

## Falling 54

### Chapter 54

Hearing Saul's words, Elaina felt that she should make it clear.

Elaina looked at Saul and said, "I feel that someone like Mr. Judson does not lack a friend like me."

Elaina didn't call Saul's name directly. It could see her alienation.

Saul's expression changed. Without waiting for Saul to speak, Elaina continued, "I don't want to participate in the grudge between you and Jalen, so after this meal, we are even."

In other words, Elaina was telling Saul not to come to her after this meal in the future.

Saul got it. He said with anger, "Are you sure? Offending me in New York is not a good choice."

"Mr. Judson is joking. I have no intention of offending you. I just don't want to be used as a tool," Elaina replied with a smile.

"I am not familiar with Jalen. I don't understand the grudge between you and him. Why do you want to use me?" Elaina really couldn't figure it out.

Saul stared at Elaina, and he couldn't tell that Elaina didn't lie.

It seemed that Elaina didn't feel Jalen's special feelings for her.

After thinking for a while, Saul quickly smiled. "Who told you that I got close to you because of Jalen?"

"Isn't it?" Elaina asked. Jalen did not seem to be joking when he told Elaina.
