

Fake Marriage 841

Chapter 841: Return (3)

“What’s wrong?” Mu Huan, who was about to go eat, felt that there was something wrong with the way they looked at her.

Everyone snapped back to their senses and shook their heads. “Nothing.”

Mu Huan glanced at them and did not speak. She lowered her head and continued eating.

At the thought that she no longer cared so much about Bo Junyan after speaking to him that way, Long Feiting happily picked up some food for her. “Come and eat more.”

Mu Huan took her bowl away when he reached for it with his chopsticks.

Long Feiting: “...”

Long Feilei: “...”

It seemed that his brother would have a hard time pursuing love.

After dinner.

Mu Huan looked at Long Feilei and asked, “Did anyone find out anything?”

“I’ve expanded the radius to ten kilometers to be investigated. I’ve found a suspicious vehicle and am investigating further,” Long Feilei said.

“Let me know when you find out more.” Mu Huan’s gaze turned vicious.

Who the f*ck could it be? If she found out who the culprit was, she would give them a good thrashing!

After breakfast, Long Feiting saw that Mu Huan was tired and so was he. He did not stay any longer and left.

After they left, Mu Huan ate her fill and lay on the bed. Instantly, she felt alive again.

She couldn’t help but sigh. “It’s good to be alive!”

The beauty of life could only be felt when one was alive!

With that, Mu Huan turned to look at the two of them. “Why didn’t the two of you ask me about it? I was so close to becoming a cold corpse!”

Li Meng: “...”

Wu Xingye: “...”

“Last night, the two of you must have used the excuse of guarding me in order to play games for the entire night. Yesterday, there was an activity in the game and new equipment was dropped. Both of you should give me a set each. I’ve been so busy recently that I haven’t had the time to play games.”

Li Meng: “...!!”

She'd give her that new equipment that had just dropped only if she went blind!

Wu Xingye said, "Mu Huan, you're basically taking advantage of your injury to rob others!"

"Yes." Mu Huan's expression was one of agreement.

Wu Xingye said, "Would a scourge like you actually die early? I think the heavens want you to live another 500 years!"

"I think so too," Mu Huan said with a smile.

Wu Xingye had something on and left.

Li Meng looked at Mu Huan and said, "Aren't you going to tell Bo Junyan about your injury? If he were to investigate the people who beat you up, it should go faster, right?"

"I won't tell him since he also won't tell me anything. Besides, I've thought about it. Those people don't really want my life. There's no hurry to find out about them. If they want me for something, I reckon they'll come looking for me again. If we can't find anything, we'll just wait for them to come." Mu Huan wasn't afraid of whether her life was in danger or not.

"What's wrong with you? A few days ago, you were feeling guilty about causing trouble at the Bo Group and even felt sorry for your husband. Why are you angry at him now?" Li Meng felt that there was something wrong with Mu Huan's change in attitude.

"I haven't had the chance to tell you..." Mu Huan roughly told Li Meng what had happened after Bo Junyan's grandfather had called her over.

"He said that he knew it was his grandfather's fault, but he still told me not to be rash and impulsive? Let's not talk about whether I was rash or not. Even if I was, shouldn't I be? That's my biological granny, the most important person to me. How could I just watch her get hurt..." Although he had asked her to understand the other party, him saying that she was rash still made her feel terrible.

"Also, Bo Junyan's grandfather is in a bad state right now. He fainted from the shock and his heart muscles have been severely damaged. From now on, he's someone who can't be angered. In other words, he has a death-exemption badge."

Chapter 842: Return (4)

"He's also their family. Whatever he did can be spun into being just a mere threat to me. They all believe that he's just trying to scare me, but I don't believe it! I feel that if he could have forced me back then, that matter would definitely have gone as he wanted!"

Although she was sure that Gu Chenyi wasn't upstairs at that time, that place was so close to Yun University. If the old man had managed to force her to take the drug, he could still look for Gu Chenyi. Hence, she didn't believe that he was only trying to scare her!

"I've already tried my best to please Bo Junyan's grandfather. No matter what he says about me being disobedient, I've tried all sorts of ways to make him like me. But after what he did, not only do I not want to please him anymore, but I also can't make myself treat him like family anymore. However, my mother-in-law is also a very filial person.

“She’s also someone who treats me especially well. Do you know how upset I felt when she held my hand and begged me? Also, after the old man collapsed, my mother-in-law fainted. My father-in-law’s health wasn’t good to begin with, and he didn’t have it easy because I couldn’t do anything to the old man. But if he hadn’t let me off, would I have continued to be beaten? So, what do you think I should do?”

“Besides, Bo Junyan doesn’t tell me anything. Every time, I’m like a fool who has to get news about him or about myself from others.” Mu Huan didn’t want to leave Bo Junyan, but no matter how much she liked him and how much she wanted him to stay by her side, she would still be angry, upset, and tired...

“Also, the day before yesterday, I had just hurt his grandfather. Yesterday, he got someone to suspend our wedding. Now, everyone is so sure that he doesn’t want me. We’re done for. There’s a f*cking woman bringing her daughter to look for me and asking me to help her daughter while I’m still in a position of power. I’m really f*cking... I don’t care why he suspended the wedding. He might have his considerations, but he didn’t tell me clearly...”

Also, she felt very guilty about almost delaying his important matters at the company. She knew very well that she was in the wrong first. He was forced to do so, but he used Wu Xingye and Li Meng to threaten her. It made her feel very upset. Hence, after returning from the company that day, she was very tired. She did not want to pay attention to anything and did not want to do anything else.

A woman’s tiredness and discomfort accumulated bit by bit.

“There’s a big problem between the two of you,” Li Meng said.

“Sigh... so I’ll just not think about it for now. I’ll wait for him to come back and just observe the situation first.” Mu Huan didn’t know what would happen between her and Bo Junyan, so she could only wait for him to come back. However, she was a person who was used to having two things at once. No matter what, she had to prepare an escape route for herself before she could feel at ease.

This habit came from her years of hard work.

...

Bo Junyan asked PA Wang to shorten his schedule as much as possible so that he could return home earlier. However, an accident happened. He could have returned in two days but only did so on the fifth day.

By the time he returned, Mu Huan was already jumping around happily as she and Wu Xingye watched the renovation of their restaurant.

Due to the presence of the beautiful fairy sister, Shangguan Yu, Mu Huan liked to watch the renovation of her restaurant. This way, she could have a chat with Shangguan Yu at the coffee shop and eat her delicious desserts.

“Sister Yu, your desserts have made me, a person who doesn’t like desserts, fall in love with them! If I become fat from eating your desserts, you have to be responsible for me!”

Chapter 843: Return (5)

Mu Huan looked at Shangguan Yu and felt that her Fairy Sister looked really good.

“I’d like to be responsible for you, but I’m afraid Bo Junyan wouldn’t allow it,” Shangguan Yu said with a smile.

“Tsk, don’t bother about him! I love you the most!”

Shangguan Yu looked at her and smiled. She had met Bo Junyan a few times. When she heard that he was going on a blind date and getting married, she had thought about what kind of woman a person like him would marry. She didn’t expect it to be such a young girl like Xiao Huan. However, when she thought about it, the two of them looked quite compatible.

Just as Mu Huan was about to say something...

The third party from last time appeared. She took two paper bags and threw them in front of Shangguan Yu.

“From now on, I’ll prepare Siye’s clothes. You don’t have to do this anymore!” Gu Lingyin said arrogantly.

“Oh,” Shangguan Yu said lightly without saying anything else.

However, Mu Huan, who was standing by the side, could not take it anymore. “Who do you think you are to prepare his clothes?!”

The other two were a married couple! Mu Huan had seen a third party before, but she had never seen one who could be so arrogant!

Gu Lingyin wanted to say something to Mu Huan. What did Gu Lingyin talking to Shangguan Yu have to do with her? But when she recalled how respectful Fu Siye was to Mu Huan last time and how she wasn’t someone she could afford to offend, she forced herself to bear with it.

“Also, when are you going to divorce Siye? Is there any meaning in you hogging him like this? If I were you, I would have tactfully invited myself down from the stage and not clung to him like this just because of Siye’s promise to your grandfather!”

Shangguan Yu wasn’t angry. She only smiled faintly and looked at Gu Lingyin. “It’s a pity that you’re not me.”

Gu Lingyin: “...!!”

This b*tch! How could she be so shameless?!

“Ms. Gu, please leave after dropping off these things here. Don’t make me ask someone to invite you away.” After Shangguan Yu said that, two waiters from the coffee shop walked over.

The two waiters were obviously not ordinary waiters but bodyguards dressed as waiters.

“I’ve never met someone as shameless as you!” With that, Gu Lingyin turned around and left.

She knew that Shangguan Yu might really do such a thing, and she didn’t want to lose face.

Unfortunately, she couldn’t bring along anyone to find trouble with Shangguan Yu. Otherwise, she would have brought a few people here to humiliate her!

“Sister Yu, why do you have to tolerate her? If you can’t do anything ruthless, let me deal with her. I promise that she won’t dare to appear in front of you again!” In the past, Mu Huan had dealt with all sorts of third parties. She had hundreds of ways to make that third party not dare to appear in front of Sister Yu again!

“And Sister Yu, although I don’t know what’s going on between you and Fu Siye, the most important thing in life is to love yourself.” Although Mu Huan knew that it wasn’t good to interfere in someone else’s love life, she really couldn’t tolerate this sort of third party. She couldn’t think of a reason why Shangguan Yu was still willing to stay in such a marriage.

If it were her, she would have long beaten this pair of scum and slut half to death!

“I know, I’m just waiting,” Shangguan Yu said with a smile.

“Waiting for what? Do you have any difficulties? If you have any difficulties, you can tell me. We can think of a solution together,” Mu Huan said.

Shangguan Yu smiled and said, “Waiting for death.”

She knew that he had only let Gu Lingyin find trouble with her because he felt guilty about what had happened back then. He was not really having an affair.

Chapter 844: Return (6)

This made her unable to let go of all the heartache and pain she had suffered because of him. If her heart did not die, her feelings would not be extinguished, and she would not be able to let go. Hence, she could only wait until her heart was destroyed before she could truly let go.

Mu Huan: “...”

She could only rely on herself now.

“I’ll be busy in the kitchen. You guys have a good chat.” Shangguan Yu smiled and patted her shoulder.

“Yes.”

After Shangguan Yu left...

Mu Huan looked at her back and couldn’t help but say, “She’s such a beautiful fairy sister...”

“That Fu Siye is probably braindead on top of having damaged eyes and a crippled personality!” Li Meng also liked this beautiful fairy-like lady, Shangguan Yu.

Li Meng said, “I really don’t know what that man’s pig brain is thinking!”

She was such a good wife with an outstanding temperament, stunning looks, and a good personality, yet he actually went to mess with that crazy third party!

“Yes, I don’t know either!” Mu Huan couldn’t figure out what that pig-headed Fu Siye was thinking.

Then, the two of them looked at Wu Xingye at the same time.

Wu Xingye: “...”

Although he was also a man... he wasn't stupid, and he wasn't the party involved. He didn't know what that other man was thinking!

Afraid that the two of them would continue to put the label of a scumbag on him, Wu Xingye immediately changed the topic.

"Xiao Huan, have you passed the NST test?"

"Of course! Don't you know who I am?!" Mu Huan said proudly.

"How many marks did you score?" Wu Xingye asked curiously.

He went to search for NST. It was a very impressive research institute. If one wasn't an awesome person, one wouldn't be able to enter!

"They didn't say much. They only said that I could totally enter and that I should consider it carefully," Mu Huan said.

"Didn't you ask how many points?"

"I've asked, but Liu Changfeng said that my exam this time is different from the past exams. I don't have a standard score. It's just that the director and the two professors used their impression of me and their understanding of the problem. Then, they felt that I could be nurtured and unanimously agreed that I could enter NST."

Mu Huan's professionalism was not that strong yet. Hence, she did not come up with a very standard answer. There was no definite answer. It could only depend on the feeling she gave the professors. They felt that she was a moldable talent and from that decided whether she could enter.

"Previously, you wanted to pass the test first. Now that you've passed the test, what do you think? I've investigated. That's a super awesome research institute. It can be said to be the top research institute in the world. If you can enter that place, you'll be able to fulfill your dream of becoming a big boss in the pharmaceutical world very soon!" Wu Xingye asked.

"That's right! Those awesome big shots were right in front of us!" That day, for the convenience of language, the director had invited two Chinese professors. They were both famous big shots in the pharmaceutical industry. If she could learn from them, her big boss dream would really not be far off!

"What a pity..." This opportunity did not come half a year ago.

Li Meng could tell that Mu Huan was very tempted and wanted to go, but she couldn't bear to part with Bo Junyan. Hence, she said, "Actually, it wouldn't be good if you went. If you went overseas, the three of us wouldn't be able to meet so often. When that kind of laboratory gets busy, you probably won't even have time to eat. You wouldn't be able to play games or contact us. This way, we won't see each other for a year and a half, and we'd slowly become strangers."

Li Meng's original intention was to appease Mu Huan so that even if she couldn't bear to do it, she wouldn't regret it. But the more she spoke, the more reluctant she became.

No matter how good a friend's circle was, they would slowly drift farther and farther apart.

Chapter 845: Return (7)

Then, they would disperse. No matter how good their relationship was, it would be gone.

This was the cruelty of time.

Wu Xingye and Mu Huan were hurt by her words.

It had not been easy for them to support each other until now. How could they not feel hurt and upset when they thought about how they would be strangers in the future?

“To be honest, I’ve thought about this question before. I’ve pondered over it. If I were to go overseas, I’d only be able to study for at most five years. When the time comes, I’ll return to the country to develop here. Originally, I’d wanted to give the Song family’s secret prescriptions to Bo Junyan’s pharmaceutical factory, but if I were divorcing him, I definitely wouldn’t give it to him.

“Hence, when I return from my studies, I’ll revive the Song family’s pharmaceutical factory. At that time, we’ll work together again! Xiao Meng, you should work hard and study well. In the future, I’ll recruit you and you’ll be my assistant. Xingye will be in charge of all the electronic systems in the pharmaceutical factory. The three of us will work together to make our pharmaceutical factory the number one in Asia and world-renowned. This way, we’ll always be in the same industry and will always be good friends, good friends for life!”

Mu Huan liked to leave herself a way out, and out of habit, she’d figured out every path and walked them through it smoothly.

“That’s fine! That’s fine!” Li Meng nodded repeatedly. She was actually a lazy person who had no plans for her life. Ever since she got together with Mu Huan in junior high, she had gotten used to following her. However, she couldn’t drag Mu Huan down. Hence, if she wanted to develop overseas, she would only support her.

Even if she would lose her and let her drift farther and farther away, she would always support her.

But if this was the plan, then they would not lose this friendship at all. Mu Huan would be gone for five years, and Li Meng would be studying at the university. She would study hard and wait for her return!

“I’ll do whatever you say!” Because Wu Xingye’s family was poor, his life goal in the past was to earn a lot of money. He no longer had to worry about money. Now that he no longer lacked money, and he didn’t have any other dreams in life, he only wanted to run this restaurant. In the end, they thought even further. However, he had always done whatever they asked him to do.

He would listen to them!

“Alright, then. It’s a deal. If I divorce Bo Junyan and go overseas, the two of you can wait for me in the country. You can go to school, you can set up a restaurant, and the two of you can help me take care of my granny. Then, when I return, I’ll bring the two of you to fly!” Mu Huan’s face was full of anticipation for when she’d return as a big sister and take the two of them to the skies!

For the past few days, whenever Bo Junyan called Mu Huan, she would always ignore him. Previously, he had told her that he would be back in two to three days, but in the end, he did not return.

She did not make a call to ask him what was going on. Mu Huan, who had always liked to act coquettishly and throw a tantrum, had treated him in such a manner. This made Bo Junyan very upset. Hence, he did not tell Mu Huan about the time he had decided to return.

However, after he got off the plane, he went to Mu Huan's school. On the way to the school, he saw Mu Huan posting on her WeChat Moments.

"Fairy Sister Yu's desserts are so delicious that even I, someone who doesn't like desserts, fell in love with them. The little brother beside me also said that they were delicious and even praised Fairy Sister Yu. She's beautiful, kind, and has a good personality. I really want to marry her."

There were even several pictures of Shangguan Yu's coffee shop.

Mu Huan's original intention was to let Fu Siye see this post of hers. She wanted him to know that her Fairy Sister Yu was so beautiful that even if he didn't cherish her, there were still people who liked her. Once he lost her, he would cry to death!

But who knew...

Chapter 846: Return (8)

Bo Junyan had been to Shangguan Yu's coffee shop before, so he immediately got the chauffeur to change their route and head over.

As he walked toward Mu Huan's side, he happened to hear her say, "If I were to go overseas, I'd only be gone for five years at most. I'm going to divorce Bo Junyan, so I definitely won't give the Song family's secret prescriptions to him. Then, I'll come back and revive the Song family's pharmaceutical factory." She had arranged her future and the future of her two good friends, but he wasn't in her future!

She wanted a divorce! She wanted to leave him and go overseas! She didn't want him anymore!

After seeing her shocking side, no matter how hard he had to try to accept it, he had never thought about not wanting his wife! But she actually didn't want him anymore!

She stopped wanting him so easily. She wanted to divorce him and leave!

And she had arranged everything!

All of a sudden, a wave of panic surged within Bo Junyan. This was a feeling he had never felt in all his years of life! It was as if he couldn't grasp it no matter how hard he tried. This made him lose his rationality, and his expression darkened as he said, "Don't even think about it! Since you've married me, you'll be my wife for the rest of your life. You can forget about going anywhere except with me!"

She would be his wife for life since she'd married him!

When Mu Huan heard his sudden voice, she jumped in shock. Just as she was about to look up at him, he pulled her into his embrace forcefully.

The force was so strong that she felt dizzy.

"Hubby..." Mu Huan was about to say something.

“You can do whatever you want, but you’re not allowed to leave me!” No matter what she did, even if she wanted to go to heaven, as long as she was by his side, she could do anything!

When Mu Huan heard this, she was furious. “What did I do?! I...”

When Bo Junyan heard her words, he thought that she was saying that the divorce was not a joke and that she really wanted to divorce him. His expression darkened even more. “If you dare to divorce me and leave me, I’ll make the two of them suffer a fate worse than death! Their whole family will suffer a fate worse than death!”

He pointed at Li Meng and Wu Xingye.

Whenever she had good food to eat, she thought about them. She thought about them when she was having fun and thought about them whenever she did everything. She couldn’t be separated from them. She wanted to be friends for life, but she could easily lose him and abandon him!

If she dared to leave him, he would definitely destroy the two of them!

Li Meng: “...”

Wu Xingye: “...”

What the f*ck...

It wasn’t easy to be alive these days. It was them who’d die in this fight!

“Bo Junyan, try threatening me again! Try threatening me using them again!” The last time he had used Li Meng and the others to threaten her, it had made her very upset. This was because the person she loved could actually use her weaknesses to threaten her. However, she was in the wrong first. She was just upset and didn’t blame him. She even blamed herself.

But now, he was using them to threaten her!

“You know I do what I say.” The storm in his eyes was frighteningly dark!

Actually, one could not blame Bo Junyan for using Mu Huan’s weaknesses to threaten her. To him, using someone else’s weakness as a threat was only the most effective and quick method. It was an instinctive method for him to handle things.

If he had to blame someone, he could only blame the education he had received since he was young. The education he had received since he was young was ruthless. Whether it was in terms of dealing with people or in business, he was the first to see through the other party’s weakness and take down the other party with the fastest and most powerful speed.

Bo Junyan treated his parents the same way.

Chapter 847: Return (9)

If Bo Junyan wanted to do something that his parents didn’t agree with, so much so that his mother would fight with him about it, making his persuasion useless, he would use her greatest weakness to force her to agree to him.

He had used the same trick on his grandfather.

For example, the first time his grandfather had dealt with Mu Huan, he had directly given up his right to be his grandfather. However, later on, after Old Master Meng lost this right, he no longer had any weaknesses. On the contrary, now that he became old and fell sick, he couldn't be provoked at all. If anything happened to the old man, his mother wouldn't be able to take it. This became Bo Junyan's weakness instead.

Mu Huan knew that he meant what he said. That was why she was especially angry!

She was angry at him for using her best friends to threaten her!

Mu Huan was a person who would come at the other party if anything were to happen. If the sky were to collapse, then she would be smashed to death. She didn't want to implicate her friends. Besides, she had hated being threatened since she was young. This was especially so during the time when her grandma had threatened her with her granny. She could not resist and could only be obedient like a dog. Once she was threatened, she would explode!

"Bo Junyan, f*ck you! Try threatening me again!"

"Are you cursing at me?" He had worked so hard to get his wife back so that he could hug her faster. In the end, his wife had to run away and was even cursing at him now!

"I won't just curse at you, I'll even beat you up! You f*cking..."

Bo Junyan looked at his little wife, who was originally soft and adorable, who used to hang in his arms and listen to everything he said. Now, she was like an explosive little chili, wishing she could blow him up. Although her temperament was completely different, he liked her the same way!

No matter how much she'd changed or what she'd become, she was still his wife!

He would never allow her to leave him!

He lowered his head and harshly shut her up from saying all the words she had to say to him!

Mu Huan: "...!!"

Freaking hell! He dared to do this after threatening her!

What did he take her for?!

She grabbed Bo Junyan with both hands and tried to fling him away.

But...

He did not budge.

She lifted her leg and kicked him.

But it didn't work.

No matter how hard she tried, she could not shake him in the slightest bit.

She couldn't scold or curse at him. She couldn't beat him!

No, she couldn't even hit him!

She suspected that he wasn't made of flesh and didn't even feel pain!

One had to know how powerful her attack was!

Li Meng looked at the scene before her with eyes full of admiration for Bo Junyan. "Only a strong man like God Bo can subdue our Little Chili..."

Wu Xingye broke out in a cold sweat. "Don't forget that he wants you to suffer!"

He had already said he'd make her life a living hell, yet she was still looking at him like a love-struck fool. Was she crazy?

"He's just saying that. It's not true. He must have lost his rationality after hearing those words. He was jealous that Xiao Huan thought about us but didn't want him anymore," Li Meng whispered.

She was afraid that Bo Junyan would hear her.

He had made their Xiao Huan jealous for so long. It was time for him to be jealous, envious, and worried about personal gains and losses.

"Ha, he's just saying that and it can't be true? Let Xiao Huan try to leave him then!" Wu Xingye sneered.

Li Meng: "..."

"However, Xiao Huan has never liked it when people threaten her. No one could threaten her, yet Bo Junyan used us to threaten her. Ha... stupid man..." Wu Xingye sneered, his tone carrying a hint of schadenfreude.

Chapter 848: Return (10)

"Don't forget that you're a man too." Li Meng rolled her eyes at him.

"I'm a great man. I'm different from scum like Fu Siye and stupid men like Bo Junyan. I'm a good man who will treat only the person I like well and live a good life!" Wu Xingye said as he looked at Li Meng.

Li Meng shifted her gaze away uneasily when she met his gaze. "Every man would say such things when they're in love. Out of ten men, nine are scum, and the last one bats for the other team."

Wu Xingye: "..."

He knew that this was just her way of changing the subject.

But he did not continue. He knew that she had a knot in her heart, and he needed to take it slow, lest they could not even be friends.

In the past, Wu Xingye had always felt that those who did not pursue girls because they were afraid that they would not be able to be friends afterward were stupid. It was only now that he realized that it was not that they were stupid, but that they cherished each other so much that they were afraid. They were afraid that they would lose each other if they were not careful. Hence, they were careful not to make a move.

Suddenly, he understood Bo Junyan a little.

He must have felt that way because he was afraid of losing her. After all, he had just rushed back from work when he heard that his wife was leaving him. He was such a strong person and was used to using force to keep what he wanted. Hence, he instinctively used force.

Mu Huan, who had always been a good student, applied for three days of leave before coming to school.

The moment she stepped into the classroom, she could feel the fiery atmosphere in the classroom.

“Xiao Huan, you’re finally here!” When Li Meng saw her, she immediately pulled her to sit down.

“What’s wrong?”

“Today, all the newspapers, websites, and all the other media outlets that had reported about Bo Junyan and Ling Wei’s wedding date have been sued by Bo Junyan. Now, the website has stopped updating, and the front page only has an apology letter for the false reports. The newspaper used the entire page to write an apology letter. I heard that a few editors-in-chief have been arrested.”

Mu Huan: “...”

Where did he get the time to do all this? Also, don’t think that just because he did all this, she would forgive his actions these past few days!

“Didn’t Long Feiting show you the English newspaper previously? I heard that those foreign media outlets have also published an apology letter to apologize for the untrue reports from before! This matter has become a hot topic on the internet and it’s very lively in our school. Quick, take a look...” Li Meng showed her the phone.

“Hmph.” Mu Huan snorted and took out her book, not even looking at the phone Li Meng was holding.

“What’s wrong? Have you two not made up?” Li Meng asked.

“Made up? Who wants to make up with a lunatic like him?!” Mu Huan’s expression was cold.

Li Meng: “...”

What was going on? Why was it that after resting for a few days, not only did they not reconcile, but she even felt worse?

She snapped back to her senses and said, “You didn’t explain it to him? That you were just thinking of a way out that day and making assumptions?”

“Ha...” Mu Huan snorted and did not speak.

Li Meng asked, “What’s wrong?”

“Avacaniya[1],” Mu Huan said as she lowered her head to read.

Li Meng: “...”

What’s going on? She can’t even tell me...

At noon, Mu Huan ate a lot, so much so that even Li Meng, who was used to her good appetite, was shocked.

“Why do you look like someone who has been starving for days?” Had she not eaten for the past few days?

“Ha...” Mu Huan only sneered and did not say anything else.

Li Meng: “...”

What’s wrong with her? She only became even colder after resting...

Just as she was about to say something...

She heard the host’s voice coming from the big television in the canteen.

[1] A Sanskrit word meaning “not to be spoken”

Chapter 849: Return (11)

“I’m very honored to have invited Mr. Bo to our interview program today.”

When Li Meng heard them say “Mr. Bo,” she instinctively felt that it was Bo Junyan. She looked up and saw that it was really him!

“Xiao Huan, your husband is on an interview program!

“That’s not right. Didn’t you say that he keeps a low profile and doesn’t appear on any programs? He never even accept interviews from newspapers, right? Why is he on an interview program now?” Li Meng asked curiously.

The first newspaper article about Bo Junyan and Ling Wei was a report about the fireworks that night. In that report, Bo Junyan was only part of a couple caught in the act and it was his side profile that was pictured. That newspaper even went bankrupt.

Apart from this, there were no other reports related to Bo Junyan. Recently, the reports about Bo Junyan and Ling Wei’s wedding were about him being in the limelight at the summit. All the newspapers in the country used photos from the summit.

Hence, strictly speaking, apart from being interviewed by the mainstream reporters at the summit, Bo Junyan had never accepted any media interviews before. He had never been on any interview programs either. Now, someone who did not like to be exposed to the public had taken the initiative to walk into the public’s line of sight.

Mu Huan snorted and did not speak, but she still looked at the big screen.

When she saw the neatly dressed Bo Junyan sitting there with a serious expression, she sneered. What a refined scum!

Li Meng carefully stole a glance at Mu Huan and was a little speechless. What expression was she wearing now? What was she feeling now? Was she really angry or something...?

After the host asked Bo Junyan some questions about the new energy source, he started to ask about Bo Junyan's wedding date.

"Mr. Bo, is it convenient for you to reveal some information about your fiancée? I think that apart from the issue of the new energy source, everyone's most concerned about who you're getting married to."

"It's not a fiancée, it's a wife. We've already registered our marriage. It's just that my father wasn't in good health previously and couldn't host our wedding, so we didn't hold a wedding. Now that my father is in good health, the wedding date that I mentioned earlier is coming. My wife and I are about to hold our wedding," Bo Junyan said.

"So you're already married."

"Yes."

"Can you tell me about your wife, then?"

"I can only provide pictures of me and my wife." Bo Junyan was on this program to let everyone know who his wife was. He was waiting for the host to say this.

When Mu Huan heard that only photos could be provided, she stood up in shock. F*ck! What was he doing?!

Just as she stood up, the photo of her and Bo Junyan was shown on the television. The director even especially gave a wide shot so that everyone could clearly see Bo Junyan and Mu Huan in the photo.

It was a photo of the two of them in T Country. She was hugging him and smiling happily.

He was looking at her dotingly.

"Oh my god! What a blissful couple!"

"That's right! That's right! Professor Bo's eyes are especially loving! So dotting! I love him! I love him!"

"I've decided to be a fan of this couple for the rest of my life!"

"Me too!"

"But Professor Bo's wife looks so familiar!"

"That's right! That's right! Although this photo isn't entirely definitive, it still looks familiar..."

"She looks like our goddess, Mu Huan!" someone suddenly shouted.

"F*ck! It doesn't just look like her, it is Mu Huan!"

Chapter 850: Return (12)

"That's right! It's Mu Huan!" The students in Mu Huan's class met Mu Huan every day. Especially after Mu Huan had become the goddess of the school, they had peeked at Mu Huan from all over, so they were very familiar with her from all angles!

"D*mn! It's really Mu Huan!"

“F*ck!”

“What the f*ck!”

“Mu Huan is actually Professor Bo’s wife!”

“I told you that Mu Huan might be a couple with Professor Bo! You didn’t believe me! I’m practically a god! I saw through the truth at a glance!” The classmate who previously thought that Mu Huan was Bo Junyan’s beautiful and good wife and that Bo Junyan was Mu Huan’s rich and doting husband once again spoke up proudly.

“Mu Huan, you’re actually Professor Bo’s wife!” The female classmate who was sitting not far away from Mu Huan looked at her in shock.

Freaking hell! Why was it Mu Huan?! Why did all the good things in the world end up in her hands?!

Not only was she good-looking, but she was also a top student. Not only was she a top student, but she was also with a god-like professor!

The female classmate’s shocked shout made the surrounding students look over when they heard that Mu Huan was eating in the canteen.

Mu Huan, who was still standing there, instantly became the center of attention.

Mu Huan: “...!!”

Freaking hell!

And so without warning!

“Mu Huan, why did you conquer even our Professor Bo?! Can’t you give him a way out?!” a girl shouted sadly.

Mu Huan: “...”

“Goddess Mu, didn’t you want to divorce your old man? Why is your old man Professor Bo? And he’s a big-time CEO! He even invented such a new energy source!” A boy who liked Mu Huan was so shocked that he could hardly sit still!

Initially, he’d thought that after Mu Huan got a divorce, he would still have a chance to woo her.

Unexpectedly, she was Professor Bo’s wife!

Professor Bo could crush them with just his looks, not to mention that he was a big boss and a big shot!

He wouldn’t be able to catch up even if he spent ten lifetimes!

Mu Huan: “...”

Just then, the host on the television asked again, “I heard that Mr. Bo has gone to a university to teach. Is this second profession your hobby or something?”

“It’s just a substitute class. One of the professors in my wife’s class will only be able to take the position next year. I’m teaching during this vacant semester.”

“So you went to university to teach for your wife?”

“Yes.”

“You really dote on your wife.”

“I have only one wife, so I naturally have to dote on her.”

Mu Huan: “...!!”

What a liar! Was his behavior these past few days called doting? Doting?!

Hmph, don't think that I'll forgive you just because of this...

Bo Junyan's words caused the canteen to explode again.

“Professor Bo actually came to teach for Mu Huan! For Mu Huan, such a busy CEO came to the school to teach! To teach!”

“D*mn! This plot should only appear in novels!!”

“I can't believe this! Mu Huan, you're God's daughter, right? God really gave you everything!”

“Mu Huan, you're really enviable!”

“Goddess Mu, our hearts are all broken! Your husband is so outstanding that we would automatically become a slag in front of him. How would we have the chance to woo you?! If we can't like you, what else can we do...” There was no hope for them to woo their goddess.

...

It was the same scene and the same person, but the situation was completely different!
