

Chapter 621: Shirking Responsibility!

After Wu Guihua failed her interview at a company in City Z, she rushed to apply for her interview at Taoyuan Village's Green Fresh Fruits and Vegetables Supermarket.

Her phone rang.

"Hello, I'm... What?" Sitting on the bus, Wu Guihua suddenly raised her voice and asked, "Why are you telling me not to come to the interview? It's because... I'm stuck in traffic, yes!"

Wu Guihua got off the bus. Her fingers holding the phone were slightly pale, and there was faint anger on her face.

Then, she took a deep breath and said, "Forget it, it's just a company in the countryside. What's so great about it? I'm a university graduate. I refuse to believe I can't get into a good company."

When Taoyuan Village's Green Fresh Fruits and Vegetables Supermarket became Green Fresh Corporation, she would really regret this opportunity she had missed.

When Chen Minghai was accepted by the company in City Z, he was so excited that he almost jumped up. 'So what if I graduated from a third-rate university? Gold will shine wherever he goes. I've defeated several candidates from first-rate universities. The future is mine!'

However, while Cheng Minghai had the ability, he lacked interpersonal skills. It caused his career development to stumble.

When he finally became a supervisor in a medium-sized company, his friend had reached the peak of his career. When he saw his former friend on the news, tears of regret flowed down his face.

If he didn't make that choice back then... would the person on the news be him?

...

Xiao Lingyu's current company did not lack people.

After the interview, she accepted all five applicants. However, like everyone else, they had a three-month probation period.

Whether or not they could stay after three months would depend on their ability and performance.

Xiao Lingyu emphasized, "My company values character. I do not require you to work overtime, but I need you to finish your job within the allocated time. What I will review in the end is the result!"

"Yes, CEO Xiao!"

...

"CEO Xiao, I'm sorry. I was too careless!" As soon as she returned to the office, An Xiaohui immediately apologized for her mistake.

Xiao Lingyu knocked on the table and asked, "Who received the applicants this time?"

An Xiaohui said, "It's Xiao Bai!"

"Xiao Bai?" Xiao Lingyu narrowed her eyes and said, "Bai Shanshan?"

An Xiaohui nodded and said, "CEO Xiao, Shanshan just joined our company. This is my fault for not teaching her well..."

Xiao Lingyu waved her hand.

An Xiaohui, "..."

Xiao Lingyu shook his head and said seriously, "An Xiaohui, do you still remember what I told you when you just joined us?"

An Xiaohui's expression changed, and then she said, "Yes. CEO Xiao said that I'm too kind and soft-hearted."

Xiao Lingyu nodded and said, "That's right! What happened today is not your personal responsibility or Bai Shanshan's."

An Xiaohui nodded and said, "Yes, it's both of our responsibility."

"Either way, you've made a huge mistake today!" Xiao Lingyu said seriously, "You should be thankful that those five are job applicants. What if they're bad people? Are we going to let random people into our company just like that?"

An Xiaohui lowered her head, and her face was a little red. She looked a little ashamed. An Xiaohui raised her head and said seriously, "CEO Xiao, please give me another chance."

Xiao Lingyu thought for a moment and said, "Okay, I'll give you another chance. If this happens again, I'll have to consider whether you're suitable for the human resources department."

In fact, in Xiao Lingyu's opinion, An Xiaohui was more suitable for the customer service department!

However, she didn't want to waste the professional knowledge and talent that An Xiaohui had learned in university, so she placed An Xiaohui in the human resources department.

Xiao Lingyu continued, "Whether it's your fault or Bai Shanshan's fault, it's all because of your poor supervision."

"So, although I'll give you another chance this time, I'll give you a certain punishment. I'll deduct your bonus for three months. Do you have any objections?"

An Xiaohui shook her head vigorously and said, "No, of course not!"

"Go and get Bai Shanshan," Xiao Lingyu said.

An Xiaohui left and returned with a girl about her age. Her face was round, and her eyes were big. She looked very cute, especially when she was wearing a pink dress. This person was Bai Shanshan.

As soon as Bai Shanshan entered the general manager's office, she called out obediently, "CEO Xiao!"

Then, she slightly lowered her head, her two fingers twirling about as if she was uneasy. She had heard about the interview error, and she was afraid of being blamed.

Xiao Lingyu directly asked, “Bai Shanshan, do you know why I called you here?”

Bai Shanshan carefully probed, “CEO Xiao, is it about the interview?”

Xiao Lingyu nodded and said, “Yes. I just wanted to ask you, do you have anything to explain about this matter? Director An said that she gave you the resumes to confirm with the applicants before bringing them to the meeting room.”

Bai Shanshan’s eyes immediately widened in disbelief.

She said, “CEO Xiao, that’s not true! Director An gave me the resumes, but she told me to bring those five to the meeting room directly!”

An Xiaohui, “...” So this is all my fault. This girl... No wonder Xiao Lingyu keeps on saying that I’m too soft-hearted and too kind-hearted!

Earlier, she was already ready to take on all the blame, but Bai Shanshan had decided to throw An Xiaohui under the bus the moment she opened her mouth.

Xiao Lingyu raised her eyebrows and said with a smile that was not a smile, “So, Director An told you to bring those applicants to the office, and you did that without checking their identities first?”

Bai Shanshan was a little frightened by this question. She looked at her finger and said uneasily, “I... I thought Director An had already checked the resumes, so I didn’t repeat it.” In fact, Bai Shanshan only took a glance at the applicants and resumes. She didn’t take it seriously. That was why she made such a mistake.

But obviously, she couldn’t tell Xiao Lingyu that.

Xiao Lingyu asked, “So, that means you don’t need to do your job?”

Bai Shanshan lowered her head, her face red, and did not say anything.

An Xiaohui, on the other hand, exploded.

“Bai Shanshan, when I gave you the resumes of these people, I told you repeatedly to confirm them with the applicants.” An Xiaohui decided to spill the beans.

Bai Shanshan opened her mouth as if she wanted to defend herself.

An Xiaohui said directly, “Whether it’s the office or the entrance of the company, there are cameras. We can check the footage and see what exactly happened. What do you think?”

When Bai Shanshan heard that, she immediately raised her head and looked at An Xiaohui in disbelief. She was confused. An Xiaohui had always been easy to bully, and she would never complain to the CEO. It was why Bai Shanshan decided to push the blame onto her.

But now...

Bai Shanshan was really a little flustered.

Bai Shanshan could not help but call out, "Sister An, you..."

An Xiaohui looked at the flustered Bai Shanshan and sneered, "Are you shocked that I didn't take the fall for you this time?"

Bai Shanshan's expression stiffened.

"Actually, that was indeed what I did. I shouldered all the blame for you." An Xiaohui looked at Xiao Lingyu and continued, "But CEO Xiao is wise. She doesn't blame everything on me.

"But you're a rookie who has made a big mistake. Instead of admitting it, you want to push the blame onto your boss.

"Do you think I'm that easily bullied? Why would you think I'd bear all the blame for you?"

Bai Shanshan's face turned pale as she shook her head. Her eyes were red as she looked at An Xiaohui as if she had suffered a great deal of bullying and grievance.

An Xiaohui, "... Damn, what a white lotus! I'm indeed too kind and soft-hearted before.

If Xiao Lingyu didn't have a clear eye, she would think that An Xiaohui was bullying Bai Shanshan.

An Xiaohui's heart was filled with anger as she said angrily, "Bai Shanshan, why are you making such an expression? There are no men here. Otherwise, people will think that I'm bullying you again."

Tears welled up in Bai Shanshan's eyes. She shook her head and looked at Xiao Lingyu, feeling wronged. "CEO Xiao, I... I didn't..."

An Xiaohui, "..."

Xiao Lingyu, "..."

This is an ultimate white lotus!

Bai Shanshan was fired!

This was Xiao Lingyu's decision!

If Bai Shanshan had made a mistake because of her incompetence, as long as she admitted her mistake, she would not have been fired.

However, while Bai Shanshan was young, she had a lot of tricks up her sleeve. Most of her tricks were evil. She liked to use others to climb to the top.

She was jealous that An Xiaohui, who was the same age as she, was her boss. They came from the same prestigious university and studied the same course. However, Bai Shanshan couldn't compete with An Xiaohui fairly. She was not qualified to be the director of the Human Resources Department. So she had to rely on small tricks.

Normally, Xiao Lingyu would turn a blind eye to these petty disputes. However, this time, it revealed Bai Shanshan's real character.

However, Xiao Lingyu never expected that Bai Shanshan, who was fired, would be so indignant that she would post some comments online, causing a huge uproar on the Internet!

...

“Brothers and sisters, did you have fun?” Xiao Letong stood on a tree stump and looked down at the tourists. He asked loudly, “Did you enjoy yourself?”

Xiao Letong was small. He didn’t like others to talk to his head. Therefore, he would usually stand in high places and talk to others.

The tourists smiled and said, “It’s fun. We’ll stay for one more day. Little Friend, will you still be our guide tomorrow?” The tour was more fun with the child around.

Xiao Letong crossed his arm across his chest and rested his chin on the other. He tilted his head slightly and looked at the sky. “It depends. If my mom clears me from writing calligraphy tomorrow, then I’ll come and be your guide.”

The tourists immediately asked excitedly, “Little baby, you’re so young, and you’re training for calligraphy already?!”

Xiao Letong’s face was solemn as he said pitifully, “My mother said that although I’m a peerless genius, I have a fickle personality. I have to write 100 calligraphy characters every day to calm my heart before she’ll let me out to play.”

The tourists, “...” Compared to this child who could memorize an entire dictionary and write calligraphy, they felt shame.

However, this child’s mother was also quite crazy. She didn’t need to force her child to practice calligraphy simply because her child was a genius.

“Little baby, how pitiful!” a tourist said.

Xiao Letong nodded and said very seriously, “Yes, yes, I’m very pitiful.”

Everyone, “...”

Chapter 622: Big Waves

Mrs. Lu had been worrying about her rental contract being rejected. After the rejection, she received a lot of complaints from her family. They blamed her for losing this renter.

Wang Yuqin was so angry that she sulked in her room alone. She was doing this for her family. She just wanted to help raise her family’s income.

They bought a house in the city center, and the price was ridiculously expensive.

A three-bedroom, two-living, 120-square-meter house with a down payment of 600,000 to 700,000 RMB. The down payment and renovation alone had used up all the savings of the Lu family, and they had also incurred a huge debt later on.

Now, not only did they have to pay the mortgage every month, but they also had relatives and friends coming over from time to time to collect the debt. Together with their daily expenses, the monthly expenses were a huge sum.

The two elders had retired and some retirement funds. However, they had taken out all their savings to buy the house. They had to save some. What if something emergency happened?

They had a pair of children. The son was unemployed, and the daughter was in university. So the only breadwinner was her husband, Lu Qingliang.

Lu Qingliang was a general employee of a state-owned enterprise. He was quite senior, but his monthly income was only 10,000 RMB.

He had a mortgage, a car loan, and daily expenses. How could 10,000 be enough?

Therefore, the family was counting on renting the old house.

However, the house was in a slightly remote area. It had four floors, and combined with the surrounding area, it had a total area of more than 2,000 square meters. The family was willing to sell for five million, but no one was willing to buy at that price. Therefore, they thought about renting it. They posted the ad for three months. There were people who came to ask about it but they all said that the price was too high.

Finally, someone was willing to rent it for 36,000. Mrs. Lu thought the other party could afford to pay a higher rent, but...

It had been three days, but the other party did not pick up her call. The other party did not give her a call either. She was anxious.

She felt like she should go to Taoyuan Village's Green Fresh Fruits and Vegetables Supermarket to take a look. She would find the general manager and see if she could reach the boss from there.

When she took the car and arrived at the supermarket's entrance, she saw a group of people surrounding the supermarket entrance. The group didn't look like customers. They were more like a mob. She was puzzled.

Then, she heard some people discussing animatedly.

"I heard that the vegetables in this supermarket are injected with hormones, so they are very fresh."

"Also, I heard that these vegetables are grown with drugs, so eating them will cause people to become addicted."

"No wonder many people said that after eating the vegetables from this shop, they can't eat other people's vegetables anymore. It turns out that it's because of the drugs."

"How do you think this black-hearted merchant came up with this idea? Using drugs to water the vegetables?"

Someone asked in puzzlement, "With so many vegetables, where did this boss get so many drugs?"

“Yeah, drugs aren’t cheap. This supermarket has many chains. There are already eleven chain stores, including this one. I hear that the boss is preparing to open a second chain in City N. The drugs needed to supply such a big chain should be more than several kilograms.”

“Hehe, with such a large amount, it should have been noticed by the police a long time ago, right? How could it only be exposed now?”

“Maybe the boss has a powerful background?”

Wang Yuqin asked a girl in confusion, “Miss, what are you talking about? What is happening?”

The girl replied, “Auntie, someone exposed on the internet that the reason why the vegetables and food here are so delicious is that the boss mixed the water with drugs to water the vegetables. The customers thus became addicted to them. After seeing the news, many customers came to mount a protest.”

Wang Yuqin frowned and immediately said, “How sinful is that? That’s poisoning everyone!” Wang Yuqin asked curiously, “Then has the person in charge been arrested?”

The girl smiled and said, “Auntie, this is just gossip. There is no evidence at all. Without evidence, how would the police department dare to arrest people?”

“But everyone is saying the same thing,” Wang Yuqin said indignantly, “Isn’t that evidence?”

The girl laughed and said, “Auntie, you have to be kidding, right? If the police arrest people based on internet comments, the whole world would be lawless already.”

When Wang Yuqin heard this, she felt a little regretful but also a little glad.

Regretful because this meant that Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket wouldn’t be able to open a second chain at City N. Her family would lose the rental income.

Thankful because she didn’t rent her house to this boss. Or else it would ruin the reputation of her house. Now, she still had the option of renting it to someone else.

Wang Yuqin watched the bustle in front of the supermarket for a while before leaving. She didn’t find the person in charge of the supermarket.

...

Not only the supermarket in City N was attacked, but all the supermarkets were also affected by the news. It caused a major panic.

There was protest everywhere. People demanded an explanation, or they would smash the supermarket.

Such a matter quickly made the headlines of the day, the hot news, and various newspapers and media outlets.

Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket became infamous. They became the nation’s most hated enemy.

...

“CEO Xiao, as you instructed, except for the shops in city z, the rest of the supermarkets have been closed. At the moment, the protesters are merely shouting loudly. No actual damage has been done yet!” Zeng Yaozu reported solemnly.

Fortunately, they focused on the high-end route. Most of the people who came to buy vegetables and do business were either rich or noble.

Most of these people were more educated and wise. They were not the kind of people who’d succumb to rumors. However, they were also waiting for an explanation.

As for the protestors, most of them were ordinary people who had occasionally bought things in the supermarket.

These people were probably angry and resentful. After all, these vegetables were too expensive. They could not buy them every day. When this news came out, it was as if they had found an outlet, and it all exploded.

However, the online exposure didn’t have any evidence, so the protests hadn’t gotten violent.

Therefore, things were quite stable for now.

This was especially true in City Z.

The supermarket in City Z didn’t even close its doors. It continued to open its doors to welcome customers and did business as usual.

Of course, due to the influence of the online news, there were still some people who came to cause trouble.

However, when they came to cause trouble, there were people who retaliated.

“Hehe, you said that these vegetables were watered by drugs. Can you hear yourself? How much would that cost?”

“Plus, this has already happened before. Someone also suspected that the vegetables in this supermarket were injected with hormones and were contaminated with drugs. However, the authoritative food inspection agency had tested these vegetables. The vegetables actually have active molecules that are beneficial to the body.

“At that time, this test report was reported in the newspaper and also in the news media. Haven’t you seen it?”

“Also, this fruit and vegetable supermarket has been open for a long time. I’ve never heard of any accidents. But I’ve heard of many praises.

“Since you suspect these vegetables are harmful, don’t buy them. It’s perfect. We can buy more.”

“Some of the vegetables here are limited. We often can’t get them. So do us a service and don’t buy them. And stop shouting!”

The protesters, “...” They just wanted to use this opportunity to force the supermarket manager to give them some money. They didn’t expect such a reaction from the customers.

...

Xiao Lingyun turned on her computer and saw an overwhelming amount of news about Taoyuan Village's Green Fresh Fruits and Vegetables Supermarket. Some of the comments under the news were simply unsightly. She was so angry that her face turned green and red.

When An Xiaohui saw the comments on the news, her eyes were red, and tears were about to roll down her cheeks.

She bit her lips and said regretfully, "CEO Xiao, I'm sorry. It's all my fault for harming the company and everyone. If I hadn't recruited Bai Shanshan, this wouldn't have happened."

Xiao Lingyu didn't say anything, but Xiao Lingyun yelled angrily, "That Bai Shanshan is really too much. She looks so harmless, but she has such a vicious heart. How have we mistreated her? She actually fabricated these things on the Internet. It's really too detestable."

Thinking of that round-faced, big-eyed, and rosy-cheeked girl, Xiao Lingyun was really angry. One shouldn't judge a book by its cover.

Such a beautiful and cute girl actually had a venomous heart.

When she was in the company, everyone would take care of her. They didn't let her do too much work because she looked so cute. They paid her well too.

But this person was just so cold and heartless!

She did something wrong, but not only did she not admit it, she even pushed all the blame onto others.

Xiao Lingyu would not tolerate the existence of such a person.

Hence, Xiao Lingyu decided to fire Bai Shanshan.

But this Baishanshan...

An Xiaohui felt extremely guilty.

She blamed herself and said, "CEO Xiao, it's all my fault. When I saw her at the job market, she was being ostracized by others. Then, she walked to my seat and cried.

"She told me that these people were jealous of her high education and good looks. They were afraid that she would snatch a good position in a good company, so they weren't willing to hang out with her. My heart softened, so I invited her to our company. But I didn't expect..."

An Xiaohui knew that Xiao Lingyu had always said that she was too soft-hearted and kind, but she had never expected it would cause such great damage to the company. She felt so guilty.

She had completely betrayed Xiao Lingyu's trust in her. The more she thought about it, the more guilty she felt and blamed herself. An Xiaohui could not help but cry.

She cried and said, "CEO Xiao, no matter how you punish me, I will accept it. But please don't fire me. I really like working here! Sob..."

Xiao Lingyu sighed, "Xiaohui, I hope that you'll learn from this lesson. I've said it before, being too soft-hearted doesn't mean we're being kind."

An Xiaohui nodded. "Yes, I'll remember it this time. But CEO Xiao, please don't fire me!"

Xiao Lingyu smiled and said, "Silly, I didn't say I was going to fire you!" At this point, she paused and said coldly, "It's not entirely your fault. It's just that someone took advantage of you."

Xiao Lingyu asked Xiao Xinxin, "Xinxin, how do you think this matter should be resolved?"

Xiao Xinxin thought for a while and said, "The most direct way now is to send a lawyer's letter to Bai Shanshan! Directly sue her for slander! Bai Shanshan is spouting nonsense for revenge, but there is no basis for anything. We can go through legal procedures!"

Xiao Lingyu smiled and nodded. "Mm, not bad. What else?"

Xiao Xinxin's nearly two years of study were indeed not in vain.

The first thing she thought of now was to use the law to defend her rights and interests.

Xiao Xinxin continued, "Also, we need to find the most authoritative testing organization to send our products to be tested and reveal the report as soon as possible. Once that is posted, the public will see that we've been slandered."

"Yes, you're right," Xiao Lingyu nodded. "But there's one thing. When we send our products to be tested, we must have the most authoritative organization follow the procedure at every step! Only then will the test report be credible!"

Xiao Lingyun's eyes lit up. She smiled and asked, "Sis, do you mean to involve the government agency?"

Xiao Lingyu nodded, "Yes. It's best if we can get the agency from South City Council. If we can't, we can find people from other cities. However, they have to be at least above the municipal bureau level."

"But we don't have any connections in the South City Council. How are we going to contact them?" Zeng Yaozu frowned and asked.

Xiao Lingyu was silent for a moment and said, "Leave this to me!" She had been in business for more than half a year. She had some new connections.

"Actually, you can leave this to me!" A man's voice came from the door.

"Why are you here?"

Seeing the person who appeared at the door, Xiao Lingyu and Xiao Lingyun were very surprised.

Chapter 623: New Comments

In a hotel, a girl was eating snacks. She was in high spirits as she glossed through the news and comments on the internet.

Suddenly, her eyes widened, and anger flashed through them.

“Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket’s products have been tampered with drugs? Hehe, which genius thought of this?”

“Hehe, I’ve been eating the food from Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket for more than half a year, but I still haven’t found any discomfort in my body. If there’s anything that has changed in my body, it’s that my body is getting better and better. The pain from the long-term disease is not obvious anymore.”

“Same. My family has eaten from this supermarket for more than half a year. My grandfather used to be a soldier. During a cold winter mission, his legs were frostbitten.

“Now that he’s old, his bones would be in unbearable pain in the winter. He couldn’t go out at all. He spent all his time at home by the heater, and the pain was excruciating. No medicine or treatment or medicine was of any use. But ever since my grandfather ate the food from this vegetable supermarket, my grandfather’s leg gradually stopped hurting.

“At first, we didn’t understand why. It was only when his grandfather went out to chat with his friends that he discovered that his friends were in the same situation.

“The similarity is that they’ve all eaten the products from Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket. Now the elders are getting so much healthier that they go out for square dancing every day!

“Also, the youngsters’ bodies are getting better too. They are more spirited and refreshing. So those people who are saying the products at Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket are drugged, please come out and prove your accusation! If they are poison, then I’d willingly eat them!”

“So that’s why? My mom used to suffer from chest pain. She would be in pain when she raised her voice. However, now, she is shouting basically every day. She says it’s to make up for the past. Now, my father and I have to endure the assault to our ears daily. It’s really a mix of pain and joy.

“But we never understood how my mother’s chest pain went again. When we went to the hospital for a check-up, the doctor said that my mother’s heart was recovering. She didn’t have any chest problems anymore.

“Now I realize it’s because of the vegetables from this store. Haha. Like what the previous poster said, these vegetables are not poisonous, but they are miracle herbs!”

...

These comments came from those old customers who had tasted food from Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket. They were loyal fans.

When the credibility of the supermarket was questioned, they defended the supermarket.

“These people most likely haven’t been to Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket before. I suggest you move away from the computer and go for a walk. Don’t just follow the rumors and resort to cyber violence. It will cause a lot of harm. Oh, that’s right. The vegetables from that supermarket can help one calm down. You should try them too.”

“These posters should be careful. Everything is recorded on the internet. If the supermarket didn’t fall because of your attack, be prepared for a lawsuit. The law will be just.”

However, Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket served the high-end market. Their customers were mostly rich people. These people were busy daily and wouldn’t spend their days in front of the computer reading gossip news.

Furthermore, a small supermarket chain wouldn’t attract their attention. The people below them wouldn’t report this to them either. In short, the future of this supermarket chain was none of their business.

Therefore, the voice of support for Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket online was minimal.

However, it still made Bai Shanshan very angry. She was bullied by this company, so everyone should help her bully them back. After all, she was so cute and pretty. She deserved all the love in the world.

Bai Shanshan took the snacks and looked at the comments. She thought for a moment. Then her eyes lit up. She immediately put down the snacks and typed on the keyboard. A moment later, she revealed a satisfied smile.

Seeing the vicious comments on the internet, Bai Shanshan said proudly, “Hehe, An Xiaohui, Xiao Lingyu, just wait and see. Your company will go bankrupt!”

Bai Shanshan was cute and pretty. She had been in the limelight since she was young. She couldn’t accept the fact that she had been bullied. She was angry. So after she was fired by Xiao Lingyu, she had been plotting her revenge.

After returning to the hotel, she posted on the Internet that she had been ostracized by the people at the Taoyuan Village’s Green Fresh head office. She was envied by her boss and she was bullied a lot because of it.

After that, she said that she had worked at the company for more than a month and knew a lot of insider information. For example, the things produced by the company were not clean, the company was squeezing the workers, and most importantly, the vegetable fields that the company had were all watered with drugs.

When Bai Shanshan posted these comments online, it caught the attention of her old college friend. He was now an influencer with more than a million fans.

The influencer, called I know what I want to know, immediately shared Bai Shanshan’s posts. He said that he would get justice for her.

The effect immediately took. The rumors spread among the influencer’s fans. And in just half a day’s time, it became a hot topic in the news.

Then, Bai Shanshan happily hugged her snacks and watched these comments denouncing Taoyuan Village’s Green Fresh Fruits and Vegetables Supermarket. She gloated over their misfortune. She even got calls from her family and friends. They comforted her. Some of them even gifted her money. She had

worked for the company for a month, but she was fired for no reason. She didn't have any money, so they transferred the money to her.

Bai Shanshan calmly watched all the negative press on Taoyuan Village's Green Fresh Fruits and Vegetables Supermarket. She watched with relish all the protests.

All of this made her feel the pleasure of revenge.

However, the next day, there were voices speaking up for the supermarket from time to time, which made her very irritated.

These people were going against her.

She was very unhappy.

Naturally, she had to do something that made her happy.

Chapter 624: Gong Yinxiong

"Brother Gong!" Xiao Lingyun's eyes lit up when she saw Gong Yinxiong. She looked particularly excited.

Xiao Lingyu raised her eyebrows. 'It looks like cousin has feelings for Gong Yinxiong too. She just doesn't realize it.' However, Xiao Lingyu didn't say anything.

Gong Yinxiong looked at the woman who had become more and more beautiful and strong and confident after not seeing her for a year. He doted on her to death. He walked up to Xiao Lingyun, patted her head, and said with a smile, "Girl, I'm back. Did you miss me?"

Everyone, "..."

Xiao Lingyun's face immediately turned red.

An Xiaohui curiously asked Xiao Xinxin in a low voice, "Xinxin, this man is so handsome! What's his relationship with sister Lingyun?"

Xiao Xinxin shook her head and said, "I don't know either. I've never seen him before. However, I've heard of a very handsome man pursuing sister Lingyun."

An Xiaohui's eyes flickered with a gossipy light and whispered, "Could this be him?"

Xiao Lingyun was embarrassed by Gong Yinxiong. She said with mock anger. "Who are you to me? Why would I miss you?"

Gong Yinxiong said seriously, "I will be the father of two babies in the future, and I will also be your husband. Xiao Lingyun, who do you think I am to you?"

Xiao Lingyun, "..."

Everyone, "... He is so domineering and handsome!

Xiao Lingyun blushed and said loudly, "What father and husband? I..." never agreed to anything.

"Ahem..." Xiao Lingyu interrupted her and said seriously, "Can you two flirt later? Let's get down to business now."

Xiao Lingyun's face turned even redder, and her ears turned red.

She stomped her feet and said shyly, "Sis, whose side are you on? I'm not flirting with him."

Xiao Lingyu nodded seriously and said, "Of course not. Then, my good sister, can we talk about business now?"

Xiao Lingyun, "..."

Gong Yinxiong straightened his expression and called out respectfully to Xiao Lingyu, "Sister-in-law!"

Xiao Lingyu nodded and opened her mouth to ask, "Is he okay?"

"Don't worry, sister-in-law. Boss is fine. Situ Xing said that boss would wake up soon," Gong Yinxiong said very seriously.

Xiao Lingyun was very surprised when she heard this news. Then, she was excited. She couldn't help but walk forward and hold Gong Yinxiong's hand. She asked loudly, "Brother Gong, is what you said true? Is brother-in-law really going to wake up soon?"

Gong Yinxiong patted the back of her hand and nodded. "Yes, it's true."

Xiao Lingyun immediately let go of Gong Yinxiong and said in front of Xiao Lingyu, unable to hide her excitement, "Sis, did you hear that? Brother Gong said that brother-in-law would wake up soon. This is really good news. I will tell second uncle, second aunt, and grandparents right now. They will definitely be very happy when they hear this." After saying that, Xiao Lingyun ran away.

Gong Yinxiong looked at her running away, and shook his head in a doting manner. Then, he looked at Xiao Lingyu.

At this moment, Xiao Lingyu's eyes were red, and she covered her mouth with one hand, unable to hide her excitement.

Gong Yinxiong asked, "Sister-in-law, are you okay?"

Xiao Lingyu came back to her senses and straightened herself. She took a deep breath and said, "I'm fine. I'm fine. Don't worry! Come, let's continue to talk about business."

An Xiaohui, Xiao Xinxin, and Zeng Yaozu were speechless. 'Sister, aren't you too calm and collected?'

"Okay!" Gong Yinxiong nodded and said, "I'll find the relevant government department for the follow-up."

Xiao Lingyu nodded without thinking and said, "Okay!"

She knew Gong Tianhao's identity. She also knew Gong Yinxiong's identity. Gong Yinxiong must have received orders from the old master to appear here.

Therefore, she could rest assured that Gong Yinxiong would handle this matter!

An Xiaohui did not know who Xiao Lingyu's husband was.

Xiao Xinxin and Zeng Yaozu did not know Xiao Lingyu's husband's identity, but they knew that her husband was very rich. After all, they had attended the extravagant and eye-catching wedding. Someone who could create such a grand scene definitely did not lack money.

However, the three of them did not ask for details.

"Ding!"

At this moment, the sound of a message notification on An Xiaohui's phone broke the silence. An Xiaohui took out her phone and looked at it. Then, she quickly ran to her computer.

"CEO Xiao, I know what I want to know has forwarded another post by Xiao Bai is the most adorable." An Xiaohui had been following Bai Shanshan's social media. Therefore, An Xiaohui immediately knew what Bai Shanshan was up to.

An Xiaohui was extremely angry when she saw the comments.

"This Bai Shanshan is really too much." An Xiaohui was so angry that her face turned green when she saw the comment.

Xiao Xinxin, who was beside her, asked, "Xiaohui, what's wrong?"

Then, she went over to take a look. In an instant, anger burst out of her eyes. She gnashed her teeth and cursed, "Does this Bai Shanshan have a deep hatred for our sister? How dare she slander my sister like this?"

Then, she rolled up her sleeves and rushed out of the door. It was obvious that she was looking for someone to fight.

Zeng Yaozu immediately pulled Xiao Xinxin back and asked, "Where are you going?"

"I'm going to smack that bitch, Bai Shanshan!" Xiao Xinxin roared.

"Do you know where she is?" Zeng Yaozu said helplessly. In the past, Xiao Xinxin was soft and meek. In just two years, she had transformed into a formidable woman. She was even going for a fight!

Zeng Yaozu rubbed his forehead. He loved her unconditionally, but sometimes he had to remind her of certain things.

Xiao Xinxin stopped, but the anger on her face lingered. She said angrily, "Are we going to let that bitch, Bai Shanshan continue to slander Sister Lingyu?"

Zeng Yaozu frowned and asked in confusion, "What did Bai Shanshan post that made you so angry?"

Xiao Xinxin said, "Bai Shanshan said that when Sister Lingyu was working in a big city, she hooked up with a rich boss and then framed her ex-boyfriend, causing his reputation to be ruined. She then... got pregnant with the rich boss and extorted him for money."

Xiao Lingyu, "..."

Zeng Yaozu, "..."

What nonsense!

“Many netizens bought the story. They are calling Sister Lingyu a slut, a snake, and so on. They even called the child a bastard. It’s too much!” Xiao Xinxin said angrily, “What do these people know? Who gave them the right to curse Sister Lingyu like this? It’s only because they don’t need to take responsibility for their words!”

An Xiaohui didn’t know everything about Xiao Lingyu, but everyone in the village and those who were familiar with her knew.

Gong Yinxiong walked to the computer and took a look. His expression was cold, and his eyes were filled with hostility. Especially when he saw the word “Bastard,” a fierce look flashed across his face.

Did these people really think that they didn’t need to take responsibility for insulting others online?

Hehe...

Xiao Lingyu heard that her son was called a bastard, and anger flashed on her face for the first time. How could these people come after her Xiao Tong?

Gong Yinxiong took out his phone and called someone. He ordered in a commanding tone, “Immediately block the news and all the comments about Taoyuan Village. Then, trace the IP addresses of those who spread rumors. If they have posted more than 100 insulting comments, prepare a lawyer’s letters for them!” Then, Gong Yinxiong comforted Xiao Lingyu, “Sister-in-law, leave these matters to me. You don’t need to worry about this.”

Xiao Lingyu smiled and nodded, “Alright, thank you!”

Actually, if Gong Yinxiong didn’t do this, she would have done the same. She would have asked Qian Yifan to help. However, Qian Yifan’s hacking skills weren’t the best. What if there were some skilled hackers among these netizens? If they traced back Qian Yifan’s identity, it would implicate his father, Qian Guoxin.

However, if Gong Yinxiong had made a move, he wouldn’t have such a worry. Moreover, with Gong Tianhao’s identity, his subordinates would definitely be top-notch.

Gong Yinxiong shook his head and said, “Sister-in-law, you shouldn’t thank us. “You’re our boss’s wife, and you’re everyone’s sister-in-law. It’s our duty to protect you! If we allow you to be bullied, our boss will definitely beat us up when he wakes up!”

“Huh? Is it that serious?” An Xiaohui heard the last sentence and immediately shouted, “CEO Xiao, so you have someone to protect you. That’s great!”

On her first day in Taoyuan Village, Xiao Lingyu had told them that her husband was unconscious from a car accident.

After working in Taoyuan Village for half a year, she learned from the villagers and the Xiao family that not only was Xiao Lingyu’s husband rich and handsome, but he also loved Xiao Lingyu very much.

It was a woman’s happiness to be able to find a husband who loved her more than his own life.

She was a little envious.

Gong Yinxiong silently retreated to do his work.

Chapter 625: Black Screen

The news of Green Fresh using drugs to water their vegetables was still trending on the internet. Other than the supermarkets in City Z, all the other stores were closed.

Wang Yuqin has been following the news of this supermarket for the past two days.

She read all the comments with relish. She enjoyed seeing the horrible news on Green Fresh. When she turned on the computer today, she noticed fresh news about the boss behind Green Fresh.

After reading it...

“Tsk tsk. So the boss is a woman. No, she is more like a slut.” Wang Yuqin said with disdain in her eyes, “This woman is really a vicious person. She worked in a big company and seduced the old boss. Then she kicked her ex-boyfriend away and even framed her ex-boyfriend’s family. How can a woman’s heart be so black?”

Wang Yuqin continued scrolling...

“Eh, there’s actually a picture!”

To prove that Xiao Lingyu was a vixen, Bai Shanshan posted the pictures she had secretly taken of Xiao Lingyu online.

They were not concrete evidence, but they painted a suspicious picture. The woman was beautiful. She was also suddenly rich and had a child. The first assumption was that she was someone’s mistress. Plus, who really cared about the truth on the internet?

The netizens typed all sorts of nasty comments. They were anonymous, and they were powerful.

After seeing Xiao Lingyu’s picture, Wang Yuqin suddenly cursed, “She even looks like a fox. No wonder she could seduce the big boss to give her money and even give birth to an illegitimate child! What a shameless bitch!”

Just as Wang Yuqin was about to continue reading, the computer screen suddenly turned black.

Wang Yuqin kept moving the mouse, flipping through and searching. However, she couldn’t find any news about Taoyuan Village Green Fresh anymore.

Wang Yuqin was full of doubts and immediately called her daughter, “Daughter, I think our computer is broken. What can I do?”

Her daughter was confused. She immediately asked, “Mom, why is my computer broken?”

Wang Yuqin said, “I don’t know why it’s broken. I was just watching the news, and it suddenly went black. When it was restored, I couldn’t see the news anymore. I couldn’t find the news anywhere else.”

Lu Lanlan knew that her old house was going to be rented to Taoyuan Village Green Fresh, so she knew that her mother was reading the news about them. Lu Lanlan asked, "Mom, are you watching the news about Taoyuan Village Green Fresh Company?"

"Yes, yes," Wang Yuqin replied. "I was watching the news about the supermarket's female boss, and it suddenly disappeared. Daughter, what's going on?"

Lu Lanlan said, "Mom, the computer isn't broken. It's just that a hacker has blocked the news. Oh, Mom, I have to go to class. Bye-bye!"

"Eh?" Just as Wang Yuqin was about to ask her daughter what a hacker was, Lu Lanlan hung up the phone.

Wang Yuqin thought for a moment before taking out her cell phone and making a call.

She thought that the call would go unanswered like before, but it went through this time.

"Hello, who is this?" A woman's voice came from the other side.

Wang Yuqin said arrogantly, "I'm Wang Yuqin. I'm looking for your boss."

Xiao Xinxin frowned and said, "Our boss isn't here. Ms. Wang, what's the matter? Tell me, and I can take the message."

Wang Yuqin disdainfully said, "Alright then. Tell your boss that it's fine she doesn't want to rent my place because I'm not willing to rent it to her anymore. A slut who uses her body to get her success in life is just going to taint the reputation of my house." Without waiting for a reply, she hung up.

Xiao Xinxin, who answered the phone, held the phone with a livid face.

An Xiaohui was dealing with employees' resignation issues when she saw this. She asked in puzzlement, "Sister Xinxin, What's wrong?"

Xiao Xinxin took a deep breath to calm down, but she still couldn't help but say angrily, "That crazy Wang Woman called and said that she won't rent the house to us."

"Even if she doesn't rent the house to us, you don't have to be so angry, do you?" An Xiaohui said with puzzlement.

"But she scolded Sister Lingyu on the phone." Xiao Xinxin held the phone and said angrily, "I'm so angry. What do they know? How can they slander her name like this?"

An Xiaohui was angry too, but she searched online and comforted her, "Sister Xinxin, let's not be angry. The news about Green Fresh has been taken down."

Xiao Xinxin's face immediately showed joy when she heard that. She asked, "Is that so? Let me check." She typed on her computer. As expected, the news about Green Fresh and Taoyuan Village couldn't be found at all. She tried to search for Xiao Lingyu's name. She couldn't find any information about her either. She tried finding other relevant comments, and they were all blocked.

Xiao Xinxin said happily, "Brother Gong is really amazing. Who did he get this time? They are such good hackers. These people will go crazy!"

The netizens couldn't post nasty comments on the internet anymore. It was best for them to go crazy over it.

An Xiaohui was really curious. She asked Xiao Xinxin in a low voice, "Sister Xinxin, Big Brother Gong is Boss Xiao's husband's subordinate. Who exactly is Boss Xiao's husband?" She knew that her boss' husband was very rich, but no one in the village seemed to know his background.

Xiao Xinxin shook her head and said, "I don't know either. But, Sister Lingyu's husband is a good man. Did you see the road in the town? He has repaired that road for Taoyuan Village.

"Before that road was repaired, Taoyuan Village was very poor. We couldn't even afford to eat meat. Usually, we would reserve that for big holidays like the Lunar New Year.

"Many of the village children wore patched clothes to school. Which parents would be willing to let their children wear tattered clothes to school.

"But our village had no choice. We didn't have money. The money was saved for the younger generation to get married. Where would we get the money to buy new clothes for the children? I heard from the older generation that a piece of clothing was normally used for three generations. They can be sewn and patched repeatedly. That's our childhood."

An Xiaohui asked, "But don't the young people in your village leave the village to work? In that case, they wouldn't be so poor."

Xiao Xinxin said, "Yes. Most young people of our village left the village to find work. However, the transportation was inconvenient, and it was hard to send money back from outside. Furthermore, how much money can you earn living in the city? Poverty can't be changed overnight."

An Xiaohui said with a smile, "Sister Xinxin, I really can't imagine how poor the village was in the past. However, I do know how rich the villagers are now."

Xiao Xinxin nodded. "It's all thanks to Sister Lingyu. Ever since she came back from City Z, she started to lead our entire village to become rich." At this point, Xiao Xinxin was a little angry as she said, "However, there are some villagers who are too ungrateful. After what happened recently, instead of coming to comfort Sister Lingyu, they added insult to injury. They actually added to the rumors online. They sure have already forgotten who has saved them from poverty!"

An Xiaohui was startled, and a hint of anger appeared on her face as she said, "How can people be so ungrateful? Who are these people?"

Xiao Xinxin said, "Lai Pigou's family is one of those people. Sister Lingyu said we'll deal with them after this storm passes. He's truly a typical ungrateful wretch."

An Xiaohui nodded in agreement. "Yes, we'll deal with them when the time comes!"

She knew that Xiao Lingyu was not a weak person to be bullied.

A person who added insult to injury was not worth supporting!

Chapter 626: Flying a Plane to buy Vegetables!

The Kong family was the richest family in City S.

“No, no, I don’t want to eat this.” In a luxurious Villa District, a four or five-year-old boy was sitting at the dining table and throwing a tantrum.

He pointed at the dishes by the five-star chefs. He puffed up his chubby cheeks. “I don’t like them. I don’t want! I don’t want!”

A noble lady in her fifties, who was dressed very exquisitely, held a small bowl and kept coaxing him, “My dear grandson, aren’t these your favorite foods? Tomatoes scrambled eggs, steamed broccoli, and steamed fish? Come, be good. Have a bite?”

The five-year-old boy turned his head away and pouted his lips as he said unwillingly, “No, these dishes are not good. They are terrible. I want to eat the old dishes.”

The noblewoman asked doubtfully, “The old dishes? What do you mean? They are still the same.”

“No,” the boy said vehemently. “The dishes were delicious and sweet in the past. But now, they taste terrible.”

The noblewoman frowned and picked up a slice of egg and tomato with her chopsticks.

As soon as it entered her mouth, she immediately spat it out.

Then, she asked with a very stern expression, “Go and call chef Zhang out for me!”

“Yes!” After the servant replied, he immediately went to the kitchen. After chef Zhang walked out, he respectfully called out, “Old Madam.”

The noblewoman pointed at the dishes on the table and sternly asked, “What’s going on? Why is the food so terrible? Could it be that your culinary skills have deteriorated? Old Zhang, if that’s the case, you should retire early. I’ll invite another chef.”

Chef Zhang said with a bitter face, “Old madam, you’ve misunderstood. It’s not that my culinary skills have deteriorated, but the ingredients have changed.”

The old madam frowned and asked with confusion, “Old Zhang, what do you mean by this? Haven’t we always been eating the same thing?”

Chef Zhang shook his head and said, “Old Madam, we’ve been purchasing vegetables from Green Fresh Supermarket recently.

“However, an ex-employee there exposed that the vegetables were grown with drugs. It is why they taste so unique and special. The public is very angry when they see the news. They have been protesting at the supermarkets. The supermarket has no choice but to close.”

“There’s actually such a thing?!” The old madam frowned and was somewhat puzzled.

Chef Zhang nodded and said, “Yes. This matter has exploded on the internet. After the supermarket was forced to close, our family has to buy organic vegetables from somewhere else. So...”

The old Madam thought for a moment and asked, "Chef Zhang, do you really think the vegetables are grown with drugs?"

Chef Zhang thought and said, "No. What kind of drugs can make vegetables taste better? Plus, we miss the vegetables because of their taste. We haven't suffered any withdrawals." Then, he paused to ask, "Old Madam, I remember you have suffered from migraine because of an accident during childbirth, right?"

Old madam nodded and said, "Yes, that's right."

"Then I'll take the liberty to ask again. Old Madam, do you notice that you haven't had any migraine recently?" Chef Zhang asked.

Old Madam thought for a moment and said, "Old Zhang, now that you mention it, that's true." At this point, she asked in puzzlement, "Old Zhang, why are you asking me this?"

Chef Zhang said, "When that news broke out, it immediately trended. Everyone is calling the boss black-hearted.

"However, there are some comments that said their health became better after taking the vegetables from Green Fresh. If the vegetables were grown with drugs, they wouldn't have this effect. It was why I wanted to ask Old Madam." Chef Zhang thought for a moment and said, "Old madam, after I browsed through the news, I found that these vegetables have been tested by an authority in City Z. It was found out that there are certain active molecules in them.

"These active molecules were not only harmless to the body but also beneficial to the body. This matter has been reported in the City Z news media.

"Therefore, I specifically went to look up news on Green Fresh at City Z. Actually, a year and a half ago, someone had already questioned the dangers of the vegetables. The boss immediately asked the relevant authorities to conduct a test. Then, the official announcement was made, and the matter was settled.

"It was how Green Fresh became famous in City Z. Speaking of which, there are now 11 chain supermarkets in the country. All the stores are forced to close but the ones in City Z."

"I have no idea." The old madam said with interest, "Ol Zhang, you've done such a detailed investigation."

Chef Zhang said with a smile, "For the sake of the old Madam's family's safety, I have to do these things well!"

The old madam immediately reacted and asked, "Ol Zhang, you said that the supermarket in City Z is still open for business?"

Chef Zhang nodded and said, "Yes, old madam. Even though there are people who go to the supermarket to cause trouble, they are coaxed away by the regular customers.

"Then again, Green Fresh's first supermarket was established at City Z. It has been running for a year and a half already. If the vegetables were harmless, the people of City Z would know. So City Z is

unaffected by the online news. The citizens really trust the company there. Therefore, I believe the vegetables are really harmless.”

The old madam nodded and said, “Old Zhang, what you said makes sense. How about this, from now on, you can send people directly to city z to buy vegetables. Don’t we have a helicopter at home? Fly there every day!”

The servant and chef Zhang, “...”

The old madam looked at their expressions and asked with some doubt, “What’s wrong? Is it inconvenient to fly a plane to buy vegetables?”

Chef Zhang said with a wry smile, “Old Madam, it’s not that. But the problem is that even if we fly a plane to City Z to buy vegetables, we might not be able to buy them!”

“Huh?” The old madam was stunned.

Chef Zhang said, “Old Madam, Green Fresh might look like a normal supermarket, but its business is extremely good. Moreover, the goods in the supermarket are limited. Even if the locals go there to buy vegetables, they have to queue early in the morning. If they go late, there will be no more. Even if we fly there daily...” we might not get what we want.

The old madam waved her hand and said, “Then you can arrange for people to go to City Z to line up for the vegetables at dawn every day. We’ll fly the plane to get the vegetables later.”

Everyone and Chef Zhang, “...” Well, being rich is powerful.

Actually, chef Zhang had said so much to the old madam because he wanted her to help the supermarket.

However, the old Madam was obviously unwilling to intervene.

He didn’t say more than that.

The reason why chef Zhang wanted to help the supermarket was that he sincerely believed that the supermarket was innocent and had been framed.

...

At the same time, many rich and powerful families had the same problem.

The new dishes were rejected by the children, or elders who acted like children.

When they received the news from their subordinates, they also asked their people to fly to City Z daily to buy the vegetables.

Food was everything! And being rich definitely helped!

Therefore, the combination of the two could always lead to some strange decisions.

However, no big bosses were willing to help Green Fresh. The supermarket was now in the middle of the storm. They’d be sucked in if they offered to help. It was not worth it!

Then...

The next morning, the citizens of City z looked up at the sky.

Helicopters flew over their heads one after another.

“Strange, why are there so many helicopters flying this morning?”

“Yes, there are so many helicopters. I hope they won’t collide. That would be scary.”

“Have you noticed that there are more people coming to buy groceries today than before?”

“Actually, now that you mention it, yes!”

Chapter 627: Being Rich is Being Willful!

Trending topic today: 100 helicopters gathering in Z city

Then, this news dominated the news.

“Damn, I’ve only heard of people riding bicycles, motorcycles, and cars to buy vegetables. This is the first time I’ve heard of people flying a plane to buy vegetables.”

“Ah... Ah, being rich is great! I can’t bear to waste petrol driving to come and buy vegetables. However, these people are flying planes to come to buy vegetables!”

“The helicopters are lining up!”

“There are over a hundred helicopters. This is the first time I know that my country is actually so rich. So many people have their own private planes!”

“I thought driving a sports car around was already being rich. But now, I feel so dwarfed and shamed.”

“Am I the only one worrying about collisions with so many helicopters flying over City Z?”

“Hey, I’m worried too!”

“If that really happened, it would be written into history. Plane accident because they were out to buy vegetables.”

“Haha. I’d say if that happens, the type of vegetables they buy will enter the history books too.”

“Am I again the only one who’s worried about the damages and injuries that might happen from the collisions?”

“I suppose the consequences will be similar to a train derailment.”

“I think so. If two planes collide, perhaps the plane will careen from the sky.”

...

“I want to know. Why are there so many planes buying vegetables in city Z? What exactly are they buying?”

The person wanted to go online to search for Green Fresh and Taoyuan Village. However, all the searches were blocked. Then, they realized all the news related to Green Fresh and the boss had been blocked by hackers. They couldn't find or say anything about them.

Perhaps the netizens were right. The boss had some really powerful backgrounds.

"Previous poster, if you really want to know why these people are flying their planes to come to City Z, you can come to City Z too!"

"City Z welcomes you!"

...

"What did you say?" Xiao Lingyu, who was in the office, received a call from Zeng Yaozu and was a little surprised. "Many millionaires from several cities flew their planes over to City Z to buy vegetables?!"

Zeng Yaozu was sitting on the edge of his desk in the office with his phone in his hand. He looked out of the window and said with a smile, "It's true. Some people counted and said that there were at least a hundred helicopters in the sky above City Z. This was the first time I knew there were so many rich people in our country. They are actually flying helicopters to go grocery shopping."

Xiao Lingyu, "..."

"The citizens here have no idea what's happening. They thought this was military training at first. They took out their phones and snapped many pictures. Then, the employees at the supermarket revealed that these people all flew here to buy vegetables. Boss, isn't this funny?"

Zeng Yaozu was overjoyed when he heard the news.

When this news went online, it would suppress the bad rumors about Green Fresh. Could the vegetables be grown with drugs if the rich and powerful fought over them? These people weren't stupid.

So what did that mean? It could only mean that the vegetables at the supermarkets were fine. Thus, the rumors from before would crumble on their own.

Zeng Yaozu suggested, "Lingyu, we have a lot of new customers. Shall we get more stock for the supermarket in City Z?"

Xiao Lingyu shook her head and said, "No need!"

Just as Xiao Lingyu hung up the phone, Xiao Xinxin rushed in with a laptop in her arms. She said excitedly, "Sis, Sis, good news!"

Xiao Lingyu raised her eyebrows and said curiously, "What good news is it that makes you so excited? You should know that we haven't received any good news in the past two days."

Xiao Lingyu did not care much about the rumors. Even if she had to shut down her supermarkets, she didn't mind. However, she would not allow anyone to scold her son. It made her very angry.

It was impossible for her to remember everyone who posted nasty comments about her son. However, once the netizen posted more than a certain amount, they would be served a lawyer's letter.

She didn't mind being scolded, but no one could insult her son.

Xiao Xinxin pointed to a hot search on the computer and said excitedly, "Sis, look, there are hundreds of planes flying into City Z. They're all here to buy our vegetables.

"This was the best news I've heard in a while."

This was the first public relations incident that Xiao Xinxin had handled since she graduated from school. She had to handle it well.

However, she was still inexperienced, and there were many things that she had not considered well.

This time, the scandal was fierce. They were caught off guard. The online violence and abuse forced them to have to shut down their operation.

This affected the morale in the company too. Many employees thought that the company was going to close down. Some employees even bought into the rumors and thought Xiao Lingyu was evil. Hence, a large number of people left.

In just two days, many positions were left vacant. Many operations halt. Moreover, people continued to leave.

Initially, HR tried to dissuade them. After all, the operation of a company could not be done without employees.

However, as the CEO, Xiao Lingyu, had spoken. Those who were willing to stay would naturally stay, and those who were unwilling to stay could go. However, those who left wouldn't be invited back into the company.

Thus, Xiao Xinxin and the others stopped trying to dissuade them.

In the past two to three days, not only were the shops forced to suspend their business, but the number of tourists coming to Taoyuan Village also decreased. There were people who purposely came to cause trouble, and there were reporters. It was really annoying.

There were a few times when there was almost a riot. Fortunately, the security personnel at Taoyuan Village were strong and quickly suppressed these incidents.

Otherwise, it would probably cause another headline, like Taoyuan Village Green Fresh bullying tourists and reporters!

Regardless, Taoyuan Village still welcomes sincere tourists.

Many people were interested in the farms due to the rumors, so they came to see them in person. The villagers allowed them to look and even allowed them to record everything.

Some reporters came and realized that the expose was all nonsense. Harsh conditions for workers, using drugs to water plants, they were all unreal. The person who started these rumors must have a really black heart.

Xiao Lingyu gave these reporters some snacks and gifts. She needed a favor from them. She wanted them to withhold the news for now. She wanted to crush the culprit with the truth first. She had a big plan prepared for these horrible people. She would use the law to defend her interests and dignity.

Xiao Xinxin said excitedly, "Sister Lingyu, all we have to do now is wait for the product test report to come out, and then we can smack these horrible people in the face. Then, our name will be cleared!"

Xiao Lingyu nodded and said, "Okay. So, we'll just sit tight for now!"

Xiao Xinxin nodded and replied, "Okay, I know."

Then, she seemed to have thought of something and asked, "Sis, have you found out where Bai Shanshan lives?"

Xiao Lingyu nodded and said, "Yes!"

Chapter 628: Mother, I Discovered a Secret

In the study room of the Gong Family mansion, Old Master Gong was sitting before a priceless ancient painting on the wall.

A man in black stood in front of him. It was Li Wendong.

"Old Master, this is the investigation of Bai Shanshan's situation!" Li Wendong handed the information to Old Master Gong and continued, "Bai Shanshan comes from a side branch of the Bai Family."

The Bai family had a certain relationship with the Gong family.

If Xiao Lingyu wanted to touch Bai Shanshan, the Bai family would definitely make a move.

The Bai Family was a behemoth compared to Xiao Lingyu. If the Bai Family wanted to save Bai Shanshan, Xiao Lingyu would be squashed!

However, Xiao Lingyu was the wife of their boss, Gong Tianhao. She was also the granddaughter-in-law of the Gong family.

Old Master Gong wouldn't allow a mere side branch member of the Bai Family to bully Xiao Lingyu.

Fortunately, Old Master Gong had the foresight and sent Gong Yinxiong to protect her. With Gong Yinxiong there, the matters on the internet would be much easier to deal with.

Normally, Gong Yinxiong and Xiao Lingyu could also deal with the culprit who had been framing Xiao Lingyu. However, Gong Yinxiong had sent over the information regarding Bai Shanshan's identity and background. This meant that there was something interesting about Bai Shanshan's identity. The problem was that Bai Shanshan was actually a member of the Bai family.

The relationship between the Bai family and Old Master Gong...

It was hard to explain.

After Old Master Gong looked at Bai Shanshan's information, he threw it onto the table. There was faint anger on his face.

He said loudly, "The Bai family is ridiculous! Do they really think that the Gong Family is easy to bully?"

When Li Wendong heard this, he wanted to roll his eyes. 'The Bai family doesn't know that Xiao Lingyu is a member of the Gong family.' Of course, Li Wendong didn't say this out loud.

He asked, "Then, old master, what should we do about Bai Shanshan?"

Old Master Gong waved his hand and said, "Tell Gong Yinxiong to deal with her however he wants. As for the Bai family, find something for them to do so that they wouldn't have time to care about Bai Shanshan!"

This was just the Bai family. He didn't even need to do anything. As long as he gave a slight hint to the other families, there would naturally be people to deal with the Bai family.

In the past, he didn't care about the Bai family because he felt like his life was limited. He wanted someone to be there for his grandson after he was gone. However, he didn't realize that the Bai family was a den of ungrateful wolves. He had given them something, but they actually wanted to steal everything away from the Gong family.

Of course, he wouldn't spoil them anymore for the sake of his granddaughter-in-law and great grandson.

After Li Wendong left the study, Old Master Gong thought about it and felt uneasy. Yu 'Er hid such a big thing from him.

Old Master Gong took out a cell phone from his drawer and made a call.

The phone rang and was picked up.

"Grandfather!" A clear voice came from the phone. "Grandfather, is there something wrong? Why are you calling at this time?"

Old Master Gong's face darkened, and he said in an annoyed tone, "Girl, does this mean that you won't call me if grandfather doesn't call you?"

Xiao Lingyu immediately said in an obsequious tone, "How can that be? I've been thinking about calling you every day, but didn't we agree to call every Friday?"

If it weren't for the circumstances, Xiao Lingyu would definitely call Old Master Gong to greet him every day and even return to his side to serve him.

Old Master Gong was alone in the Gong family guarding the place and it was really difficult for him.

After a moment of silence, Old Master Gong asked, "Lass, are you alright?"

"Grandfather, I'm fine. You don't have to worry!" Xiao Lingyu replied very seriously. Of course, she understood what Old Master Gong meant.

Old Master Gong said a little angrily, "Lass, why didn't you call grandfather and tell me about this? At least I can help."

Xiao Lingyu shook her head and said, "Grandfather, these are all small matters. I can handle them and there's no need for you to worry at all. If I can't even handle such a small matter, how am I worthy of being the daughter-in-law of the Gong family? Don't you agree?"

After hearing Xiao Lingyu's words, Old Master Gong was very gratified, but he said unhappily, "You're the granddaughter-in-law that I acknowledge. Whether you're worthy or not, it's up to me to decide."

"..." Xiao Lingyu smiled and echoed, "Yes, yes, grandfather, you're right. But grandfather, I have to learn to grow. I'm Gong Tianhao's wife, and at the same time, I'll be the mistress of the Gong family in the future. I want to walk side by side with Tianhao, and I also want to be a qualified mistress of the Gong family. So, I have to learn to deal with this."

"..." After a moment of silence, Old Master Gong sighed and said, "Child, it's been hard on you!"

Xiao Lingyu shook her head and said, "Grandfather, I don't think it's hard! I love Tianhao, I like grandfather, and I like the Gong family!"

Old Master Gong smiled and said, "Alright, Yu 'Er, I like what you're saying. But I think the brat will like it even more." Speaking of his grandson, Old Master Gong added, "Yu 'Er, Xing 'Er said that Tianhao will wake up very soon."

Situ Xing told him that day, 'I've combined this immortal healing water and developed a tissue cell healing solution. Tianhao's brain nerve cells will recover faster. According to the speed of cell recovery, he should wake up in less than half a year."

When Master Gong heard the good news, he wiped his tears excitedly.

Xiao Lingyu smiled and said, "Yes, I heard it from Gong Yinxiong already. But..."

"But what?" Old Master Gong suddenly asked anxiously.

After a moment of silence, Xiao Lingyu said, "After Tianhao wakes up, I wonder if he still remembers me?"

"How dare he not?!" Old Master Gong immediately shouted, "If he dares to forget you, I'll break his legs!"

Actually, Old Master Gong wasn't confident either.

Xiao Lingyu had told him before that Gong Tianhao would recover after drinking the water, but after he recovered, he might lose a part of his memory. However, no one knew what part of his memory he'd lost, not even Xiao Ling.

Xiao Lingyu comforted him, "Grandfather, you don't have to be angry. If Tianhao really doesn't remember me, then we'll have a new start. This time, I'll pursue him instead. It'll be fun."

"..." Old Master Gong thought for a moment and nodded in agreement. "Alright, fine."

"However, grandfather," Xiao Lingyu said with a smile, "If Tianhao really doesn't remember me, before I win him over, grandfather, you have to help me chase away the wild butterflies by his side, okay?"

Old Master Gong immediately said with a smile, "Haha, don't worry about that. No matter what, grandfather will definitely help you."

"Alright, thank you, grandfather!" Xiao Lingyu said with a smile.

Old Master Gong waved his hand and said, "We're a family now. Isn't it my duty to help you? There's no need to thank grandfather!"

...

Xiao Lingyu hung up the call reluctantly, but her eyes were in a daze.

This was the second time she heard that Gong Tianhao was about to wake up.

This was great news for everyone. However, Xiao Lingyu was conflicted. What if Gong Tianhao woke up and really forgot about his wife and son? Would he still have the same feelings for her?

Xiao Lingyu didn't know.

She was a little scared, nervous, and even at a loss.

Just as Xiao Lingyu was in a daze, someone knocked on her door.

"Mom, can I come in?" Xiao Lingyu heard Xiao Tong's tender voice from outside.

Xiao Lingyu stood up and opened the door. When she opened the door, she saw her fair and tender son raising his head and looking at her with sparkling eyes.

Xiao Lingyu bent down and picked him up. She said with a smile, "Of course, my son can come in." Then she asked, "Son, why did you come here to look for Mom?"

Xiao Letong blinked his big eyes and whispered into Xiao Lingyu's ear, "Mom, I found a secret."

Xiao Lingyu asked in amusement, "Oh, what secret is that?"

Xiao Letong whispered, "I saw Uncle Gong kissing Auntie on her mouth!"

Xiao Lingyu, "..."

Chapter 629: Xiao Lingyun's Innocence is Ruined?

"How could this be? Why can't I post stuff anymore?"

In a large company's office in City H, a spoiled girl was typing on the keyboard in frustration. She cursed, "Bastard, how could this be?"

Then, a man in his forties walked into the office. He frowned and asked, "Feifei, what happened to you? Who made you angry?"

Ye Feifei sat on the boss's chair with her arms crossed over her chest. She said in a spoiled tone, "Hmph, Dad, do you remember the last time I told you that I was chased out of Taoyuan Village?" Ye Feifei was still holding a grudge, and she had always wanted to find an opportunity to take revenge.

She had also begged her father a few times to teach that country slut a harsh lesson.

However, City H was far away from Taoyuan Village. The Ye Family also didn't have any businesses in City Z, so Father Ye couldn't do much.

However, Ye Feifei's father, Ye Zhicheng, spoiled his daughter a lot. He was also angry that a country bumpkin girl dared to bully his precious daughter. He wanted to take revenge.

Therefore, he paid a friend from the underworld to go to Taoyuan Village to teach those ignorant people a lesson. However, those people were taught a lesson instead.

The underworld friend almost cut off ties with Ye Zhicheng because of this. Ye Zhicheng had to keep apologizing and give presents to salvage this relationship. He had suffered heavy losses and had given out nearly a million dollars.

Later, when his daughter made a fuss, he could only appease her. He understood that since his underworld friend couldn't do anything to this woman, she must have a powerful background.

However, half a year had passed since then, so why would his daughter suddenly bring it up again?

Ye Zhicheng was slightly puzzled and asked, "I remember. So?" At this point, he thought of something and said, "Haven't you been telling me that the slut's reputation has been fully ruined on the internet? You were so happy that you ate half a bowl of rice. What's wrong now?"

Ye Feifei said, "Dad, all those news is gone!"

This time, Ye Zhicheng was really a little surprised.

"All the news is gone? What do you mean by that?"

Ye Feifei pointed at the computer and said angrily, "The news was at the top of trending yesterday, but today it has all disappeared. Even if we want to post something about it, we can't publish it. We've been blocked."

Ye Zhicheng listened quietly. With his years of experience in the business world and his sharp instincts as a businessman, he realized that the country woman who had offended her daughter was not ordinary. How could an ordinary person suppress the news on the internet?

Then, he remembered the warning from his underworld friend. Ye Zhicheng immediately became alert and warned her very seriously, "Feifei, let's forget about the past. Don't think about taking revenge on that peasant woman anymore."

Ye Feifei cried out in disbelief, "Dad!" Her father had always stood up for her, but he had not helped her in this matter.

Ye Zhicheng waved his hand and said, "Alright, that's it for now. You can go back. Dad still has to go to work."

Ye Feifei had no choice but to go back.

However, it was impossible for her not to take revenge on Xiao Lingyu.

In fact, she had posted a few malicious comments herself when the rumors about Taoyuan Village exploded on the internet.

After returning home, she turned on her computer and contacted a person.

This person was the leader of a group of Internet trolls.

She wanted them to destroy Xiao Lingyu.

“Miss Ye, I’m afraid we can’t do what you’ve requested us to do anymore.” The leader said.

Ye Feifei said angrily, “Why? I’ve already paid you, so why can’t you do your job?”

The leader said, “Miss Ye, you can check the internet yourself. The matter you want us to do has been blocked by top hackers. We can’t do anything at all.”

Ye Feifei countered, “Can’t you hack them back?”

The leader scoffed, “Miss Ye, you think too highly of me. If I can deal with those hackers, do you think I’d need to do this job for you? In any case, I can’t help you anymore. Miss Ye, please find someone else.”

Ye Feifei was dumbfounded.

Things were falling apart. She couldn’t help but wonder if that slut from Taoyuan Village was really that powerful. She even managed to suppress the internet trolls.

But Ye Feifei was unwilling to give up.

“Just wait. When there’s a chance, I’ll definitely take revenge!” Ye Feifei gritted her teeth and said.

...

Wherever Xiao Lingyun went, she received a meaningful smile from everyone she saw.

Of course, these smiles didn’t have any malice. On the contrary, they seemed to have a meaning of blessing.

Xiao Lingyun felt that something was strange, but she could not tell what it was.

In any case, thanks to the company crisis, she didn’t have the time to look into this.

However, when Xiao Lingyun walked past Xiao Xinxin’s mother, she was teased, “Lingyun, I hear that something good is about to happen to you.”

Xiao Lingyun had a puzzled look on her face. She asked blankly, “Auntie, what do you mean?”

Zhou Yan smiled and said, “Hehe, you’re still pretending. You have such good acting skills.”

Xiao Lingyun, “...” What is going on?

Zhou Yan said, “Lingyun, you’ve been divorced for more than two years. It’s time for you to find a good man to marry. Gong Yinxiong is indeed a good child. Since the two of you have already decided on each other, it’s better to hurry up and...”

Xiao Lingyun waved her hand and said in puzzlement, “Wait, Auntie, what are you talking about? What does this have to do with Gong Yinxiong?”

“...” Zhou Yan thought that Xiao Lingyun was shy and said with a smile, “Lingyun, Gong Yinxiong is a good man. You shouldn’t let him get away. Plus, you’ve already kissed him. Are you going to let him down?”

“What kiss?” Xiao Lingyun became more and more confused, but then her face blushed, and she said angrily, “What kiss? There’s no such thing.”

Zhou Yan asked in confusion, “Lingyun, didn’t you kiss Gong Yinxiong in the warehouse of the Bean Products Company?”

“What? Who said that?” Xiao Lingyun realized that her reputation had been ruined unknowingly. “Who is spouting nonsense? Auntie, let me tell you, there is no such thing between Gong Yinxiong and me.”

Zhou Yan stared at her suspiciously and asked, “Is there really no such thing?”

Xiao Lingyun’s expression was obviously a little stiff. She felt a little guilty in her heart, but she still shook her head and said, “No, there is no such thing!” It was a complete accident!

Zhou Yan then muttered, “But Xiao Tong said he saw it with his own eyes? Will he lie at such a young age?”

Xiao Lingyun was momentarily stunned. “Xiao Tong?” When she came to her senses, she suddenly shouted, “Xiao Letong, get out now!” She never thought that Xiao Tong would be the culprit behind the rumors.

Her shout reverberated throughout the village.

Xiao Letong, who was hiding at her eldest grandmother’s place, froze when she heard her aunt shout. He covered his ears with his small hands and thought to himself, ‘Auntie’s voice is so powerful.’

“If you don’t come out after I count to three, I’ll expose your secret,” Xiao Lingyun said fiercely.

Elders Aunt Xiao saw Xiao Tong hiding behind her and asked suspiciously, “Xiao Tong, how did you offend your aunt?”

Chapter 630: Double Betrayal

Xiao Lingyu, who was dealing with matters in the office, raised her eyebrows when she heard her sister calling her son loudly. “Xiao Tong is going to be in trouble!”

This child was very free at his age, and he went around worrying about other people. Now, he was concerned about his aunt’s marriage. He spread the rumors that Gong Yinxiong had kissed Xiao Lingyun in the mouth. Everyone except Xiao Lingyun knew about it.

But... This was an open secret that the two had something going on.

Xiao Lingyu ignored the safety of her son and went back to her work.

However, not long after, she heard the sound of running.

Xiao Letong pushed the door open and looked around. Then, he said to Xiao Lingyu, “Mommy, Auntie is looking for me. I’ll hide here for a while.”

Xiao Lingyu raised her eyebrows and asked in amusement, "Where are you going to hide? Let me tell you, no matter where you hide, your auntie will definitely find you."

Xiao Letong frowned and said, "Then what should we do?" Then, he noticed Xiao Lingyu's desk. Then, his big eyes lit up, and he said with a smile, "I know." Then, he quickly ran to hide under the desk. The people wouldn't be able to see through the desk from outside.

Right after Xiao Letong crawled under the desk, there was another set of footsteps.

Then, Xiao Lingyun walked in with a scratcher in her hand.

Xiao Letong was young, and he was fearless... His only weakness was he was very ticklish.

"Sis, is Xiao Tong Here?" Xiao Lingyun glanced around the office, but she didn't see Xiao Letong. However, she saw him come this way earlier.

Xiao Tong's body froze. Then, he pulled his mother's pant leg, signaling her not to say anything.

Xiao Lingyu smiled and shook her head. "Xiao Tong, he didn't come to my place. You can look elsewhere." That was what she said, but she also used his finger to point under her table.

What a ruthless biological mother!

"Xiao Letong!" Xiao Lingyun walked directly to the desk. When she saw Xiao Letong, who had shrunk himself into a caterpillar. She said loudly, "I've found you!"

Xiao Lingyun used Tickle!

Xiao Letong was scared!

He looked around and used his small size to escape from under the table. He looked at Xiao Lingyu with a little grievance, "Mom, you betrayed me. Don't you love me anymore?" Then, he quickly ran away.

"Bang!" When he reached the door, he bumped into someone.

Xiao Letong sat on the ground and touched the tip of his nose, which was red from the collision. The pain in his nose immediately made him cry.

Xiao Lingyun saw that Xiao Letong was knocked down and immediately ran over to pull him up from the ground. She asked with concern, "Xiao Tong, how are you? Are you hurt anywhere?"

When she saw Xiao Letong's red nose, Xiao Lingyun immediately flew into a rage. "Gong Yinxiong, don't you watch where you're going? See what you've done." Then Xiao Lingyun turned around, and she asked gently, "Xiao Tong, does your nose hurt? Let me take a look! Aiyo, you're crying. It must have hurt."

Gong Yinxiong, "..."

Xiao Letong, "... How did things change so fast?!"

Xiao Lingyu also walked over. She looked at Xiao Letong's nose and asked with concern, "Xiao Tong, is your nose okay?"

Xiao Letong shook his head and said, “Mommy, Auntie, I’m fine! You don’t have to worry!”

Xiao Lingyun said, “Xiao Tong, are you really okay? Your nose is so tender. Are you really not hurt when you bumped into the big block?”

The big block, “...” He might be a big guy, but he was not made of steel. The small bump wouldn’t hurt Xiao Letong.

His aunt’s concern made Xiao Letong let down his guard. He shook his head and said, “Auntie, don’t worry. I’m really fine!”

“Well, it’s good that you’re fine!” Xiao Lingyun nodded and then said with a change of expression, “Since you’re fine, then you should properly accept my punishment, okay?”

Xiao Letong’s little face suddenly changed. Fortunately, he reacted quickly and immediately jumped behind Gong Yinxiong. He cried, “Auntie, my nose hurts. Oh, my butt hurts too. Don’t punish me anymore, okay?”

Xiao Lingyun grinned wickedly. “Hmph, I don’t care if your nose hurts or your butt hurts because the pain will go away with a good tickle. Come out now!”

Xiao Letong shrank his body in fear and hid behind Gong Yinxiong. He shook his head resolutely and said, “Auntie, you can punish me by banning me from drinking milk, but you can’t tickle me. I’m ticklish!”

When the three people present heard his words, the corners of their mouths twitched.

In the entire Taoyuan Village, who didn’t know that this child disliked drinking milk the most. So how was that a punishment?

“Ah?” Xiao Letong was suddenly pulled out, and his small face was instantly stunned.

After he reacted, he asked incredulously, “Uncle Gong, how can you do this? You did not help me and even pushed me to my ticklish death. How can you do this to me?”

Gong Yinxiong spread out his hands and said with a smile, “Little Tong, you know that your aunt is my future wife. So, how can I protect the person my wife wants to punish?”

Xiao Letong immediately glared at Gong Yinxiong and said loudly, “Uncle Gong, you are so unfair!”

What a mistake!

She hadn’t even become his wife yet, but he had already succumbed to her.

Xiao Lingyun’s face flushed red, and even the tip of her ears had a faint layer of pink. She angrily shouted at Gong Yinxiong, “Gong Yinxiong, what nonsense are you talking about in front of the child? Who is your future wife?”

Gong Yinxiong smiled very naturally and continued, “Who else is there beside you!”

“You... you...” Xiao Lingyun stomped her feet and said with a red face, “Your skin is really thick!” However, there was a faintly sweet and warm feeling in her heart.

What Xiao Lingyun didn't know was that in the eyes of the people present, her appearance was like the bashful look of a young girl who had seen her lover.

Xiao Letong touched his nose and then asked innocently, "Auntie, your face is so red. Is it because Uncle Gong said you are his wife?"

Boom!

Xiao Lingyun's face turned even redder. She pretended to glare at Xiao Tong fiercely and said loudly, "How old are you? What do you know about wife and marriage? Speaking of... We'll see where you can run to this time."

Xiao Lingyun grabbed Xiao Letong's collar and was ready to tickle him.

Xiao Letong struggled as he said, "Auntie, Auntie, it's Uncle Gong. It's Uncle Gong who told me to tell everyone about the kissing in the company's warehouse!"

I'm sorry Uncle Gong but you betrayed me first!

Xiao Lingyu, "..."

Gong Yinxiong, "... what is this kid talking about.

Xiao Lingyun, "..."

Her face was so red that it looked as though blood was dripping from it.

Then, Xiao Lingyun flew into a rage from embarrassment and shouted, "Gong Yinxiong, you bastard, what are you teaching a young child?" Of course, a one-year-old wouldn't know what kissing was unless he was taught.

"Uh, wife, you..." Gong Yinxiong stammered.

Xiao Lingyun said angrily, "Who's your wife?"

Gong Yinxiong's cold face revealed a slight grievance as he said, "Wife, you kissed me and stole my first kiss. Are you not going to be responsible?"

Xiao Lingyun, "..."

When Xiao Lingyu saw the two flirting with each other, she quickly carried her son out of the office and even thoughtfully closed the office door.

However, both mother and son were eavesdropping.

Xiao Lingyu asked in a low voice, "Son, did Uncle Gong really ask you to spread the news?"

Xiao Letong innocently spread out his small hands and said, "No. I just saw how hard it was for Uncle Gong to pursue Auntie, so I decided to give him a push."

Xiao Lingyu, "..."

She didn't expect her son to have the potential to be a matchmaker.
