sister-in-law!" Gong Zeye came back to his senses and realized that he was worshipping Mu Huan so much that he couldn't say a word and could only kneel down!

"I feel like I'm about to kneel..." Jin Chen said in disbelief.

Their little sister-in-law's reaction speed was really fast to the point of deserving worship!

Of course, under the same circumstances, it would have been very easy for Jin Chen and the rest to have saved Huo Yuqi. What made them so amazed was that they all felt that Mu Huan was a quiet and gentle girl! For such a young girl to have such a reaction speed, ability, composure, and wisdom in dealing with situations, they found it unbelievable!

Also, Mu Huan's movements right as she was saving Huo Yuqi were really too cool!

Her chivalrousness made their hearts race!

When this woman was being so valiant, there really wasn't any man who could compete!

Full of pride and surprise, Bo Junyan looked at Mu Huan. But how could such a weak and delicate woman have such strength?

To have been able to grab Huo Yuqi from her horse, or even if she had grabbed the horse itself and pulled it away, she would have to be strong.

Ling Wei's grip on the railing became even more forceful. This Mu Huan was really too outstanding!

All along, she had thought that she was already very outstanding and talented, something that ordinary people could not match up to. Never did she expect that Mu Huan could...

Just then, Mu Huan turned around and dashed forward with Huo Yuqi in her arms, continuing her match.

By the time Huo Li regained his senses, she had already surpassed him.

Huo Li hurried over.

Huo Yuqi, who was in Mu Huan's arms, felt her heart thumping wildly. It thumped so hard that she didn't know if she was scared or something!

Mu Huan's horse sped far away, and Huo Yuqi's heart began to race.

She could not help but turn to look at Mu Huan.

"Don't move! If you affect my competition, I'll throw you off!" Mu Huan said coldly.

Her legs were feeling uncomfortable today. If she hadn't wanted to take this opportunity to stop Huo Li from appearing in front of her and say those words, she wouldn't have accepted this competition.

Now, the strength in her legs was already at its limit.

She had to make use of her last bit of willpower to finish this round and win this competition!

This was also the reason why she did not let Huo Yuqi go. If she did, her legs would probably go weak and she would not be able to race.

Huo Yuqi was so scared that she didn't dare to move.

With her last breath, Mu Huan took the lead to reach the finish line.

By the time she reached the finish line, Bo Junyan was already waiting.

After she steadied her horse, she shouted, "Hubby, Hubby, come quickly... Come quickly... My legs are going to be crippled. They're really going to be crippled soon..."

Bo Junyan quickly strode toward her. "What's wrong?"

"Quick, give me a massage! I'm so tired that I'm cramping!" Mu Huan's legs could no longer move.

She was really exhausted!

Bo Junyan immediately reached out to massage her legs.

After they'd been massaged for a while, Mu Huan felt that her legs had come back to life, but she still could not move.

"Hubby, carry..." She reached out to let him carry her down.

Everyone: "..."

She was such a heroic person just a moment ago, but now... this was a complete contrast...

Chapter 509: I'm Not Weak to Begin with (1)

Bo Junyan picked up Mu Huan and carried her down.

Gong Zeye, who was standing by the side, hurried forward and lifted Huo Yuqi, who looked a little dazed, down.

Huo Li looked at Mu Huan with a complex expression. "I lost! I'll keep my word!"

"Alright." She had worked so hard for the last round.

Huo Yuqi, who was being carried down, looked at Mu Huan with an even more complex emotion. She herself knew how dangerous it was just now. If she would have been dumped like that, there was a possibility that she could have lost her life. And this while appearing to have tried to cause trouble and make Mu Huan lose the competition.

But Mu Huan still chose to save her.

She thought of that moment when she was most afraid. That was when Mu Huan had reached out and pulled her into her embrace. The unprecedented sense of security made her heart race.

Ling Wei ran all the way to Huo Yuqi's side and asked anxiously, "Yuqi, are you alright?"

Ling Wei had watched Huo Yuqi and the others grow up. Naturally, she cared about them. Hence, she was really frightened just now.

Huo Yuqi looked at Ling Wei's concerned face and burst into tears. "Sister Ling Wei..."

She was really frightened just now!

Ling Wei reached out and hugged her. "It's alright... it's alright..."

Naturally, Bo Junyan could tell that Huo Yuqi had come out to create trouble. Hence, he did not go up to comfort her. Instead, he carried Mu Huan and left.

"I'll let her receive the punishment she deserves later." Not only would Bo Junyan not comfort Huo Yuqi, but he would also punish her.

"It's time to punish her properly! It was too dangerous for her to have run out like that!" Mu Huan felt that the most precious thing in a person's life was their own safety. No matter what, they had to put their safety first.

Just like today, although Huo Yuqi didn't have much malicious intent, her behavior was too dangerous. If she rushed out like that, it would be either her horse or Mu Huan's that'd get spooked. How many accidents had there been where people fell from their horse?! Some of them got stuck with injuries for the rest of their lives!

She did not consider the consequences at all. It was too dangerous! It was fine this time, but who could guarantee that she would be fine next time?

Although it wasn't appropriate to use the word "terrible" to describe it, that's exactly what it was.

Also, one shouldn't dote on a person all the time. One had to educate them properly. Otherwise, it would be too late for regrets when a disaster was brewing.

However, when she thought about how frightened Huo Yuqi was today, Mu Huan added, "However, you have to teach her a lesson tactfully. I think she's scared out of her wits today. Don't put on a dark face and scare the child out of her mind."

Bo Junyan: "..."

"Carry me back to my room. I have to lie on the bed and rest. Also, prepare some good food to replenish my energy."

Bo Junyan: "..."

After returning to her room...

"Give me a massage first, then. Your strength is moderate, and it's very comfortable." Mu Huan's legs were sore now.

It wasn't a big deal to ride a horse, but the point was that her legs were already very uncomfortable beforehand. After she went all out in the competition, her legs were even more uncomfortable.

No one had dared to order Bo Junyan around like this before, but Bo Junyan's face did not turn black.

After another round of massages...

"It's done." Mu Huan didn't want to use Bo Junyan for too long. She felt that it was about time for him to stop. "Get me a glass of water."

Bo Junyan poured her a glass of water and brought it over.

When Mu Huan returned the cup to him after drinking the water, she could not help but say, "Next time, if you bring me out to play..."

Chapter 510: I'm Not Weak to Begin with (2)

Mu Huan's next words were blocked by his thin lips.

Mu Huan: "..."

She really couldn't tell her husband. The more she tried to speak, the more...

After a while...

“How did you have the strength to catch Yuqi?” Bo Junyan suddenly asked.

Mu Huan, who had yet to regain her senses, was stunned by his question. She paused for a moment before realizing what he was asking.

“I’m strong to begin with! I’ve told you before that I’m not that weak. It’s just that you’ve been deceived by my adorable and beautiful appearance into thinking that I’m very weak. If I didn’t have a lot of strength, I wouldn’t have had so much energy to work!” Step by step, she took her time to make sure that her facade didn’t drop too suddenly. This way, Hubby wouldn’t be too angry!

Bo Junyan: “...”

He found it hard to imagine that there was such a petite yet strong woman like her.

At this moment, in the woods of the manor.

Gu Chenyi looked at Lin Qingya with a gloomy expression. “How many jobs did Xiao Huan do in the past?”

She used to be Xiao Huan’s best friend, so she should know her former life very well.

“Why are you asking this now? Is there any point in asking this? No matter how much your heart hurts now, it’s useless!” Lin Qingya mocked.

Gu Chenyi knew that it was meaningless for him to ask these questions. He shouldn’t have continued asking, but he just couldn’t control himself. He just wanted to know how much he had misunderstood her and how stupid he was!

“Since I’m asking, just say it!” he snapped.

“Alright, since you want to suffer, I’ll tell you!” In the past, Lin Qingya had tried her best to win Gu Chenyi’s heart, but after spending some time with him, especially after he’d learned about her true colors, she knew that she would never be able to win his heart.

She did not want to put in any more effort to please him. If he made her suffer, she would also make him suffer!

If she wasn’t leading a good life, no one would have a good life!

“Xiao Huan had a lot of part-time jobs every day. I can’t even remember how many of them she had. Even when she’s playing games, she’s also doing the game’s substitute training. From the time she was 14, she could only sleep very little every night. The rest of her time, she had work to do. After she reached high school, she had grown up and could have more part-time jobs. She slept even less even though she was someone who loved to sleep. Hence, you often see her sleeping whenever she has time in school.”

“She’s obviously working so hard! But you told me that she’s just obsessed with online games and doesn’t sleep at night every day. You said that’s why she’s so tired!” Gu Chenyi recalled how she had used such a dotting and helpless tone to say that Mu Huan had come to love to play games and that she didn’t even sleep when she played. He couldn’t help but want to kill Lin Qingya!

“You believed whatever I said back then. I really miss the old you.” Lin Qingya looked at him and sighed. She didn’t know why he suddenly realized that he wasn’t stupid.

When Gu Chenyi heard this, he squeezed her shoulders uncontrollably as though he was trying to break her bones!

Lin Qingya broke out in a cold sweat from the pain!

“Gu Chenyi, do you want me to die here?”

“If it’s possible, I really want you to die here! Someone like you doesn’t deserve to be a mother!” Gu Chenyi said through gritted teeth.

“It’s a pity that you can’t. Your grandfather is now relying on the child in my stomach to hold on. You...”
As she spoke, she suddenly clutched her stomach with a pained expression. “Gu Chenyi, let go of me. My stomach hurts so much...”
