

## Fall for You 791

### [Chapter 791](#)

She hadn't expected Gemma to be so good to Briana Cameron, as if she had truly considered her as her own biological daughter.

Somehow, she felt a bit sour in her heart.

"Auntie, even if you're angry about what the Schneider family did to Briana Cameron, you should calm down and then think about what to do."

"Thomas was an adult, I trusted him."

Seeing Gemma say this, Athena could only say, "Alright, then I won't disturb your rest. Next time I have a chance, I'll visit you at the Cameron family."

"Mm-hmm."

After hanging up the phone, Athena pondered for a moment and called her secretary in.

"Drafted a contract termination and sent it to the Schneider Group."

A flash of shock passed through the secretary's eyes as she quickly advised, "Ms. Farley, even if Ms. Schneider had a conflict with our company's designer, there was no need to terminate the contract."

After the collaboration with the Schneider Group was completed, their company could make profits of hundreds of millions, making it one of the larger collaborations of the year.

There was not a trace of emotion in Athena's eyes as she said indifferently, "Do as I say."

"Ms. Farley, I suggest you reconsider..."

Before the words were even finished, Athena coldly said, "Who exactly is the boss, you or me?"

Realizing she was angry, the secretary quickly lowered her head, "Alright, I'll do it right away."

After the secretary left, Athena unconsciously tightened her grip on the documents. If she didn't terminate the collaboration with the Schneider Group, although the Cameron family wouldn't say anything, they would definitely think of her as a person who prioritizes her own interests. They might even develop a grudge against her because of this.

Compared to the long-term benefits she could get from the Cameron family, the short-term gains from cooperating with the Schneider Group were nothing.

However, she inevitably developed a dislike for Briana Cameron. She knew that Briana Cameron was the adopted daughter of the Cameron family, but every member of the Cameron family treated her as one of their own.

Even the usually cold and indifferent Thomas, was protective of Briana Cameron when outside.

Thinking of this, a hint of jealousy flashed in Athena's eyes.

She took a deep breath, forcing herself not to think about it, and continued to read the documents.

Zane returned to the hospital and, upon learning that Mallory was alright, he finally breathed a sigh of relief

However, just as I had just sat down by the sickbed, I received a call from the secretary.

“Ms. Schneider, Graceful Attire wants to terminate their contract with us!”

“What?!”

A flash of anger crossed Zane’s eyes, he gritted his teeth and said, “What the hell is going on?! Why would they suddenly terminate the contract, has Graceful Attire gone mad?!”

In order to sign a contract with Graceful Attire, he offered a price far above the market value. Even if a contract termination was necessary, it should have been him proposing it to Graceful Attire!

“It seemed... because you went to Graceful Attire to find the young lady today, the Cameron family found out about it, so they put pressure on Graceful Attire...”

Upon hearing this, Zane was instantly furious, “The Cameron family has gone too far! Don’t deal with this matter for now, I’ll call you back later.”

After hanging up the phone, Zane immediately called Kathy. Now, only Kathy could help him.

However, as soon as the call connected, Kathy’s angry voice came through, “Brother! What on earth have you done?! Now the Cameron family wants to terminate several collaborations with me, and I only found out through others that you have offended the Cameron family!”

Zane hesitated, suddenly feeling a bit guilty.

Even Kathy could easily handle the Cameron family, let alone him, a powerless man who had just arrived in Haseton from Bridenville...

A wave of regret washed over him, he shouldn’t have gone to see Briana Cameron today.

Not hearing Zane’s response, Kathy instantly became even more irritated.

“Speak up! What on earth did you do?!”

## [Chapter 792](#)

The matter of the Cameron family wanting to terminate their collaboration with her was known to the people in the Bynes family’s main house before she did. They had just called her and gave her a severe scolding, insisting that she must find a way to resolve this issue, otherwise they would not allow her to continue managing the subsidiary.

Sensing the anger in Kathy’s tone, Zane briefly recounted the events of the day.

After hearing this, Kathy was almost furious, and angrily said, “Idiot! You knew well that Briana Cameron is now adopted by the Cameron family, yet you still want to act like a father in front of her. Who else would the Cameron family deal with if not you!”

Zane was truly panicked this time, he quickly said, "Kathy, I know I was wrong... I didn't expect the Cameron family to actually care about her, now Graceful Attire also wants to terminate the contract, what should I do?"

Kathy's blood pressure skyrocketed, nearly causing her to faint, "How would I know what to do?! Now my in-laws are calling me back to the main house, I can barely take care of myself, let alone you. You're on your own!"

After hanging up the phone, Kathy still felt a lump in her chest, unable to breathe in or out.

She was filled with immense regret now. She should have directly refused Zane when he initially proposed to move to Haseton. Now, she had ended up being despised by her in-laws as well.

If they really made her give up control of the subsidiary, she would truly have no standing in the Bynes family in the future!

On the way back, Kathy was constantly thinking about how to respond.

When the car stopped in front of the old house, an idea occurred to her.

The moment she stepped into the old house, a vase was thrown at her.

"Kathy, you're going to be the death of the Bynes family sooner or later!"

Kathy quickly dodged, the vase fell beside her on the ground,

shattering into pieces with a loud "bang". A shard grazed her foot, and blood gushed out in an instant.

However, she didn't even furrow her brows, she just walked over and knelt down in front of senior Mr. Bynes and senior Mrs. Bynes, with a face full of guilt, she said, "Dad, Mom, I'm sorry, this was my mistake, I will find a way to solve it."

Senior Mr. Bynes snorted, "How are you going to solve this? The Cameron family has not only terminated their cooperation with the branch you manage, but the head office has also cancelled several major partnerships because of your stupidity. The Bynes family has lost no less than ten billion!"

Long before the Cameron family came to dissolve the partnership, senior Mr. Bynes knew about Kathy secretly helping her brother behind the scenes. However, considering the many contributions she had made to the Bynes/family over the years, senior Mr. Bynes did not expose her.

As long as it didn't affect the interests of the Bynes Group, he didn't mind her providing appropriate support to her family.

Just didn't expect that Zane would be so stupid to offend the Cameron family within just a few days.

Kathy took a deep breath and slowly said, "I will go to the Cameron Group to find Mr. Cameron, until he is willing to forgive me!"

The elder Mr. Bynes had a cold expression. "Instead of going to Mr. Cameron, you might as well apologize to his daughter and see if she is willing to forgive your trouble-making brother!"

Detecting the mockery and disdain in senior Mr. Bynes' tone, Kathy's hand involuntarily tightened, her nails digging into her flesh without feeling the slightest pain.

She knew that the Bynes family had always looked down on the Schneider family, so she rarely went back over the years, aiming to please the Bynes family and establish herself within them. However, she now realized that not only her family, but even senior Mr. Bynes looked down on her.

"Dad, my brother wasn't usually this impulsive, but this time it was indeed his fault. I will definitely find a way to make up for it."

"I gave you three days. If you couldn't change Mr. Cameron's mind, you wouldn't need to manage the branch anymore."

Hearing this, disbelief flashed in Kathy's eyes. She looked up at senior Mr. Bynes and said, "Dad, you can punish me however you want, but I've been at the branch office for so many years. Even if I haven't made significant contributions, I've worked hard. I don't want to leave!"

"If you don't want to leave, then think hard about how to solve this issue! I think you've just become too powerful, and that's why you've become so reckless!"/

After speaking, senior Mr. Bynes stood up and left directly.

Senior Mrs. Bynes had always looked down on Kathy, thinking she was from a humble background and lacked dignity and grace. She gave her a cold glance and left.

### [Chapter 793](#)

Kathy knelt on the ground, feeling as if she had fallen into an ice cellar. She never expected that her years of hard work would turn into ashes just because the Cameron Group terminated a few contracts.

After leaving the Bynes family's old house, Kathy went straight to the hospital to find Zane.

Upon seeing her, guilt was all that filled Zane's eyes.

"Kathy, I'm sorry... It's all my fault for dragging you into this..."

A flash of impatience crossed Kathy's eyes, she said coldly, "There's no point in talking about this now, get in touch with Briana Cameron, I need to go apologize to her."

Upon hearing this, Zane's face instantly turned incredibly ugly. He gritted his teeth and said, "Apologize to her?! Have you ever seen a father apologize to his own daughter?!"

"Now she is the daughter of the Cameron family, and has nothing to do with you anymore. If you refuse to go, give me the contact information, I'll go myself."

"Was there really no other way?"

Kathy was very dissatisfied with her brother who still didn't understand the situation, "Bro, Senior Mr. Bynes gave me three days. He said if I can't get Mr. Cameron to retract his decision to terminate the contract, I'll have to step down from my position as the president of the branch office!"

"What?!"

Zane was horrified. If Kathy lost her position as the branch president, wouldn't it be impossible for her to help him establish himself in Haseton in the future?!

"Senior Mr. Bynes was too much! You worked so hard for the Bynes family for so many years, and he just discarded you after exploiting your usefulness!"

"Give me Briana Cameron's contact information. If you're unwilling to give it, I'll have my secretary look it up."

Zane took a deep breath, his expression completely devoid of the previous arrogance.

"I went to ask the secretary to contact her."

"You personally called her, we were there to apologize to her, we needed to be more humble."

"Good."

Zane took out his phone and dialed Briana Cameron's number. It took a long time for her to answer.

"May I ask who was that?"

"I....."

Seeing Zane's hesitant manner, Kathy directly snatched the phone from his hand, softly saying, "Is this Ms. Cameron? I'm Kathy, the CEO of Light Travel. I would like to invite Ms. Cameron to dinner, may I know when Ms. Cameron is available?"

There was a moment of silence on the other end of the phone before the puzzled voice of Briana Cameron came through.

"Ms. Schneider, it seemed I didn't know you."

Kathy chuckled, "Last time you dined with Mr. Yoder, I came over to toast. I wonder if Ms. Cameron still remembers?"

Briana Cameron raised an eyebrow, "I remember, but why did Ms. Schneider suddenly invite me to dinner?"

"Actually, Zane was my brother, so I guess I was your aunt... Even though we didn't have much of a connection, I still wanted to invite you to have a meal, and to apologize to you."

Briana Cameron chuckled, her voice devoid of warmth, "Ms.

Schneider, there's no need for apologies. After all, you haven't done anything to wrong me. If there's nothing else, I'll hang up now. Goodbye."

#### [Chapter 794](#)

Hearing the busy tone coming from the phone, Kathy frowned and handed the cell phone back to Zane.

"She refused to see us. It seemed that we had to go to her company and find her in person."

A flash of anger passed through Zane's eyes, "I didn't agree when you wanted to apologize to her in the first place, it would be better to find someone from the Cameron family!"

Kathy gave him a cold glance. "Don't you understand yet? The reason why the Cameron family let Graceful Attire terminate its cooperation with the Schneider Group was to vent their anger for Briana Cameron. If Briana Cameron could say a good word or two in the Cameron family, it would be more useful than us saying hundreds."

"Unexpectedly, she was so lucky that she not only didn't die, but also was adopted by the Cameron family, leading a good life."

Kathy was silent for a moment, then said, "Brother, I don't know what you and your wife were thinking before, why you were so partial to your two daughters, but if you want the Schneider Group to go further in Haseton, it would be better to treat Briana Cameron better."

Even Briana Cameron had to tread carefully with her own identity now. It was beyond comprehension why Zane would go out of his way to cause trouble for Briana Cameron.

"Kathy, did you forget what I told you before? The Feng Shui master said that she would bring disaster to the Schneider family. Maybe it's because of her that we're so unlucky now!"

"We are in such a mess now because you unnecessarily bothered your sister-in-law. Otherwise, the Cameron family might not even remember who you were!"

Zane, looking pale as Kathy pointed out, remained silent with a gloomy expression.

"Given the current state of my relationship with her, it was too late to even try to please her."

Thinking about the things Zane and Mallory had done to Briana Cameron in the past, Kathy was also overwhelmed.

"Forget it, I'll see what I can do about this matter, I'm going back first."

"I gave it to you."

The two had just reached the hospital entrance when they ran into Kiley and Isaac, who were bringing Denise to the hospital for treatment.

"Dad, Aunt, how come you guys are here?"

Seeing Kiley's puzzled gaze, Zane frowned, "Why did you come to the hospital? Was Denise sick?"

"Um, I had a bit of a fever."

She handed Denise from her arms to Isaac, whispering, "You take Denise over there first, I need to have a few words with my dad."

"Good."

Isaac gave a slight nod to Zane and Kathy, holding Denise and quickly left.

Shock filled Zane's eyes as he pointed at Isaac's retreating figure, "Who is he?!"

Kathy on the side was utterly shocked. If she wasn't mistaken, was that man just now the president of Kingly Group, Isaac?!

Isaac had returned to his country to host a party, but she was on a business trip that day, so she didn't attend the party. However, when she later went to deliver documents to Kingly Group, she had seen Isaac through the glass.

How could Kiley have known Isaac, and they even seemed to have a deep relationship!

Kiley pursed her lips, slowly saying, "Dad, he is Denise's father, Isaac."

"What?! You're still involved with this man, have you forgotten all the things he did in the past?!"

"Dad, he's not the same as before, he can provide a stable life for me and Denise, so I'm planning to reconsider being with him."

"You, you're going to drive me crazy! Break up with this man immediately, I will introduce you to a better man!"

Kiley scoffed. The best Zane could introduce her to were nothing more than the rich second generations from Bridenville.

Since she came to Haseton, those bumpkins simply didn't catch her eye at all.

"Dad, Denise was sick and needed me by her side, so I had to go. I'll arrange for her to have dinner with you another day."

After speaking, Kiley hurriedly left.

Zane, with a face full of anger, was about to chase after when he was held back by Kathy.

"Why are you pulling me? I must teach her a lesson today!"

#### [Chapter 795](#)

"Did you know who Isaac was?!"

Kathy looked at Zane with a face full of disbelief, her eyes filled with complexity.

No one knew how he could be so lucky, both of his daughters were doing better than the other, but ironically, the companies he was involved in were on the verge of bankruptcy.

Zane frowned, "I know, that's why I couldn't let Kiley be with a man like that."

"Have you heard of Kingly Group?"

"Of course I've heard of it, Kingly Group is a large conglomerate in Haseton with a market value of hundreds of billions. But why do you suddenly bring this up?"

Isaac was the president of Kingly Group.

If Isaac was willing to cooperate with the Schneider Group and the Bynes Group, it wouldn't matter if those previous collaborations with the Cameron Group were not retrieved.

Zane had a look of disbelief on his face, "Kathy? Have you taken the wrong medicine today? Isaac is the CEO of Kingly Group?!"

Kathy couldn't help but shake her head, pulling out her phone and immediately calling her secretary.

"Send me the information of the President of Kingly Group."

After receiving the materials sent by the secretary, she directly handed the phone to Zane.

"See for yourself."

Five minutes later, Zane said with a face of disbelief. "How is it possible?! Isaac is actually the CEO of Kingly Group..."

In his imagination, the president of Kingly Group should have been a man around his own age. How could it possibly be someone as young as Isaac!

"Whether you choose to believe it or not, he was the CEO of Kingly Group. If you didn't want to curry favor with Briana Cameron, you could have approached from Kiley's side. After all, your relationship with Kiley was much better."

"Alright, I understood, I would consider it."

Kathy didn't pressure him either, she simply said, "You better hurry, I'm currently more inclined to collaborate with Isaac."

After all, Briana Cameron's relationship with Zane was so bad that it was almost impossible to repair. If Kiley could persuade Isaac to cooperate with the Schneider Group and the Bynes Group, there would be no need to worry about offending the Cameron family to death.

After Kathy left, Zane stood in place for a while before returning to Mallory's hospital room.

Mallory had already woken up and was eating fruit at that moment.

Seeing Zane, she frowned, "Where were you just now?"

"Kathy came to see you, I walked her to the door."

"Oh."

Zane walked over and sat down by the hospital bed, hesitated for a moment before saying, "I have something I want to tell you."

"What happened?"

"Did you know about the Kingly Group?"

Mallory recalled and said, "I seem to have some impression. I saw an advertisement somewhere before, it was a big company. What's up?"

"The President of Kingly Group, was Isaac."

A flash of shock passed through Mallory's eyes as she stared at him, "This Isaac you're talking about, is he Kiley's former fiancé?"

“Um, and it seems like he’s back with Kiley now. When I was taking Kathy out just now, I happened to run into them at the door. He and Kiley were bringing Denise to see a doctor.”

Upon hearing this, Mallory turned pale and quickly said, “You didn’t let Kiley find out about my presence in Haseton, did you?”

“No, she probably didn’t know yet, but this matter couldn’t be kept secret for long.”

“At the very least, we should wait until the child is six or seven months old before telling her. Otherwise, I’m afraid she’ll overthink it.”

Zane sighed, “You don’t need to worry about this. She’s with Isaac now, probably doesn’t even have eyes for the Schneider Group anymore.”

### [Chapter 796](#)

Mallory hadn’t recovered from the shock that Isaac was the president of Kingly Group, she bit her lower lip and said, “If Kiley really is with Isaac, there’s no need for me to continue hiding my pregnancy from her.”

“Um, I called her out in the evening, tentatively talked to her about this matter, and then made a decision.”

Evening came quickly, and Zane called Kiley, asking her if she was free to have dinner together that night.

After Kiley agreed, Zane contacted Kathy again.

At seven in the evening, when Kiley walked into the private room and saw Zane and Kathy both present, she knew in her heart that this dinner was probably not going to be simple.

She smiled, “Dad, Aunt, you called me out tonight, there must be something you need from me, right?”

“Um, you sit first.”

Kiley pulled out a chair and sat down, picking up the water glass in front of her and taking a sip.

“Speak up, what happened?”

Kathy looked at her and said with a smile, “Kiley, the reason your father and I asked you to come today is because we need your help with something.”

Simply mentioning the incident where Zane offended the Cameron

family, Kathy slowly said, “We originally wanted to apologize to the Cameron family, but they refused to see us. This morning at the hospital, we saw you with the president of Kingly Group, you two seem to have a good relationship.”

Kiley raised an eyebrow, “So you want me to find Isaac and get him to collaborate with the Schneider Group and the Bynes Group?”

Kathy nodded, "Yes, but don't worry, we will definitely not let Kingly Group suffer a loss."

Kiley didn't want to help them, but if it could make Maxim and Briana Cameron uncomfortable, it wouldn't be a loss for her.

"I couldn't make a decision on this matter, but I could try. However, I couldn't guarantee that I would definitely succeed."

Upon hearing this, the two of them brightened up. Kathy quickly said, "It's okay, as long as you're willing to try, regardless of success or failure, your aunt will always remember your kindness!"

Seeing Kathy, who had always looked down on her, trying to please her, Kiley felt incredibly satisfied.

"Auntie said, 'We are all family, this is what I should do.'"

Returning to the villa, it was already past ten in the evening.

Kiley knocked on the study door and only entered after hearing a "come in" from inside.

Isaac was reading a document, not even lifting his head as he asked, "What's up?"

"Mm-hmm."

He put down the file, his icy gaze falling on her.

"What happened?"

"The Schneider Group and the Bynes Group wanted to collaborate with the Kingly Group."

Isaac frowned, saying coldly. "Do you think Kingly Group is something that any Tom, Dick, or Harry can collaborate with?"

Kiley looked somewhat embarrassed, took a deep breath and said, "I know you look down on the Schneider Group, but my dad and my aunt offended Briana Cameron, so the Cameron Group is now suppressing them. If you're not willing to help them, they're done..."

"You said they offended Briana Cameron?"

"Um..."

Recalling that Scorpion had previously told him that the Cameron family also had a key. Isaac's eyes darkened.

"I could help them."

"Really?!"

A flash of surprise crossed Kiley's eyes, she could hardly believe he had agreed.

"Isaac, thank you!"

"Don't rush to thank me yet, I have a condition."

Kiley paused for a moment, "What conditions?"

“Let your dad and your aunt continue to bother Briana Cameron.”

“Sure, I went to talk to them.”

### [Chapter 797](#)

A smirk tugged at the corner of Isaac’s mouth, “Have them come find me at Kingly Group tomorrow.”

“Alright, I’ll go talk to them right away!”

After Kiley left, a cold smirk appeared on Isaac’s face. From then on, the Schneider Group and the Bynes Group would be his weapons against Briana Cameron and Maxim!

The next morning, news of the collaboration between Kingly Group and the Bynes Group had spread.

Many companies that wanted to cooperate with Kingly Group flocked to the Bynes Group to inquire about how to catch the eye of the president of Kingly Group. The Bynes family was also busier than ever, with countless socialites coming to visit.

Senior Mr. Bynes called Kathy into his study, his expression serious. “Although we didn’t secure a partnership with the Cameron Group this time, your contribution to our successful collaboration with the Kingly Group is undeniable,” he said.

“You can continue as the president of the branch, but you still need to manage your brother in the future. Haseton is not like the small town of Bridenville, anyone here is someone he can’t afford to offend.”

Kathy lowered her gaze, a hint of mockery flashing in her eyes.

“Dad, I knew.”

“Alright, go out.”

Stepping out of the study, a cold glint flashed in Kathy’s eyes.

In the eyes of the Bynes family, she was nothing more than a tool that could be kicked away at any time, so she had to leave a way out for herself

Not only did I have to help Zane build up the Schneider Group, but I also had to develop my own power  
Otherwise, I would only become a discarded pawn of the Bynes family’

the Cameron Group

Sean’s expression was icy as he angrily said. “It seems like the Bynes Group is ready to go against the Cameron Group!”

There was also Kingly Group If he had previously been skeptical about Maxim’s words, the collaboration between Kingly Group and the Bynes Group and the Schneider Group was enough to convince him The previous agreement Kingly Group signed with the Cameron Group was not with good intentions!

Thinking of this, a chill unconsciously rose in Sean’s heart

If that collaboration had gone wrong, and the Cameron Group had been greatly weakened, the Kingly Group would have instantly become the most powerful company in Haseton. He absolutely could not let such a thing happen!

“Immediately contact Maxim and arrange a meeting for me with him!”

Graceful Attire Design Department.

Briana Cameron had just walked into the company today when she noticed that the people around her were whispering and looking at her.

However, when she looked over, everyone else seemed to look away as if nothing had happened.

She arrived at the design department, and as soon as everyone saw her, they all simultaneously lowered their heads, pretending to be busy. It was so quiet that you could almost hear a pin drop.

Briana Cameron pursed her lips and went straight to her office.

Anastasia took the day off today, so Briana Cameron couldn't find anyone to ask.

Just after ten in the morning, she got up to fetch water from the pantry after completing several design drawings.

Just as he reached the door, a mocking voice came from inside.

“I never expected Briana Cameron to be such a person, even denying her own biological parents. I heard her mother was hospitalized due to her actions, yet she could still come to work as if nothing happened. She's truly cold-blooded and heartless!”

“No wonder there was such a commotion in Mr. Murphy's office when Ms. Schneider came to discuss cooperation last time. If I had a daughter like that, I would have strangled her a long time ago!”

“Better stay away from her in the future, lest you become as trashy as she is!”

No sooner had the words fallen than the door of the tea room was pushed open.

Several people were startled, turning their heads to see Briana Cameron standing at the door, looking at them with a cold expression. They were immediately frightened to the point of turning pale, each of them lowering their heads and not daring to speak.

Briana Cameron normally wouldn't come to the tea room, so they dared to talk about her so recklessly.

She just didn't expect to be so unlucky, she happened to come over today.

Watching Briana Cameron walk in with a cold face to pour water, not saying a word throughout, one person still couldn't help but say, “Ms. Cameron, we didn't mean it, don't take what we said earlier to heart...”

After taking the water, Briana Cameron glanced at her and said expressionlessly, “Don't worry, I won't. If a dog barks at you, are you going to bark back?”

[Chapter 798](#)

The speaker's face suddenly turned incredibly ugly, gritting his teeth and saying, "Briana Cameron, do you really need to speak so harshly? It was indeed wrong for us to talk behind your back, but there's no need for you to call us dogs, is there?!"

Briana Cameron looked indifferent. "What you regret is not badmouthing me, but being caught doing so, isn't it?"

Her face stiffened, before she had a chance to speak, Briana Cameron turned around and left directly.

Just as I reached the door, a voice filled with disgust and contempt came from behind.

"You were indeed as rumored, selfish, cold-blooded and heartless."

Briana Cameron turned around, a cup of water splashing directly onto the face of the person who was speaking.

"Ah!"

The other party screamed, scaring them into losing their color.

Briana Cameron looked at her coldly, saying word by word, "If you can't speak, donate your mouth to someone useful. It's not your place to judge what kind of person I am."

The woman was so furious that she was almost going mad. She rushed forward, intending to hit Briana Cameron, but was directly kicked away by her, falling hard on the ground, and was in the utmost state of embarrassment.

The woman's face twisted in pain, staring intently at Briana Cameron, she said, "You wait for me! I won't let you go!"

Briana Cameron raised an eyebrow, "I advise you to think before you speak. It doesn't matter if I lose this job, but if you lose it, I'm afraid it will be very difficult for you to find a better one."

Her tone was calm, but every word was like an ice pick smashing into the hearts of the people present, instantly chilling them from head to

toe.

"Did those things cease to exist just because we didn't talk about them?! Dare you say you didn't leave your mom waiting downstairs, which led to her hospitalization?!"

"What does it have to do with you? Is it so great to criticize others from a moral high ground? I have no obligation to explain what I do to you. If you have that much free time, you'd better improve your own professional skills."

After speaking, Briana Cameron turned around and left directly.

After this incident, Briana Cameron's reputation within Graceful Attire worsened, and some even created a small group specifically to criticize her.

In the afternoon, close to the end of the workday, a piece of news suddenly topped the trending list.

#Daughter disowned her biological parents for a life of wealth and luxury#

Clicking in, it was an interview video of Zane. When the host asked about his family, he mentioned that he had a pair of twin daughters, one of whom was sensible and well-behaved, while the other refused to acknowledge him.

The host, with a face that seemed to have heard some gossip, quickly asked these two daughters.

Zane sighed, somewhat helplessly saying. "Our eldest daughter doesn't live with us, so she's not very close to us. Every family has its own difficulties. Let's not talk about this anymore, let's go back to the topic we were discussing."

However, the host was relentless, "Ms. Schneider, in fact, many families have this kind of conflict. I think everyone would like to know, how did you handle the conflict with your eldest daughter?"

Zane gave a bitter smile. "She didn't even give us a chance to handle it, and now she's the adopted daughter of another wealthy family, she looks down on us.

Next was the host digging deeper into the matter. while Zane

intentionally or unintentionally revealed personal information about Briana Cameron.

Soon, netizens found Briana Cameron based on the letter in the video, and this incident also implicated the Cameron Group. Many netizens went to the official account of the Cameron Group to spread rumors and insult the Cameron family.

"That's absolutely shameless! Mr. Cameron, can't your family have children of your own? Why do you have to steal someone else's child?!"

"I used to have a good impression of the Cameron Group, but I won't buy anything from the Cameron Group anymore!"

"The Cameron Group was indeed very wealthy, but that was not a reason for you to bully others because of your power!"

"Denying one's own biological parents for money... This is hard to judge..."

58.66%

After learning about the matter online, Sean was so angry that he wished he could confront Zane on the spot.

Fortunately. Thomas stopped him. "Dad. Briana and the Cameron Group are being criticized online right now If you go to Zane at this time, it will only make things worse. Briana will end up being criticized even more."

"So what do you suggest we should do?"

#### [Chapter 799](#)

"First, have the PR team remove the trending topic, send someone to protect Briana, paparazzi might be looking for her soon. The rest is just waiting for the heat to pass, then we can slowly deal with Zane."

Zane calmed down and said, "Alright, we'll do it your way."

On the other side, Briana Cameron also quickly saw the trending topics online.

She sneered, Zane really had no shame, and couldn't stand to see her doing well.

If that's the case, let's just have a complete fallout then!

Briana Cameron had just left the company with her bag when she was immediately surrounded by a group of reporters as soon as she reached the ground floor.

"Ms. Cameron, did you really sever ties with your own parents for money?!"

"Ms. Cameron, did your foster parents know you were such a heartless and ungrateful person?"

"Ms. Cameron, your mother was still lying in the hospital bed and you wouldn't even go to see her. Do you even deserve to be called a human?!"

Question after question was thrown at her, and Briana Cameron's gaze became incredibly icy.

"I didn't need to follow your lead and answer these questions. Please step aside, or I will call the police!"

Seeing no regret in her eyes, one of the reporters abruptly pushed her, angrily saying, "What I hate most is people like you who don't know how blessed they are! Your biological parents are so good to you, yet you run off to fawn over your adoptive parents. You're nothing but a shameless gold digger!"

Briana Cameron hadn't expected the reporter to lay a hand on her. Caught off guard, she twisted her ankle, and a wave of intense pain surged through her instantly

A cold glint flashed in her eyes, just as she was about to speak, a chilling voice sounded by her ear.

"Whoever dares to harass her again, I will make sure they can't survive in Haseton!"

Everyone turned around and saw it was Maxim, and they were all momentarily stunned.

At that moment, Maxim was enveloped in a cold aura, making everyone feel as if they had stepped into a world of ice and snow.

The journalist who had previously promoted Briana Cameron sneered, "Mr. Yoder, you indeed have power and influence, enough to make it impossible for us to survive in Haseton, but if you dare touch me, I will definitely post what you've done online, letting everyone know!"

No sooner had the words left his mouth than he was suddenly kicked and sent flying.

The body flew a good four or five meters in the air before crashing heavily to the ground. After spitting out a mouthful of blood, he passed out immediately.

All the reporters looked shocked at the man who had kicked someone away. When did he appear here???

Cheney helped the fallen Briana Cameron up, saying in a deep voice, "Miss, are you alright?"

"It's okay."

Just as Briana Cameron was about to express her gratitude, another slender yet powerful hand suddenly gripped hers.

She looked up and found herself gazing into Maxim's deep eyes.

"Mr. Yoder....."

Just as a word was uttered, the entire person was suddenly swept off their feet.

Briana Cameron subconsciously hooked her arm around his neck, a flash of panic flickering in her eyes.

"Don't worry, I won't let you fall."

Briana Cameron pursed her lips, did this person have the ability to read minds? How did they know everything she was thinking?

The reporters who were just surrounding Briana Cameron hurriedly made way, each of them bowing their heads like quails, completely devoid of their previous arrogance.

Cheney made a phone call for someone to come and handle the follow-up, then left directly afterwards.

After putting Briana Cameron in the back seat, Maxim got in the car from the other side, coldly saying, "To the hospital!"

#### [Chapter 800](#)

Just as the driver was about to start the car, Briana Cameron hurriedly said, "No, I don't want to go to the hospital."

Maxim frowned, "You've sprained your foot. If you don't go to the hospital, it could get worse."

"I could handle it myself, I didn't like hospitals."

Seeing the reluctance in Briana Cameron's eyes, Maxim fell silent for a few seconds before saying, "You don't have to go to the hospital, but I'm going to have a doctor come to the house to check on you. If it's serious, we'll still need to make a trip to the hospital."

Briana Cameron was about to refuse, but Maxim continued, "This is my bottom line. If you don't agree, we'll go to the hospital right now."

"Alright then..."

Returning to the villa entrance, Briana Cameron had intended to walk in by herself, but to her surprise, Maxim directly carried her into the

villa.

The doctor had been waiting in the living room. After examining Briana Cameron's ankle, he said, "Mr. Yoder, there's no major issue. It will be fine with a few days of ice compress."

"Was there anything to be aware of these past few days? Also, regarding food, were there any dietary restrictions?"

Seeing Maxim meticulously noting down everything the doctor had instructed, Briana Cameron's heartbeat involuntarily quickened. It seemed like... he was genuinely worried about her.

After the doctor left, Maxim, following the doctor's instructions,

wrapped a piece of ice in a towel and walked over to Briana Cameron, saying in a deep voice, "I'm going to apply a cold compress for you."

Briana Cameron pursed her lips, lowering her gaze and said, "I'll do it myself, you go do your work."

Maxim placed the towel on the table, rolling up his sleeves as he said, "Nothing is more important than you."

After speaking, he squatted down in front of Briana Cameron, gently lifting her twisted foot.

"Ah!"

Briana Cameron let out a gasp, instinctively trying to pull back her foot, but Maxim held onto her calf, not allowing her to retract it.

"Really, I could have done it myself..."

Thinking of the scene where he applied an ice pack for her, Briana Cameron's face couldn't help but turn red.

In her memory, she had never been so close to any man before.

However, Maxim ignored her and took off her shoes by himself.

Her feet were as white and delicate as her legs, smooth as jade, but at this moment, her ankles were swollen high, completely ruining this beauty.

Maxim's eyes deepened a bit, he said softly, "It might hurt a bit at first, bear with it for a while."

"Mm-hmm."

He picked up the towel and gently pressed it against Briana Cameron's

ankle, a wave of cold sensation came. Briana Cameron pursed her lips, she didn't feel much pain, but the warmth from Maxim's palm holding her foot sent waves of warmth, her heartbeat unconsciously began to lose control.

She stole a glance at him, he was frowning at her foot that was being iced, his eyes full of coldness, unknowing of what he was thinking.

"Mr. Yoder, this ice pack application isn't that difficult... Maybe I should just do it myself..."

If he continued to look at her feet like this, she was afraid her heartbeat would get faster and faster.

Maxim glanced up at her and said softly, "Just call me Maxim from now on."

Briana Cameron frowned, "But... I might not get used to it..."

“Then you should try to get used to it, that’s how you used to call me.”

Briana Cameron was silent for a moment, but couldn’t help but nod, saying, “Alright then.”

“Try calling out now.”

“Maxim.....”

The corner of Maxim’s mouth curled into a smile, “Hmm.”

In the following time, Briana Cameron casually unlocked her phone, pretending not to care, but she was inwardly tormented.

Initially, she clearly didn’t like Maxim, but now, for some reason, her gaze would unconsciously fall on him, and her heart would race due to some of his intimate actions.
