

Fake Marriage 921

Chapter 921: Who Is She? (6)

Ling Wei felt that he was being rude, so she swept a cold glance at Ling Xiao. Seeing this, Ling Xiao hid behind Ling Feng.

Both he and his mother were very afraid of Ling Wei.

Although Ling Feng doted on his son, he also doted on his daughter and did not want their relationship to become further apart. Hence, even though he was a little dissatisfied with his daughter's gaze, he did not say anything.

"I'll take Ling Xiao out to play. You can go back to work."

"Yes." Ling Wei was scheming in her heart, so she did not say much.

At this moment, upstairs...

Even though Mu Huan had been thinking about how to ask her the entire way, she still couldn't think of the best way to do so. Hence, after going upstairs, she asked very directly, "Are you my mother?"

Xue Yun was stunned by her direct question. For a long time... she did not regain her senses.

After Mu Huan finished asking, she nervously held Bo Junyan's hand.

That force made Bo Junyan feel pain.

He caressed the back of her hand with his other hand to comfort her.

But it seemed to be useless. Mu Huan bit her lip nervously.

Seeing this, Bo Junyan lowered his head and kissed her.

Mu Huan: "..."

Xue Yun: "..."

His action completely eased the tension.

After a while...

Xue Yun remained silent.

"Do you want me to resort to a DNA test?" Mu Huan asked.

Xue Yun: "..."

"If you wanted to completely get rid of your past, why didn't you undergo plastic surgery? With your original face, you..." Mu Huan could not continue. She did not know why she did not speak.

Putting everything else aside, just this face alone made her her mother!

Was she trying to deny something or what?

Xue Yun looked at Mu Huan...

After a while, she said, "I'm sorry, Xiao Huan."

Mu Huan's tears fell.

She didn't know why she was crying, but her tears were falling.

Although she was 99.9% sure that she was her mother, she could not be entirely sure. She was afraid that her guess was fake.

This wasn't her mother. Even though she knew it was impossible, she couldn't help but feel scared.

Her apology to "Xiao Huan" made her completely sure.

Xue Yun's eyes reddened when she saw her crying. Although she had not seen her daughter for ten years, she was still a piece of flesh that had fallen from her body. She was also the treasure that she had once cherished.

"Why did you apologize to me?" Mu Huan sobbed.

Was it because she had abandoned her for so many years and did not care about her? She did not want to live that kind of life. She did not even care about her if she did not want to. She jumped into the sea and killed herself. After she was saved, she had a new life. Did she not want to have anything to do with them?

Xue Yun did not speak because she did not know what to say.

"Why didn't you come back to visit us when you were still alive? Even if you don't want me as your daughter anymore, don't tell me you don't even want your biological parents anymore? Don't you know..." Mu Huan wanted to say, "Do you know that Granddad passed away early because of illness, and Granny wanted to leave because she wanted me to have no more worries?"

But she stopped herself.

Perhaps her mother had her reasons for doing this.

Mu Huan's words made Xue Yun cry.

Looking at her tears, Mu Huan was a little flustered. She felt that she had been too anxious and spoke too harshly. After all, she had not even asked clearly what was going on when she used such a blaming tone.

"I'm sorry... I'm sorry..." She apologized frantically.

Chapter 922: Who Is She? (7)

Perhaps it was because this was her mother, but her memories of and feelings for her from the past still remained. The more a person cared about someone, the more easily they would be hurt by their actions. When she thought about how she remembered them but did not come back to find them, Mu Huan felt very sad and upset. She could not control her anxiety.

After a while, Xue Yun finally calmed down.

“I lost my memory after I was saved. I didn’t remember anything.”

“I’m sorry... I saw that you still remember, so I thought... I’m sorry...” Indeed, her mother had her reasons. She had gone overboard and blamed her wrongly!

It was easy for people to forgive the people they cared about.

“You don’t have to apologize... to me...” Xue Yun wanted to say that she didn’t have to apologize to her mother, but she didn’t say it out loud.

Actually, Mu Huan did not malign her. At the beginning of this year, she had hit her head from a small car accident and regained her memory, but...

She did not go back to look for them.

She wanted to continue to pretend that she was still suffering from amnesia. She didn’t want to go back and ruin her current life. She really liked it, really liked her current life. Right now, all she could think about was her husband and son. She didn’t want such a life to be ruined.

In order to prevent her determination from being shaken, she’d forced herself not to think about them or ask about them.

Until that time, when she saw the news that Mu Huan was Bo Junyan’s wife.

Although Mu Huan had changed a lot after she grew up, the shadow of her childhood was still there. She could recognize at a glance that it was her daughter.

She did not expect that her young daughter would get married so early and even marry Bo Junyan.

When she found out about this news and knew that she would meet Mu Huan sooner or later, she started to wonder if she should tell her that she had regained her memory and whether she should reunite with her. But before she could think it through, they met without warning.

Hence, for a moment, she did not know what to say or do.

Hence, she apologized.

Her words were filled with guilt, but it made Mu Huan, who had always wanted her mother to be well, feel that she was being lenient to her. She felt that only her mother was good in this world, and only she would forgive and tolerate you unconditionally.

“Mom... Mom...” She stuttered.

It was supposed to be the most intimate relationship in the world, but now, they were so estranged. It was awkward to call her Mom.

Xue Yun looked at Mu Huan awkwardly. This was her daughter, her biological daughter. However, she really didn’t want her current life to change!

They had not seen each other for ten years. In these ten years, she’d had no memories of the past. She was really happy and content. She... did not want to have anything to do with the past.

But this was her daughter. She called her mother, and that’s who she was.

She had a responsibility as a mother to her.

Besides, she was already so sure that she was her mother, and she was Bo Junyan's wife. There was no way she could refuse to recognize her.

"Yes."

"Mom..." Mu Huan started to sob.

To Mu Huan, the days when she was young and loved by her parents had always been her most beautiful memories. Even though her father was like that, she could not let go of him because of those memories, let alone her mother.

In her memory, her mother doted on her so much. Her gentle smile, her eyes that looked like precious treasures, her indulgence, and everything about her had always been Mu Huan's most beautiful dream.

Chapter 923: Life Is Just a Pool of Black Dog Blood (1)

Initially, she thought that she had completely lost everything, but now, her mother had suddenly returned! Her mother was not dead! Her mother was right in front of her!

This made Mu Huan unable to control her emotions and feel like crying!

Seeing Mu Huan like this, Xue Yun started crying again. Although she really didn't want to be involved with the past, this was still a treasure that she had once cherished. In the blink of an eye, she had grown up. Seeing her like this, it was impossible for Xue Yun to remain indifferent.

Sometimes, it wasn't that some parents didn't love their child or didn't feel anything for them. It was just that they loved another child more, just like how many ordinary families valued males over females.

She was her biological daughter. Her parents doted on her and had feelings for her. However, such love would be gone once there was a son.

Hence, it wasn't that Xue Yun didn't care about her daughter at all. She just loved her current son and husband more. For them, she was willing to give up a lot, a lot...

In the past, Mu Huan was her everything, but now, they were her all.

Bo Junyan thought that it might be inconvenient for them to speak with him there, so he stood up and left.

"He seems to treat you well," Xue Yun said as she looked at Bo Junyan's back.

"He treats me really well!" Mu Huan said.

"That's good. As long as you're happy." Since her daughter was happy, she no longer felt guilty.

"Mom... when did you regain your memory?" After Mu Huan asked this question, she actually felt a little regretful. It was meaningless for her to ask something she shouldn't have. There was no need to ask such a question.

Just as she was about to change the subject...

Xue Yun said, "It was when I saw the photo of you and Bo Junyan together a few days ago. It felt so familiar when I saw you, so I slowly recalled it."

With that, she clenched her fists nervously.

She wasn't trying to hide anything. She was just telling a white lie. She didn't want her to feel upset. She had been struggling these days, really struggling...

She did not want this to happen either. If she had not lost her memory these past ten years, she would definitely have gone back to look for them. She knew that after she left, their lives would definitely not have been easy. However, she had lost her memory. All these years, she only had her husband and son in her life. Hence, even if she thought about it, the past had become very distant. Especially since her life with the Mu family had not been good, she did not want to have anything to do with the past. Hence, she had been struggling and struggling painfully.

She really didn't want this to happen.

When Mu Huan heard that she recalled the past because she saw her, she was instantly filled with gratitude! This was because only when a person cared about another would they remember the past because of her.

As the saying goes, the more one lacks something, the more one wants it. In fact, this was indeed the case.

Mu Huan, who had lost her parents' love, wanted kinship very much. She had always been stuck in the past and could not come out. She only thought about the good things about her parents. For the sake of how Mu Dongsheng used to be like, she could always tolerate him.

Hence, she wouldn't suspect anything that Xue Yun said. She would only feel that this was still her mother. From when Mu Huan was young, her mother was the only one who could influence her the most.

Just as Mu Huan was about to say something, Xue Yun said:

"Xiao Huan, I've been living a happy life all these years. I don't want to go back to the past and have anything to do with your father. I just want to stay with the Ling family. Is that alright?"

Chapter 924: Life Is Just a Pool of Black Dog Blood (2)

Xue Yun had been protected and spoiled by Song Zhiwen and Xue Hua. Hence, she was weak and couldn't bear the setbacks in her life.

She could not bear to be criticized by others, so she especially did not want to see Mu Dongsheng and his mother again.

"Of course you can! Mom, you can live the life you want." Even though Mu Huan missed her childhood days, she didn't want Xue Yun to be with Mu Dongsheng again.

She knew that the past was the past. She would never be able to return to that beautiful past.

Xue Yun heaved a sigh of relief when she heard that. It was good enough as long as she could continue living her current life.

That night, Bo Junyan and Mu Huan ate with the Ling family.

Ling Feng had thought that if Xue Yun had any relationship with Mu Huan, she would at most be related to her as an aunt. Never had he thought that Mu Huan would be Xue Yun's biological daughter!

After being stunned for a while, the first thing he thought of was that he would be considered Mu Huan's stepfather.

He was also Bo Junyan's father-in-law...

This...

It made him feel a little complicated.

Xue Yun asked her son to call Mu Huan sister. "Ling Xiao, this is your sister. Call her sister..."

Ling Xiao, who didn't know what had happened, saw that Mu Huan was pretty and young, so he definitely thought of her as an older sister. Hence, he obediently called her sister.

Mu Huan: "..."

In the past, she would always say that her mother had given birth only to her and that she didn't have a younger brother or sister. But now, this...

Thinking about it again, this way, she would have a relationship with Ling Wei.

Instantly, she felt as though someone had sprayed black dog blood[1] on her.

This feeling made her feel like ten thousand mud horses were galloping across her heart.

Ling Feng looked at Bo Junyan and smiled. "Junyan, I didn't expect us to eventually become a family."

Bo Junyan: "..."

"Some things in this world are really meant to be," Ling Wei said with a smile.

Xue Yun was actually Mu Huan's biological mother! Ha...

Seriously, even the heavens were on her side!

Bo Junyan glanced at Ling Wei and did not speak.

Mu Huan did not speak.

She really didn't know what to say.

After dinner, Mu Huan made an appointment with Xue Yun to bring her back to Yun Cheng tomorrow to visit her granny.

After bidding farewell to Xue Yun and watching the Ling family leave, Mu Huan turned to look at Bo Junyan. "Hubby, hug."

Bo Junyan reached out and picked her up.

After he picked her up, Mu Huan lay in his embrace like an obedient kitten. She did not move until a while later. "Why do you think my mom married Ling Feng?"

Thinking about how she might have to meet Ling Wei in the future, she felt extremely depressed.

Bo Junyan: "..."

He really wanted to know.

He could have slowly walked away from the Ling family. Now, they had become a family. Her mother seemed to care a lot about Ling Feng and her son.

"Heaven always gives you something that you don't want to bear," Mu Huan said with a sigh.

Bo Junyan was about to say something.

Mu Huan suddenly looked up in shock. "Hubby, do you think I'm dreaming?!"

Everything would turn out to be fake once she woke up.

Bo Junyan: "No... This..."

Before he could finish speaking, Mu Huan reached out and pinched his arm.

Then she asked expectantly, "Does it hurt, Hubby?"

"A little."

"If it hurts, then it's not a dream!"

Bo Junyan: "..."

Shouldn't she be pinching herself?

"Hubby."

"Yes?"

Chapter 925: Life Is Just a Pool of Black Dog Blood (3)

"Hubby."

"Yes?"

"Hubby."

Bo Junyan: "..."

She had been in a strange mood all day. The fact that her mother was still alive had a huge impact on her.

Today, Mu Huan had indeed suffered a huge blow. She was afraid that this was only a dream, because only a dream could be so bizarre.

Her mother was still alive.

This was really...

It was upending her life too much! Everything she knew!

Indeed, one would never know what would happen in the next second.

Mu Huan's granny could not control her emotions. She was afraid that her granny would suddenly be so agitated that her body would not be able to take it. Hence, when they arrived at Yun Cheng the next day, she did not bring Xue Yun back directly. Instead, she video-called her granny to take precautions.

"Granny, did you not manage to find my mother's corpse back then?"

Xue Hua was stunned for a moment before asking, "Why are you suddenly asking about this?"

"Granny, have you ever thought that my mother might still be alive?" Mu Huan asked instead of answering.

"How is that possible? Your mother, she..." Xue Hua wanted to ask how her mother could possibly still be alive. If she was still alive, why would she not come back to find them?

However, she suddenly realized that her granddaughter, who would never let her imagination run wild, would never make such assumptions unless she found out something!

"Xiao Huan, could it be... could it be that you... found out that your mother is still alive? You have news of your mother?"

"Granny, you know you can't be too agitated right now."

"You really have news about your mother? Is she really still alive?" Xue Hua's voice became a little agitated.

"Yes."

Xue Hua instantly quietened down.

At this point, she didn't know how to describe her feelings.

Initially, when she did not find her daughter's corpse, she had fantasized that she was still alive and living in some corner of this world. It was just that she had yet to find her. But all these years, she had slowly given up on such thoughts and felt that it was impossible.

Now, Mu Huan was suddenly telling her that her daughter was still alive. This made her...

Her mind went blank and she didn't know what to think.

"Granny, don't be too agitated." Even though Mu Huan had asked the doctor to keep watch before the video call, she was still a little worried.

"I..." Xue Hua knew that she could not be too agitated, but how could she control her emotions?

After a while, she finally calmed down.

“Where’s your mother? Do you know where she is?” Xue Hua asked.

Mu Huan had already walked in.

When she saw her coming in, Xue Hua stepped forward agitatedly and grabbed her arm. “Xiao Huan, why did you suddenly say that? Did you find your mother? Where is she now?!”

“She’s right outside. I’m afraid you’ll be too shocked to see her.”

When Mu Huan suddenly saw her mother, she was so shocked that she could not take it. The impact had almost made her collapse. What more her granny?

Even though Mu Huan was already walking in slowly, Xue Hua was still shocked when she heard that her daughter was right outside the door. Her body swayed and she almost collapsed.

Mu Huan hurriedly supported her.

“Granny, I know this is something very agitating, but you know your current physical condition...”

After a while, Xue Hua said, “I know. Let her in. I’m fine.”

She continued, “I didn’t expect to hear that my daughter is fine and that she’s still alive. I won’t be easily defeated. I want to live a few more years.”

Chapter 926: Making the First Move (1)

Mu Huan was relieved to hear this.

She let Xue Yun in.

When the mother-daughter pair met, they were stunned for a long time. After a while, the two of them hugged each other and burst into tears.

Mu Huan couldn’t control herself and also started to sob.

Half a month later...

“Wifey, when you go to visit your mother this time, tell Xiao Huan that Junyan has recently been looking for a company to collaborate with on a project in Tianyuan. We’re now a real family. If there’s a need for collaboration, we naturally have to work with our family. Before this, Junyan had slowly been distancing himself from the Ling Group because Xiao Huan was bothered by Ling Wei. Now, Ling Wei has a fiancée and is about to get married, and Xiao Huan can be considered my daughter. In the future, the Ling family will be her brother’s...”

“So, do you understand?” Ling Feng believed that there was no need for him to state things too clearly. She understood.

Before Xue Yun could say anything, Ling Feng added, “This is all for Ling Xiao’s own good.”

Xue Yun nodded after a moment of silence. “Okay, I got it.”

“Alright, I’ll get the chauffeur to send you over.”

“Yes.”

Yun Cheng...

Because of Xue Yun's company, Xue Hua had become happy. Recently, her health had improved a lot. Mu Huan was also happy because she was in good health.

After Xue Hua's afternoon nap.

Mu Huan and Xue Yun were having afternoon tea in the greenhouse.

After chatting for a while.

Xue Yun said, "Xiao Huan, I heard that Junyan has been looking for a partner recently."

Mu Huan was such a smart person. Before Xue Yun could say anything else, she understood what she meant.

She asked directly, "Mom, did Ling Feng ask you to have us cooperate?"

Xue Yun: "..."

After a while...

"We're a family now. Besides, Ling Xiao is your younger brother. You know..." The older her daughter got, the smarter she became. She felt that she didn't need to say anything more.

"You are trying to say that this is all for Ling Xiao's own good. You want me to promote the cooperation between the two families for my brother's benefit. Is this for the relationship between the two families?"

Xue Yun: "..."

Indeed, there was no need for her to say anything.

"Mom, previously, Ling Wei wanted to destroy my relationship with Junyan and wanted to be with him. The last time I saw her, she looked at me with that kind of expression. I feel that she wouldn't give up easily. Previously, she had used her work to create conflict between Junyan and me. Hence, I don't want to give her this chance to have the two companies cooperate," Mu Huan said.

It was she who had asked her husband to keep a distance from Ling Wei, but he had done it. How could she now personally give such an opportunity to Ling Wei?

"Now that Ling Wei is engaged to the second young master of the Pei family, she won't think about Junyan anymore," Xue Yun said.

"Junyan told me the truth about the matter a few days ago. He said that Ling Wei was engaged to the second son of the Pei family, but their marriage was fake. The second son of the Pei family wanted to use Ling Wei's identity to win the battle between the successors, and Ling Wei wanted to use the Pei family to get the entire Ling family. Hence, Mom, don't think that you're doing this for Ling Xiao's sake. It's Ling Wei who will benefit," Mu Huan said.

In the past, Bo Junyan felt the Ling family matter had nothing to do with them. In order to reassure Mu Huan, he did not tell her that Ling Wei and the second son of the Pei family were only having a union of

interests. Now that Xue Yun had turned out to be Mu Huan's biological mother, Bo Junyan felt that it was necessary for Mu Huan to know about this matter. It would save her the trouble.

Mu Huan had always felt that Ling Wei was someone who wouldn't give up easily. Now that this marriage had turned out to be a false union of interests and given how the way she looked at her was still the same, she must definitely not give Ling Wei any chance.

Xue Yun wanted to say that that wouldn't be the case, but when she thought about how Ling Wei really couldn't accept splitting the family assets with Ling Xiao, she felt that what Mu Huan said might be true. But...

"Xiao Huan, the person in charge of the Ling Group right now is still your Uncle Ling. You'll not be working with Ling Wei but with your uncle."

"Mom, you probably don't know that Ling Wei has already bribed most of the shareholders of the Ling Group. When the time comes, Ling Feng will be kicked out just like that."

Xue Yun said, "That's impossible. Ling Wei isn't such a bad person."

Mu Huan: "..."

She did not want to say anything about her mother.

But...

"No matter what, I won't tell Bo Junyan about this. I won't let him continue working with the Ling Group."

"Xiao Huan, don't overthink things. Just like this, the Ling Group has been working well with the Bo Group for so many years." Xue Yun had been married to Ling Feng for so many years, and she knew a lot about the collaboration between the Ling and Bo families.

"This isn't just me thinking too much. Last time, the Ling Group's employees went on a strike at a critical moment, making Junyan very angry. Also, if it weren't for Ling Wei's signal, how would those employees dare to go on a strike? This is also a big reason why Junyan is no longer cooperating with the Ling Group."

Bo Dingjing and his son were furious when they heard that the Ling Group's employees had gone on a strike last time. After all, they had been working together for so many years. At a moment between life and death, they went threatening them. They really could not accept such partners anymore.

"But..." How was she going to tell her husband this?

Chapter 927: Who Is More Worthy (1)

After a moment of silence, Mu Huan said, "Mom, if you're afraid and find it difficult to explain this to Uncle Ling when you get back, I can tell him the truth directly. He should know that Ling Wei has bribed most of their shareholders. I won't help the enemy grow stronger and destroy myself."

"Xiao Huan..." Xue Yun wanted to say something else.

"I appreciate your advice, Mom, but you don't have to say anything," Mu Huan said directly.

This made it difficult for Xue Yun to continue.

Ling Group...

“CEO Ling, the chairman has asked Xue Yun to get Mu Huan to OK the collaboration on the Tianyuan project.”

Ling Wei smiled.

She knew that her father would definitely ask that woman to work with Mu Huan after she had revealed such information.

“CEO Ling, do you think Mu Huan will tell CEO Bo about this?”

“She will probably reject Xue Yun,” Ling Wei said.

The assistant who spoke to Ling Wei was Ling Wei’s confidant. He knew a lot about Ling Wei, and Ling Wei did not hide anything from him.

“Then why did CEO Ling deliberately reveal this information to the chairman?”

“Of course it’s to make my father think that that woman is useless and cause conflict between the two of them,” Ling Wei said.

The assistant: “...”

He seemed to have asked a stupid question.

After a while.

“CEO Ling, now that Ling Xiao turned out to be Mu Huan’s younger brother and she knows that you want to seize power, won’t she help Ling Xiao? If she helps, CEO Bo will definitely also help. This will be disadvantageous to us.”

“I had my guard up against this. Hence, I told my dad last night that I agree for us to take half of the inheritance each and stop all my operations. My retreat would make my dad very happy. In the future, he would only think about treating me better and wouldn’t want to seize my power. If Mu Huan had such thoughts and made Xue Yun feel this way, my dad would only think that Xue Yun was bad. No matter how much my dad dotes on him now that he has a son, I’m still his most beloved child. He won’t let anyone bully me and make me lose everything.

“Besides, my father is still young. He definitely wouldn’t want to talk about inheritance at this time.” He was disgusted by her behavior of bribing the shareholders.

But because she was his daughter, he only advised her not to force him and did not do anything practical.

Now that she had listened to his advice and stopped taking action, she was also sensible enough to accept that she would inherit half of the family assets in the future. Her father would definitely not do anything to her.

Hence, if Xue Yun had any ulterior motives, her father would definitely not allow it. Hence, she was not afraid of Mu Huan doing that. She was only afraid that Mu Huan would not do that!

“CEO Ling, are you agreeing to split the family assets just like that? This is clearly yours...” The assistant felt wronged for Ling Wei.

“There’s still a long way to go,” Ling Wei said with a smile.

Although she did not say anything explicitly, the assistant knew that she already had a plan in her heart. She must be only pretending to give in first.

Ling Wei was indeed pretending to compromise. The Ling family was hers, and she wanted Bo Junyan too!

She knew that it would be very difficult to get Bo Junyan, but she had been like this since she was young. The harder it was to get something, the more she wanted it!

This was especially so after Old Master Meng had been sent away. Things had gotten to a tricky point, and she could be said to be at her wit’s end. She had thought about giving up, but at this point, Xue Yun was actually revealed to be Mu Huan’s biological mother!

This turn of events was too timely. She felt that the heavens were on her side!

Chapter 928: Who Is More Worthy (2)

She had the right timing, the right place, and the right people. Why should she give up?

Besides, even if she were to take ten thousand steps back and she could not get Bo Junyan, she would not let Mu Huan have him! She would not let her be happy!

Ever since she was young, she would do anything to make the other party suffer more if she had to lose!

It was just like how she decisively joined forces with his political opponents to destroy her previous boyfriend when she realized that he was not what she wanted.

Anyone who ruined her life plan would be worse off!

Not only was Mu Huan no exception, but she was also destined to be the most miserable one!

How could she, Ling Wei, lose to such a young girl?!

And no one had ever dared to embarrass her like Mu Huan had!

She would never let her off!

So what if Bo Junyan was protecting her?

Now, winning was no longer considered a win. Only those who could laugh until the end could be considered true winners!

And she had always been the last person to smile.

At Yun University...

Just as Mu Huan was about to flip through the book, Long Feiting quickly flipped the page for her.

Then, he supported his head with his hand and looked at Mu Huan quietly, looking at her with an infatuated gaze.

When he found out that Mu Huan was his Little Star, he could no longer suppress his feelings and had let himself loose.

Mu Huan: "..."

Li Meng: "..."

This landowner's foolish son was too obvious!

"Long Feiting, don't look at me like that again. Otherwise, I'll beat you up until you can't go to school!" Mu Huan really couldn't stand his gaze.

"Alright, let's do it!" Long Feiting's face was full of anticipation.

Mu Huan: "...!!"

Freaking hell!

Was he masochistic?

"Xiao Huan, come, come quickly..."

Long Feiting looked like he was waiting for her to punch him.

Mu Huan was no longer in the mood to punch him.

She picked up her book and stood up, then changed her seat and sat down.

However, when she walked over and sat down, Long Feiting followed. There were other students beside her, so he chased them away.

Mu Huan couldn't take it anymore and asked him to come out and talk to her.

"Long Feiting, you know I'm married!"

"I know." He knew that she was married. Damn married!

Mu Huan's expression turned cold as she said, "Since you know, then please stop being like this and keep your distance from me."

"Xiao Huan, I don't mean anything else. I just want to treat you better and repay you for saving my life back then." Long Feiting knew that she had a good relationship with Bo Junyan. He knew that he had no hope and he didn't want anything. He just wanted to treat her better.

And when he thought about how he had treated her previously, he wanted to treat her well now and give everything he had to make it up to her!

When he thought about what had happened in the past, Long Feiting could not help but want to punch himself to death. She was clearly his Little Star, yet he did not recognize her. He even made things difficult for her and hurt her because of that imposter!

No way! Long Feiting really couldn't imagine what he had done previously. Just thinking about it made him want to explode and kill himself!

Why was he so stupid before? He was so stupid that he deserved to die!

"I don't need you to treat me well, and I don't need you to repay me for saving your life. You just have to stay away from me from now on." Mu Huan's demands for herself would be stricter than those she had for Bo Junyan.

She was absolutely loyal to love and marriage.

Also, since she couldn't give other people anything at all, she had to be ruthless. Otherwise, she would give such people hope and make them unable to let go.

"I'll do anything you want me to do except stay away from you. I have to treat you well. Xiao Huan, I really don't have any other intentions!"

Chapter 929: Who Is More Worthy (3)

"Let's be good friends from now on, okay?"

Long Feiting added, "Didn't you say that you wanted to be my good friend?!"

"Don't tell me that you don't want to be good friends with the opposite sex! You and Wu Xingye are very good friends!"

At the mention of Wu Xingye, Long Feiting felt a little envious and jealous. If he could be like Wu Xingye and hold a certain amount of weight in her heart, he would be able to think of her whenever he wanted!

He really had no other hopes.

"You're different from Wu Xingye." Wu Xingye would not look at her that way. Also, he liked Xiao Meng.

"How am I different from him? I'm the same as him! I just want to be good friends with you!" In a situation where she was married, he would only be her good friend, her best friend, and be willing to go through hell and high water for her!

"But I don't want to be good friends with you," Mu Huan said.

"Xiao Huan..." Long Feiting looked at her pitifully with a hurt expression.

"Long Feiting, I don't want to talk to you about this matter again. Hence, I hope we can only talk about it this once."

Long Feiting was about to say something.

"There's plenty of fish in the sea. The world is beautiful, and there are so many young ladies who'll like you. Don't take things too hard." Mu Huan felt that Long Feiting was not a bad person overall. When her leg was injured when she was young and she couldn't walk, he was the one who'd carried her back.

And the friendship that they had nurtured during the dark days of being locked up made her want him to be well.

"I know. I'll get a girlfriend in the future. I just want to be friends with you." Right now, Long Feiting really just wanted to be friends with Mu Huan.

He only wanted to protect her silently. If Bo Junyan treated her well for the rest of his life, he would protect her for the rest of her life. If Bo Junyan treated her badly, he would immediately take action!

Mu Huan: "..."

She didn't know what else to say.

"Anyway, I won't be good friends with you. Don't get too close to me." With that, she turned around and left.

Long Feiting followed closely behind her.

When Mu Huan heard his footsteps, the corners of her lips twitched.

In the afternoon...

"Do you think Long Feiting likes Mu Huan?"

"Definitely! Look at the way he's looking at Mu Huan. His eyes are filled with love!"

"Yes, yes! I saw it. He was even helping Mu Huan to flip through her books! That scene looked like something from an idol drama!"

"Previously, I'd already felt that Long Feiting was treating Mu Huan differently. His behavior is clearly not right, yet he is full of ambiguity. When he came back from picking herbs last time, he was already like this. The way he looked at Mu Huan every day could simply be described as loving to death!"

"Yes, yes! That's very appropriate! Really! That look in his eyes is too affectionate!"

"If Long Feiting could look at me that way, it would be worth it for me to die immediately!" the long-haired girl said dreamily.

"That's right! That's right!"

"Mu Huan is so fortunate!"

"How can there be someone as enviable as her in this world?!"

"Do you think Mu Huan is more compatible with Professor Bo or Long Feiting?"

When Bo Junyan heard this, he stopped in his tracks.

"She's a good match for everyone!"

"However, although Professor Bo is a god-like professor with unparalleled looks, Professor Bo looks much more mature than we do. He doesn't seem to be from the same world as us. When Mu Huan stands with him, she gives off the feeling of a Lolita paired with an uncle. If she were to be compared to Long Feiting, be it in terms of age, appearance, or anything else, she'd be a good match for him!"

Bo Junyan's expression darkened.

Lolita, Uncle...

Chapter 930: Who Is More Worthy (4)

"Yes, yes. Now that you mention it, I think so too! Professor Bo's cold and mature aura is too strong. Much too strong. He's too high up and too difficult to get close to. He's not like the campus beau, who's young and has devilish charm. He and Mu Huan are at the prime of their youth! His temperament is more compatible with hers!"

"Now that you mention it, that's true!"

"Yes, I think Mu Huan is more compatible with Long Feiting."

"That's right. No matter how outstanding Professor Bo is, he's much older than us!"

"Yes, yes."

Bo Junyan's expression darkened.

Some things inflicted hard wounds. Even someone as strong as him could not change some things.

For example, his age.

Hence, he especially disliked hearing others say that he was much older than Mu Huan.

And now, some people were saying that his wife was more compatible with someone else!

Previously, Bo Junyan felt that there was no need for Mu Huan to care about others saying that he and Ling Wei were compatible. If a person cared too much about others' gazes, they would easily become unhappy.

But now, even though he knew that, people just weren't rational. They cared even if they shouldn't care.

Just like how he was now.

"Who do you think is more compatible with whom?"

That cold voice made the girls, who were gossiping, shudder.

When they slowly lifted their heads and saw Bo Junyan's face, which was colder than usual, they instantly felt that a disaster was about to befall them!

They wanted to run, but they couldn't. They could only sit there in a daze.

"Who's more compatible with whom?" Bo Junyan asked again.

That cold voice was like the voice of the King of Hell.

It made the girls feel that their deaths were coming, and even their breathing became difficult.

But one of the girls, for some reason, suddenly had an idea. "Professor Bo is more compatible with Mu Huan! Professor Bo and Mu Huan are a match made in heaven!"

The other girls snapped back to their senses and hurriedly added, "That's right! Professor Bo and Mu Huan are more compatible! The most compatible!"

"Professor Bo and Mu Huan are the most compatible! The most compatible!"

In order to survive, they shouted especially loudly. This made the originally lively class instantly quieten down, and all the students looked over.

Mu Huan, who was focused on reading, did not notice that Bo Junyan had walked in. When she heard the commotion, she looked over as well.

She did not hear what the girls were saying just now. She only heard them saying how she and Bo Junyan were compatible.

Although she was curious as to why these girls would say that, she did not ask Bo Junyan anything. Even though her relationship with Bo Junyan had been exposed, they were still in school. He was a teacher, and she was a student.

"Professor Bo and Mu Huan are the most compatible! The most compatible! Unparalleled match!"

"Professor Bo and Mu Huan..."

When the girls saw that Bo Junyan had no intention of leaving, they racked their brains to think of a way to tell him everything they could.

Bo Junyan swept a cold glance at them when he sensed their sincerity and walked toward the lectern.

After he left, the girls instantly collapsed on the table.

"Did you see that?" Mu Huan asked.

"What?" Li Meng was a little stunned.

"People also tell me that I'm not worthy of him, but where my husband only needs to say one sentence to scare them out of their wits, no matter how much I shout, it's useless!" From the expressions of the students earlier, Mu Huan felt that they must have said that she was compatible with someone else, or that Bo Junyan was compatible with someone else and that he had heard it.
