

Fake Marriage 611

Chapter 611: You Should Thank Her (4)

"I think the two of you are a little strange. Regardless of whether the other party is a man or a woman, she's only a person who does things with money. The person who asked her to hit you is Long Feiting. This is a case where every grievance has a debtor. If you are indignant and feel embarrassed, then he will be beaten and scolded by the king here. Why do you separate him from this matter and only think about catching innocent people? Was the person you encountered someone who was hired to kill you? And as long as the killer lives, the mastermind is not guilty?" Mu Huan felt that the two of them were not good enough!

Even if she wasn't the person they wanted to catch, she would still think that way and say that. After all, the person was only doing things for money and didn't hurt them. Why were they making things difficult for others?

Long Feiting: "..."

He had become the main culprit again... But she was right...

Mu Huan continued, "Or do you think that because you can't afford to offend the Long family, you can only vent your anger on them? If that's what you think, don't."

Gong Zeye: "..."

Yang Ning: "..."

Long Feilei: "...!"

This Mu Huan must have had a huge feud with his brother, and she wouldn't let him off.

It wasn't easy for Gong Zeye to finally say that he was fine and to let his younger brother off. Now, her two sentences were all about his younger brother!

"Besides, no matter what moves a person uses, it's a good move if it made one win! Also, she could have killed all of you instantly, but she didn't take your lives and didn't hurt you. Don't you think you should thank her for showing mercy and not taking your lives?"

"How dare you guys still have the cheek to settle scores with her?! What debt? You mean your debt of gratitude for your lives being spared?"

Gong Zeye: "..."

He felt that what his sister-in-law said made sense!

Yang Ning said unhappily, "Who are you?! Why are you speaking up for an outsider?!"

"Yang Ning, this is Brother Bo's wife. You have to be respectful when you speak to Sister-in-law!" Gong Zeye immediately reprimanded.

"Bo Junyan's wife?" Yang Ning sized up Mu Huan and suddenly narrowed her eyes.

Mu Huan: "..."

*What the f*ck! Did she recognize me? After all, to be able to tell that I'm a woman, she must be someone with good eyesight!*

But thinking about how she had used that drug last night and did not leave any traces behind, even if this woman felt that there was no evidence, she could not do anything!

Hence, Mu Huan met her gaze even more aggressively than Yang Ning did.

"As the saying goes, there can never be too much deception in war. You didn't manage to avoid the other party's drug; you just couldn't do it. If you can't counter it yourself, then don't blame others for being too powerful! It's fortunate that you didn't meet a bad person. If you had met a real enemy, who would still be alive right now? After encountering such a situation, you didn't reflect on your shortcomings and was not grateful for the kindness others had shown you. You only thought about your own face. Why? Can you only find someone to kill to regain your dignity? That would only be even more embarrassing!" Mu Huan spoke as the wife of the boss, as their Sister-in-law!

She had to educate them using such an identity so that they could get rid of their inappropriate thoughts. What was the point of investigating?! Why did they have to find her?!

"If I had lost to her like this, I'd just go home with my head lowered and work harder to improve myself!"

Mu Huan had always been soft, adorable, quiet, and gentle. Other than the time when Bo Junyan was injured and she rushed in to say that she wanted to avenge him and kill the one who hurt him, the rest of the time, when Gong Zeye and the rest saw her, she was mostly hanging in Bo Junyan's arms obediently.

Hence, now, everyone was stunned by her berating words!

Chapter 612: You Should Thank Her (5)

He didn't expect her to have such a strong side! And it made sense!

As she said, Gong Zeye and the rest had been taken down easily. If they'd faced a real enemy, it would only have taken a minute for them to be killed! They were still alive and well now, so they should indeed be grateful.

When Bo Junyan returned, the room was silent. Everyone was still looking at Mu Huan with that expression.

Frowning slightly, he walked toward Mu Huan and pulled her into his embrace. "What's wrong?"

Why were they all looking at her like that?

"I was lecturing Gong Zeye," Mu Huan said.

"You lectured him?" Bo Junyan raised an eyebrow.

"Can't I?"

“You can.”

Gong Zeye: “...”

His boss immediately sold him out!

“What did you lecture him about?”

“I reprimanded him. Being unable to defeat the enemy himself, he could only blame others for being too formidable. Despite the culprit, Long Feiting, being around, he still had to find trouble with a hired person. In the past, when I was working, I hated customers like him the most. The boss made me do it, but the customers just had to blame it on the employee! They had to make the employee suffer punishment!” Mu Huan had really encountered many such incidents in the past.

Hence, even if the person they were looking for wasn't her, she would still have spoken up for that person!

Bo Junyan frowned when he heard her words. This was because his wife had suffered because he wasn't around in the past.

“Hubby, I said that he shouldn't look for people who were only hired to work for others. Am I right?” Mu Huan looked up at Bo Junyan.

“That's right.” No matter what, Mu Huan would definitely give Bo Junyan face and stand on his side. It was the same for Bo Junyan. No matter what happened, no matter what his wife had said, his wife was right!

“Then shouldn't he not be looking for her?!”

“Yes.”

Mu Huan immediately looked at Gong Zeye and said, “Did you hear that? My husband, your boss, feels the same way too! Stop looking for hired help and improve yourself!”

Gong Zeye: “...”

His Brother Bo would always nod his head whenever she said anything! He even suspected that his Brother Bo didn't know what his sister-in-law was saying. He just felt that whatever his wife said was right!

Everyone: “...”

They were so suspicious too!

Long Feiting: “...”

Mu Huan was a capable person. No matter how much Long Feiting admitted his mistake and begged for a beating, Gong Zeye insisted on finding the person who drugged him. Now...

Gong Zeye had no reason to find trouble with her!

She even pulled Bo Junyan to her side to speak up for her!

She could really do it!

Just as he was about to say something...

He saw Mu Huan leaning against his neck and whispering something into his ear.

For some reason, this made him feel very uncomfortable. He really wanted to rush up.

However, he didn't do anything. He only felt that he was probably sick to actually have such thoughts! Impulsive!

"Hubby, we've seen Gong Zeye. He's fine. Can we leave now? I'm hungry," Mu Huan whispered.

She would always feel hungry at mealtime.

Bo Junyan knew this was her habit. Hence, he lifted her and stood up. "We'll be leaving first. You guys can have a good chat."

Then, he carried Mu Huan and left.

Gong Zeye: "..."

Ever since his Brother Bo had married, he only had eyes for his wife and nothing else...

Yang Ning narrowed her eyes as she watched them leave. Did this Mu Huan simply think that they shouldn't be looking for someone who did work for money, or...

Did she do this because she knew that person?

Chapter 613: The Drug Show (1)

After Bo Junyan and the rest left, Gong Zeye thought about it and felt that what Mu Huan said made sense. Even if he wanted to settle scores, he shouldn't look for the person who took the money and should just look for the culprit. However, he looked at Long Feiting. He had admitted his mistake so well. In the beginning, he didn't know that Yang Ning was his fiancée. Besides, Yang Ning was in the wrong first.

As he thought about this, the initially furious Gong Zeye suddenly felt that he could only let it go!

After all, it was just as his sister-in-law had said. It was because he wasn't capable enough that he was tricked! If someone wanted his life, they would have long been wiped out!

As he thought about it, he suddenly felt a lingering fear!

He should really do as his sister-in-law had said and improve himself!

Hence, he looked at Long Feiting and said, "Let's forget about how I was taken down!"

The three Long brothers heaved a sigh of relief.

But Gong Zeye continued, "But whoever kicked me, you have to hand him over!"

If he'd simply fainted from the Chinese medicine, he would just have had a long sleep. He would have been fine when he woke up, but his waist hurt! Someone must have kicked him hard!

It was forgivable that someone had kicked him so hard after he'd been drugged unconscious!

Long Feiting: "..."

Long Feilei: "...!!"

He could even forgive some woman after she had drugged him, but why did he care about such a small foot? Wasn't the focus of his attention wrong?!

In the next second, the two brothers said in unison:

"My brother kicked you!"

"You were kicked by the person who drugged you!"

The two brothers looked at each other at the same time.

Everyone: "..."

This was awkward!

"Long Feiting, what nonsense are you spouting?! You're protecting that person so much that you're harming your own brother!" Long Feilei said angrily. In any case, that person could not be found in a short period of time. She had already used drugs to knock Gong Zeye down. What was wrong with letting her have another charge?! Yet Long Feiting had actually exposed him, his big brother. Long Feilei had doted on him for nothing!

"I didn't harm you, Brother. I was just telling the truth. You were almost tripped by Uncle Gong. After you stabilized yourself, you turned around and kicked him hard. I didn't even have the time to stop you!" Now that this matter had finally passed, Gong Zeye didn't plan to look for Mu Huan anymore. No matter what, Long Feiting couldn't let his brother push the blame onto Mu Huan and make Gong Zeye want to find her again!

Long Feilei: "...!!"

The ingrate! The greatest ingrate in history!

Long Feijun: "..."

His little brother was really promising. Even his big brother could be pushed out by him to die without hesitation!

He was so protective of that person, and it was even a woman. Could it be that he had fallen for her?

Long Feilei was about to say something when Long Feiting delivered another fatal blow!

"Those people left after Uncle Gong collapsed. Uncle Gong's fiancée saw this. She can testify!" Long Feiting said as he looked at Yang Ning.

Gong Zeye looked at Yang Ning.

Yang Ning nodded. "Yes, they did run away after you fell. They ran very fast. It's impossible for them to have come back and kicked you."

Long Feilei: "...!!"

What the f*ck!

"Boss Long, you actually have the guts! Not only did you dare to kick me, but you even refused to admit it!" Gong Zeye looked at Long Feilei with a dangerous gaze.

Long Feilei hurriedly said, "Uncle Gong, this is a misunderstanding! It's purely a misunderstanding! At that time, I didn't even know that the one lying on the ground was you!"

Gong Zeye snorted. "You must have known it was me after you kicked me, right? You didn't want to apologize and even wanted to shirk responsibility and malign a good person!"

Chapter 614: The Drug Show (2)

Long Feilei: "..."

He really didn't know what else to say!

Finally.

"Uncle Gong, after you've recovered, how about kicking me ten times?" It should be fine if he could pay him back ten times over!

"How can I just kick you ten times?! I want to dig out your heart. Just you wait!" Gong Zeye snorted.

How dare he kick him and not admit it!

Long Feilei: "..."

I knew this Gong Zeye would take revenge! I just accidentally kicked him and he wants to dig out my heart!

Yang Ning suddenly said, "Gong Zeye, I think that the woman in disguise might know you. She's especially afraid that you'll recognize her!"

Long Feiting was shocked. This Yang Ning was really sharp!

"Really?" Gong Zeye tried to recall what had happened, but he could not recall anything.

Especially afraid of him? Was there such a formidable woman among the women he knew?

Actually, it wasn't that Yang Ning was very sharp. Gong Zeye was simply so stupid that he didn't notice anything. It was just that Gong Zeye's attention had been focused on Long Feiting since he arrived. If it weren't for Yang Ning pointing at Mu Huan, he wouldn't have noticed her existence. Later, when Long Feiting blocked his line of sight, he didn't look over. Hence, he didn't know what Mu Huan had done when she saw him.

Yang Ning, on the other hand, had felt that Mu Huan was their leader from the start. Hence, her attention had always been on Mu Huan. She was only able to notice those details through her subtle observations.

“Yes. From the moment she saw you, she’d been obviously afraid that you’d discover her existence. Later on, she even drugged you and ran away at top speed!”

“She’s afraid of Uncle Gong because Uncle Gong brought so many people with him. Who wouldn’t be afraid when they saw so many enemies suddenly appearing?” Long Feiting retorted.

Gong Zeye felt that what he said made sense. Besides, when he thought about it carefully, he realized that none of the women he knew could be as good at using chemicals! If there was such a formidable person, he would definitely remember!

“By right, she had already drugged all of you. She didn’t have to be afraid of anything. Why do you think she’s in such a hurry to run?” Yang Ning felt that there was something wrong with her running too quickly. When she was fighting with her, she could feel a faint domineering aura from that woman. It was a feeling that said she was not afraid of anything.

In the end, when Gong Zeye appeared, she immediately hid at the back.

How could such a person, who had been protecting everyone from the start, hide when she saw Gong Zeye?

There must be a problem!

Yang Ning continued, “Also, given the situation last night, even a smart person would know that everything was fine. Furthermore, Long Feiting was so protective of her. There was no need for her to use drugs to knock all of you down and make this matter blow up! But she used drugs to knock all of you down! What she did could only mean that she was afraid that you would get close to her and discover her identity!”

When Gong Zeye heard this, he felt that what she said made sense. Just as he was about to say something...

“You’re really thinking too much. The moment she saw Uncle Gong appear, she hid behind me. She knew that I knew Uncle Gong and wanted me to come forward and resolve this matter for her. It would have been fine, and the reason why she used drugs to knock Uncle Gong down was all because of you! Because you insisted on me handing her over so you could beat her up. You wanted her to go out and be beaten up by you, didn’t you? Also, you’ve already gotten people to gang up on her to catch her, and she still didn’t release the drug to knock you down, right? Should she still have waited to be caught? What else should she have done if not to quickly run away after knocking you down? Why would she wait for a group of people to catch her and her companions?”

Chapter 615: The Drug Show (3)

The moment Mu Huan left, Long Feiting became a quick-witted lad. He calmly explained everything in a reasonable and logical manner. There was no problem!

Yang Ning: “...”

He didn’t seem to be wrong to say that.

Was she really thinking too much?

However...

“Alright, even if she doesn’t know Gong Zeye, even if she only used drugs because I wanted to catch her, I still have to catch her! She hurt me, so I can’t just let it go!” No matter what, she had to catch that woman!

Long Feiting: “...”

Actually, he really wanted to say, “If you have the capability to catch her, then go and settle scores with her! Let’s see who ends up in a worse state!”

However, after thinking about it, he didn’t say anything because this Yang Ning seemed to be a very competitive person. If he said that and provoked her, she would be even more eager to look for him. If she really found any clues, then it would be over!

It’s better to be careful!

Hence...

“I’m the one who asked her to hit you. If you’re not satisfied, just settle scores with me. How do you want to hit me?! Here, hit me!” As Long Feiting spoke, he handed the baseball bat in his hand to Yang Ning.

Yang Ning said, “Don’t try that. Don’t you know that I was the one who stole from you first? Wrong, it’s only right for you to cajole me. You’re the precious child of the Long family, so I can’t lay my hands on you. That’s why you’re taking the blame for yourself and want me to let it go!”

Long Feiting: “...”

“Even if I’m being unreasonable and causing trouble for no reason, I’ll still bully the weak and fear the strong. I’ll find that woman!” Yang Ning insisted on finding the woman who’d made her suffer.

Long Feiting: “...”

What else could he say?

“Also, don’t you want to know what kind of drug she used? How can she knock out a large group of people at once?! Don’t you think it’s good to have that kind of substance? With this kind of drug, we can protect ourselves. In the future, if we encounter a dangerous situation, this will be a way out!”

Yang Ning’s words hit the nail on the head.

That substance was really useful!

One had to know that although Gong Zeye was sensitive to drugs, his bodyguards were not! In this line of work, those who could be Gong Zeye’s bodyguards had undergone drug-resistant training, but that drug could knock them out instantly!

This was truly a formidable drug!

If they had such a drug to protect themselves, like what Yang Ning had said, if they encountered an emergency, this drug would be their way out!

Hence, everyone looked at Long Feiting.

Gong Zeye spoke.

“How about this, Feiting? Tell me who she is. You don’t have to worry about me settling scores with her, and you don’t have to worry about Yang Ning settling scores with her either. I can guarantee her safety. I just want to know where her drug came from. If they organize an establishment, can they sell it to us?!”

“That’s right! Feiting, get her to sell us some drugs!” Long Feilei added.

If he could have such a drug to protect himself, he wouldn’t have to be afraid of anything other than assassinations!

Long Feiting: “...”

“Feiting, you don’t have to tell your Uncle Gong who that person is. You just need to get her to sell the drug!” Jin Chen said.

People like her would definitely be unwilling to divulge their identities. They would be afraid that others would go back on their words and find someone to settle scores with them. But if it was just selling substances, it shouldn’t be a problem!

“Yes, she can just sell the drug!” Yang Ning added. As long as he had any contact with that woman, she would be able to find her!

Gong Zeye looked at Long Feiting and said, “Feiting, we only want her to sell the drug. There’s no reason for you to continue protecting her, right?”

Chapter 616: A Hardcore Confession (1)

Long Feiting: “...”

Since they had already put it this way, it wouldn’t do if he still said no.

Hence, he said, “I’ll ask her later and see where she got the drug from.”

“Hurry up and ask. Don’t drag it out until we’ve forgotten about this!” Long Feilei said.

Long Feiting: “...”

Wouldn’t it be good to forget? Why did he keep remembering such things?

His brother was definitely taking revenge on him!

“Is that person a woman like what Yang Ning said?” Gong Zeye wanted to confirm this.

Long Feiting: “...”

After Long Feiting and the rest had left...

Yang Ning looked at Gong Zeye. “I have to find that woman. You have to help me find her too. Otherwise, I’ll tell Auntie that I’ve been bullied but you won’t even help me!”

Gong Zeye: "..."

"Look at the injuries I've suffered. Do you think I'll let it go just like that?" Yang Ning rolled up her sleeves to show him the bruises on her arm and the mark on her neck.

Although the other party was a woman, she was ruthless and powerful!

When she grabbed her neck, she felt like she was going to die the next second!

She must not let her off!

"Alright, I'll help you find her, but we've agreed that we have to ensure her safety. Don't go overboard when the time comes." Gong Zeye knew Yang Ning's personality. She wanted to find that person so badly. If he didn't help her find that person, she would definitely cause a commotion!

Besides, he wanted to see what kind of woman could be so capable!

"Yes." Yang Ning nodded and then said, "Although I don't have any evidence, my intuition tells me that Bo Junyan's wife knows that person as well. So, you can look for someone that Long Feiting and your sister-in-law know."

Yang Ning sensed that there was something wrong with Mu Huan, but she simply thought that Mu Huan knew that person. She never thought that Mu Huan was that person!

Because Mu Huan's external appearance was so different from last night's male disguise, the aura she exuded was also worlds apart!

When Mu Huan took off her vest, she was very arrogant. After putting on the vest, coupled with her appearance being too deceptive, anyone who saw her would think that she was an obedient and adorable little cutie. Especially when she was with Bo Junyan, she was either being hugged by him or carried. In addition, when compared to Bo Junyan, she looked even more petite and harmless. No one would have thought that she was so vicious and quiet that she was not afraid of a group of people.

"Are you thinking that Sis-in-law knows someone because of what she said?"

"Even if not, can't you look in this direction?"

"Alright, you're the big missy. You have the final say in everything. We'll do whatever you say!" Although Gong Zeye felt that they shouldn't have hired someone to do things, to him, a peaceful life was still the most important.

If she couldn't let Yang Ning off, then she'd find her.

"But if she really does know Sis-in-law after we find her, then you can't do anything extreme! You have to know that Brother Bo has always been protective of his loved ones. If we make a scene, we'll be in trouble!" Gong Zeye thought about how Mu Huan had said earlier that they couldn't be reprimanded.

His Brother Bo agreed so readily.

He felt that he could offend anyone else, but he could never offend his sister-in-law!

"Yes, I'll decide when the time comes."

Recently, the weather in Yun Cheng had been so good that it made one feel refreshed. The blue sky looked better than any oil painting. At night, the starry sky looked even better.

Chapter 617: A Hardcore Confession (2)

Nature's beautiful scenery was always the best.

The place where Bo Junyan and Mu Huan were having their meal was on the top floor of the highest building in Yun Cheng, the Star Restaurant. This was the most extravagant romantic date for a couple in Yun Cheng. In the dining room, sitting in front of the French window, looking out, it was as if one could reach out and pick the stars outside. Sometimes, when there were clouds, one would feel like they were in a fairyland, surrounded by clouds.

"This restaurant has always been hard to reserve. Why is it so empty today? Did you book it?" Mu Huan looked at Bo Junyan.

"Yes."

"Why be so wasteful? Just have a meal and you'll be able to get a seat!" Mu Huan said.

Bo Junyan: "..."

Why was his wife's reaction completely different from what the internet was saying?

When he picked her up from school and she said that she wanted to have dinner and go on a date, he recalled that the two of them had never dated before. Hence, he went online to check on the favorite dating venues of the younger generation. Thereafter, he found out that many people said that their girlfriends were extremely touched when they came here. There were also many girls who expressed that if someone could book the entire restaurant and decorate it so romantically, and then find someone to play the violin, she would definitely be moved to tears! She would be so touched that she would marry the man on the spot!

Hence, he'd asked someone to book the restaurant and made arrangements.

But his wife said that he was wasteful...

Mu Huan quickly added, "Don't do this next time. You can't burn money even if you have loads. Don't be a spendthrift."

Even though Mu Huan was rich, she did not like to waste her past days of being poor.

Bo Junyan: "..."

The waiter brought them to the seat with the best view in the restaurant.

After they sat down, the violinist, who was standing at the side, started to play a melodious tune.

Their surroundings were also decorated very romantically. There were hearts made of red roses everywhere, and they were all expressing their love.

However, Mu Huan did not take another look. After she sat down, she started to look at her phone and reply.

Finally, she put her phone away. However, she did not look around, let alone feel touched and surprised.

Bo Junyan: "..."

Then, Mu Huan asked, "Isn't Gong Zeye a bachelor? Why did he suddenly have a fiancée? What's the background of that fiancée of his? It seems like her family doesn't lack money. Why would she do such a thing?"

She had never heard of Gong Zeye having a girlfriend before. How did he have a fiancée?!

"His mother forced him to get engaged. Yang Ning's family was once an internationally renowned family of thieves. Later on, they became proper businesspeople. However, she had always wanted to inherit the family's legacy and bring it to greater heights. Hence, she often did such things."

"Is that so...?" The family of thieves was internationally famous. No wonder they were so fast that she didn't notice them. Indeed, they were specialists in the field!

As they spoke, the dishes were served.

Mu Huan was hungry. When she saw the food, she was no longer in the mood to think about anything else. She picked up her knife and fork and started eating. "This steak is super delicious!"

"Hm."

"The pine mushroom soup is also super delicious!" Mu Huan loved to eat. After she became rich, she had eaten all the good food in Yun Cheng.

"Hm."

"The caviar is super delicious too!"

"Hm."

"Hubby, what's wrong? Why are you suddenly unhappy?" Mu Huan asked concernedly as she put down her cutlery. She clearly felt that he was in a good mood just now, so why did his mood turn bad when he sat down to eat? His response to her was "hm," and each one was colder than the last!

"Nothing." Bo Junyan lowered his head and cut the steak.

But now that he said he was fine, Mu Huan felt even more troubled!

Chapter 618: A Hardcore Confession (3)

"Hubby, don't be like this. If there's anything wrong, just tell me. If you do, I might be able to help you think of a way to solve it," Mu Huan said.

Bo Junyan looked up at her silently.

Mu Huan: "..."

Did his unhappiness have something to do with her?

Suddenly, she recalled what she had said about him being so wasteful...

Then, she thought about how she had said that she wanted to go on a date with him for dinner after school. And now, it was obvious that he was the one who had given her the romance, yet she said that he was wasting it!

She broke out in a cold sweat.

After some thought, she cut the red fruit into a red heart shape with a knife and placed it on the small plate.

“Hubby! Hubby!”

Bo Junyan looked up.

Mu Huan held the small plate with both hands. “Hubby, look, doesn’t this look like a heart?!”

“It doesn’t look like it. The heart doesn’t look like this,” Bo Junyan said.

Mu Huan: “...”

Alright! She now knew deeply that he had prepared all this for her to create such a romantic mood, yet she said that he was wasting it. How depressed was he?!

As she thought of something, Mu Huan reached out and beckoned for the waiter to prepare a fiery red dragon fruit for her.

Bo Junyan glanced at her silently and continued cutting his steak.

The waiter quickly went down and came over.

Mu Huan took the fiery red dragon fruit from the waiter.

She peeled the skin and then used the knife to cut it. Soon, she carved out a real heart shape!

“Hubby, this looks like a heart!”

Bo Junyan took a look. What a heart! Not only did it look realistic, but it was also about the same size as a person’s heart!

The attendant standing not far away looked at the vivid heart in her hand.

“...” *Is this lady a sculptor?*

Mu Huan, who did not get a response from Bo Junyan, asked again, “Hubby, does it look like a heart?”

“Yes,” Bo Junyan replied simply.

“This is carved according to the size of my heart. This represents my heart. Hubby, I’m giving my heart to you now,” Mu Huan said as she pushed the plate in front of Bo Junyan. She was so overbearing that he could not reject her.

Bo Junyan looked at the heart on the plate and his gloomy mood instantly improved.

Then, he placed the plate of cut steak in front of Mu Huan. “Eat.”

“Thank you, Hubby! I love you!” Mu Huan said as she stood up and planted a kiss on his face.

If they weren't outside, Bo Junyan would have hugged her and kissed her.

Despite Mu Huan being relieved, she felt that it wasn't enough. Her husband was still being cold and aloof. Every time he was depressed and angry, he wouldn't say anything. He would only have a cold expression. She had to coax him well and butter him up.

Hence, she looked around carefully.

Then, she realized that her husband had really put in a lot of effort. The romantic decoration here was practically enough for a proposal!

Right at this moment, fireworks exploded outside the window!

Mu Huan exclaimed, "Wow! So beautiful!"

The corners of Bo Junyan's lips curved up slightly, and his mood improved again.

"Hubby, we're really lucky today..." Mu Huan turned to look at Bo Junyan. She was about to say that they were really lucky today because it wasn't a holiday yet they were lucky enough to run into fireworks!

This was also the best place to watch fireworks from in Yun Cheng. Every year, there would be fireworks at the riverside during the New Year, and the locations for watching the fireworks would be reserved three months in advance.

But she did not say what she was going to say next. As she looked at the smile on Bo Junyan's face, she suddenly realized that he was the one who had set the fireworks for her!

Chapter 619: Hardcore Confession (4)

At the thought of something, Mu Huan took off her big diamond ring from her neck.

"Hubby, this place is so romantic that I want to marry you! Come, let's propose!" As she spoke, she handed over the diamond ring in her hand.

Bo Junyan: "..."

The first half was normal, but the second half...

They had been married for half a year.

"When we got married, you only gave the Mu family a call and said that you've taken a fancy to me. When did we want to register our marriage? I didn't even get a date or a proposal. Forget about the dating procedures. There are proposals for everyone else, so how can I not have one? If you didn't propose, it'd be as if I'm selling myself to you!" In the past, they had never thought of getting close to each other. Marriage had its own purpose. One wanted a wife who could give birth, and the other was forced to marry.

Hence, the steps that normal people took, first dating and then getting married, had nothing to do with them. Neither of them cared.

But it was different now. Mu Huan had truly developed feelings for him. Now that she had truly developed feelings for him, she wanted more and cared about more. Without those steps, she would always feel regretful. Especially now that there was such a ready-made atmosphere and mood, there was no need to waste it!

Bo Junyan did not speak but reached out to take the ring from her.

Then, he tried to put the ring on Mu Huan.

However, Mu Huan retracted her hand.

Bo Junyan: "..."

Didn't she ask him to propose and not just put a ring on her?

"Are you going to put on a ring without saying a word when you propose?" Mu Huan asked.

Bo Junyan: "..."

"Don't tell me that you don't understand. You used to have a fiancée!" Mu Huan's heart ached terribly at the thought of him being engaged to Ling Wei.

When he proposed to Ling Wei, he definitely did not put on the ring without saying a word!

"Ling Wei and I were engaged by our parents. We didn't propose," Bo Junyan said.

Mu Huan: "..."

Alright! She was wrong!

At the thought of something, Mu Huan took out her phone and searched for a romantic proposal scene from a Korean drama. "Come, come, Hubby, propose according to what's written on it! Extremely romantic! Extremely like it! Extremely moved!"

Bo Junyan took it and glanced at it. "..."

"Oppa, come on!"

Bo Junyan: "..."

"Wait, Uncle, come on!"

Bo Junyan: "..."

Seeing that he was not moving, Mu Huan's eyes slowly darkened. Then, she lowered her head and said, "I'm sorry. I thought that you liked me because I liked you. I thought that I'm with you now because of love and you're with me because of love. I don't want to beg..."

As she spoke, she choked a little.

Bo Junyan: "..."

He knew that she was pretending, but...

Still, he said, "I didn't say I wouldn't ask."

“Really?” Mu Huan looked up in surprise.

There wasn't a trace of sadness, loneliness, or tears on her face.

Bo Junyan: “...”

He had a drama queen as his wife.

“Come! Come! Come! Come quickly!” This was a Korean drama that Mu Huan especially liked. Now that she was about to become the protagonist, she was a little excited.

However, as a hardcore straight man, Bo Junyan really couldn't say those mushy words. Hence, he only did one thing. The action inside was to walk up to Mu Huan, get down on one knee, and hold the ring.

“Baby, please marry me!”

Mu Huan wanted to despise him for not following the plot, but when she saw his face that was ten thousand times more handsome than the male leads' of Korean dramas, she instantly forgot everything. In her eyes, there was only him.

Chapter 620: A Hardcore Confession (5)

His face was more romantic than anything else!

Nowadays, it was said that life had to have a sense of ceremony.

Yes, life really needs a sense of ceremony!

Even though they had been married for more than half a year, she was so touched when he put on the ring for her.

It was as if it finally felt real.

She was going to marry this man! This man was her husband!

They liked each other! It was not a union of interests!

Such a handsome man was hers!

The more she thought about it, the more excited she became. After Bo Junyan put the ring on her finger, she threw herself into his embrace and kissed him.

Every time she did not take the initiative, Bo Junyan would still want to hug her and kiss her, let alone when she took the initiative.

With a gesture, someone immediately asked all the waiters to leave quietly.

It was as if the two of them were the only ones left in the world, blooming and unfolding!

Her heart was racing.

The fireworks outside the window were still blooming beautifully, burning all their fire and heat...

Tonight was a sleepless night.

The next day at Yun University.

“Gong Zeye and the rest want to buy that drug from you,” Long Feiting whispered as he leaned closer to Mu Huan.

“What drug...?” Mu Huan, who had only slept for a while last night, was a little drowsy.

“You were the one who threw the drug and knocked down a group of people.”

“That’s the only one I had. I can’t sell it...” Mu Huan’s eyelids began to twitch.

“Didn’t you create it? Why was there only one?”

“Do you think it’s easy to make a drug meant for large animals? It took me a lot of effort to make that...” Her ancestor’s prescription was from the past. There were many ingredients that could no longer be found. She had tried many times before she found substitutes.

“No wonder your experiment hasn’t succeeded. So you’ve been working on this in the laboratory all day!” Long Feiting said disdainfully.

Mu Huan: “...”

She was waiting for the reaction of the experiment. It wasn’t a waste...

Alright, it did seem like a lot of time had been wasted.

She didn’t know why she was so interested in these things, and she could study them faster.

“Now that you know how to make this drug, do you want to make some and give it to Gong Zeye and the rest?” Long Feiting asked.

“It was a sale just now, so what are you talking about, giving it to them? Buying raw materials requires a lot of money.” No matter what, Mu Huan was always sensitive to money.

“If you give it to them and they’re happy, they might not investigate you. This way, you won’t have to worry about being exposed...” He was doing this for her own good.

“Let’s talk about it after a while. I’m busy right now...” Mu Huan’s experiment had come to an end. Furthermore, the school project that she was involved in had also started to enter the main research phase. Now was the time to learn. She didn’t have the time to do those things.

“Don’t you already know the formula?”

“It’ll take time even if I know the formula! Just the distillation of those things will take a long time, and it’ll be very troublesome...” The more excellent the medicine, the longer it would take to make, especially for a medicine like hers that couldn’t be produced through a proper pharmaceutical factory. She had to do it herself, and she couldn’t make any mistakes to ensure the effect.

“Let me tell you...” Long Feiting was about to say something when he saw Mu Huan sleeping on the table.

In the next second, she’d fallen asleep!

How tired was she?

He wanted to punish her and reach out to pinch her awake, but...

His hand, on the other hand, became gentle...
