

Fake Marriage 851

Chapter 851: Return (13)

Last time, everyone said that Bo Junyan was here for Ling Wei, but that was just their guess.

And now, in front of the entire country's citizens, Bo Junyan was telling everyone that he was only here for his wife. He had only one wife!

He even showed his wife's photo to the public so that no one would dare to say anything about who he had an ambiguous relationship with.

Long Feiting and Gu Chenyi's faces darkened as they watched Bo Junyan on the television.

Freaking hell!

Was he teasing them?

They were on their way to a divorce, but things had turned out this way instead...

Now, he was even using this tactic! Crafty, sly, and shameless! Such a big-headed and evil businessmen!

All these students thought that Bo Junyan only happened to mention his wife during an interview.

However, Long Feiting, Gu Chenyi, and the rest could tell that Bo Junyan had gone on television specifically to announce that Mu Huan was his wife. He had done all sorts of foreshadowing, and he did not hesitate to walk into the public's eye to arrange for the host to ask these questions. Then, he answered and took the opportunity to confess in public to win back Xiao Huan's heart.

How shameless!

This person was really too crafty and shameless!

And he even asked the host to say that the public must really want to know about his wife's situation. What the f*ck! What did he mean by that?! Did he ask the public for their opinions? The public wanted to know, did they?!

F*ck!

What the f*ck?!

Li Meng was the most excited person in the canteen!

She couldn't help but shout at the television, "God Bo, you're my idol! My eternal idol! I'll always support you! Forever! Forever!"

She was excited as if an idol was finally making a comeback, but at the same time, she was excited as if a criminal had just redeemed himself!

Previously, every time she heard these ignorant people say such things, she'd wanted to explode. But no matter how much she said to them, no one would believe her! Now, it was all good! They didn't believe her, eh?!

Haha... Haha... Haha! Li Meng was so happy that she wanted to throw her head back and laugh out loud three times. To use a word to describe her current mood, it was good! To use three words to describe it, it was really, really good! Good!

Mu Huan: "..."

She was probably going crazy with excitement.

Li Meng's shout attracted everyone's attention.

The students in Mu Huan's class looked at Li Meng and recalled what she had told them earlier. Her best friend was Professor Bo's wife, and then Mu Huan had said that she was Professor Bo's wife!

They didn't believe it.

Instantly...

It was awkward!

It was awkward...

Seriously...

This afternoon, some were slapped in the face, some were envious, some were jealous, and some were so shocked that they wanted to jump off a building. Some felt that they could no longer fall in love, and most of them were true fans who would always support their CP.

In any case, this was the first time in the history of the onlookers that they had eaten their fill.

And this instance was also the one most full of love!

On the way back to the classroom.

Gu Chenyi and Long Feiting caught up to Mu Huan and flanked her on both sides.

"Mu Huan, don't be fooled by that old man. He's the craftiest! There's no one in the business world who doesn't know about this!"

Gu Chenyi added, "Yes, yes. Uncle is the craftiest!"

Mu Huan's lips twitched.

"You can't forgive him! You definitely can't forgive him! He did such a thing. If you forgive him, you'll be a moron, a moron! A moron!"

Chapter 852: A Strong Opposition (1)

Long Feiting repeated the word that Mu Huan could not tolerate.

"Have you recovered from your injuries enough that you can be crippled again?" Mu Huan narrowed her eyes at him.

"I'm doing this for your own good. I'm afraid that you'll end up with a thousand regrets so I want you to cherish your life such that you'll stay away from old men!" Long Feiting said with a look of sincerity.

“Xiao Huan, this is purely my uncle’s means to an end! He is being entirely shameless!”

“Is he as shameless as the two of you?” How could they have the cheek to say that others were shameless when they were speaking ill of them behind their backs?

“Even if we’re shameless, we’re being shameless openly and we know our limits. We’re not like Bo Junyan. He’s crafty and careful, and he’s shameless and scheming!” Long Feiting had a look of “I’m bad, I’m evil, but I know my limits, unlike Bo Junyan, who uses petty tricks.”

“Yes, my uncle is shameless, and he’s scheming behind others’ back!” After Gu Chenyi said that, he suddenly felt that there was something wrong with the atmosphere behind him. He instinctively turned around.

He saw Bo Junyan’s gloomy expression.

Instantly, he took a few steps back in fright.

“Uncle... Uncle...” F*ck! When did his uncle come?! Did he hear what he just said?!

By the side, Long Feiting was also shocked by Bo Junyan’s sudden appearance.

“Did I do all these behind anyone’s back?” Bo Junyan raised an eyebrow.

Gu Chenyi: “...!”

He heard everything!

Just as Long Feiting was thinking that Bo Junyan probably didn’t hear what he said, Mu Huan pulled him out. “Aren’t you open about being shameless? Come, continue being shameless in broad daylight! Come!”

They kept buzzing in front of her when they had nothing better to do. Come, now, let them buzz enough in front of Bo Junyan!

Long Feiting: “...!”

He couldn’t even win against her, let alone fight with Bo Junyan. If Bo Junyan were to get angry and throw him out, he would lose all his face as Young Master Long! He swore that when he returned, he would be even more diligent and hardworking! He would defeat Bo Junyan!

However, he said, “Xiao Huan, we are good friends who went through life and death together. Won’t your conscience hurt if I get hurt like this?”

“No,” Mu Huan said with a fake smile.

Long Feiting: “...”

His good friend was always so straightforward and adorable.

“Good friends who went through life and death together?” Bo Junyan narrowed his eyes at Long Feiting.

“That’s right! The two of us are good friends who have gone through life and death together!” Long Feiting faced Bo Junyan head-on. At most, he would be thrown to the side. It would be embarrassing! But he, Long Feiting, was admittedly shameless and knew his limits!

Bo Junyan looked at Mu Huan with a face full of anticipation.

Mu Huan replied, “What’s there to explain? What do I have to explain?”

Bo Junyan’s expression darkened.

Just as the atmosphere became so tense that one needed to breathe carefully...

“God Bo, why are you here? Aren’t you on television?” Li Meng was surprised to see Bo Junyan in person.

“Are you stupid? Don’t you know that most television programs are pre-recorded?” Wu Xingye rolled his eyes at her.

“God Bo, you’ll always be my idol and I’ll always be your true fan! Don’t worry, I’ll definitely stand by your side and support you forever!” Li Meng looked at Bo Junyan excitedly.

Mu Huan: “...”

What happened to her good friend?

Also, he wants you to suffer! Can’t you have some integrity?

Chapter 853: A Strong Opposition (2)

Bo Junyan looked at Li Meng and smiled. “Thank you.”

Li Meng, who received a positive response from her idol, was instantly so excited that she became a love-struck fool. “God Bo! God Bo! I’ll always support you! I’ll always support you!”

Wu Xingye: “...”

God Bo? Why didn’t he also do that?!

When Gu Chenyi saw that the atmosphere had changed and that Bo Junyan’s attention was no longer on him, he immediately attempted to fade into the background, wanting to sneak away quietly.

Unexpectedly, the moment he moved, Bo Junyan grabbed his clothes and lifted him up.

Gu Chenyi: “...”

Did his uncle have eyes on his back?

Bo Junyan looked at Mu Huan and said, “Go back to the classroom and wait for me.”

With that, he dragged Gu Chenyi to teach him a lesson.

Mu Huan snorted as she watched him leave.

Li Meng quickly followed.

“Xiao Huan, what’s going on between you and God Bo? In the past, if God Bo had confessed to you in public like this, your maiden heart would have exploded! Why is your face still so cold now?”

She was really curious about what had happened between them during the past three days. Why did it seem like Xiao Huan was even angrier than before?

“If one got aroused, they won’t have the heart to be angry. If one doesn’t, they’d be cold,” Mu Huan said.

Li Meng: “...”

These words...

Flirting was an apt description!

“He wants you to live a life worse than death. Can’t you be more careful?” Wu Xingye reached out and knocked Li Meng on the head.

“She’s the one who makes me wish I was dead. That’s why I have to support God Bo forever!” Li Meng said.

“So you’re such a cowardly lackey!”

“Did you only realize that I’ve always been one?” Li Meng rolled her eyes at him.

Mu Huan ignored the two of them and returned to the classroom.

“What happened to Xiao Huan?” Wu Xingye asked.

“I don’t know. She’s been very cold since arriving this morning. I’m about to freeze to death,” Li Meng said.

“Something that she didn’t tell you about must be quite serious,” Wu Xingye said.

“I thought Xiao Huan didn’t come for three days because she was basking in love at home. I thought when she came back, everything would be fine and she would be like before. I didn’t expect her to look worse,” Li Meng said worriedly.

“Don’t worry. Xiao Huan has always known what to do,” Wu Xingye said.

“Yes.”

When the students who had not eaten in the school canteen returned, they also heard that Mu Huan was Professor Bo’s wife. Hence, they started discussing. Just as they were discussing, Mu Huan walked in.

Instantly, everyone looked at her.

Mu Huan, on the other hand, acted as if she didn’t notice everyone’s gaze. She walked to her seat and sat down. She took out a book and continued reading.

“Mu Huan, why didn’t you tell us that you were Professor Bo’s wife?! Look at how we’ve been discussing it every day. Do you see this as a farce?” A girl who was extremely obsessed with Bo Junyan walked up to her and asked this in a questioning tone.

“Didn’t I say that I’m Bo Junyan’s wife?” Mu Huan raised an eyebrow.

The girl: “...”

After a while.

“We thought you were joking!”

“You thought? So you’re blaming me?”

“Why don’t you take out your marriage certificate to prove it?!”

“Who are you? Why should I prove my marriage to you? What has my husband’s identity got to do with you?” Mu Huan said coldly.

The girl: “...”

Everyone: “...”

That’s right! What has her husband’s identity got to do with this girl?! Why should she prove anything to her? What right does she have to question others?

Chapter 854: A Strong Opposition (3)

What did other people’s business have to do with her?!

As long as one lived in this world, one had to take care of oneself and lead a good life. One shouldn’t point fingers at others’ lives.

Others could live as they wished, and it wasn’t so others could have the right to question and criticize them.

The next class was Biochemistry. Bo Junyan returned to class after he was done with his work.

In the past, when they were in class, the girls would be infatuated. But today, when they saw Bo Junyan standing on the podium, they felt a little awkward. No, it couldn’t be said that it was awkward. In short, the atmosphere was different from before.

Sometimes, someone would sneak a peek at Bo Junyan and then at Mu Huan.

Just as class was about to start...

Suddenly, a petite and adorable girl in a high school uniform with short hair walked in.

Everyone: “...”

Did this girl come to the wrong place? This was a university, not a high school.

“Sorry to disturb you, Teacher. I’m looking for my sister, Mu Huan. I wonder if she’s in this class?” Xu Ya looked at Bo Junyan adorably.

Bo Junyan looked at Mu Huan. Your sister?

Li Meng, who was beside Mu Huan, looked at her as well. "Your sister?"

When did she get another sister?

Mu Huan looked at Xu Ya and was amused. Indeed, the ignorant were fearless. "Distant cousin."

Li Meng: "..."

This distant cousin sounded like she had other intentions.

"Sister!" Xu Ya greeted Mu Huan happily when she saw her.

She looked like an innocent girl, and her big smile was infectious.

On the surface, she was indeed good-looking. It was no wonder that she was so confident.

"Sister, my college entrance examination goal is Yun University. I want to go to class with you today to feel the atmosphere of Yun University, so that I can work even harder. Is that alright?" Xu Ya looked at Mu Huan with a cute pleading expression.

For the past few days, her mother had contacted many people, but no one had been able to get in touch with Bo Junyan. She had almost been cheated. She thought about it and realized that the only place where she could see Bo Junyan was the school. Hence, she came to Yun University.

She came in right when class was about to start, creating a scene that would be seen by Bo Junyan.

She was so soft and adorable, and she was even a delicate high school student. She was the type that he liked. When he saw her, he would definitely like her.

Xu Ya had yet to see the news report on the television. She thought that Bo Junyan and Mu Huan were about to get a divorce.

Although Mu Huan had thrown her out last time, she felt that she wouldn't dare to do so in front of so many people. Besides, it was just right to throw her out! It would make the male idol hate her boorishness even more and quickly divorce her!

"Sure! You can sit in the first row! The first row is close to the teacher, so you can get a feel for him more clearly!" Mu Huan said with a smile.

Everyone: "..."

The first row? Get a feel for the teacher even more clearly? This wasn't what they were expecting. There must be some other meaning!

Bo Junyan met Mu Huan's gaze and his expression darkened.

In the past, when a girl got close to him and looked at him, she would not even allow herself to be angry and jealous. But now... she took the initiative to get someone to get close to him!

Bo Junyan's aura became colder.

Xu Ya was overjoyed. She knew that she would not reject her in public! She quickly walked into the classroom and went to the first row. After sitting down, she looked at Bo Junyan and said, "Thank you, Teacher! Sorry for disturbing you!"

Now that she was looking at her male idol up close, he left her unable to look away, making her want to go crazy!

Chapter 855: A Strong Opposition (4)

Everyone around them could feel Xu Ya's fiery gaze.

So? Going by this, was Mu Huan really that close to the teacher?

Was Mu Huan in a relationship crisis with Professor Bo?

Now that they thought about it, they felt that the atmosphere between the two of them was really different! They had just found out that the two of them were husband and wife. Were they going to be done soon?

This was akin to how a certain celebrity had just been exposed to be married and then had a divorce a few days later!

Bo Junyan looked at Mu Huan with a gloomy expression before retracting his gaze and starting his lesson.

When he turned around to write something on the blackboard...

Li Meng immediately asked softly, "What's wrong with your distant cousin?"

Her intentions were so blatant!

"Just what it looks like. Her mother even went to the Mu residence the other day and asked me to pave the way for her daughter. She felt that I had to step down to help them and not be so selfish." Mu Huan smiled sarcastically.

Li Meng: "..."

What kind of weirdo was this?

How could there be such a weirdo in this world?!

Mu Huan did not speak further and focused on reading.

After class, Bo Junyan called Mu Huan to his office as usual.

"I have something on." Mu Huan rejected him outright.

Just as Bo Junyan was about to say something...

Xu Ya stood up and said, "Teacher, I've never seen the office of a university teacher. May I take a look?"

All the female students: "...!!"

F*ck! No wonder people say that the new generation always overtakes the old. The older generation dies on the beach while the younger generation is too formidable!

Of all the girls who liked Professor Bo, there was only one who'd attempted to crash into Professor Bo's embrace and she ended up transferred to another faculty because of the fall. The rest only dared to take a look and did not dare to take a closer one. But what did she say? Go to the teacher's office?

F*ck! This was the same as her climbing into his bed!

She even dared to say such things in public. The younger generation was truly formidable!

"Go on, go on a tour! Professor Bo's office showcases his good taste," Mu Huan said with a smile.

"Thank you, Sister!" Xu Ya said as she happily stood up and walked toward Bo Junyan.

Bo Junyan's expression instantly darkened to a frightening degree! The coldness emanating from his body made everyone in the front row shiver involuntarily. Only Xu Ya did not feel anything. Because she was purely feeling good about herself and was full of confidence, she felt that once she was with Bo Junyan, he could only like her. She never thought that there would be danger, let alone considered that she should feel fear. Hence, her fearlessness due to her ignorance.

Just then, Bo Junyan walked down the podium and walked toward Mu Huan.

Everyone: "...!!!"

Mu Huan was done for!

When Mu Huan saw Bo Junyan like this, she instinctively felt a little scared. But when she thought about how he had bullied her for the past three days, she felt that she shouldn't be afraid. It was just that she'd been afraid of him in every way in the past and instinctively tried to please him. It made him do such a thing as threaten her with her good friends at every turn, and he even used force on her!

Putting aside everything that had happened in the past, they were now at a brand new beginning. She hoped that the two of them would stand on equal ground and she would not have to listen to everything he said. Before, if he wanted her to be obedient, she had to be obedient. If she was not obedient, she would threaten her.

Which normal couple would behave like this?

If things remained this way, he would continue liking her. What he wanted was only an obedient wife, not the real her.

As Bo Junyan walked toward Mu Huan, Li Meng automatically stood up and made way for him.

Mu Huan: "...!!!"

What a good friend!

"Bo Junyan, I..." Before Mu Huan could finish her words...

Chapter 856: A Strong Opposition (5)

Bo Junyan bent down and picked her up. "From now on, if you don't want to come with me, I'll carry you."

Mu Huan: "...!!!"

If not for wanting to give him face in public, she would have punched him!

Seeing that she was about to explode, Bo Junyan lowered his head and kissed her.

Mu Huan: "...!!!"

Everyone: "...!!!"

Xu Ya took a step back in shock. How did this happen? How did this happen?

Wasn't he supposed to fall in love with her at first sight as she did? She was clearly the type he liked!

Why didn't he look at her and kiss such a rude girl like Mu Huan instead?!

How could this be? How could this be?!

As Bo Junyan carried Mu Huan and passed by Xu Ya, Xu Ya instinctively reached out to grab Bo Junyan. He couldn't just leave like this! She was his favorite type!

However, before she could touch Bo Junyan, she got frightened by his gaze and dared not move.

Earlier, she was fearless because Bo Junyan's dangerous aura was directed at Mu Huan and not at her. Hence, she could not sense it.

However, even a fool would be afraid when faced with someone who was targeting her. Furthermore, she was only a person who felt good about herself—she wasn't stupid. She was so frightened that she couldn't even move.

...

After Mu Huan was carried away by Bo Junyan, she did not attend the next class and did not come the next day.

On the third day, Mu Huan arrived late for her class. Li Meng saw that her expression was even worse.

"No... what happened between you and God Bo?" In the past, she would be fine after he had carried her home. Why was it that every time she got carried home now, she became colder than before?

Mu Huan remained silent as she picked up her book to read.

There were some things that she could not say even to her best friends.

She felt that after Bo Junyan returned, he could really be described as crazy.

And indeed, Bo Junyan was about to go crazy.

He thought that once he came back, he would be able to solve all his problems. He would be able to hug his wife and live his days like before. She would have more work and more things that she could hide from him. He just wanted it to be like how it was in the past. When he went to work, she would go to

school. She would sweetly call him Hubby and let him hug and kiss her. As for the rest, she could do whatever she wanted. He would give her whatever she wanted. Besides leaving him, she could do anything!

However, even though he had said this, she didn't get as angry as she did in the past. Or was it that every time she resisted before, he could only use force to make the situation worse?

Now, his wife wouldn't even smile at him. In the past, he felt that his sweet wife would give off a distant feeling. Now, it was only after losing her that he finally knew what it meant to feel regret. The current her no longer called to him so sweetly.

In the past, Bo Junyan had never coaxed Mu Huan, and he had never interacted much with other girls. As a strong and domineering person who only gave orders to others and only listened when others talked, he had already done his best. He felt that he didn't know what else he could do to bring back his sweet and delicate wife. No, it was fine if she wanted to explode at him, as long as she didn't resist him like this.

As he was in a bad mood, Bo Junyan naturally kept a low profile in the company.

Previously, the people who were working overtime crazily thought that they could finally take a break after the big project was over. In the end, the workload now was not even comparable to the past where they crazily worked overtime!

Now, every day, the supervisor would find all sorts of excuses to apply for leave.

Chapter 857: A Strong Opposition (6)

"Mr. Gong, you know the CEO best. Quick, go and counsel the CEO. If this continues, I feel like I won't be able to survive." PA Wang, who was following Bo Junyan around, was the most seriously affected.

At every moment, he felt as if there was a huge mountain pressing down on his chest, making him unable to breathe. He felt that if this continued, he would have a heart attack.

"What's going on? What happened?" Gong Zeye had just returned from his vacation overseas and did not know what was going on with Bo Junyan.

"We came back from the summit..." said PA Wang. He had a rough idea.

"Sigh, my poor Brother Bo. He risked his life to rush back, but after he'd rushed back, his wife didn't want him anymore. Wow! I can't even calculate the extent of the injury in his heart! He didn't explode, didn't lock Sis-in-law in her room, and didn't let her out, and he even asked her to go to school. It really surprised me!" When he saw his sister-in-law dancing in her Moments last time, he knew that his Brother Bo was done for. Indeed, something had happened!

"The CEO didn't come to work for three days to spend time with Madam. But after he came back, I feel that his mood has become even worse." Didn't a husband and wife quarrel at the head of the bed and at the end of the bed? Why was it that the CEO and his wife were becoming more and more ruthless the more they fought?

"Thank you for your hard work." Gong Zeye patted PA Wang on the shoulder and walked in.

When he entered, Bo Junyan was dealing with work. He was frowning so much that he looked like a dead knot.

“Brother Bo.”

Bo Junyan looked up at him silently.

“Let’s have a drink tonight.” He wanted to have a heart-to-heart talk with his Brother Bo and teach him all the skills to coax girls!

“No.” He wanted to be with his wife tonight.

“Brother Bo, sharpening a knife doesn’t delay the cutting of wood. Have a good chat with a love expert like me and I’ll teach you how to win Sister-in-law over in minutes! It’s not that I’m boasting, but there’s no girl I can’t win against!” Based on his years of experience in love, he knew all sorts of girls well. It wasn’t a problem for him to coax any girl!

Bo Junyan stopped writing and said, “Let’s talk now.”

“Don’t you have work to do? Let’s wait for you to get off work and we’ll chat while drinking,” Gong Zeye said.

“Let’s talk now.” Bo Junyan pushed his work aside.

Gong Zeye: “...”

His Brother Bo was really impatient.

“Speak.”

Gong Zeye said, “Firstly, Brother Bo, you have to change your attitude when ordering people around.”

Bo Junyan: “...”

How could he change that?

Gong Zeye wondered, if his Brother Bo changed his aura, how would he be able to intimidate others in the business world in the future?

Hence, he said, “Don’t change this!”

Bo Junyan: “...”

Was he even reliable?

“As long as you don’t use a commanding tone on Sis-in-law, it’ll be fine. In the past, we all thought that Sis-in-law was a quiet and gentle girl. Such a girl would naturally do whatever you asked her to do. But Sis-in-law isn’t that kind of girl. She’s a very strong person. If that’s the case, if she’s strong and you’re strong, if the two of you clash forcefully, both of you will suffer.” Gong Zeye really knew a lot about relationships.

His words hit the nail on the head.

Bo Junyan was a very strong person. In the past, he doted on Mu Huan a lot, but that was under the premise that Mu Huan would listen to him. They could live such a good life safely. But now, it had turned out that Mu Huan wasn't such an obedient person, and she didn't have to go along with him.

All she wanted was an equal relationship because she couldn't stand his threats. After all the hardships she had gone through, he still threatened her so easily. How could she still smile at him?

Chapter 858: A Strong Opposition (7)

"However, I feel that Sister-in-law is willing to go head to head with you now because she still has feelings for you and wants to reconcile with you. You still have a big chance. As long as you treat Sister-in-law well, the two of you can still be like before, and Fu Siye will become more pretentious. Look, now that Shangguan Yu doesn't give any reaction to him, I reckon he's just waiting to die. When I talked to Old Fu, he refused to listen to me and stubbornly refused to let go of the past. Look, he'll die sooner or later." As Gong Zeye spoke, he thought of Fu Siye, the stinky stone that made him waste his breath.

He was waiting for the day he would suffer!

"Don't change the subject," Bo Junyan said with a darkened expression.

"What I want to tell you is that someone like Shangguan Yu, who has loved Fu Siye so crazily since she was young, can evidently do anything for Fu Siye, and she has done everything she can. A woman like her feeling such deep love—if the man doesn't want to treat her well, she can still let go. What more that little sister-in-law, who doesn't have such deep feelings for you? At most, she only just fell in love with you. If you dote on her, her feelings for you might get deeper.

"But if she's not pampered, well—she won't have to stand to be threatened anymore. She has a handle on things and she's rich. I'll say the same thing again. The little butterfly will fly away!"

Bo Junyan's expression darkened instantly!

Bo Junyan was already afraid of Mu Huan's shallow feelings for him. Now that Gong Zeye had said this, he wanted to use all sorts of forceful means to keep her by his side.

Because he had already done everything he could to treat her well, he didn't know how else he could dote on her.

"How should I dote on her?"

"Firstly, don't force Sis-in-law. In particular, don't threaten her with her good friends. No one likes to be threatened, especially since Sis-in-law has a strong personality."

"What if she leaves?" Bo Junyan knew that Mu Huan didn't like him threatening her, but he had no other choice.

"Just make her fall in love with you such that cannot bear to leave you!"

Bo Junyan: "Ha..."

He spoke casually.

Gong Zeye: "Don't worry, the revised manual will be here soon!"

“First of all, don’t force Sis-in-law to do anything. You went out of your way to rest at home for three days and accompany Sis-in-law, but the more you tried to nurture your relationship, the worse it got. You’re the type who has to be tough no matter what, right?”

Bo Junyan: “...”

She refused to let him hug her.

“You can’t do this. A woman is a delicate flower. She needs gentleness and love.

“You should say more...” Gong Zeye wanted to say that he should say more words of love, but he recalled that his Brother Bo was naturally bad at talking. He would not say anything else apart from things that he had to say. It was impossible for him to become a love saint who was full of romantic words.

“Since that’s the case, you don’t have to say anything. You can just show it. When you act, just remember this saying: love me, love my dog. If you want to keep her heart, you shouldn’t threaten the people she thinks highly of. You should treat the people she thinks highly of well and have them stand on your side. This way, if they put in good words for you, it’ll be like brainwashing. It’ll make Sis-in-law like you more and more.”

Bo Junyan: “...”

“I know that you’re used to being in a high position and can’t do these things, but there are some things that you have to slowly learn and do. Or do you feel that your wife is not important enough for you to go that far?”

Bo Junyan remained silent.

But Gong Zeye knew that his Brother Bo had already made up his mind.

Chapter 859: A Strong Opposition (8)

“And Brother Bo, I don’t think that Sister-in-law is being like this just because of what happened at the company last time. Sister-in-law is a reasonable person. After she’d learned that you were busy with some important project, she wouldn’t have blamed you. It must be something that happened after you went overseas, specifically what the Old Master did. It made her feel too tired and upset. Did you comfort Sister-in-law after you came back?”

Bo Junyan: “...”

“Is it too late?” His Brother Bo must have been too busy holding his wife.

Bo Junyan: “...”

“I heard that the old man mobilized a lot of people that day. Not only were his men wearing gas masks, but they were also holding electric batons. Under those circumstances, it was hard for Sister-in-law not to take things seriously, especially since Sister-in-law cares so much about her granny. When someone sees their important family member get hurt, they would not even be able to make a detailed judgment to see if the knife used to hurt them was real. Was the old man just joking with her?”

Even a fool would take such a scene seriously, let alone their sister-in-law.

“I know it’s all my grandfather’s fault. I’ve already sent someone to send him back and to guard him for 24 hours. I’ve also made arrangements to completely cut off his hopes. It’s just that in his current situation, it isn’t good for him to be agitated.”

“Old Master really knows how to give you a headache, and there’s nothing anyone can do about it. If he’s like this and he gets agitated, Auntie will definitely not be able to take it. If Auntie can’t take it, Uncle will definitely not be able to take it either...” Gong Zeye felt a headache just thinking about the vicious cycle. There was no way he could handle such a matter.

He was old, sick, stubborn, and useless. He wouldn’t just retire in peace. By doing something ruthless, he’d forced others to be ruthless in turn. He just had to make a scene.

It was just that he was family. If it were someone else, they would have been dealt with directly. But there were too many considerations.

“Although you’ve already dealt with it, just like how you’ve dealt with those false reports and have made them pay the price, such a matter has already left a scar in Sis-in-law’s heart. Also, when you asked someone to stop the wedding, outsiders thought that you didn’t want Sis-in-law anymore.

“There are people looking for connections everywhere and sending female high school students to you. They say that you like young, cute, and obedient girls. There are a few families that have sought out my mother. My mother even called me to ask if I could pull this line.

“Say, Sis-in-law is such a narcissistic person. How can she not feel upset when everyone looks at her like she’s an abandoned wife? To us men, these are all trivial matters. They’re all just rumors. There’s no need to bother about them, especially you, Brother Bo. These are all things that are not worth looking at.

“But to little sister-in-law, this is a big matter. Although it won’t cause any substantial harm to her, all these will leave a scar in her heart and make her tired. You were busy at that time, so you probably didn’t give her any comfort. You didn’t even give her a detailed explanation about the wedding, right? In that case, she must have been preparing herself to leave you!

“But if you come back again only to threaten her using her good friends, since she won’t be able to beat you, she won’t be able to vent her anger that way. You even use force for all sorts of things. Why would she give you such a good attitude in return?!”

Bo Junyan kept silent for a while before asking, “How do you know her so well?”

Gong Zeye: “...!!”

He had spent so much effort to analyze the problem for him, but he only felt jealous!

Chapter 860: A Strong Opposition (9)

“Because I’ve had many girlfriends! I have had a few girlfriends that I couldn’t dump openly and wouldn’t dump me. I used these methods to slowly make them feel disheartened by me and then leave me.”

Bo Junyan: "..."

After a while.

"Scum."

Gong Zeye asked, "Brother Bo, are you criticizing yourself?"

Bo Junyan: "..."

This year's winter had come especially early. It felt like autumn had yet to pass, but winter had already come. It was the same with this year's snow. As soon as winter came, it began to fall.

"Wow! It's snowing heavily outside! This weather is most suitable for hot pot! Let's go eat hot pot after school!" Li Meng said as she looked out the window.

"Okay." Mu Huan looked at the book and hummed in acknowledgment.

Li Meng looked at the book in her hand that had changed again. "Have you finished reading that other book?"

"Yes."

"Your reading speed is faster than others tearing paper," Li Meng lamented.

"What an analogy." Mu Huan looked up at her.

"Didn't you say that you wanted to enjoy your youth? Why are you still working so hard? You're reading such thick books one by one." Li Meng could not understand the books that she was reading. There were even English books.

"It's better to rely on oneself than on anyone else. If I'm strong enough, who can threaten me? Who can look down on me?" Mu Huan really hated it when people threatened her! Forced her!

Bo Junyan had violated her greatest taboo. Hence, even though she knew that he was doing this only to keep her by his side because he cared about her, she could not give him a good look because he was really...!

It was too much.

Li Meng wanted to say something else, but when she thought about how useless she was and how she could not drag her along, she realized that there was nothing fun about eating, having fun, and playing games all day. As a student, studying was the way to go.

"I have to study hard too. Only then can I be your assistant in the future. Otherwise, I won't know anything and will only cause trouble for you."

"Yes, studying is very interesting. Recently, I've been feeling that these books are more interesting than games," Mu Huan said.

Li Meng: "..."

The world of a top student was not something a good-for-nothing like her could understand. No matter how hard she studied, she would not find these difficult books more interesting than games.

After the last lesson, the sky had already darkened. The heavy snow continued to fall, making the beautiful Yun University look even better.

However, no matter how beautiful the scenery in this world was, it couldn't compare to the tall man standing under the dim street lamp.

The black windbreaker made his well-built figure stand out even more. Women couldn't be blamed for being too infatuated with him. One look at him and they would go crazy for him. With his peerless looks, it was really hard to not go crazy or to control themselves.

As he stood there, he instantly killed everything in this world. Wherever he was, everything was just a background and a foil.

Usually, when the students left the classroom after school, it would be noisy. But today, it was especially quiet. There was no noise.

Just as Mu Huan, who had walked out of the door, was finding it strange, she looked up and saw the man standing under the street lamp. Instantly, the entire world became quiet. In her eyes, only the existence of this man remained in her mind.

Although she was already used to Bo Junyan's unrivaled beauty, at this moment, she could not see anything else because of this man.

First among Gong Zeye's rules for coaxing women: a honey trap!
