

## Fake Marriage 741

### Chapter 741: What Did She Do Wrong (1)

This was a humiliation that Ling Wei, who was born into a wealthy family and had always been high and mighty, had never suffered before. This made her expression instantly turn ugly!

Her gaze was cold as she said, "Mu Huan, you're too much!"

"So what if I'm going overboard?" Mu Huan said arrogantly. *So what if I'm going overboard? If she has the guts, she can get up and hit me! I'm waiting! Waiting for a chance to beat her up openly!*

*If you have the guts, fight to the death and don't hide in the dark all day!*

After she stood up with the help of someone, Ling Wei sneered. "Mu Huan, do you think you can do whatever you want just because you have Bo Junyan's favor? Do you think the Ling family is easy to bully?"

Mu Huan was about to say something when Bo Junyan looked at her and said, "Xiao Huan, you've misunderstood Ling Wei."

"I didn't misunderstand her! Just now, when I was outside the meeting room, she looked at me provocatively. She wanted to kiss you! You're my husband, so I'll beat up whoever dares to kiss you!" Mu Huan said forcefully.

"I just took a document and you say that I wanted to kiss your husband. Mu Huan, are you blind?" Ling Wei said coldly.

Due to the angle, Mu Huan saw that Ling Wei was about to kiss Bo Junyan's face. But in fact, Ling Wei was still far away from Bo Junyan's face.

Bo Junyan, on the other hand, woke up when Ling Wei approached him. He didn't feel that Ling Wei had the intention to kiss him, so he naturally thought that Mu Huan saw Ling Wei approaching him and misunderstood that Ling Wei wanted to kiss him. Hence, she became jealous and threw a tantrum. But now wasn't the time for her to kick up a fuss.

"Xiao Huan, stop fooling around and apologize to Ling Wei!"

When Mu Huan heard his stern tone, she stopped fooling around. She clenched her fists tightly. In the past, no matter what happened, no matter who was involved, he didn't need to ask her anything. He would always stand on her side. Now that she had taken the initiative to tell him the truth, he felt that she was being unreasonable and wanted her to apologize!

What kind of apology would that be?! What did she do wrong?!

She looked at Ling Wei sinisterly. Ling Wei's eyes seemed to be saying, "If you don't want to apologize, try to provoke me."

The fire in Mu Huan's heart burned even more fiercely. She was about to say, *I won't apologize. Let's see who can do anything to me!*

Then she saw that Ling Wei was still holding the documents in her hand, and she suddenly realized that Ling Wei didn't really want to kiss Bo Junyan. She was just deliberately provoking her, angering her, and making her cause trouble. This way, Bo Junyan, who couldn't sense Ling Wei's intentions, would think that she was just jealous and making a fuss. Hence, he became even angrier with her.

If she continued to be stubborn, she would fall into Ling Wei's trap.

Scheming against her? Mu Huan sneered.

Apologize? Alright!

In the next second, Mu Huan, who had been so domineering just now, instantly turned into a little cutesy. "I'm sorry, Sister Ling Wei. It's because I love Junyan too much that I can't bear to see other women approaching him. Although I know that you have no feelings for Junyan, I still couldn't suppress the urge in my heart when I saw you leaning so close to him. I'm really sorry for treating you that way..."

"Are you alright? Sister Ling Wei, I'm really sorry. I'm really sorry..." Mu Huan reached out to touch Ling Wei as she spoke, looking very guilty and worried about her safety.

Ling Wei: "...!!"

She had changed too quickly! Just now, she was so stubborn and hurt! It felt like she would rather die than apologize. Why...

She suddenly apologized without any reservations!

#### **Chapter 742: What Did She Do Wrong (2)**

"Sister Ling Wei, I'm really sorry. I'm really crazy! It must have hurt a lot when I pulled your hair just now! Why don't you pull mine too?! Pull it hard! Here, pull my hair... pull hard, don't stand on ceremony! If that's not what you want, you can hit me! You can hit me to vent your anger! Use this to hit me!"

As Mu Huan spoke, she picked up the ashtray on the table and asked Ling Wei to hit her with it!

Ling Wei: "..."

The senior management staff of the Ling Group, who had initially gathered around to say something about Mu Huan and even wanted to make a move, looked at this delicate and young lady who was so pitiful. She was apologizing seriously. In this way, no one could do anything to her. They didn't even have the face to say anything about her.

And as for Ling Wei, in front of so many people, it was impossible for her to even pull Mu Huan's hair, let alone throw an ashtray at her.

No, to maintain her goddess status and her magnanimous image, she had to forgive Mu Huan unconditionally!

This made her extremely gloomy!

But under such circumstances, if she did not forgive Mu Huan unconditionally, it would damage her image.

Hence, even though she was very unwilling, Ling Wei still said coldly, "Don't do this again next time. Otherwise, don't blame me for being rude!"

"Is Sister Ling Wei forgiving me?" Mu Huan blinked her beady eyes.

Her innocent and hopeful eyes made it difficult for anyone to reject her.

Ling Wei's expression turned even colder. This Mu Huan was really an expert at acting!

She looked at Bo Junyan. She didn't believe that he couldn't tell that Mu Huan was acting!

He still wanted a woman who was so good at acting and lying?

Bo Junyan kept silent.

It wasn't his wife's first time acting and lying. It didn't matter if she was sincere in her apology. It was fine as long as she could live with her dignity.

"Sister Ling Wei, if you don't speak, I'll take it that you've forgiven me!" With that, Mu Huan hugged Ling Wei happily. "Thank you, Sister Ling Wei! Sister Ling Wei, you're the best!"

Just as Ling Wei was about to push Mu Huan away, Mu Huan whispered into her ear, "Are you satisfied with my apology? Oh, right, in order to repay you, I drugged you with a colorless and odorless substance. This substance can't be detected, and it will cause you to be allergic to water. If you're not careful, all your skin will be destroyed. You have to be careful in the future and be careful of the rain!"

Ling Wei's expression changed.

She knew that Mu Huan had the Song family's secret prescriptions in her hands. There were many strange and unusual concoctions in those recipes, just like the spray she had used previously. With just a light sedative, she could knock down a tall and strong man in seconds...

Mu Huan was a vicious person, so Ling Wei did not doubt Mu Huan's words at all. She thought that she had really been drugged.

It was from when Mu Huan touched her or hugged her like this.

"Didn't you want to be rude to me? I'll be waiting for you to be rude!" With that, Mu Huan smiled and released Ling Wei. Her smile was as evil as a devil's.

She had always been open and aboveboard with anyone who challenged her. She would be even more sinister than those who schemed against her. She would return kindness with kindness and return evil with evil!

If she could not come into contact with water, that meant she could not shower. This was something that Ling Wei could not tolerate. Hence, Mu Huan released her.

She immediately looked at Bo Junyan and said, "Junyan, she used drugs on me!"

Bo Junyan looked at Mu Huan.

Mu Huan said innocently, "I didn't!"

“You clearly said yourself that you drugged me to be allergic to water!” Ling Wei said with a sinister look.

### **Chapter 743: What Did She Do Wrong (3)**

If she was being ruthless, then don't blame her for being rude!

“What kind of drug is that? I don't even know what it is. Sister Ling Wei, I know that my behavior just now made you very angry, but I've already apologized. Furthermore, you've forgiven me. We were even hugging each other. Why did you suddenly malign me...” Mu Huan choked as she spoke.

Her pitiful look made everyone feel that she couldn't have drugged her. Besides, was there such a drug in this world?

Ling Wei: “...!!”

Wasn't this a white lotus tactic?! Did she take the wrong script?!

Mu Huan snorted. *Do you think you're the only one who knows how to pretend? If I were to put on an act, I'd have no problem winning the Best Actress award!*

During her time at Know-All Agency, Mu Huan, who had taken on all sorts of cases, was able to act as she pleased!

Just as Ling Wei was about to say something...

Mu Huan suddenly picked up a bottle of water from the table and splashed it at Ling Wei.

She was too fast, so fast that Ling Wei, who knew self-defense, didn't even have time to dodge before she was splashed all over!

Before she could get angry, before she could start worrying about her allergy...

Mu Huan said, “Didn't Sister Ling Wei say that I drugged you and that you now shouldn't be in contact with water? Look, it's fine even if the water splashed on you!”

The way she looked at Ling Wei was full of disbelief. *You'd believe whatever I say? Are you stupid?*

Ling Wei: “...!!”

“Sister Ling Wei, why don't you take off your coat and let everyone take a look? See if you're alright? See if I've used any drug on you?”

Ling Wei: “...!!”

Until now, she had never met someone as shameless, unreasonable, and audacious as Mu Huan!

However, she did not do anything. She only looked at Mu Huan coldly and said, “Mu Huan, for Bo Junyan's sake, I've never bothered with your rude behavior. But now, you've really angered me!”

“I'm sorry, Sister Ling Wei. I was too anxious to prove my innocence just now!” Mu Huan apologized, but her eyes were full of provocation. *So what if I've angered you? I just want to anger you! Scheming against me and plotting against me? Hmph!*

“Are you in a hurry to prove your innocence? Do you think we can’t tell that you’re putting on an act?” Ling Wei said coldly.

“What act? What act?” Mu Huan looked like she was pretending.

“Very good, you!” Ling Wei sneered.

When the executives of the Ling Group saw this, they took a few steps forward.

“CEO Bo, I believe you can tell that your wife deliberately splashed water on CEO Ling. She’s bullying our CEO Ling. If you don’t give the Ling Group an explanation, we won’t be able to continue working!”

“That’s right, we can’t continue working! This is too much!”

“CEO Bo, you have to be fair to our CEO Ling!”

Mu Huan frowned when she saw this. How could these people dare to speak to Bo Junyan like this? Even if he was an employee of the Ling Group and Bo Junyan wasn’t their superior, they shouldn’t have dared to speak to him like this. After all, the Bo family was stronger than the Ling family. If the Bo family couldn’t take on a big project alone, they could cooperate with the Ling family and share the meat with the Ling family. The Ling family should be grateful to Bo Junyan and carefully fawning over him. How could they dare to speak to her husband like this?

Just as she was about to say something...

Bo Junyan swept his gaze across the people in the meeting room. “Everyone, get out.”

The executives of the Bo Group hurriedly stood up and left. However, no one from the Ling Group moved. They remained in a stalemate until Ling Wei signaled for them to leave.

#### **Chapter 744: What Did She Do Wrong (4)**

Soon, only the three of them were left in the meeting room.

“Mu Huan, sincerely apologize to Ling Wei.” Bo Junyan looked at Mu Huan.

He knew that she always cared about Ling Wei’s existence in her heart. He had already avoided all the cases that he could avoid working with with Ling Wei. However, this project was very important, and they had to work together. Now was not the time for them to fall out. Furthermore, Ling Wei was indeed only taking the documents that she had left with him.

Ling Wei did not have such intentions. Xiao Huan mistakenly thought that Ling Wei wanted to kiss him and did those things just now. It was already a little inappropriate for her to do so in such a situation. She had splashed water all over Ling Wei and even asked her to take off her clothes in public.

The little girl was a little delicate and liked to be jealous. Okay, but she couldn’t be willful without regard for the occasion.

When she met his stern gaze, Mu Huan felt a sharp pain in her heart. Why did he just ask her to apologize and not believe her words? It was clearly Ling Wei who provoked her first and framed her, wanting her to suffer in silence and unable to say anything. She was only retaliating double. What did she do wrong?

She knew that this was a workplace, but Ling Wei could attack her on such an occasion. If she wanted to embarrass Mu Huan in public, could she not retaliate?

“What kind of sincere apology do you want? Kneel down? Or do you want her to pull me, hit me, and pour water on me?”

“All these are fine. I have no problem with it. As long as you say it, she can come as she pleases!”

“Mu Huan!” Bo Junyan’s eyes darkened.

He wanted her to apologize, not to be so willful!

“What’s wrong? Did I say something wrong? I really can do anything! You can let her do whatever she wants! If you think this is not enough, what do you want me to do? Tell me! As long as you say it, I can do it!” As long as it was something he wanted, she could really do it!

“Junyan, did you see that? She hurt me for no reason and embarrassed me, and now she’s still so arrogant and ignorant! Don’t blame me for not giving you face!” Ling Wei’s gaze turned colder. Did Mu Huan really think that she couldn’t do anything to her?

This was embarrassing!

“You don’t have to give Bo Junyan any face. You can do whatever you want to me! Do whatever you want!” Mu Huan looked at her as if she was saying, “Do whatever you want!”

Seeing how obstinate and stubborn she was, Bo Junyan’s eyes darkened even more. He did not ask Mu Huan to apologize again because there was no point in her apologizing. Ling Wei would not let this matter pass just because of her apology.

He looked at Ling Wei.

“Ling Wei, I’ll apologize on her behalf. I’ll ask Li Yicheng to give you the project. Xiao Huan is still young, so don’t be too calculative with her. Let bygones be bygones.”

“Ten percent is worth hundreds of millions. This price is acceptable,” Ling Wei said as she looked at Mu Huan. “Are you happy that you lost hundreds of millions in one go?”

Mu Huan clenched her fists tightly. Just as she was about to say something, Bo Junyan pulled her out of the meeting room and let the executives into the meeting room to continue resting.

He then dragged Mu Huan to his office.

As there were people along the way, Mu Huan did not say anything and went to his office.

She looked at Bo Junyan and said, “Why are you apologizing on my behalf?! I’ll bear the consequences of my own actions!”

Bo Junyan looked at her and said, “I know that you don’t like Ling Wei’s existence at all. You can make a scene if you want, but you can’t do it now. Be good.”

Although Mu Huan got angry when she heard him say that, she still calmed herself down and said, "It's not that I mind her, and I didn't make a scene. It's her. It's really her. When she saw me, she deliberately provoked me!"

#### **Chapter 745: What Did She Do Wrong (5)**

"She deliberately provoked me by making a pose to kiss you. If I don't act rashly when I see her like this, then that means I don't like you anymore!"

It was impossible for a person to control their instinctive reaction. Unless she didn't like him and was completely indifferent to such things, she wouldn't be so impulsive as to deal with Ling Wei.

"But she was only provoking me with her eyes. I don't have any evidence of her provoking me and wanting to kiss you. This way, after I lost control and got blamed by you, I can only suffer in silence!"

"Why should I take such a loss? She tricked me, so of course I have to pay her back double. She made me look bad, so I have to make her look worse! I don't think I did anything wrong!"

With that, Mu Huan added, "Believe me! She really provoked me first and did it on purpose. She tricked me into creating trouble, and that's why I counterattacked!"

"Why did she do this?" Bo Junyan had originally thought that Mu Huan had misunderstood Ling Wei, but now that Mu Huan was sounding so sure, he knew it must have been something that Ling Wei had done to make her do this. It was just that they were so busy that they didn't even have time to sleep. Why would Ling Wei do such a thing?

"Why?" Mu Huan really wanted to laugh. She had already told him so many times that Ling Wei wanted to get him back, but did he ever listen?! He actually asked her why! However, she still held back her temper and said, "Of course she wants to have you back!"

Without waiting for him to say anything, Mu Huan said, "Don't say that she has a boyfriend and that she's about to get married. That we don't have to keep fighting over this!"

"Aren't you on good terms with her boyfriend? Invite him over and let's test him out! If I'm really just suspicious-minded and I have a problem, even if you really kissed Ling Wei in the future, I'll definitely believe that you two are purely friends!"

"Ling Wei just broke up with her boyfriend. A few days ago, I was on a business trip and went overseas to settle some matters. A part of it has to do with her boyfriend."

Mu Huan narrowed her eyes. Ling Wei and her boyfriend had broken up at the right time!

"Hubby, don't you think it's too much of a coincidence? Aren't you such a smart person?"

"Ling Wei's boyfriend was previously in a relationship, and the scandal of a child caused his image to plummet. Not only did he have to quit his career, but he was also charged and sent to jail. Ling Wei thought that her boyfriend was framed and had done a lot for him. She almost got herself involved as she settled her boyfriend's matter.

"The last time I went on a business trip, she took a flight with me. She went back to look for her boyfriend to discuss marriage. However, her boyfriend really had that sort of fetish. This time, she

caught him red-handed. If there was really a man with such a fetish, naturally, she wouldn't want him. Hence, she had just broken up with her boyfriend a few days ago. She even paid a very painful price for it."

Bo Junyan spoke the truth. Ling Wei had indeed just broken up, and he had witnessed it with his own eyes. It wasn't like what Mu Huan thought that she had broken up long ago and wanted to salvage something with him.

Bo Junyan couldn't be blamed for not being able to see through Ling Wei's intentions. It was just that when Ling Wei was in front of him, she didn't show any ulterior motives. She didn't like Bo Junyan that much, and Bo Junyan couldn't feel it either. If she liked him, he would feel any ulterior motives and would feel that she liked him. No matter what, Bo Junyan wouldn't think that Ling Wei wanted to get him back.

It was true that Ling Wei had officially broken up with her boyfriend a few days ago. Although she knew that her boyfriend had had an affair and that he was with her only because he wanted to use the Ling family's money to help him reach a higher level, she gave up on him and gave up her dream to come back.

#### **Chapter 746: What Did She Do Wrong (6)**

However, she had always been prepared. On one hand, she was desperately trying to save her boyfriend, and on the other, she was maintaining a deep relationship with him. On the other hand, she was cooperating with Old Master Meng to agitate Mu Huan and drive her away.

She did this to prevent Bo Junyan from suspecting anything. She could still return to her boyfriend's side and they could continue to make use of each other, living a life of glory on the surface. But who knew that not only did her boyfriend have a woman outside, but he also had that sort of fetish! She would never accept a man with such a fetish. Hence, she was determined to break up with her boyfriend.

She had indeed put in a lot of effort to save her boyfriend. When she broke up with him, she had really paid a painful price. What Bo Junyan had witnessed was true, and he was only telling the truth now.

Mu Huan said, "Are you saying that I was thinking too much and misunderstood her? You don't believe me? You think I'm creating trouble out of nothing?"

He did not suspect Ling Wei for such a coincidence, but he still felt that she had misunderstood Ling Wei?

"I don't think you've misunderstood her, and you're not someone who would create trouble out of nothing. But whether or not she has such an ulterior motive is not important now. We'll talk about this later."

This person would change. Previously, when Ling Wei had a boyfriend who could let her walk the path of a political wife, she did not have any ideas about him. However, after she broke up with him, the situation changed completely. Furthermore, there were rumors recently that her father was planning to split the family assets equally. She might be wanting to be with him and thus did such a thing to Xiao Huan.

It was just that now wasn't the time to discuss this. Everything could wait until after this project was over. "I'll get PA Wang to send you back. I'll go home after I'm done with work. You don't have to come to the company to look for me. Don't worry, I definitely won't have anything to do with her!"

No matter how the situation on Ling Wei's side changed or how she had ulterior motives, it was absolutely impossible between the two of them.

He did not make it very clear. This made Mu Huan think that he still insisted that Ling Wei had no ulterior motives like he did in the past. However, she could tell that Bo Junyan was really busy now because he didn't even have time to sleep. She didn't want to argue with him about this at this time and make him feel annoyed. Hence, she didn't argue with him about whether Ling Wei had ulterior motives and only talked about this matter.

"You don't have to give her ten percent. I can do whatever you want me to do. I, Mu Huan, have always been responsible for my own actions!" She would bear the consequences of her own actions. There was no need for him to lose so much for her!

But to Bo Junyan, she was his wife. There was no way he would let her bear the consequences. No matter how much she had done, he would bear the consequences. There was no room for discussion. Hence, he did not want to say anything more on this matter. He directly pressed the internal line to let PA Wang in.

Having been in power for a long time, Bo Junyan was already very strong. In the past, Mu Huan had listened to him obediently. Even though she had exposed her true nature now, it had only been a few days. This made Bo Junyan subconsciously still treat her the same way. Hence, he felt that no matter how much she objected to things that were good for her, it was useless. She just had to be obedient.

"Do you think I can't beat up PA Wang until he can't get up and can't send me off?!" Mu Huan said coldly.

She didn't want to argue with him. She could use other ways to deal with it. She could apologize however he wanted, but he mustn't lose so much because of her.

Bo Junyan looked at Mu Huan and pinched the space between his eyebrows in pain. It was already the fourth day that he had not rested. He had only closed his eyes for less than half an hour. He already had a headache, but now, it was even more painful.

### **Chapter 747: He Never Tells Her (1)**

"Xiao Huan, I know you're good at fighting, but not everything in this world works the same way. If you hit someone, a person can at most hit you back ten times! There are some things that you can't bear. Although you're still young, you're no longer a child. Don't be willful, alright?"

"Why wouldn't I be able to take responsibility? Isn't she just taking revenge on me? You can ask her to take revenge on me as she pleases!" She wouldn't be afraid no matter what method Ling Wei used to repay her!

"You go back first." Bo Junyan did not want to say anything more about this matter. It was time for him to rest.

“I’m not going back! If you don’t agree to this matter, I won’t go back!” She only pulled at her hair and splashed some water on her. How much would it cost? There was no need for this! She, Ling Wei, could really deal with Mu Huan as she pleased!

“Be good and listen to me. Don’t be so willful. You go back first.” Bo Junyan didn’t want to talk too much to her at this point in time. He didn’t want her world to become complicated and heavy.

But he had forgotten that Mu Huan wouldn’t have known the importance of this if he hadn’t told her.

He knew the big picture and looked at it from the big picture, but Mu Huan didn’t know the big picture. She only knew the current situation and was only talking about the facts.

“I’m not obedient! I was pretending to be obedient in the past. I’m not such an obedient person! I’m such a willful person now! You can’t let her do this!” She was such a person! A person like her would do such a thing! Don’t ask her to be obedient!

Even now, Ling Wei had already said that she had broken up with her boyfriend, but he still didn’t believe her. He still felt that Ling Wei had no ulterior motives toward him and was assured to let Ling Wei get close to him like this! This could only mean that he trusted Ling Wei a lot! He would instinctively believe whatever she said and wouldn’t suspect her.

His trust in Ling Wei and her worries and uneasiness over the past few days had made Mu Huan lose her usual composure.

She was stubborn with him!

Bo Junyan’s head hurt even more when he saw her like this. He didn’t want to say anything more to her. He lowered his voice and said, “Xiao Huan, don’t be so willful. I don’t like you being like this.”

His “I Don’t Like You” made Mu Huan’s heart sink.

All these days, her greatest worry was that he didn’t like her like this!

This was her nature. If he didn’t like her like this, what would she do? Continue to pretend to be obedient?

No, even if she could pretend to be obedient for her entire life, would he want her to pretend to be obedient for him?

If she were to encounter such a situation again in the future, would she be obedient just because he asked her to?

Furthermore, although the Bo family and the Ling family were on par, ever since Bo Junyan took over the Bo family, the Bo family’s development had long surpassed that of the Ling family. Bo Junyan didn’t have to be afraid of Ling Wei at all.

Even under such circumstances, he would apologize and give in. That was, he valued the relationship between him and Ling Wei. He would rather give some benefits than have the two of them fall out.

Mu Huan, who thought that Bo Junyan did this because he had a deep relationship with Ling Wei, felt her heart sink.

Just then, PA Wang came in with a piece of news. “CEO, the results are out in the research lab.”

“Alright, I’ll be right out.” Bo Junyan looked at Mu Huan. “I’m going to get busy. Come with me and get PA Wang to send you back.”

“No need. I can go back by myself.” If he didn’t agree and didn’t want to give in to her, she would ask Ling Wei to come over and beg her to return the ten percent to him!

Initially, Bo Junyan was worried that she would go home alone at night. But when he thought about how strong she was, he did not say anything else and went straight to work.

### **Chapter 748: He Never Tells Her (2)**

When Mu Huan went out, Ling Wei, who had just changed her clothes, was walking toward her.

When Mu Huan brushed past Ling Wei, she said in a voice that only the two of them could hear, “Ling Wei, I’ll wait for you to come and beg me!”

When she said that she used a drug on Ling Wei just now, she was teasing her. Now, she was really using a drug on her. This drug would make Ling Wei feel so much pain that she wanted to die.

Soon, Ling Wei would need to beg Mu Huan to give her the antidote! If she wanted the antidote, she would have to return that ten percent to Bo Junyan!

Mu Huan had always been a person who would never implicate others in the things she did. She would never let Bo Junyan lose hundreds of millions because of her. Hence, when she approached Ling Wei, she threw all the new drug that she had made because she was in a bad mood over the past few days on Ling Wei.

Ling Wei was like a poisonous snake, hiding in the dark and waiting for an opportunity to strike. Mu Huan was already very annoyed that she didn’t know when she would make a move. During the special period of her relationship with her husband, she had always been with him, making her even more afraid that something would happen between them.

She didn’t want to keep being nervous about this. She also felt that waiting for Ling Wei to make a move wasn’t a solution. She wanted to find an opportunity to force Ling Wei to make a move on her so that she could hold on to the evidence earlier and solve her problem.

Hence, when she realized that Ling Wei was deliberately provoking her and setting her up...

That was why she retaliated twice. However, she did not expect that Bo Junyan would apologize on her behalf and even give her ten percent of the benefits!

When Ling Wei heard her voice and turned around to look, Mu Huan had already walked to the elevator and pressed the button. It was as if she knew that Ling Wei would look at her. When Ling Wei turned around, she turned around and looked at her. When she met Ling Wei’s gaze, she slowly smiled provocatively.

Look who’s acting!

When Ling Wei met her gaze, she instinctively felt that something was amiss. Just as she was about to get someone to chase after Mu Huan, she thought about it. At this critical moment, the more Mu Huan did to her, the more advantageous the situation would be to her!

She smiled and walked toward the meeting room.

\*\*\*

After Mu Huan came down, she did not leave the Bo Group. Instead, she sat in the safety passageway and waited for Ling Wei's call.

However, Ling Wei did not call. Instead, it was Bo Junyan.

But this wasn't surprising. She took a deep breath and picked up the call.

"What drug did you use on Ling Wei?" Ling Wei was in so much pain that she felt like she was being pricked by needles. There was nothing she could do to delay the progress of the matter. "Why are you so stubborn and disobedient?"

He wanted her to be obedient at this time, but she was not.

His tone made Mu Huan, who was initially prepared, feel upset for a moment. Naturally, her tone was not good. "Let her call me and beg me!"

"Xiao Huan, don't make a scene now. Be good and bring the antidote over," Bo Junyan said.

When Mu Huan heard this, she was really furious. "Ask her to beg me! Also, have her return that ten percent of the benefits and I'll give her the antidote!"

"Xiao Huan, this is a very urgent moment. Ling Wei must recover immediately. Bring the antidote over immediately!" Her disobedience made Bo Junyan's tone harden.

"In times of emergency, she should beg me immediately and agree to my conditions. This matter can be settled immediately. Who asked her to provoke me first?!"

Although Mu Huan knew that Bo Junyan was really busy right now, Ling Wei was in the mood to provoke her and make her look for trouble. She felt that she couldn't be so busy that she couldn't waste any time.

### **Chapter 749: He Never Tells Her (3)**

As long as Ling Wei begged her and she went upstairs, this matter would be settled in two to three minutes. It would not delay anything.

Seeing that Bo Junyan was so busy, Mu Huan was also afraid of delaying their matters. Hence, she did not leave and waited for him.

"Mu Huan, bring the antidote over right now!" Bo Junyan ordered.

Mu Huan thought that it was because he had deep feelings for Ling Wei that he was so anxious and refused to let Ling Wei beg her no matter what. Her gaze turned cold. "I won't give it to her unconditionally. You can do whatever you want!"

“Mu Huan, are you asking me to catch Li Meng and Wu Xingye to threaten you?” Bo Junyan could not bear to do anything to her, but that didn’t mean he couldn’t. She was so willful that she would definitely not listen. Now that it was an emergency, this matter had to be resolved immediately.

His words exploded in Mu Huan’s head like a thunderclap. She was so stunned that she couldn’t come back to her senses for a moment. After a while... “You... you actually threatened me like this for her?”

“You haven’t gone far. I’ll give you ten minutes to come back.” With that, he hung up.

Just as he hung up, Mu Huan heard Ling Wei shouting in pain.

They were so close to each other, yet he was still threatening her for Ling Wei! This made Mu Huan grip her phone so hard that it broke!

However, she still stood up and returned to the Bo Group.

She knew that Bo Junyan was a man of his words. If she did not go up, he would definitely send someone to catch Li Meng and Wu Xingye.

She didn’t want to go that far with him.

Since he had such a deep relationship with Ling Wei that he could threaten Mu Huan like this for her, she would give it to him if he asked her to!

If he liked to give in to profit, then let him!

Just as Mu Huan arrived upstairs in a gloomy mood...

A few executives of the Bo Group stood by the window, smoking with a grave and frustrated expression.

“The CEO’s wife actually drugged CEO Ling. CEO Ling is now in so much pain that she can’t sit still. The senior management at the Ling Group have all gone on strike and are seeking justice for CEO Ling. If the Ling Group doesn’t do anything, we’ll be finished...”

“This Mrs. CEO is really a troublemaker! She’s creating such a scene at such a critical time! Doesn’t she know that the Bo Group will be finished if the deadline is up and we can’t get all these data out!”

Mu Huan stopped in her tracks. She didn’t know... that this project was so important.

No wonder those executives from the Ling Group dared to speak to Bo Junyan in such a manner...

“D\*mn, I haven’t been home for a month because of this project. My son has almost forgotten what I look like! The deadline is about to come. At the most critical moment, she’s really looking for trouble!” Another senior manager took a deep drag on his cigarette.

“What else is there to say? She wants CEO Ling to take revenge on her as he pleases. Does she think that it’s as simple as just taking revenge on her? Has she ever thought that since she’s the CEO’s wife, if someone is taking revenge on her, the CEO can’t just sit back and do nothing? If the CEO wants to protect her, he’ll have to fall out with the Ling Group. But is this the time to fall out? She’s already made the CEO give up 10% of his profits, yet she’s still acting up! I think she’ll only be satisfied once she’s killed all of us!”

Although Mu Huan could not hear what the people inside the meeting room were saying, she could read lips and knew what some of the executives said.

“Does she think it’s a big deal that she can deal with CEO Ling? Doesn’t she know that it’s easy to kill someone? That what’s hard is to support tens of millions of people? This project is an important project for the Bo Group. Success can push the Bo Group to a higher level.”

#### **Chapter 750: He Never Tells Her (4)**

“But if we fail, it will turn the Bo Group into the bullseye! Who knows, we might all lose our jobs! After all, no matter how capable our CEO is, facing...” The bald executive did not finish his sentence as he took another puff of his cigarette.

“This is the disadvantage of marrying a young wife. She doesn’t know anything and doesn’t understand people at all. CEO Bo hasn’t had any rest for four days. He has been working so hard, and all she knows is to be jealous and lose her temper and cause trouble!”

“It would be great if CEO Ling and our CEO were still a couple. A mature and generous person like CEO Ling is the most suitable for our CEO.”

“That’s right. CEO Ling was in so much pain just now, but she still insisted on solving the last problem. Now she really couldn’t take it anymore and went to rest.”

Just as the senior management officer next to him was about to say something, he noticed Mu Huan’s presence and was stunned. “Madam CEO...”

When the executives heard this, they all turned to look. When they saw Mu Huan, they all froze.

Mu Huan looked at them with mixed feelings and quickly walked toward the CEO’s office.

PA Wang, who was about to look for Mu Huan to advise her on the antidote, was stunned when he saw that Mu Huan had arrived so quickly. He quickly said, “Madam, this is a special period. Please listen to the CEO.”

“Yes.” Mu Huan nodded.

PA Wang was a little surprised to see her nodding so readily, but he quickly followed her into the CEO’s office.

When they entered, Ling Wei was perspiring from the pain. She grabbed the table tightly and stopped herself from shouting.

It was as if tens of thousands of needles had pierced her body at the same time. The pain was indescribable, and she felt like she was better off dead.

Just when she felt that she couldn’t take the pain anymore...

Mu Huan pushed the door open and entered.

Bo Junyan and Ling Wei looked up instinctively.

When she saw Mu Huan, Ling Wei, who was in so much pain that she wanted to go crazy, instantly had a frighteningly dark look in her eyes! She had really underestimated Mu Huan time and time again. She thought that no matter what she did to her, she wouldn't dare to go overboard. She didn't expect that she would actually dare to use such a drug on her!

No one had ever dared to treat her this way!

She would never let her off!

Bo Junyan looked at Mu Huan with a cold gaze. He was angry that she was disobedient.

His coldness and his earlier threat, as well as the words of those senior management executives, made Mu Huan's heart turn cold.

However, she did not cry in pain or sadness. Instead, without waiting for Bo Junyan to say anything, she went forward to give Ling Wei the antidote. No matter how angry and upset she was, she knew her limits. She knew that at this time, she could not waste any more time.

Soon, the pain in Ling Wei's body disappeared.

Ling Wei looked at Mu Huan and felt that she was really a dangerous existence, especially since she was still so young! In a few years, she really didn't dare to imagine how dangerous she would be. If she wanted to deal with her, she had to do it as soon as possible.

Retracting her gaze, she looked at Bo Junyan and said, "I won't let this matter rest!"

Bo Junyan frowned and his gaze turned cold.

His wife had already rushed over so quickly to give her the antidote. What else did she want?

According to his wife, Ling Wei was the one who provoked her first. Under such circumstances, it was not right for her to provoke others. Because of the relationship between the two families and the special situation now, he did not pursue the matter, yet she was even being unkind!

*Fine, I'll settle the score after this!*

"But now is not the time. Let's continue working in the meeting room. We can't waste any more time!"  
Ling Wei said as she stood up.
