

Fake Marriage 821

Chapter 811: Conflict (18)

He had just told Bo Dingjing that they had been shopping for the entire afternoon. Actually, most of the time, it was just the mother and son shopping. Bo Huaiyun doted on his wife a lot, but he really didn't like shopping with her. Hence, when his son asked him to find a place to rest, he decisively chose to rest and let the two of them go shopping.

"I have a lot of clothes. Besides, there haven't been any new designs recently. I'll buy more when they have new ones." Gu Chenyi lowered his head and continued eating.

"Mn." Bo Dingjing only asked this to change the topic, so he didn't continue asking and continued to talk about other things.

After a while, when he felt that his wife would not mention Mu Huan again, he got up and went to the washroom.

The moment he left.

Gu Qianru immediately stopped eating.

"Let's see how Mu Huan is going to resolve this matter!" Gu Qianru snorted.

Gu Chenyi remained silent.

"Chenyi, even if Mu Huan is chased away this time, you can't think about marrying her. If you want her, then take her. If you want her, you'll have to dump her eventually. I'm clearly telling you, if you want to marry her or something, I'll have to die first!" Gu Qianru warned.

"Mom, hurry up and eat. Let's not talk about this anymore. If Dad comes back and accidentally hears about this and finds out what's going on, he'll be angry." Gu Chenyi picked up some food for her.

"Stop changing the topic. I've made it so clear. You'd better give up on your thoughts!" Gu Qianru warned again. She knew that her son still couldn't let go of Mu Huan no matter what, and she also knew that he cooperated with this opportunity because he wanted to get together with Mu Huan.

However, no matter what he thought, she would not allow him to be with Mu Huan. Just as she had said earlier, she'd have to die first!

Both Gu Chenyi and Gu Qianru knew about the plan this time. Gu Chenyi was not drugged like what Old Master Meng had told Mu Huan. Instead, he had taken the initiative to stay awake and wait upstairs. If Old Master Meng's first plan had succeeded, then he would have used the drug to turn the falsehood into reality. If Old Master Meng's first plan failed, he would quickly evacuate from the basement.

Even though they knew that this would not be exposed, they still asked Gu Qianru to persuade Bo Huaiyun to visit Gu Chenyi in advance just in case. After that, they deliberately picked out the activity that Bo Huaiyun disliked the most and sent him away so that the mother and son could go shopping. Moreover, Old Master had chosen a villa near Yun University, so Gu Chenyi would have plenty of time to go back and not be discovered.

Although Gu Chenyi felt that Old Master Meng's first plan basically had no chance of success, he still chose to participate in it. As long as there was a one in a million chance of getting her, he would work hard!

As for Gu Qianru, it was even simpler. She simply did not want Mu Huan to lead a good life and wanted her to be chased out of the Bo family. Therefore, she would do anything that was not good for Mu Huan!

Recently, she had been so happy because Mu Huan and Bo Junyan had encountered trouble. Now, everyone in the circle was saying that she was insensible and ignorant of the bigger picture. All sorts of bad things were being said about her, and the shareholders of the Bo Group were also very dissatisfied with her. It was said that they wanted to work together to do something.

Only Bo Huaiyun did not know anything about this plan. He did not know that his wife and child had changed a long time ago. No matter how busy he was, he still took the time to accompany them and even helped them to create false evidence.

"Got it, Mom," Gu Chenyi replied half-heartedly.

Although Gu Qianru knew that he was only saying that, he would definitely want to be with Mu Huan when the time came.

Chapter 812: Conflict (19)

However, she did not say anything else. In any case, she would keep a close eye on him when the time came. Thinking of something, she said, "But why is Old Master Meng so stupid? He wants Mu Huan to have something with you to completely cut off the possibility of Mu Huan and Junyan being together. He should have secretly used drugs on Mu Huan. How could he have succeeded in doing such a thing so openly?!"

Just like what happened with Bai Xuexian last time. First, she sneaked the drug on Mu Huan, then she used those people to force her to be unable to escape even if she had wings. Wouldn't this matter be settled if the Old Master had done it that way? But he had done it so openly that he ended up not forcing Mu Huan and instead hurt himself. This matter had yet to be resolved!

How stupid!

Gu Qianru had originally thought that the plan would go as she had imagined. Old Master Meng had secretly used the drug on Mu Huan first, then surrounded Mu Huan with so many people to prevent her from escaping. He had cut off all possibility of her seeking outside help, making it impossible for her to escape even if she had wings. Therefore, she had thought that this matter would definitely succeed!

It was only when Gu Chenyi returned that she found out about the exact situation. She had wanted to tell Gu Chenyi earlier if Old Master Meng was a fool to do it that way, but before she could, her husband came looking for her.

Now she couldn't help it.

"It's not that the Old Master is a fool, it's that he knows very well what kind of person Uncle Junyan is. Let's not talk about Bai Xuexian drugging Mu Huan. Mu Huan turned out fine, and she's done with that

matter. But Mom, remember how Uncle had a very good friend in the past? After they went through life and death situations, I felt that Uncle's relationship with that person was closer and that that person was more trusted than any of us. But after that person betrayed Uncle, what did Uncle do? He didn't hesitate to let that person die without even a burial place."

Of course, they all knew that if he had secretly used the medicine on Mu Huan, coupled with the fact that there were so many people surrounding and attacking her, Mu Huan would definitely not have been able to flee even with her wings spread. This would definitely have created an established fact.

However, if things had gone well, they would be finished too. They would not be able to escape unscathed.

This was not what they wanted.

"Uncle is a ruthless person. Just like what you said just now, things would have worked out that way. However, after we succeeded, the price that we would have to pay is unimaginable." If he had eloped with Mu Huan, no matter how angry and pained his uncle was, he would not have done anything to them.

He would only make sure that Mu Huan really wanted to be with him and then forbid them from appearing in front of him again.

However, if Mu Huan did not agree to it and she did not cooperate with them—if she said that she had eloped with him unwillingly and that they had secretly used drugs on her and forced her to do it, then he and Old Master Meng would be finished.

That was why Old Master Meng had put in so much effort to use his power to gamble on the slim success rate of the first plan. He had even arranged for the second plan, which was that if Mu Huan disagreed, she would definitely hurt him. If she hurt him, he could fly into a rage and blow the matter up.

This not only allowed him to get away safely, but he could also attack, retreat, and attack again. Regardless of which path Mu Huan chose, it would be a mistake and a crime.

"Why? Would he let you and his grandfather die without a burial place over a woman?" Gu Qianru snorted. She felt that Bo Junyan would never treat the two of them like this. They were his most important relatives!

"It's not to the extent of us dying without a burial site, but it's definitely going to result in both me and the Old Master becoming cripples. If the truth about Mu Huan being drugged was confirmed, the Old Master would probably end up like the Mu family's matriarch. If I'm lucky, I might end up becoming a fool or a disabled person for the rest of my life."

Chapter 813: Conflict (20)

Gu Qianru instinctively said, "Impossible! You're all his important relatives!"

"After what we've done, Uncle will no longer treat us as family. Think of it like this: if Uncle found a woman for my father to cheat with and had him divorce you, would you still treat Uncle as family?"

Gu Qianru: "..."

“The relationship between family members can only be maintained through mutual sacrifice. If you hurt someone else, no one would be foolish enough to still treat you as family.”

Gu Chenyi knew all this, but he still chose to go through with it.

He had never thought that he would end up like this with his uncle one day. He did not want to do such a thing either, but... in this world, he could give up on anything except Xiao Huan. In the future, he would atone for his sins and do everything he could for his uncle!

The more Gu Qianru thought about it, the more she felt that her son was right. The more she thought about it, the more scared she became. Hence, she reached out and grabbed Gu Chenyi’s hand. “Son, then don’t do anything in the future! Just leave it to the Old Master!”

He was everything to her now. Nothing could happen to her precious son!

Gu Chenyi was about to say something.

“What do you mean just leave it to the Old Master?” Bo Huaiyun’s voice rang above their heads.

Gu Qianru immediately tightened her grip on Gu Chenyi’s hand nervously. Gu Chenyi reached out to comfort her before saying calmly, “Mom wants me to take the opportunity to deal with Xiao Huan. I told Mom about the severity of the consequences of dealing with Xiao Huan, and Mom got scared. She told me not to do anything and just let the Old Master do it.”

“Yes, don’t do anything!” Bo Huaiyun pulled out a chair and sat down. He decided to make things more serious so that his wife would completely give up on dealing with Mu Huan.

Mu Huan had almost derailed that business project, but Bo Junyan did not blame her. Even now that she had hurt the Old Master, this matter would probably pass. With this, it could be seen how much Bo Junyan cared about his wife. Even the Old Master, his biological grandfather, could not do anything about it, let alone them. Besides, even if they did not talk about this, they knew Mu Huan was not in the wrong. He could not let his wife do anything wrong.

If Old Master Meng had merely crossed Mu Huan’s two bottom lines, this matter would have passed without Bo Junyan knowing.

However...

Old Master Meng had done such a thing, yet he still refused to let it go.

“I’ve lived for so long, but no one has ever dared to hold a knife to my neck, much less injure me!” Old Master Meng glared fiercely at Mu Huan.

“No matter how much I don’t like you or how much I don’t want you to be my granddaughter-in-law, I’ve never thought of hurting you on Junyan’s account! And you kept saying that you would treat Junyan’s family as your family and would try your best to please me and make me like you, but you didn’t hesitate to be ruthless to me! You even did it twice! You’re too vicious!”

What did it mean to be the first to complain? Old Master Meng was the classic example of such a person.

“Why is only your grandmother considered your relative? Am I not Junyan’s biological grandfather and your mother-in-law’s biological father? How can you be so cruel to me? Even if I was in the wrong first, even if it’s true that I hurt your grandmother, I only had someone hurt her once and you hurt me twice! Am I no better than a stranger or an enemy?”

“So if anyone at all wants to deal with you, you have to pay them back double, huh?! I bet you want to use me as an excuse to cause trouble and kill me! That way, no one will object to your being with Junyan. That way, your position as Mrs. Bo will be secure!”

Chapter 814: Conflict (21)

“You’re too vicious!” Old Master Meng said angrily.

“Xiao Huan, you’ve really gone overboard this time. He’s Junyan’s grandfather, so he’s also your grandfather. Besides, even if he’s not your grandfather, he’s an old man in his seventies. How could you be so ruthless to him?” Meng Yueman looked at Mu Huan.

Bo Dingjing said, “Xiao Huan, no matter what, you were too impulsive on this matter. Your grandfather isn’t someone who would do something so ruthless.”

Actually, because he knew his son’s temper, he wanted to say that no matter how much trouble the old man made, he would only get worse each time. He also knew that there were some things that shouldn’t be done, but if he said these words, he would be glared at by his wife again.

Mu Huan lowered her head. “I’m sorry, Mom. I’m really sorry. I lost my mind when I saw that my granny was injured. I’m sorry, I’m sorry...”

At this moment, she had nothing else to say except an apology.

Old Master Meng’s coercion, methods, and everything were all fake. He was just scaring her!

With all the evidence in front of her, he could just scare her away. What else could she do?

Even people who did a prank that scared others to death were rarely sentenced to death, let alone the Old Master who did not cause any consequences. Instead, it was her who hurt him.

No matter how gentle she was, or how she did it just to intimidate him, those two wounds were real. She had really hurt him...

In the eyes of his family, there was no such thing as right or wrong. There was no such thing as who was first and who was last. There was only herself to be blamed for hurting others.

It was just like how when two children in the family fought, even if the injured one made the first move, the child who beat the other up badly would definitely be scolded because they were family. Even if the other did wrong, how could you be so ruthless?

There was such a thing in this world. If you were right, you would be right. If you were coerced, you wouldn’t be allowed to lash back.

But if she wasn’t allowed to do that, what should she have done? Should she have taken the drug that Old Master Meng was giving her? Or watched helplessly as her grandmother got hurt?

She had wanted to contact Bo Junyan immediately, but she did not get the chance to do so. Later on, she tried to contact others again, but she could not.

Now, they all knew that this situation was faked. It was all because Old Master Meng was their family. They instinctively believed that he wouldn't be so ruthless.

But how could Mu Huan think that Old Master Meng would not be so ruthless under those circumstances?

He wanted to chase her away so badly and attacked her again and again. No matter how she tried to please him, it was useless. Under such circumstances, she would never think of him as family. He would not really be so ruthless...

If she felt that way, she was a fool. But she didn't say anything. There was no point in her saying that.

When she hurt Old Master Meng, she knew that once he got hurt, no matter what the outcome would be, she would be at fault.

No matter what, it was wrong.

Hence, she did not need to say anything.

Meng Yueman wanted to say something else.

"But Xiao Huan was too anxious. She was brought up by her granny, so how could she not be impulsive when she saw her granny, whom she had a deep relationship with, get injured? Both parties were in the wrong regarding this matter. Of course, Xiao Huan committed the biggest mistake. She shouldn't have done this to Dad. Therefore, she is to be punished by writing a thousand-word reflection essay and think about her mistakes. Also, doesn't she like eating the most? She will be punished to not eat for three days!"

Chapter 815: Conflict (22)

Meng Yueman replied instinctively, "She'll starve to death if she doesn't eat for three days!"

Bo Dingjing replied smoothly, "Then let's punish her by not letting her eat for a day."

Meng Yueman snorted coldly without saying anything.

When Old Master Meng saw that despite his injuries, they were only punishing Mu Huan by not letting her eat for a day, he instantly stood up agitatedly. Then, his vision darkened and he fell to the ground, his expression extremely ugly.

"Dad! Dad!" Meng Yueman was so frightened that her heart stopped beating.

Bo Dingjing also panicked.

Mu Huan instinctively wanted to step forward to check on Old Master Meng but was stopped by the butler.

She yanked the butler away.

The butler staggered and almost fell.

Meanwhile, Mu Huan was already doing emergency treatment for Old Master Meng. Pharmaceutical studies required medical knowledge, and Mu Huan's background allowed her to understand a lot about first aid.

The butler had initially thought that Mu Huan wanted to take the opportunity to do something to the Old Master, which was why he'd wanted to stop her. He did not expect that after what had just happened, and after what the Old Master had done, she would be able to disregard the past and instinctively save him.

His expression became complicated.

Hospital...

After they waited anxiously, the doctor finally came out.

"How is my father? How is he?" Meng Yueman grabbed the doctor's arm tightly. She looked as if she would collapse if the doctor said anything bad.

"It's nothing serious. You don't have to worry too much." The doctor, who was also an old acquaintance, comforted her.

Meng Yueman let out a sigh of relief. Her legs were so weak that they couldn't support her weight. Luckily, with Bo Dingjing supporting her, she didn't fall.

"Is my dad awake?"

"I'm afraid he won't wake up until tomorrow."

"Didn't you say that he's fine? Why isn't he awake yet?"

"The old man is unconscious due to a sudden drop in blood pressure due to cardiac arrest. He needs time to recover."

"What! Cardiac arrest!" Meng Yueman, who had just heaved a sigh of relief, became so nervous that her heart was in her throat.

"Don't you know? Didn't you do the emergency treatment at that time? His current condition is all thanks to the emergency treatment. It was done well and in a timely manner. Otherwise, the consequences would have been unimaginable! The cardiac ultrasound we did just now showed that the damage was quite severe."

Old Master Meng had a cardiac arrest when he fainted. When he arrived at the hospital, his heart had already recovered. When Mu Huan was detailing the symptoms to the doctor, she explained that the patient was suspected of having a cardiac arrest for two minutes. At that time, Meng Yueman was focused on her father and did not hear anything.

Meanwhile, Bo Dingjing was contacting the experts.

Meng Yueman instinctively looked at Mu Huan. At that time, her father's heart had stopped? She only knew that he had suddenly fallen unconscious.

"Mom, don't worry too much. Didn't the doctor say that he's fine?" Mu Huan comforted her.

Meng Yueman looked at Mu Huan and was about to say something when she suddenly recalled that the doctor had mentioned that his heart had suffered quite a severe heart injury. She hurriedly looked at the doctor and asked, "Professor Yan, you just said that the damage to my father's heart was quite severe. What happened? What's going on?"

Professor Yan had planned to explain in detail what was going on with the heart injury, but under Bo Dingjing's signal, he said, "You don't have to worry about this. As long as he takes good care of his body, he will be fine. This is something that can be repaired. As long as he doesn't get agitated or get angry during this period of time, he will be fine."

Meng Yueman's heart tightened. She could finally return to her original state.

After they'd transferred Old Master Meng to the VIP ward and stabilized everything, Meng Yueman's emotions also stabilized a little. Only then did she look at Mu Huan.

Chapter 816: Conflict (23)

"Xiao Huan, it's all thanks to you that your grandpa is fine. You have no idea how grateful I am to you." Meng Yueman had always been a straightforward person. No matter how much she blamed Mu Huan after the incident, she would not deny her good deeds.

"I only did what I should."

Meng Yueman looked at Mu Huan and suddenly grabbed her hand tightly. "Xiao Huan, I know that you're a good child. I know that you only hurt your grandpa because you were forced to do so. However, just take it that I'm begging you. I beg you. No matter what your grandpa does in the future, don't treat him like this anymore, okay? If he does anything wrong, you can come after me! If he really gets someone to hurt your grandma, you can hurt me tenfold in return. I won't blame you. I really won't blame you!

"Don't go against your grandfather. We can't let him be angry or something will happen to him. If anything happens to him, this mom of yours... I really... I really wouldn't be able to stand it..." Meng Yueman started sobbing.

"I'm sorry, Mom..." Mu Huan's heart ached for Meng Yueman's pain.

"I believe you feel the same way about your grandmother. You'd rather suffer a thousand cuts than let her get hurt at all. I feel the same way about your grandfather. I hope you can understand how I feel."

"I understand..."

"I know. It's all your grandfather's fault. He did what he did. But your grandfather is already so old. He's more than 70 years old and his health isn't that good. I've already said all that I can. I've really thought of all sorts of ways to stop him!

"Other than speaking to him, what else can we do? Lock him up? Send him overseas and abandon him? He's my father, my biological father... Xiao Huan, whatever he does, I, as his daughter, will bear the consequences. Please don't hurt him again..."

“If anything happens to him... Mom really... Mom really...” Meng Yueman could no longer control herself and started crying. She was scared, really scared. She was so scared that her father would not be able to open his eyes again and she would lose him forever. She was really scared, really scared.

“I’m sorry, Mom...” Mu Huan looked at her mother-in-law, her heart aching so much that her eyes turned red. She had done nothing wrong in front of Old Master Meng. She had still shown him absolute mercy. If it had been anyone else, she would have been even more ruthless. However, when facing Meng Yueman, who had treated her very well, she was at fault. She had hurt her mother-in-law’s biological father. No matter what, he had been hurt.

...

What trouble could he not afford to provoke now? He was already elderly. When one was old, they were the weak. They were also the weak who could not be touched. Once an accident happened, just like today, if Mu Huan had not been rescued in time or if she had not been rescued at all, Old Master Meng would have been finished.

No matter how sensible Meng Yueman was, she knew that it was her father’s fault and could no longer blame Mu Huan.

A person’s emotions could not be controlled by rationality.

In the face of life and death, right and wrong were no longer important.

After Bo Dingjing, who had settled everything, came back and saw Meng Yueman crying so sadly, he walked over and wanted to take her to have a rest.

Alas, after Meng Yueman stood up, she suddenly fainted into Bo Dingjing’s arms, perhaps because she was too agitated or because she stood too quickly.

This scared Bo Dingjing and Mu Huan.

Thankfully, Meng Yueman only fainted for a short while. She woke up quickly and was fine.

However, because her emotions were fluctuating too much, her blood pressure rose, which made Bo Dingjing very worried.

Chapter 817: Conflict (24)

In addition, he was also an old man. The day’s torment made him look very tired.

This was also the reason why family matters were the hardest to deal with.

If one of them was injured, the entire family would suffer.

Including Mu Huan.

Her heart ached for his in-laws.

That night, Mu Huan stayed by Meng Yueman’s bed.

Bo Dingjing guarded Old Master Meng’s bed.

After midnight, Bo Junyan called.

Mu Huan was afraid that she would wake Meng Yueman up, so she went out to answer the call.

“How’s Mom now?” Bo Junyan had just finished his discussion with an important figure when he received a call from his father to inform him of this matter.

“She’s asleep. It’s nothing serious. Don’t worry.”

“Yes.” Bo Junyan paused for a moment before continuing, “I know this was all grandpa’s fault, but don’t be too impulsive when you meet him in the future. He’s banking on your impulsiveness.”

Mu Huan didn’t say anything because she didn’t know what to say. She felt that she was already very calm and didn’t possess the slightest bit of impulsiveness.

Bo Junyan wanted to continue telling her that he had already made arrangements for his grandfather to completely cut off this plan of his. He wanted her to avoid meeting his grandfather or drag the time if she couldn’t avoid him, but PA Wang walked in. “CEO, Mr. Dyson has arrived.”

The new energy source project this time had raised the influence of the Bo Group by a lot, but it did not make much of a profit for the company. The only thing the company wanted was fame, and it was not convenient to talk about the reasons behind it. However, this project was the busiest one, and the people who needed to be socialized with were all important figures, so they could not neglect it.

Hence, Bo Junyan said briefly, “I’ve already made arrangements for Grandpa. You should avoid him first. I’m going to get busy now. Be good and I’ll be back in two or three days.”

“Okay.” Mu Huan did not say much.

The next day, when Old Master Meng woke up, he really did not want to see Mu Huan. Afraid that he would get agitated, Meng Yueman asked Mu Huan to leave.

After leaving the hospital, Mu Huan went to her granny’s nursing home.

During the incident yesterday, her granny had fallen asleep after taking her medicine, so she had no idea what had happened.

“Why are you here to see me again? Your studies are so important, why do you keep coming to see an old woman like me? I’m doing very well here, you don’t have to be so hardworking.” Not knowing what Mu Huan had gone through, the old lady only thought that she could not delay her granddaughter’s studies anymore. She was so smart and talented. If not for her dragging her granddaughter down...

“I just want to see Grandma every day.” Mu Huan stepped forward and hugged her while smiling.

It was good to see her well.

Mu Huan could not allow anyone to hurt her granny, so she could understand Meng Yueman very well.

“Why would you come see me every day? You should study hard every day!” Xue Hua caressed Mu Huan’s head, not wanting her to worry about her.

"I've already been studying hard. The experiment that I told you about earlier has succeeded as well! I've developed a new prescription for anti-inflammatory drugs! Aren't I super awesome?!" Mu Huan looked up at her granny with a smile.

"Amazing! You'll definitely be more outstanding than your grandfather in the future!"

"Yep, the student surpasses the master! I'm definitely better than my grandfather!"

Xue Hua looked at her. Although her granddaughter was still smiling and talking normally, she could sense that she was feeling down. Also, when she came in earlier, she had a feeling that she was glad that Xue Hua was doing well. However, Mu Huan definitely did not want to talk to her about what's wrong or make her worry, so Xue Hua did not ask.

Chapter 818: Conflict (25)

She only went along with her words for a while.

"Xiao Huan, don't prioritize me so much anymore. You should prioritize other things more. I shouldn't be the main character in your life anymore. Your number one should be something else. I'm already past my prime. To be honest, I don't have many years left to live. Don't let me affect your life." Mu Huan thought too highly of her. She couldn't stand it when anything happened to her. If she were to pass away one day, she would probably feel terrible for a long time.

"Granny..." Mu Huan was about to say something.

"It's inevitable for people to die of old age. Death is everyone's final destination. Not only am I not afraid of it, but I'm also looking forward to its arrival because I miss your grandpa so much that I can't bear to think about it anymore. Xiao Huan, don't be afraid of anything happening to Granny. Even if something happens to me, it'll be a relief and a wonderful thing. The most important thing for a person to live is to look forward. The most important thing is to love yourself. Don't think too much about anything else other than yourself."

Mu Huan did not say anything and only buried her head in her grandmother's arms.

She understood what her granny was saying. She also knew that her granny was sensing her emotions and that was why she was saying all these. Her granny might have wanted to talk to her in this way as well, but there were too many things that had happened recently. She did not know what she was thinking or how she was going to leave. Hence, she did not know what to talk about. She only wanted to hug her granny like this and just do so quietly.

It calmed her heart.

Seeing that she still did not say anything, Xue Hua did not say anything else. She was also a person of few words.

At noon, after her granny fell asleep, Mu Huan went to the dojo beside the sanatorium.

She had thought that no one would hurt her granny anymore after Matriarch Mu and Bai Xuexian fell. She had not expected Bo Junyan's grandfather to do such a thing.

Although his grandfather would probably not do the same thing again, Mu Huan decided to hire bodyguards to protect her granny just in case. Hence, she spent a huge sum of money to get the security company to send some quality female bodyguards for her to choose from.

Other than knowing martial arts, Mu Huan chose bodyguards based on their character. Hence, she spent the entire afternoon choosing them.

As she did not want her granny to feel uncomfortable, she only chose two bodyguards. Mu Huan was very satisfied with their character and quick reflexes. With their skills and the self-defense drugs she had given them, she no longer had to worry about her granny's safety.

After picking the bodyguards and having dinner with her granny, she rushed back to school.

She received a call from Mu Dongsheng the moment she reached school.

"Xiao Huan, come home quickly. I have something important to discuss with you. Something very, very important!" Mu Dongsheng spoke as if the sky was falling.

"Let's talk over the phone first. If you want me to beg Bo Junyan for forgiveness, then don't say anything. Bo Junyan isn't back yet and no one is picking up the phone." If this was something unimportant, then he shouldn't say anything!

"It's not about that. It's an extremely important matter. Come back quickly! I'll wait for you!" With that, he hung up the phone.

Even though Mu Huan could not think of anything that would be important to her father, she recalled that he had said that he had something important for her last time. What he had given her was something very important. Hence, after some thought, she returned to the Mu residence.

When she returned to the Mu residence, Mu Dongsheng was waiting in the living room with his cousin and his cousin's daughter sitting beside him.

Chapter 819: The Wedding Is Suspended (1)

Mu Dongsheng's cousin, Mu Chunyu, immediately pulled her daughter to her feet when she saw Mu Huan enter. "Yaya, quickly, greet your cousin."

The short-haired girl who was pulled up by her called out sweetly, "Cousin."

Mu Huan nodded and looked at Mu Dongsheng. Didn't he say that he had something important to discuss with her? What were these two outsiders doing here? Also, the way her aunt looked at her was too solicitous. It was obvious that she had some ulterior motive.

"Come, sit down first. This matter is really important!" Mu Dongsheng said as he pulled Mu Huan to sit down.

Mu Chunyu replied, "Yes, Xiao Huan. Come, let's sit down and talk."

Mu Huan glanced at her cousin indifferently. One who was unaccountably solicitous was hiding evil intentions.

"Dad, I'm still busy. What's the matter? Tell me quickly."

Mu Dongsheng looked at Mu Huan and then at Mu Chunyu.

Finally, under Mu Chunyu's indication, he spoke.

"Xiao Huan, I heard that you injured Old Master Meng."

A mocking smile curved on Mu Huan's lips. "You're so well-informed."

"It's not that I'm well-informed, but this matter has already spread far and wide. Everyone says that not only are you insensible, but you're also vicious. You even injured your own husband's grandfather!"

"If that's the case, there's no need to talk about it." Mu Huan was about to walk out when Mu Dongsheng grabbed her arm and refused to let go.

"You must listen to Dad. If you don't let me finish, I won't let go unless you beat me to death!" Mu Dongsheng refused to let go.

The corners of Mu Huan's mouth twitched slightly. Looking at Mu Dongsheng, she suddenly understood Bo Junyan very well. No matter what he did to a family member whom you had feelings for, you couldn't be truly cruel to him and could only let him have more autonomy than others.

She could tolerate her father just because of a little wishful thinking she had from her childhood. What more Bo Junyan, who had a close relationship with his grandfather?

It wasn't easy for him to think that his grandfather was in the wrong. Should she be more understanding?

With this thought in mind, Mu Huan felt much better.

Mu Huan returned to her senses and said, "Get to the point."

"Have you seen the news reports over the past two days? All the major media outlets are saying that Bo Junyan and Ling Wei's wedding is coming soon. Moreover, they seem to be very intimate overseas," Mu Dongsheng said.

"Get to the point. Don't challenge my patience." Mu Huan didn't want to hear such things.

"Alright, the main point is that Bo Junyan liked you in the past because you were young and obedient. Now, you're no longer obedient, you don't know how to appreciate the big picture, and you've even hurt his most respected grandfather! With you like this, even if the news that Bo Junyan and Ling Wei's wedding date is fake, there's no hope for you and Bo Junyan! You should have made other plans earlier!"

"No hope? Made other plans?" Mu Huan raised an eyebrow. He wasn't beating around the bush to get her to beg Bo Junyan for forgiveness and for her to pretend to be obedient and sweet to him. Instead, he felt that there was no hope for her and Bo Junyan anymore? He wanted her to make other plans? What plans did he have? Find a good lawyer and ask for more money when she divorced Bo Junyan?

"That's right. There's no hope for you and Bo Junyan anymore! Bo Junyan has already gotten someone to stop your wedding with him!" Mu Dongsheng emphasized.

“What do you mean stop our wedding? How did you know?” Mu Huan frowned. She didn’t even know about this!

Chapter 820: The Wedding Is Suspended (2)

“Previously, when I was discussing your marriage with Bo Junyan’s parents, your grandmother tried to cause such a ruckus. Now that the marriage talks are over, Bo Junyan got me to discuss it with him. He even found a wedding planner and got him to contact me so that we could discuss the wedding at any time. That wedding planner also came to ask me about things that you like from time to time.

“Initially, we agreed to meet today and see to the wedding arrangements. However, the other party suddenly called me and told me that Bo Junyan had given the order for the wedding to be suspended and told me not to go.

“You just hurt his grandfather yesterday, and today, the wedding progress is halted. Don’t you think he doesn’t want to live with you anymore?! I heard that your mother-in-law even fainted because of Bo Junyan’s grandfather! Bo Junyan is someone who values his family. Since you’ve done this, he definitely thinks that you’re not suitable for him anymore!”

Mu Huan remained silent. Even if she wanted to do something, she would not tell Mu Dongsheng.

Just then, Mu Dongsheng added, “Since it’s no longer possible between you and Bo Junyan, I think you should make the best plans for the Mu family!”

Mu Chunyu chimed in, “Yes, your dad is right. Xiao Huan, you should make plans early!”

“What do you plan to do?” Mu Huan really wanted to know what they wanted her to do.

Mu Chunyu was waiting for her to say this, so the moment Mu Huan finished speaking, she pushed her daughter forward. “Xiao Huan, what do you think of Yaya?”

Xu Ya, who was pushed forward, gave Mu Huan a shy and cute smile.

Her eyes narrowed.

“Look and see if she isn’t obedient, cute, adorable, and pretty.” Mu Chunyu didn’t hold back when she praised her daughter.

Mu Huan raised an eyebrow. “What do you mean?”

“Xiao Huan, don’t be like this. You’re such a smart person. Even if you pretend that you don’t understand what I’m saying, it’ll be meaningless,” Mu Chunyu said.

“I really don’t understand!”

“Alright, since you don’t understand, then I’ll make it clear. What did Bo Junyan like about you in the past? He liked you because you were young, pretty, cute, and obedient. But that was all an act. But my daughter isn’t acting. My daughter has always been obedient since she was young. She’s exactly what Bo Junyan wants.

“So, since you and Bo Junyan can’t make it anymore, why don’t you help your cousin before you get divorced? We’re a family. When the time comes, if things really work out, your cousin and I will definitely remember your kindness and make the entire Mu family happy!

“Look at Yaya. She’s only in her second year of high school and is as delicate as a flower bud. This man who likes young and beautiful girls will definitely like her very much. Therefore, you don’t have to do anything for Yaya. You just have to bring her to the Bo family home and give her a chance to appear in front of Bo Junyan!”

Mu Chunyu was very confident in her own daughter. Her daughter was so lovely and beautiful. To an old man who liked young girls, she was simply too fitting! She didn’t need to do anything at all and could easily capture him!

“Yaya, thank your cousin first.”

“Thank you, cousin. I’ll remember your kindness for the rest of my life!” Xu Ya said cutely.

“...” Mu Huan was stunned by their shamelessness.

Holy shit!

What kind of world was this! How could there be such a shameless person! As his wife, she had to help this girl get her husband?!
